THE BG NEWS **Bowling Green**, Ohio Tuesday, March 31, 1987

Vol. 69 Issue 101

arner sentenced to 3¹/₂ years Judge orders \$22 million restitution payment CINCINNATI (AP) - Former Home

State Savings Bank owner Marvin Warner was sentenced yesterday to 3½ years in prison and ordered to pay restitution of \$22 million for his role in the collapse of the thrift that triggered Ohio's savings and loan crisis in 1985. Within minutes, the multimillionaire

Warner was taken to the Hamilton County jail for processing. Bill Stau-bitz, a Hamilton County sheriff's dep-uty, said Warner could be placed in a section of the jail already occupied by a co-defendant, former Home State pres-ident Burton Bongard.

Common Pleas Judge Richard Niehaus ordered Warner jailed immedi-ately unless he could post a \$22 million bond in cash and securities. Warner's lawyers said he could not meet the bond and began efforts to obtain a state appeals court order to prevent Warn-er's jailing.

William Jeffress, chief attorney for Warner, said Warner would spend the night in jail but that his lawyers would argue today before a three-judge state appeals panel to earn Warner's re-

lease. Warner also was placed on five years' probation, to be served after the 3½-year prison term, and ordered to repay the state \$250,000 for its costs in

prosecuting him. WARNER WAS one of three former Home State principals to be sentenced Monday on their convictions March 2 by a Hamilton County Common Pleas Court jury after a 14-week trial that began late last year.

David Schiebel, a former Home State president, was sentenced to three, 11/2-year prison terms, but Niehaus said he would reduce the actual time served to six months if Schiebel later served five years' probation. Schiebel, who is free on bond, also was ordered to pay

\$25,000 to reimburse Ohio for prosecu-tion costs.

Bongard also was to have been sentenced yesterday, but his sentencing was delayed because of confusion over penalties on the charges for which Bongard was convicted. His sentencing was rescheduled for today.

Warner, 67, dabbed at his eyes with a handkerchief as his lawyers presented a host of character witnesses, including former Ohio Gov. John Gilligan. In his statement to the judge, Warner

said, "I would not recommend to any public official that you do other than

what is proper, what is right. My suf-fering is unimportant, compared with the depositors in the case." Warner added: "There never has been any question about my honesty or integrity. My request would be that you give me the seme justice that you give me the same justice that you would to any individual."

IN HIS STATEMENT, Schiebel's voice broke as he pointed out that he did not realize any profit from the illegal transactions between Home State and a Florida securities dealer, ESM Government Securities Inc.

With my three children, I've always told them the importance of honesty," Schiebel said.

Divest, students tell Foundation

by Diane Docis reporter

At a campus meeting with the investment committee of the BGSU Foundation yesterday, members of the Graduate Student Senate, Under-graduate Student Government and Progressive Student Orga-nization called upon the founda-tion to divest of holdings in companies doing business in South Africa.

"It's easy to say you don't like apartheid, but you have to go beyond that," said Larry Jones, GSS representative. "We're not Gas representative. We're not so naive to believe that divesting the foundation's money will bring the nation to its knees overnight, but at least it's a positive action "

positive action." While USG President Kelly McCoy said students at forums indicated that they favored di-vestment, she said she could not give the committee official stu-dent opinion because USG had

not passed a resolution on divestment.

USG may put the issue on the ballot at the upcoming election, McCov said.

Investment committee members reiterated their anti-apart-heid stance, but said they were concerned the University would lose money if the foundation diverted divested.

"As a member of this board it's my responsibility to maintain, improve and increase the money given to the University," explained Donald Michel. "Very explained Donald Michel. "Very honestly, I would feel terrible if divesting caused us to lose money for even one schol-arship."

THE MONEY divested could be re-invested in other corpora-tions, said a spokes-woman from Ameritrust, the firm which invests the foundation's money. However, other companies have said they would See Divestment, page 3.

Olscamp's efforts improve finances

Editor's note: This is the first in a three-part news analysis of Paul Olscamp's five years as president of the University. Tomorrow's segment will discuss progress made in the area of

student fees will increase by 30 percent next year. Olscamp, who will celebrate his fifth anniversary as Univer-

sity president in April, has lobbied to keep student fees down.

Olscamp said he will continue and has urged members of Faculty Senate to lobby also. Olscamp's other lobbying efforts have resulted in the state legislature giving the University better capital improvement budgets.

Exhibit displays students' art work

by Amanda Stein staff reporter

The talents and accom-plishments of the students in the School of Art are on display this week in the gallery of the Fine Arts building. The 36th Annual Under-graduate Art Exhibit, which

runs through Friday, features both two- and three-dimen-sional works of art submitted by more than 100 student art-

All of the work on display was first done as a class as-signment and submitted to art department professors for approval. Categories range from painting to photography, from ceramics to com-

arts major, has nine pieces in the exhibit this year. Her favorite one, a print entitled "When," won third place in the drawing competition, was nominated for the Medici Cir-cle Purchase Prize and was the recipient of the finest custom framing award. Weber, who has been interested in art since she was very young, said she thinks the area of mixed media art has grown considerably in popularity in the last 20 years. 'You see a lot more of it (mixed media) here this year. There is no specific category – it's just entered under painting. But it's not as traditional. There's more freedom," she said.

The 36th Annual Undergraduate Art Exhibit is being held in the gallery of the Fine Arts building this week. The wide range of art works provides students with many interesting items to view. Roy Davis, sophomore art therapy major, takes a seat on the floor to watch a piece done with computer graphics.

'Platoon' chosen top film

Stone named best director

LOS ANGELES (AP) - "Pla-toon" won the best film Oscar and its creator Oliver Stone received the Oscar for best direc-tor last night at the 59th annual Academy Awards.

" 'Platoon' was a film that showed we can't always win," Stone said as he accepted his Oscar. "This was for the boys who gave their life in Vietnam. They are the true become do They are the true heroes, deserving of awards.

"I'd like to thank everyone who agreed with my passion in making this film," he said. "I will treasure this forever."

