for the Faculty and Staff

October 27, 1982

Half-time fireworks to dazzle Homecomers

Football fans can look forward to a rainbow of color and sound during the half-time show of the UCF Homecoming game vs. West Georgia College. Kickoff is 7:30 p.m. this Saturday at the Tangerine Bowl. The Homecoming Committee is planning an animated pyrotechnic show featuring the UCF Knight stabbing and crushing a West Georgia Brave.

Classes have been cancelled from noon til one Friday for the on-campus Homecoming Parade. The parade, featuring the UCF Marching Band, will organize near the Education Building. The procession will wind through campus—around the Reflecting Pond—and finish on the Student Center Green. There the UCF cheerleaders will whip up student enthusiasm for Saturday night's Homecoming game. "The Coconut Manor Orchestra," a 1920's band, will provide entertainment. Games will follow the pep rally on the green.

Friday night a semi-formal party will be held at 8 p.m. at the Orlando Exposition Center.

Saturday will be chock-full of enter-

tainment. The Third Annual Duffer's Delight Golf Tournament will tee off at 8 a.m. at Ventura Golf Club. For a \$20 entry fee, golfers will get 18 holes of golf (including cart), lunch and beverage.

For those who prefer tennis, the Second Annual Happy Hackers Tournament will begin at 9 a.m. on the UCF tennis courts. Entry fee for the doubles tournament will be \$15 per team.

Saturday's off-campus Homecoming

Recheck urged for mischarged calls

There has been a recent rash of illegal, third-party long-distance phone calls which have been charged to various UCF administrative phones, it was emphasized this week by Bill D. Morris, director of University Operations Analysis.

"A person, or persons, are calling the Southern Bell toll operator and asking that their calls be charged to various administrative phones," Morris explained.

Ding-a-ling?

No way! says Personnel's Dorris Cannon, who wants to ring everyone's bell to remind them of Career Service Day Nov. 6 at the Tangerine Bowl and the special package deal for employees, their families and friends.

The \$7 price tag will purchase a ticket to the UCF vs Carson-Newman game at 1:30 p.m., a 3-piece chicken dinner from Popeye's and drinks, a coupon book valued at \$67, and one of the cow bells Dorris is herding.

Tickets are available daily at the bookstore and at the Student Center, and also will be sold from 10 a.m. to 3 p.m. this Friday and next Friday at the second-floor information booth in the Administration Building and at the Credit Union.

Respiratory therapists recognized

Thousands of men and women, who have earned the gratitude of countless patients facing death from failing hearts or lungs, will receive overdue recognition Nov. 7-13, which has been proclaimed "Respiratory Therapy Week" by President Ronald Reagan.

"It's been a long time coming, and I'm happy to see therapists recognized for their contribution to health care," said Bob Rogers, administrative director of respiratory therapy at Orlando Regional Medical Center. "Therapists have played an integral role in patient care for 30 years."

The significance of "their" week is not lost on students and faculty in the respiratory therapy program at UCF, which offers the only four-year degree of its kind in the state. Success of the program is due in large part to the reception it has earned in the community from health professionals.

A unique feature in the UCF respiratory therapy curriculum are internships with Orlando Regional Medical Center, Florida Hospital, Orlando General Hospital and Lucerne General Hospital. For 24 weeks, in two-week intervals, students rotate among various specialty areas—neonatology, pediatrics, adult critical care, home care, x-ray, emergency room, cardio-pulmonary diagnostics.

"UCF graduate interns are an indispensable part of hospital care and our routine program," said Rogers. "UCF has one of the most progressive respiratory therapy programs around."

Rogers graduated from UCF in 1971 with a degree in respiratory therapy and was program director for respiratory therapy at UCF from 1972 to 1977.

Today's respiratory therapist performs a variety of professional services within a hospital, but the most challenging role involves working with critically ill patients. Emergency resuscitation using external heart massage and artificial ventilation (better known as respiration) is one of the therapist's most important functions.

"If you have a child who has had an asthma attack and had to be hospitalized, if you have had a heart attack or been in a car accident and hospitalized, then you know what a respiratory therapist is," said Sharon Douglass, associate director of the respiratory therapy program at UCF.

They're goblin up bookstore sale

Though Monday and yesterday's response has been good, there's still a wholesome variety of items on special fall sale today, tomorrow and Friday at the University Bookstore.

Clothing at 20 percent off, a fine selection of LP records at special prices, books and considerable etcetera at reductions can be had for the finding.

