## DEAN JORDAN PARTICIPATES IN PERSONNEL CONFERENCE

### Discusses "Guidance on College Level"

Professor W. C. Jordan attended a conference held at the University of Akron last Thursday and Friday, Nov. 18 and 19. The subject of Personnel Work and Guidance was discussed by leaders nationally known for their work in the personnel field. Dr. S. A. Hamrin and Dr. Francis A. Rosecrance, both of Northwestern University made several addresses on the various phases of guidance from the standpoints of function and administration. Dr. Boyd H. Bode of Ohio State University discussed the relation of education to the present conflicting social theories. Dean Jordan participated in a panel discussion with Dean Gardner of the University of Akron. Dean Park of the University of Toledo, and Professor Vance of Otterbein College on the subject "Guidance on the College Level." President Simmons of the University of Akron directed the panel.

The conference brought out much discussion which indicated that colleges in general have started out on a program of organized personnel work. Even though the business and academic administrations have thus far been well developed in colleges, organized personnel work has been rather slow in its growth. At this time when good character traits appear to be such important factors in business and professional life, there seems to be a definite turning toward the training of students as individuals to be developed socially as well as academically. The Kiwanis club of Akron cooperated with the University of Akron in carrying on the conference.

### Orchestra to Help At Community Sing

A community sing, of which Prof. M. C. McEwen will be in charge, will constitute our chapel program next Wednesday morning, Dec. 3. An orchestra will accompany the student body as they sing—and everyone is expected to sing. There may be a special number.

## English Class To Present Dunsany Play

### Three One Act Dramas Set For Dec. 9

The campus is invited to attend the presentation of a series of one-act plays by Dr. Tressman's play production group on Dec. 9 at 8 p. m. in the P. A. auditorium:

"A Small Down Payment", a farce in which Paul Lane plays the lead, is being directed by Margaret Zaugg. Other members of the cast are Dick Hagemeyer, Annadelle Short, Whitney Hoag, John Rinehart, Tom Gulvna, and Merritt Burke.

"Moonshine", a play in which Glenn Smith is a Kentucky mountaineer and Carl Purdy is a revenue officer whose life is saved by his wits, is directed by James Vann.

"The Tents of the Arabs", a well-known play by Lord Dunsany, is being directed by Ruth Flaler. The cast includes Kermit Long, who plays the part of a king who longs for life in the desert; Nina Burson, who will play the part of a beautiful gypsy with whom the king chooses to share his life; Harlan Highfield; John Devlin;

(Continued on page 3, col. 4)

## New Members Initiated by Quill-Type

Initiation of seven new Quill Type members took place at the meeting held on Wednesday, Nov. 17. The new members were subjected to a series of rapid-fire questions; the answers proved most humorous and entertaining. Those initiated included: Mrs. Carpenter, Helen Worstell, June Stump, Helen Neuhauser, Marjorie Hendricks, Russell Kayton, and Harold Dahms.

The business meeting which preceded the initiation included a parliamentary drill with Mary Ella Fouts acting as presiding chairman.

Hot chocolate and wafers were served at the adjournment of the business meeting.

## WORLD TOUR CONFERENCE VISITED BY LANE, SHEER

### Study Nordic Nations

Doris Lane and Norma Sheer attended the Student World Acquaintance Tour in Haydn Hall at Flora Stone Mather of Western Reserve University in Cleveland last Saturday. The purpose of this conference, which meets several times yearly and is sponsored by the Y. W. C. A., is to acquaint college students with foreign countries. The subject of this meeting was the Scandanavian countries, including Denmark.

The Scandanavian idea was carried out in a Danish breakfast, movies of Scandanavian countries and a Norwegian Tea.

The representatives from seventeen colleges of northern Ohio were divided into six seminars or discussion groups. The topics for discussion were: Economic Geography, Political Set-up, Folk Schools, Physical Culture, Youth, and Art and Literature.

## Five Profs. Instructing Outside

Although the statistics are tentative, the extension program as of Nov. 24, is as follows:

Monday, Van Wert, Social Problems, and U. S. History, 22 students, Packard instructor.

Monday, Delta, Geography of N. A., 14 students, Holt instructor.

Tuesday, St. Marys, Geography of S. A., and Geography of Europe, 37 students, Packard instructor.

