BG GAMES BY PHONE: All BGSU games this season can also be heard by telephone through a service provided by TRZ Sports, Inc. in Kent, Ohio. By dialing 1-800-232-3396 and entering a VISA or Mastercard number a person can listen to the live radio broadcast of the game over the phone. The broadcast includes everything, including commercials, from the pre-game show to the post-game show. A listener is charged on a sliding scale that decreases the longer a person listens. For example, a three-hour game would cost \$38.95. The Gary Blackney Show is also carried by TRZ and can be heard by call-

ing the same telephone number on Monday evenings.

—BG—

THE GARY BLACKNEY SHOW: Every Monday evening throughout the season, the Gary Blackney Show will be held at Kaufman's (downtown location) Restaurant. The show will begin at 7 p.m. and be broadcast live on WFOB radio (1430 AM). Fans can talk to Coach Blackney at the restaurant or by calling (419-352-4200 or 419-435-5555) the station.

—BG—

BLACKNEY IS LEADING FIRST-YEAR COACH: Among the 10 coaches at the Division 1-A level who are in their first season as a head coach on the collegiate level, BG's Gary Blackney has compiled the best record. BG's 8-1 start puts Blackney at the head of, not only the group of 10 first-time head coaches, but his record is also better than the 16 coaches who are in their first season with their present programs.

—BG—

KSU COACH PETE CORDELLI: Cordelli is one of the three first-year coaches in the MAC this season, which has seen six of the nine head coaching positions change hands in the last two seasons. Cordelli worked with the offense at Notre Dame (1986-90) prior to his appointment at Kent.

GARY BLACKNEY

Gary Blackney got quite a birthday present this year - a present he had paid his dues to receive. Five days prior to his 46th birthday, December 5, 1990, Blackney was named the 14th head football coach in the 72-year history of the program at Bowling Green State University.

Blackney has more than paid his dues having made stops at seven different universities from one side of the map to the other covering 24 years of coaching on the collegiate level. All 24 years were spent as an assistant until BGSU Athletic Director Jack Gregory changed that in early December.

The new BGSU mentor has helped get some of the top programs in the country to where they are today including UCLA, which played in the Fiesta Bowl in Blackney's first season there, Syracuse and Ohio State.

Blackney comes to the Falcon program after spending the last seven seasons at Ohio State where he coached the defensive backs for one season (1984), was the defensive coordinator for three seasons (1985-87) and coached the inside linebackers and the special teams the last three seasons. During Blackney's coaching tenure the Buckeyes played in four bowl games, including the 1985 Rose Bowl, and compiled a 53-27-3 record. OSU earned the Big Ten title in 1984

and shared the league crown with Michigan in 1986.

Blackney's 1986 defensive unit led the Big Ten in scoring defense and was fourth in the nation in turnover margin. OSU was ranked in the top 10 of both wire service polls in 1986.

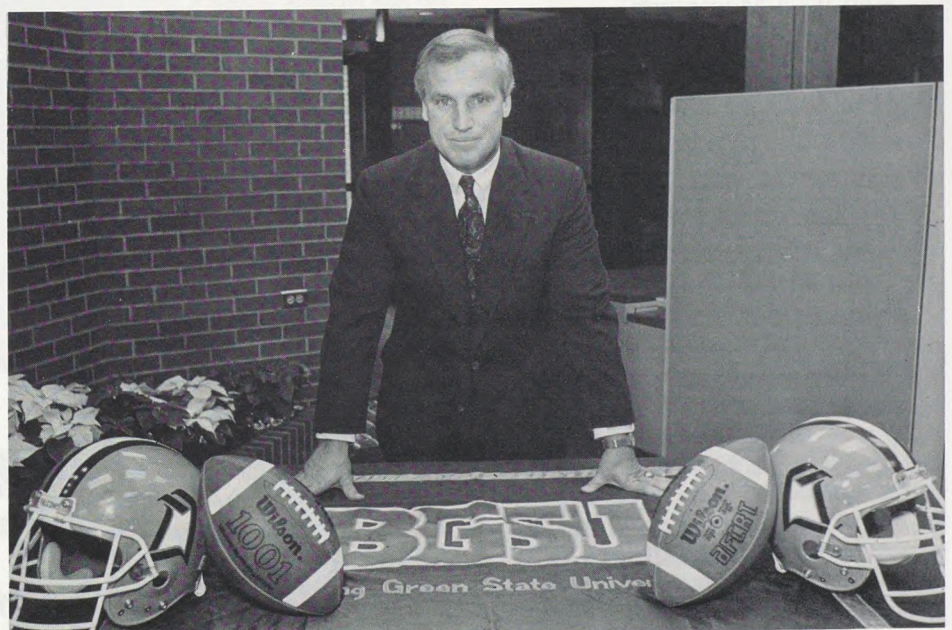

The Plainview, New York native began his coaching career at his alma mater, Connecticut, in 1967 where he spent three seasons. Blackney earned his undergraduate degree in education from Connecticut in 1967 and one year later received his master's in physical education while also coaching. He was a running back for head coach Rick Forzano at Connecticut during his playing days starting as both a junior and senior.

In 1970 he moved to the Ivy League where he coached the defensive backs for three seasons at Brown. From there he spent two seasons as the offensive coordinator while coaching the

quarterbacks and running backs at Rhode Island. In 1975, he began a three-year stay at Wisconsin where he coached the defensive backs for two seasons (1975-76) before being named the defensive coordinator for the 1977 season.

The next stop for Blackney was the West Coast where he worked with the defensive backs at UCLA. Kenny Easley earned consensus All-American honors at defensive back under Blackney's tutelage. Following his stint at UCLA, Blackney joined Dick MacPherson at Syracuse in 1980 where he spent four seasons coaching the defensive backs while helping get the Syracuse program back in the national limelight. Blackney also served as the recruiting coordinator for one season while at Syracuse.

Gary and his wife, Lauretta, have four children, Debbie, 24, David, 23, Kyle, 16 and Gary Jr., 12.

GRADUATE ASSISTANTS

BRUCE CUNNINGHAM

Bruce Cunningham is in his second season as a graduate assistant coach. Cunningham works with the offense, primarily with the wide receivers.

Cunningham, who, along with Tom Passinault, has been instrumental in getting BG's new videotaping system on line, began his coaching on the high school level in 1985. For three years he was the assistant varsity football coach at Wilton High School in Wilton, Conn. Previously, he spent two seasons as an assistant at Greenwich High School in Greenwich, Conn.

He is a 1988 graduate of Eastern Connecticut State University. Cunningham is currently working toward his graduate degree in sports administration at BGSU.

ROCCO ODDO

Beginning his first year with the football program is student assistant Rocco Oddo. Oddo will be assisting Coach Tony Pusateri with the special teams and Coach Paul Ferraro with the secondary.

Oddo is a 1983 graduate of Bellevue High School where he was a member of Redmen football squads which earned a spot in the state Division III playoffs two consecutive years. Bellevue lost just one regular season game in those two years.

Oddo returned to his alma mater in 1986 coaching the freshman football team. The last four seasons Oddo has been the defensive coordinator at Norwalk St. Paul High School.

Oddo is one semester away from earning his undergraduate degree from BGSU in education.

TOM PASSINAULT

Todd Passinault is also in his second year with the football program as a graduate assistant coach. Passinault works with the lineman on the defensive side of the ball.

Passinault came to BGSU from Catholic Central High School in Grand Rapids, Mich. where he was the head baseball coach and an assistant football coach. He coached the freshman for two years and spent one year as a junior varsity assistant. He was also part of Catholic Central's Michigan Class B state championship varsity football season in 1987.

Passinault, who has played a big role in getting the new videotaping system operational along with Bruce Cunningham, is a 1986 graduate of the University of Notre Dame. Passinault is presently working on his graduate degree in guidance and counseling at BGSU.

BRETT PRICE

Also beginning his first season with the football program is student assistant Brett Price. Price will be working with Coaches Seeliger and Malone and the offensive lineman. Price will also be assisting with recruiting.

He is a 1988 graduate of Arlington High School where as the quarterback for the Red Devils he led them to a 33-4 record in four years. Price earned Blanchard Valley Conference Player of the Year honors as a senior while being an all-league pick three times. Price was also a two-time All-Northwest Ohio selection and an all-state (Division V) pick his senior year.

Price was an assistant football coach for two years (1989-90) at his alma mater. He will be a freshman at BGSU this year majoring in sport management.

MID-AMERICAN CONFERENCE

Founded in 1946, the Mid-American Conference is one of the nine Division I-A conferences in the country along with the ACC, Big 10, Big Eight, Big West, PAC-10, SEC, SWC, and WAC.

The MAC consists of nine state-supported institutions in the midwestern states of Ohio, Michigan and Indiana. The nine current members—Ball State University, Bowling Green State University, Central Michigan University, Eastern Michigan University, Kent State University, Miami University, Ohio University, the University of Toledo and Western Michigan University—have all been members of the conference for 16 or more years.

For the first time since 1986, the configuration of the MAC will change next season as the University of Akron becomes a league member and will vye for conference titles in 13 sports. The Akron football program is under the guidance of former Cincinnati Moeller and Notre Dame coach Gerry Faust. The Zips play their home games at the Akron Rubber Bowl.

Throughout its existence, the MAC has been in the forefront of national legislation that has enhanced the academic integrity of intercollegiate athletics. The MAC has had an academic progress rule, strengthened admittance standards and qualitative grade point average requirements for its student-athletes long before the NCAA adopted or discussed implementing such academic standards.

The MAC currently sponsors 18 championships. In men's sports, the MAC has sponsored championships in football, baseball, cross country, golf, tennis, and track and field since its founding, and added swimming and wrestling championships five years later.

