The "Blindler" is published semi-monthly by the members of the 1124th Co., C.O., Bridgton, Maine. Subscription rates are ten cents per month.

'PATTER'

Standing By with Dan Druff, who sees all, hears all, and tells everything about the Cavaliers, Ciceros and Caesars of our peaceful rendezvous and vicinity.

Well folks here I am again, crash from the lines of dear old Bridgton College. I think I'll start this little parlez with a short tale about that Ken Maynard admirer, none other than Joe Hill. Joe seems to like the Halifax girls, in fact he even dreams about them.-----"Hick" Nash says he has been saving the egg money so that he can become a successful farmer. Of course these plans will go into effect after dick has spent his five years in the Conservation Jail. Some ambition Eh?-----"Why does "Chief" Ross like hamburgers and woenies so well? You answer it I'm tired-----If some of you ambitious young men would like to know how to get rid of ugly pimples and obtain that skin men love to touch just ask Grandma Keegan about her remedy. She uses Camay, the soap of beautiful women.-----It seems that Matches McNaughton likes the hospital pretty much. This time he had a severe cut on his foot. Anything for a good excuse.-----Who's the new flame Tony? That guy's a good duplicate for a sailor.-----The next time you go to town fellers just look around the corner of the Bank and if you don't set your peckers on either Jonesy or Errigo I'll miss my guess. No they're not stick-up guys, they're only puppy-lovers.-----Ken "Polished Nails" Dunn is quite irritable lately. She must have thrown him over. S'too bad, he was a nice sort of a guy.-----Red Black and Webster are kinda falling out of the picture these days. No more co-operative wooing. Well I always thought it was a bum racket, kinda one-sided.-----"Slim" Wentworth the new hospital orderly is O.K. We wish him luck, he'll sure need it with the gang he's got in the dispensary now.-----"Bipperlip" Modsdon went home on his leave, and Lo and Behold when he came back he still had that celebrated bean left.-----It is a shame that the exhibition bouts put on by some of the boys could not be advertised in other barracks. The other night the two fattest boys in camp engaged in a combat in Number 3. They were "Faunch" Nevells and "Sugar" Kane, and such grunting and groaning you never before did hear.-----Well so long Brothers for now.

MEMORIAL

The story below actually happened and should be in the Believe It Or Not column, but can be proven by any of the following men.

George Cunningham

Lawrence Caron

Frank Barlo

Edward Hall

Malvin Irish

Willis Dickinson

Travis, Davis

Marshall Smedley

The above men comprise the surveying crew. Some of the sights and surroundings of this crew will be described in this paper on future dates also.

We were just finishing a survey line in the northwestern part of the town of Sweden which ended on the top of Tinn's Hill, when our attention was brought erect by one of the most beautiful sights that we had ever seen. Perched high on an old ledge which overlooked Storm's Hill we espied a large black object sitting out on the very edge of the ledge sunning itself. After our eyes were focused properly we were all in a titter for the object was a large black bear.

We kept watching the Bruin for awhile and all of a sudden we saw another object come into sight, and about five minutes later there were two more objects which later turned out to be two little bear cubs.

We must have spent about a half an hour watching the four bear at play, and as we were about to leave we again looked across the hill and espied one of the bears pulling something down which we couldn't quite make out but we were sure that it was something to eat as the rest of them started to chase the first bear.

They were clearly visible at this point as they started to trudge off into the woods in single file.

We really got a great thrill out of this sight, which we probably will never see again.

Narrated by:

George Cunningham

NEWS *of the* WORLD

On November 3rd there was an election in the United States. Many factors may have contributed to the overwhelming victory which was unexpected even by the most optimistic. It may have been because the masses have not forgotten the dark days of four years ago; because they felt one candidate was liberal while the other was reactionary; or perhaps, to some extent, it was the result of innumerable sordid reasons created by special interests. The campaign and its results, however, have passed into history.

The possibility of a change in public opinion has a tendency to discourage long-range planning in any democracy. Questions of policy are generally decided from day to day without too much regard for consistency or too much interest in any ultimate objective. Thus democracies are handicapped in their relations with autocracies. Unfortunately, Europe needs long range planning, but this is impossible without the co-operation of England. There is reason to believe that Germany is planning a consistent policy of expansion on the continent. They are rearming at a rapid rate, and as their strength increases they will use it to test their power. This is expected to occur at the expense of the smaller nations of central Europe, thus avoiding conflict with the larger ones. A German economic penetration in the Balkans and Turkey which has already begun is reminiscent of the pre-war Berlin to Baghdad drive. The importance of English diplomacy in relation to this move arises from the fact that Germany does not intend to do anything to arouse the British, and at the same time to do everything possible to break up the alliance between England and France. The Anglo-German naval accord indicates that Hitler is profiting from the mistake made by the old German imperialists--the challenge of the British navy. Britain's policy of "muddling through", as it is called, has two disadvantages. First, it encourages German aggression. Secondly, although war may be avoided for a few years, England, if she continues her centuries old policy of maintaining the balance of power, will eventually have to face a triumphant Germany. British indecision, as in 1914, may again lure Germany into hoping for her ultimate neutrality.

