Dr. Richard S. Koch

Olympia, Washington

Dear Doctor Koch:

Thank you for your letter of April 5.

I think that you will find the answers to your questions in any of the standard books on Cardiovascular Disease. You might wish to refer to some or all of the following books:

1. "Clinical Heart Disease" by Dr. Samuel A. Levine, 4th edition.
2. "Nomenclature and Criteria for Diagnosis of Diseases of the Heart and Blood Vessels". New York Heart Association, 5th edition, 1953.
3. "Heart Disease" by Dr. Emanuel Goldberger, 2nd edition, 1955.
4. "Heart Disease" by Dr. Paul Dudley White, 4th edition.
5. "Life Stress and Essential Hypertension" by Drs. Wolf, Cardon, Shepard and Wolff, 1955.
6. "Cardiac Diagnosis" by Dr. Robert F. Rushmer, 1955.
7. "Heart" by Dr. Aldo A. Luisada.

I think that you will find all the information you desire in the above references. If you should desire more, you will be able to find them either in the "Index Medicus" or "Current List of Medical Literature".

With best wishes,

Sincerely yours,

Leonard H. Schuyler, M.D.
Assistant Medical Director