In 1980, the MAC Council of Presidents voted to bring women's athletics into the conference structure. The MAC currently sponsors women's championships in basketball, cross country, field hockey, gymnastics, softball, swimming, tennis, track

and field, and volleyball.

In the 45-year history of the conference, numerous MAC football teams and players have received national recognition. Bowling Green was recognized as the national college division champion in 1959, and Ohio won similar honors in 1960. After MAC teams achieved major college status, Toledo compiled a 35-game winning streak from 1969-71, the second longest such streak in modern major college football history. Miami beat Florida, Georgia and South Carolina in the 1973, 1974 and 1975 Tangerine Bowls. In the last few years, among the non-conference victims of MAC teams are opponents from the Big 10, Big

Eight, SEC and WAC.

The 1991 MAC Champion will represent the conference against the champion of the Big West Conference in the California Raisin Bowl on December 9 in Fresno, CA.

MAC schools have a reputation for developing outstanding coaches. In the 1989 Fiesta Bowl, which pitted Notre Dame against West Virginia for the national championship, it was Kent graduate Lou Holtz against Bowling Green graduate Don Nehlen. On the same day in the Rose Bowl, Miami graduate Bo Schembechler directed his Michigan team to victory over Southern Cal coached by Bowling Green graduate Larry Smith. Among other current or former head coaches who played at and/or coached at MAC schools are Woody Hayes, Ara Parseghian, Don James, Paul Brown, Bill Mallory, Dave McClain, Don McCafferty, Weeb Ewbank, Frank Lauterbur, John Pont and two of the three 1988 inductees into the National Football Foundation Hall of Fame: Doyt Perry and Jack Mollenkopf.

Among current NFL players from MAC schools, Dolphins' linebacker John Offerdahl (Western Michigan) was the 1986 Rookie of the Year, Rams' center Doug Smith (Bowling Green) is a Pro Bowler and 14-year veteran; and defensive lineman Brent Williams (Toledo) is a rising star with the Patriots.

After concluding successful NFL careers, Bernie Casey (Bowling Green) and Tim Brown (Ball State), two former standouts at current MAC schools, went to Hollywood and have made numerous television and movie appearances.

MAC student-athletes are regularly selected to the GTE Academic All-America teams. In the last seven years alone, MAC student-athletes have received Academic All-America honors 98 times. Since the Academic All-America program was established 21 years ago, MAC football players have earned that distinction 47 times.

A CHAMPIONSHIP GROUP

How much affect can a group as small as 15 have on a group as large as 91?

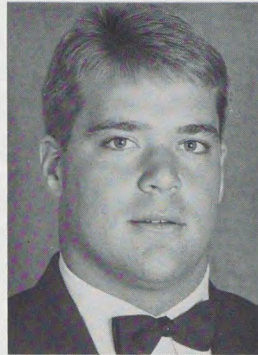

They are in the minority and we all know when you are in the minority you have a long hill to climb to try to sway the thoughts and actions of the bigger group.

But, if this year's BGSU football season is any indication, a group as small as 15 can have an enormous affect on a group as large as a football team.

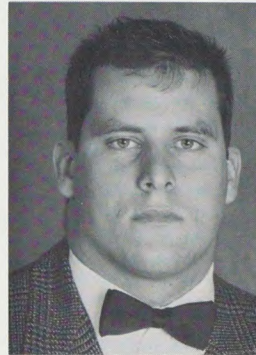

Of course, the group in the minority is the 1991 senior class, which as a collective group are making their final appearance at Doyt L. Perry Field this afternoon. The group is diverse in many ways, but they have been united in one goal - winning the MAC championship. They realized that goal last weekend with their 17-7 victory over Miami.

According to first-year head coach Gary Blackney, this year's class will always have a special place in his memories.

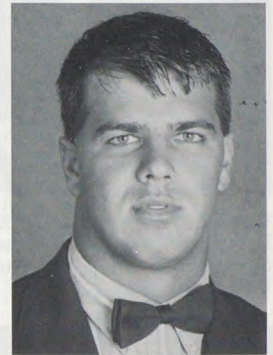

"From a commitment, dedication, work ethic and character standpoint they are the best group I have ever been around," said Blackney, who has coached at foot-

Mark Ross

Paul Harris

Steve Wilbourne

ball programs such as Ohio State, UCLA and Syracuse. "In order for us to be where we are, we had to have a great group of senior players to provide a role model for our younger players."

When asked if he thought the season might be a little different if this year's class had not been so strong he responded by saying, "I don't think there is any question about that."

Within the group of 15 seniors are players who lead by their actions and players who are more vocal in the way they express their leadership. But, Blackney expressed one other factor in the formula for success.

"What is nice about this group is that nobody has stepped outside his personality," Blackney said. "Each one has done all that he could in his

own way to help this team be successful."

After last Saturday's victory, which clinched the Cal Bowl berth, Blackney said, "I'm so happy for our seniors and the whole football team. Myself, the coaching staff and the underclassmen all get a chance to come back next year. The seniors believed in our new coaching staff, and if they had not done that, I don't know what the younger players would have done."

Fullback Scott Lindsey echoed the thoughts of almost all the seniors when he said, "Our last home game is important for all of us because we have been through losing seasons throughout our careers and for us to play our last home game with the conference title in hand is a dream come true. The feelings we all have right now, knowing we will be making the trip to California, is one we've looked forward to for five years.

"It's going to be a wonderful feeling being able to play in front of our parents knowing that we've worked hard the last five years to be where we are now."

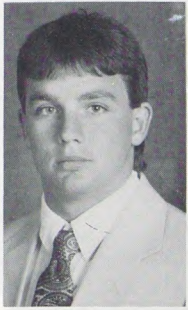

What is normally a sad day, will be a happy one for linebacker D.J. Ogilvie.

"Saturday will be a really happy day instead of the depressing day it usually is because we have the league championship in hand. I can't think of any better way to go out than with a MAC championship."

He began his coaching career at Memphis State (1980-81) while also serving as an assistant coach at Arkansas (1983) and Minnesota (1984-85). Cordelli played collegiately at North Carolina State where his association with Lou Holtz began. Cordelli spent most of his years as an assistant under Holtz.

THE SERIES: In a series that has been dominated by the Falcons since the mid-60s, BG holds a 40-13-6 edge. The series started in 1920 and the two teams have met each season since 1946. The Kent series is the longest continuous series the Falcons play each year. The Falcons have won 16 of the last 17 meetings with the only blemish being a 31-19 loss in 1988. At home, BG holds a 10-2-1 advantage at Perry Field over the Golden Flashes while overall the Falcons hold a 16-8-5 edge at home through the years. Since 1946, BG has a 16-4-2 advantage at home in the series. BG has won nine consecutive home games in the series with Kent's 14-10 win in 1972 their last victory in the series on the road. There have been 14 shutouts in the series, the last one in 1970, with BG owning nine of those. BG holds a 3-2 edge in series contests decided by a field goal or less with 1968 the last time a game in the series was as close as a field goal. BG has a 13-8 edge in games decided by a touchdown or less.

—BG—

AND THERE WERE 15: BGSU is one of only 15 teams in NCAA Division I-A that

has one loss or less to this point in the season without a tie. Included among the 15 teams with one loss or less are the three unbeaten teams, Florida State, Miami (Fla.), and Washington. Among the teams with just one loss, and no ties, is Alabama, Cal, Florida, Iowa, Notre Dame and Michigan.

—BG—

MAC TITLES: The Falcons' league championship is in the ninth in school history and the program's first since 1985. BG won previous league titles in 1956, 1959, 1961, 1962, 1964, 1965 and 1982. BG has played in two previous California Bowls losing a 29-28 decision to Fresno State in 1982 and a 51-6 decision to the same school in 1985. Ironically, Fresno State is the only team the Falcons have played in a bowl game with their other appearance in the one-time-only Mercy Bowl in 1961. The games proceeds went to help the victims of the plane crash that took the lives of 16 Cal Pol San Luis Obispo football players following a 1960 game at Bowling Green. Fresno State won the Mercy Bowl by a 36-6 count. The Falcons will be the only MAC team which can claim to have appeared in three Cal Bowls. A decision on the bowl game's association with the MAC will be discussed following this year's game with all indications pointing toward the tie being severed.

