25 Visiting Educators Teach Summer Classes

The 1963 Summer Sessions have attracted 25 visiting faculty members to the campus from Ohio, five other states, and New Brunswick, Canada.

Coming to the University from Fredrickton, New Brunswick, is Mr. Maurice P. Boone, librarian at the Legislative Library in Fredrickton. Mr. Boone is at B.G. for the first session and will teach in the department of library science.

Mr. Dano Faries, an elementary principal from West Covina, Calif., will serve in the department of education during the second session. Also teaching in the department of education is Dr. J. Howe Hadley, professor of school administration at the University of Alabama; and Dr. Alfred Schwartz, professor of education and dean of the University College of Drake University in Iowa.

Dr. David L. Smiley, associate professor of history at Wake Forest College, Winston-Salem, N.C., will be teaching in the department of history during the second session.

Mr. Larry Grisvard, director of Theatre at Southeast Missouri State College in Cape Girardeau, Mo., will be working at the Huron Summer Playhouse.

Other visiting faculty members and their regular positions are: Miss Virginia Baker, supervisor of the Division of Special Education, Ohio Department of Education; Dr. James Bond, chief psychologist, Toledo State Hospital; Mrs. Marie Burkhart, librarian, Ottawa Hills High School; Dr. Helen Calaway, professor and chairman of Home Economics at the University of Toledo;

Michael J. Connolly, instructor in speech and English at St. Joseph's High School, Fremont; Mrs. Elizabeth Fall, elementary supervisor, Ottawa County Schools; Mrs. Mary Gross, teacher of slow learners, Bowling Green City Schools; Miss Esther Hayhurst, teacher of history, Bowling Green High School.

Mrs. Marie Hull, psychologist, Bowling Green City Schools; Dr. Robert McCracken, Superintendent

Panel To Discuss Hospital Services

"Changes in Hospital Services" will be the subject of a panel discussion by four faculty members of the University at the meeting of the Northwest District Council of the Ohio Hospital Association this afternoon at 1:30 p.m. in the Ohio Suite.

Panelists will be Dr. H. Theodore Groat, instructor in sociology, will speak on "Social Change"; Dr. Ralph W. Frank, associate professor of geography, whose subject is "Geographic Change"; and Dr. William B. Elderbrock, University physician, who will discuss "Future Hospital Populations."

Panel moderator will be Dr. Raymond W. Derr, professor of journalism. The public is invited to attend, he said.

ent of Schools, Bowling Green City Schools; Miss Lucile Mitchell, teacher of special reading problems, Findlay City Schools; Mrs. Joyce Place, elementary teacher, Lake Schools.

Mrs. Charles Presar, teacher of speech, Oregon City Schools, and director of the Toledo Repertory Theatre; Dr. Ralph Purdy, professor of education at Miami University; Mr. James Rudder, supervisor of special education, Southwestern Schools; Mrs. Louise Schaefer, reading consultant, Wauseon Public Schools.

Mrs. Emily Schaller, junior high school reading teacher, Toledo City Schools; Mrs. Martha Strickler, teacher of slow learners, Toledo City Schools; and Mrs. Sue Welty, reading counselor, Maumee City Schools.

NEA Executive To Talk Today

Dr. Karl H. Berns, the National Education Association's assistant executive secretary for field operations, will be the featured speaker at the UAO's first session of "Thursday Topics."

Dr. Berns, a "man on the move" both in and out of his official duties, will speak at 3:30 p.m. this afternoon in the White Dogwood Room.

"A native of Ohio, and holder of five degrees, Dr. Berns will bring a message of importance to all interested in the battle for the minds of men," stated Richard A. Lenhart, program director of the Union.

In addition to the honorary doctorate, Dr. Berns holds four earned degrees, a B.S. in education from Kent State University, an M.A. from the University of Akron, an LL.B. from William McKinley Law School, and a Ph.D. from the Ohio State University.

As assistant executive secretary for field operations, Dr. Berns' responsibilities include three major services of the Association—the field program, membership promotion, and service to state and local associations. His duties take him to all sections of the United States. He has lectured in all 50 states, Puerto Rico, Canada, and Australia.

A native of Navarre, Ohio, Dr. Berns served in the public schools of Ohio for 19 years, as a rural school teacher, high-school principal, and a superintendent of schools. He was a member of the administrative staff of the Canton Public Schools from 1923-35. From 1935-45 he served as assistant secretary of the Ohio Education Association.

Dr. Berns has contributed articles for a number of professional publications and is the author of "Legal Relationships of School Employees," "Gleaning from the Field," and "In the Eyes of the Law."

