My dear Mr. Tate,

Through a stroke of good fortune we happened to secure an edition of the Prometheus second news letter.

The 1319th Engr Regt has been re-organized and the men of the Prometheus are scattered all over this island in the Marianas Island Group.

Sgt John Hargrove, Pfc Marion Sleet are in H/S Co. 2807 Engr Bn. Sgt Aaron Pussie, Pfc Paul Sweeney, Sgt. George Henderson are in H/S Co 2804 Engr Bn. Sgt James Hopley; D Co, 2804 Engr Bn, Tec 5 James Jenkins; A Co 2804 Engr Bn, all at APO #244, c/o P.M. San Francisco, California.

The majority of us have been more or less negligent where payment of dues is concerned, but promise to be punctual with all payments in the future.

If possible, Dr Tate, we would like to have a copy of the Prometheus first news letter and we are hoping that you will put us on your permanent mailing list.

It is like receiving a letter from home when we hear of the activities of our brother Prometheans scattered around the world. It brings back fond memories, memories that will be indelible. We really enjoyed that news letter so please see that we get more of them out here on this scorching coral reef that juts out of the Pacific 1500 miles from Tokyo.

Respectfully Yours,
Sgt George Henderson Jr.