If you wander in on Friday, you may see ghosts, witches and assorted creatures moving about instead of store employees. It's Halloween, remember?

UCF HOMECOMING '82

A Night at the Movies

parade will start down Park Avenue in Winter Park at 10 a.m.

A free pre-game pep rally will be held from 4-7 p.m. at Rosie O'Grady's Good Time Emporium.

The Alumni Association is sponsoring a pre-game barbeque from 5-7 p.m. at McCracken Field. Tickets still are available for \$6.50 at the Alumni office, Adm 350.

For additional information on Homecoming activities, call x2233.

CHARLES N. MILLICAN
UCF's president emeritus

Friends' gifts welcomed for Millican Chair

The public phase is under way for contributions toward the University's obtaining \$600,000 to establish the Charles N. Millican Endowed Chair of Computer Science.

This million-dollar endeavor, well on its way, is being opened to the community at this time to permit administrators, faculty, staff at the university, as well as the community-at-large, to participate in the effort that will honor this university's founding president.

"Charles Millican is a special person to alumni, faculty, staff and friends of UCF, and we know there are many who want to be part of the establishment of this special chair," noted Dr. Louis C. Murray, chairman of the establishment committee.

Murray said the Millican Chair has two important reasons going for it: first, it will be the Southeastern region's only such chair in computer science (and third in the nation); and secondly, the state will provide the final \$400,000 of the \$1 million goal.

"If any of you care to reflect, in perpetuity, your esteem for a man who did so much for UCF, please join the many others by making your contribution today," Murray urged. "Your gift, regardless of size, is important—to us, as it is you."

Bloodmobile due here on Tuesday

Next Tuesday is the date of UCF's fall semester blood drive, in cooperation with the Central Florida Blood Bank.

The bloodmobile will be parked at the campus kiosk to accept donations from 9 a.m. to 4 p.m.

Contributions will be credited to UCF, thus enabling all students, faculty and staff and their immediate families to obtain blood units in emergencies if contact is made through the University Health Center.

Official memoranda

Publication of these memoranda and announcements about University policy and procedures constitutes official notice to faculty and staff

To: All Departments 10/18/82
From: A. W. Blass, Director, Physical Plant/Facilities Planning
Subject: Changing Account Numbers

In the future, if there are any account numbers within your department that are changing, please notify Peggy Smith in Physical Plant's billing department. This should be done in memo form, stating the old account name and number along with the new account name and number, so that proper records can be maintained and your budget runs will be more accurate.

To: All Faculty and Staff 10/13/82
From: Deborah H. Evans, Benefits Coordinator, Division of Personnel
Subject: State Insurance Premium

Due to the issuance of three paychecks in the month of October, no state insurance premiums will be deducted on the check you receive on Oct. 29, 1982.

If I may be of further assistance regarding this matter, please call me at x2771.

To: All Faculty 10/21/82
From: Joan R. Burr, Division of Sponsored Research
Subject: DOD University Research Instrumentation Program

Any faculty member who is interested in submitting a grant proposal to the Department of Defense University Research Instrumentation Program for the acquisition of equipment to support basic research is asked to contact the Division of Sponsored Research as soon as possible.

The program requires a reasonable cost share from university, industry, state or local sources. Prioritization of proposals for funding by DOD will largely depend on this cost-share factor. To improve your chances of funding, it is recommended that matching funds be obtained from industrial sources whenever possible.

The DSR office will assist you in locating and contacting appropriate sources of match. However, because these contacts must be made prior to submitting the proposal and tend to take several weeks to fully negotiate, it is important that I be contacted immediately if you are planning to apply to this program.

To: All Faculty 10/20/82
From: Frank E. Juge, Associate Vice President for Academic Affairs
Subject: UCF Foundation Awards for Excellence

I am pleased to announce that this year the UCF Foundation will continue its program to recognize excellence among the faculty through two \$1,000 awards, one for excellence in teaching and the second for excellence in research and creative scholarship.

In addition, those faculty selected by their peers as candidates for these awards in each area but not selected to receive the \$1,000 award for excellence, will receive a plaque in recognition of their substantial achievement. These awards will be presented at the annual meeting of the Foundation in March. Previous recipients of the awards will not be eligible for consideration for the same award within five years of the time that an award was last received.

The nomination and selection procedure to be followed provides for nomination and selection procedures to be followed provides for nomination of a maximum of one candidate for each category.

