# Butler Upsets Falcons In NCAA Tournament

By Dave Young  
Sports Editor

LEXINGTON, KY.—A 20-foot desperation jump shot by Dan Knepper hit the front of the rim and bounced off to bring an end to Bowling Green's galant effort to come from behind.

Butler came to win and win it did as the Bulldogs eked-out a 56-55 thriller before 5,500 fans in the University of Kentucky's Memorial Coliseum in Lexington, Ky.

The Falcons fought back from an eight-point deficit late in the first half to come within one point on a drive-in lay up by Bob Dawson.

Dawson was fouled while driv-

ing in for the shot and was awarded one attempt at the free throw line. His shot hit the front of the rim and bounced off. Nate Thurmond made an attempt to grab the ball, but a Butler player came up with it.

With 33 seconds remaining Dawson fouled Butler's Jerry Williams, who converted both foul shots to put the Bulldogs into a 56-53 lead.

Again it was Dawson who brought the Falcons within one point, 56-55, with a drive-in-turn-about lay up.

Butler took the ball out with just 18 seconds left, but a long pass went out of bounds, giving the ball over to Bowling Green with 16 seconds left.

The Falcons called time out to set up the final play of the game

that never seemed to materialize. Bowling Green took the ball out and threw it into the corner where the seconds ticked away among much confusion by the Falcons. Knepper got the ball, looked around for someone to pass it to, but saw no one. Knepper reversed himself and while off balance attempted the desperation shot that just missed sending Bowling Green on to Iowa City.

The win for the Bulldogs advances them to the Midwest Regional NCAA Tournament this Friday at Iowa City, Iowa, where they will clash with the University of Kentucky.

Should Butler be successful over Kentucky it would then clash with the winner of the Ohio State-Western Kentucky game in the regional finals on Saturday night.

If the Bulldogs lose to Kentucky's Wildcats, they would then meet the loser of the Buckeye-Hilltopper game in the consolation encounter.

Western Kentucky earned the right to advance to Iowa City by defeating the University of Detroit 90-81 in the second game of the double-header at Lexington.

Kentucky, co-champions of the Southeastern Conference with Mississippi State, received the bid to the NCAA tournament because racial difficulties in Mississippi would not permit its team to participate in the tournament. The Wildcats finished the regular season with a 13-1 record in the Southeastern Conference and an overall mark of 22-2.

Ohio State won the right to play in the NCAA tournament by

winning the Big Ten Conference with a 13-2 record. The Buckeyes were 23-3 overall.

Butler played a slow deliberate type of ball in the first half looking for the easy baskets on jumpers from around the key.

Bowling Green missed several easy baskets and threw the ball away four times in the first half to give Butler a 28-25 halftime lead.

The Falcons tied the score at 28-all early in the second half, but Butler grabbed the lead to hold on for the victory.

Thurmond was the leading scorer and top rebounder of the game as he scored 21 points and grabbed 14 rebounds. Komives, who was held to just five points

in the first half, was the only other Falcon in double figures with 11 points.

Butler had three men in double figures in Tom Bowman, Jeff Blue, and Williams with 18, 16, and 13 points respectively.

Bowling Green outscored Butler from the field 24 to 20, but the Bulldogs scored 16 foul shots, while Bowling Green could make only seven.

The Bulldogs, who average two and a half inches shorter than the Falcons, outrebounded Bowling Green 44 to 41.

The loss for the Falcons was their fourth of the season, as against 21 victories. Butler's 21st win in 26 encounters established a new record for the Bulldogs of the most wins in a single season.

## Student Council Plans Foreign Student Board

At its regular monthly meeting, Student Council voted unanimously to establish an International Student Board.

The International Student Board grew out of a meeting of the Student Council committee which has been studying the foreign student program.

Gregory L. Gilmore, chairman of the International Student Board, presented the plan of organization for the new board. John A. Otieno, East Africa, and Knut Dahl, Norway, were present at the Council meeting.

The new board under the sup-

ervision of the Student Cabinet, will consist of five students. At least two of the students will be from foreign countries. A foreign student adviser also will have membership.

The Student Leadership and Service Board will submit names of five students, qualified for membership on the new committee to the Student Council for approval.

Functions of the International Board as stated in the new council bill are summarized as follows: "To establish and direct an American Brother-Sister Program. This program would provide the foreign student with an opportunity to become better acquainted with American life as well as afford the American student an opportunity to gain a more international perspective."

The International Student Board would select the American brother or sister on the basis of field of study, sex, interests, maturity, knowledge of the campus, and the amount of time he could devote to his foreign companion.

Orientation to everyday matters of college life would be one field in which the American will assist his foreign companion.

The American and foreign student will remain in contact with each other, perhaps rooming together, for one semester. After this period, either student may continue or terminate the association.

Activities for foreign and American students also will be planned by the new Board. Weekends or vacations with American families, dinner engagements in housing units, student discussions and forums, and an "International Weekend" are examples of proposed activities.

## Tibbits Receives Balfour Award At State Day

Clark D. Tibbits, student body president, received the Province Balfour Award at Sigma Chi social fraternity's State Day March 3 in Columbus.

The award is one of the highest undergraduate honors given within a province of the Sigma Chi chapters in Ohio. Eight men were entered in the contest, each from a different Sigma Chi chapter in the state. Judging was done by Fred Cox, province chief for the fraternity.

The award is based on excellence in scholarship, personality, and participation in fraternity and student activities.

Tibbits now is competing for the national Balfour Award, the highest undergraduate honor the fraternity can offer.

Tibbits' senior year has included many activities and honors. He received a 4.0 grade average for last semester and is controller for his fraternity, president of the student body, and a member of Omicron Delta Kappa, national leadership honorary society for men. Tibbits also serves as a member of the University's Board of Trustees' Committee on Student Affairs.

