Massey, Moorehead, Gabel To Present 'Rivalry'

The B. G. News

Thought For The Day
If a man empties his purse into his head, no man can take it away from him. An investment in knowledge always pays the best interest.
—Franklin

Weather

Outlook—Mostly fair and warmer tonight. Low tonight 28 to 36. Wednesday fair and mild.

Vol. 42

Bowling Green State University, Bowling Green, Ohio, Tuesday, Nov. 12, 1957

No. 13

79 Accept Fraternity Bids; ATO, Kappa Sigma Top List

Seventy-nine men pledged the 14 social fraternities at the conclusion of the upperclass fraternity rush week Saturday, Nov. 9.

Of the 99 men who originally signed up for rushing, eight men didn't pick up their bids, two failed to choose a fraternity, and ten men received no bids. The men who didn't pick up their bids on Saturday were able to pick them up yesterday in the dean of men's office.

Alpha Tau Omega pledged the largest class with 14 men. Kappa Sigma was next with 12.

PiKA, Sigma Nu, and Phi Delta Theta each pledged eight men, while Theta Chi took six. SAE, Phi Tau, and Phi Psi pledged four men. ZBT and DE received three pledges, Sig Ep and DU took two, and AKO pledged one man.

From Wednesday, Nov. 13, at 8 a.m., until Thursday, Nov. 14, at 5 p.m., there will be an open rush period for upperclassmen. During this time any fraternity can pledge any eligible man by taking him to the dean of men's office and signing him up. At the present time there are no upperclass rush rules in effect.

Wallace W. Taylor Jr., dean of men, stated that with a few minor changes he felt the one-week system could be used for freshmen rush next semester. He mentioned as favorable the fact that every rushee went through every house. He added however, that the system brings out weaknesses in the rushing techniques of some fraternities which must be improved.

The pledge classes are as follows:

ALPHA TAU OMEGA

Ronald H. Weigman, John J. Ellis, William C. Provident, Lee B. Hughes, Dean E. Bischel, Anthony D. Derek, Terry D. Derek, Frederick T. Musler, Martin J. O'Brian, Emerson E. Recob, Frank W. Huse, David G. Juredine, Harvey C. Mone, and Marion L. Alleman.

KAPPA SIGMA

Jerry F. McGonagle, Paul R. Vincent, John C. Higgins, Carroll B. Varney, Thomas E. Green, Larry D. Gilliland, Phillip S. Stibbe, David M. Harris, Henry J. Ruppel, David E. Busser, William D. Fenton, and Harold D. Davenport.

PI KAPPA ALPHA

Glen C. Schmidt, Edward L. Ibbotson, Edward R. Sullivan, Michael R. Clancy, Thomas Pendrey, Donald K. Billings, Robert E. McKay, and Lloyd R. Gibbs.

SIGMA NU

William E. Gibbs, Raymond J. Sindyla, James E. Omara, James C. Walters, Richard A. Vrhovec, Gerald A. Ahlofors, Thomas C. Coleman, and Gary R. Cobb.

PHI DELTA THETA

James R. Steidtmann, Lawrence E. Schneider, Thomas R. Main, Nick A. Petti, C. Thomas Wolpert, Ronald R. Isgro, Robert E. Croucher, and Kenneth M. Sokol.

THETA CHI

Roger L. Andrews, Robert J. Miller, Bruce G. Bertsch, David Ott, Richard Huppert, and Robert H. Saxer.

SIGMA ALPHA EPSILON

William B. Olnhausen, Daniel L. Morocco, George E. Miller, and Thomas J. Lyons.

PHI KAPPA TAU

Neil E. Staten, Gary C. Steinger, Ned R. Rutter, and Thomas R. Williams.

PHI KAPPA PSI

Joseph A. Cloutier, Frank K. Chamberlain, Larry L. Fruth, and Donald C. Nott.

DELTA EPSILON

James A. Mackner, Donald D. Frederick, and Kenneth V. Schmidt.

ZETA BETA TAU

Jay Rosen, Mark Copen, and Barry R. Moross.

SIGMA PHI EPSILON

Martin J. Meyer and Richard J. Clark.

DELTA UPSILON

Richard E. Ewing and Ronald Gibbs.

ALPHA KAPPA OMEGA

John C. Chinn.

Debate Rescheduled; Flu Hits U Of Dayton

The public debate between Bowling Green State University and the University of Dayton was postponed because of flu at the Dayton school.

The debate is re-scheduled for 10 a.m. and 1 p.m., Saturday, in the Gate Theatre.

This is the second debate postponed because of the flu.

SC Hears 12 Cases In Year's Longest Session

Twelve students faced the University Student Court Nov. 5, in one of the year's busiest sessions.

Heading the list were two violators of Section Four of the University automobile regulations which considers violations of state and city rules as violations of University rules. Daryl Wolfe and Randy Wise, fined by the Bowling Green Mayor's Court, were referred to the Student Court. Wolfe's car was suspended for one week, Wise's for the remainder of the semester at his own request.

Other action found Harvey Mone, Jon Allesen, Daniel Bachrach, and Dick Huppert guilty of non-registration. Huppert and Bachrach were fined \$25 each for the offense. Fines for Mone and Allesen were suspended.

Paying parking tickets were Lary Stover, Edward Shenck, Paul Fischer, and Al Goldberg. Improper display of registration sticker was the charge on Jesse Myers. Stover, Fischer, and Myers paid \$1 fines. Fines for Shenck and Goldberg were suspended. George Miller and John Murnen, parking violators, were absent.

Last week, 20 students paid out-of-court fines. Dale Haven in his second offense was fined \$3 and lost the use of his car for a week. Walter Johns was fined \$2 for improper display of registration sticker and illegal parking.

Fined for first offenses were Franz Pfister, William Hetrick, Dave McNally, William Jones, Paul Harris, Nick Petti, Dave Chumlea, Donald Horen, and Richard Park.

Others were Henry Smith, Roland McElhaney, James Compton, Charles Gibson, Dale Huston, Jay Knierim, David Snyder, Tom Stanlius, and Pete Whalen.