Sophomore Class President Dies In Pacific Air Crash

By Philip Airulla
NEWS Staff Writer

The loss Monday, June 3, of a military chartered Northwest Orient Airlines DC7 airliner sent 101 men, women, and children hurtling to their deaths in the squally north Pacific 60 miles off the northern tip of British Columbia's Queen Charlotte Islands.

Among the 101 victims was a Bowling Green State University student—Bernard A. Gresick, a 19-year-old freshman in the College of Business Administration.

Bernard A. Gresick

Freshman President

"Bernie," who was this year's freshman class president and next year's sophomore president-elect, was on his way "home" to Alaska, where his parents now live. His father, Lt. Col. Bernard A. Gresick is stationed with the Army's Alaskan Support Command there. "Bernie" was hoping, after a short visit with his parents, to secure work on an Alaskan fishing boat for the summer. This dream never had a chance to materialize.

The Military Air Transport flight from McChord Air Force Base, near Tacoma, Wash., to Anchorage, Alaska, a propeller-driven, four-engine airliner, crashed

into the sea from a height of nearly three miles after making a routine radio request for a change of altitude at 1:09 p.m., Monday.

The cause of this crash, which became the third worst in history involving predominantly military personnel, has not yet been determined.

Active Leader

Bernard A. Gresick was a very active leader in campus affairs during his freshman year at B.G.

"Bernie" made his first campus-wide appearance in November of last year, when he successfully campaigned for the freshman presidency. On the day of his election to the office he commented, "In all matters that come up, we can only say we will do our best—with the Class of '66 in mind." This he did.

"Bernie" was best known for his long and successful fight in Student Council for more freshman representation on Student Council.

Fresh Representatives

"We see a need for more representation in the Council so that the opinions of the University students will be more adequately and equally represented," stated Gresick at the February 21 Council meeting when he proposed his constitutional amendment.

Under Gresick's leadership the freshman class officers had polled members of the Class of '66 on the proposed addition of three freshmen to Council. The class officers had spent much time and research in writing the proposed amendment.

"Bernie's" leadership had stirred up the freshman class so much that at that first Council meeting, there were more freshmen present lining the walls of the Taft Room listening to Council discuss his amendment than actual members of Council.

Amendment Passes

It was to be a long hard fight for passage of the amendment, but by the middle of May with the majority of three consecutive Council meetings and the approval of President Ralph G. Harshman, the Class of '66 had achieved a victory.

Directing the Class of '66 Charities Ball in March was another of "Bernie's" efforts. Another plan of Gresick's was the setting aside of \$900 from the class treasury for grants to needy members of the Class of '66.

In the recent class election Bernie's fellow class members showed their support of him by re-electing him by more than a 60 per cent majority of all votes cast, with four candidates running for the office.

Varied Interests

"Bernie" didn't restrict his activities to just class affairs alone. He was a member of the freshman baseball and football teams. He had completed the counselor training program, and was scheduled to be a residence hall counselor in Williams Hall for the coming year.

(Con't. on Page 2, Col. 5)

2 Faculty Members Receive Doctorates At Michigan U.

Two Bowling Green State University faculty members received doctorates from the University of Michigan at commencement exercises at Ann Arbor, Mich., on June 8.

Paul Makara, instructor in music, received the degree doctor of

Dr. Paul Makara

musical arts. Oldrich Jicha, assistant professor of business administration, received the degree of doctor of philosophy in business education.

Dr. Makara has the diploma from the Julliard School of Music and bachelor and master degrees from the University of Rochester. He has been soloist with the De-

troit Symphony, Rochester Civic Orchestra, and the United States Marine Band. He joined the BGSU faculty in 1958 and is presently

Dr. Oldrich Jicha

co-concertmaster of the Toledo Orchestra.

Dr. Jicha received the bachelors degree from Western Reserve University and the masters degree from Harvard University. Before coming to Bowling Green in 1949, Dr. Jicha was a technical adviser in the cost accounting department of the Harshaw Chemical Co. He also was a securities analyst, statistician, and economist for the Union Bank of Commerce in Cleveland.

Parents Write Letter . . .

Dear Dr. Harshman:

It is with deep regret and sorrow that I must give you the following information.

Our son, Bernard A. Gresick, class of 1966, was enroute to join us for his summer holiday. As you know, we are a military family and we are required to move on occasions. On Monday morning, 3 June, Bernard was one of 101 persons aboard the Northwest Orient Airlines plane that was lost over the Pacific enroute to Anchorage, Alaska. All aboard were lost and all perished in this tragic accident.

Bernard enjoyed his year at Bowling Green University. As you know, he was an active young man. He enjoyed sports and supported all activities. Last fall he was elected the Freshman class president. We would appreciate it if you could make arrangements to forward a copy or two of the school newspaper articles pertaining to this event. It had a picture of him—this is our primary interest in the article.