## Religious Speaker Discusses 'Judaism And The Modern Man'

"The modern Job begins with the world of Kafka's Castle, . . . with the Nazi occupation of France . . . with the scientific extermination of six million Jews and a million gypsies," Dr. Maurice Friedman said at the second program in the Religious Emphasis series Sunday.

He was relating his concept of Modern Man with the Biblical Covenant in his discussion of "Judaism and the Modern Man."

Dr. Friedman, professor of philosophy and religion at Sarah Lawrence College, is the author of the book, "Martin Buber: The Life of Dialogue" and the translator of several of Buber's works. He has travelled in Europe and the Middle East on a grant from the Lucius N. Littauer Foundation.

Dr. Friedman dwelled on the four applications of Judaism to Modern Man—creation, dialogue, the Biblical covenant, and Modern Job.

In discussing creation, Dr. Friedman pointed out that Judaism holds that there is no original sin. One must pray for resources to meet evil and not "Lead us not into temptation."

He defined Biblical dialogue as talking to God and not about him. Part of this dialogue for Judaism says that "you are not in the world in order to be saved, but to perform your duty in creation." (Con't. On Page 4)

THE NEW JOHN GLENN STAMP is being purchased by President Harshman from Phyllis A. Johnson. The University post office received more than 600 stamps which honor America's first man into space.

No. 39

## Hunger, Dimling, Gaertner Propose Stronger Council, Help To Student

Each of the political platforms for the three candidates for president of Student Council is centered on helping the student through a stronger Student Council.

The principles of the nominees vary in that each places emphasis on a different basis for improving Student Council and increasing its value to the students.

The three junior candidates are Robert A. Dimling, John J. Gaertner, and J. David Hunger.

Hunger has served on Student Council for two years and this year is serving as treasurer. Dimling is serving his first year on Student Council and Gaertner is not a member of Student Council, but was a member of the Student Council while at John Carroll University.

### Hunger Advocates Council 'Open Door'

To build a stronger relationship between the students, faculty, the Student Council will be the main

goal of Dave Hunger if he is elected. Hunger would strive to make Student Council dynamic and have it play a living part on the campus. The Council would help solve the problems of the

Hunger

student body and would listen to grievances and suggestions from the students.

Hunger advocates an "open door policy" which enables students to

come in and talk over their problems or grievances with Student Council representatives. He feels that the faculty, students, and administration should blend their ideas together and work out problems through Student Council.

The students need to take an interest in the actions of Student Council as well as the elections. Hunger stresses that by doing this and by playing a part in the actions of the council, the students can make sure that the elected representative does what they want him to do.

Hunger says that Student Council is getting stronger every year and he would like to remain a part of it.

### Dimling Urges Need For Public Relations

Bob Dimling bases his platform on the principle that the most important thing to the student, is the attainment of his diploma and its value after graduation.

Dimling feels that Student Council, along with the combined efforts of the alumni, the students, and the professor, needs to convey a better image of the University to the public.

Since the University does not have a public relations office, it is up to the student to act as a public relations officer and tell

Dimling

about our achievements and standing as a University. Dimling stresses that an individual student cannot do this alone.

As president of Student Council Dimling would use the student government organization to coordinate a public relations drive by the alumni, students, and professors.

Through this public relations campaign, Dimling would encour-

age students to actively support their University and would stress publicizing the University's athletic teams. By creating a better image of the University, each student's diploma would be of greater value after graduation.

### Gaertner Proposes Four Point Program

John J. Gaertner bases his platform on a four point program. He believes that Student Council needs to take advantage of the willing-

Gaertner

ness of the University to help solve student problems on campus.

In his four point program, Gaertner would like to have Student Council work with the Association of Women Students in a study of current women's hours, with the idea of lengthening them one-half hour. This extension would apply to weekends as well as weekdays.

Students should be given a voice in University expansion plans. This can be accomplished by a committee composed of representatives from Student Council, AWS, and the Interfraternity Council. Gaertner feels that this committee can offer suggestions that may be overlooked by the builders. He feels that the lack of storage space in Conklin Hall might have been prevented by student participation in the planning.

Gaertner feels that the current Student Court policy concerning automobile parking violations should be revised. He feels that in all fairness to the students, automobile parking violations should be placed on a semester basis. All traffic offenses should be erased from the student's record after each semester.

The final proposal in Gaertner's four point program would be an (Con't. On Page 4)

## IFC Board Fines 3 Fraternities

Phi Delta Theta, Phi Kappa Tau, and Sigma Nu social fraternities were fined a total of \$85 as a result of action taken by the Interfraternity Council Judicial Board Wednesday.

Phi Delta Theta was found guilty and fined \$15, at a dollar per minute, for handing in invitations 15 minutes late for the first round of rush parties.

Phi Kappa Tau was found guilty of the same charge and fined \$20, also at the same rate.

Sigma Nu was found guilty of

violating Article IV, Section 2b, which states that ". . . there shall be no personal notes to rushees in bids or invitations." Sigma Nu was found guilty on two counts and fined \$50.

Sigma Nu also was charged with violating the implied free association clause of the IFC rush rules by permitting rushees in the fraternity house during rush week at an unscheduled time. Testimony in the case will be heard tomorrow at an open meeting of the IFC Judicial Board.

### Salary Reductions

The reduction in faculty and administrative salaries approved by the Board of Trustees is the result of an unfortunate set of circumstances.

Last fall, 93 promotions, by far the largest number in the history of the University, were made. Many salary increases also were awarded both to those promoted and to others. Some of the increases went to faculty and administrative officials who had been receiving raises consistently throughout the years while some "old-timers" received no raises and had not received what some consider a fair raise for some time.

Faculty raises have been given annually for many years. Because of the raises, this University became known for its high-caliber well-paid faculty. It was our pay schedule that helped to bring up faculty salaries throughout the state.

Perhaps it was a feeling that too much emphasis had been put on faculty salaries for too long and not enough concern given to administrative salaries that was one of the factors that prompted the increases last fall.