Library Flooded As Water Pipe Breaks; Damage Extensive

A break in the pipe connection of the water cooler on the second floor of the library sent gallons of water streaming down the east end of the corridor causing heavy drippage through the ceilings of the periodical and reserve rooms.

The force of the water drippage caused large pieces of plaster to fall to the floor leaving the ceilings of the two rooms almost barren and water logged.

The break, which occurred some time between 5 p.m. Saturday and 2 p.m. Sunday, forced library officials to close the library all day Sunday. Regular library hours, except for the periodical room which will remain closed indefinitely, began yesterday.

According to Dr. Paul Leedy, librarian, the running water caused "very considerable damage" to the first floor ceilings of the reserve and periodical rooms. Although there was little or no damage to the some 250,000 books in the library, he said, extensive damage was done to the bound periodicals in the heavily damaged periodical room.

In an effort to clean up the debris and begin repair work as soon as possible, University maintenance crews worked through the day and night Sunday pumping water from the building.

Cause of the break has not yet been determined, Dr. Leedy said, and no estimate of damage can be compiled until the debris is cleared and the periodicals and numerous books are thoroughly inspected.

RAYMOND MASSEY, Agnes Moorehead, and Martin Gabel, three of America's foremost dramatic artists, will appear Friday night in "The Rivalry," a dramatization of the Lincoln-Douglas debates. The program is the second presentation in the Artist Series season.

Trio To Perform In Men's Gym

Raymond Massey, Agnes Moorehead, and Martin Gabel will visit the University campus Friday, Nov. 15, to appear in the Paul Gregory production "The Rivalry," a thrilling enactment of the Abraham Lincoln-Stephen A. Douglas struggle for national acceptance. The program will be held in the Men's Gymnasium.

First Appearance

This will mark the first appearance of "The Rivalry" company in Ohio. Bowling Green was selected as one of the 57 cities in the U.S. to be visited by this dramatic actors' troupe. The play will open Jan. 27, 1958, on Broadway.

Acclaimed the greatest portrayal of Abraham Lincoln, Mr. Massey again plays Lincoln in the play. The fighting senator from Illinois is portrayed by Mr. Gabel and the senator's wife is enacted by Miss Moorehead. "The Rivalry" is a new two-act stage play written and directed by Norman Corwin—radio, screen, and television playwright.

"John Brown's Body"

Raymond Massey toured several seasons ago in another Gregory enterprise, "John Brown's Body." His major stage credits include the long-run hits "Abe Lincoln in Illinois," "Pygmalion," "Hamlet," "Candida," and "The Doctor's Dilemma." Hollywood gave him star billing in 10 films.

Agnes Moorehead also appeared in another Paul Gregory stage triumph, "Don Juan in Hell," and in "That Fabulous Redhead," "Candlelight," "Scarlet Pages," "Soldiers and Women," and "All the King's Men." Miss Moorehead had star or featured billing in 14 outstanding pictures, the latest being "Raintree County," starring BGSU's Eva Marie Saint.

Gets Master's Degree

Miss Moorehead attended Muskingum (Ohio) College and later the University of Wisconsin where she received her master's degree in English and public speaking. "The Magnificent Ambersons" brought her an Academy Award nomination for the year's outstanding supporting performance. She also received the New York Critics' Award for the best actress of the year.

Mr. Gabel has acted in many Broadway plays including the recent hit "Will Success Spoil Rock Hunter," and "The Reclining Figure," which he also co-produced. He and his wife, Arlene Francis, have appeared a number of times on the television program "What's My Line."

Well-Known Personality

A well-known Broadway figure for many years, Mr. Gabel was a member of Orson Welles' Mercury Theatre. He has played Cassius in "Julius Caesar" and Danton in "Danton's Death." In addition, Mr. Gabel appeared in a number of Hollywood pictures.

Students may obtain tickets at the booth in the Well of the Administration Bldg. beginning today. Presentation of identification card is necessary, but student admission is free.

Benstock Makes TV Appearance

Seymour L. Benstock, director of the University Symphony Orchestra, appeared on WSPD-TV at 11:30 a.m., Sunday, Nov. 10, in a half hour recital program.

The program was opened with "Serenade," by Cassado. Other selections were: "Aria" by Purcell; "Adagio," by Hadin; and "The Swan," by Saint Saens. The closing number on the program was "Scherzo," by VanGoens.

This program was part of a series sponsored by the University of Toledo on the behalf of the Toledo Symphony Orchestra. Mr. Benstock, first cellist of the Toledo Symphony orchestra, was accompanied at the piano by Jeanne Hammond, senior at Bowling Green State University in the department of music.

World Views

LONDON—Britain hailed Monday the explosion of a hydrogen weapon Friday at its Christmas island test site in the Pacific. Newspapers bannered the story, claiming the explosion puts Britain into the scientific big league because a "weapon" was set off. Three previous blasts were called tests of "thermonuclear devices."

UNITED NATIONS—The U.N. Assembly's political committee unanimously adopted Monday an East-West compromise resolution deferring all further action on radiation until 1958.

PARIS—Sputnik II's transmitters are dead. However, Soviet Premier Nikolai Bulganin was quoted Monday as saying that Laika the dog in Sputnik II, still was alive as of Sunday.

HONOLULU—A massive air and sea search armada fanned out over the mid-Pacific with the break of day Monday in hopes of finding survivors of a Pan American World Airways Strato-cruiser that disappeared with 44 persons late Friday on a San Francisco to Hawaii flight.

Three faint clues—a yellow dye marker brightened by a red flare, an oil slick and a 46-minute SOS signal spurred on the search. It was feared that an explosion wrecked the big plane, tearing it to pieces near the mid-point of its trip.

DENVER—The Air Force's director of information services blamed world tensions on the increase and decrease of flying saucer or unidentified objects sightings.

ROME—The Italian Communist newspaper Unita said Monday that the space dog was poisoned by her last morsel of food in Sputnik II—but then quickly backed down from the story. The story which erroneously reported that Laika had officially been announced as dead was attributed to the paper's Moscow correspondent, but later a member of the paper's staff answered inquiries by saying that there had been a mistake in quoting the correspondent.

CAIRO—World Bank President Eugene R. Black left for Paris Monday after what he termed "successful" talks with President Gamal Abdel Nasser on reimbursing shareholders of the old Universal Suez Canal Co.