—BG—

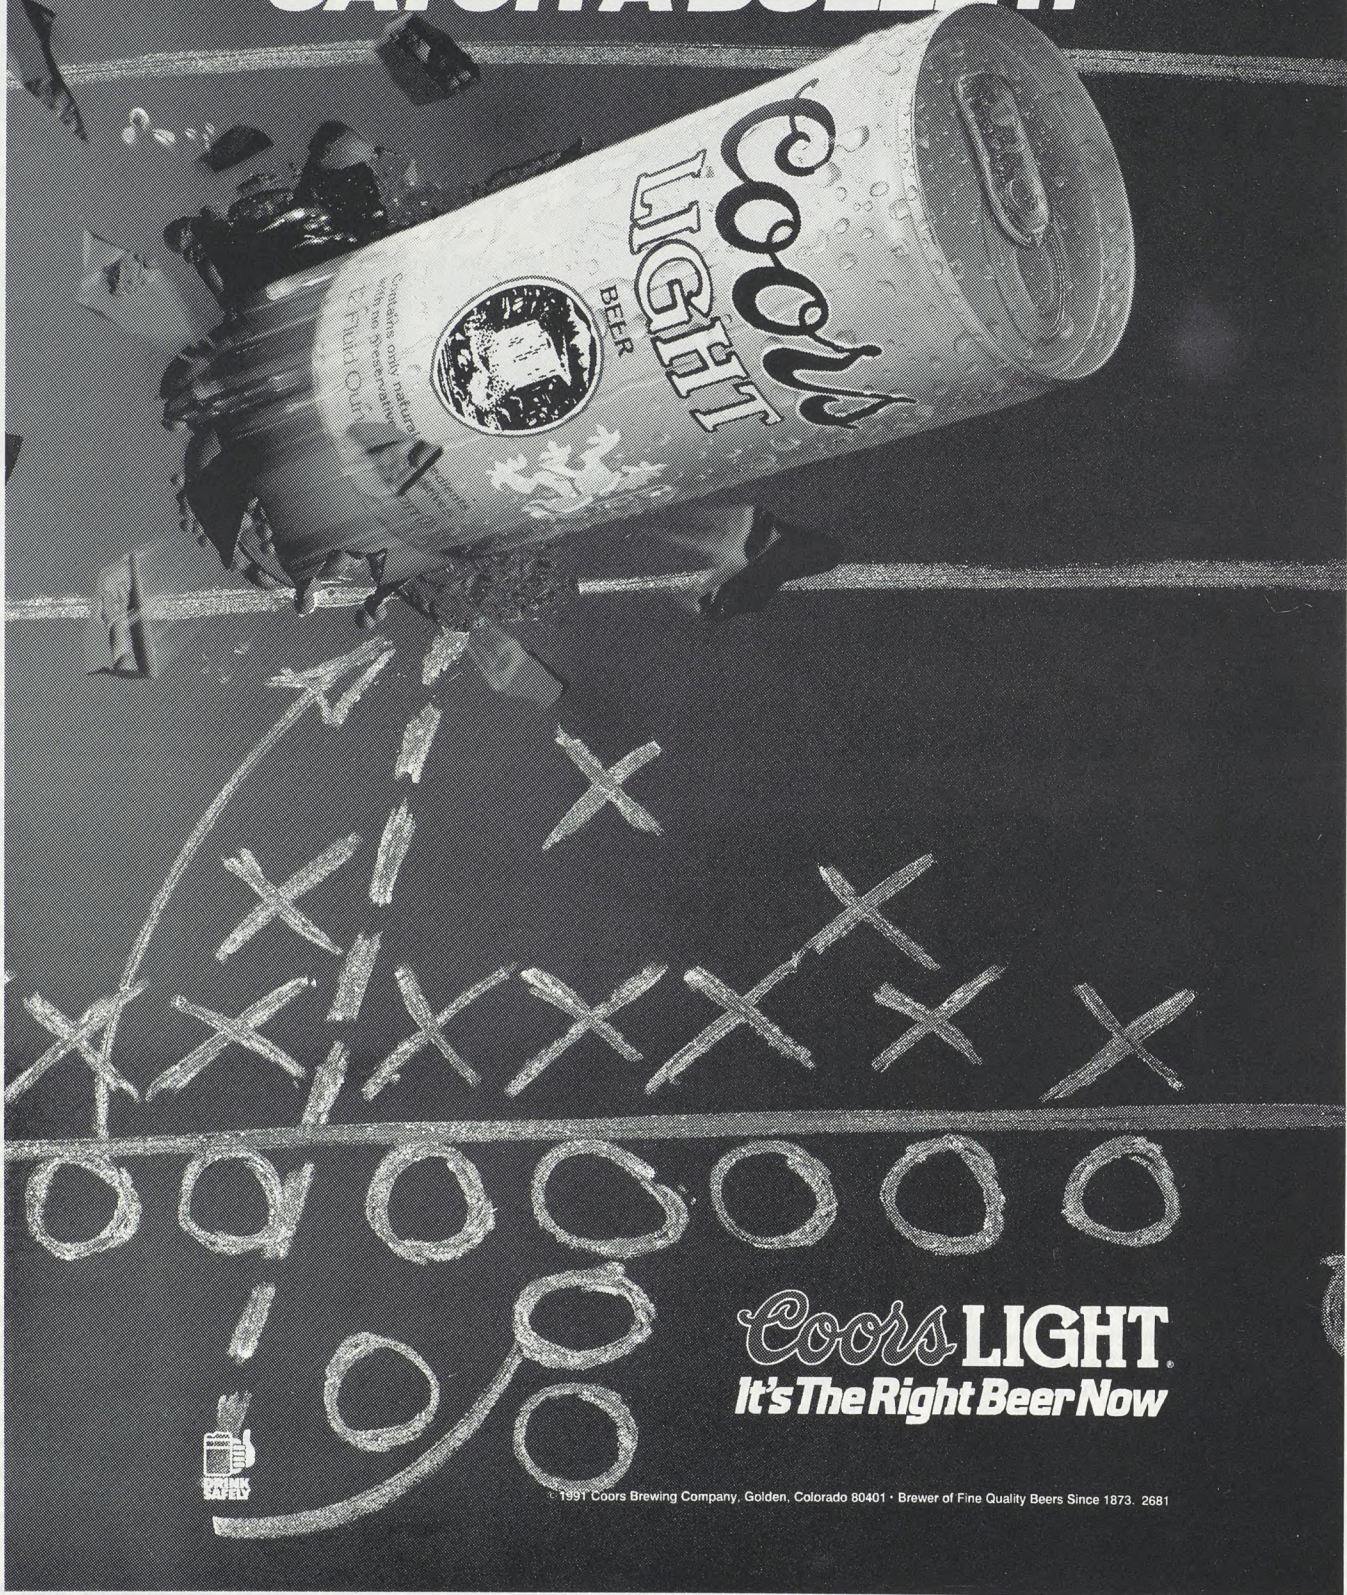

WHAT'S LEFT TO PLAY FOR?: With the conference championship in hand, one might think BG does not have anything riding on the last two games. The contrary

is actually the truth. This weekend, BG will be looking to complete its home season with a perfect record (5-0) and in the process become only the fourth team since Perry Field opened in 1966 to compile a perfect record at home. At the same time, BG would like to keep the momentum going that they have gained from winning seven games in a row. They will also be looking to keep their perfect record in MAC play intact. Since the conference expanded in 1975, only four teams have completed the league schedule undefeated and untied. BG's 1985 team is one of those teams while Ball State in 1978 was the previous program to post a perfect MAC record. At the same time, the 1991 squad is looking to become only the second team in school history to reach double figures in victories. The 1985 team (11-1) is the only other team to post 10 or more wins in a single season.

—BG—

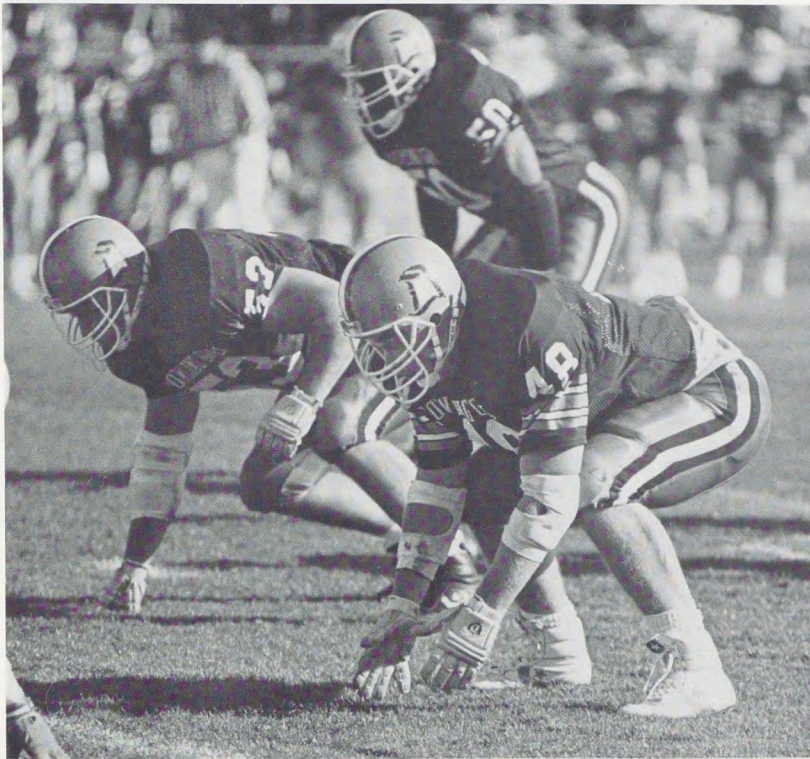

PROTECTING THE BALL: One of the strengths of the team in 1991 has been the way they have protected the ball and not turned it over. In the last five games, BG is +12 in turnover margin. BG has scored 51 of its points this season off opposing turnovers compared to just 12 points by the opposition on BG turnovers. Along the same lines, BGSU has fumbled just once in the last five games and over the same period they have not lost a fumble. BG backs, receivers and return men have handled the ball 356 times with just the one fumble and no fumbles lost since the fourth quarter of the Navy game.

THE FALCON CLUB NEEDS YOU!

To All Falcon Fans:

You are the key to success for our Falcon teams! The BGSU Athletic Department depends on the Falcon Club to raise more than \$265,000 in 1991. This money will help fund athletic grants-in-aid, assist in the recruiting of prospective student-athletes, and provide funding for athletic facilities budgets.

Members of the Falcon Club are alumni, parents, friends and fans who provide financial support, volunteer hours and advisory expertise to the BGSU athletic program and share in the many benefits the Falcon Club has to offer.

The Falcon Club has ambitious goals for 1991 and is eager to involve YOU in our activities. The need to support our program is at an all-time high. Your financial contribution and BGSU's athletic program are a winning combination.

We are very proud that Bowling Green's athletic program is recognized as one of the best in the country. All of our 19 teams are highly competitive and very representative. Falcon Club membership offers you the opportunity to support these teams. Falcon Club donations have greatly aided our program, and to continue that winning tradition throughout the 1991-92 campaign will require another supreme Falcon Club effort.

I look forward to having you join the Falcon Club in 1991!

Sincerely,

Charles F. Nagle
Associate Athletic Director

Falcons' Nest of Coaches

Their names are familiar, because they have made an impact on football at all levels of the game — high school, college, and professional.

