TARS TRIM FLYING FLEET'S SAILS, 7-0 IN 1948 FOOTBALL SEASON OPENER

On September 24 the Rollins Tars gave Erskine College's able Flying Fleet a 7-0 sample of their potential ability to give a good account of themselves in the gridiron battles they face in 1948. Both teams are rated better than last year when Erskine upset Rollins 19-9 in an early contest in 1947. This year their play was evenly matched until the Tars hit their winning stride in the third quarter to strike pay dirt and continued to threaten the Erskine goal line until the final whistle.

A record pre-college year turnout left the Orlando Stadium on the night of September 24 well satisfied of Tar Skipper McDowall's special talent for fielding smart fighting teams.

As this copy goes to press, Rollins football fans are moving south en masse for the second Tar invasion of the University of Miami Hurricanes since the war.

Although no one ever knows how good a football team is until after the last game, the consensus seems to be that Jack McDowall has one of his better elevens. Twenty-six letter men are on hand, which forms a strong nucleus. If some of last year's freshmen develop as Jack hopes, the Tars will give plenty of headaches to so-called bigger teams.

The big tests come early in the season. After the University of Miami contest, the Tars take a week off before battling the Florida Gators in Gainesville on Saturday night, Oct. 16.

Dopesters assert this is Coach Ray Wolf's year, which may be bad news for the Tars. But don't count Rollins out. McDowall is pointing for this one, and he has become famous for his upsets.

Rollins College will probably move over to Gainesville that day.

Tough Presbyterian comes to Orlando the following week and then the Tars go to Delaware to meet Ohio Wesleyan on Nov. 6 in the only afternoon game on our 1948 schedule.

This will be Ohio Wesleyan's Homecoming game and marks our renewal of grid relations with the Methodist institution, which were interrupted last fall. The Tars have been well matched with the Bishops in past years.

This game will give Rollinsites in the mid-west a chance to see the Tars in action, and meet a lot of old friends they have not seen since leaving College.

Dean Enyart, an old OWU Alumnus, is sure to be there!

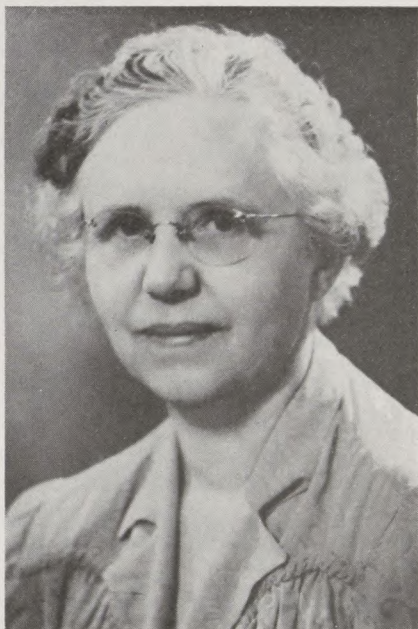

Plans for our own Homecoming on Nov. 26 are already in the blueprint stage. Make your hotel reservations and get your tickets NOW for the 1948 version of the old Rollins-Stetson football rivalry. A Tar-Hatter engagement is sure to produce some spectacular football.

The Rollins ATHLETIC OFFICE is handling tickets for all home games. Kick-off time in the Orlando Stadium is 8:00 p.m., and reserved seats are again priced at \$2.40 and \$1.80 there. Tickets for out-of-town games can be purchased at the gates.

The Tars play one of their toughest schedules in 1948 but don't sell 'em short!

MISS TREAT MADE REGISTRAR EMERITUS OF ROLLINS THREE NEW FACULTY JOIN FALL ROSTER

Miss Anna B. Treat, Registrar at Rollins since 1936, retired last June. A native of Milwaukee, Wis., Miss Treat graduated from Milwaukee-Downer Seminary. After attending Milwaukee-Downer College for 2 years, she transferred to Smith College, from which she was graduated with an A.B. degree. She was associated with her sister in Miss Treat's School for Girls, a private school in Milwaukee. She later moved to Maitland, Fla., where she was tax assessor for that town. She was an outstanding charter member of the Orlando-Winter Park Branch of A.A.U.W. and secretary-treasurer of the Fla. Assn. of Colleges and Universities. Miss Treat joined the Rollins staff in 1927, becoming Assistant Registrar in 1928. During Founder's Week in 1945, the Rollins Decoration of Honor was awarded to Miss Treat.