Procedure for 1982/83

1. No more than one nomination in each category from each college (except for the College of A&S which may submit two nominations) and one from the Florida Solar Energy Center in research, may be submitted to the Office of Academic Affairs by Jan. 14, 1983. Each college (or FSEC) will select its nominee in each category through a peer review procedure and based on nominations from faculty, students, alumni and self-nomination. The peer review procedure for each college will be determined by the Dean of the College in consultation with the college faculty and administrators. Approval of the procedure by the Vice-President for Academic Affairs should be obtained no later than Jan. 3, 1983.

2. Each nomination must include pertinent supporting documents as evidence of Excellence in Teaching or

research and Creative Scholarship. Each documentation may include: vitae, bibliographies of publication and presentations, abstracts or research or special instructional projects. Special media material or other items too large to be included may be referenced in an appendix. The person nominating the candidate should prepare the best possible documentation in support of their nominees. The final selection will be made on the basis of that documentation, therefore, it is not realistic to anticipate that data and qualifications not in evidence will be considered on the chance that it might be known by those reviewing recommendations submitted.

3. The Dean of Undergraduate Studies will convene the Learning Resource Council to review the college nominees for the teaching award and the Vice President of Research will convene the Research Council to review the nominations for the Research and Creative Scholarship awards. Assuming that qualified and acceptable candidates are nominated, it is anticipated that these councils will each select one member for the respective awards.

4. The UCF Foundation will be provided with a list of all nominees and informed of the panel's selection in each category. Awards will be made no later than the annual meeting of the Foundation (usually in March).

Excellence in Research and Creative Scholarship Criteria

- Candidates must be classified as faculty in tenure-earning positions or their equivalent (Asst. Prof., Assoc. Prof., Prof.) and FSEC research etc., and have been on the faculty of UCF for at least two academic years.
- Candidates must be productive, creative scholars. Evidence of performance, especially at UCF, of productive research or of creative scholarship may include (but need not be limited to):
 - Appropriate publications in recognized journals.
 - Publication of scholarly books.
 - Recent presentations of scholarly work before peers.
 - Recognition by peers in the discipline such as awards, membership on distinguished panels or boards or being made a "Fellow" in a national society.
 - Recognition of creative work (art, music, etc.) by special "shows" or concerts, etc.
 - In the sciences and engineering, grants and research contracts awarded.

Excellence in Teaching Criteria

- Candidates must be classified as faculty in tenure-earning positions (Asst. Prof., Assoc. Prof., Prof.) and have been on the faculty of UCF for at least two academic years.
- Candidates must have been assigned at least 0.50 FTE to instruction for the academic year prior to the one in which the award is made.
- Candidates must be innovative, stimulating and effective teachers. Recognition of excellence in teaching has always been difficult to measure; however, the following plus other appropriate materials, may be submitted as evidence in teaching.
 - Favorable student, peer and administrative evaluations.
 - Previous awards, honors, etc., received in recognition of excellence in teaching.
 - Recent publications or presentations which relate to college teaching methodology or technology.
 - Evidence of extra effort to improve instruction. This may include the development of course materials, media, experiments of methodology or the development of new and stimulating courses.
 - Evidence of leadership in developing new and innovative instructional areas.
 - Evidence of a sustained period of excellence in teaching.

In recognition that exceptional circumstances may arise, variations in the above mandatory criteria in either category may be accepted if adequately justified.

To: Secretarial/Clerical Personnel in Areas of Academic Affairs 10/21/82
From: Office of Academic Affairs
Subject: Fall Meeting, Nov. 3, 1982

Agenda

Welcome by Provost Ellis
Update on Academic Word-Processing
Refreshments

Administration Board Room
2:00 p.m.

Saturday's Knight time!

RESERVATIONS REQUIRED. Hear the UCF MARCHING BAND.

Buy football tickets at Ticket Agency (in Bookstore) or call x2139

Oct. 30—West Georgia College - UCF Homecoming (Tangerine Bowl, 7:30 p.m. (See "Emphasis" magazine and Homecoming Brochure in October for additional information)

Pre-game Pep Rally: Rosie O'Grady's - Church St. and I-4, Orlando. 4-7 p.m.; Free Admission, Live Show, "Happy Hour" drink prices.

Pre-game Barbecue: McCracken Field, Orlando (South of Tinker Field, near the corner of Church St. and Tampa Ave.)

