"Every step is an end,  
and every step is a fresh beginning."

—GOETHE

We, the students of North Georgia College, are taking "steps". Everything we do leaves an impression which cannot be erased. The steps we are taking now are steps which will lead us into the future—a future that will be more successful because we have chosen to prepare for it. Our futures depend on these steps, and we must decide what kind we want to make. The college years are ones of decision, and the choice is ours. What kind of steps shall we take?

Let us consider some of the characteristic steps we take each day here at N.G.C. We begin with a hand—the hand of a member of our outstanding faculty who guides our steps. The next steps are very familiar, for they are the ones we take every day moving from class to class. Who can forget the steps which form such wonderful memories of the

dances and other events in our social life? Our time spent in enjoying the campus organizations may give us a chance to rest for a while, but not for long. The marching of military steps are unending and make us thrill with pride that we belong to one of the few remaining essentially military colleges. Last, but certainly not least, we take a step into athletic activities with their color and excitement—even if we only stand on the sidelines watching or waiting to get into the game.

Yes, our steps are often hurried and often seem in vain—but in years to come each will seem important. Each step brings us a little closer to our goals. Since our steps are so vital to our lives, they form the theme for this 1958 *CYCLOPS*.

Cyclops

## IN MEMORIAM

It is with a distinct sense of loss that the death on Easter Sunday of Mr. Roger L. Williams, Jr., Associate Professor of Physical Education and Head of the Department since 1950, is recorded. "Coach Williams," as he was affectionately known, in both life and death was a positive example to us all. More cannot be said of any man.

To a man who has unceasingly worked for North Georgia College, its students and staff; to a man who has brought our school to people throughout the state; to a man who is our friend and counselor—we offer our gratitude. The 1958 *Cyclops* is dedicated to you, Mr. H. H. Gilbert.

The cadets of North Georgia College will never forget their marching steps—the steps of discipline and training. These are the steps which set our school apart from the others in the state and we are proud of them. Let us look now at a typical drill day . . .

Down the steps and onto the drill field—the companies begin to fall in.

Chasing that last speck of dust which could ruin the inspection . . .

The time of inspection has come. Will this mean merits or the dreaded demerits?

Stacking rifles . . .

Marching is the next order of the day—steps, steps, steps, and more steps!!!

Inspection arms in front of the Armory . . .

These happy faces could mean only one thing: drill is over for another day.

The beginning of a new year is memorable for many reasons. The Freshmen have a whole new world opening before them, and the Upperclassmen are anxious to see their old friends. One of the first events of the year is the Reception in Lewis Hall, giving the faculty and the students an evening to meet informally.

The routine of classes and labs start. It seems that there isn't much free time.

When there are a few free minutes, we spend them looking at our lovely campus.

Our steps take us through a year filled with fun and excitement. These events are the ones which make campus life what it is.

The day began early for a group of Freshman Rats, and ended with punishment for heinous crimes committed.

The Dramatics Club took us on a *Happy Journey*.

The dance . . .

Decorating the goal posts . . .

Guarding the company Christmas tree . . .

These pleasant occasions make up for some things which aren't quite so pleasant.

On February 15, we awoke to see a blanket of snow covering our campus. The rest of the day was spent in enjoying sports that are not often experienced in Georgia — throwing snowballs, in Class A's as well as fatigues; building snow men; and sliding down the icy walks. This day won't be forgotten for a long time!

The big game—to some it means football, to others, it is volleyball or basketball. For some running around a track or jumping over a crossbar is *the* sport. At North Georgia College, there is a sport for everyone; everyone has an opportunity to enjoy his favorite.

Parents' Day is one of the biggest days on the North Georgia calendar. It is the day when every room on the campus is spotless—the day when we eat together under the trees—the day when we see the results of a year of military life—the day when we point with pride and say, "*This is North Georgia College.*"

Graduation Day is not only the end of the year and of college life for the Seniors; it is also the beginning of a new and more wonderful experience. To some, it means military service; to some, it means marriage; to others it means a career. To all, it means a step into the future.

Future Second Lieutenants take their oaths during the final parade.

Now they receive the long-awaited gold bars.

For some, there are special awards . . .

. . . The Certificate of Achievement

The lovely front campus forms the scene of the Graduating Ceremony.

. . . The Silver Award

. . . The Public Speaking Award

. . . The "Y" Cup

## LETTERMEN'S CLUB

*Front Row, Left to Right: Melton, Cortelli, Chapman, Coach Matherly, Van Meter, Cavender, Shepherd. Second Row: Coleman, Elliott, Geer, Hamil, Akin, Yeomans, Fox.*

The organizations are very active at North Georgia. Some take trips—for instance, the Chemistry Club went to Copper Hill, Tennessee, and the Rifle Team went to The Citadel for a match. The Radio Club stays here, but takes trips all over the world via the air waves.

On campus, the Lettermen's Club sponsored a riotous basketball game with the faculty.

The Rec Council and the Interfraternity Council planned a marvelous dance which took us "out of this world."

Lewis Hall gave a dance so others might walk.

## **THERE WILL ALWAYS BE SOMEONE TAKING YOUR MEASURE**

Some measures are taken with a tape, but the more important measures of life are taken by the people who size us up, whether it be a sweetheart, a classmate, a son, a daughter, or a prospective employer. There is always some keen eye, whether we know it or not, scrutinizing the dimensions not only of our physiques but also of our minds, abilities and characters.

Your training at North Georgia College has been designed to improve the dimensions of both your mind and character so that when you graduate it can be said that here stands a Cadet fore-square to the world, ready and eager to shoulder the responsibilities which his particular talents and abilities qualify him to assume.

We measure Cadets for uniforms. Our customers measure us in their appraisal of our ability to execute a uniform contract satisfactorily. It will be a never-ending effort on our part to keep our measurements good in the eyes of North Georgia College.

We salute the Graduating Class and wish you all Godspeed in your chosen field of endeavor.
