

I was talked into attending  
a meeting,  
For women called ~~A.W.A.~~  
I haven't looked back for  
one minute,  
And love it till this very  
day.  
It's run with a wonderful  
spirit,  
Of Godliness, honour and  
peace.  
With contacts all the world  
over,  
Like India, Paris and  
Greece.

The Song of Peace has a  
meaning,  
Which stirs something in  
my heart.  
For it holds our world's  
women closer,  
Though many miles apart.  
With these words you know  
how I think.  
And feel about ~~C.W.A.~~ ~~W.I.~~  
I hope you all have the  
same feeling,  
Today and every day.