BY GABBY MACDONALD

TOMATO-VILLE LOSES TWO REGULAR GUARDS ON EVE OF GAME: CAPTAIN FLASH GORDON PREDICTS VICTORY

With only one starting position in doubt East Cupcake's football squad began tapering off today for its annual battle with Tomato-ville at Stinkbomb Stadium on Saturday. Guards Joe Abb and Apple Core injured in the Oshkosh game last week, have been coming along a bit better than was expected and will be available for Cupcake-Whiskyville battle a week from Saturday. With these two regulars out of the lineup Coach Greasy Sleeve will have plenty to worry about and is in a very precarious position, behind the eight ball.

In announcing 10 of the 11 players who likely will face tomatoville Head Coach Sleeve said if Abb and Core are not to be in the contest, the two positions will be wide open for the other grid hopefuls, but in Joe Cockroach and Jack Rabbit he has two very capable and experienced linemen, Cockroach especially, since he is working his way through College washing clothes and knows the line. Rabbit, although never playing any football was a star badminton player in his school days. (High and Low)

The rest of the team will consist of Captain "Flash" Gordon razzle dazzle Halfback, Sam Scott, Quarter back, Charley Rube, halfback, Bob Half, Fullback, Al Wright and Knott Bong, Ends, St. Peter and St. Paul, tackles and Sam Side, Centre.

The regulars were sent through some fundamentals, drilled briefly on passes and then raced for the showers. The reserves, however were put through a short but snappy scrimmage.

Flash Gordon was nearly hurt during the signal drill when he tripped over the 20 yard line, rolled along the ground over the goal line but apparently was not injured. After this incident Coach Sleeve forbid Gordon to partake in the annual checker tournament, fearing he might stub his finger while making moves. When asked about the outcome of the game the Flash said he expected an aerial circus game and said he was praying for a windy day.

The Tomato A.A. announced that the squad would leave their home town, campus in time to arrive at the Stinkbomb Stadium for a workout at the scene of the battle.

The Cupcake team will stay at the Seamens' Hotel, where Captain "Aerial Circus" Gordon was once a bell-boy.

CAMP NEWS

The following men have been added to the roster of this Company since the last edition of this paper:

Nathan Bennen	Columbia, Me.
James McMahon	Waterville, Me.
Clarence Hobbs	Houlton, Me.
Alfred Martin	Van Buren, Me.
Walter Hatt	Crawford, Me.
Gilbert Pelkey	Old Town, Me.
Linwood Larrabee	Portland, Me.
Conrad Morin	Frenchville, Me.
William Fowler	Millinocket, Me.
Harold Hyslop	Portland, Me.
Ferdinand Daigle	Fort Kent, Me.
Lac Belanger	Caribou, Me.
Marcel Gagnon	West Gardiner, Me.
Frank Patton	Augusta, Me.
Extra Marguis	Van Buren, Me.

* * * * *

Work is progressing rapidly on the skating rink under the supervision of Mr. Eastman. It is to be graded off and then covered with saw-dust which will just about complete the job.

* * * * *

Milan Miller has replaced George Rigby as Mess Steward of this company, and Camille Hobert has been made a second cook.

* * * * *

Maestro Stevens and his band are going places in the dance world. If you want to find out for yourself just go down to St. Josephs Hall Friday night and see.

All men that are interested in forming a dramatic club please report in the School House within the near future.

* * * * *

Chaplain Margeson of the First CCC District was here on his regular visit last Thursday and Friday. Thursday night a camp sing was staged, and Friday night seven boxing bouts were put on. They were the following: Poockie Guerrette VS Blackspot Bouchard, Smokey Elwell VS Slats Lee, Jonesport Merchant VS Wop Errigo, Hardrock Howard VS Sugar Kane, Wop Errigo VS Red Black, Slats Lee VS Bones Grover, Eli Wentworth VS Hardrock Howard. The majority of these bouts were received with much acclaim. But the Merchant Errigo battle was put to a sudden stop when some fellow yelled a certain young lady's name. We wonder why

* * * * *

Major Vivian, Executive Officer of the First CCC District, Fort Williams, was here on his official inspection last Thursday.