Paul Newman, who had failed Paul Newman, who had failed in seven previous tries, was named best actor for his lead role in "The Color of Money." Marlee Matlin, a deaf performer making her film debut, won the best actress Oscar for "Children of a Lesser God," while Woody Allen's "Hannah and Her Sis-ters" brought him an award for ters" brought him an award for best screenplay and supporting acting honors to Dianne Wiest and Michael Caine.

The award to Allen, who as usual shunned the nationally televised ceremonies, temporarily upstaged Stone, writer and director of the heavily favored "Platoon." That searing depic-tion of the brutalizing effects of the Vietnam War picked up an early Oscar for best sound "A Room With a View," a comedy of manners set in turnof-the-century England and Italy, won two early awards, for Ruth Prawer Jhabvala's adap-tation of E.M. Forster's novel and for best costume design. "Room" had tied "Platoon" for most nominations with eight. "Aliens," a sci-fi sequel about "Allens," a sci-fi sequel about monsters in outer space, won the award for sound effects editing. Hosts for the glamour-filled show were Paul Hogan, Austra-lian star of "'Crocodile' Dun-dee," and comic actors Goldie Hawn and Chevy Chase. In an effort to boost eagging TV pat effort to boost sagging TV rat-ings, the producers tried to streamline the proceedings, but an hour into the evening, only five awards had been presented. The show still lasted until 12:20 a.m. Eastern Standard Time despite the obvious efforts to speed it up.

Editorial

God, money and TV

minister's life-or-death fight to raise funds and Aallegations of sexual misconduct by another minister have produced 'revelations' that have shaken the modern-day phenomenon of the electronic church down to its integrated circuits.

And, if money is the root of all evil, that root may result in the downfall of television evangelists.

Saying "God will call me home," unless his fundraising goal of \$8 million was met, Oral Roberts has managed to lower public perceptions of television ministers, who have been repeatedly accused of putting financial goals ahead of religious ones

A Florida dog-track owner last week presented Roberts with a check for \$1.6 million to help him reach his goal. Yet Roberts said that was not enough - and subsequently retired to his Oklahoma Prayer Tower in an attempt to raise yet more money

And recent reports of an extramarital affair involving former PTL television ministry leader Jim Bakker, teamed with his wife's disclosure of personal drug addiction, have raised suspicions of the credibility of these modern electronic missionaries

If these developments weren't enough, one of Bakker's advisers last week accused rival TV minister Jimmy Swaggart of releasing the information of his sexual escapades to gain control of his \$172 million South Carolina TV network and entertainment complex.

Swaggart denied the charge, saying he was not in the "waterslide business."

Now, the PTL ministry is asking supporters to "cast a vote of confidence" in the organization through a pledge of \$15. We realize that it costs a great deal of money to

support an individual television program, let alone an entire cable network; but we can think of quite a few ways to cast a vote of confidence without paying for the privilege.

The televangelists' constant emphasis on solicitation of funds erodes their credibility and detracts from the impact or benefit of spreading the gospel.

Racism forum gives direction

by Thom Garbrecht

The racism forum rally held Tuesday, March 10, accom-plished a lot in terms of directions we need to follow. This forum allowed administration and students to come "head to head" for a heated discussion and debate in which concerns and solutions were raised. The final solution, however, must be a combined effort by both par-

The outcome of this discussion from the administration point of view was that the minority stu-dents on campus need to "look dents on campus need to "look into a mirror" and see who they

This statement was only par-tially favored by the end of the meeting. Those that are not "looking into the mirror" are those who weren't there; the apathetic ones, not the conthat the University and he were

not doing. The administration felt all was being offered that was possible, yet the suggestions of what was lacking in the letter from AFRICA were never commented upon, indicating a feeling of not wanting to admit what needed to be done.

You see, the administration must hold up its image, yet pay "lip service" to the students' feelings of discrimination. Dr. Olscamp did make certain that the students knew he would not tolerate discrimination on camyet indirectly his, and the administration's overlooking the suggestions for improvements is an example of discrimination.

Yes, as I opened stating, this problem is in need of a dual solution: from students and administration. The article and the editorial in

I was sitting in Computer Sci-ence 100 daydreaming the other

day. I dreamed I was walking through a field toward a crowd. The crowd was cheering and I

The crowd was cheering and I thought it was an outdoor con-cert. I walked up to the crowd and saw that what I thought was a musical group was really a large machine. The machine was a computer and it was handing out com-mands to the people in a very totalitarian fashion. Well, naturally, I freaked out. I began screaming at the com-puter, "Hey, who do you think you are, you pile of junk?" To my surprise, the computer answered back, "Nancy, maybe if you'd paid a little more atten-tion in CS 100 and did your own homework, you would under-stand that we, my fellow com-puters and myself, have taken over because you humans never thought we were smart enough to think by ourselves." to think by ourselves.

So I was real intelligent and said, "Oh yeah, well what would you do if I unplugged you, huh?" He answered back, "My poor little friend, I am programmed to use reserve power in case of an emergency. By the way, that energy is good for a thousand years.

With that he began laughing an evil laugh and I stood there before this mechanical monster, horrified.

Suddenly, I was awakened by my friend, who told me class was over.

I was completely in a daze. I didn't know what to think. I mean, I know that movies like "2001" and "Terminator" are fictional and could never come true, but I just don't trust computers - no matter what they can do for us.

I know, you think I'm being

I know, you think I'm being silly. Computers can't think for themselves and we shouldn't worry about the science fiction predictions that Hollywood di-rectors love to depict on the

Another way computers have taken over, so to speak, is with the nation's defense. build the world's largest com-

Computers control all the nuclear weapons in the United States and the Soviet Union. In a way, the computers control whether the human race will survive.

Isn't it a weird feeling when you realize that computers con-trol the initiation of a nuclear war

war? You know, all this talk about computers reminds me of a story I was once told by a friend. I'm not really sure of its origin but it really describes, at least to me, what our generation has become because of all this artifi-cial intelligence. cial intelligence. It is the year 2025. The world

has become so advanced that people don't need to do anything except live and love and learn.