Compiled from the wires of the International News Service.

Choir Opens Year With Two Concerts

A Cappella Choir opened its choral season Sunday with two concerts in neighboring towns.

Sunday afternoon the choir performed at Bloomdale High School in Bloomdale. The members then journeyed 29 miles to present their second concert at the Evangelical United Brethren Church in Malinta that evening.

The choir sang "Born Today," "Then Round About the Starry Throne," "Exultate Deo," "Praise the Lord, O My Soul," "Sing We Merrily Unto Our Strength," "Sing to the Lord a New Song," "O God Our Help," "Hosanna," "Voix Celestes," "Sing in Excelsis Gloria," "All Thru the Night," "Lo, How a Rose e'er Blooming," "Mary Had a Baby," "Deep River," and "Ezekiel Saw De Wheel."

University Students Perform Regularly In Toledo Orchestra

Two University students, Norman Nunamaker, junior, and Bruce Brown, sophomore, are members of the Toledo Symphony Orchestra for the 1957-58 season.

Nunamaker, a violin major from Toledo, is concertmaster and president of the University Symphony Orchestra. He was a member of the Toledo Symphony Orchestra last year, and has been reappointed this year.

Bruce Brown, a transfer student from the Juilliard School of Music, is first chair flutist and vice-president of the University Symphony Orchestra. He is beginning his first season with the Toledo Symphony.

Credit Men Visit Campus Today

A credit seminar, jointly sponsored by the Credit Association of Northwestern Ohio and the University's College of Business Administration, is being held on campus today.

The day's activities include two workshops being held in the recreation hall. From 3 to 5:15 p.m. is a workshop on credit and collection correspondence, with Prof. John R. Davidson, Prof. Mearl Guthrie, and Charles B. Smith, business education instructor, participating.

The second workshop, from 5:15 to 7 p.m., is on current business financing. Taking part in this are

Prof. Lewis F. Manhart; William S. Hug, of Small Business Administration; Paul F. Lewis, of Ohio Citizens Trust Co.; Prof. Gilbert Cooke; Prof. William Schmeltz; and C. A. Dick, a representative of the Commercial Credit Co., Baltimore.

Following dinner at Founders, the persons attending the seminar will be given a concert by the Collegiate Chorale in the recital hall of the Hall of Music.

A speech by Rudolphe Huart, assistant vice-president of the National Bank of Toledo, will follow the concert. Mr. Huart will speak on "International Trade Investment in Toledo."

KAPPA SIGMA ACTIVES Tom Crow and John McWitt, far left and far right, welcome pledges Tom Green and Mike Harris following their acceptance of upperclass rush fraternity bids last Saturday.

Editorially Speaking

What's On Your Mind?

The life-line of any newspaper is the availability of news. Yet, even though numerous news stories exist a newspaper cannot serve its purpose or fulfill its moral and social obligations to its readers unless they are the true spokesman and sounding board for its readers.

One of the only true methods modern journalism has of gathering and interpreting reader opinion, save for readership polls through highly skilled agencies, is the letters to the editor.

These letters, although personal and generally quite subjective, nevertheless provide the newspaper with the feelings, wishes, and sentiments of the readers.

As is true with any dedicated newspaper, the NEWS is a firm believer in letters to the editor as we feel that they are the one true indicator of student and faculty agreement or dissatisfaction.

Yet, as has been pointed out in previous articles, we shall only respect such letters if they are written in good faith and true conviction, and are written so as to be constructive and helpful rather than malicious and deleterious.

In the same respect, we shall only honor those letters to the editor which are signed by the writer as we feel that this is the one true test as to the writer's sincerity of presenting his views on a specific problem or suggesting means for correcting displeasing situations.

Although the NEWS at all times strives to present a complete news coverage, and allocate equal space to all, it is obvious, as is true with any newspaper, that some parties are bound to be neglected or slighted although this is by no means intentional.

It is, therefore, our profound hope that any member of the University family who has something which they wish to discuss, be it suggestion or criticism, will take full advantage of the opportunity to write a letter to the editor so that the NEWS will be more able to judge campus opinion and bring those situations to the surface which might be at the present time unknown to us.

Missiles Development Assumes Feverish Pace

(INS)—At this very moment, at a desolate stretch of sand lying along the Mideastern coast of Florida, a group of engineers is shaping America's future role as a leading world power in the space age.

At the heavily-guarded and secret launching site of the Air Force Missile test center—Cape Canaveral—the development of this nation's guided missiles is taking on a feverish new pace. The 12,000 acres of the isolated Cape shake from screaming thunder and terrible explosions. At night the sky splits open from bursts of intense light which mark the firing of giant ballistic missiles.

In recent months a flood of new weapons has reached the Cape. The Army and the Air Force have accelerated their program of test-firings. Booming into the sky from their launching pads have been new versions of familiar missiles—Snarks, Matadors, X-17 Research Rockets, Bomarcas, and others. Newer weapons—still to see operational service—are achieving spectacular success.

For weary months during 1957 our missile testing program was plagued with giant rockets exploring violently on the ground, or falling from the sky in searing balls of flame. Now that engineers have cleared the bugs from their new rockets, failure has been replaced with startling success.

Jupiter, Army's Rocket

The giant of the Army's robot weapons, the intermediate range Jupiter, has achieved extraordinary performance and control as it raced down the missile test range of the Caribbean and the Atlantic. Hurling through space at many thousands of miles per hour, the IRBM Jupiters have covered their design range of 1,500 miles and greater, and struck their target areas with "amazing" accuracy.

Pacing the rapid development of Jupiter has been the country's second IRBM, the Air Force Thor. Crippled by technical failures for months, engineers have "cleaned up" the Thor, and jubilantly watched their mighty missile streak more than 2,000 miles down the missile range—hundreds of miles greater than the rocket is designed to travel.

The "dark horse" of the intermediate range ballistic missile—the Navy Polaris—has come from obscurity to be recognized as a potentially great weapon. Burning a solid fuel charge instead of liquid chemicals, Polaris promises a revolution in naval and ballistic warfare. It can be fired from ships and from submarines—the latter

while they are hundreds of feet below the ocean.