They belong to the Falcons' Nest of Coaches, an organization created in 1984 for the purpose of promoting the proud tradition of Bowling Green Falcon football. Through the development of student and graduate-assistant programs at Bowling Green, most of these coaches got their start at this Mid-American Conference institution. They've studied and matured under the coaching philosophies of Warren Steller, Robert Whittaker, Doyt Perry, Bob Gibson, Don Nehlen, Denny Stolz and Moe Ankney, to name a few. Today, they are making a name for themselves and for their respective football programs around the country. Though they may be miles apart, they share at least one thing in common. They are members of a fine football coaching fraternity at Bowling Green State University, the Falcons' Nest of Coaches.

A few of the members are listed to the left and below:

1991 BGSU Coaching Staff: (1 to r) Bob Babich, Bruce Cunningham, Michael Faragalli, Tony Pusateri, Joey Batson, head coach Gary Blackney, Scott Seeliger, Jack Bush, Terry Malone, Bob Ligashesky, Paul Ferraro and Tom Passinault.

CALIFORNIA RAISIN BOWL

Fresno State's Bulldog Stadium is the site of the California Raisin Bowl.

For the last ten years, the Mid-American Conference has been sending its champion to the California Raisin Bowl in Fresno, California.

Hosted by Fresno State University in its 40,552-seat Bulldog Stadium, the Cal Bowl pits the MAC Champ against the Big West Conference Champion.

The 1991 Cal Raisin Bowl is scheduled for December 14.

Bowling Green is one of two MAC teams to have made the trip to Fresno twice, with Toledo being the other. The Falcons appeared in Cal Bowl II on December 19, 1982 and lost a 29-28 heartbreaker to Fresno State. BG had a 21-0 third-quarter advantage in that game.

The Falcons met Fresno State again in Cal Bowl V, but this time the Bulldogs rolled to a 51-7 victory on December 14, 1985. BG also lost its head coach, Denny Stoltz, who announced earlier in the week he was leaving to coach at San Diego State.

More than just a bowl game, the California Raisin Bowl is a community happening for San Joaquin Valley citizens, whose support benefits the Valley Children's Hospital. The benevolence of the Greater San Joaquin Valley Sports Association is displayed as every aspect of the Cal Bowl revolves around the well-being of the young patients of the Valley Children's Hospital.

Fund-raising activities include a 10K run, bike rally, and a coronation ball, in addition to the bowl game. The Cal Bowl has generated more than \$300,000 for hospital equipment and services.

*Award winning college cafeterias?***NOW THERE'S FOOD FOR THOUGHT**

There was a time when all colleges and universities, regardless of size or geographic location, shared one characteristic: the food in the cafeterias was terrible. Only hospitals had the ability to make the words on the menu and the food on the plate more dissimilar.

Well, Bowling Green is not a member of that large and distinguished club. In fact, it is winning national awards and outperforming hotels and restaurants at what they supposedly do best.

The most coveted industry award is presented annually by "Restaurants and Institutions" magazine; it is called an "Ivy." And earlier this year, Bowling Green's Food Operations was one of nine Ivy winners, making it the only university ever to win the award twice.

Other winners this year included Fleur de Lys in San Francisco, the Frontera Grill in Chicago, Actuelle in Dallas, Citrus in Los Angeles and Jean-Louis at the Watergate Hotel in Washington, D.C.

In being presented the award, Food Operations was cited for its excellent food and innovative programming.

One of those programs is reaching a climax today. It's the annual "Taste of Home Contest." Earlier this semester a call went out to freshmen for mom's best recipe. Thirty-six students responded and from the list, five finalists were chosen.

If you eat in a University cafeteria today, you'll have the opportunity to taste all five dishes and vote for your favorite. The five:

—Chicken Scampi. Combining julienne strips of chicken, linguini and fresh cut broccoli, the dish is spiced with garlic, pepper, lemon juice and cheese. The recipe was submitted by Melanie Hollars, a freshman from Avon, Ohio.

Jane Schimpf, director of the University's Food Operations, stands next to a rack of family-size cans — family-size, that is, if your family numbers 8,000 or more.

—Pizza Pasta. With all the ingredients you would expect, this pizza is cooked in a kettle. It was submitted by freshman Aaron McPeake of Akron, Ohio.

—Sicilian Dinner. In this dish, ground beef and noodles are combined with both a meat sauce and cheese sauce. It was submitted by Bryan Moore, a freshman from Lima, Ohio.

—Calico Beans. Three kinds of beans are combined with ground beef, bacon, onion and brown sugar. This recipe was submitted by Kurt Landes, a freshman from Wooster, Ohio.

—Easy Heath Bar Dessert. This recipe calls for angel food cake, whipped cream, butterscotch sauce and crushed Heath bars. It was submitted by freshman Shay Nicole Cooke of New London, Ohio.

The votes will be tallied and the winner will be announced at a special ceremony Nov. 12. The winning student will receive a \$50 food account credit and the winning mom

will be presented with a certificate of honor.

Like the finalists before them, one or all of the dishes may become a regular part of the cafeteria menu.

While most cafeteria recipes begin "Take 100 pounds of..." if you would like family-size recipes of the above dishes, write to the University's Office of Public Relations, Bowling Green State University, Bowling Green, OH 43403, for a copy.

Other innovative programs include theme night dinners, such as Soul Food Night or International Night, specialty restaurants, late-night snack bars, catering services for pizza parties and sundae bars, and sweets and fruit-basket delivery services.

Recently, food operations also won a national cost savings and environmental award for its "Reach for the Glass" program. The program encourages students to use reusable glass containers for beverages instead of paper products. The award is sponsored, in part, by the USX Foundation Inc.

Many Factors Have Figured Into BG's MAC Title Run

A LOOK BACK

Although the final three chapters of the book have yet to be written, the 1991 football season at Bowling Green State University has been a novel that would top any best-seller list.

Several factors have made this a championship season, the first for the program since 1985 and the ninth Mid-American Conference title in school history. The following is a capsulized look at the championship season.

December 5, 1990 - An assistant coach at Ohio State, Gary Blackney, is named the new head football coach at BGSU. He has spent 24 years in the profession, all as an assistant coach. Blackney said during his press conference that BGSU is the "place of the future" in the Mid-American Conference. Little did he know that 11 months later the future would be the present and the Falcons would be the MAC champs.

Summer 1991 - Almost one-third of the team stays in Bowling Green during the summer to workout. Many of those are senior members of the squad who will be the leaders of the team.

July 30, 1991 - Nose guard Mark Ross, in what most thought was a bold, optimistic statement, tells the media gathered for the MAC Football Preview the Falcons will win the league title. Those who took him seriously could see a fire in his eyes which told you this was not idle chatter. Turns out he knew more than almost every person at the gathering.

August 31, 1991 - BG makes its earliest start to a season in 46 years a successful one as they score 14 fourth quarter points to post a 17-6 win over MAC foe Eastern Michigan. LeRoy Smith, who rushes for 155 yards, has the biggest day by a BG back in eight years. The Falcons open the season wearing orange jerseys for the first time in school history.

September 7, 1991 - The Falcons go on the road for the first time and are impressive against West Virginia. WVU's superior depth finally wins out on an over 80 degree day, but the Falcons have nothing to hang their heads about in a 24-17 loss. The BG offense is much better than expected behind the play of junior quarterback Erik White and a determined offensive line. WVU coach Don Nehlen says after the game, "They're a good team and well coached. My alma mater really looked good."

September 21, 1991 - The Falcons begin to show the confidence that will lead to a

seven-game winning streak as they pin a 20-16 loss on Cincinnati with a fourth quarter touchdown with just over five minutes remaining. Despite being outgained by over 130 yards, BG is also taking on the characteristic that they will not be denied no matter what the circumstances.

September 28, 1991 - The Falcons pile up 464 yards of offense, but it takes a great effort by cornerback Ken Burrell, who runs down Navy receiver Mike Pritchard early in the fourth quarter as he seems to be headed for a touchdown that would put the Midshipmen up by 12 points. A few minutes later, White hits wide receiver Ronnie Redd with a 33-yard strike for the winning points.

October 5, 1991 - BGSU returns home and stamps themselves as a legitimate contender for the league title with a 17-10 win over defending champion Central Michigan. Again, fourth quarter heroics win the game as Smith completes a 69-yard drive with a one-yard plunge and Ross intercepts a Jeff Bender pass that is setting on teammate Carlos Brooks' back after Brooks had separated the CMU receiver from the ball with a big hit.

October 12, 1991 - The Falcons finally have a breather as the special teams have a hand in two first quarter touchdowns and BG posts a 45-14 win over Ohio at Athens. BG possesses the ball for more than 36 minutes of the game in rushing for 235

yards increasing the winning streak to four games.

October 19, 1991 - It's beginning to sound like a broken record but the Falcons' confidence pays off again in the final moments as White finds tight end Ryan McElroy alone in the end zone for the winning touchdown with less than two minutes remaining for a 24-21 win over arch rival Toledo. The Homecoming Day crowd of 27,333 sees another classic in the series between the two teams as the lead changes hands six times.

October 26, 1991 - After falling behind by a 10-0 score in the first quarter on the road at Western Michigan, BG shows the resolution of a champion coming back to post a 23-10 victory. White and wide receiver Mark Szlachcic hook up on a "Hail Mary" pass at the end of the first half which gives the Falcons the lead for good.

November 2, 1991 - Mark Ross becomes a better prognosticator than Jimmy "The Greek" Snyder and proves all that snickered on that July day didn't know what he knew, as the Falcons earn the MAC title with two weeks to spare with a 17-7 win on the road against second-place Miami. Ross figures in the clinching victory with a stop of Miami quarterback Jim Clement on a fourth-and-short situation in the third quarter and White ices the win with a 24-yard toss to wide receiver Dave Hankins in the final quarter. The BG defense limits MU to eight first downs and only 169 yards.