They can go to Alaska and research whales or to Africa and research the interactions of wild cats. They go to a laboratory and experiment with chemical reactions. Or they can read any novel they want, all day long without worrying about getting

things done. See, technology has become so advanced that all the work is done by computers. Whether it is teaching little children or contring on an automobile, peoworking on an automobile, people have made computers so advanced that they do all the work and human beings just sit

back and enjoy life. One day the world's best sci-entists got together and decided that it would be interesting to

puter. They decided that this computer would have information about everything in the world in its files.

The construction began and the computer was becoming so large that NASA had to put it in space like a satellite. It was round like a moon, except it was a machine. They began feeding informa-

They began recomp informa-tion into it, information from all over the world. They put every-thing that had ever been written into the files. They put in every-thing from Dr. Seuss's Cat in the Hat to Karl Marx's Communist Manifesto to the Bible. They also put information

They also put information from all the other computers in the world into this larger computer. This computer had every-thing from George Washington's

shoe size to the way the missiles in the Soviet Union worked. Finally, after decades of work, the computer was ready to be turned on and used. The whole world waited in anticipation. The scientists turned it on and decided to ask it its first

and decided to ask it its first question. What were they going to ask this work of wonder? There was a feeling of tension and suddenly a scientist typed into the keyboard: "Is there a god?"

"Is there a god?" The computer answered back: "There is now."

Erikson, sophomore journa-lism major from Burton, is a staff reporter for The News.

types. I depicted an experience that I had this summer in Washington D.C. while living in a predomi-nantly black and Hispanic neighborhood. I said that solely due to the color of my skin I felt uncomfortable riding the bus in that neighborhood. I was in no way attempting to minimize the discrimination felt by minority students on this campus everyday. I was merely explaining that as a result of this situation I became more sensitive and empathetic to racial issues, and I began to take personal steps toward understanding. And isn't understanding what we are ulti-mately striving for? A student responded by saying I would never be able to understand discrimination as a white stu-dent. I believe that statements like this can only build barriers to our common understanding. It is imperative that we all realize that there are very real dif-ferences, but let us accept them, respect them and grow with them. As a result, we can begin to lay the foundation of under-standing, rather than judgment. Korey Kerscher OCMB 2787

Mayor addresses USG

Bellard stresses student-community relations

by Tricia Courtney staff reporter

In response to various com-plaints the city receives from residents concerning off-cam-pus students who are their neighbors, Mayor Bruce Bellard said the grievances can be re-duced if the student takes the first step.

Bellard, who addressed the Undergraduate Student Govern-ment last night, said the city administration is open to stu-dent concerns dent concerns. "Townsfolk have a certain

kind of negativism toward stu-dents," he said.

Because some people have been residents of Bowling Green for some 40 years, Bellard said they tend to have a hard time

understanding students and their lifestyles. "I think the best thing the students can do to improve their relationship with their neigh-bors is to introduce themselves when they move in and say they are available to talk to if there is a problem," Bellard said. If the residents are not recep-tive, Bellard said it might be worth it to help them understand your situation.

your situation. "Let them know you're no different then their kids were when they were your age," he said

In order to open lines of com-munication between students and their neighbors, Bellard asked USG if it could organize some sort of regularly scheduled meetings between the students meetings between the students

and the local residents. "I'd just like to see 100 stu-dents sit down with a few of their neighbors," Bellard said. Although he realizes the turn-out would be small at first, Bel-lard said that continued meetings would increase num-bers.

Bellard also said the city is interested in offering some type of "Springfest" event. "Springfest was intended to be

a community affair, not a beer blast for students," Bellard said. "That's what it turned into. We want to help have some form of activity for the University, but it has to be non-alcoholic. "My only concern is the health, well-being and safety of the people who attend," he said.

Bill Lloyd, BGSU Foundation investment committee member, walks past the many protestors in front of the Mileti Alumni Center. The investment committee met yesterday to discuss the divestment issue while various campus groups gathered to voice its support for divestment.

good by having U.S. compa-nies pull out or by supporting companies who are working for change?"

PSO members Sandy Nei-dert and Peter Ogbuji argued that the majority of black South Africans favor divest-

ment because even compa-nies which adhere to the

Sullivan Principles haven't been able to end apartheid.

AFTER SPEAKING with

the students, the committee continued its discussion in a

meeting which was closed to the press. Dwight Burling-

ame, foundation secretary and vice president of Univer-sity relations, said the com-

Divestment

information on career re-sources as well as specific information on various majors, he said. THE CAREER workshops

THE CAREER workshops were purposely scheduled af-ter registration so students would not try to rush any decisions, Filer said. "Prior to registration, stu-dents are feeling the pres-sures and looking for an immediate answer; when you are considering your future it

immediate answer; when you are considering your future it takes a lot of time and thought," he said. The Counseling and Career Development Center offers a lot of other services that don't require a three-week commit-ment Filer said A student ment, Filer said. A student can call in or attend a one-hour orientation program and obtain a lot of valuable information, he said.

mation, he said. The Center is open to all students, but the majority who use it are freshmen or sophomores, Filer said. "Ju-niors and seniors are looking more for plans of action or effective use of career choices they have made."

Norwegian studies at BG

by Michele Tarnow reporter

Although higher education in his homeland of Norway is vir-tually free, Edvard Hag believes education in the United States is

well worth the extra cost. Hag, 25, a senior finance ma-jor at the University, said higher education in Norway is fully subsidized by the government. Students there pay no tuition and receive scholarships to help

and receive scholarships to help with living expenses. "It would be much cheaper for me to study in Norway. I would receive 50 percent in interest-free loans from the government and 50 percent in scholarships to cover the costs of tuition and living expenses. Students study-ing abroad must finance their own education." But Hag said he came here

But Hag said he came here because "the U.S. is where everything new is happening be-cause of the free market system. Many of the new ideas in the business market are originated in the United States."

The reason for his willingness to pass up a free education is that Norwegian employers look favorably on employees with strong English-language skills who have studied in the United States.

Hag comes from the second largest city in Norway, Bergen, with a population of 250,000.