Engineers are predicting that the mightiest ballistic weapon of them all—the Air Force Intercontinental (ICBM) Atlas, with a range of 5,500 miles at speeds up to 16,000 miles per hour—will soon be rid of its development troubles. Here is our greatest war punch of the future, the rocket that will arc in less than 20 minutes from bases in this country to Russian targets. And looming on the horizon is the Air Force Titan, another ICBM which is being rushed to its testing stage.

The key to ballistic missile development is power. If you cannot develop giant motors, and build them in quantity, your missile program is worthless.

Reliable Missiles

Ballistic missiles as RELIABLE weapons in quantity are still years away. The Russians achieved success in such weapons before the United States could do so. Through smugness of our own ability we underestimated the Soviets, and they forged ahead. But our engineers emphasized that being first with the rocket is not being first—or best—with the finished weapon.

They believe that simply by accelerating our program that was laid down those four years ago—we will regain the lead in quality, and in quantity, of weapons production, no matter what the type.

Overtime restrictions in many missile plants have been lifted. Research funds stricken from the Air Force have been returned. Engineers and technicians are starting to work far into the night, are giving up fishing trips on weekends to rush through new projects.

In the long run Sputnik may well have done us a favor. It warned us that the Reds have more enormous strides in development of rocket motors.

Official Announcement

Seniors are reminded to return their KEY proofs to the Delma Studios in New York as soon as possible.

Seniors in the Colleges of Business Administration and Liberal Arts who have not secured their credentials in the Placement Office, 100 Administration Bldg., are reminded to do so at their earliest convenience, announced James L. Galloway, placement officer.

Seniors interested in obtaining a copy of the 1958 College Placement Annual, Insurance World, Your Job Interview Booklet, Job Offer Comparator, or the 1958 edition of Career, can find these publications available without charge in the Placement Office.

Interview Schedule

EDUCATION

Nov. 14
Euclid, Euclid, Ohio; Robert L. Hallway, director teaching personnel, interested in mid-year positions.

Nov. 21
Grand Rapids public schools, Grand Rapids, Michigan; Jay Pylman, assistant superintendent; interested in home economics, elementary, high school English, elementary vocal music, and mid-year positions.

BUSINESS

Interviews will be held by the following companies for seniors from 9 a.m. to 5 p.m. in the Placement Office.

Nov. 18
Monsanto Chemical Co., Dayton; interviewer, George Deebel. Interested in chemists.

Nov. 19
Devoe and Reynolds Co., Louisville, Ky.; interviewer, C. M. Jackson. Interested in chemists.

Chevrolet-Cleveland, interviewer, Joseph Hayden. Interested in accountants, and business administration, liberal arts graduates.

Campbell Soups, interested in business administration and liberal arts graduates.

Nov. 20
Arthur Anderson Co., Cleveland; interviewer, M. Johnson. Interested in accountants.

Standard Register Co., Toledo; interviewer, Richard Toth. Interested in sales training program (any type major).

Ford Motor Co., Lima Engine Plant; interviewer, Jack Bickhart. Interested in graduate training program, business administration graduates in accounting, finance marketing, production market management, and purchasing production control.

Nov. 21
North Electric Co., Galion; interviewer, G. D. Veon. Interested in production management graduates.

Nov. 22
Columbia-Southern Chemical Corp.; interviewer, Allen Sherrill. Interested in chemists.

Hinde and Dauch Co., Sandusky; interviewer, Steven Ellsworth. Interested in general business, production management, marketing, and business administration graduates.

Slinger, Gundlach Talk At Education Meeting

Dr. George Slinger, assistant professor of education, and Dr. Bernard Gundlach, assistant professor of mathematics, were the main speakers at the Crawford County Rural Teachers Association meeting held Nov. 7, in Bucyrus. Dr. Slinger discussed remedial reading, and Dr. Gundlach spoke on methods of teaching mathematics.

"CHARLIE" IS ALL wrong, position wise that is, says Dr. Mearl Guthrie, chairman of the business education department. Question of the day is: Is this what happens to typists who slouch?

'Charlie' Demonstrates Correct Typing Posture

By JERRY COSLEY

This last Halloween, like all Halloweens, saw the emergence of witches, goblins, and various and sundry other apparitions. Conspicuously missing however, were the feather-merchants of the spook parade—the skeletons.

Somewhat puzzled, this writer searched high and low for a clue. Finally after diligent efforts one was found; and strangely enough—in the University catalogue. Listed therein was: "Charlie," 1957 B.S. on the Merritt Parkway, M.A., Ph.D., Shadylawn Cemetery. Skeletal Assistant to Dr. Mearl R. Guthrie Jr., in the business education department.

Dr. Guthrie, chairman of the department, served as spokesman during the interview since, as he explained, "Charlie" found it difficult to carry on a "meaty" conversation with the average mortal. According to Dr. Guthrie, he and "Charlie" do quite a bit of traveling to area high schools in addition to their normal tasks at the University.

Aided by a 17 page, 2 by 4 foot flip-chart, "Charlie" demonstrates correct typing posture and the relative positions of the bones. "Charlie's" complete lack of modesty and his readily visible framework leave no doubt in the minds of the students, that inadequate typing posture can lead to discomfort and inefficiency.

Army Gunners Schedule Meets

The Army ROTC Rifle Team, has announced the dates for three forthcoming matches.

The matches will be held on the following dates: Nov. 17 through 23 with Murray State College at Murray, Ky.; Dec. 1 through 7 with Temple University at Philadelphia; and Jan. 12 through 18 with Davidson College at Davidson, N.C.

Chorale Group Debuts Tonight

The Collegiate Chorale will present its first concert of the year at 8:30 tonight when it performs for the Toledo Credit Bureau convention delegates in the recital auditorium of the Hall of Music.

This group of 32 outstanding voices will present a varied program of 12 international folk songs.

Formed this year under the direction of Dr. J. P. Kennedy, the chorale is composed of selected members of A Cappella Choir.

AFROTC Graduate Receives Commission

Second Lieutenant Richard H. Clark, '56, who received his commission through the AFROTC program at the University, received the wings of an Air Force pilot upon completion of Basic Multi-Engine Pilot Training at Reese Air Force Base, Texas.