After questioning by the State Legislature's House finance committee, the Board decided to make a study of the University's entire salary schedule. The salary increases of the last five years were studied by the president, vice president, provost, and the deans. The action of the Board was a result of this study in an effort to equalize salaries.

Correct figures now show that 75 persons received a total reduction of \$56,140. Thirty-eight of the 75 were members of the administrative staff. Their combined decrease was \$41,440. Thirty-seven faculty members received a total decrease of \$14,700.

In addition, 74 persons received a total of \$29,752 in pay increases. Of these, 51 were faculty members receiving an increase of \$19,400 and 23 were administrative staff receiving an increase of \$10,352.

Headlines have made much of the fact that a reduction was made in faculty salaries. The adverse publicity the University is receiving because of this act, which was not nearly so wide in scope as it appears, could affect prospects for attracting new faculty members for many years.

Furthermore, with contracts not yet ready for release, a feeling of uneasiness is bound to invade the excellent faculty we now have.

The unfortunate aspect of this whole situation is that increases were made that now have been adjusted in such a manner that the University receives unfavorable publicity.

### Letter To The Editor

To The Editor:

Having been affiliated with a book store concern for eight years, I feel I'm qualified to make some remarks concerning the letter of March 6 that appeared in the NEWS. The major concern was the cost of college textbooks.

Obviously Miss Link didn't have the facts straight. She spoke of profit—College texts carry the lowest profit in the business world. Markup on textbooks is 20 per cent as compared to 40-75 per cent on items such as clothing, jewelry, "all necessary cokes," etc.

Secondly, this 20 per cent mark up doesn't represent profit. Employees don't donate their services, and electric and gas companies don't give away their commodities either. Economists say that 20 per cent should be allowed for wages and operating expenses. When textbooks are only marked up 20 per cent how much profit is that?

There are many factors involved in buying used books. Among these are: Is the book a current edition and will the school continue to use it? Take an \$8 book that was bought used and is still being used by the school—the used price is \$6. You will receive \$4 when you sell it back. It cost you all of \$2 to use the book for a semester, or maybe two semesters in some cases.

Miss Link should realize any business is dependent on profit to stay solvent. Had her parents not benefited from someone's profit in the past, she would very probably not be in school at all.

It also should be mentioned that the publisher sets the price for every book not the bookstore. Had Miss Link attended BGSU four years ago when there was only one bookstore, she would have found only new books could be purchased and the University book store would not buy them back.

Thomas L. Neuman

ARITHMETIC MADE SIMPLE—Examining one of the many devices used in teaching elementary school children how to count is Richard I. Dargo, a senior majoring in elementary education. Dargo is a student assistant in the department of education and plans to enter the teaching profession.

### College Circuit

By Vern Henry

OU is no longer OU. That's the latest news flash from the Columbus Sunday Dispatch, which quoted some Ohio University officials as saying that the use of "OU" is on the way out.

The Dispatch release stated that Ohio University might be a wee bit jealous of its big brother, Ohio State University, and that this might be the reason for hoping that persons will stop calling the smaller school "Ohio U" or "OU."

"When you see the name of a school frequently followed by the abbreviation 'U', it reminds you of a small college," said David Keller, director of university information at Ohio University.

Strongly entrenched habits face a marked change if the new campaign is to be successful. Campus slogans, songs, placards, and publications must be changed. Fraternities, sororities, and other groups may have to change the lyrics of some of their songs.

Some administrative officials have "piggy banks" on their desks into which they contribute a nickle every time they are caught using the words, Ohio U or OU.

One of the letters stated, "Once

this despicable nickname has been banished forever, it is hoped that we may turn to more serious issues such as "Do our school colors, green and white command as much respect as do the colors of larger universities?"

#### Big City Atmosphere?

Another letter-writer had this to say, "I am proud to say that I attend Ohio U. when someone in the outside world asks me where I go to school. They may comment that they wouldn't like the idea of studying in the atmosphere of a city as big as Columbus, but I am usually capable of clarifying the difference between Athens and Columbus."

The next letter was written by two Ohio University coeds who did not spare the words as they lashed out against name proposal. "We believe that higher prestige is naturally correlated with raising standards; it is not enough to attempt to alter the school's image without improving or changing some of the present conditions; underpaid faculty, too many classes taught by graduate assistants or instructors without doctorate degrees, 'micky' courses, dilapidated physical surroundings, classes too large to be taught effectively, low entrance requirements, too few rewards and incentives for exceptional students, lack of motivation for individual research, and lack of intellectual stimulation.

"Until we have improved in these areas—what's in a name?"

## College Dean Relates Busy Office Activities

By Jim Draeger  
Staff Writer

Ever thought about becoming a college dean? Have you dreamed of having a modern office, secretaries, receptionists, a large desk covered with important-looking papers, and of course, those coffee breaks at the Union with the rest of the University elite? Let's look at this carefree life of a college dean.

Located on the second floor of the Administration Bldg., Room 209, is the office of Dr. John E. Gee, dean of the College of Education. This is the office for which any one of the 3,500 students in the College of Education most likely will head whenever he or she has an academic problem.

One can walk into the dean's office practically anytime of the day, and find at least a couple of students waiting to see Dean Gee, or possibly Dr. William E. Harrington, assistant dean of the College of Education. Perhaps Mrs. Alleyne Jackson, the office receptionist, can take care of their problem.

To handle the many jobs within the dean's office, Dean Gee has a sizeable staff of assistants. Besides assistant Dean Harrington, there are two assistants to the dean who work one-fourth of the time, a full-time secretary, a full-time receptionist, a part-time secretary who takes care of all correspondence, and three part-time students.

The chief function of the dean's office, according to Dr. Harrington, is policy-making. The dean is one of four main channels in directing University policy—the Board of Trustees, the President, the Provost, and the Dean. The dean must serve on all major committees; two of the more important committees are the academic council, and the graduate council.