MANY BELIEVE that mov-ing to a foreign country involves several cultural adjustments, but Hag said, "America is very similar to Norway. I was surprised - so much is the same." He said the language did give him some trouble. "I could understand what peo-

"I could understand what peo-ple were saying to me, but I could not say what I wanted. I couldn't even say what I wanted on my hamburger." Other than overcoming the language barrier, it has been very easy for him to adapt to life in the United States. In the 1950s, Hag's parents lived in the United States for a year while his father finished his studies in Chicago. Hag's father.

studies in Chicago. Hag's father, a Navy captain, has traveled to the United States several times

Before coming to the United States, Hag attended an interna-tional school in Oslo that pre-pares students for studying abroad. All of his classes were centered around business ad-ministration and English.

Hag said that he thinks it is to his advantage to study in the United States because changes in the business world occur here before they take place in Norway.

AN EXAMPLE is that Nor-

AN EXAMPLE is that Nor-way still does not allow tele-vision advertising. Business today is changing rapidly and studying in the United States gives him the op-portunity to get ahead of those studying business in Norway, he caid said

Hag said that many foreign students see the United States as the best place to study business because "it's where everything new is happening."

Edvard Hag

For him, studying in the United States carries a promise for a better job, he said. The University was recom-mended to Hag by a friend who had relatives here.

had relatives here. "Bowling Green was the uni-versity most willing to transfer my credits. That was probably the deciding factor," he said. After spending a year study-ing at Oregon State University and a term at the University of Oregon, where the foreign-stu-dent population is in excess of 20 dent population is in excess of 20 percent of the student body, Hag said he prefers the University because he is one of only three Norwegians on the campus.

He said it is easy to under-stand the lectures and the tests, so it is quite possible to get by BG News/Rob Uptor

Embassy guards to be replaced

WASHINGTON (AP) - The Marine Corps, cooperating with the State Department, said yesterday it has agreed to replace all 28 security guards at the U.S. Embassy in Moscow with other Marines as a special precedition precaution.

The move follows the disclosure that two former guards are suspected of repeatedly allowing Soviet agents in the embassy late at night in what has been called a critical

breach of security. Meanwhile, Pentagon sources said Cpl. Arnold Bracy, one of the former guards suspected of espionage, was reduced in rank from sergeant for fraternization with a woman while in Moscow. The sources, who asked not to be named, previously disclosed that both Bracy and

Environmental group seeks investigation of state's EPA

COLUMBUS (AP) - A citi-zens group said yesterday that the Ohio Environmental Protection Agency has failed to enforce hazardous waste

laws and should be targeted for a federal investigation. Members of the statewide Voting Ohioans Initiating a Clean Environment said they called for a probe at a meet-ing earlier in the day with Valdas Adamkus, Chicago re-gional director of the U.S. EPA, and asked him to re-spond within 30 days. Mary Anne Edsall of Circle-ville, VOICE president, and others cited a long list of alleged failures of the state agency that included not only enforcement but hazardous waste policies that assertedly

waste policies that assertedly favor "waste generators and their lobbyists" over the pub-lic's health and safety. Allan Franks, public infor-mation officer for the Ohio EPA, acknowledged occa-sional difficulties in enforce-ment, including limited funds

Former Celeste cabinet member sentenced to six years in prison

CLEVELAND (AP) - For-mer Ohio cabinet member James Rogers was sentenced yesterday to six years in prison for stealing about \$230,000 from the East Cleve-

sz30,000 from the East Cleve-land Public Library. Rogers, 51, former director of the Department of Youth Services, was taken to Cuya-hoga County Jail after Com-mon Pleas Judge James D. Sweeney imposed the sentence He is to stay in the county

jail until federal marshals pick him up to begin serving a three-year federal prison term for taking kickbacks while in the youth services post under Gov. Richard Ce-lete

Defense attorney Granville H. Bradley Jr., arguing for leniency, said Rogers had ex-penses from his mother, who had been in a nursing home. He said he took care of her until she died last June.

in Mansfield. Rain was reported at Columbus, Akron-Canton and Youngstown.

A flood watch was in effect for central and eastern Ohio, where forecasters said rain could turn

"With the warm weather we've had, everybody felt it (winter) was over," said Ken Lorek, a weather specialist for the National Weather Service at the National weather Set vice a Toledo Express Airport. "I had a feeling all this was going to come. We usually have one snowstorm at the end of March or the beginning of April." The weekend's brush with

spring ended abruptly Sunday night, when temperatures began to plunge. High temperatures in the 70s Sunday fell to the 30s by yesterday morning.

TOLEDO RECORDED 2 inches of snow mixed with rain, and heavy rainfall was reported in southern and central Ohio. Cincinnati had 2 inches of rain, and lesser amounts were re-corded elsewhere, he said.

The storm producing snow and rain in Ohio is what's left of a blizzard from the Central Plains, Lorek said.

"We're not paying nearly the

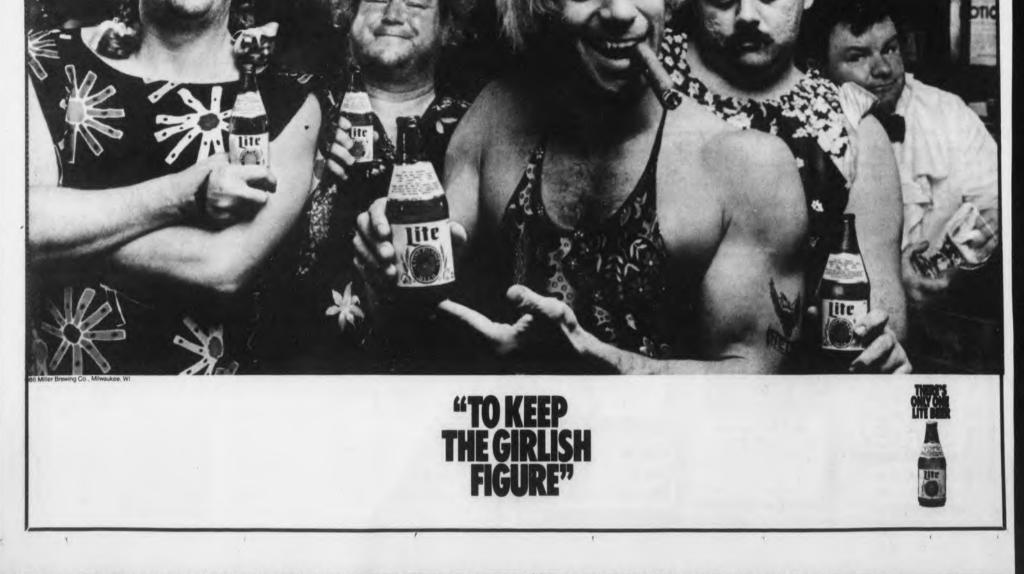

same price they had to pay out there," he said. "The accumula-tion is the tricky part. It may remain rain, or start to snow. It's a typical spring situation – a mixture of both."

