Coöperation

1. You can talk about your College
Its clubs and teams;—that's great
But what the heck does all this mean
If they don't cooperate?
2. We always have a year-book
"The Key" it's called—first rate,
But how much better it could be
If you'd cooperate!
3. Oh, yes, we have a Bee Gee News
A paper with a fate
But gee kids! 'twould be twice as big
If you'd cooperate.
4. Yes, that's our Library over there
Could be best in the state
But say, it's even closed at night
'Cause folks won't cooperate.
- 5 This word "cooperation",
Its meaning I will state.
Here 'tis "Just work together".
Say folks, Cooperate!

OUR LIBRARY

Betty—Say, Helen, do you have that
reference for History?

Helen—No, I'm just sick about it.
You see I have classes every morning
in the week and I work in the after-
noons. It is simply impossible for me
to get my reading done. I'm taking a

course in High School Administration
and another in English and I'm simply
swamped with reference work. It would
not be so bad if I could study in the
evening, but the Library is never open
then. Oh, why couldn't we have it open?
All the other colleges do. Say here comes
Bob. Hello, Bob. Do you happen to
have your history reference?

Bob—I'm just about ready to go on a
strike. I can't blame the Profs. They
went to Colleges where they were used
to going to the Library any time of the
day and were able to study at night, but
we poor kids can't do that. I work
mornings, noon and night and besides
that I'm playing basket ball. I just
can't get time to read all my references.
You know I was just talking to one of
the Professors the other day and he said
himself that if the library were open at
night he certainly would be happy. He
had a lot of reference material for
himself and he didn't have a spare min-
ute thru the day to study. Well, I must
go. I'll probably get it for not having
the reading, but I can't help it. See, you
later. Here comes Eddie. Toodle loo.

Eddie—Bob, listen to the big joke.
My friend Bill, who's is, visiting me said
last night. C'mon let's go out to the
Library. I'll read while you get that re-
ference material out. You know, I have
not stopped laughing yet but you can
imagine how I felt. I felt about 2 inches
high. He thought I went to a real college
and I couldn't say a word. My, I wish
they would open it up at night. I'll wager
every student would do better if he had
that chance. That would be a wonderful
Opportunity.

I'm all for it and I know every one
else is. Why have a Library if it is only
50 per cent efficient?

We are supposed to work to our full-
est capacity. Our teams play to their
fullest capacity. Our organizations aim
for 100 per cent efficiency. Why can't
this spirit be unanimous?

WE WANT A 100 PER CENT LIB-
RARY. OPEN THE DOORS TO THE
STUDENTS.

Around the World with Esther

Erie County Girl Travels Around Globe With Miss America

Miss Esther Crecelius, of Milan, winner of a trip around the world on the Red Star liner Belgenland, in the contest conducted under the auspices of the state chamber of commerce for the Ohio Exposition at Columbus last fall, is now en route across the Pacific, having sailed from San Francisco, Jan. 5, for Honolulu, Japan and China.

The first stage of Miss Crecelius' 30,000 mile journey, now completed, was from New York, which she left Dec. 17, to Pacific Coast ports, by way of Havana and the Panama Canal.

Letters from Miss Crecelius to friends at home, and at the State Teachers' College in Bowling Green, where she has been both an instructor and a student tell of delightful experiences in her voyage thus far.

At Havana. the Belgenland passengers observed the thirtieth anniversary of the American army's entry into that city in December 1898, by laying a wreath on the beautiful monument to the sailors of the Maine, which stands beside the city's oceanside boulevard.

The wreath was laid in place by Miss Mary Catherine Campbell, of Columbus, "Miss America" in 1926, who is traveling with Miss Crecelius, having won the world trip as the most popular girl in Columbus.

The world travelers were at Panama on Christmas Day, and after making the transit of the Canal, visited the ruins of Old Panama, the city destroyed by Sir Henry Morgan and his buccaneers in 1671.

A picked chorus of Belgenland passengers sang carols in the ruins of the cathedral, which at the time of its destruction was the largest church in the western hemisphere. Special permission for the service was granted by the

Panama government. It is probable that the ruins echoed to the sound of English songs for the first time since the days when Morgan's buccaneers sang as they looted the wine cellars of the old city's merchants 257 years ago.