A second function of the dean's office is record-keeping. And with 3,500 students in the College of Education, this is a large chore. It is this office which is responsible for keeping an account of the progress of these students.

Academic records are kept of each student. These are contained in two files—one for active or full-time students, the other for part-time students. The academic card which each student fills out when he registers each semester goes to the office of the dean. This enables the office to locate the student when necessary.

Grades are recorded twice a year. Figuring five courses per student and 3,500 students in education, this gives a total of 17,500 grades to be recorded each semester. Besides recording the grades, the office must figure point averages to determine the student's status. Also, the point average of the student's major must be computed. Students must maintain a minimum point average of 2.25 in their major in addition to the minimum of 2.0 required for their total cumulative point average. This is necessary not only to graduate, but also in order for them to do their student teaching. Students also must show a proficiency in English—a "C" or better in English 102, or the equivalent.

Another important job of the dean is to approve all initial teaching certificates regardless of whether they are for elementary, high school, administration, or special areas.

Also, Dean Gee is responsible

for all catalog changes pertaining to the College of Education. This requires about forty hours of work each year.

The dean or his assistant must talk individually with each of 650 seniors concerning graduate deficiency. This is done in two weeks, which means that he must talk to one student every 10 minutes. Furthermore, the student's graduate deficiency list is checked before the student comes into the office. This requires approximately six weeks time of one office worker.

A third major function of the dean's office is to handle student traffic. This includes the many students who come into the office seeking advice, or those students who have been called into the office for various reasons. To handle this flow of students is the job of the receptionist.

Within the first two weeks of this semester, 681 schedule changes were made. This represents 20 per cent of the students in education. Some of these changes were made because students had to repeat courses; others were due to students going on warning, but the majority of changes were the result of personal choices of the student.

Last semester, Dr. Harrington talked to 274 students regarding class attendance. Averaging 20 minutes per student, this amounts to more than 91 hours.

This office also serves as adviser for the 1,200 elementary education majors, and as parent adviser for all education students.

One of the most distasteful problems of the dean's office is that of academic status. Last semester 123 freshmen were dropped for academic reasons. Of this number, approximately three-fourths either called or visited the office with their parents. Of the 199 students dropped in the College of Education, most will re-apply. All of these students must be approved by the dean.

Dean Gee dictates about 20 letters every day. Most of these are to returning students and to part-time students who are teaching, but still are working for their degree. These persons constantly are writing and calling to find out their requirements.

The dean's office serves as an advising center. Each summer it must schedule about 1,200 freshmen. This takes place during the five weeks of orientation.

It serves as an information center to the 3,500 students in education. This is quite a chore when one realizes that these 3,500 students can have 25 different majors, and each student wants to know what is best for him.

This is a brief picture of the dean and his office. Attending meetings, counseling students dictating letters, and making policies keep the dean, and his staff busy. Still interested in being a dean?

### Discussion Groups

Current steel-labor negotiations and a reading of selected poems will be the topics of Cobus and Books and Coffee respectively this week.

#### Cobus Hour

A. F. Connors, assistant director of public relations for the Republic Steel Corporation of Cleveland, will speak on "Your Stake in Steel's Good Health" at 3:30 p.m. tomorrow in the Pink Dogwood Room. "This talk is particularly appropriate in view of current steel-labor negotiations," said Dr. John R. Davidson, assistant dean of the College of Business Administration.

#### Books and Coffee

Miss Janis J. Pallister, instructor in romance languages, will read several of her published poems at the meeting of Books and Coffee, Thursday at 3:30 p.m. in the Ohio Suite.

Miss Pallister has had a number of her poems published in both professional and collegiate publications since 1945. Her poetry has been published in three languages. Miss Pallister also has a book of selected poems in preparation entitled "Now Against Crystal."

### Lost And Found

LOST—Brown teddy bear which was thrown out of a third floor window of Founders Quadrangle at 12:45 a.m. Wednesday, March 7. Sentimental value attached. If found contact Joanne Buzek, 303 Lowry.

The downtown Lazarus store, in Columbus, Ohio has four parking garages—one indication of the planning-for-growth approach of this major retailing institution. Lazarus is a 1,200,000 sq. ft. downtown store with branches planned for late 1962, and 1964.

## Lazarus Representatives from Columbus, Ohio will interview on Campus

TUESDAY AND WEDNESDAY  
MARCH 20th AND 21st

Seniors, both men and women, regardless of major, are invited to learn of the almost unlimited opportunities for rapid advancement and financial growth with Lazarus, in Columbus, Ohio's largest department store.

Interviews will be conducted for the following fields of interest:

- Merchandising
- Advertising
- Store operations
- Finance
- Restaurant Management
- Personnel

Qualities being sought are ability, initiative, and imagination. Lazarus top-notch training program takes over from there. The program is designed to stimulate trainees by placing them in decision-making capacities, and this, in relatively short time leads to important executive positions.

Opportunities abound in retailing, especially with Lazarus in Columbus... investigate now by contacting your Placement Office, and arrange an interview with Lazarus Executive Development Director.

# Swimmers Win MAC Championship At Miami

**CHAMPIONSHIP CONTRIBUTORS** — This quartet of Falcon swimmers, from left, Barry Walsh, Marty Schenk, Howard Comstock, and Gary LaPrise were valuable point winners in the MAC swimming championships at Oxford last week end. Walsh grabbed a third and fourth in the freestyle sprints and anchored the 400-yard medley relay

team to victory. Schenk won both butterfly races in his first championship appearance and Comstock took two thirds in the backstrokes. LaPrise, who won seven individual titles in three years, won the 50 and 100 yd. freestyles.

By Ron Geiser  
Sports Publicity Office

Swimming Coach Sam Cooper ought to enter the prognostication business after his recent feat of accurately predicting the outcome of the Mid-American Conference tank championships.

A week ago the veteran swim mentor said that "a point total of about 100 should be sufficient to take home the title," and that "our team should be pretty close to 100, though Western Michigan's depth could lift them that high, also."