Highs of around 30 degrees are predicted for northwest Ohio for today. The chance of snow is 40 percent, with winds and scat-tered flurries forecast under mostly cloudy skies.

For tonight and tomorrow, the forecast is partly cloudy and continued cold with a low in the mid-teens and the high tomorrow in the mid-30s

Bowling Green Beverage, Inc.

Hoosiers are NCAA top guns

NEW ORLEANS (AP) - Keith Smart, a junior college transfer, scored 17 of his 21 points in the second half, including the game-winner with five seconds left Monday with the seconds left Monday night to give Indiana a 74-73 victory over Syracuse and earn Coach Bob Knight his third national basketball title.

Smart also intercepted Derrick Coleman's floor-length desperation pass as time ran out.

Syracuse tried to call a timeout after Smart's go-ahead basket, but four seconds ticked off the clock, leaving only one second for a desperation at-tempt. Smart intercepted the inbounds pass at halfcourt as the final buzzer sounded.

Syracuse guard Greg Monroe said both he and senior team-mate Howard Triche had tried to call the timeout immediately.

"I saw three seconds left," Monroe said. "I was near half-court and Howard was right near the referee and they didn't court is a second they didn't see it. "We tried to call time out, all

of us tried, but they didn't hear us," Coleman said. "I dor't

hockey.

think they could hear us from all the noise." "It wasn't the foul shot that lost the game," Boeheim said. "It came down to the last shot and they happened to have it. We did everything we could to win win

"No one has to walk off the court feeling bad," Boeheim said. "There's nothing I can say to make them feel better, but

they gave it a great effort. "There's only one team bet-ter, and that isn't by much." Syracuse had a chance to win

but Howard Triche missed the second of two free throws with 38 seconds left and Coleman missed a 1-and-1 with 28 seconds remaining.

In between, Smart, a quick 6-foot-1 guard, grabbed the re-bound of Triche's miss and drove for a goal to cut the Orangemen's lead to 73-72. He hit the game-winner from just inside the 3-point mark at the baseline as the Hoosiers finished

the season with a 30-4 record. Knight joined the select com-pany of UCLA's John Wooden, with 10, and Kentucky's Adolph

Rupp, with four, as coaches who have won more than two NCAA crowns. Knight, who won titles in 1976 and 1981, saw the fulfil-Imment of the recent adjustments he made. Previously, he was reluctant to sign junior college transfers and had been opposed to using recent deference. to using zone defenses.

But those changes helped Knight share the Big Ten title with Purdue this year and ulti-mately took him to New Or-

Steve Alford, Indiana's all-time leading scorer, added 23 points, hitting seven of 10 from 3-point range. His only other goal

was a layup. Forward Daryl Thomas added 20 points and Dean Garrett, another junior college transfer, had 10 points and 10 rebounds.

Syracuse, which shared the Big East title with Pittsburgh and Georgetown, got 20 points from point guard Sherman Douglas, 18 from center Rony Seikaly and 12 from guard Greg Monroe.

Coleman, a 6-9 freshman, grabbed 19 rebounds, two short of the tournament record set by Bill Spivey in Kentucky's championship win over Kansas State in 1951.

Indiana trailed most of the first half, but two straight 3-pointers by Alford put them in the locker room at halftime with a 34-33 lead.

Indiana took a 41-37 lead in the second half, but Syracuse out-scored the Hoosiers 15-3, with reserve Derek Brower contrib-uting five points and Seikaly four points for a 52-44 lead.

The Hoosiers bounced back with a 10-0 run as reserve Joe Hillman made two steals and Garrett blocked shots by Seikaly and Coleman. Smart's jumper capped the run for a 54-52 Indiana lead.

Syracuse came back with seven straight points, the last on Douglas' 3-pointer.

Indiana came back to tie it at 61 on a basket by Smart. After three more ties, Seikaly scored with 2:03 remaining. He was fouled on the play, but missed

the free throw. Smart then tied it at 70 with a

quick move to the basket with 1:20 left.

lcers run into hockey buzzsaw the two-game, total-goals series two weeks ago at HU's Bright Hockey Center. After a season loaded with a bevy of

the NCAA's total-goals, quarter-final series. The six-goal lead was more than enough for the Crimson who followed their 7-1 win

for the Crímson who followed their 7-1 win with a 3-0 shutout the next night. The blank-ing ended BG's 247-game scoring streak which dated back to the 1981-82 season. McEvoy ended BG's 33-10-2 season with his fifth career shutout. Making the shutout more impressive was the fact the senior stopped 40 BG shots flawlessly. The Falcons peppered the HU net with a whopping total of 86 shots in the second game. BG coach Jerry York, visibly upset with the series-ending shutout, could only praise McEvoy and his effervescent coach, Bill Cleary.

Cleary. "The goaltender McEvoy played an out-standing hockey game this evening," York said. "It wasn't a typical shutout where you get only 15 shots on goal. We had an awful lot of good chances, but the puck just didn't go □ See Ice, page 8.

positive aspects, no one could have imagined the beating the Falcons took along the banks of the Charles River.

It began with Steve Armstrong notching HU's first goal only 1:27 into the series opener and ended with the entire Crimson squad engulfing their goaltender Dickie McEvoy, who had just shutout BG in the second game

second game. What amounted in between were many

things the Falcons would soon like to forget. The 7-1 loss in the first game was BG's largest loss since Michigan State walloped

the Falcons, 15-1 over two years ago. In only one other game this season did BG allow

seven or more goals to an opponent (an 8-3 loss to Western Michigan).