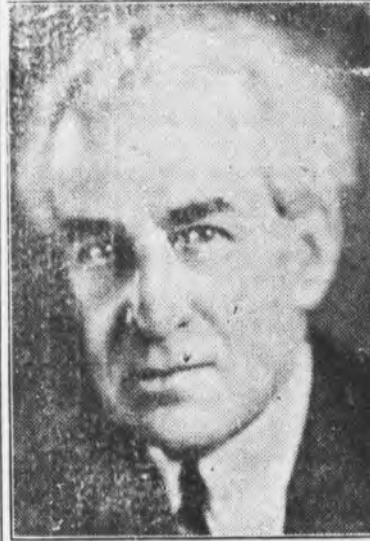

Tuesday, Fremont, English 210 (Chaucer), 10 students, McCain instructor.

Wednesday, Maumee, Geography of S. A., 15 students, Mayfield instructor.

Thursday, Bryan, Geography of N. A., Geography of S. A., 61 students, Packard instructor.

Saturday, Campus, Geography of S. A., and Geography of Europe, 17 students, Packard instructor.

## Y. W., Y. M. C. A. INDULGE IN GIVE AND TAKE OVER HOMO SAPIENS

CHANNING POLLOCK

## Dramatist to Lecture Here At Forum

### DOES NOT MERELY ENTERTAIN

Channing Pollock, author of 31 great plays, including "The Evening" and "The Fool" will greet his Wood County Public Forum audience with the challenge, "Wake Up America!", Tuesday, November 30 at the high school auditorium.

One of the most versatile writers and speakers of the century, he claims he is now through with the production of that which merely entertains. He says, "... I want to do my bit toward making the world a better place in which to live". To this end, he has recently contributed scores of powerful articles on social, economic, and political questions to such periodicals as *The American Mercury*, *North American Review*.

(Continued on page 3, col. 4)

## Dr. C. C. Kohl Serves On Graduate Council Committee

Dr. C. C. Kohl spent last Saturday on committee work connected with the Council of Graduate Schools for the State of Ohio. This council, when completed, will act as a standardizing agency for graduate work in Ohio. The committee on which Dr. Kohl serves, met last Saturday at Ohio Wesleyan University.

## Lack of "Date Tact" Is Pet Objection of Women

The Y. M. C. A. and the Y. W. C. A. exchanged ideas on the opposite sex at the Y meetings last Thursday. The discussion attracted many comments and held the close attention of seventy-five men and women who attended the meetings.

The Y. M. C. A. was the host to the five Y. W. members who told the men that they didn't know very much about etiquette, at a meeting at 7 P. M. The bull-session was supposedly taking place in a sorority house where the co-eds were discussing the male character. They pointed out, among other things, that, first of all, men should know how to make dates; secondly, that they should know what to do when on dates and thirdly, how to tactfully close a date in gentleman-like manner. The girls were quite opposed to liquor and mildly rebuked smoking, arguing that the man should not inconvenience "madam" by "smoking her out." The boys very bluntly, received a few pointers on manners, etiquette and on how to dress.

The five Y. W. members participating in the discussion were Doris Lane, YW president; Doris Kerns, Anadell Short, Agnes McCubbin and Norma Sheer.

Directly after this tirade Arnold Farwig, Webster Geib,

(Continued on page 3, col. 3)

## MISS WILLS SHOWS BEAUTY SPOTS OF CAMPUS

How many of us realize that our campus has many beauty spots? Did you ever notice the beautiful paintings in the library?

If you haven't noticed these things of beauty you should have heard Miss Wills' discussion on the "The Beauty Spots of Our Campus" at the K. P. C. meeting Wednesday night, Nov. 10. She showed many interesting slides of the pictures and told about their authors. She also told about the picture itself, why it was painted and how.

After several important announcements, by the president the meeting was adjourned.

# Thanks giving

## The Meaning of Alma Mater

In our entire social system there is no relationship of individuals, outside the family, closer than that of students to the institution of higher learning from which they graduate. This is evidenced from the family terms that are used in speaking of this relationship. We call the institution Alma Mater, foster mother, and its graduates sons and daughters. Stanford White, the distinguished architect, who designed the plans for Columbia University placed a heroic figure of Alma Mater on the magnificent Greek approach to the library building. There she sits with outstretched hands to welcome the return of her sons and daughters to the great academic family of Columbia. Stanford White's statue of Alma Mater typifies the maternal solicitude which every college should have for its graduates. A true mother never forgets her offspring; neither should any college or university allow the lapse of years to dim her affection for her sons and daughters.

Too often, I fancy, colleges undertake to exploit their students for selfish ends. They seek to use them for financial advantage and publicity purposes. Such results are best promoted by indirect methods. One of the first duties of the college is to retain its interest in its students after their graduation. If this is done enthusiastically, loyalty is fostered and the cooperation of graduates naturally follows.

This University has not been unmindful or indifferent to the welfare of its graduates. If it has been neglectful in this respect, it has not been intentional, but rather impossible. No one has been free to give sufficient time to the problem. Now that the staff has been enlarged, it is proposed to go about the matter of unifying and organizing the alumni in earnest. Dr. Williams has been asked to direct this movement. It seems fitting that this duty should fall to him as almost 5,000 alumni graduated during his administration. He appreciates the opportunity to serve the University and its graduates and former students in this important capacity and will give his best energies to the problem. It is a gigantic undertaking, and it will take years to locate this army of former students now scattered all over the world. The cooperation of faculty and present students will be needed and is confidently expected. *Will you do your part?*

## Chapel Comment

It seems to me there ought to be a period some time in our chapel where those students who wish, may get up and leave. For myself, the Good Lord never intended that I sit for an hour and listen to something that doesn't interest me or that I have heard or read a dozen times before and not get squirmy. It is not for myself that I am crabbing but for those students who might be enjoying the program. I remember during the Canadian Singers' Guild program I was really enjoying it while some dumb bunny sat beside me and entertained himself by beating "Shav' and Hair cut—two bits" with his pencil on the back of

his book. A couple of co-eds behind me spent the time keeping a continual titter going about every subject from a tea to whether a certain pug nosed guard on the freshmen football team was handsome or not. Several times the clatter got bad enough that I felt like jumping up on my chair and hollering, "Listen here, what is this. A chapel program or Ladies' Aid?"

If they ever have compulsory attendance they ought to hand out a deck of cards to each student so that he will not bother others if he is not interested in the program.

Flash! Miss Emilie Hartman has traded her bicycle for a new car. The faculty retains but one bicyclist. Guess Who?

## It Seems To Me

By Andy Rohrbaugh

It seems to me there has been an uncalled amount of panning done the library here. Even our Bee Gee News has contributed its share. In fact it seems to be such a favorite topic that I suggested we make a permanent column of it and label it 'What Again?'

I have always figured that the greater part of the criticism was a great deal unjust or at least far fetched. You know it is nobody's fault in particular if the library doesn't have a book. They can't help the shortage of funds any more than can other departments. If a bindery keeps the magazines until they are completely stale, as seems to be the case quite often, you can't lay that on the library. When I am hunting for material on any particular topic I find the librarians are more than eager to help me get everything on the subject the library possessed if I just ask them. As far speed in getting a book from the loan desk, I would be glad if I got half the service at some of the restaurants around here.

If you will notice the greater part of the crabbing comes not as much from those students who use the library a great deal as from those who never go near it except as a last alternative. Since the material to be found in the library is limited and instructors do not generally make us assignments which necessitate the use of it I wonder if the greater part of the students understand how to use it effectively. There are more skills and mechanics required in the process than are learned in many of the two hour courses here on the campus.

If you will notice there are about as many different ideas on what is wrong as there are people complaining. The only complaints I can offer personally are that it is not their policy to tell who has a book on a week charge slip. Quite often I have had the feeling that some one right in my class might have the book and that if I could just have it for an hour or so I might get all I wanted from it. I would like to see some kind of pins put on the legs of the chairs so that they didn't emit such ungodly squeaks when you pulled them out.

However, the whole thing has been published and hashed over so much for myself, I would just about as soon hear nothing more about it. As far as I am concerned it is no longer "news". Since most of the panning is done for sport and the library can do nothing about it, it strikes me as about the same principle as a boy throwing stones at frogs or going along and kicking little chickens off the sidewalk.

"A word fitly spoken is like apples of gold in pictures of silver." (Bible) Could you pass one whole day without saying: nice, small, cute, terrible, awful, nuts and similar overworked, worn-out words? I doubt it?

## THE MAN AT THE KEYHOLE

Goodness gracious, the boys and girls are hotter after me than the hubs of Hades! After a long time checking, I find that Betty Dillinger has no blood connection with our erstwhile public enemy—but she's soon to change her name, so what's the difference? Huyak, Cryer!—If you recall, last year this column bestowed a crown to the biggest moocher—It was George Eichenaur, now, for the season, it adorns the classic brow of our own Don Maglott—Boy, have I been getting mauled around—people trying to make this column—all right, Merriam, I'll stick you in, How's Mitch? Excuse the spelling, Dr. Allen says I'm not so hot at it—Incidentally, George E. likes blondes—and who can blame him? The Seven Sisters seem to be an auxiliary of the Book and Motor—The Delhi have established a new organization in competition, if you please with the Book and Motor. It's the "Magazine and Engine"—the eligibles must receive an average of "D" or less. This is Jim Glover's—so that he may offset his inferiority, or should I say superiority—I mean Welda, of course—Mif Heintze can kick like a mule—beware, boys—I know from experience—so does Abie—I notice. Baby didn't 'sit out' any dances Friday nite—It was a nice dance—Hagemyer is—oh, oh, Dick, don't let the little woman' ketch you! Gatchell very frequently leaves his "Trig class" to visit the dorm. "Drip Fawsett" and her B. F. gave a fellow an awful push Friday P. M. right into a lovely lady's arms—We were surprised to know that Kuhlman was prexy of the Varsity Club—so was Dale—Bishop asserted himself and gave the Lutz lass the bums rush thru' the door of his heart—Jean is really nice enough to influence him, too—Well so long until next week.

Some girls don't care about a man's past as long as he has presents.

One difference between two of our great fighters is that Joe Lewis has a punch, while John Lewis has a paunch.

The poor girl just wasn't a social hit. It wasn't in her "make-up".

The waiters of Oberlin held a banquet. Haunted by nightmares, they had illustrative decorations such as "The Hanging of the Man Who Comes to Breakfast at 7:19½" and "The Automatic Coffee - Pourer". Sounds like well known "post-man's holiday" to me.

## ANNOUNCEMENTS

Thursday, Nov. 25 to Sunday, Nov. 28 inclusive—Thanksgiving Vacation.

Monday, Nov. 29—5:00 P. M. Student Council meeting in the Key Room; 8:00 P. M. Bee Gee News meeting.

Tuesday, Nov. 30—8:00 P. M. Wood County Public Forum at Senior High School auditorium.

Wednesday, Dec. 1—4:00 P. M. Treble Clef; 4:00 P. M. Band Rehearsal; 7:00 P. M. W. A. A.; Phi Sifma Mu; 8:00 P. M. Sigma Tau Delta.

## Want To Go To Florida?

How would you like to travel quickly and very comfortably from the intense cold and storms of winter to out-door flowers, the summer sunshine, and delightful sea bathing of Florida.

There is only one time of the year to fully appreciate Florida and the Sunny South and that is in winter—which to teachers and students means the holidays.

The rapid change from biting cold and overcast skies of the northern winter to orange groves heavy with golden fruit, and summer sunshine with cloudless skies, is like a sudden exodus into another world.

You can take this trip and go entirely care free, having all the travel details arranged for you; and enjoy to the limit a very restful trip, which you doubtless will appreciate as a much needed rest after the hard work of the semester.

Going over one route and returning by another it is possible to get two very appealing sections of the Southland, in addition to including most of the "high spots" of the entire state of Florida under very favorable conditions.

Such a carefully planned trip of 3,000 miles can be offered at a very low cost if enough will go to make it possible to charter a Greyhound of the new "cruiser" type.

As an investment in education it is doubtful if any equal amount of money could be expended in any way to secure as much of lasting value in return.

What one sees and learns "first hand" on such a carefully planned educational tour is worth several times the low cost of the trip, to say nothing of the many valuable contacts with interesting people enroute.

If such a trip appeals to you and you desire to know more about the low cost, half rates at good hotels, and the many places of interest which this great 3,000 miles includes. see Prof. Holt of the Geography department, second floor of the Science building, on any afternoon after 2:00 o'clock.