Former PA Aud Is Lecture Room

One of the newest classrooms of the University is the former auditorium in the Practical Arts Bldg. The room, once used by orchestras for practice, and a wide variety of other activities, was completely remodeled this past summer as a lecture room capable of seating 160 students.

Now ramped, the room is ideal for showing all types of audio-visual projections. The slide projector, as well as all lights in the room, can be controlled from the lectern.

A large screen, used last year in the Main Auditorium, has also been added. New draw-type curtains have been placed in the room so that it may be properly darkened.

The English department and the psychology department share the room with their larger classes.

Math Honorary Sponsors Lecture

Dr. Karl Gunderley, chief of the applied mathematics research branch of the aeronautical research laboratory of the Wright Air Development Center in Dayton, will speak at an open lecture Wednesday, Nov. 13, at 8 p.m. in 140 Overman Hall. Dr. Gunderley will speak on "Some Basic Ideas in the Theory of Transonic Flow."

Dr. Gunderley studied mechanical engineering at the Institute of Technology, Dresden, Germany, where he received his Ph.D. in 1938. He has been in this country since 1946.

The lecture is sponsored by Kappa Mu Epsilon, mathematics honorary society.

Broncs Cop Meet; BG Places Second

Bowling Green's harriers made a fine showing at the MAC cross-country meet at Oxford, Ohio, Saturday, finishing second to a strong Western Michigan team. The teams finished in this order; Western Michigan (31), Bowling Green (62), Miami (67), Ohio University (83), Kent State (127), and Marshall (172).

This meet had a two-fold disappointment for the host Miami team. This was the first time in the nine consecutive years that Miami has failed to finish at the top of the MAC meet. Also, their individual star, Dick Clevenger, failed to win a meet for the first time this year. He placed second to John Wardle of Western Michigan, who was timed at 21:50.

The Falcons had three gold medal winners in the persons of Dick Snow (7th), Bob Mears (9th) and Larry Dove (10th). These three runners were supported by a good showing on the part of Dave Armstrong (13th), John Scott (23rd),

Fred Alberini (25th) and Bob Frost (27th).

Coach Dave Matthews thought that his boys ran very well Saturday. He was particularly impressed with the team's ability to edge out the powerful Miami aggregation. Matthews commented, "I always thought that we could outrun Miami this year. We've always had the potential to do it."

The varsity cross country team will be seeking its eighth win of the season this Tuesday in a dual meet with Wayne University at Wayne.

Saturday, the freshman harriers repeated last year's feat, and remained Ohio's AAU cross-country champions. The meet was held at Columbus, Ohio and the teams finished in this order; Bowling Green (1st), Ohio University (2nd), Dayton Athletic Club (3rd) and Miami Athletic Club (4th).

The freshman runners had six gold medal winners, and were paced in this meet by Mel Turner, who finished third.

Frosh Trip WM As Season Ends

The first real show of offensive strength and the play of several unheralded reserves were deciding factors in ending the Bowling Green freshman football season on a victorious note with a 26-13 win over the visiting Western Michigan frosh.

Defense had been the big thing in the previous four games as only 13 points were registered by the opposition but in this, the season finale, the light, hard-charging BG line continually opened the holes that gave the backfield a chance to pick up yardage. And it was fellows like Jim Meyers, Charles Comer, John Ruper, and John Spangler, who have not been operating in regular starting roles, that took advantage.

The game opened with Comer kicking out of the end zone. When the WM attack bogged down they punted to Comer who returned to the BG 27. In the ensuing play BG fumbled deep in their own territory and WM turned the break into a touchdown. The conversion made the score 7-0, WM.

In the second quarter, with the ball on their own 35, BG began a sustained drive which was highlighted by the running of halfback Jim Meyers. Comer bucked over from the three. The conversion was not good and score stood at 7-6 in favor of WM.

Midway in the quarter WM took to the air to score again. The try for point was wide and the scoreboard found BG trailing 13-6.

Minutes before the half Meyers recovered a fumble on the WM 28. After short gains through the line Hershey went over from one yard out. The kick was good and a half the score was tied 13-13.

Coming back in the third period BG got in scoring position by virtue of a 53 yard run as Comer romped from his own five to the WM 33. A pass from Spangler to Casey carried it to the eight from which point Worstell hit pay dirt to bring the score to 20-13.

The final quarter found BG on the WM 32-yard line. Again Meyers made good yardage through the line. From the two, Comer bucked in for the tally. The score after the conversion stood at 26-13.

Falcons Dominate Play, But Lack Scoring Punch As Bobcats Tie, 7-7

By CHARLES WARD

Both teams met in the center of the field shaking hands, the Bobcats smiling; the Falcons frowning. The scoreboard told the reason; it read BG 7, OU 7. The Dads Day crowd of 4,444 emptied the stands quickly, hurrying to get a seat in the Town House, the local establishment, to celebrate OU's victory, a tie with former MAC champs BG.

The game was played in typical BG fashion, outgain the opposition but have nothing to show for it. The Falcons outgained OU in everything, including penalties, where BG was assessed 41 yards to none for the Bobcats.

The Falcons won the toss to open the game and elected to receive. Ron Fenik got off an inside kick which was covered by Larry Baker for BG on their own 47.

The Falcons had a march which moved them to the OU 31 before they were pushed back and held by OU.

Bobcats Held

OU was unable to move and Jim Hilles kicked to the Falcon 34. Again the Falcons began to move getting down to the 44 before Janeway kicked to the 18. Hilles, and Buckles moved it out to the 26, but on third down Charles Stobart was dropped on the 17.

The Bobcats then got a break as the Falcons were penalized 15 yards for roughing the kicker.

The penalty put the ball on the 33, but OU was later forced to punt.

Once again the Falcons began to move, but when they got as far as the 41 were forced to punt.

With the first and 10 on the 39 Fred Churchill broke through to spill Stobart on the 34. Two plays later Hilles punted to the BG 35.