We feel that Bernard was well liked by his associates. On my several visits to the Bowling Green University campus, we noted that he did have many friends. We know that you will address the Sophomore class next September. Please mention him to his class. We believe that he would want it this way.

We appreciate everything that Bowling Green has done for Bernard. He benefited by every action; and to all the members of the staff and faculty of Bowling Green State University who had the slightest association with Bernard—I want to say that we thank each of them. Thanks to his counselors, his football and baseball coaches; to Dean Schmeltz, in whose college Bernard was a member; and to the class of 1966, who gave him their support to carry out his duties as the class president. We are proud of Bernard.

If your office, or any other school office has any additional information of interest pertaining to Bernard, please forward it to us. Thanks again to you and all of your staff for making this past year so pleasant for Bernard.

Very sincerely,
Lt. Col and Mrs. B. A. Gresick

Extended Session To Open

Approximately 121 women and 239 men students will be attending the extended summer school session for freshmen from June 17 through Aug. 22.

Freshman women students will be living in Prout Hall, with Mrs. Kathryn Heineman as head resident. Men students will have Mr. Carl E. Schwobel as head resident in Conklin Hall.

About 300 of the students already have participated in the pre-registration testing program. The remaining 60 students will take the tests June 14.

Dr. Paul F. Leedy, provost of

the University, will conduct a program of basic values, designed to "put the students in the right frame of mind to help insure success at the University."

A library orientation program will be conducted by A. Robert Rogers, acting director of the Library. Eugene R. Wilson, co-ordinator of student activities, will conduct the student activities orientation.

The President's Reception will be held at 1:30 p.m. Sunday, June 16 in the Dogwood Suite. Classes will begin on Monday, June 17.

PATRICIA A. KORNOWA stops in the Promenade Lounge for a tour of the graduate art exhibit on display there.

Student Artists Exhibiting Work In Promenade Lounge

An exhibition of graduate student art work will continue through the first session of Summer School, in the Promenade Lounge.

Graduate art students whose work is on view are La Monte Anderson, Clarence Berg, Arlene H. Boileau, John Botts, Jeanne H. Butler, Bernie Casey, David L. Cayton, Mona Lokey, Gene A. Mittler, Dale F. Schmidt, Winona Stewart, and Julie A. Weiss.

These students have been showing their works as partial fulfillment of the requirements for either the Master of Arts or the Master of Fine Arts Degree. The Master of Fine Arts is a relatively new degree program at the University, involving a minimum of two years of graduate work. The first students to be graduated with M.F.A.'s expect to finish

their work this summer.

As an adjunct to the exhibit in the Promenade Lounge, there are additional graduate paintings being shown in the second floor corridor of the Fine Arts Bldg., during the first two weeks of the first Summer Session. These are the works of Karen Kah.

These graduate works are on sale also.

Gresick Dies

(Con't. From Page 1)

In an attempt to perpetuate his memory at the University, a plan is being made to propose to the Class of '66 that the grant fund "Bernie" worked on so diligently to establish be called "The Bernard A. Gresick Class of '66 Grant Fund."

On being asked of "Bernie's" relation to the University, Eugene R. Wilson, coordinator of student activities and adviser to the freshman class, stated, "His motives and actions were always unselfish and he was tireless in his efforts in freshman athletics, in his residence hall, and in the Student Body Organizations. His absence from our campus will leave a vacancy that will be a long time in filling."

Parent's Letter

Several letters of sympathy, including one from President Harshman, have been sent to "Bernie's" parents. His parents sent a letter to President Harshman after learning of their son's death. The contents of this letter have been printed on page two.

HPE Offers Workshops

Three workshops are being offered by the department of health and physical education during the summer sessions.

A physical education and athletics workshop, which began Monday and continues until June 28, is designed to aid physical education teachers and athletic coaches in the conduct of athletic activities at the secondary and college levels. Emphasis is placed on football, basketball, track, baseball, wrestling, swimming, tennis, and golf, and also upon the latest theories and practices employed by coaches today. The workshop is offered for three semester hours of credit.

Mental health and hygiene is the subject of the second workshop from July 1 to July 17. The workshop employs a non-technical approach to mental health principles and their application to teaching. It is also a three-credit hour workshop.

A workshop in driver education will be offered from July 22 to August 2. The workshop is a course for teachers and education students who wish to qualify as high school driver education instructors. The course is for two semester hours of undergraduate credit.

Spring Sports Best Ever

The finest spring sports season in Bowling Green State University athletic history is the composite claim of the 1963 baseball, golf, track, and tennis squads.