Reservations should be made as early as possible.

## Reception to Dr. Offenhauer Heads Thanksgiving Program

### INTERSORORITY COUNCIL PLANS FORMAL DECEMBER 3

President and Mrs. Offenhauer last night were formally presented to the faculty of the University and the board of trustees. The main studio in the Practical Arts building offered an advantageous setting for the affair, which was in charge of Mr. McEwen, music instructor. On Monday night President and Mrs. Offenhauer went to Lima where they were guests of honor at a Parent-Teacher Association meeting.

In a setting of penants, banners, and placards posted high displaying the members of our team over the orange and brown sweater, and on a floor cleverly marked off to represent the gridiron, some three hundred couples danced out the football season and last of the fall dances the annual kick-off dance sponsored by the Varsity Club. The music was furnished by Wayne Williams and his orchestra, and not Dale Kuhlman's orchestra, as the Bowling Green Sentinel stated. Pink lemonade with delicious home made cookies was served during the evening. At the intermission short talks were given by the Varsity Club officers and various players of the team. Seen in the receiving line were President and Mrs. Offenhauer, Dr. and Mrs. Williams, Mr. and Mrs. Harry Ockerman, Mr. and Mrs. P. E. Landis, Mr. and Mrs. W. E. Steller, Mr. and Mrs. D. J. Crowley, and Dr. Martin.

The first formal dance of the year, the annual Inter-Sorority Dance for all Sorority members, their pledges and their friends will be held Dec. 3 in the men's gymnasium. Plans for the formal were begun at a special meeting of the inter-sorority council, which is headed by El-nora Riley.

Already the next all-campus dance, scheduled for Dec. 11, is being planned by the Commoners Fraternity.

The date set aside this year for the annual Silver Tea also known as the President's tea, is Dec. 5. The affair is in charge of the Y. W. C. A. and Y. M. C. A.

Sororities this last week have been entertaining and pledging their girls. Most of them can now be easily distinguished by their pledge pins and the worried look on their faces, due, some say to the duties they must perform. Three Kay sorority held a party for their pledges last week and gave their first pledge service last night.

Wedding Bells rang for Seven Sisters this week. Alyce Davidson, '37, was married to Herbert Meyer in Daischer. On their honeymoon to Iowa, they stopped off in Bowling Green where Alyce saw her many friends. Ruth Hoodelbrink, '33, was also married during the week to Clyde Lemmerbrook of this city.

Eight Commoners, with their musical instruments, serenaded the Seven Sisters, who invited them in for a popcorn party.

### Where Thanksgiving Will Find Some Instructors

Miss Caroline Nielson and Miss Mae Simmons will motor to Berea, Kentucky, where they will be guests of Miss Nielson's niece.

Dr. G. W. Allen will spend his vacation at home.

Prof. E. C. Powell will be in Hancock county, a guest of his brother. While there, he intends to do some BIG game hunting.

Miss Stella Sutherland says she will probably indulge in a luxurious slumber which will pretty thoroughly cover her vacation.

Dr. Martin is expecting his daughter home for the weekend.

Prof. Steidtmann and family will motor to Jackson, Mich., where they will be the guests of Mrs. Steidtmann's brother, Mr. Roy Dressel.

Dr. Otis reports he has a week's amount of work planned for his brief vacation.

Miss Florence Litchfield, Miss Nellie Ogle, Mr. and Mrs. J. Paul Kennedy, and Miss Madge Johnson will motor to Chicago, where they will be the guests of friends. They will spend most of their time seeing operas and plays.

Dr. and Mrs. Roy E. Offenhauer are expecting their son home from De Paul University over Thanksgiving.

Dr. C. C. Kohl will spend his vacation at home.

### Intermediate Club

The Intermediate Club had its regular meeting in gym T, Nov. 10 at 7:00 P. M. Dr. Swanson spoke on some of the "Good Qualifications Which Give Personality" to the teacher. Several songs were sung by the group. These meetings are of value to all students taking intermediate work.

Note: It would only take ten minutes to learn the college hymn. Why not learn it now? How does it start? "Home of Uninspired souls our College stands."

