This Handout is brought to you for free and open access by the Conferences and Symposia at Washington University Open Scholarship. It has been accepted for inclusion in IASSIST & DCN - Data Curation Workshop by an authorized administrator of Washington University Open Scholarship. For more information, please contact digital@wumail.wustl.edu.

Individual Data Curation Project Plan

Reflect on the curation activities you that learned and applied in the workshop, then reflect on your organizational structure and institutional needs to answer the following questions.

1. Identify two activities you can implement locally to build or enhance the data curation activities or FAIR data practices at your place of work.

#1
#2

2. What are your anticipated challenges?

--

3. What resources (human, technical, financial) do you need to accomplish the activities listed above and to address the challenges?

--

4. What will you accomplish in the next two months to move the activities identified above forward?

January 2018:
February 2018:
