Collegiate Institute Students 1842-1865 Index

By Name

Includes Year, Home, Course of Study, Source

Students of the Collegiate Institute between the years 1842 and 1865 were compiled by Linda Ken, University of Buffalo Library School student during her internship at Brockport during the summer, 2006.

The Brockport Collegiate Institute was established in 1841 by local stockholders. It was an "academy" type of school that provided preparation for college as well as teacher training.

Names of students were compiled from the Annual Catalogs. However, various years are missing so the student listing is not complete. This information is also found on the SUNY Brockport Drake Memorial Library Archives Web page at <http://www.brockport.edu/~library1/collegiate.htm>