Everyone is all smiles after clinching the MAC title last week at Miami. Left to right: Steve Bosko, Nick Sims, Bob Johnson, Kevin O'Brien and Mark Szlachcic.

THANKS, B.G.!

We're not the most conspicuous copier store in the area. Which is why your business means so much to us. You see, we know that *you* know that story: while the big universities get the attention, BGSU just does its job... and develops programs, academic *and* athletic, to rival any in the Midwest! So... thank you, BG, for letting Goodremont's and Minolta to help you in "reproducing" your very considerable accomplishments.

In large measure, Bowling Green State University's success has centered on its ability to offer its students the educational diversity and excitement of a large university, while maintaining the caring and camaraderie of a small college.

As the University completes the first year of the new decade, it continues to build on that past while preparing students for the challenges of the fast approaching millennium.

Bowling Green's history began in 1910 when it was created by the Ohio legislature as a Normal School for the training of teachers. In 1914, when Bowling Green opened its doors, 15 faculty members and 158 students were present.

Today, the University has nearly 1,000 full- and part-time faculty and 18,000 students on its main campus. Degree programs are offered through the colleges of Arts and Sciences, Business Administration, Education and Allied Professions, Health and Human Services, Musical Arts, Technology and the Graduate College. Within the undergraduate colleges are schools of Art, Mass Communication, Nursing, and Health, Physical Education and Recreation.

In all, the University offers more than 170 undergraduate degree programs, 13 master's degrees in 69 fields of study and doctoral degrees in 14 departments with more than 60 specializations.

In addition to courses on the main campus, the University's Firelands College campus, located in Huron, Ohio, offers five associate degree programs, as well as courses which fulfill the first two years of a bachelor's degree requirement. Firelands enrollment tops 1,500 students.

Fully accredited at the highest state, regional and national levels, the University has chapters of most national academic honor societies, including Phi Beta Kappa and Phi Kappa Phi. Bowling Green is also a member of the National Association of State Universities and Land Grant Colleges.

The University's faculty members, 78

The Jerome Library is one of the impressive buildings at BG.

percent of whom hold Ph.D's, include Fulbright Scholars, authors and nationally known researchers. The caliber of the faculty is reflected, too, in the number of academic programs which are regionally and nationally recognized. Three academic departments—chemistry, philosophy and industrial/organizational psychology—are home to Ohio Eminent Scholars. The scholar program was created by the Ohio Board of Regents to attract world-class educators and researchers to the state's universities.

While committed to teaching, faculty are researchers as well, generating new knowledge through independent research and involvement in University units such as the Population and Society Research Center, the Center for the Study of Popular Culture and the Social Philosophy and Policy Center.

Bowling Green is also the site of the Na-

tional *Drosophila* Species Center and the Mid-America Stock Center—the largest scientific facilities of their kind in the world—where University faculty assist in supplying some 400 species of fruit flies to scientists involved in genetics and cancer research around the globe.

The University's students come from throughout the United States and nearly 60 foreign nations. While most students are between the ages of 18-22, the number of those older than 25 is increasing. Each academic year, more than 1,100 "non-traditional" adult students enroll in undergraduate and graduate programs on a full- or part-time basis.

The focal point of the 1,177-acre campus is the nine-story Jerome Library, with its collection of more than four million items, including 1.6 million volumes plus journals, periodicals, microforms, government documents and other materials. Special sections of the library include the Center for Archival Collections which houses materials relevant to northwest Ohio history and the Sound Recording Archives with 400,000 recordings. The Institute for Great Lakes Research, located in Perysburg, contains an extensive collection of materials on the shipping industry's past and present.

The University is continually refurbishing its more than 100 existing buildings and upgrading facilities to meet current needs. In the past 10 years, nearly \$116 million has been allocated for new construction and remodeling projects.

The University is also meeting the challenge of tomorrow's high-tech education. It currently has 19 computer labs, including one in every residence hall complex, for use by students. And this year, computers are being put into the rooms of Chapman Hall as part of a pilot program which may eventually lead to a computer in every residence hall room.

The Student Recreation Center offers something for everyone.

"An Environment for Excellence." Dr. Paul J. Olscamp adopted that slogan for his administration when he became Bowling Green State University's eighth president in 1982.

To create that environment, he charted a course that has moved Bowling Green into the ranks of the country's most important colleges and universities. The effort focuses on teaching, research and service and involves a University-wide commitment to excellence.

Since arriving on campus, everything the president has done has been aimed at fulfilling that vision. Early in his administration, Olscamp and the faculty outlined the task ahead in a 27-goal document called the Role and Mission Statement. Most of the goals centered on improving the quality of incoming undergraduate and graduate students, the academic programs, the learning environment and the faculty and its resources.

Now, as Olscamp begins his 10th year at Bowling Green, many of those original goals have been met and new priorities have been established, including the recruitment of minority faculty and students, and greater emphasis upon research production.

One of his most important accomplishments has been to fully involve the faculty in University governance. Faculty now have a key role in developing the annual budget and share authority with the president in interpreting the University's Academic Charter. The faculty also have greater control over the curriculum and development of new academic programs.

While always a concern, finances have taken center stage in recent years. With a tightening state budget, Olscamp has directed efforts to increase private giving. During his tenure, the school's endowment has increased to nearly \$32 million from \$1.9 million when he arrived. Private contributions in 1990-91 exceeded \$4 million.

In 1985, in an effort to increase minority representation on the campus, Olscamp ordered the creation of the Office of Multicultural Affairs to provide services to assist minority students. Recruitment efforts also were increased, with the Office of Admissions adding a director of minority recruitment. In addition, the University has increased the number of minority faculty, with the assistance of a special minority hiring fund.

Olscamp also brings a personal touch to his presidency. He frequently hosts both students and faculty as his home. He also holds periodic forums with students wanting to discuss campus issues.

A great deal has happened at Bowling Green since 1982. Here are some of the highlights:

Academic Programs

*Creation of Bowling Green's first endowed professorships, in management,

finance, chemistry and philosophy.

*Development of the Center for Photochemical Sciences, the only one of its kind in the country. Photochemistry is a multibillion dollar growth industry and some key research for that industry is being conducted at Bowling Green.

*Development of the Center for Quality, Measurement and Automation, the only center of its kind in the state designed to assist manufacturing and other businesses in the design and production of products.

*The appointments of three Ohio Eminent Scholars in photochemical sciences, moral philosophy and industrial/organizational psychology; the positions are the result of three \$500,000 grants from the Ohio Board of Regents.

*The addition of doctoral programs in applied philosophy and photochemical sciences; the 13th and 14th Ph.D. offerings at Bowling Green.

*In 1991, 52 freshmen who are also National Merit scholars enrolled at Bowling Green; in the past four years, more than 180 scholars have attended the University, a total which places Bowling Green among the top 25 universities in the country.

*Establishment of the University's first major scholarships for minority students.

*Creation of a network of computer labs throughout the campus, including labs in each residence hall. This year computers are being installed in each room of one residence hall, part of a pilot project which could result in a computer being placed in every residence hall room on campus.

*Securing more than \$5 million from the Board of Regent's Selective Excellence Programs, which are designed to attract top scholars, conduct pioneering research and develop centers of excellence. Grants have been awarded in both the sciences and the humanities.

*Expansion of the library's holdings to more than four million items, including 1.6 million books, plus journals, periodicals, microforms, government documents and other materials.

*Development of the Student Telephone Accessed Registration system which enables students to schedule their classes from a touchtone telephone. The STAR system has made long registration lines a part of University history.

Physical Plant

*More than \$116 million has been spent in the past 10 years for the construction of new buildings and upgrading existing buildings.

*Completion of the \$7.2 million Physical Sciences Laboratory Building in 1984 and a \$3.65 million addition to the Business Administration Building in 1988.

*Work is now underway to construct a \$9.1 million addition to the Fine Arts Building.

*Major renovation and refurbishing of existing campus buildings including Williams, Overman, Hayes and Shatzel halls, and Eppler Complex. construction of a \$2 million office building to house faculty and staff temporarily displaced by renovation projects and later to be used for permanent offices.

University Finances

*Creation of an internal endowment fund of \$4 million from various University reserves. The balance is more than \$8 million and is expected to reach \$10 million in two years. Interest on the \$10 million principle will be used to supplement the academic budget.

*Development of a plan to restructure debt service obligations which is projected to result in a \$35 million principle in 11 years. Interest on that amount, which could approach \$3 million annually, will go toward the academic budget.

*Completion of the most successful fund raising drive in University history. With the assistance of the development and alumni offices, the 75th Anniversary Fund raised more than \$15 million in three years; well above the \$12.5 million goal. Donations included the University's first two \$1 million gifts—from the Stranahan Foundation of Toledo for the Social Philosophy and Policy Center and from Harold and Helen McMaster of Perrysburg for the McMaster Leadership Institute. In 1988 the Stranahan Foundation awarded a \$3 million grant to the Social Philosophy and Policy Center.

As we move further into the final decade of the 20th century, the Bowling Green State University athletic department continues to maintain its status as one of the top programs in the country.

Bowling Green sports teams of the 1980s achieved a level of success matched by few and the 90s seem headed in the same direction.

Bowling Green claimed 23 conference titles during the 1980s, 19 in the Mid-American Conference and four in the Central Collegiate Hockey Association. Twenty-one teams were involved in postseason play in the NCAA, NIT and California Bowl.

The first year of the 90s yielded two BGSU teams that earned spots in postseason play.

Each of the 19 Falcon sports teams has helped build and maintain the "Winning Tradition" at BGSU. . .

BASEBALL—The program has a young, energetic leader in second-year head coach Danny Schmitz who will be looking to develop one of the top programs in the region. Schmitz, who played eight seasons of professional baseball, coached in the minor leagues at the AAA level. Many former BGSU players have gone on to play professional baseball including two of the top pitchers in the game today—Roger McDowell of the Philadelphia Phillies and Orel Hershiser of the Los Angeles Dodgers.