The four teams compiled a percentage of .709 on 47 wins, 19 losses and one tie, bettering by a healthy margin the 26-15 record and .634 average of the 1954-55 teams.

Coach Dick Young's baseball team turned in a 17-11-1 slate to finish with the most wins since the teams of Warren Steller during World War II. Five Falcon

Falcon crosses wire first.

regulars finished with averages above .300, including George Verber's .398, Jerry Paner's .351, Bill Gast's .343, Glen Honeycutt's .308, and John Provost's .301.

Pitching leaders for the Falcons, who placed third in the Mid-American Conference, were Jack Thompson with a 5-3 record, 2.47 earned run average and 39 strikeouts in 54.6 innings; Jim Keener with a 3-1 mark, 2.65 ERA and 23 strikeouts in 34 innings; Bob Bahna, 2-3 record, 2.94 ERA and 40 strikeouts in 49 innings; and Denny Stump, a 4-1 record, 4.42 ERA and 33 strikeouts in 40.6 innings.

Coach Forrest Creason's golfers established a BG record with 13 wins and four losses, the most wins ever for the linksmen. They finished second in the Ohio Intercollegiate and third in the MAC championships.

Junior Stu Hughes led the averages for the second straight year with a 76.7 mark, slightly higher than his 74.8 mark of last spring. Senior Skip Wille and junior Dick Ambrose tied for second with 77.1 averages, with senior Chip Heyl just behind at 77.2. Heyl ended his career with a BG record lost mark of 36-13-14.

Movies About Lakes, Festivals Scheduled

The summer's first "Tuesday Travels" session will be held Tuesday at 3:30 p.m. in the Wayne-Harrison Rooms. Two films, "Festival America" and "The Finger Lakes" will be shown. "Festival America" is about some of the many festivals, celebrations and historical pageants in communities throughout the United States. "The Finger Lakes" covers a vacation area across central New York Lakes. The lakes were formed ages ago by the movement of massive glaciers and are one of America's foremost vacation areas.

Coach Bob Keefe's tennis team completed its best season in modern history with an 11-2 record. Only the 1955 team's perfect 13-0 slate can better the current season in which the Falcons recorded eight straight wins before losing to Western Michigan and Toledo.

Junior Lee Murray and Ted Norris compiled 10-3 records at the first two positions to establish new marks there, while Bob Traul's 9-1 mark at No. 6 was another high. Traul ended with the team's best record with 10-1 including a win at No. 5. Tom Manning, another sophomore, compiled a 9-4 record.

Coach Mel Brodt's track and field squad won six of eight for his best track season. Dale Cordova's 9:59.2 timing in the two-mile and Keith Hamilton's 13' 9 1/2" pole vault eclipsed former BG records. Steve Saelzler's :55.8 seconds in the 440-yard intermediate hurdles and Lloyd Kime's 15:04.1 in the three-mile run established records in new events for the Falcons.

UCF Plans Vespers

A weekly Vespers service is being sponsored by the United Christian Fellowship, interdenominational student organization, during both summer sessions.

The service is every Wednesday evening from 6:30 to 7 p.m., in Prout Chapel. Following the Vespers, an informal conversation period is held in the Nest.

Sunday—2 p.m. to 9 p.m.

Enrollment Highs Expected

Enrollment figures have not been tabulated completely but the figures for this summer session appear headed for a record high, Glenn I. Van Wormer, registrar, reports. The final figure on students attending the first summer session last year was 2,408.

Freshman attending the ten-week extended summer session will not enroll until Saturday. Another record enrollment is expected here.

"We are counting on at least 350 freshmen in the extended session, and the figure may go above that," Van Wormer said. This compares to 250 freshmen attending last year's extended session.

"Enrollment in summer school has been increasing from eight

to 10 per cent for the past few years, and this increase will continue being especially noticeable in the next 10 years," said Dr. Ralph H. Geer, director of the summer and off-campus programs.

The trend in the past few years has shown more students going through college on an accelerated program, Dr. Geer said. This is especially true in the College of Education.

Another factor affecting summer enrollments is teachers who have gone to college under the Cadet Program and are returning to college to get their degrees. Also adding to the increase in summer enrollments is the encouragement public schools are giving teachers to return to college in the summer. By taking extra hours the teacher receives an increase in pay.

NATIONAL DEFENSE STUDENT LOAN

Any student who plans to attend the second session of Summer School and who will be in need of a National Defense Student Loan should make application with the Student Financial Aid Office before Thursday, June 20.

BG NEWS, summer edition, will be issued on the following dates—June 13, 20, 27; July 11, 25, August 1, 8, and 15.