### Y. W., AND Y. M.

(Continued from page 1, col. 5)

Carl Koch, Harlan Highfield and Anthony Frances addressed the meeting of the Y. W. C. A. Their discussion was divided into four topics. Anthony Frances discussed "appearance" and concluded that beauty was not the important thing. Webster Geib introduced the virtues of truth, kindness, and beauty (not physical) in his discussion of the broad topic "Personality". Carl Koch presented a discussion on "Going Steady" pointing out that the good points in it were over-shadowed by the unfavorable ones. The climaxing speech on Morality by Harlan Highfield was subject to much favorable comment. It was, in the main, an expose of the too often hushed-up (even here) sex question.

Arnold Farwig, chairman, opened the meeting for discussion from the floor as was done in the preceding meeting, after the Y. M. members presented their viewpoint.

The second session lasted an hour and a half proving that both the men and women are interested in this subject.

Girls! Lipstick often fails to stick, then your slovenly lips are not only un-kissable but even nauseating. Why must you continue to use bright red nail polish when it looks so cheap and when well-dressed women frown upon the practice?

## SPORT SHAVINGS BY BOB BARON

The Detroit Red Wings are considered tops in the hockey circuits this winter. Puck chasers in the two major leagues play forty eight games a year, but the average player is paid more than big league baseball men.

Several college men responded to the lure of hunting season last week. Wood county is one of the best sections of the country for pheasants.

Stewart and Cheetwood, will no doubt receive honorable mention on the All-Ohio Conference team this year.

### Handball

Something happened to an item on handball we thought would be in the column last week, but we said that Vann would win the singles (we still think so) and that Vann and Smith and Frantz and Gernert would fight it out for the doubles crown . . . but it will be a rough road to the championship for any one. There are too many improving "paw swingers" in the tourney this year to be sure of anything.

Leonard "Stub" Shinew, campus chess and checker wizard, once played a checker game by mail with an opponent in England . . . the match ended in a draw!

The Falcon tracksters will travel to Indianapolis for the Butler Relays next spring.

Get your ice skates sharpened because the city will again maintain a lighted ice skating rink at the city park this year . . . there will probably be two rinks, one for skating and one for hockey.

Case University's gridders practice under the lights because they're too busy to work out during the day.

If you liked the Bee Gee News football contest and want a similar one in basketball, drop us a line in the News box.

### New Rule

What will the new rule do? The writer has had the opportunity of watching colleges on the Pacific Coast play basketball with the center jump out. More players were used because of the tiring pace set by tossing long passes from one end of the floor to the other. Some coaches arranged squads in such a way that they could insert whole teams into the game at one time. Nevertheless, the tall boy was always handy.

B. G. should capitalize on the new rule with a crew of fast forwards.

Freshmen basketball gets under way next Monday under the tutelage of Coach Ockerman . . . those dropped are eligible for intramurals.

## "Dead - Eye"

Harold Conrad, B. G.'s diminutive captain, will lead one of the most promising Falcon basketball teams since B. G. entered the Ohio Conference.

## Handball, Ping-Pong Matches Played

First round matches in both the singles and doubles divisions of the Handball and Ping-Pong tournaments were completed today. By Nov. 30 all second round matches must be played.

At press time the following matches had been played:

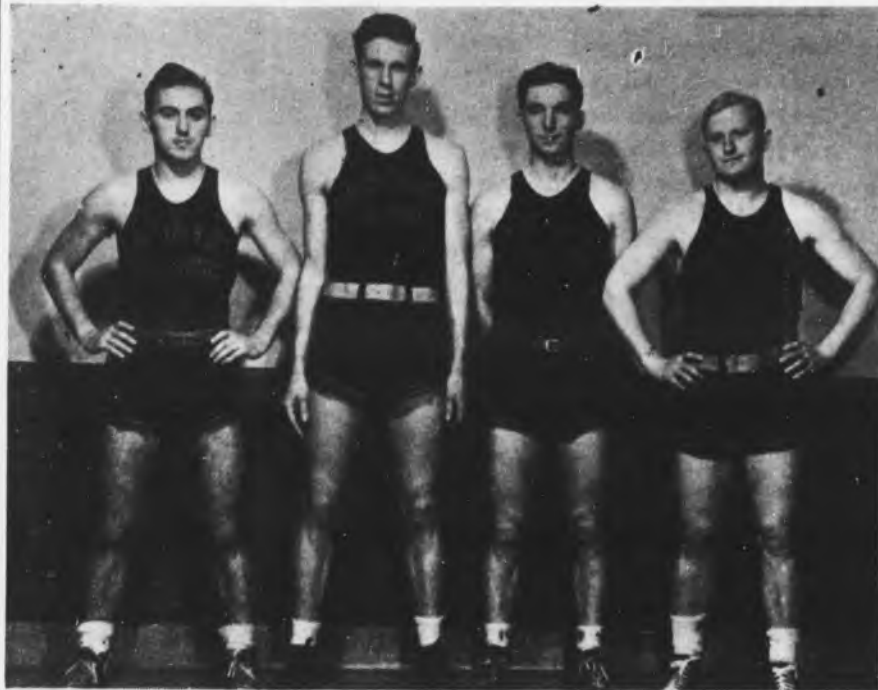

Handball—Bortel beat Harger, Barna trimmed Michela, Gehres defeated Hagg, Galbavy took Conrad, Carr drubbed Onofrio, Smith downed Rower and Carr, Purdy, trounced Warren, and Wittebort fell before Vann in the singles.

In doubles games Smith and Vann swept Mayfield and Burns and Vermylia defeated Bud and Wittebort.

Ping-Ping — Baron drubbed R. Hagg, Conrad eliminated Zeckman, Hochenadel trimmed Apple, Sherk beat Wilkins, O. Hagg trounced Hollinger, and Wilke set down Smith in singles games.

Under the capable direction of Wayne Stewart and Bob Mustain both tournaments are moving along in fine shape. Awards will be given to winners in the Handball singles and doubles and the Ping-Pong singles.

## — Veteran Falcon Basketeers —

Four of the fastest and dependable men on the orange and brown basketball squad are veterans (left to right) Pete Pick, Bill Cooper, Pat Cordisco and Harlan Kinney. All saw much service last year.

## SCOTTY SEZ: CAGE HOPES LOOK BRIGHT THIS YEAR

Basketball practice is continuing nicely, even though this is hunting season. The candidates from the football squad are now out regularly and it appears that we will certainly have a better team than we had last year.

At the present time observers agree that two men stand out, Bishop and Cooper. These boys are showing real class. Capt. Conrad is greatly improved over last year and is probably the best shot on the team, although his five feet eight inches handicap him. Wilke is a brilliant performer, but seems to dislike rough playing. Big Jim Zechman may develop into a star. He looks like a great pivot man, his under basket shooting being most deadly, but he may not be able to fit into the fast new game.

The rest of the squad is evenly matched, and, it is a pleasure to say that they appear to be good college material.

Duff Madaras is a threat as a starting player, but he seems to be slow on defense. Kinney and Kuhlman are two exper-

ienced seniors. Kinney is superior as an individual player, while Kuhlman's team play and knack of getting the ball to a "cutting" player make him valuable. Pick and Cordisco are both fast, good shots and pass well.

Merlin Budd is a boy who attracts little attention, because he is the type of player who appears to be slow but is not; best of all he seems to be always at the right place at the right time. The Herculean Mike Marko is beginning to show some of the ability that was expected of him. Surprisingly, he is a fine ball handler. Dick Hagemeyer is really looking as if he will see a lot of service. Last year he gained a lot of experience in intramurals and independent leaguers which was valuable to him.

Bushong appears to be the fastest man on the squad and when he is better able to turn his speed to advantage he will make a valuable contribution to the team.

Since basketball will be speeded up more this year, a team will need many good performers; I think we have them. To win half our games does not seem to be too much to expect!

# FIVE BROTHERS FAVORED TO COP CAGE LEAGUE

## TEAM LISTS DUE IN TODAY; HOT RACE EXPECTED

What is expected to be a hot race all the way will get under way soon after Thanksgiving vacation when intramural basketball teams will begin a round-robin schedule to decide the intramural casaba champs of the campus. Last year's leaders, the Five Brothers, are expected to again be strong contenders for the crown while the Delhi's, who are always near the top

will be putting in all their effort to prevent the South Main Streeters from repeating. Meanwhile, there will probably be some strong independent teams entered to make a merry race of the annual affair. Team list blanks which have been available for the past two weeks on the bulletin board in the men's gym were to be completely filled out by managers and handed in today.