Registrar Emeritus Anna B. Treat

To quote from a resolution the Rollins Faculty passed last May in tribute to Miss Treat: "In her own field she has exerted the fruitful influence of the classroom, in teaching faculty and students alike the virtues of wise understanding, dedication to one's work and high standards of achievement. It would be difficult to measure her contribution to the academic integrity of the College."

ROLLINS ALUMNI JOIN OTHERS AT MacJANNET CAMPS TO AID FRENCH AND INTERNATIONAL UNDERSTANDING

by JOHN O. RICH '38

Since the liberation of Europe, friendship and material aid have flowed in a continuous stream from the rich source of American youth to their needier French comrades. The MacJannet Committee was among the first of the smaller agencies to make it possible for young Americans to go to France to take some share in aiding the children of that country. During the last 3 summer sessions over 80 young people from the United States, students and educators, through the agency of this committee have had the privilege of traveling in Europe, of making lasting friendships with the cream of French youth, and best of all, of bringing light and happiness to several hundred needy French children.

Before the war, the MacJannet Camps at Talloires on the lovely Lac d'Annecy in the French Alps of Haute Savoie were an important center of education and recreation for American children whose parents were established in France and in Europe. The sons and daughters of diplomats and businessmen, of artists, singers, and writers, whose work brought them to France, spent their summers in this beautiful spot, where Grace Terry Marshall '37, Emily Showalter May '39 and Mila Gibbons Gardner of Rollins have served as counselors.

During the occupation of France, Donald R. McJannet placed the camps at the disposal of the American Quakers for the duration of the war, during which they served continuously as a refuge for hundreds of homeless and lost children. Since the war, however, the MacJannet Camps have served in the reconstruction of France in a most unusual way. They have also been a means whereby volunteer American counselors, serving alongside French camp counselors, might aid needy French children and learn much while doing a satisfying and stimulating piece of international service.

Mr. MacJannet returned to France in 1945 to prepare the camps for this new role. He saw the camp as a nucleus for American aid to needy French boys and girls of camping age. A committee composed of interested persons, American and French, was formed. The late Mrs. Homer Gage, donor of the French building at Rollins, was an active member of this committee. Funds, food, clothing, shoes, materials for games and crafts, and other equipment were collected. American young people specially qualified as counselors were chosen from among those who applied to serve. In June, 1946, they set sail for Cherbourg accompanied by 40 young Americans and towering piles of boxes of food and supplies.

That group of American counselors, many of whom returned in 1947, went through an intensive counselor training week in Normandie along with French students who were preparing themselves for similar work in the many vacation camps organized by the French government. Long days were spent in learning new skills in handicraft, singing French songs, square dancing, making puppets, improvising plays and pageants—all in French. The Americans were amazed and inspired by the spirit of the French counselors. Friendships were formed that have proved lasting.

The American group visited Paris also, where they were officially received and entertained before going to the camps on Lac d'Annecy. The MacJannet Committee had invited an equal number of French counselors with much the same social and educational background as the Americans to serve as their working companions for the summer. The children were divided into small groups, each with a French and an American counselor.

NEW FACULTY (*Continued from page 4*)

Upon her retirement last spring, the Rollins Board of Trustees appointed Miss Treat Registrar Emeritus of the College. She will continue to make her home at Maitland.

Miss Laura M. Neville, the new Registrar at Rollins, has served the College in official capacities continuously since the fall of 1933. Miss Neville was Registrar for the Star Units on campus during World War II and for the last Summer Session at Rollins in 1945. Assistant Registrar for Veterans since then, she was temporarily appointed Acting Registrar when Miss Treat became ill in the spring of 1946. She was Associate Registrar for the 1947-48 academic year.

