OKLAHOMAN IS NEW DEAN

Dr. Schiller Scroggs, who served as dean of the College of Arts and Sciences of Oklahoma State University since 1935, has been named Dean of the College at Rollins. He received his A.B. from Southeastern State College in Oklahoma, his M.A. from Columbia and his Ph.D. from Yale. A public school teacher, principal and superintendent he was Professor of Education at Southeastern State College and Director of Administrative Research at Oklahoma State University. He succeeds Dean Sidney J. French.

Faculty and staff additions and changes for the coming year announced by President McKean follow:

Charles Keenen, Admissions Counselor, received his A.B. degree from Dartmouth College and has been Assistant to the Director of Admissions there since 1955.

Richard Wolfe, appointed assistant Professor of Mathematics in 1957, has taken over the duties of Registrar. He will continue with some teaching in Mathematics.

Lloyd L. Wagon, Assistant to the President (in charge of Development) received his B.S. and M.S. from Indiana University. He taught and coached at the University of Connecticut, worked five years for the American Heart Association in Wisconsin, Nebraska and Iowa and served as Administrative Assistant for Public Relations at the University of Nebraska Medical Center. He was Director of Alumni Development at the University of Pittsburgh.

Miss Alice McMahon, B. A. Manhattanville College, who served last year

as Associate Director of the Center for Practical Politics, was promoted to Director.

Arthur Edwin Dean, Assistant Professor of Mathematics, has had eighteen years of service in the Navy. He attended the University of Mississippi and received his B.S. from the U.S. Navy Postgraduate School at Monterey, Calif. He earned the M.A. in Mathematics at the University of North Carolina. He has taught as part-time instructor at Mississippi and North Carolina.

Dudley E. DeGroot, Assistant Professor of Sociology, attended Stanford for two years and received his A.B. from the University of West Virginia in 1950, the M.A. from the University of New Mexico in 1953 and the Ph.D. from Ohio State in 1957. He has taught at Emory since 1953.

Miss Line Berthe Emma Hemery, Instructor in French, was born in Bourbourg (Nord) France. Her studies have been at the University of Paris and the University of Lille from which she holds the Diplome d'Etudes Superieures. She has taught at the Academie de Paris and at the Mission Universitaire et Culturelle Francaise in Tunis.

Donald W. Hill, Assistant Professor of Business Administration, came to Rollins from the American Telephone and Telegraph Company, where he was head of the Market Research Group in the Long Lines Department. He attended Bucknell University where he received the B.S. degree magna cum laude in Commerce and Finance, also an O.D.K. He holds the M.S. degree (Continued on Page 2)

Rollins attracted an entering class of 220 freshmen and 50 transfer students for the beginning of its 73rd academic year. These new students came from 31 states and 11 foreign countries.

The most impressive feature of the college opening, outside of an excellent freshmen class, was the number of new, remodeled and renovated buildings on the campus.

Two newly completed buildings are being used for the first time this fall, a 136 unit women's dormitory and a dining hall. Last year a new men's dormitory, the Rex Beach Hall, was added to the campus.

Lyman Hall has been moved to make room for the new dining hall and has been completely remodeled to provide better classrooms plus offices for professors. Redecorating in the lobbies of Cloverleaf and Chase Hall has added comfort and charm to these housing units. The old "beanery" has been redecorated and assigned to the art department. The Ollie street studio with some necessary alterations is the new home of the Community Courses.

President McKean and his wife have been the busiest people on the campus this summer for the tasteful redecorating, and refurbishing of the old buildings and the colorful decorating of the new buildings are products of their hard work.

The student dispensary has been moved to a building nearer the campus as a convenience to the students. A long awaited sand beach on Lake Virginia was pumped in this summer for student recreation and waterfront activities. This new beach along with the new dining hall have been long and loudly praised by the students — both new and old.

Rollins will continue emphasis on the Conference Plan which makes the student more responsible for his learning by minimizing lectures and placing emphasis on student research and active class discussions under the guidance of a fully qualified professor.
