## Carl Erik Elving

An Augustana alumni was born in the Swedish village called Lövkullen on 6 December 1855. Recorded by the Grangärde Parish, the name he was born with was Carl Erik Johansson.<sup>1</sup> He grew up as a middle child along with with four brothers and three sisters, but soon Carl would immigrate to America at the age of 24.<sup>2</sup> The personal reason of his emigration would be very hard to track down, but we do know a couple general motives at the time. A common reason was the economic opportunities it provided. Sweden at the time was focused in agriculture and migrating allowed more land to be available. In addition to this, a massive crop failure began in 1968 which caused a wave of emigration from Sweden.<sup>3</sup> Carl, emigrated in 1879, was likely part of this trend, for even decades later the emigration rates were very high. What we do know for certain is that he left on a boat from Gothenburg to Boston.<sup>4</sup> We also know from the ship record that there was another man at the age of 23 also going to Boston.<sup>5</sup> Perhaps they were friends at some point.

In America, Carl worked as a Swedish school-teacher and within a year he would attend Augustana's preparatory school.<sup>6</sup> After three years Carl registered for the Theological Seminary at Augustana and took the classical course until 24 June 1888. It is also known that he was attending Augustana College fully aided financially through this time.<sup>8</sup> During this time he was engaged as a city missionary in Omaha, received his A.B. degree in 1886 and took part in the Phenokosmian Society in 1887.<sup>9</sup> Almost four months after graduating, Carl meet Alma Maria Elizabeth and they were married on 31 October 1888.<sup>10</sup> Their marriage ceremony took place in

the State of Kansas, Riley County.<sup>11</sup> Together they started a family in Omaha and had three children named Alma Maria, Carl Theodor, and Victor Ebenezer.<sup>12</sup> That same year he was called to become a missionary pastor on the south side of his city, where he and his wife strived to establish a church.<sup>13</sup> By only 1891 a church was built.<sup>14</sup> He left Nebraska in the fall of 1914 for the twin cities in Minnesota to organize many more societies.<sup>15</sup> Elving would soon retire in 1925, but he's proven to be accomplished in forming and taking part in many organizations. For instance, from 1894-1897 he served on the Augustana Pension Fund Board and from 1899-1902 he was a member of the Board of Directors of Luther College. Later, in 1907-1913 he was a member of the Nebraska Conference Orphan Home Board and in 1921 he was on the board of the Society for Lutheran Missions in Russia.<sup>16</sup> Carl also founded El Campo and Granada Settlements.<sup>17</sup> At the age of 79, he died while a patient at Bethesda Hospital on 15 March 1934. His funeral was held on 17 March and his gravestone is located in Mariadahl Cemetery, Randolph, Kansas.<sup>1819</sup>

When Carl Elving was born he was given the name Carl Erik Johannesson, named after his father.<sup>20</sup> In the 1800, a Swedish tradition was to give you child the father's first name and add -daughter or -son to the end to make their last name. If you had a daughter you would add -dotter, whereas if you had a son you would add -son. Therefore Carl's father's name was Johannes and -son was added to the end because he was a male. On all of the american documents he is listed as Carl Elving, which means at some point he decided to take on the new last name Elving. Although we do not know why he changed his last name a common reason at the time was to have your last name be related to nature. The beginning of his last name, -El, is similar to -Al which means river in the Swedish language. Another common reason people changed their names was due to the fact that there were many common last names, like

## Question for further research

With more time to research, we would have continue to look for his descendants. When we visited the Swanson center we had to do a lot of research to find Carl's children, therefore we did not have time to look closer at Carl's descendants and find more descendants. With another visit to the Swanson Center we may have found more credible sources about Carl's descendants.

If we had more time to get help from the Swanson Center we could have looked into more information of his father's family. Our group visited the Swanson Center twice to look into his father's family, but were unable to find any information past Carl's great great grandparents. Unlike his mother's side where we were able to go back six generations. If we were able to find more ancestors of Carl we would have a better chance of connecting people and sources to his Family Tree on *FamilySearch*.

Another thing we would have liked to look into would be what Carl was involved in while at Augustana. Although we learned what Carl studied while he was at Augustana we are not aware of what he did outside of class or how he was as a student. When we visited Special Collections we were able to see some of the test that they had taken while in class, with more time we could have looked at all his grades to learn what kind of student he was. Having more time would also give us an opportunity to look into more sources from Augustana to learn what he did with his time there.

Finally, we would have liked to learn more about Carl's life after Augustana, because we learned the basics of what he did but did not learn any details or specific events. We know that Carl was a pastor at multiple churches, but we are unaware of what he did at the churches. During his time as a pastor he worked on boards and did missionary work, therefore we would like to know what event he participated in and what role he played.

We have created a record for Carl Erik Elving in the Family Tree on *FamilySearch*. The record locator is G9L6-XXR.