Grant opportunities

Chautauqua Short Courses for College Teachers (NSF)—Selected topics include: remote sensing of earth; cells and evolution; genetics and society; immunobiology; animal communication; flowering plants; terrestrial microcommunities; life in the oceans; food, energy, society; population/demography; energy and society; passive solar energy; science and the public; qualitative physics; microcomputers; microcomputers in the lab; personal computers in learning; computer graphics; cognition and teaching; calculus for non-majors; problem-solving; risk-benefit analysis; science and arms control; toxins in the environment; industrial/pharmaceutical chemistry; advances in coherent optics; laser spectroscopy; nuclear magnetic resonance; mass spectrometry; photosynthesis. Applications are considered on a space-available basis and should be submitted as soon as possible.

Postdoctoral Grants for International Research (Social Science Research Council)—To support social science or humanities research in one country, comparative research between countries in an area and comparative research between areas. Grants are normally made for periods of three months to one year. Due Dec. 1.

Youth Projects—Preliminary (NEH)—Grants support humanities projects with concrete end products initiated, developed and conducted by young people, including educational projects, research in the humanities, media presentations and community programs. Due Dec. 1.

Small Grant Program: Alcohol, Drug Abuse and Mental Health (NIMH)—One-year grants of up to \$15,000 to carry out pilot studies, test new techniques or analyze data. Due Dec. 1 for projects to start in June.

Biological Stress on Plants (DOA)—To support research on stresses on plants arising from their interactions with other plants or with other biological agents such as weeds, insects, nematodes, fungi, bacteria, viruses and mycoplasma-like organisms. The ultimate goal is to reduce losses in plant productivity from damage caused by biologically generated stresses. Due Dec. 1.

Unsolicited Research Program (National Institute of Justice)—To fund research proposals that address significant crime and criminal justice issues, are of sound methodological design, and have important implications for criminal justice policy, practice, research and/or theory. Due Dec. 1.

The White House Fellowships—For one year, each Fellow is assigned to a cabinet secretary, the head of an independent agency of the executive branch, a senior member of the President's staff of the Vice-President. The assignment provides the Fellow the opportunity to observe closely the process of public policy development and participate in the government. Due Dec. 1.

For further information, please contact Nancy Morgan, x2671.

THANKS all of you!

This is a big "Thank you" to all the nice people who have made my being "Employee of the Month" so memorable.

First, to the person who nominated me; then to the staff of *The UCF Report* for their super coverage.

Finally, to all the many people, all over the campus, who took time to call and congratulate me.

Believe me, it was my pleasure...and I feel honored!
—KAY HARWARD, *October Employee of the Month*

Did you know...

...that when your airline seat has been "confirmed," it means only that the seat has been reserved. It does not mean that the price has been "locked in." The price is determined when you give the travel agent your TAR number and the ticket is cut.

Thank you

for your response and participation in UCF's 1982 United Way Drive. You enabled us to fulfill our coordinating responsibilities across campus.

Signed

CU members enjoy 'thank-you' week cookies and punch

If cookies consumed and punch polished off is any measure of achievement, then last week's observance of International Credit Union Week by the UCF Federal Credit Union was a sweet success.

Sixty-eight dozen cookies and 25 gallons of Goombay Smash was served during the weeklong open house.

"It was a lot of fun and we were pleased we could take this occasion to thank all of our members for their continued support," commented Skip Hickman, manager.

As part of the festivities, a daily random drawing by share account number won prizes for five lucky members.

On Monday, Charles Hofmann (Physical Plant) won a three-piece teakwood salad set; Tuesday's prize, a ceramic gelatin mold, went to Jeanne Weeks (Arts & Sciences); Rick Bollinger (Communicative Disorders) was the possessor of the lucky number on Wednesday for a solar-powered pocket calculator; Thursday's prize, a ceramic photo frame, was won by Flora Pinder (Placement Center) and Evelyn Hoth (Instructional Resources) was a recipient of a digital clock on Friday.

'Twas no concert

If you had been planning to attend the Saturday night Florida Symphony concert "Under the Stars" but the unseasonable cold snap kept you home, you didn't miss anything.

There wasn't any concert—because it had been cancelled a month earlier due to a schedule conflict. So somewhere between that cancellation and last week's *UCF Report*, the concert got resurrected.

We think we know what happened, but it's a convoluted story. We're sorry if you happened to show up to buy a ticket "at the door."

Fall semester book sales end Nov. 5

Because the Bookstore must ready its shelves for display of books for the forthcoming spring semester, fall semester books will be taken off the shelves immediately after Nov. 5.