Falcon tumblers runners-up in MAC

by Andy Woodard sports reporter

When two teams are vir-tually neck-n-neck, some-thing has to give. The Bowling Green and Western Michigan gymnas-tics teams have been close all

season. In fact, the Falcons edged the Broncos in a regu-lar season meet by a mere

lar season meet by a mere three-tenths of a point. Sunday, at the Mid-Ameri-c a n C o n f e r e n c e championships at Ypsilanti, Mich., on the Eastern Michi-gan campus, WMU returned the favor to the Falcons by scoring a 177.2 to BG's 176.35 and win the MAC championship for the second consecutive year. EMU finished third

(174.55); followed by Central Michigan (173.25), Kent State (171.65) and Ball State (167.45)

Bronco coach Kathy Beau-

regard was elated after win-ning the championship. "It's great," the ninth-year coach said. "It's tough to repeat but we had a real good meet. It all some down to the meet. It all came down to the last event and (BG) really gave us a run for our money We were real consistent We were real consistent (overall) because we scored a 44 or higher in each of the events. I feel that made a difference." Falcon coach Charles Sim-

pson was not pleased with the way his team performed in placing second.

"We could have done bet-ter," he said. "We had some people that did well and some people that had some prob-lems. The bars killed us just

like they had all year. "But we can't just blame it on that. It came down to who was more on at the meet. Western hit everything and we didn't. Still, we were that close.

Falcons Suzanne Bell and Lisa Hillman won All-MAC honors. Bell finished second nonors. Beil finished second on the floor exercise with a score of 9.15, while Hillman tied for second on the uneven parallel bars with a school record-tying 9.2. She joins current BG assistant coach Julie Cleary with the honor.

Simpson said he was espe-cially impressed with Bell's

performance. "She had a superb perfor-mance, a superb day," he said. "She took second on the floor to a super gymnast (Bonnie Boggiane). She hit everything." Bell said she didn't even

dream she would earn the

"It feels pretty good," she said. "I didn't think I would do it. I didn't even know I was in until coach told me."

Broncos Linda Moran (35.75) and Boggiano (35.7) finished one-two in the all-around competition. EMU's Dawn Hintz was third (35.55), while BG's Kim Trost was fourth (35.5).

Hillman (34.95) and team-mates Vicki Farrar (34.95) and Ellen DiCola (34.65) also

Simpson said Trost, who had the best all-around score coming into the meet, didn't have a normal performance. He said Trost should have won the balance beam (9.1) and possibly even the all-around, but she tried a little too hard

Hillman also scored an 8.95

"I felt I did good on the floor and the vault. "I felt I did good on the floor and the vault," Hillman said. "I thought maybe I'd get a few more 10ths (for my performances), but I didn't." Farrar, who performed with a bruised heel, received

a 9.0 on the floor exercise to place third. She said she was happy with her finish. "I had a decent meet and I'm happy with my perfor-mance," she said. "My heel

was an inconvenience but the meet was fun to perform in." DiCola scored an 8.9 on the

uneven bars. Simpson said she had a little touble on the beam, but was happy with her overall day. He said she had

good solid routines. Perhaps BG team captain Julia Wicks summed up the **BG-WMU** comfrontation best

"We did our best, we can't feel bad about it," Wicks said. "They were a good team, but not better than us. They came out on top today because they had the edge. But we were right behind them the whole way.

BG names new SID

Chris Sherk, Bowling Green State University's Assistant Sports Information director since 1983, has been named Sports Information Director at BGSU, effective April 1, accord-ing to BGSU Athletic Director Jack Gregory.

Sherk succeeds Steve Shutt, who recently resigned his post to become Assistant Athletic Director/Media Relations at New xico State niversity

joining the Athletic Department staff at BGSU in November, 1983

Under Shutt's direction, the BGSU Sports Information Office received several national awards. A 1984 publication de-tailing Bowling Green's national championship in ice hockey was recognized as third best special publication in the nation that year by the College Sports Information Directors of America (CoSIDA), Sherk also edited the

Bowling Green goalie Gary Kruzich found himself constantly on the move in the Falcons' two-game series with the Harvard Crimson a couple weeks ago. Although the senior netminder managed to avoid a sliding Photo/Brad Phalin

Harvard player here, he and the Falcons were crunched, 7-1, March 20 before dropping a 3-0 encounter the following evening. BG freshman defenseman Kevin Dahl looks on.

Atlanta roster Nettles on edge of

AP- Graig Nettles, who has spent his baseball career at the other corner of the infield, is

other corner of the infield, is trying to get to first base. The 42-year-old Nettles, who has hit more home runs (319) than any third baseman in American League history (he has 384 overall), seems on the verge of catching on with the Atlanta Braves, who are trying to replace departed free-agent first baseman Bob Horner and have been giving Nettles a shot at that position. He did nothing over the week-

He did nothing over the week-end to hurt his chances. He homered twice against the New

York Yankees on Friday. And on Sunday, Nettles hit three home runs and a double in the Braves' 12-1 exhibition victory over the **Baltimore Orioles.**

Baltimore Orioles. Another veteran, pitcher Da-vid Palmer, also was impres-sive, allowing one run - Fred Lynn's homer - in seven innings. McGregor gave up five runs in five innings and Aase was charged with all seven runs in the eighth. Medical Report

Medical Report Roger McDowell, one of the iew York Mets' bullpen aces, New was to undergo a hernia opera-tion today and is expected to

miss 6-8 weeks. Last season, McDowell was 14-9 with 22 saves in a club-record 75 appearances. In two years in the majors he is 20-14 with 39 saves

The Milwaukee Brewers sud-The Milwaukee Brewers sud-denly have a shortstop shortage. Edgar Diaz suffered a dislo-cated left shoulder Saturday div-ing for a ground ball and will be out for 6-8 weeks. Diaz popped the shoulder back in place and singled in his next at-bat but reinjured it sliding. Diaz and Dale Sveum have been battling for the spot va-

cated when Ernest Riles suf-fered a lacerated finger. Riles isn't expected back until May. Meanwhile, Robin Yount, the Brewers' one-time All-Star shortstop who has been an out-fielder since suffering a shoul-der inture serveral worst arto fielder since suffering a shou-der injury several years ago, doubled home the go-ahead run in a two-run sixth inning as Milwaukee defeated the San Francisco Giants 3-2 to snap a five-game losing streak. Mil-waukee starter Juan Nieves pitched five scoreless innings.

