La Fondation Aldo Leopold gère en permanence les forêts de pins, de prairies et de plaines inondables de l'ancienne ferme de 600 acres.
- Various science disciplines are critical for ecological health – as measured through grassland bird habitat health
- Diverses disciplines scientifiques sont essentielles à la santé écologique - mesurées par la santé de l'habitat des oiseaux de prairie

## Linking Principles and disciplines Relier les principes et les disciplines

**1. Recognise that all rural landscapes have heritage values**, whether assessed to be of outstanding or ordinary values, and that such heritage values will vary with scale and character (shapes, materials, uses and functions, time periods, changes).

**1. Reconnaître que tous les paysages ruraux ont des valeurs patrimoniales**, qu'elles soient évaluées comme exceptionnelles ou ordinaires, et que ces valeurs patrimoniales varient avec l'échelle et le caractère (formes, matériaux, usages et fonctions, périodes de temps, changements).