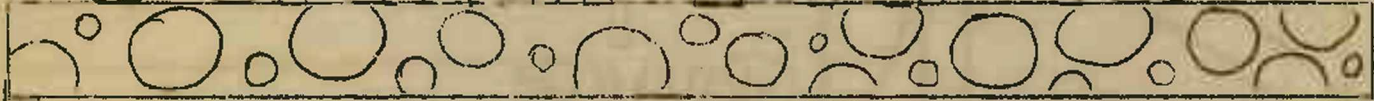

* * * * *

Due to the Rookies the greater part of this camp has been painted. Last week saw the completion of the painting in Barracks 3 and 4, and also the School House. The Rookies even painted the trees in back of the paint house.

* * * * *

Our Hit Parade

"The Way You Look Tonight" sings "Dewey" Allen as he preens up to make another flying trip to South Portland.

"You Can't Pull The Wool Over My Eyes" sings Dipper Lip as he gazes at his ex-girl-friends' picture on his shelf.

"The Broken Record" would fit Ricker if he would only dry up.

"What's the Reason I'm Not Pleasin' You"? sing the Rookies in Barracks 4 as they try to make their bunks to please "Cuic" Cunningham.

"Oh Honey Are You Making Any Money" sang the Fort Kent girls when the Barber went home on leave.

"Until The Real Thing Comes Along" croons Errigo as he prepares for a date down-town.

"Who's Afraid Of The Big Bad Wolf" as two of the Rookies get brave enough to talk back to Faford.

"Oh I'm a Nite Owl" sings Wicks as he goes to work at 10 P.M.

"I'm Alone Because I Love You" says "Jabie" Murch as he goes to the shows alone.

Joe Agurkis Hopes Wolf will sing "The Last Round-up", the next time he rounds him up for extra duty.

Who knows who "Carry Me Back To Old Virginny" fits?

"I Ain't Mis-behavin'" seems very popular now that a lot of the guys are telling their girl-friends these little white lies.

SCANDAL COLUMN

Highlights On A World Of Romance And
Gossip ... NARRATED BY—"Cassie"

FLASH! FLASH! FLASH!

All was peaceful in the office the other day, when all of a sudden the telephone rang. Is "Dovey" Dumontel there a voice asked? Just a minute was the reply. Hello! This is George Dumontel speaking. (On the other end of the line.) Well this is Marion's Beauty Parlor calling in regard to your inquiry about a permanent and a Facial. We are putting on an advertising drive this week and will gladly do both the jobs free of charge if you would like to accept the offer. We can also fix up your mustachio so it will look very attractive. (All the time "Doveys' blood is boiling). Can you tell us when you wish to make an appointment? You never have to work much so you can make it anytime. (George) Who the devil do you think you are talking to anyway some woman? I am a very busy stenographer and have no time for silly twaddle like this. (The other party) Woman! Ha, Ha, Now you have us guessing. G-by. And so it goes. Later poor "Dovey" found out that this was only a practical joker calling him, and what a joker too.

It seems that "Gram" Keegan went to the Dentists Office recently, and when he got back to camp he was narrating his experience. "I was waiting my turn, says Gram," when two other women came into the office, and then what should the Dentist say, but; which one of you ladies is first. "Bo; was my face red, quotes Gram."

Alas Brothers! I am about to let you in on a secret. I imagine a lot of you are wondering where Poisson got the nick-name of "Shady-Lane." Well it happened like this: Joseph was out a walkin' one night in the summertime, and he was with a certain lady. (I'll mention no names.) As you all know every town has a Lovers-lane of some description, and Brighton is one of these towns. A strange coincidence then happened. The "Great Moose" Murphy was trudging along this lane the same time that Joseph was and they met. So now my good fellows you know who was the originator of Poissons' nick-name, and how and where it happened.

Yers truly now signing off until the next edition.

Lonely HEART'S PAGE

— Open Letters From Love-sick Nuts —

Bridgton, Maine
November 11, 1936

Good Morning Mother:

I have been planning on writing to you for a long time since I landed in this great Metropolis. I have been telling the boys all about myself and I don't know whether they believe me or not. I told them I am from Augusta and live right next door to the Insane Asylum. They are trying to find out how I happened to be over here. You know of course that I worked there but only as a Janitor and Chamber Maid.

This is a pretty good place to pass your life in. I haven't done anything but paint since I have been here. I think I'm a pretty good painter but my boss, "Shady" Poisson, they call him; says I'm so slow I couldn't get the seven years itch in 50 years.