MEN'S BASKETBALL—Coach Jim Larranaga's Falcons have accomplished something the last two years that hasn't happened at BG since the early 60s. Last year's NIT team made it consecutive postseason appearances for the basketball program for the first time since the 1962-63 season. The Falcons, who have beaten Big 10 power Michigan State each of the last two seasons, have been ranked among the top 20 teams in the country in the *USA Today* computer rankings each of the last two years. Historically, BGSU leads the MAC in postseason appearances (23 games) and victories (eight).

WOMEN'S BASKETBALL—Coach Fran Voll, a two-time MAC Coach of the Year, has led the Falcons to four MAC Tournament Championships and four NCAA Tournament appearances. Certainly one of the premier teams in the MAC, BG has ruled the conference compiling a 67-13 league record the last five years. The success of the program has attracted large crowds to Anderson Arena, including an MAC-record crowd of 4,100 for BG's NCAA Tournament victory over Cincinnati in 1989.

CROSS COUNTRY—Bowling Green begins the 1990s with Sid Sink in charge of the men and Steve Price directing the women. Sink, a former track and cross country All-American at BGSU, coached the BG women to four CC titles in the 1980s. Now, he's out working his magic with the Falcon men. Price, an experienced coach on the national and international level, is in his second year as the head coach.

FOOTBALL—Bowling Green's football program will take a "new direction" in 1991 as former Ohio State assistant coach Gary Blackney begins his first season heading the program. The program has a renewed enthusiasm under Blackney, who will have 38 returning letterwinners, including eight on defense. The BG defense was among the top 15 in the country last season in scoring defense. BG has a rich

tradition having won two MAC titles and two trips to the California Raisin Bowl in the 1980s, while also setting the MAC single-game attendance record of 33,527 at Doyt Perry Field.

GOLF—Coach Greg Nye's men's and women's golf teams play on some of the most challenging courses in the country and in some of the most prestigious tournaments on the collegiate level. The Falcon men's program has won four MAC Championships and made four NCAA Tournament appearances while the women's program is annually among the best in the region.

GYMNASTICS—Year in and year out, Coach Charles Simpson fields an MAC title contender. With three MAC titles since 1980, the Falcons have qualified as a team for postseason competition five of the last eight years, including last season. In each of the last three seasons, his teams have consistently increased the school record for team score, led by Mary Beth Friel, who has qualified for the NCAA regional meet each of the last two seasons.

HOCKEY—A winning tradition is what the Falcon hockey program is all about. One of only five teams in the country to earn 20 or more wins every year between 1981 and 1990, BGSU will be looking to make its fifth NCAA Tournament appearance in the last six years this season. In all, the Falcons have appeared in nine NCAA Tournaments winning the 1984 national title. Coach Jerry York ranks among the best collegiate coaches of all-time with 421 career wins having led the Falcons to four CCHA regular season championships and one league playoff title. In all, the Falcons have won seven conference titles. BGSU has produced some of college hockey's greatest names, including 15 players who currently play in the NHL or with an NHL affiliate.

SOCCER—Coach Gary Palmisano's Falcons posted a winning record in all but one year of the 1980s and his teams in the

90s will look to continue that tradition. Perennially one of the top teams in the region, the Falcons should have one of their strongest teams in years this season. The BGSU schedule annually includes perennial NCAA power Indiana and other top teams in the region. BGSU also hosts the Kwik Goal/BGSU Classic having won the title in four of the six years the tournament has been contested.

SOFTBALL—Head coach Jacquie Joseph begins her fourth year in charge of the Falcon softball program. Four strong recruiting classes should produce a BG team that will be ready to challenge for the MAC title. The Falcons last won the MAC Championship in 1988, a year that ended with BGSU playing host to the NCAA Midwest Regionals.

SWIMMING—Coach Brian Gordon, MAC Co-Coach of the Year in 1988, is back for his fifth year with the Falcon men and women hoping to reap the benefits of his work recruiting during that time. The Falcon women have made winning a habit. It began with the 1981 MAC Championship and continued with second-place finishes in each of the next seven seasons. The Falcons train at beautiful Cooper Pool, one of the midwest's top swimming and diving facilities.

TENNIS -The Falcon tennis teams have

the advantage of playing and practicing at one of the finest facilities of its kind in the region—Robert Keefe Courts. The men's team, under the guidance of fourth-year coach Gene Orlando, is continuing to improve and will have three veterans returning this season. The women's program is under the guidance of Penny Dean, who is beginning her second year.

TRACK & FIELD—Bowling Green, long associated with success in track and field, is fast becoming a regional power in field events. The Falcon men have claimed an MAC champion in the shot put or discus in three of the last four years, while the Falcon women have produced the last four MAC discus champions, including two-time All-American Beth Manson. Sid Sink heads the men's track team, while Steve Price directs the women's program.

VOLLEYBALL—Seven years of hard work by head coach Denise Van De Walle paid off in 1989 as the Falcons captured the regular-season MAC title breaking Western Michigan's seven-year stranglehold and the Broncos 98-match league winning streak. Van De Walle, three times named the league Coach of the Year, has a chance to repeat the 1989 season this year as she will have all 10 players returning from a team that compiled a 26-7 record last year. BG has won 20 or more matches four of the last five years.

The NCAA—Working Together Toward a Common Goal

By David Housel, Sports Information Director, Auburn University

What is the NCAA? The question could be answered simply by saying "National Collegiate Athletic Association," but in reality the NCAA is much more than four words beginning with the letters N-C-A-A.

It is also much more than a staff working in Overland Park, Kansas, on administrative details of America's intercollegiate athletics programs.

To say that the NCAA is a staff or a group of people is to misunderstand not only what the NCAA is, but what its goals and objectives are. It is to misunderstand its very reason for being.

In reality, the NCAA is composed of some 1,000 colleges universities and organizations across the United States. The NCAA, in its truest sense, is every member institution working together for the common good of all. It is democracy in action. All rules, all policies, all procedures, even the directions and goals of the NCAA are determined by the colleges and universities working and voting together in a common body.

As with any organization made up of individuals or member institutions, the requirements in any given area, be it academic or enforcement, are continually changing in response to the desires of the

membership. But the goal is always the same—a sound mind, a sound body, a spirit that is unafraid and a clean sports program that develops those qualities individually, institutionally and nationally.

Perhaps no area of the NCAA comes under more inspection than the enforcement program. Yet, even there, the NCAA is responsive to the needs and concerns of the individual institutions working together for what they perceive to be the common good. The colleges and universities make the rules. The NCAA staff, working under the direction of the colleges and universities, simply administer the programs designed by the members. And it is the Committee on Infractions, which is comprised of college administrators from around the country, that determines sanctions levied against fellow members.

Just as integrity is the key to an academic program, it also is vital to healthy competition between NCAA member institutions. The colleges and universities seek to create an atmosphere in which all institutions have an equal chance to recruit America's outstanding student-athletes. It is then up to member schools to help the individual student-athletes be as good as they can be, both in the classroom and in their athletic endeavors.

For all of the attention it receives, the enforcement program is but one small part of the NCAA's total concern. The NCAA administers 77 championships in three divisions in 22 sports. More than 15,000 men and women student-athletes compete annually in these events, designed to determine the national champion.

Other programs under the auspices of the NCAA include the National Youth Sports Program, cosponsored by the U.S. Department of Health and Human Services, Office of Community Services, Family Support Administration, and the nation's colleges and universities. NYSP is a unique summer program that offers sports skills instruction, competition, improved physical fitness, and enrichment opportunities for economically disadvantaged youth between the ages of 10 and 16.

The NCAA conducts free Youth Education through Sports (YES) clinics in many sports, annually providing thousands of youngsters expert instruction from the best collegiate coaches, as well as important information about academics and substance abuse prevention.

The NCAA also administers several scholarship programs that benefit not only deserving student-athletes but also students in general. The NCAA Postgraduate Scholarship Program has distributed more than \$3.2 million to some 2,000 student-athletes for full-time graduate study; two Walter Byers Postgraduate Scholarship winners annually receive \$7,500 renewable stipends; the NCAA Ethnic Minority Enhancement Program and the NCAA Women's Enhancement Program each provide scholarship awards to qualified individuals for postgraduate study in sports administration; and the NCAA makes available grants to undergraduate student-athletes who have exhausted their institutional financial aid opportunity and who wish to complete their undergraduate degrees.

More information about these scholarship programs is available from the NCAA administration department.

The NCAA also sponsors one of America's foremost honors programs, which is designed to recognize yesterday's and today's top athletes, and the contributions of intercollegiate athletics as a whole to the country and society.

It has been said, and rightfully so, that sports is but a microcosm of society. Never before has it been more true, for sport and for the NCAA.

However, the goal of the NCAA is still the same—America's colleges and universities working together for the common good of higher education, and the young men and women who study and compete for NCAA member institutions. ■

BGSU DIRECTOR OF ATHLETICS

Since his appointment 10 years ago as director of athletics at Bowling Green State University, John C. (Jack) Gregory has set a standard of excellence designed to place Falcon men's and women's teams on equal terms with today's elite intercollegiate athletic programs.

To reach these goals, Gregory challenges his staff of administrators, coaches and classified personnel to settle for nothing less than the very best. His challenge has resulted in some of the finest moments in the history of intercollegiate athletics at BGSU:

- the 1984 NCAA Division I Ice Hockey Championship;
- 13 Mid-American Conference regular season championships in football, men's and women's basketball, softball, women's cross country, gymnastics, men's golf, and volleyball;
- two California Bowl appearances;
- four MAC postseason tournament championships;
- three Central Collegiate Hockey Association regular-season championships;
- one CCHA postseason tournament championship;
- 15 NCAA Tournament appearances in hockey, basketball, softball and gymnastics, including 11 in the last five years, the most of any MAC school over the period;
- three home NCAA Tournament berths in hockey, softball and women's basketball;
- and the 1987-88 Jacoby Trophy, awarded annually to the MAC school with the best overall record in women's sports.