Falcon Drive Stalled

The Falcons picked up a first down on the 48 as Dianiska hit up the middle to the 43 and Lennox carried to the 48. Two plays later BG was on the OU 39, due mostly to an 11 yard run by Fred Schmidt. The Falcons attack again sputtered and Janeway got off his best kick of the day which went out of bounds on the OU 3.

On the first play the Falcons nearly got a safety, but Les Carney managed to scamper back out to the one. Carney kicked out to the OU 33 and the Falcons appeared to be in a good position to break the ice.

Nehlen hit Ray Reese on the 15 for a first down. DeOrio moved to the 11, but on second down the Falcons hopes blew up on a fumble which was covered by Nehlen. The Bobcats then took over the ball on the 11 and ran out the time left in the first half.

After the Falcons kicked off John Valentine intercepted a Gabriel Desantis pass on the BG 45 and returned two yards to the 47. DeOrio was stopped for a yard gain and on second down Bob Colburn scampered to the OU 43. Dianiska blasted to the 40 where Colburn again took over and behind key blocks by Karl Koepfer moved to the OU 17 for a first down.

Nehlen Hits Janeway

On fourth and seven Nehlen hit Janeway on the five from where DeOrio smashed over tackle for the touchdown. Chuck Perry converted and BG led 7-0.

Stobart started the Bobcats drive with a perfect toss to Tim Behrendt on the BG 32. Dave Kuzenli gained six on a draw play up the middle and a Stobart to Behrendt pass was good to the 13.

The BG defense stiffened and two plays later the Bobcats were on the 15. With 2:13 left in the game OU pulled the old statue of liberty play with Frank Duniagan going in for the score. Henry Scott converted and that was the old ball game.

'Skins Defeat Marshall To Capture MAC Title

Miami's Redskins insured themselves of the Mid-American Conference title Saturday as they dumped Marshall's Thundering Herd 25-13 at Marshall. The win gave the Redskins a 5-0 conference record and 5-2 all-game record.

Fumbles by the Thundering Herd were very costly to them throughout the contest. The two teams played through a scoreless first quarter, but Miami broke the ice for 3 tallies and 18 points in the second quarter. Miami's first score came when Marshall fumbled and Dave Gilbert scooped up the loose ball and ran 23 yards for a score. The Redskins picked up another tally before Dick Jackson caught one of Wagner's aeriels for a touchodwn for Marshall.

The second half saw Marshall strike paydirt first as Jim Maddox scored on a one-yard plunge. This put the score at 18-13, but Miami killed all of Marshall's hopes as Kurt Gentry raced 54 yards for a score.

Xavier University handed the Toledo Rockets their fourth loss of the season Saturday as they dropped the "Glass City" crew 20-7.

With only 50 seconds remaining in the first half Xavier's Jerry Casper hit Terry Meyers on an 85 yard pass play for a touchdown. The Musketeers scored again in the second half before Roy Hodge struck paydirt on a reverse for the Rockets.

Western Michigan held Western Reserve scoreless as they posted their third victory of the season Saturday, 20-0. Kent State after losing four straight contests finally came up with a win over Louisville this past weekend, 13-7.

Sigma Nu Keglers Move Into Lead; Sanders Has Top Average With 178

Sigma Nu has pulled into the lead in the intramural bowling league. There are eight teams participating, Alpha Tau Omega, Kappa Sigma, Phi Kappa Psi, Phi Kappa Tau, Pi Kappa Alpha, Sigma Alpha Epsilon, Sigma Nu, Sigma Phi Epsilon.

Last Friday Sigma Nu, Kappa Sigma, and Sigma Phi Epsilon were tied for the lead with 11-4 records. Sigma Nu swept the Sig Eps three games and now posts a 14-4 mark. Joe Spano had a 550 for Sigma Nu and John Smolik had a record breaking 592 for the Sig Eps. Kappa Sigma won two out of three games from Phi Kappa Psi to give them a 13-5 mark. High for the Kappa Sig's was Wade Cass with a 514 and high for the Phi Psi's was Gary Castle with a 479.

Pi Kappa Alpha grabbed two

out of three games from Sigma Alpha Epsilon with Erle Ellis high for the Pikes with a 491 and McDonald high for SAE with a 467. Phi Kappa Tau swept three games from Alpha Tau Omega. Tom Minarcin was high scorer for the Phi Tau's with a 486 and Joe Montesano had a 512 for the ATO's.

The high individual average for all games bowled is held by Keith Sanders of Phi Kappa Psi with a 178.4 average. The individual high for three games bowled is held by John Smolik of Sigma Phi Epsilon with 592. Second is Joe Montesano of ATO with 587. To date, the highest single games bowled have been registered by Joe Montesano, ATO, 229; Keith Sanders, Phi Psi's, 224; and John Zitkov, Sigma Nu, 215. The bowling teams meet every Friday evening at six o'clock at the Al-Mar Lanes.

Amateur Radio Club

University students are invited to attend the meeting of the Wood County Amateur Radio Club to be held at 8 p.m. Nov. 11, in the City Bldg.

New Voice Club

Roberta McColl, a junior in the College of Education, played a guitar and sang folk songs at the Friday meeting of the New Voice Club of Northwestern Ohio. This meeting was held in the Speech and Hearing Clinic.

More than fifty persons of northwestern Ohio belong to this organization, every member of which has had his voice box removed because of cancer.

Breakfast Cook Out

The annual breakfast cook out of the Outing Club will be held at 9:00 a.m., Saturday, Nov. 23 at the City Park shelter house. All members who have paid their dues are invited to attend.

Guion To Speak

Dr. Robert M. Guion, assistant professor of psychology, will speak on "Social Values of the Industrial Psychologist," to a Fort Wayne, Ind. men's group Nov. 19.

Phi Upsilon Omicron

Phi Upsilon Omicron, national home economics honor society, held its second meeting Nov. 6. Miss Lois Helwig, Wood County home demonstration agent, spoke on "How to Set Up and Evaluate an Exhibit."

Judith Lewis, president of the organization announced that Phi Upsilon Omicron national tests would be held Saturday, Nov. 23, in the Practical Arts Bldg. under the supervision of Miss Laura Heston, faculty adviser.