Miss Neville holds an A.B. degree from the Univ. of Washington and received the Algernon Sydney Sullivan Medallion at Rollins in 1945.

Already known appreciatively by the numerous Rollins students she has contacted throughout her years in the Registrar's Office, Miss Neville is known to an even larger circle of Rollins Alumni by an earlier identity. She is the daughter of an outstanding and loyal Rollins Alumnus, the late John H. Neville '08.

Dr. Ralph Waldo Wager, associate professor of Chemistry, holds both an A.B. and M.S. degree from Emory Univ. He received his Ph.D. degree from the Univ. of Illinois. He has also studied at the Univ. of Michigan Medical School and Louisiana State Univ. Medical School. Dr. Wager comes to Rollins from the Medical College of the State of South Carolina at Charleston and has been active in forensic or legal chemistry, problems that arise in connection with suspected poisonings and experimental work in industry.

Registrar Laura M. Neville

Miss Sara Jane Dorsey, new instructor in Physical Education for Women, was graduated from Rollins with a B.S. degree in 1946. She was awarded the Phi Mu cup as the most outstanding girl athlete of the Senior Class. Miss Dorsey has been with the State Board of Health in Jacksonville since her graduation and is a member of the American Society of Bacteriologists. Last fall she was guest speaker at the annual meeting of the Academy of Science, Tallahassee, and her paper was later published in the NATIONAL SCIENCE MAGAZINE.

Around the Horseshoe

by STAN SCHULTZ '49

Rollins is readying for the influx of students who initiate the fall trek back to campus. Registration is again hitting a maximum with well over 600 students. Returning students will find familiar halls in spic and span condition and new students will get lasting impressions of beautiful buildings and grounds that will become treasured memories in the years to come. All the buildings on campus have new interior decoration to present an immaculate appearance to incoming students and visitors. The Annie Russell Theatre has been waterproofed on the outside and new beam stage lights have been installed. New sprinkler systems have appeared on the grounds around the Administration Building. New lighting equipment has been put in Knowles Memorial Chapel. A diving tower has been added to the new beach pumped out of Lake Virginia last spring behind "Rec" Hall.

Orlando Hall is being opened to classes for the first time this fall. This new and long-needed English building should do miracles in helping to alleviate the classroom shortage. The rooms are wonderfully light and fresh looking, and if buildings are any attraction in making certain courses popular with the students, English will be the favorite subject on campus. With a lot of us, it was already.

We are sorry Dr. Starr won't be at Rollins in October to help us inaugurate this building. He is taking the Fall Term off to do some writing and sailed for England on the 23rd of September, but plans to return in December.

Nor will Dr. Wattles be joining us in Orlando Hall this month. As you know, his class walls in Pinehurst are lined from the ceiling to the floor with shelves of books, and he says it would be just too much of a job to try to get them moved by the beginning of school.

Football practice started September 10 and it looks as though Rollins is going to have one of the best teams we ever had. The Tars meet one of their strongest opponents October 1, which is rather unfortunate for classroom attendance. It's the first day of classes, but everyone that I've talked to plans to journey down to Miami to support our team.

Coach Jack McDowall's instructions to the team to get plenty of road work in before they reported for practice was taken rather seriously by Jim Bedortha, reserve tackle. He arrived in Winter Park with a 12-day beard, still pedaling his bicycle after an estimated 900-mile journey from West Virginia. The mountains? Where they were too tough for him, he caught a ride on a truck. The reason for all this was the fact that Jim didn't think his legs were in "proper trim."

Part of Prexy's famous Walk of Fame had to be moved to make room for Orlando Hall and the Sullivan Memorial Building. The stones now line the south walk across the Horseshoe, but not for long I'm afraid. The new library will probably be placed there, and I imagine the Walk of Fame will have to take another "Walk." Rollins is growing so fast that they'll have to acquire more land before they can build any more halls.

