

# Zamora Offices

case study  
By Jina Kim

Location: Zamora, Spain

**Architect:** Alberto Campo Baeza

**Owner:** JUNTA CASTILLA Y LEÓN

**Year of completion:** 2012

**Climate:** Mediterranean Climate

**Material of interest:** Glass

**Application:** Exterior facade

**Properties of material:** The double facade works like a trombe wall. It holds in heat in the winter (GREEN-HOUSE effect) and at the same time expel the heat and protect the building in the summer (VENTILATED facade)
