***General Index  
of Articles in Vincentiana  
1991-1998***

*Emeric Amyot d'Inville, C.M.  
Editor of Vincentiana*

This general index of articles in *Vincentiana* for the years 1991-1998 continues the one Fr. John de los Rios prepared for the years 1981-1990 when he completed his term as editor of the magazine in 1993. There was some urgency to making this new general index, without waiting for the end of this decade, because an annual index has not been published since 1993. It must, therefore, be difficult to look for articles.

The general index of 1981-1990 gave a triple classification to the same articles (by chronological order of publication, by alphabetical order of titles or themes, and by alphabetical order of authors). This time there is a single classification by areas: 1) the Acts of the Holy See; 2) the General Assemblies; 3) the General Curia; 4) the Various Studies; 5) the Features of *Vincentiana*; 6) the Special Issues of *Vincentiana*; 7) the Life of the Congregation. These areas are subdivided into several parts within which the articles are listed in chronological order. Moreover, in order to facilitate research, while avoiding repetition of titles, the six parts of the fourth area "Various Studies" are followed by referrals to other places in the general index where articles on the area in question can be found.

Finally, it should be noted that homilies, notes on deceased confreres, and the bibliographic inventory, considered less useful for research, are not included in this index.

In the near future, we hope to put this general index both on the Vincentian CD-Rom and on an Internet site available to everyone in order to facilitate research. We also hope to be able to insert the general index of Fr. John de los Rios for the years 1981-1990.