Howard Bailey is making great plans for the Annie Russell Theatre this winter. He hopes to bring back to Winter Park audiences such well-

known actors as Buddy Ebsen and Leo Carroll, who are tremendously popular with theatre-goers everywhere. Susan Douglas is another stage favorite he hopes to bring to the theatre here.

The Pelican is going through its annual face-lifting. Those of you who haven't seen the Pelican for a while would hardly recognize the place now. It has lost much of its barn-like quality in the past few years, which would probably destroy any nostalgic memories you might be retaining of the place, but believe me, it's a lot more comfortable.

I guess the one thing that will dwarf all others at Rollins this year will be Prexy's leaving us in June. I think all of us who are Seniors feel wonderfully fortunate in that Dr. Holt is staying to graduate with us. It's pretty hard to express appreciation to any man who has given so much of his life and love to a place as Prexy has given to Rollins. He gave us a concept of learning that made it alive and vital to us and very much a part of life. You could say things about Prexy for pages on end and not say enough to give him due credit. About the simplest way to say it, would be to look around at all the buildings at Rollins, go into the classrooms, listen to the discussions and then just say, "He really developed this place, you know."

ROLLINS ALUMNI JOIN OTHERS AT MacJANNET CAMPS

(Continued from page 5)

For the summer of 1947 and the summer just ended the experience has been repeated with even greater success than in the first year. At the camps the comradeship between French and American counselors has been of mutual and far-reaching benefit. The young French counselors were eager and hungry to talk and exchange ideas with the enthusiastic, generous minded youths. Most of them were college students, who came fired with the highest ideals of service and friendship towards France. Each representative of his or her country had much to give and to learn. "Days off" were spent in each others company exploring the Alps, the countryside, and the fascinating old towns of Savoy; in bicycling, hiking, sailing, or in spending a long lazy day in the Upper Camp on the flower-carpeted slopes overlooking the whole stretch of the lake, cooking primitive meals, talking over the past and making hopeful plans for the future.

Days on duty have been spent in happy comradeship teaching baseball, swimming, forest lore, pottery, and puppet-making, weaving, woodwork, folk-singing and dancing, in hiking and exploring to eager French boys and girls. Evenings after the general campfire the counselors still have found time and energy to hold heated but friendly discussions, to exchange songs and poetry of their respective lands, to arrange impromptu parties, and to form contacts and lasting friendships round the dying embers of the campfire. At the end of the camp season, as in previous years, most of the Americans have time enough before sailing home to make trips (chiefly by bicycle) through Switzerland, Southern France and Italy. This year there were also 2 motor trips, one lead by Mr. MacJannet including a complete tour of France, and the other lead by me into Switzerland and Northern Italy.

Other counselors, whose college education has already been completed, plan to remain in Europe for further study and travel, or to work with other relief organizations. Those who return home are not likely to forget their French friends. As in previous years letters and parcels will be exchanged frequently. This summer has proved to be a mutually enriching experience which will never be forgotten. It is my hope that another summer will find Rollins representatives among the counselor group which this year included students from Harvard, Yale, Northwestern, Virginia, Smith, Wheaton, Iowa State and Radcliffe. Candidates must be able to speak French, have at least 2 years of college and have had practical experience in camp counseling. Above all, however, they must have a sincere desire and will to serve their young French brothers and sisters who have been left in great need by the recent war.

CLASS NOTES

Gay Nineties

Secretary: Rev. Henry B. Mowbray, 442 Chase Ave., Winter Park, Fla.

Mrs. Edna Giles Fuller is prominently identified in Orlando civic activities. When the Volunteer Bible Class she has taught for the past 12 years at the First Methodist Church and her 2 daughters entertained in honor of her birthday on the afternoon of August 4, some 70 relatives and friends called.

Novelist Rex Beach received birthday felicitations from his many friends on September 2 in Sebring, Florida, where he has a successful farm and cattle ranch.