"Please encourage your students to purchase any needed fall books by that date," Dick Scott, director of Administration/Auxiliary Services, this week urged

Nearly \$14,000 raised for United Way

Considering the financial belt-tightening and its impact on the American economy, to reach 81 percent of UCF's \$17,000 United Way goal for 1982 makes campus chairman W. Rex Brown "very pleased that we were able to do so well."

Debbie Daley (Records and

Registration and one of the assistant coordinators) stands at the campaign thermometer which records the \$13,781 level of UCF's total cash and pledges.

"The campus community, despite money conditions, has done remarkably well," Brown emphasized.

Thank you...

...for all the prayers, cards, contributions to a memorial fund, and expressions of love during the recent loss of my little granddaughter.

Employment opportunities

UCF is an Equal Opportunity/Affirmative Action Employer

For resume of current openings, call Career Opportunity Line, 275-2778

Personnel Services lists the following vacancies, by title, department, minimum qualifications, annual salary range, bi-weekly salary, and closing date. It is the responsibility of the applicant to successfully complete any required performance and/or written exams prior to being considered for a specific job opening. For information on any required exams, as well as further details on these positions, contact Personnel, x2771. A listing of available faculty positions within the SUS is available on request at the receptionist's desk (ADM 230).

Administrative & Professional

Continuing Education Coordinator (Extended Studies). Baccalaureate degree from an accredited college or university and one year's experience in teaching and/or administering continuing or adult/professional education. Prefer Ph.D. in engineering with a minimum of five years experience in private industry, five years teaching or research experience in higher education and five years full-time experience in continuing education. \$22,140-36,900, \$848.17. 11/18.

Career Service

Custodial Worker (Building Services). Ability to follow written and oral instructions. Hours: 6 a.m. to 2:30 p.m. Two positions. \$7,475.04-8,978.40, \$286.40. 11/04, 11/04.

Operating Engineer II (Physical Plant). Graduation from high school and two years of experience in the operation and maintenance of heating and/or air conditioning equipment. Rotating shifts every six weeks. \$11,609.28-15,242.40, \$444.80. 11/04.

Computer Programmer I (Computer Services). Graduation from high school and one year of experience in data processing; or graduation from an accredited two-year college with major course work in data processing; or graduation from an accredited four-year college or university. Written exam. Hours: 10 a.m. to 7 p.m. Prefer someone familiar with SUS computer network with knowledge of Harris and IBM MVS computers. \$12,924.72-17,100.72, \$495.20. 11/04.

Secretary III (F.S.E.C., Cape Canaveral). Graduation from high school and two years of secretarial and/or clerical experience. Written and typing exams. Contract and Grant position. Prefer some knowledge of technical engineering and scientific terminol-

ogy. \$9,437.76-12,193.92, \$361.60. 11/04.

Secretary III (Engineering). Graduation from high school and two years of secretarial and/or clerical experience. Written and typing exams. Prefer experience or training in an engineering or other technical environment. Should have some familiarity with rudimentary budgeting and bookkeeping procedures. \$9,437.76-12,193.92, \$361.60. 11/04.

Clerk Typist III (Brevard Campus). Graduation from high school and two years of typing and/or clerical experience. Written and typing exams. Temporary through Feb. 24, 1983. \$8,560.80-10,962, \$328. 10/28.

Clerk II (Housing). Graduation from high school and one year of general clerical experience. Written exam. \$7,475.04-8,978.40, \$286.40. 10/28.

Carpenter (Physical Plant). Graduation from high school and three years of carpentry experience. \$11,609.28-15,242.40, \$444.80. 10/28.

NOTICE TO APPLICANTS

The University of Central Florida is currently experiencing a hiring freeze that will

severely limit the number of available job opportunities indefinitely.

The University will continue to publish the weekly UCF Position Vacancy Listing and to update the Career Opportunity Line (Phone Number: 275-2778). However, only critical positions that have received special approval will be placed in active recruitment.

The Personnel Division will continue to accept applications for employment in all classifications and these applications will continue to remain active for six months following date of application.

In the event a critical position is placed in recruitment, all applicants who meet the advertised minimum qualifications for the position will automatically receive consideration for the position. The most appropriately qualified applicants will be contacted regarding testing (if required) and departmental interviews.

Personnel will also continue to administer Career Service examinations on a limited, but continuous, basis. However, a priority for testing appointments will be given those most appropriately qualified applicants seeking employment in positions placed in active recruitment.