Postseason appearances by the men's basketball and the women gymnastics teams highlighted the 1990-91 year. The appearance of the men's basketball team in the NIT for the second consecutive year marked the first time since the early 60s that the program had earned back-to-back postseason invitations.

The 1989-90 school year was highlighted by three Falcon teams advancing to postseason play. Hockey and women's basketball returned to the NCAA Tournament, while men's basketball played in the NIT. In 1989-90, Bowling Green was the only school in the country that sent teams to national postseason tournaments in those three sports.

Gregory came to Bowling Green during one of the most difficult periods in the school's 72 years of intercollegiate athletics, a time when BGSU

JACK GREGORY

and the MAC were fighting for NCAA Division I-A status in football. Behind Gregory's leadership, the football program attained I-A status.

Record crowds have attended Falcon football, hockey and women's basketball games during Gregory's tenure. Soccer, volleyball, gymnastics and softball are drawing larger crowds, too.

Another "first" during Gregory's tenure occurred in the fall of 1989 when more than 25,000 fans turned out for the first night game in Perry Field history.

In 1983, 33,527 fans packed Perry Field to witness the Bowling Green-Toledo football clash, one of college football's best rivalries. BGSU and MAC single game attendance marks fell that afternoon. Two years later, the Falcons drew a record 112,110 fans for five home games, giv-

ing BGSU the second-largest average attendance (22,422) in MAC history. In 1987, Bowling Green set still another MAC attendance record by playing in front of 84,574 fans at Penn State.

Sell-out crowds for BGSU hockey games are a tradition. The 1989-90 season featured the addition of 1,700 seats to the BGSU Ice Arena, and all attendance records were broken, including single game (5,005) and season (79,376) marks.

With the world of college athletics changing constantly, it is important for Gregory to be as active on the national level as he is. Gregory has served on numerous NCAA committees including the Executive Committee and is one of the most active athletic directors on a national level in the MAC. He has also served in many different capacities on the conference level, in both the MAC and CCHA.

Gregory, 63, has also been instrumental in the development of the Falcon Club, the University's official athletic department booster club. Recent membership drives have encompassed all of northern and west central Ohio, resulting in unparalleled growth in cash and pledges. The Falcon Club has more than doubled its income and grown to such an extent that it compares favorably with any athletic support organization in the country.

Still, Gregory understands the integrity of college athletics depends on the continued emphasis of the "student" in student-athlete. In that regard, he appointed an academic coordinator in 1984, the first such appointment in the MAC.

Many BGSU student-athletes have excelled in the classroom. Volleyball's Linda Popovich became the MAC's first female to receive the Byers Scholarship in May, 1990. There were more than 170 BGSU scholar-athletes with grade point average of 3.0 or better in 1990-91, including one who was named an Academic All-American, raising the total to 15 Academic All-Americans in the last five years.

A 1952 graduate of East Stroudsburg State College and holder of a master's degree from Temple University, Gregory was a teacher and coach at William Penn High School in New Castle, Delaware, and later at P.S. Dupont High School in Wilmington, Delaware. In 1959, he returned to East Stroudsburg as head football coach and assistant professor of physical education. One of the most successful coaches in the school's history, Gregory was inducted into the East Stroudsburg Athletic Hall of Fame in October, 1983.

In 1965, Gregory was named assistant football coach at the U.S. Naval Academy. Two years later, he was named head football coach at Villanova University. In 1969, he moved to the University of Rhode Island, where he served as head football coach for seven years.

In his 25 years as a head coach, Gregory's teams compiled a record of 132-69, including four undefeated seasons and seven league championships. He was twice selected as NAIA Coach of the Year, twice selected as Pennsylvania Coach of the Year and was named NCAA District Coach of the Year once.

Gregory joined the Green Bay Packers of the National Football League in 1976 and served in the personnel department for three years, before becoming associate athletic director at Yale University from 1978-82.

Jack and his wife, Peg, reside in Bowling Green and are the parents of two sons and two grandchildren.

FALCON PRIDE

Today's Halftime Show

BGSU FALCON MARCHING BAND

BGSU vs. KENT
November 9, 1991

Congratulations to Coach Gary Blackney, his staff, and the 1991 Falcon football team! Could there be a more fitting tribute for Parents' Day than to watch those young men who have been crowned as the Mid-American Conference Champions for 1991? Certainly their parents are most proud of their achievements as is the Falcon Marching Band.

This afternoon, we also close our home season for our parents and fans. During the halftime show, recognition for those members who have been a part of the band for four or more years will be extended.

Today, the Falcon Marching Band goes classical....light classical. More accurately, plan to spend "An Afternoon at the Pops!" We have many familiar melodies in store, guaranteed to warm the chill in the air.

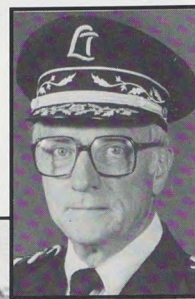

The opening selection is Richard Strauss's "Also Sprach Zarathustra", which you will recognize as the theme from the movie "2001 - A Space Odyssey." Following the impact of this opening fanfare, the strains of Richard Rodger's "Slaughter on 10th Avenue" will be heard.

The next two selections will feature our flags, twirlers, and percussion section to very familiar music. Focus your attention on the east sideline as our flags re-create the spirited, high-kicking dance known the world over as the "Can-Can." Can't you imagine the frilly skirts and high-steppin' kick line?

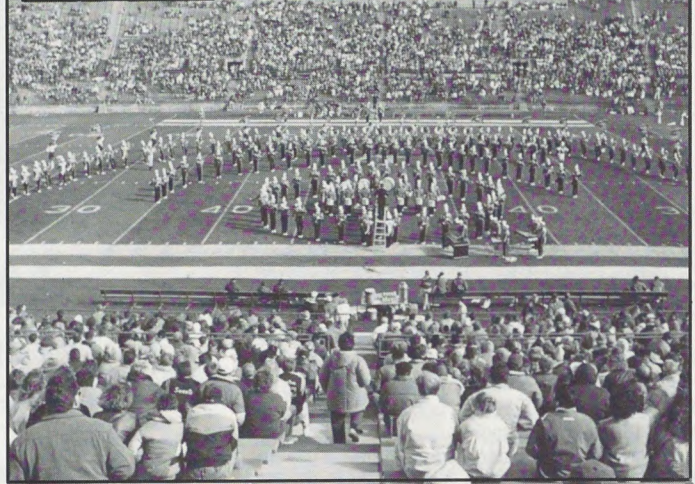

Now look back to the west sideline and watch the mesmerizing movements of our twirlers as they twirl and exchange the always-dangerous sabre to a most appropriate selection entitled "Sabre Dance."

And the finale....Coming from the concert stage is a magna-opus, which has become the staple in symphonic literature. Characterized by its lyrical melody and its dynamic finish, the "Berceuse and Finale" from Stravinsky's "Firebird" is sure to give a surge of adrenalin to both performer and listener.

So there you have it, the season's end for the Falcon Marching Band. Would you like one more opportunity to hear the group in concert? You can! As a part of the 2nd annual Band-O-Rama, the Falcon Marching Band, along with Fall Wind Ensemble and Concert Band, will perform on Sunday, November 17 at 3:00 P.M. in Kobacker Hall in the Moore Musical Arts Center. Tickets are \$3 and are available through the CMA Box Office. See 'ya there!!!

Years from now you'll be
Ever dearer in our hearts,

From your halls of ivy
To the campus scene,
Chimes ring out with gladness
From our dear Bowling Green.

Of the by-gone days,
Hear our hymn dear Alma Mater

Retired Jersey

The only football jersey ever retired at Bowling Green is #29. It was worn by Paul Miles from 1971-73, when he rushed for 3,239 yards and 25 touchdowns. He was a three-time All-Mid-American Conference running back, gaining more than 1,000 yards in each of his three years on the varsity.

Frieda & Freddie Falcon

Frieda Falcon and Freddie Falcon are the official mascots of the Bowling Green Falcons. Together with the BGSU Cheerleaders, Frieda and Freddie boost spirit at intercollegiate athletic events. Tryouts are held each spring, and the winners remain anonymous to the student body until each is beheaded at the last home hockey and basketball games. The Freddie Falcon tradition began in 1950 while Frieda Falcon was added in the 1979-80 athletic year.

Ay Ziggy Zoomba

Bowling Green's unofficial fight song. (The official fight song is "Forward Falcons"). No one knows who wrote "Ay Ziggy Zoomba," but it became famous nationally when former Falcon All-American and Detroit Lion All-Pro halfback Mike Weger sang it in the film, "Paper Lion." The Falcon football team traditionally sings "Ay Ziggy Zoomba" after each victory.