□ See Baseball, page 9.

"Though we will certainly miss the valuable service of Steve Shutt, we feel Chris has exemplified himself the last exemplified himself the last three years to have all the qual-ities of a very fine director of sports information," said Gre-gory. "I'm confident Chris will be quite successful in his new role." role

A 1982 BGSU graduate, Sherk served as Assistant Sports Edi-tor at the Bowling Green Sentinel-Tribune for two years before

1984 BGSU Cross Country Media Guide, judged Best in the Nation in a CoSIDA awards contest.

While at the Sentinel-Tribune, Sherk was recognized as an award-winning columnist by the Ohio UPI Sportswriters Association.

Sherk, 27, is a native of State College, PA. He graduated from Ottawa Hills (OH) High School in 1978, before earning his bachelor's degree in journalism at BGSU in 1982.

Fate may deal Red Sox poor hand

(AP)- The Red Sox, we all know, were just one strike away from winning the World Series last October. That may as close as Boston gets for a long time. Without holdout Clemens (24-4, 2.48 ERA), Boston is a .500 team at best. The Red Sox are expecting to get unsigned free agent catcher Rich Gedman on May 1. Free agent Tom Seaver May 1. Free agent Tom Seaver is not coming back. World Series hero - well, al-

most - Bruce Hurst is coming most - Bruce Hurst is coming back from a groin injury and Dennis "Oil Can" Boyd (16-10) has put behind him a spring scrape regarding movie tapes that got him arrested.

Wade Boggs (.357, .453 on-base average) wants to bat third, but Manager John McNamara will probably keep him at leadoff. Jim Rice (.324, 20 HR, 110 HR) choked up on the bat and hit the

ball toward right field with success. Everyone got to see Bill Buckner (102 RBI) and Calvin Schiraldi (4-2, nine saves, 1.41 ERA) in the postseason.

But Buckner will be trying to bounce back from offseason ankle and foot surgeries and a decision must be made about Rice. Though he wasn't the power hitter of years past, he did drive in more that 100 runs.

Despite that, McNamara is debating whether or not to bat Rice early in the order to take advan-tage of his new propensity for arriving safely on base

Decisions, decisions. Is it the Red Sox, or will it be the Dead Sox? The question carries the lure that makes baseball the great game it is. Time bears the only answer.

The difference between Bowling Green and Harvard on Friday night was perhaps as glaring as the difference between this signholder and the rest of the Harvard crowd. Nonetheless, despite misspelling the key

Ice □ Continued from page 7.

in the net. "And not enough is written or said about Billy Cleary. He's the only coach now that I can say has tremendous enthusiasm for the game paralleled with his technical ability. He's an out-standing X's and O's coach with a lot of enthusiasm, also – espe-cially for a guy without a lot of bais." hair

York's quick wit did not nearly match the speed of the Crimson on both offense and defense.

Harvard's scorching first line of Lane MacDonald, Allen Bour-beau and C.J. Young combined for five of the Crimson' 10 goals. MacDonald and Bourbeau also added two assists each. More importantly was the speed of the HU defensemenwho

word, this portly young man had the right story line during the Crimson's 10-1, two-game shellacking of the Falcons.

allowed only one goal to the offensive-minded Falcons. BG's only goal in the series came off the stick of Iain Duncan late in the second period of the first game.

(Duncan, who left the Univer-sity following the series, scored a goal in his first game for the National Hockey League's Win-nipeg Jets last week). Penalties spelled doom for the

Falcons, also. HU notched four power play goals in five at-tempts in Friday's game, while also adding two in the second game. The Falcons went one for

game. The Falcons went one for eight in the series. The Crimson lost last Thurs-day to the eventual champion, North Dakota. The Fighting Sioux knocked off Michigan State, 5-3 in Saturday night's championship game.

Prints and Slides from the same roll

Seattle FilmWorks has adapted Kodak's professional Motion Picture film for use in your 35mm camera. Now you can use the same film—with the same microfine grain and rich color saturation—Hollywood's top studios demand. Its wide exposure latitude is perfect for everyday shots. You can capture special effects, too. Shoot it in bright or low light — at up to 1200 ASA. What's more, it's economical. And remember, Seattle FilmWorks lets you choose prints or slide: or both, from the same roll. Try this remarkable film today!

BG squads keep busy spring schedules

GOLF: The Bowling Green men's golf team finished seventh in the 17-team Camp Lejeune Intercollegiate last weekend in Camp Lejeune, N.Car.

Guilford College won the team title with 878 strokes, five better than runner-up Kent State. BG totaled 927 strokes.

Rob Barsantee paced the Falcons with a 54-hole total of 222, good for sixth place over-all. Eric Stacy was next for BG at 233, followed by Scott Schimmoeller (235), Dan Connor (240), Will Brown (244) and Matt Ekey (244). The Falcons compete next

The Falcons compete next in the Purdue Invitational this weekend in West La-feyette, Ind. TENNIS:

TENNIS: The Bowling Green men's tennis team completed its week-long southern road trip, Saturday, with a 6-3 win over Eastern Kentucky. The win raised the Falcons' overall record to 5-7, while EKU dipped to 5-9. BG hosts In-diana State, Cincinnati, and Wright State this weekend on Keefe Courts. fe Courts.

BG winners against EKU were No. 2 Kurt Hammersch-midt, No. 4 Andy Sallee, No. 5 Ken Bruce and No. 6 Mike Hain. Mike Cansfield and Rick Boysen won at No. 1 doubles, while Bruce and Peter Ellsworth won at No. 3. TPACK: TRACK:

The Bowling Green men's and women's track teams are home again after competing

THE BG NEWS

Minnesota is "Gopher" State

Blyleven Gopher ball also a familiar sight

ORLANDO, Fla. (AP) -The fact is buried, in very small print, between "fanned 14 in 2-1 loss to Kansas City in Metrodome, September 24" and "led league in innings pitched."