The run up the coast from Panama, to Los Angeles, 2930 miles, was made in warm, sunny weather. In fact, Dec. 29 was so hot that it was found necessary to postpone a mask ball scheduled for that night and the ball was to be held out of doors, at that.

There are 60 students, from different American colleges, also making the world trip on the Belgenland.

Wife—"Do you realize, dear, it was just twenty-five years ago today that we became engaged?"

Absent-Minded Professor—"Twenty-five years! Bless my Soul! It's about time we were getting married! You should have reminded me before!"

Eleanor Majeska—"Have you ever heard about the one-eyed Scotchman?"

Mid Campbell—"I'll bite, why?"

E. M.—"He asked for a half-price ticket at the movie!"

Sh! big secret. A thermometer may get low, but never vulgar. Selah!

TOLEDO CLUB

The Toledo Club furnished a good time for about forty girls at a "Gym Party", Tuesday evening, Jan. 29. The girls went dressed in gym clothes prepared to do most any stunt.

On entering the gym, each girl was presented with a slip containing the name of a particular stunt. The first twenty minutes was spent in practicing. Each one performed her stunt before the group. Some were very amusing.

A short program was given. A group of members acted several pictures, while the audience guessed the names of the pictures. Romeo and Juliet was very clever. Several pyramids were built by another group. The special program was closed with a clog, "Liza Jane" by two girls.

Games comprised the remaining section of the party. They consisted of Human Croquet, Obstacle Relay, Follow the Leader, Wheelbarrow Race and Suitcase Relay.

By this time the girls were glad to sit down to a feast of popcorn balls.

The party was ended by singing the Toledo song.

Fifty kindergarden-primary students of the college met Thursday, Feb. 7, for the purpose of organizing a new association. The organization aims to give professional aid to this particular group of girls.

An election of officers was held and the results were:

Pres.—Virginia Teachout.

Vice. Pres.—Muriel Waldvogel.

Sec.-Treas.—Vilena Watson.

Reporter—Margaret Keller.

Program Com.—Margaret Allis, chairman; Gertrude Rupp, and Mary Paukens.

Advisor—Miss Willy.

Meetings are to be held the second Monday of each month and the programs are to be of a professional character.

On January 26th, Miss Laura Heston and Mrs. Lanise Jordon of the Home Economics Department attended the State Home Economics meeting in Toledo. Among the local students who were there also are Misses Ruby Rosendale and Bernice Kropf.

Last month the class in home furnishing (Home Economics 62) made a field trip to Toledo where they received special attention in the furniture and drapery department of several stores.

ARTS COLLEGE

There is a bill before the General Assembly, providing for the establishment of a four year arts college at Kent State Normal and at Bowling Green State Normal. The proposition is interesting, practical, just and fair.

Southeastern Ohio has both colleges, i. e. normal college, 4 year course; degree B. S. in Education and an arts college, 4 years course; A. B. degree, at Athens, Ohio. The Southwestern part of Ohio has the same provisions at Miami, Ohio.

There are more people, wealth, industry and progress in northeastern and northwestern Ohio than in other parts of the state, so it seems fair and reasonable for the state to establish arts colleges at Kent and Bowling Green to give the youth of N. E. and N. W. Ohio equal range of state supported educational opportunities.

Bee Gee News expects shortly to have the pleasure of announcing Bowling Green has been authorized to organize an Arts college.

FIVE BROS. FRAT

The Five Brothers Frat. is ready to meet all teams of the other fraternity's any time, any place, any date. Those desiring games see Clarence J. Kerr or Clarence Filiere. We are anxious to arrange for preliminary games to the regular college tilts. We can put a good team on the floor and will be willing to play the best out of three or five to determine the champs.

If those who did not understand the game between halves of the Findlay Findlay game, a short explanation might clear it up. The game was staged by the Five Brothers Crat. Neophytes, and is called "Baby Buggy Polo." The player's were "Don Ogden", "Cory" Lockwood and "Red" Smith. Pusher's "Handsome" Dishong, "Dryer", and "Louie" Zeisler. Captains: "Aloysious" Stockline, Golding and "Shaf" Shafer. Referee: Herman Jacob Spengler. The result was tie, and no one care either.

A very important affair will take place in the near future, that interests many, and that is our annual dance. This affair is one of the best of the year, and is always a success. This year we're planning to have one that will surpass those of former years.