Ed. Note: Your secretary will return home to Winter Park soon from a visit to Old Mexico and a delightful summer on the Pacific coast.

Class of 1904

Secretary: Helen Steinmetz, Box T, Apopka, Fla.

When I made my bow as your secretary in the June RECORD I was sure that I could count on some of you who were at Rollins in 1904 and whose names I did not have to at least send the Alumni Office information that would help us with our files, even if you did not care to send me news of you and your family . . . BUT . . . not one line have we had from anyone, so we will have to fall back on local news and wonder if you are the least interested in it.

Florence Robinson Saunders (Mrs. George '06) has moved back to Ft. Pierce, Fla., from Jacksonville.

Lillian Wilmott Fishback (Mrs. Davis '06) will have, by the time this goes to print, flown up to Pittsburgh for a visit with her daughter B. G. (Mrs. J. T. Galey '35) and her family.

Marguerite Drennen '08 drove over from Dummit Grove on Merritts Island for a visit first with Fannie Robinson Cheney (Mrs. Donald '10), then with Elizabeth Knox Rush (Mrs. F. G. '07).

The three gadders, Ada Bumby Yothers (Mrs. W. W.), Jo Sadler Simpson (Mrs. David) and yours truly had a really marvelous trip west. Just imagine 10,000 miles without even a puncture on the road! We had a glimpse into Old Mexico and a stay on the Pacific Ocean at Santa Monica. We were 220 feet below sea level at the Salton Sea in the Imperial Valley and over 12,400 feet above on the Rim Road highway between Estes Park and Salt Lake City. (You cannot either sink or swim in this lake.) While at the Kappa Kappa Gamma Convention in Sun Valley, Idaho, a trip up the ski-lift took us to a very high elevation and Ada made her first snowball! We saw Yellowstone Park, the Black Hills and the Badlands of South Dakota. But after Zion, Bryce and the Grand Canyons we are left without words to describe them!

Class of 1905

Mr. and Mrs. Ira Johnston are the happy grandparents of little Miss Nan Johnston, born August 11.

Class of 1908

Judge Richard P. Robbins was awarded the Air Medal on May 2 accompanied by an individual Presidential Citation for meritorious achievement while participating as a CAP Aviation Pilot in antisubmarine patrol missions during World War II. Dick also served as a Naval Aviator during World War I. The Citation states that his patriotic efforts aided materially in accomplishment of a vital mission of the Army Air Forces in the prosecution of the war.

Class of 1910

Secretary: Marguerite V. Dogget, 119-20 Union Turnpike, Kew Gardens, Long Island, N. Y.

Mr. and Mrs. Ray Trovillion have just returned to Winter Park from a six-week tour of the West in their new car. They visited Colorado Springs, Yellowstone, the Glacier National Parks, the Redwoods, Los Angeles, the Grand Canyon and Carlsbad Caverns.

Orlando newspapers recently featured and acclaimed Mr. and Mrs. J. A. Bistline, of Longwood, for their diversified Florida farm production. John Bistline, Jr., graduated from Rollins in 1944, received his M.A. degree at Cornell University in 1948 and is now engaged in projects related to civilian use of atomic energy. Mrs. Bistline will be remembered as our classmate, Adeline Niemeyer.

We extend our deepest sympathy to Mary Conaway Kunst (Mrs. George H.) on the loss of her mother, Mrs. Zella Conaway, on June 24. Mary's daughter, Florence Kunst Hoback (Mrs. John Holland) graduated from W. Va. Univ. with an A.B. degree in 1944. Class of 1920

Secretary: T. DeWitt Taylor, c/o High School, Pierson, Fla.

Earle and Jean (Wagner '25) Shannon, daughter Betty Lou and son Jack drove to Wash., D. C., the first of August. Jean then visited in the home of Wally Schultz '43 in Philadelphia while Earle took their youngsters to N. Y. City to visit his brother, Jack Shannon '14, and to enjoy some plays and sightseeing. On their way south the Shannons stopped over in Clayton, Ga. Shortly after they returned home, Jean took her father, Betty Lou and Jack over to spend a few days at the Pelican on New Smyrna Beach while Earle concentrated on his plans to enlarge his new real estate office in Winter Park.