Newly elected officers are: Judith Lewis, president; Ruth Long, vice-president; Mary Lou Griffin, secretary; Nancy Smith, treasurer; Marilyn Hartman, candle editor; Jan Harmon, historian; and Yvonne Huss, chaplain.

OSEA To Meet

The local chapter of Ohio Student Education Association will meet at 7 p.m. Wednesday in the recreation hall.

The program includes a movie entitled "Not By Chance", a story of a girl's education while in high school and college until she becomes a teacher.

Sigma Delta Pi Meeting

Sigma Delta Pi, Spanish honor society, will meet at 7 p.m. Thursday, Nov. 14, in Studio B of the Practical Arts Bldg.

Arlene Cohen, who attended the University of Madrid, last year, will speak to the group.

The society is inviting prospective members to attend this meeting.

Campus Wives Plan

The Campus Wives, formerly the Child Study Group, will meet at 8 p.m. Wednesday, Nov. 13, on the second floor of the Public Library. Dr. Ralph W. McDonald will speak on "Married Student Housing" and "The Facilities Available to the Married Students in the New Union Bldg." Election of officers will also be held. The group is open to all student wives and their friends.

Speech And Hearing

Sigma Alpha Eta, speech and hearing honorary society, will hold a meeting at 7 p.m. Thursday in 12 Gate Theatre.

Julie Cole, will speak on, "Problems of Deafness," and her adjustments to school. Miss Cole was valedictorian of her graduating class at DeVilbiss High School Toledo.

Plans for the year will be discussed according to Dr. Melvin Hyman, adviser for the group.

Home Ec Club

The Home Economics Club will hold its second meeting of the year at 7 p.m. Wednesday in 104 Practical Arts Bldg.

The program will include a talk on the recent convention at Heidelberg College.

The Home Economics Club is open to anyone, including freshmen, who has had at least one course in home economics.

Smoker Planned

Phi Epsilon Kappa, national professional fraternity for people in physical education, will have a smoker at 7:30 p.m. Thursday in the Men's Gym. Sophomores, juniors, and seniors with an accumulative point average of 2.4 in health and physical education are eligible to join the fraternity.

Beta Beta Beta

Dr. Bernard Steinberg, pathologist and director of medical research at Toledo Hospital, will interview students interested in Medical Technology, Tuesday, Nov. 19, in 400 Moseley Hall. This will be an open meeting and refreshments will be served.

Pre-Theology Group

Friar's Club is the new name selected for the pre-theology campus group. It met Monday night at the home of Charles Gill. The second and fourth Mondays of each month were scheduled as meeting nights.

According to Phil Hanni, Friar's Club adviser, there are about 35 pre-theology students on campus.

French Honor Society

Beta Pi Theta, French honor society, held a meeting for prospective members at 7 p.m., Nov. 7 in 104 Administration Bldg.

Ross Cornell, president, explained functions of the organization and highlighted plans for future meetings. Slides of France were shown and refreshments served.

Ivy Hall Names New Members To Committee

Ivy Hall this week announced the names of its members chosen to work on the resident hall committee. Members include: Louis Myers, James D'Amico, Fred Fernandez, Ronald Heximer, Larry Schmith, and Thomas Sertell.

The committee plans such activities as parties, hayrides, mixers, and dances. With the assistance of counselors Mike Polonus and Roger Sage, the committee each week invites members of the University faculty as a guest for dinner and a bull session about the subject taught by the faculty member.

HPE Will Loan Golf Equipment

Golf clubs may now be borrowed during non-class hours from the women's health and physical education department. Any woman who is a registered student at the University may obtain these clubs by presenting her activity card at the stockroom in the Women's Bldg.

Monday through Thursday, the clubs must be signed out between 4:20 p.m. and 4:30 p.m., and returned by 7:45 a.m. the next day. If the clubs are taken for the weekend, they must be signed out by 2:15 p.m. on Friday and returned by 8:30 a.m. the next Monday.

Co-operation is required so that clubs will always be available for the class which needs them. If women students help, the system will be continued, Dr. Agnes M. Hooley, associate professor of women's health and physical education and sponsor of the project stated. She also added that no golf balls or tees will be given out.

Speech-Hearing Test

Dr. Melvin Hyman, director of the speech and hearing clinic, presided as chairman of the Research Committee of the Ohio Association of Speech and Hearing Therapists at a meeting held at Ohio State University last Friday.

Chapel Service

The Rev. John Krier of Youngstown will deliver the sermon of the chapel service Wednesday, at 3:30 p.m.

The student leader and topic for the service have not yet been announced.

Church Conference

Several University students have been invited to attend a church vocations conference at Oberlin College Friday and Saturday, Nov. 15 and 16, announced Phil Hanni, associate director of United Christian Fellowship.

The conference is being sponsored by the Oberlin graduate school of theology.

Coke Hour

Approximately 75 students attending the United Christian Fellowship Coke Hour at Alice Prout Hall last Wednesday, stated the Rev. Paul Bock, UCF director.

The high point of the meeting was a discussion of Sputnik, and its significance and implications, which was moderated by Dr. Bernard Gundlach of the mathematics department.

The Nest Coke Hour will probably be held in the first week of December.

YMCA Conference

Openings are still available for students to attend the Young Men's Christian Association conference Friday, Saturday, and Sunday at Camp Christian and Magnetic Springs, according to Phil Hanni, associate director of United Christian Fellowship.

Any male student is eligible to attend the conference. Conference fee is \$4 per person. Anyone interested in going should contact Mr. Hanni at the UCF house.

"Living a Life of Service in Business and Government" is the theme of the conference. Speakers include Herbert Evans, vice-president of the Peoples Broadcasting Co., of Columbus, and the Honorable Edmund Burke, chief of social welfare of Jamaica, British West Indies.

UCF Retreat

Fifty students have registered to attend the United Christian Fellowship-Lutheran Student Association fall retreat on Nov. 22 through 24, announced the Rev. Paul Bock, UCF director.

The students will leave by car at 4 p.m. Nov. 22 for Camp Christian, Magnetic Springs, and will return after Sunday morning worship.

The conference program will include discussion groups, indoor and outdoor recreation, worship, and a guest speaker, the Rev. Thomas Wadsworth, administrator of the Presbyterian Church in Delta. He was formerly the director of the Evangelical United Brethren Church Student Center at Ohio State University. "Are You Afraid To Be Different?" is the retreat theme.