New employees join University community

We welcome the following new employees to the university:

David J. Beal (engineering technician III, FSEC) received his A.S. degree from Brevard Community College. A native of Pittsburgh, Pa., he and his wife, Bonny Jean, and daughter, Stacey, live in Titusville. His hobbies include motorcycling and solar applications.

Janice M. Blake (account clerk II, Bookstore) comes to UCF from Southeast Bank of Maitland. A resident of Altamonte Springs, she attended Seminole Community College, and enjoys spending time with her family. She and her husband, Carl, have two children.

Helena S. Clark (secretary II, Accounting) was born in Sanford and previously worked for Washington (D.C.) Gas Light Company. A graduate of ITT Business School, she enjoys swimming, tennis, dancing and traveling. She and her husband, Furman, have two children and live in Sanford.

Vicki S. Cribbs (management assistant, Small Business Development Center) originally is from Brunswick, Ga., and has been a graduate assistant in the SBDC while enrolled in the M.B.A. program at UCF. She received her A.A. from Brunswick Junior College and her B.B.A. from Valdosta State College, and formerly was assistant manager of a family-owned automotive business. A resident of Apopka, she is single and enjoys traveling, tennis, swimming and gardening.

Donald W. Eaker (clinical psychologist, Counseling and Testing Center) is a native of Muncy, Pa., and previously had been with the U.S. Air Force, the Florida Diagnostic and Learning Resource System, and the Beth Johnson Community Mental Health Center. He holds a B.A. from Ohio State University, an M.Ed. from Mercer University, a Ph.D. from Loyola University, is an AASECT certified sex educator and therapist, and a member of APA and American Registry of Radiologic Technologists. A resident of Apopka, his hobbies are golf, swimming, fishing and boating. He and his wife, Linda, have four children.

Ronald Elbert (clerk typist II, Student

Health Center) had been a clerk III with the School Board of Orange County. Originally from Reading, Pa., he attended Fordham University and the University of Madrid, speaks fluent Spanish and French and has a good knowledge of German. His special interests include reading and writing prose and poetry, theater, Spanish history, jazz and classical music, youth work, and foreign language interpretation. He lives in Orlando.

Phyllis A. Klock (instructor, Business Administration) was born in Chelsea, Mass., and had been self-employed as a business consultant. A graduate of Bridgewater State College in Massachusetts, she has done graduate work at the University of Illinois and Virginia Polytechnic Institute and State University. She and her husband, David, and son, Carl, live in Longwood.

Michael Mattina (illustrator II, FSEC) had worked for Avionics Research Corp. A native of Buffalo, N.Y., he received a B.A. in graphic arts from UCF, and his hobbies are running, biking, and scuba diving. He lives in Orlando.

Patricia Stapleton (clerk typist III, Registrar) holds an A.A. degree from Valencia Community College, and previously worked for The Equestrian Company. Born in Miami, she lives in Chuluota and enjoys horseback riding, swimming, and the beach.

David Wedekind (assistant engineer, FSEC) received a B.A. degree from Otterbein College and an M.S. from Ohio State University. A resident of Cocoa Beach, he was raised in Youngstown, Ohio, and Baltimore, Md., and his special interests include music, traveling, reading and cooking. He formerly was a solar energy consultant, and had worked for Monegon, Ltd., in Gaithersburg, Md.

Mary M. Wright (secretary II, Sociology) comes to UCF from DuPont Corp. and Bell Telephone of Pennsylvania. Born in Pittsburgh, she recently moved to Orlando when her husband, Wayne, was transferred here with Westinghouse. She has two children and enjoys running, swimming and reading.

'Intermission Magic'

Recreational Services will begin its series called "Intermission Magic" with a punt, pass and kick contest at half-time of the Carson Newman—UCF football game Nov. 6. The contest is open to all UCF faculty, staff and students, with separate competition for men and women.

Entries are due by Nov. 4 and the preliminary competition will be held at 4 p.m. Nov. 5 on the intramural fields.

The top eight men and women will receive T-shirts and appear for the final competition in the Tangerine Bowl before and at half-time of the Carson Newman game.

Pizza Hut University will award pizza prizes to the top three men and women.

Basketball Sign-Up

Entries are due for this year's Intramural 3-man basketball season on Thursday. The season is scheduled from Nov. 1 through Dec. 9 in the evenings in the gym.