About a year ago I had three separate surprises. Late one afternoon an apparent stranger drove up and asked for me. By renewing our acquaintance I recognized Stanley West. He and Mrs. West were traveling through on a close schedule of time. Some weeks later Maurice

Miss Eleanor Griswold, Les Taylor '27 and his son Tony at the Woodstock Reunion with his famous 1912 model Hupmobile.

Wheldon '24 appeared out of the blue with his daughter. At that time Maurice was living at College Park, Ga. A few weeks before this Bob '18 and Marjorie (Tallman '19) Hutchinson appeared just as suddenly and unexpectedly. Although they came all the way from their home in Hollywood, Calif., they were running true to form—in a big hurry. The best we could possibly do was to hold them from late afternoon to before dawn the next morning.

Vanetta Hall Musselwhite (Mrs. Peyton) vacationed in Little Switzerland, N. C., during August.

After 27 years in the field of education I made a brand new discovery this summer. I attended my first workshop for teachers, and can sincerely say that it is the best thing that can happen to a principal or teacher. It has real value, and can be enjoyed as a vacation.

Other '20s, please let me know where you are, and interesting things about yourself.

Class of 1921

Don and Trixie (Larsen '28) Vincent wrote the Winter Park column in the Orlando papers for the summer months but occasionally went over to enjoy the Atlantic Ocean at Daytona and New Smyrna Beach.

Class of 1922

Secretary: Mrs. Alvord Stone (Ruth Waldron), 5402 Suwanee Ave., Tampa, Fla.

Dr. Howard Vincent was invited to read a paper on "Symbolism and Realism in Fiction" before the English Institute at Columbia Univ. in September. He is

chairman of the Department of Languages, Literature and Philosophy at the Illinois Inst. of Technology and gave a course for teachers on Herman Melville at the Univ. of Indiana earlier this summer. Then Howard and his wife and children, Judith and John, motored to Winter Park for a family reunion before returning north.

Your secretary and her family vacationed at Indian Rocks this summer and enjoyed having Forest '17 and Dixie (Hill '31) Stone and their two children visit them there.

Class of 1923

Secretary: Ray W. Greene, 242 Chase Ave., Winter Park, Fla.

Jimmy James, executive secretary of the Orlando Community Welfare Planning Council, attended a conference of social agencies in July at Blue Ridge, N. C. Later this summer she visited her sister in Ft. Pierce, Fla., while on vacation.

Rev. Ephraim D. Conway reported at Ft. Benning, Ga., early in September for a 15-day tour of active duty training as a Captain in the Army Reserve Chaplain Corps. The Florida Methodist Conference in June assigned him to a Charge of Churches for Madison County, where he and his wife, son John and daughter Carolyn live.

Irlo Bronson, representative from Osceola County in the Florida Legislature, has been appointed on a committee of representatives and senators to study and revise the State election laws. As he left for Tallahassee, Irlo said: "If the committee can agree within a reasonable length of time on a bill governing the new election laws, there is a fair possibility that there will be an extra session to act on the issue."

Class of 1924

Secretary: Dr. Walter Johnson, 1401 Grove Terrace, Winter Park, Fla.

Your secretary has just recently returned from Ann Arbor where he took special courses at the Univ. of Michigan this summer. News of more of our classmates should be forthcoming before our next reunion in print. Don't forget to send in your share for the December issue.

Class of 1925

Secretary: Rebecca Caldwell, Lake Wales, Fla.

Mrs. Ogden Rochelle (Rose Powers) left Orlando early in August to return to N. Y. City with her husband, who is a member of the staff of EDITOR AND PUBLISHER.

Trillis Wesseler Windom (Mrs. William) is delighted to have her family

together again in Winter Park. Her 2 older sons, William and Warren, have returned to civilian life after several years with the U. S. Army in Germany and Italy.