ACE Plans Kiddies Thanksgiving Party

A program of stories, dances, and songs will entertain Bowling Green children, 6:30 p.m. Thursday at the annual Thanksgiving Party sponsored by the Association of Childhood Education.

To be given in the Recreation Hall, which will be decorated with the holiday theme, the party will begin with a short session of games. While the kindergarten, first, and second grade children have stories read to them, the third, fourth, fifth, and sixth graders take part in dancing and singing. Shortly before the close of the program refreshments will be served and each child will receive a favor.

Deadline for registering at the UCF house will be Nov. 19. Cost of the retreat is \$4.50 per person.

Greeks 'Caught' In Social Whirl Of Parties, Dinners, Breakfasts

As a highlight during this midterm season, the Greeks are enjoying many exchange dinners and parties. Last Friday Alpha Xi Delta and Delta Upsilon held a Platter Party; the Delta Gammas entertained Alpha Tau Omega at a Circus Party, and Phi Mu and Theta Chi had a Pizza Party.

Exchange dinners scheduled for Wednesday evening include: Alpha Xi Delta with Delta Upsilon, and Kappa Sigma with Chi Omega.

Alpha Gamma Delta is planning a birthday dinner with the alums for Thursday, Nov. 14. The chapter's birthday is to be celebrated.

Kappa Delta has started a series of "informal get-togethers" at the house each Friday night. Dancing, card games, and refreshments are the theme of the evening.

Delta Gamma and Pi Kappa Alpha also held a card party Sunday afternoon in the DG house.

Pi Mu and Phi Kappa Tau have planned a buffet dinner this Friday, Nov. 15.

Alpha Xi Delta and Alpha Tau Omega plan to hold an exchange breakfast Saturday morning, Nov. 16. Delta Upsilon will fete Alpha Phi at a Sputnik party Friday.

Alpha Chi Omega gave lunch to the Sigma Nus Saturday, Nov. 9, after they had decorated for their joint Pink Champagne dance held that evening.

Parties between Kappa Sigma and Alpha Gamma Delta, Theta Chi and Chi Omega are planned for Friday.

Chuck McCampbell and Toni Johnson reigned as the Pajama Game Man and Girl at the Alpha Kappa Omega Pajama Game Party held at the house last Friday.

Phi Delta Theta honored their new pledges and dates with a party at the house Saturday night.

The annual Phi Kappa Tau Dream Girl Dance is being planned for Saturday, Nov. 16, at the Old Nest in Portage.

Recently initiated into AChiO were Florence McDowell and Millie Cermak. Nancy Schultz was elected as first vice-president of Alpha Chi with Ruth Long being elected recording secretary.

Claudia Leighton was initiated into Alpha Phi Sunday.

Mrs. Alice Miller, district president of Phi Mu will visit the University chapter this week.

Margaret Faze was presented with a sorority bracelet for scholarship improvement at the recent bi-annual scholarship night. Jo Winters, Alpha Xi scholarship chairman, presented gifts to sorority members who attained a 3.5 average or better last semester at the group's scholarship banquet recently.

Again this year Alpha Phi and Theta Chi provided transportation to the voting polls and babysitters for the voters during the recent election.

Sara Coleman was recently initiated into Alpha Delta Pi.

Insurance Club Names Speakers

Prof. Wilbur Abel, adviser to the Insurance Club, has announced a lineup of outstanding speakers who will lecture this year under the sponsorship of the Insurance Club.

Wednesday, Nov. 20, will find J. Craig Davidson, Executive Secretary of the Confederation Life Association, Toronto, Ontario, speaking on "Electronic Computers in the Life Insurance Industry."

Frank J. Whitbread, Assistant Vice President of the Lincoln National Life Insurance Company, Fort Wayne, Ind., will speak Wednesday, Feb. 26. His topic will be "Underwriting Aspects of Life Insurance."

Scheduled to speak Wednesday, March 12, is William I. Pape, Agency Assistant for the Northwestern Mutual Life Insurance Company, Milwaukee, Wisc. Mr. Pape will speak on "Selection of Personnel in Life Insurance."

The lectures, which begin promptly at 7 p.m., are open to the public without charge. The sessions will end promptly at 8 p.m.

WBGU Airs Program Of Theater Interest

"Curtain Going Up" is a 15-minute program of theatre music and news on WBGU, the University educational radio station.

This program features a summary of the current theater season with reviews of the major plays. It also contains information on the stars, producers, directors and others responsible for producing plays and musicals in the professional theatre.

Don Buell, narrator of the series, is a professor of speech at Michigan State University. His background is unique in that he has been an active playgoer on Broadway since 1927 and has been teaching dramatics since 1934.

Peggy Campnell to John Shibley, Theta Chi; Marlene Solding, Toledo University, to Al Goldberg, Zeta Beta Tau; Virginia Rine, Harmon Hall, to Corky Maniaci, Delta Tau Delta; Paula Rosenberg to Gerald Levy, ZBT; Carol Jo Bryns, Delta Gamma, to Bob Rask, Theta Chi; Carolyn Gordon, Delta Zeta, to Don Jackson, Tau Beta Pi, Toledo University; Rosann Srama, Prout, to Dave Chumlea, Kappa Sigma.

Ernestine Wirebaugh, Phi Mu, to Dale Twining, Delta Epsilon; Rosemary Cipiti to Ron Mainous, Phi Kappa Psi; Sonia Trumble, Treadway, to Jim Burger, Sigma Nu.

Engaged

Coleen Cunningham, DG house, to Emil Petti, Sigma Chi alum; Majorie Slawson, Prout, to William Castanien; Sandra Barker, Chi Omega, to Bill Chaney, Lambda Chi Alpha, Pennsylvania University; Dianne Fetzner, Gamma Phi Beta, to Fred Long, Iowa University.

Ann Arthur to Stan Brown, Delta Upsilon; Joan Armitage, Gamma Phi Beta, to Ed Hora, Theta Chi.

Married

Sally Wilson, Alpha Xi Delta, to Lee Klingensmith, Phi Delta.