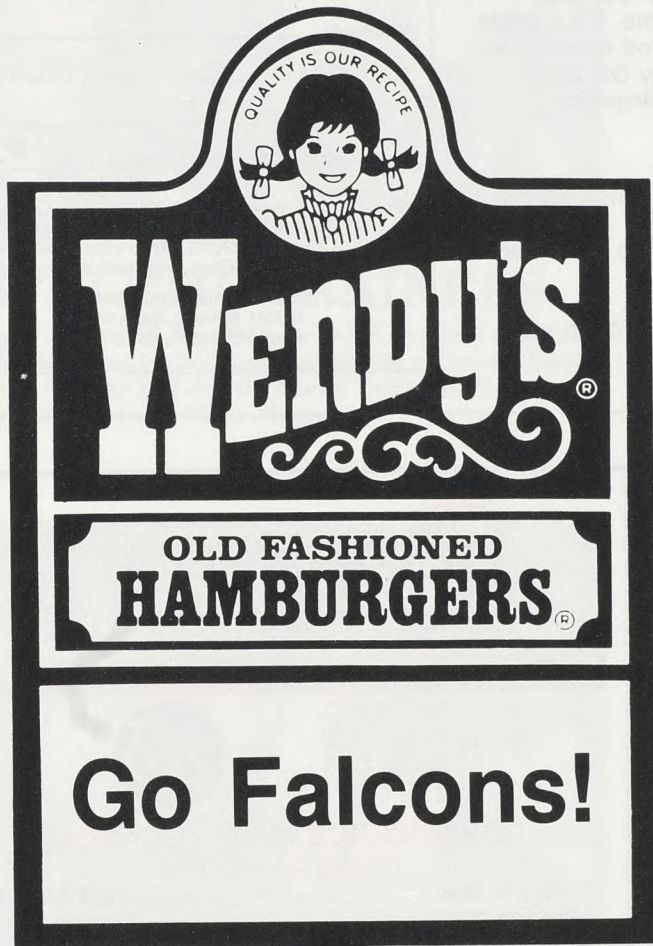

Why The Falcons?

The 1989 season marks the 62nd anniversary of Bowling Green's nickname, Falcons. Before 1927, BG teams were called the Normals or Teachers. Ivan Lake '23 suggested the nickname, Falcons, after reading an article on falconry. Lake, managing editor and sports editor of the BG Sentinel-Tribune at the time, proposed the name change because it fit headline space and because falcons were "the most powerful bird for their size and often attacked birds two or three times their size."

Why Orange and Brown?

Burnt Orange and Seal Brown have been the school colors at Bowling Green State University since 1914, the first year of classes. Legend has it that Leon Winslow, an industrial arts faculty member, got the idea from watching a woman's hat on a bus trip to nearby Toledo, OH. He liked the brown and orange color combination.

DOYT L. PERRY FIELD

Bowling Green holds the MAC record for single-game attendance (33,527).

Doyt L. Perry Field, with its 30,000-plus seating capacity, is celebrating its 26th year as the home of Bowling Green State University football.

Built in 1966 for approximately \$3 million as a replacement for the 43-year-old University Stadium, Perry Field had a capacity of 23,272 until bleacher seats were installed in both end zones in 1982.

One of the largest and most attractive athletic facilities in the Mid-American Conference, Perry Field holds the conference record for single-game attendance.

On October 8, 1983, a huge crowd of 33,527 packed into Perry Field for the annual Northwest Ohio rivalry between Bowling Green and Toledo, establishing a school and MAC record for single-game attendance. The Falcons went on to set a season record, breaking the six-digit figure for five games with a total draw of 100,021. It marked the first time in history that Bowling Green averaged more than 20,000 fans for five home football games.

That figure was topped in 1985, when Bowling Green posted a perfect record (11-0) in the regular season and clinched the MAC Championship by shutting out arch-rival Toledo at Perry Field in November. More than 28,000 fans turned out that day, raising Bowling Green's season attendance to an all-time high 112,000, an average of 22,400.

Perry Field is more than just a football facility. The east side of the stadium includes dressing rooms, equipment and training rooms, along with the Athletic

Department offices. The west side received a face-lift three years ago. A physical fitness center/weight room opened its doors for all 19 intercollegiate athletic teams in the summer of 1988.

Also situated on the west side of Perry Field are the Falcon Club offices and clubhouse, the academic affairs office, the track and cross country offices, as well as maintenance and storage areas.

Sitting atop the press box on the west side of the stadium is the plush Stadium Club. Now in its 12th year of operation, the

Stadium Club's 106 theater-type seats, which are all sold, provide loyal BGSU fans with a fine view of the game. The President's Box, located on top of the east side of the stadium, provides luxury seating for President Paul J. Olscamp and other supporters of Falcon football.

Bowling Green won the first game ever played in Perry Field, defeating Dayton, 13-0, on October 1, 1966. Since that time, the Falcons have won almost 65 percent of their home games, compiling a 76-42-5 record in the 123 games played at Perry

BGSU students catch the spirit of Falcon football.

DOYT L. PERRY FIELD

Field. Over the last eight seasons, Bowling Green is 27-9-3 at home for a .731 winning percentage.

A multi-purpose facility, Perry Field has also hosted concerts, NFL exhibition games, and major soccer tournaments.

Perry Field is named in honor of the man who led Bowling Green to a 77-11-5 record in his 10 years as the head coach of the Falcons. Doyt L. Perry was simply one of the greatest football coaches of his day. His .855 winning percentage over 10 seasons in the 1950s and 1960s remains one of the highest in football history. In fact, according to James Van Valkenburg, director of statistics for the NCAA, only two coaches on the Division 1-A list are above that figure — Knute Rockne at .881 (Notre Dame) and Frank Leahy at .864 (Boston College and Notre Dame).

Perry, 81, known for his well-organized practices and attention-to-detail meetings, never stopped thinking of ways to succeed. He was a winner in football and as a high school basketball coach. His basketball teams were 161-35 over nine seasons and his high school track teams won 70 county titles in nine years.

"First, I always tried to get the best assistant coaches possible," Perry said of his success. "Then we sought to eliminate mistakes as much as possible."

After stepping down as Bowling Green's head football coach in 1964, Doyt Perry remained as the BGSU athletic director for six years.

DOYT PERRY 1988 College Football Hall of Fame Inductee

Doyt Perry

The year 1988 will be fondly remembered by Doyt Perry, the former player, coach and administrator at Bowling Green State University.

In January of '88, he learned that he would be an inductee into the National Football Foundation's College Football Hall of Fame.

In October, when Bowling Green hosted Miami at Doyt L. Perry Field, the man in whose honor the stadium was named was there for a special on-campus presentation by the National Football Foundation.

In December, Perry was in New York for the Foundation's Hall of Fame Dinner. He was officially enshrined into the College Football Hall of Fame at Kings Island, OH, the following June.

Perry's association with BGSU dates back 60 years when, as a student he lettered nine times in three sports (football, basketball and baseball). The

Croton, OH, native received his degree in 1932 and began coaching on the high school level before becoming an assistant football coach at Ohio State University in 1951.

Perry returned to his alma mater as head football coach in 1955. The next 10 years, he led the Falcons to a 77-11-5 record for a winning percentage of .855, topped only by Knute Rockne and Frank Leahy of Notre Dame. His teams won five MAC Championships and the national college division championship in 1959.

Perry, who retired from coaching in 1964 to become BGSU's athletic director for six years, developed such outstanding coaches as Jim Young of Army, Bill Mallory of Indiana, Don Nehlen of West Virginia, Larry Smith of Southern California, and the late Dave McClain of Wisconsin.

They Put BGSU In The Driver's Seat

HEAD COACH JERRY YORK

Falcons Have a Good Blend of Youth and Experience

BGSU SHOULD BE BACK TO FORM IN 1991-92

The Bowling Green State University women's basketball program enjoyed its customary position near the top of the Mid-American Conference standings last season, but after winning seven regular season and tournament titles the previous four years, nothing but the best is expected.

Nothing but the best was expected by former coach Fran Voll and the same can be said for first-year head coach Jaci Clark. Clark took over the top spot in October when Voll stepped down to accept the position of Assistant Athletic Director in the BGSU athletic department. Clark had been Voll's assistant coach for the last five seasons before being elevated.

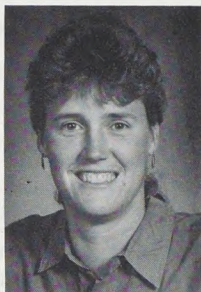

"All indications are very positive for this season," Clark said. "We want to get back to again vying for a championship, that is something we have always been able to do."

Not that any in MAC circles believed last year's third place finish would become the norm for Bowling Green, but Clark has assembled another team that has all the ingredients to contend for another banner.

Depth and talent at every position should make for some interesting competition early as Clark looks to solidify her lineup for the conference season.

"We should have tremendous competition for jobs this year, which in turn should make us a better team," Clark said. "I believe all 12 players on our roster can play and contribute giving us great depth. And, in addition to having one of the taller teams, we should have improved speed and quickness."

Clark will have eight returning

letterwinners to work with plus the addition of sophomore forward Lori Albers, who sat out last season after undergoing reconstructive knee surgery. Her return to near the form she exhibited during the 1989-90 season when she was the Freshman of the Year in the MAC will be a key.

Although she has eight letterwinners returning, half of those are sophomores while there will be just two seniors on the team.

"Very rarely can teams two years in a row be termed young," Clark said. "But, we had a young team last season and this year's squad will be somewhat inexperienced again. In fact, we have fewer players in their final two years than we had last season."

Junior forward Andrea Nordmann will lead a deep and talented front-court. Nordmann earned second team All-MAC honors last season

leading the team in scoring and rebounding.

Freshman Michelle Shade heads a trio of incoming high school products who should also play a significant role this season. Shade was the Division I (big schools) Player of the Year in Ohio averaging 23 points and 10 rebounds per contest.

"Young kids have to mature," Clark said. "But, the foundation is there for us to have a good year if we perform up to our capabilities."

As has been the program's philosophy the last few years, Clark did not back down from playing quality opponents in the non-conference portion of her schedule.

"The schedule continues to be awfully good," Clark said. "We open up with a team that could be in the Final Four, in Purdue, and we have four teams that were in the NCAA Tournament last year on the schedule.

"In addition, even more now than a few years ago, the Mid-American Conference is so much better. We've had good showings in the NCAA and NWIT Tournaments and most of the teams return a good number of players. Teams in the conference are also bringing in legitimate national calibre players. I think our preseason will test us enough for MAC play, we've always headed in to our league schedule with a lot of confidence."
