Dear Colleagues,

Enclosed is the first monograph from the Pew Symposia on Learning and Technology, *Improving Learning and Reducing Costs: Redesigning Large-Enrollment Courses*, the result of our symposium discussion on July 15-16, 1999, in Roanoke, Virginia.

Five thousand printed copies of the monograph will be distributed to campus presidents of institutions of 3,000 or more students, EDUCAUSE institutional representatives (about 1600 CIOs), association officers and various other higher education opinion makers during the coming week. The monograph is also available on our Web site (including a downloadable PDF version) at <http://www.center.rpi.edu/PewSym1.html>, and we have sent an e-announcement of its existence to our now 3000-member PLTP e-mailing list.

Thank you very much for your participation and your contribution to the discussion. I hope you enjoy the monograph, and I welcome your comments about the ideas it contains.

Cordially,

Carol A. Twigg  
Executive Director
