## CYTHOPOEIC CORE READING LIST

CYTHLORC frequently publishes articles that presuppose the reader is already familiar with the works they discuss. This is natural, given the purpose of this journal. In order to be a general help, the following is what might be considered a core reading list, containing the most well known and frequently discussed works. Due to the many editions printed, only the title and original date of publication are given.

### J.R.R. Tolkien

*The Hobbit*, 1937; "Leaf by Niggle," 1945; "On Fairy-Stories," 1945; *The Lord of the Rings: The Fellowship of the Ring* 1954; *The Two Towers* 1954; *The Return of the King* 1955; *Smith of Wootton Major* 1967; *The Silmarillion* 1977

### C.S. Lewis

*Out of the Silent Planet* 1938; *Perelandra* 1943; *That Hideous Strength* 1945; *The Lion, the Witch and the Wardrobe* 1950; *Prince Caspian* 1951; *The Voyage of the Dawn Treader* 1952; *The Silver Chair* 1953; *The Horse and His Boy* 1954; *The Magician's Nephew* 1955; *The Last Battle* 1956; *Till We Have Faces* 1956.

### Charles Williams

*War in Heaven* 1930; *Many Dimensions* 1931; *The Place of the Lion* 1931; *The Greater Trumps* 1932; *Shadow of Ecstasy* 1933; *Descent Into Hell* 1937; *All Hallow's Eve* 1945; *Tales from the Logres* 1938, and *The Region of the Summer Stars* 1944 (the last two printed together in 1954).

## SUBMISSIONS

CYthlore welcomes submissions of critical articles, biographical studies, comparative studies, book reviews and other related material. All written submissions, except letters for publication, should be in one of two forms:

- (1) Typewritten submissions should be double spaced, with two copies. Articles should be in "blind" submission format for editorial evaluation, with the name and address of the author indicated only on the cover letter. They should also include a short paragraph of biographical information about the author for publication.
- (2) IBM compatible formatted 5 1/4" floppy disk, with a text print out, to verify format. The files should be straight ASCII files unless the material has been written using Microsoft Word, Word Perfect (4.2 or 5.0 versions), Wordstar, Multimate, Xerox Writer, XyWrite, Microsoft Windows Write, or Volkswriter III (1.0 version). Disk submissions save both time and expense. In effect, this represents a much appreciated contribution, and is encouraged whenever it is possible.

The MLA Handbook is the preferred style for articles, except that short citations like *ibid.*, *op.cit.*, & author and page number references alone, are best incorporated within parentheses in the text, rather than making them footnotes.

Any additional questions concerning submissions should be sent to the Submissions Editor: Frank A. Medlar, 74 Manet Road, N° 2, Chestnut Hill, MA 02167 USA
