Vice President for Academic Affairs

SUBJECT: Faculty Lecture Series

Your proposal for a faculty lecture series has been reviewed by the President and myself. We are in agreement that the idea has merit and that it might be worth trying to see if there is student response. However, it is the opinion of the administration that there should not be any honoraria paid to faculty for this activity. If you feel that there are faculty who would be willing to do this on a voluntary basis, please feel free to initiate the project. However, the potential success of such a program has certain limitations. I will leave it to your discretion as to whether this should be attempted.

If you have any questions, please contact me.