By the next issue of the news we will in all probability have a new bunch of Neophytes—so be watching this column to find the list. You may be one, so do not fail to read the News.

"Looks as if we were in for a cold winter," remarked the Innocent By-stander.

"No doubt of it!" says Garrulous Gus, "if you live in Alaska or Siberia. The very word Winter is synonomous with cold. And what else could you expect in a cold climate but a touch of winter now and then, just to relieve the monotony and prevent the electric fan and bathing suit companies from monopolizing cold cash.

WHO'S WHAT IN BEE GEE

By Pepe Popogesnokopolopus

Into the realms of honor steps Francis Babione today.

But not without an act of bravery has he received this honorable mention.

It was on January 18 that Mr. Babione distinguished himself by his act of bravery.

Hearing gasps of Oh!, Mercy Days!, Gosh all Heck!, and other cries of horror, the heroe rushed into the library of the 'A' building to see girls standing on

tables and dangling from shandeliers above.

It was their utmost effort to escape

an enraged 'Mus Musculus' which was running wild on the floor.

Now any educated person would know that a Mus Musculus is a mouse.

Imagine it. A mouse at large!

Anyway, the young Francis, sensing the situation, removed his spats and took after the enraged beast.

Using a window staff for a weapon, Babione rendered the mouse unconscious.

Soon after, Warren Bowlus entered upon the scene and after his few magic passes with a hammer he pronounced the animal dead from internal injuries.

By this time the excitement had died down and Mr. Babione borrowed 'Erv' Lerch's domb and posed a group of News Paper Correspondents and Photographers.

Francis Babione is a member of the Commoners Fraternity, The Book and Motor Society and is a strong booster for the Harley-Davidson motorcycle.

"TEST THIS RECIPE"

A recent bride asked her husband to copy the radio recipe one morning. The husband did his best, but got two stations at the same time. One was broadcasting G. M. C. A. setting-up exercises and the other the recipe.

This is what he got: "Hands on hips, place one cupful of flour on shoulders, raise knees and depress toes and wash thoroughly in one-half cupful of milk.

"In four counts raise both legs and mash two hard-boiled eggs in a sieve. Repeat six times. Inhale one teaspoonful of baking powder and one cupful of flour, breathe through the nose and exhale the sift.

"Attention! Jump to a stride, stand and bend the white of an egg backward and forward overhead, and in four counts mak ea stiff dough that will stretch at the waist. Lie flat on the floor and roll into a marble the size of a walnut.

"Hop backward and forward in boiling water, but do not boil into a stationary run afterward. In ten minutes remove from the fire and dry with a towel. Breath deeply, put on a bath robe and serve with a fish soup."

Parent—"Oh! and you have come to ask my permission to marry her?"

E. Y. M.—"No, sir; I came to ask you to make her behave."

THE PRICE OF PEACE

(News Note: Edward Echill, of New Jersey, urges musical training in schools to stop crime.)

An educator gives advice
To rid the earth of wrong;
He says, in phrases most concise,
That all we need is song.
He urges harmony and tone
Be taught to every waif—
The boy who blows a saxophone
Will never blow a safe.

Now music masters of the land
Should quickly volunteer,
And congregate from every hand
To stop the racketeer,
Redeeming those who handle gin,
Or graft, or vice, or worse,
For he who plucks a mandolin
Will never pluck a purse.

But, tho' we see in all our dreams
That blessed, crimeless day,
The measure here suggested seems
An awful price to pay.
So let's let well enough alone
Nor at our troubles chafe—
So many blow the saxophone
We'd rather blow a safe.

Something Else Again—First Listener—"Can you see what that card says it is the band is playing? It sounds like something from Wagner."

Second Ditto—"No, I thing it's the 'Toreador Song from Carmen,' but I'll go look—No, we're both wrong. It's the 'Refrain from Spitting.' "

Blessings

Blessings on thee, little dame,
Bareback girl, with knees the same,
With thy rolled down silken hose,
And thy short, transparent clothes,
With thy red lips, reddened more,
Smear'd with lipstick from the store,
With thy make-up on thy face,
And thy bobbed hair's jaunty grace,
From my heart I give thee joy,
Glad that I was born a boy.
