## MCNEILL, LEWIS SHOW U NUSUAL ABILITY IN TENNIS FINALS

#### By COACH BRUCE BARNES

In one of the most thrilling and hard fought tennis matches I have ever witnessed in college tennis circles in the past nine years, Don McNeill, National Indoor champion, defeated Morey Lewis, his Kenyon college doubles partner, in five sets.

Morey Lewis, the most improved player on the Kenyon Haves, flying for Detroit and the team, demonstrated Saturday that he will most certainly be a definite threat in the race for the National Intercollegiate crashing his small Aeronca when title in July. His beautiful and decisive volleying in the third set was comparable to that of the best players in the world. With more match play and experience, and improvement of his landing. Nickols, of Kenyon, closed ground strokes Lewis should go far in the tennis world.

McNeill pulled out the match after being behind two sets to one, due mainly to his greater experience in match play the line by only eighteen feet. six and his steady back court game. He is without a doubt a candiinches. When rain set in about 5:30 date for a berth on the Davis Cup team, and within several years should be one of the best players in the world if not the best. He possesses the two great factors which are necessary In the 180 degree free approach. in the make-up of a champion, confidence and a competitive spirit. Combined with this, he has a very sound game with the exception of his backhand, unorthodox although effective.

In summing up the final match, the first set went to Mc-Neill by the score of 6-3. His forcing shots were well placed and his overhead and play at the net was not to be denied. Lewis had no chance for this set against McNeill's blinding dent placed third with 90 feet. Fin- speed. #### **PAN-HELLENIC COUNCIL**

It might be a smart move if Kenyon fraternities would take a definite stand upon whether to develop or abolish the Pan-Hellenic Council.

At Kenyon more freedom than can be found in any other college is given to fraternities in regard to action upon fraternal matters closely associated with the school administration.

Though existant, the present Pan-Hellenic Council lives in a dormant state. Arousing it from its lethargy will save fraternities on the hill the threatening ultimatum of submitting many of their actions to the sanction of college administration.

Foremost among the breaches of Pan-Hellenic rules by Hill fraternities has been the recent initiation of pledges who have not maintained the credit hours stipulated by the Pan-Hellenic Council and approved by the college.

Strict and domineering government by the council is not necessarily to be looked for. Previously, regulations as stipulated by the council have been reasonable and have received the support of the college offices. Disregard for these rules was simply unknown.

The recent neglect of these standards can only result in the opening of administrative eyes to the fact that it is time for college intervention.

A definite policy on the part of the fraternities can save much future embarrassment.

If the Pan-Hellenic will not function here, abolish it. Let the college govern the number of credit hours needed for initiation, fraternity rushing, etc.

If Hillmen can support, and efficiently manage a governing council, it will be to their advantage and credit to keep in their own hands a matter which genuinely belongs to them, and which under present conditions has no other course than falling into efficient and impartially manipulated college administrative hands.

Mr. Fred Zinn of Toledo was in Gambier last Friday evening.

Mrs. Julia Leonard entertained members of the Faculty Auxiliary Thursday afternoon in her Cornish Place home to celebrate the opening of her bath-room. Notable artists from Massachusetts and Rhode courtesies have been extended Island designed and painted the exquisite piscatorial decorations which adorn the walls of Mrs. Leonard's bathroom. Fish shaped cookies and punch were served, and Mrs. Leonard's daughter, Mrs. W. A. Osborne and Miss Eleanor Brown poured the ice cream which was served in sea-shells. The date at which the murals will be open to public inspection will be an-

nounced at a future date. Members of the Sigma Pi Fraternity attended the cinema in Mount Vernon last Saturday night in a body.

Mr. Joseph Peoples entertained Mr. G. W. Bowen of Middle Kenyon in his rooms in South Hanna last Saturday night.

Messeys. John K. Widmer, Thomas W. Thackery III, and David W. Jasper, Jr., entertained out-of-town guests last week-end.

Mr. Charles F. McKinley of Middle Kenyon will entertain his sister and brother-in-law next weekend.

Mrs. C. C. Trainer entertained Miss Mildred Ablewhite at dinner in the Great Hall of the Commons last Friday evening. Miss Ablewhite has just returned to her home in Gambier.

Messrs, Rich Patterson, Mort Cook, and Executive Boyer have all gone to their homes in Detroit to prepare for their senior comprehensive examinations next week?

Messrs. Peoples, Doig, Gretzer, Camp, and Professor Powell met together in the Coffee Shop last Tuesday night to discuss plans for a party for the Committee on Motion Pictures. Mr. Peoples is widely known as a brilliant critic of the drama and cinema and is an active member of the committee.

Messrs. Bill Jenkins, Lou Treleaven, and F. Barlow sat on the lawn last Sunday morning.

Mrs. Bayes Norton called on Mrs. Gordon Keith Chalmers in her Cromwell House home last Wednes day night. Mr. Chalmers is president of Kenvon College.