When the ripples had cleared from Miami University's Billings Natatorium Saturday afternoon, the scoreboard read: Bowling Green 107, Western Michigan 81, Kent State 75 and Miami and Ohio University 62. The Falcons had won their sixth MAC swim title in the past seven years.

There probably were two turning points in this tenth annual meet, both of which favored the Falcons. The first came in the preliminaries of the 200-yard butterfly when Miami's Dave Metz was disqualified, leaving the finals all to BG's Marty Schenk, Roger Southworth, and Wayne Stiffler, who finished first, second, and third for 16 of the event's 22 points. Those points shot the Falcons from last place into first for the remainder of the meet.

The other BG break came in the finals of the 100-yard breaststroke, when Western's Joel Gaff was disqualified after he had taken first place, giving Rick Pixley first place and subtracting seven points from the Bronco total. Only a miracle could have saved the favored Michigan team after that.

### Falcons "High" For Meet

Although these two events were significant to the point outcome, it is doubtful the final results would have been different because this BG team was mentally "high." "Of all our six championships, this is the most satisfying," Coach Cooper said, following the tradi-

tional dunking after the meet. "We weren't favored, but the boys went out and proved they wanted to win more than any other team. It was inspiration and enthusiasm that won it. I'm really proud of each boy."

Every one of Bowling Green's entries contributed to its team total of six firsts, five seconds, four thirds, three fourths, and three fifths. No other team had more than three first places. The meet was the most well-balanced in history, as the 62 point total for the last place teams was a league high. Oddly, BG's point margin of 26 was the largest since its 47-point lead over Miami in 1956.

All-American Gary LaPrise and sophomore Marty Schenk were double winners for the Falcons, and LaPrise missed by an eyelash of becoming a three-event champion for the second straight year.

LaPrise established pool and MAC records in the 50 and 100-yard freestyles with times of :21.9 and :49.7, and would have done the same in the 220-yard freestyle except for Miami's Joe Shaw.

Shaw and LaPrise matched stroke for stroke in the meet's most exciting event, and both were clocked in identical times, with Shaw getting the judges' decision. LaPrise got revenge in the 100-yard sprint, edging Shaw by .6 of a second.

### Schenk Tops Butterflies

Schenk earned his gold medals by getting BG off on the right foot both Friday and Saturday with wins in the butterfly races. His times were 2:21.3 and :57.2, topping teammate Southworth's 2:26.3 and :58.1. Southworth, who joined the team only five weeks ago, was one of the meet's surprises. He also was a member of BG's winning medley relay team. Stiffler was another whose improved performance helped team morale.

Pixley, second in the 200-yard breaststroke to Western's Gaff, turned in his best time of 1:06.5 in the 100-yard breaststroke win. He also helped the medley relay team to victory.

Pre-meet speculation was that the 400-yard medley relay would decide the championship, but to BG's Dan Yost, Barry Walsh, Pixley, and Southworth it was just icing on the cake as they turned in a 3:54.0 time that beat WMU by 4.4 seconds.

### School Records Fall

One of the outstanding achievements by BG swimmers was that they broke eight of the 14 school marks on their way to the team title.

LaPrise rewrote his own records in all three freestyle events, though his 220-yard time was adjusted to read 2:06.6. Schenk's 2:19.6 and :56.9 in the preliminaries bettered his own and Ron Cochrell's times in the butterflies. Pixley's 2:27.3 and 1:06.5 topped Paul Vogel and his efforts in the breaststrokes, and the medley relay team edged the mark set earlier this season by Howard Comstock, Pixley, Schenk, and LaPrise.

Comstock, last year's double winner in the backstroke, picked up thirds in those events and a fourth in the 200-yard individual medley for valuable depth points. Kent's John O'Donnell was a double winner in the backstroke and Shaw got his other win in the medley.

Walsh ended his MAC career with a third in the 50 and a fourth in the 100-yard freestyles, in addition to anchoring the victorious medley team. Yost was another important cog, with a second in the 20-yard backstroke and a fourth in the 100-yard backstroke. Diver Bob Knauer, who only a month ago was resting a dislocated shoulder, finished fifth in the one-meter diving.

Other winners in the three-day meet were Ohio's Chuck Woodlee in both diving events and Bob Chrysler in the 440-yard freestyle in 4:48.6, and Western's Gaff in the 200-yard breaststroke in 2:26.4, Beau Toll in the 1,500 meter freestyle in 19:05.4, and the Bronco freestyle relay team in 3:33.0.

### All-MAC Selections

Bowling Green has placed two players on the All Mid-American Conference basketball team. Nate Thurmond and Buich Komives received unanimous approval of the seven MAC coaches.

Rounding out the first team were Toledo's Larry Jones, also a unanimous pick. Western Michigan's Manny Newsome, and Miami's LaVern Benson.

Newsome and Komives, both sophomores, finished first and third in MAC scoring with 305 and 276 points respectively. Benson, a senior, was second in scoring with 298.

## Coed's View

By Donna Marcis

While walking through the Women's Bldg. the other day I overheard a group of girls saying, "I hated to get up so early on Saturday morning, but it sure was worth it to go skiing."

In investigating the matter, I learned that the Outing Club's last activity had been a skiing trip to Michigan.

Twenty-six coeds, all members of the Outing Club, left Bowling Green early Saturday morning, for the Alpine Village Skiing Resort, located about 25 miles north of Ann Arbor.

"There were a lot of tumbles and bruises, but no serious injuries resulted," remarked Miss Struzinsky, club adviser. "We just had a lot of fun and we hope to be able to go skiing next year."

Future Outing Club plans include a breakfast cookout at Bowling Green's City Park in April and a two-night trip to Van Buren State Park in May.

A meeting will be held at 4 p.m. Wednesday, March 21, in the Women's Bldg. for all persons interested in playing intramural golf. The Golf Club is planning a co-ed tournament in the spring.

