January 1994

Dear College of Law Graduate:

I am pleased to send you this copy of the Georgia State College of Law Graduates' Directory. About 350 of you responded to the survey from the Law Graduates' Club President with information and your permission to publicize it in this directory.

The graduates who helped us define the purpose of the directory wanted a booklet that would allow you to connect with former classmates, consult with and use each other as resources and allow you to make business referrals to each other. We have organized the information in two formats -- an alphabetical list and a list by county.

We hope to add a third list, by primary specialty, in the next edition. Please list your area of specialization on the form provided and return it to us by June 30, 1994, if you would like to be included in the next directory. We also hope that you will send us updated information whenever you move, so that our records will be as current as possible.

We welcome comments and suggestions so that we can make this booklet an even better and more valuable resource for each of you. In the meantime, please accept good wishes for 1994 from all the faculty and staff at the College.

Cordially,

Marjorie L. Girth
Dean