## Promising Trio

PROMISING NEW COMERS

These three Sophomores, Dick Wilke, Jim Zechman, and Harold Bishop have shown that they're going to give veterans a merry race for starting positions on the 1937-38 Falcon quintet.

## Bowling Green Basketball Schedule For 1937-'38

Basketball schedules that were published by the Scarlet Parrot will be passed out to the students Wednesday. *University Games in Type Like This* Senior High Games in Type Like This

## FINAL FOOTBALL CONTEST!

Girls dominated the Bee Gee News football contest of Nov. 20 to show that the weaker sex know more about football than they're given credit for. This time it was Miss Grace Schmehl, William's Hall, who won first prize. For picking 16 winners out of twenty she will receive a box of delicious chocolates given by the CORNER NEWS STAND.

In second place with 15 correct was Wanda Mae Christy. Below are the contest games for Thanksgiving day and Nov. 27. Due to circumstances this will be the last contest of the season. The prize this week is a box of Bee Gee University stationery given by ROGERS DRUG STORE.

In each of these weekly contests, your score has been recorded. If you happened to miss one or two you were given the average score of that week. A list of the high 25 for the season will be posted on the bulletin board and a prize will be given the high person for the whole season.

These blanks must be in the Bee Gee News box by 5 P. M. tonight.

## Women's Sports

The Toledo University girls' hockey teams played Bowling Green girls' teams last Friday afternoon, the first game beginning at 4:30 o'clock. Each of the Toledo teams played both of the Bowling Green teams.

The team of which Rose O'Brien was captain tied both of its games by a score of 0 to 0 and 1 to 1. Both were hard-fought battles. Clarabelle Lee's

### WOMEN'S SPORTS

(Continued from page 5, col. 3)

team won its games 3 to 1, and 2 to 0.  
 It was ideal weather for hockey which made the games all the more enjoyable. After the final game the T. U. girls and the B. G. U. girls trooped over to the "Parrot" where an appetizing dinner was enjoyed by all. Singing, eating, and dancing had their part in making the evening well worthwhile.  
 The Toledo U. girls returned to their homes amid hearty good-byes of newly made friendship.  
 Due to the fact that several of the soccer and hockey games had to be postponed because of unfavorable weather, the season for these two frisky fall sports will continue for one week after Thanksgiving vacation.

### WHO'S WHO -- NOS. 4 AND 5

Franklin Belding, a Five Brother, and a winner in the Who's Who contest, has proven himself to be extremely versatile in his four years at B. G. U.

For four years Mr. Belding played in the marching band, two years in the concert band, and four years sang in the Men's Glee Club, also serving the latter as secretary one year and manager another year.

He was a member of the track team for two years and holds the shot-put record for the university. He also holds a membership in the Varsity Club.

"Bud" has served the Y. M. C. A. for four years being secretary-treasurer one year and president another year.

When a sophomore, Bud served as vice-president of his class and one year was chairman of a group of Fulton county students.

His dramatic ability cropped out and he was elected to Gold Mask of which he was a member for two years.

Special awards were received by Mr. Belding in his sophomore year in band, glee club, and varsity athletics.

Dale Kuhlman has the distinction of being elected president of his class for two consecutive years, his junior and senior years. He also holds the honor of being president of the Delhi Fraternity.

Athletics seems to be Mr. Kuhlman's chief interest—outside his regular studies of course. In his four years at B. G. S. U. he has received three letters in football, one in basketball to date, one in baseball, and has been a member of the track team. He also serves as secretary of the Varsity Club.

In addition to his athletic attainments Dale is a member of the Industrial Arts Club and this year received the special honor of being elected to Who's Who in American Colleges.

Railroad Agent: "Here's another farmer who is suing us on account of his cows."

Official: "One of our trains has run over them, I suppose?"

Agent: "No, he claims our trains go by so slow that the passengers lean out the windows and milk his cows."

### Surprise Party

Last Friday, Nov. 19, Mrs. O. A. Adams gave a surprise dinner party for Miss Litchfield. Among the guests were, Mrs. Fred Lorenz, Miss Elsie Lorenz, Miss Marvaline Day and Miss Margaret Scruggs. After a delightful evening for all, the guests departed, wishing Miss Litchfield many more happy birthdays.