The intramural basketball tournament is underway with Lowry 3, the Crackshots of Prout, Lowry 4, and the Teamsters still undefeated.

Seventeen bowling teams will be participating in the intramural bowling tournament that is scheduled to begin soon. The teams, and the days they will play, are as follows:

Monday, Alpha Chi Omega, Alpha Gamma Delta I, Lowtreeds, and Crazy Pinhitters; Tuesday, Alpha Xi Delta, Gutterdebs, Pinsetters, and Jollytreks; Wednesday, Lowry Plus 1, Phi Mu, Mixers, and Chi Omega; Thursday, Alpha Gamma Delta II, Moonettes, Kappa Delta, Whiz Kids, and Gamma Phi Beta.

### Phi Delts Widen Bowling Lead

Phi Delta Theta opened up a full 4 1/2 point lead, widest margin of the season in fraternity league bowling, with a four-point sweep over fading Tau Kappa Epsilon, while nearest contender Phi Kappa Psi was dropped by a red-hot Kappa Sigma quintet.

With all five members in the 500 bracket, Kappa Sigma drew into a second-place tie with the Phi Psi's, blasting a league record season high series of 2,676. Paul Schmitt finished with a 243 game for a 558 series followed by Gary Cerny, 557, Bob Buzogany, 536, Bob Schwemer, 520, and Krank Zadell, 507. The Phi Psi's posted four 500's headed by Dave Schnitzler with 540, Neil Sanders, 530, Lloyd Vaughn, 526, and Jim Mericle, 507.

Led by Herb VanWinkle's 554, the Phi Delts blasted the TKEs with support from Don Nelson, 548, and Dick Kirby, 543.

### Instructors Needed

An unlimited number of assistant instructors is needed to help teach basketball clinics to fifth and sixth grade boys in the elementary schools in Bowling Green.

Instructors are needed from 3:30 to 4:30 p.m., Monday through Friday, to help Chuck Mayers, head basketball coach at BGHS.

Interested students should contact the secretary in the HPE office in the Men's Gym.

LUCKY STRIKE presents: **LUCKY TUFFERS**

"PARENTS' WEEKEND"

"We wanted you to be the first to know, Mother... Mother? Mother?"

"Mom! Pop! Come on in and meet my roommates."

"Now you boys see that my Jimmie gets to bed by 10:30, won't you?"

"ARRRRGH!"

"I'm afraid your father's a little burned up about your grades, dear."

BREAKING THE ICE FOR DAD. When Dad comes to visit, help him bridge the years with questions like this: "These old ivy-covered buildings never change, do they?" "Say, aren't those girls the cat's meow?" "Dad, do you remember how great cigarettes used to taste?" Then inform your Dad that college students still smoke more Luckies than any other regular. He will realize that times haven't really changed. He'll be in such good, youthful spirits that he'll buy you a carton.

CHANGE TO LUCKIES and get some taste for a change!

# 16 Fraternities Pledge Total Of 85; 5 Groups Reach Quotas Of 70 Men

Sixteen social fraternities pledged 85 men in open rush as of 5 p.m. Thursday.

Eight fraternities, Alpha Tau Omega, Kappa Sigma, Phi Delta Theta, Phi Kappa Tau, Pi Kappa Alpha, Sigma Chi, Sigma Phi Epsilon, and Theta Chi, ceased open rush procedures at 5 p.m. Tuesday after having reached their quotas of 70 members.

The quota, as specified in the open rush rules for the second semester, includes all active members and pledges, and seniors who expect to be graduated in June.

Fraternities which did not reach the quota may continue open rush until May 4 or until the 70-member quota is reached.

The men who pledged in open rush are:

**Alpha Tau Omega**  
Richard C. Saylor, Rex L. Gislard, Fred K. Fore, Eddie E. Kopf, Richard S. Huling.

**Beta Gamma**  
George M. Lowrey, Knut Dahl, Ronald H. Heames, Warren H. Phillips.

**Delta Tau Delta**  
Daniel L. Becker, Ronald J. Tvorik, Clarence A. Latimer, James W. Thomas, Jerry E. Ericson, William H. Wohler, Thomas A. Soback.

**Delta Upsilon**  
Bill P. Lantz.

**Kappa Sigma**  
Roger D. Southworth, Gary D. Weaver, Allen J. Mroski, David M. Campana.

**Phi Delta Theta**  
Raymond B. Bell, Phillip I. Baldwin, Truman L. Martin, Rich-

ard L. Acierio, James F. Wisser, Edward N. Bettridge, Lynn E. Robinson, Gary J. Sherman, John A. Moyer, Anthony T. Trent, John S. Provost, Robert W. Maurer, Kenneth R. Hockman, Gerald D. Harris.

**Phi Kappa Psi**  
Howard E. Aldrich, James E. Smith, Charles F. Morris, Alan L. Johnson, Carl L. Yeager, Gary A. Ruggiero, Richard N. McGreevey, Roger R. Renz, B. Lyle Thompson.

**Phi Kappa Tau**  
Walter A. Rastetter, Gary A. Hicks, Harold W. Wilson, Frank Bednarek Jr.

**Pi Kappa Alpha**  
William L. Tackus, Robert E. Traul, Norman J. Limpert, John R. Milburn, Michael P. Judge, Gilbert E. Scharfenberger, Donald W. Hall Jr., Stephen G. Knox.

**Sigma Alpha Epsilon**  
Richard E. Fischer, Giles J. Davis, Frank T. Chucko, David P. Ascher, Thomas H. Payne, Gary L. Rice, James H. Castle.

**Sigma Chi**  
Clyde T. Patterson, Tom L. Rudolph, Thomas P. Reicosky, Robert F. Dwors, Donald R. Marich.

**Sigma Nu**  
Donald H. Cipollo, Thomas B. Pincura, Richard E. Cauffman.

**Sigma Phi Epsilon**  
Wayne M. Bettendorf, Paul C. Matchings, Kenneth J. Concar, Gary W. Reckitt, Robert H. White, Ronald H. Ensinger, William F. Deeg, Robert H. Lane.

