Dean of Students

To the student:

Colleges and universities have an amazing number of similarities, and yet each one also has a character which causes it to be unique. Each of you who are students at Sayre Junior College has contributed to this institutional character.

You are at that vital point in your lives where you are allowed to devote years primarily to that development of mind which will make you a more effective human being in our complicated society. Through your involvement you will attain your goals, and through your success and achievement Sayre Junior College's image will acquire added luster and prestige.

We are proud of the people in our college and know you will make an important contribution to the society in which we live.