Mrs. Charles M. Coffin, the former Mary Dubois of Ohio, and Mrs. Rudolph Kutler-the former Dorothy Hill of Cleveland and Gambier, were Coffee Shop guests last Wednesday afternoon.

Mrs. W. A. Osborne is visiting in the home of her mother, Mrs. J. P. Leonard. Mrs. Osborne was some times secretary to the Dean of Kenyon Colege and married Mr. Osborne while he was a student in Kenyon. A number of social Mrs. Osborne during her visit in Gambier.

Professor Raymond DuBois Cahall and Mrs. Cahall entertained members of the Singers at a garden party yesterday. Dr. Cahall was dressed in a flannel suit which has been in the family for the last two hundred years, and Mrs. Cahall was attired in a simple frock of pink crepe de cocoa which was trimmed with a dotted Swiss bertha. Twelve tables, set on Sunset Terrace, were decorated with dainty center pieces of yew, and the Terrace was lighted with Pap. anese lanterns. Mr. and Mrs. Ca. hall performed their original play "Out Neilling O'Neill," and Mr. Weist rendered "Sylvia" which was followed by "There Was a Young Man from Nantuckett."

Dr. Wilson Powell took his staff to Mansfield last Monday evening. This included all the men who have been working in the interests of the movies. In the jolly motorcade which sped up Route 13 after a dinner at the Alcove were Messrs. Gretzer, Loving, Peoples, Brown, Hawke, G. Chubbuck, McPherson Sawyer, Olin, and Camp. Glee Club favorites were sung en route, and a comfort stop was made at Fredericktown. Appropriately enough, movies were the order of the evening once Mansfield was attained. A wet night did not spoil the fun one bit.

But he's wet any way and I told him off one day. You see Poppa's spending hard-earned money on me putting me through school and the Dean said I had to take an extra course, so I registered in this darn English course and had to pay twenty-five dollars for it and then the Prof he said I hadn't been there so he didn't even give me a grade. In close pursuit was Zygmund wh missed the target by only 65 feet. Newland and Blickensderfer, of O. S. U., placed fourth in a special category of fun. This and fifth.

The paper straffing, which was postponed until Sunday morning, afforded the spectators numerous thrills. Clark Henderson displayed some splendid acrobatic flying when he succeeded in cutting the ribbon of paper twice in 13 seconds, after having dropped it from his plane at an altitude of 2,000 feet. Clark eualled the National In tercollegiate record which is officially recorded at 13 seconds. Rodney Boren placed second with 141/2 seconds. The former Kenyon Fly ing club president, Bill Lieurance followed his roommate for a third place with a time of 161/2 seconds

It was Zygmund of the University of Detroit who narrowly escaped a possible crack-up when the wings of his Fairchild monoplane started to buckle while pulling out of a 175 mile an hour power dive. The excessive strain fortunately caused the windshield to crack and warned Zygmund that all was not well. He immediately made a speedy landing and a later inspection disclosed that the steel wing tubing had given way as much as half an inch. A short while later Zygmund borrowed the Fleet from the Kenyon Flying club and succeeded in taking a 4th place in the paper straffing with a time of 211/2 seconds, Dave Nickols following in fifth place.

That's something they throw around here, there's something else they throw too, but that's something else. And they told me you had to pass them before they commence you. I didn't know about that before because it seems the exams always come around during the turfing season. Somehow between Doris and my outside activities I'm kept awfully busy.

It seems that a few weeks back in the baseball game with Oberlin, Kenyon's catcher, Skip Wright in urbe, beat the major league record for making put outs. The big league record for chances accepted by a catcher in nine innings is sixteenheld by Gus Mancusco of the Giants.

## Service Station

## Student Project

One of the oldest store buildings reveals some of the more glaring deficiencies in the book collection of Gambier is the Doolittle build ing. It was erected ninety years ago on Chase avenue and for many years was a general store. Last fall the building with its deeply worn doorstep started a career as a service station. Two students were financed by a faculty member in this new enterprise and it has become known as the College Serv. ice Station, Frank Cline and Man. rice MacCullough are its managers

Frank Cline is a Junior and Mac. Cullough recently entered school Both men are interested in athletics, especially track, and Mac-39 Cullough was a member of a championship Ohio High School Basket 119 Ball team. It is the ambition of 363 both men, however, to eventually 227 operate service stations in a wider area, and they conceive of this 784 year's experience as the practical 107 | background to the theoretical train-355 ing of college which should be of 24 value in an expansion of the future 26 The theory of the manage-107 ment at the start was that good 766 service was the keynote to success 85 and they have applied this theory 151 with vigor. They know of their sta-17 | tion in another light, however, as a place where automobile owners can also do some tinkering on their own. A great many Kenyon men like to work on their own cars and this angle has caused Frank and 87 Mac to contemplate the formation of an automobile club at some future date in which counsel on some of the more technical matters of automobile engineering could be ists in that field.