**Tau Kappa Epsilon**  
Thomas W. Zbinden, William R. Nuss.

**Theta Chi**  
David W. Seline, Robert P. Curtis, Kenneth D. Baab.

**Zeta Beta Tau**  
Carl J. Blum.

# All-Campus Elections Will Be Held Thursday

Elections for class officers, Student Council members, and Union directors-at-large will be held from 8 a.m. until 5 p.m. Thursday, in the lobbies of Rodgers Quadrangle, Founders Quadrangle, the Union, and the Administration Bldg.

Identification cards must be presented by students in order to vote.

Seniors are eligible to vote on all ballots except for class officer positions.

Student Council positions to be filled by the elections include president, vice president, secretary, treasurer, three senior representatives, three junior representatives, and three sophomore representatives.

Nominees for these positions and their qualifications are as follows:

### President

Robert A. Dimling has an accumulative grade average of 3.3. He is a member of Sigma Chi social fraternity and Omicron Delta Kappa, national honorary fraternity for men. He has served as senior representative for Interfraternity Council and has received the Phi Eta Sigma award, an honor presented to a sophomore man who meets certain scholastic qualifications and is outstanding in leadership. He has been a junior representative to Student Council.

J. David Hunger has an accumulative average of 3.4. He is a member of Kappa Sigma social fraternity and of Omicron Delta Kappa honorary fraternity. He has served as president of his sophomore class and as treasurer of the student body. Also, Hunger has been in the Reserve Officers Training Corps rifle team and has received the Phi Eta Sigma award.

John J. Gaertner has an accumulative grade average of 3.1 and is the president of Theta Chi social fraternity. Gaertner transferred from John Carroll University where he served on Student Council. At Bowling Green, he has been a member of IPC and has been scholarship chairman for Theta Chi.

### Treasurer

Robert W. Chism has an accumulative average of 3.3 and is a member of Alpha Tau Omega social fraternity. He is a sophomore representative to Student Council and has been president of

his freshman class and an orientation leader.

Joseph E. Martini is a counselor in Rodgers Quadrangle and has an accumulative grade average of 3.1. He is vice president of the Society for the Advancement of Management and the secretary of the pledge class of Sigma Chi social fraternity. Martini transferred from St. Charles College in Baltimore, Md.

### Secretary

Melinda L. Mathews has an accumulative average of 3.4 and has been the recording secretary for the Association of Women Students, president of Harmon Hall, and has served on the Leadership and Service Board. She was Greek Week co-ordinator and a residence hall counselor.

Judy G. Snodgrass is secretary of the junior class and has been secretary of Phi Upsilon Omicron home economics honorary sorority. She has served on the Greek Week carnival committee.

Sandra L. Berry, a member of Alpha Phi social sorority, has an accumulative average of 3.0. Miss Berry is a member of Phi Beta Lambda, the business education organization and of Pi Omega Pi, the business education honorary society. She has served on the Health Advisory Committee and has been chairman of standards for Alpha Phi.

### Senior Representative

Charles S. Eberly, a member of Sigma Phi Epsilon social fraternity, has an accumulative average of 3.17. He has been vice president and secretary of Alpha Phi Omega, national service fraternity, member of Gamma Epsilon, the honor society for students of German, and a member of the Chemical Journal Club. Also, Eberly has been activities and historical chairman of Sigma Phi Epsilon.

Dianna L. Kellogg, having an accumulative average of 2.9, has been second vice president of Alpha Chi Omega social sorority. She is also a member of the health and physical honorary society Delta Psi Kappa, secretary of the Student Spirit and Traditions Board, Orientation Leader, member of the Physical Education Majors and Minors Club, and a member of the World Student Association.

Pat A. Lewicki is a member of Alpha Xi Delta with an accumulat-

ive average of 3.1. Miss Lewicki has been treasurer for the Association of Women Students and the junior representative to Student Council. She belongs to Sigma Tau Delta, English honorary society.

Janice A. Towey has an accumulative average of 3.1. She is a member of Kappa Delta Pi, national honor society in education, Tau Beta Sigma, national women's band recognition society, and Kappa Delta social sorority. Also, Miss Towey is a member of the Association for Childhood Education, the Newman Club, Prout houseboard, and the marching and concert bands.

Larry S. Scherzer is a member of Zeta Beta Tau social fraternity with a grade average of 2.8. He has been a member of the Union Activities Special Features Committee, Pershing Rifles, IFC, and treasurer of his fraternity.

Sally J. Schweizer has an average of 2.8. She has been secretary of Williams Residence Hall and a counselor for Kohl Hall. Miss Schweizer also participates in Women's Intramurals.

### Junior Representative

Frederick W. Richards is a member and pledge trainer of Alpha Tau Omega social fraternity with a grade average of 2.9. Richards has been a member of the Pershing Rifles and the Student Communications Board.

Stephen E. Markwood is a member of Sigma Phi Epsilon with an accumulative grade average of 2.7. He has participated in the Pershing Rifles and on the Orientation Board.

Barbara A. Hursh is a member of Chi Omega social sorority and has been recording secretary for the Association of Women Students. Miss Hursh previously was chosen the A.W.S. Outstanding Woman, as "All-Harmon Girl" and as recipient for the President's scholarship of \$300.

Carol S. Fenn is a member of Delta Gamma social sorority with a point average of 2.9. She has served as A.W.S. corresponding secretary and as president of Lowry Hall.

Richard E. Coleman is social chairman of Kappa Sigma social fraternity with an accumulative average of 3.1. Coleman has participated in the Pershing Rifles, the Union Activities Organization, and has played intramural football and basketball.

