Morehead State University
2007 – 2008 Student Government Association
Student Commitment to a Sustainable Campus

Whereas: The Student Government Association of Morehead State University works to provide a voice and unity for the students of Morehead State University

Whereas: Morehead State University seeks to be ranked as the top public university in the south

Whereas: The students of Morehead State University have expressed significance concern for energy conservation through sustainable practices

Whereas: This body has found the above mentioned to be of extraordinary significance to the students of Morehead State University and our community

Be it Resolved: The Student Government Association of Morehead State University fully supports the following sustainable practices for the advancement of our institution:

- Commit a budget for Energy Conservation measures
- Pursue LEED Building Certification during renovations
- Sign the American College & University Presidents Climate Commitment
   To reduce carbon emissions
- Installation of Green Rooftops
- Diversification of energy sources to include sustainable alternatives
- Implementation of a hybrid fleet
- Implementation of organic farming practices at the Dickerson Complex
- Integration of an environmental component to the MSU 101 course.
- Expand the use of native plants and trees on campus
- Make the campus more bicycle and pedestrian friendly
- Update the Energy Assessment last completed in 2002
- Personal Energy Conservation campaign through University Marketing
- Encouraging the university community to engage in environmental
   service activities
- Fill the Energy Conservation Manager position, reporting to
   Vice President Walters
- Expand Recycling locations and visibility on campus
- Use of sustainable office supplies; paper products
- Commitment to buy local and sustainable products when possible

Respectfully Submitted,
Representative Jaime Ellis
Representative Aaron Dourson
