

# ICU WPL

## Selected Papers about the Kiribati language with additional materials

5

## Foreword

This is the fifth volume of International Christian University Working Papers in Linguistics (ICUWPL). It includes two selected peer-reviewed papers from the field methods course offered at International Christian University in 2018 Spring as well as a squib based on findings from the elicitation sessions. The topics of the two papers were chosen by the authors themselves. We also added Kiribati materials and conversational Kiribati.

We would like to thank all the reviewers for taking time to review the papers. We also would like to acknowledge and thank Professor Tomoyuki Yoshida and Professor Seunghun J. Lee for all their support during the process of publishing this volume. ICUWPL is supported by ICU Linguistics. Cover design was done by Daehan Won at the design studio C-clef.
