THE BEAR FACTS

Volume X

Sept. 24, 1982

Issue I

Greetings from the Dean

The first week of school was an exciting and satisfying experience for me. I was especially pleased to see the large number of students in attendance. It appears to me that our students have come to Boone Campus prepared and eager to further their education.

I am very appreciative of everyone's cooperation and positive attitude in making it through the first hectic week. By continuing this cooperation I envision a very successful school year.

I am hoping to get acquainted with many of you on a first name basis in the very near future.

Kriss Phillips
Dean of Boone Campus,

Toss a friend, earn a belt

By DARLA DIXON

If you have trouble winning friends and influencing people, you might try learning the art of judo or of karate. (Throwing your friends isn't always bad!)

A free self-defence and karate demonstration was held in the Boone Campus gymnasium on Tuesday, Sept. 14.

Local area members of the National Gojo-Ryu association demonstrated several techniques of judo and karate for interested onlookers that evening. The difference in the two is that Judo involves throwing, while karate involves the use of the hands.

The evening began with members of the association warming and loosening up their muscles. Steve Greenfield, a representative of the group, explained various techniques that are taught in the beginning courses.

One of the first things a new student learns is how to be thrown. As a person is thrown, he or she yells in order to let the air out of the lungs. If this is not done, the participant will have the "wind" knocked out.

The student is then taught to let his hand hit the ground to help absorb the the shock of the fall.

Following this, the student learns basic "take down" maneuvers and how to throw.

As the student develops timing and techniques, he progresses to basic judo. White belts are worn by all beginning students.

The next level upward is the red belt. To receive this belt, a student must have taken the beginning course and part of the advanced course. Self defence techniques and a written test must be passed.

Hand and foot coordination and the basic karate stance, along with a written test, must be passed before a student can receive a yellow belt.

In order to be able to wear the rest of the belts, the participants must pass a combination of self defence, judo, and karate examinations. The ascending order of belts are orange,

green, blue, brown and black.

When a person receives a belt, it indicates that he or she has completed the minimum requirements of that level.

Evert Hanselman, also a representative of the organization, has acquired a black belt. Hanselman noted that it may take up to six years to receive a black belt. However, some may take either a shorter or longer period of time to achieve it.

Greenfield said that he hoped that those involved in the organization would never have to use their self defence skills, but they are there in case they need them.

Locally, there are over 50 active members in the Gojo-Ryu organization.

According to Greenfield, classes will begin Tuesday, Sept. 21 at 7 p.m. in the Boone Campus, DMACC, gymnasium. Classes will run for a 12 weeks period for a fee of \$25.

Those interested must be 16 years of age or older to participate. Students will be accepted up to the second week of class.

Editor's Note

STUDENTS, STAFF AND FACULTY,

I would like to welcome back all returning students, say hello to all of those that are new and wish all of you the best of luck for the coming year at Boone Campus!

Our first issue is a special edition that serves as a greeting to all students, staff and faculty members. Since this is not a regular issue, it was put together by myself and Bunny Reed. The following issues will involve the work of all students in the Publications Production class. I feel that since we have such a large number of students in this class, we will be able to cover campus activities extensively. Watch for the first regular edition of The Bear Facts in October!

John Biggs in concert at Boone Campus

BOONE DMACC STUDENTS started Fall Quarter on a good note, not only in their classes but with a musical performance by John Biggs. Students enjoyed the music of Biggs at a noon concert on Monday, September 13 in the student lounge. Biggs entertained campus students for nearly an hour, using guitars and banjo to perform popular country tunes and a few

ballads. One of the more popular songs Biggs performed was "Some Days are Diamonds" as recorded by John Denver. Other selections included "Wasn't That a Party", the "Ballad of Jed Clampet", and "Elma Turl", a song about women's liberation.

Changes in future student benefits

Students age 18 to 22 receiving Social Security checks are reminded of important recent changes under the Omnibus Budget Reconciliation Act of 1981 that will reduce or eliminate future benefits.

Under the old law, unmarried full time students could receive payments until the end of the semester in which they reached age 22 if a parent who had worked long enough under Social Security retired, became disabled, or died.

How students are affected under the new law will depend primarily on the type of school they are in and when benefits started.

For students who attend college (or other post-secondary school), payments can continue until they finish school, reach age 22, marry, or through April, 1985, whichever comes first, provided they meet both of these conditions: student was entitled to a Social Security check for August, 1981 when the law was changed; and was attending (not just enrolled in) a post-secondary school full time before May, 1982. However, be aware of these changes:

No checks will be received for May, June, July, and August even if students are in school full time.

Students are not eligible for cost-of-living increases that are given most Social Security beneficiaries each summer.

Student benefits will be reduced 25 percent each year, starting with the September, 1982 check (due October 3).

If a student attends post-secondary school and first became entitled to a Social Security check for a month after August, 1981, benefits can be paid only for months of full time attendance through July, 1982 (including May, June, July if the student is in school or intends to return to school). This is the limit of the student's eligibility.

If you have any questions about changes in student benefits or about completing the form, call 284-4500.

It's barely a contest, but enter it anyway

Artists! Doodlers! Sketch freaks! If you crave competition, you'll love our contest! We need a bear. I know what you're thinking, but we called for artists, not puns.

Draw a bare bear, a fully clothed bear, an educated bear, or a bear that looks like a DMACC student. We don't care, we just need a bear for the logo (that's on the front page for you nonjournalistic contestants). You can look at past bears for ideas, or at new bears. Use your bare (sorry) imagination, please.

First place will be decided by a Bear Panel (no pun intended). A prize will be awarded at noon ceremonies in the student lounge on the next publication date for the Bear Facts. Contest entries should be submitted to Rosemary Westphalen, Bear Facts Advisor, or Darla Dixon, barely the Bear Facts Editor, by October 1. Entries can be submitted to Rosemary or Darla in person, or barely placed in Rosemary's mailbox in the main office. This contest was barely thought up in time to make this Bear Facts deadline.

Here's what's coming

Sept. 22: PBL President from UNI to speak followed by a potluck

Sept. 27: ISU admission representative from 9 a.m. to 12 noon

Sept. 27: Intramural softball begins

Sept. 29: Student Senate nominations begin at 8 a.m.

Oct. 1: Student Senate nominations close at noon

Oct. 4: Student Senate elections begin

Oct. 6: Student Senate elections close at noon

Oct. 18: Rotary scholarship steak fry

Tutors available for student help

A tutoring program for students having difficulty in classwork is available through the Learning Center at the Boone Campus.

Tutors are students who have successfully completed the course and who have the recommendation of the instructor to be tutors. Anyone in need of this service, or who would like to be a tutor in a specific subject, should contact Mrs. Sunny Powers in Room 104. Tutors will be paid \$3.40 per hour for individual tutoring; DMACC pays the tutoring fee.

The student selects the tutor from a list of qualified individuals and the student and tutor set up their own schedule for instruction.