But even though Minnesota Twins' public relations people tried to hide it, the fact can't help but be seen on page 61 of the team's 1967 media guide: right-hander Bert Blyleven, the ace of the staff, "set major-league season record of 50 home runs allowed."

Until last season, only hit-ters such as Roger Maris, Babe Ruth, Mickey Mantle, Ralph Kiner, Willie Mays and Jimmy Foxx had reached the 50 hore run former 50-home run figure.

But Blyleven is not shaken by those record-setting 50 homers.

"I'm proud of those home runs," said Blyleven, who turns 36 on April 6, one day before starting the Twins' opener against the Oakland

A's. "To win 17 games and give up 50 homers, that's a heck of an accomplishment." Indeed. Despite his ten-dency to yield home runs, dency to yield home runs, Blyleven rebounded from a terrible first half of the sea-son to go 10-7 with a 2.92 earned run average in the second half, for a respectable 17-14 record. His 4.01 ERA, however, was the highest of any full season in his 17-year career. career.

"I pitched 270 innings. I didn't get hurt. I consider the season a success," he said. "I had to be doing something right for the manager to keep right for the manager to keep putting me out there.'

After 17 years, 229 victories and 3,090 strikeouts, what goals remain for Blyleven?

"My individual goals are my individual goals are personal and I'll keep them to myself," he said. "My main goal is to get back in the World Series (he was on a championship team in 1979 with the Pittsburgh Pirates). That's what this game is all about, a team uniting as one and winning it all. You can win 30 games and it isn't the same great feeling as winning the World Series."

Blyleven is entering the op-tion year of a multimillion-dollar contract that report-edly makes him the Twins' highest-paid player.

"I'm looking at this as my last year, because if I don't pitch well, they may not re-new my option," he said.

"But if they want me, I wouldn't mind ending my ca-reer in Minnesota. I feel I can pitch effectively for another three, four or five years."

Even at a 50-homer-a-year

clip? "Most of those were solo shots because I cut my walks way down," he said. "If I only give up 50 runs in a year, even if they're all on homers, I'll take that any time." Joe Carter ready to roll Cleveland leader looks to future

TUCSON, Ariz. (AP) - Lead-ing the major leagues in runs batted in last season earned a lot of publicity for the Cleveland Indians' Joe Carter. His six-day contract holdout this spring 3brought him even more.

The 26-year-old Carter, how-ever, says he has no trouble putting all that behind him when he walks onto the baseball field.

"So what if I'm on the cover of a magazine?" Carter said be-fore a recent exhibition game. "That just means more people know about me. I'm going to play baseball the same way I've been doing it for the last 22 years." years.

years." Carter last year blossomed into one of the best young hitters in baseball, hitting .302 with 29 homers and 121 RBI. The perfor-mance was further vindication for the Indians, who had traded right-hander Rick Sutcliffe to the Chicago Cubs in 1984 as part of deal to get Carter and Mel Hall.

Sutcliffe went on to win the National League's Cy Young

Award in 1984, while the Indians lost 87 games that year and 102 in 1985

'There were a lot of comments made about what a bad trade that was for Cleveland," said Manager Pat Corrales. "But we knew we weren't going to reap the benefits right away. We knew Joe Carter and Mel Hall were going to be a big part

rail were going to be a big part of our club. "You know, Chicago origi-nally said we could have either Joe Carter or Mel Hall in that deal. But we stuck to our guns. We wanted both of them." Now Carter and Hall are

we wanted both of them." Now, Carter and Hall are lodged in the middle of Cleve-land's lineup, although the left-handed Hall, who hit .296 with 18 homers last year, will usually play only against right-handed pitchers. pitchers.

Carter will be hitting third or fourth in the Indians' lineup while alternating between first base and left field on defense.

He says he feels no pressure to repeat last year's performance because the Indians' offense is strong enough to survive subpar

der.

production from him.

production from him. "This team is so good, it doesn't need Joe Carter to do what he did last year," Carter said. "I feel I can still do it, but it's not like I'm the only guy on this team. People can't concen-trate on just one guy in this lineup. We've got eight or nine guys who can beat you, and we've got guys who can come off the bench and beat you.

"I'm not going to put any pressure on myself. I'm just going out there and having fun."

Since returning from his walk-out this spring, Carter has hit .400 with three homers and 14 RBI in 18 games.

"The man's a great athlete," Corrales said. "I'm happy about these guys finally getting some of the attention they deserve. Joe Carter is one of my leaders on this club. He does whatever is asked of him. asked of him.

"He's been a big RBI man all his life, and finally last year he did it at the major-league level. I look for him to do it for many years to come."

Many of the answers to questions about filling out tax forms are

WHEN IS THE RIGHT TIME TO **CALL YOUR PARENTS?**

- a) When you're stuck in your room because someone "pennied" your door.
- b) When you spent all your money playing video games and you still have to buy books for Developmental Psych.
- c) When you just miss hearing their voices and telling them what you've been doing.

One thing about parents: they love to hear what you've been up to. But you should call them anyway.

And when they ask where you were last night, tell them that you always call using AT&T Long Distance Service

in the package of instructions sent to you by the IRS. Don't let it slide, check it out! TAX TIP AL You're safe . if you read the instructions!"

Coronary artery bypass surgery improves the blood supply to the heart muscle when narrowed coronary arteries have reduced the flow of oxygen-rich blood to the pumping heart. This reduction in blood flow may cause chest pain and lead to an increased risk of heart attack. Coronary artery bypass surgery involves constructing detours for the blood to

because of AT&T's high quality service and exceptional value.

When they ask how your studies are going, remind them that AT&T gives you immediate credit if you dial a wrong number.

And when they ask about your plans for the weekend, note that you can count on AT&T for clear long

distance connections.

And when, at last, they praise you for using AT&T, then—and only then-you might want to mention those Psych books.

bypass obstructed portions of coronary arteries to keep the heart muscle supplied. Non-essential veins taken from other parts of the body. usually the legs, are grafted onto the coronary arteries to provide detours around the obstructed area. Contact your local American Heart Association for more information.