Ruth A. Hartman is a member of Alpha Gamma Delta social sorority with a grade average of 3.8. She has belonged to the U.A.O. and to A.C.E. committees. Miss Hartman also received a scholarship.

Linda J. Sullivan is a member of Alpha Delta Pi social sorority with an average of 3.1. She is counselor of Shatzel Hall, chairman of the Office Committee in the U.A.O., and a member of Kappa Phi, national Methodist college women's club. She is also in PEM Club and Women's Intramural Association.

### Sophomore Representative

Juanita A. Nada with an accumulative grade average of 3.4 has received a University scholarship. Miss Nada served on her high school Student Council and on the newspaper staff. She was also the head majorette in her high school.

Sally L. Williams was vice president of Mooney Hall and a finalist in both Speech 102 Contest and Miss BGSU Contest. She has an accumulative average of 3.9.

Charlotte M. Holdash has an average of 3.1 and was president of Harmon Hall. She has served on the A.W.S. Legislative and Judicial Boards. Also, Miss Holdash has participated in the Workshop Players, on the Inter-dormitory Board, and on the Key staff.

Robert F. Sprague, with a 3.4 accumulative grade average, received a scholarship and is chairman for the Food Committee of Rodgers Quadrangle. During high school, Sprague played basketball, was treasurer of his freshman class, and participated in the Future Teachers Association.

Philip L. Ainulla, with an average of 2.9, has been president of his school Student Council, president of Wayne County Area Student Council, and president of his freshman and sophomore classes. He also has attended the National Association of Student Councils' Leadership Workshop in Colorado. At Bowling Green, Ainulla has been on the Varsity Debate Team and a member of Press Club.

Kathleen Coutlett has an average of 3.2 and has been vice president of her freshman class. She has belonged to Sigma Alpha Epsilon, A.W.S., and to A Capella Choir. Miss Coutlett belonged to the National Council for United Presbyterian Church during high school.

Edward M. Bixler has an average of 2.8 and has served as dormitory representative to the U.A.O. In high school, Bixler was freshman representative to Student Council, treasurer in both sophomore and junior years, and president of the Future Business Leaders of America.

### Union Directors-at-Large

Mollie Hamel, sophomore; Michael L. Sanders, sophomore; Marilyn E. Millikin, sophomore; Carol S. Griffin, sophomore.

## Students May Cast Absentee Ballots

Opportunities for student absentee voting in the all-campus elections will be available from 6 to 7:30 p.m. Wednesday, in the Student Activities Office, 105 Moseley Hall.

Absentee voting is for students who will not be on campus during Thursday's election period and who wish to vote in the elections. Students must present identification cards in order to vote.

## Court News

### Violation of Voting Rules

Samuel E. Mizener, Kathy J. Battles, Richard L. Shoemaker, Judith A. Chapley, Shelley T. Bell, and Georgene L. Pashkevich, not guilty.

### Second Parking Violation

Gary L. Schommer, fined \$3, ordered to attend three consecutive court sessions.

## It's what's up front that counts

**FILTER-BLEND** is yours in Winston and only Winston. Up front you get rich golden tobaccos specially selected and specially processed for filter smoking. Smoke Winston.

B. J. Reynolds Tobacco Co., Winston-Salem, N. C.

**WINSTON TASTES GOOD like a cigarette should!**

## Kampus Kaleidoscope

### Coming

Kappa Delta Pi, national education honorary society, the Association for Childhood Education, and the Bowling Green Student Education Association—will have a combined meeting at 7 p.m. tomorrow in the ballroom. Mrs. Paul F. Ward of the Board of Trustees will be the guest speaker. She will talk on the future of the University.

**Marriage and Romance Seminar**—Will hear Dr. William S. Rothe, Bowling Green physician, speak at 3:30 p.m. tomorrow in the Ohio Suite. Dr. Rothe's speech will deal with the physical aspects of romance and marriage. United Christian Fellowship sponsors the weekly seminar.

**Math Help Session**—Will feature Dr. Louis C. Graue, associate professor of mathematics, who will lead a group counseling session for residents of

## Hunger, Dimling

Rodgers Quadrangle who are having difficulty with Math 121 or 122. The program will be at 8:15 p.m. tomorrow in the mezzanine lounge in Rodgers.

**Beta Beta Beta—National recognition society in biology.** Will meet at 7 p.m. tomorrow in 204 Moseley Hall. Dr. Benjamin G. Rosenberg, associate professor of psychology, will speak on the subject of brain damage. A regular meeting will follow Dr. Rosenberg's talk.

**The Special Events Committee of Conklin Hall**—Will sponsor a card tournament beginning tomorrow. The tournament is open only to residents of Conklin. Entrance forms are available in the lobby of Conklin. Four types of card games will be played: Bridge, Hearts, Pinochle, and Euchre. Trophies will be awarded to the winners in each category.

**Lenten Services**—Conducted by Father John Oliver, will be held in the Newman Club Chapel for the remainder of Lent with sermon and benediction at 8:30 p.m. tomorrow and Stations of the Cross at 7 p.m. on Fridays.

**Residence Hall Food Service Committee**—Will hold its monthly meeting at 7 p.m., Thursday. Each representative has forms available on which residents of Rodgers Quadrangle can list their complaints about food or service in the Commons.

**Rodgers Quadrangle**—Will meet at 10 p.m., Thursday for its residents to begin formation of a constitution for Rogers.

**Inter-Varsity Christian Fellowship**—A non-denominational organization, will meet at 8:30 p.m. Friday in the Wayne Room. The film "Brazil, the Awakening Giant" will be presented.

## Religious Speaker

(Con't. From Page 1)

Dr. Friedman called the Biblical covenant the true center of Biblical Judaism along with the Biblical dialogue.

"What is asked by the covenant but to sacrifice our whole lives. is not to sacrifice our first son. This is a much easier but a much harder thing to do," he said.

Dr. Friedman appeared in the second segment of the Religious Emphasis series which is replacing Religious Emphasis Week.