I also told them about the 400 letters I have. They wanted to know how I got all of these letters, and I replied: "I belong to the Pen Pals Club." There is also another guy that belongs to this club and his name is Charles Remond MacCallum. An Aristocratic name Eh? There's only one thing wrong with this town. Every time I go downtown there is a whole pack of girls waiting on the street corners to get my Autograph. But as you know girls never bother me. Much! I got a letter from Mickey Mouse the other day. He says with my personality I could go places in the movies. I better close because I have to do my washing.

Your loving son,
Frank Archibald Patton

ANSWER

Dear Son:

I haven't much time, but I will write a few lines anyway. I'm glad you like the CCC's and I bet they make you a Captain or something soon. Don't forget to wear your red flannels and take a hot-water bottle to bed with you every night. If I were you I would accept Mickey Mouse's proposition. Please leave the girls alone sonny and get in every night before 9 o'clock.

Your Mother

HOSPITAL

We Would
LIKE TO SEE

Youse guys must think that the hospital is a home. They are coming in by droves and swarms. Had a full house for a week, and we mean FULL. With McNally and Audibert any house would be full.

* * * * *

Life in this place is just one hard knock after another. Just got McNally nicely settled and contented after turning the Bull Pen and Supply room upside down for his accordion and a trunkful of music and they send him to the Fort, and that junk has all got to be put away. Now comes Rubinoff Windbag Ficker, and I suppose he'll just have to have that fiddle. #^%&@()

* * * * *

We need some new beds to hold up these heavyweights: Tarzan Bernier and Larruping Larrabee.

* * * * *

The only way to get rid of Stevens is to shoot him, and shells cost money so it's too bad to waste them.

* * * * *

Ask Joe Hill is his eyesight improved any since he left the hospital. What are you doing there Joe?

* * * * *

Maybe we can keep the floor clean now that McNally has gone, and the Cooks and KFP's won't hold their conventions around his bed.

* * * * *

The nice looking young lady who haunted the hospital for a few days was only Mitchells wife. Come back anytime Mitch.

* * * * *

Even the "Wolf" wipes his feet when he comes in now. He'd better if he wants to live and be happy.

* * * * *

What's wrong with the Rookies these days? One look at a needle and they come running for the Hospital and a comfortable bed. Rookies huh? Well they learn quickly.

* * * * *

Ricker with Laryngitis.

A little co-operation on the paper.

"Slim" Wentworth & Mae West in a rumble seat.

"Shady Lane" stop using those five-dollar words.

"Ponches" Dumontel in a Burlesque Show.

Patten wearing a smile.

MacCallums' Diary.

Ruford when he isn't working.

MacDonald as water-boy for Notre Dame.

Santilli able to buy an ice cream.

Tony Martin with red hair again.

G.I. tooth paste & razor blades issued three times a month.

Radio Gordon and his million dollar smile

The skating rink completed.

The Barber when he goes home.

Murillo Stevens & his band get a good break now that they have their start. We wish you luck boys.

"Souce" stay in camp for at least twenty-four hours without going to Kezar Falls.

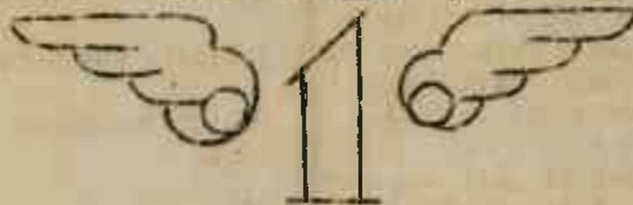

"Lenny" Hicks with "Smokoys" Personality.

"Hardrock" Howard playing leap frog with the beds in No. 1.

The deer that Rus. claims he shot.

MacCallum and Littlejohn get another leave right away.

BARRACKS

Postmaster: "Have you any friends who can identify you?"

Wolf: "Oh, I'm senior leader in the CCC Camp up here."

"Blackspot" Hall has found some body to sympathize with him. This is Bouchard the colored addition in your list.

What does Tinker say to Nash every night? Does anyone know?

Nash the nurse was quite infuriated in a certain person of the other sex. She must be quite dumb to be able to use all of Mary's advice.

The boys went to a party in Berkeley Sunday night. Wonder if they brought any trinkets back with them?

Benny Goodman will find some competition from Merrill Stevens & his Dined Band if they keep on playing at St. Josephs Hall.

The boys are all hoping that somebody else will finish the skating rink soon. They claim its great fun to skate over the ponds. Good old CCC spirit.

"Peaches" Dumontel that peerless possessor of feminine charms. Absolutely refused to part as an interview.

We all hope Hicker continues to receive confessions from his fiancée so that the boys all get keep on filling their sweet teeth once or twice a month. (N.B. Tell her to put more nuts in the next batch will you).

"Belittling Larry" should open a pawn shop. He must have travelled with the peddlers, as he's always seeing them in other fellows clothing. Still thinking of business? "

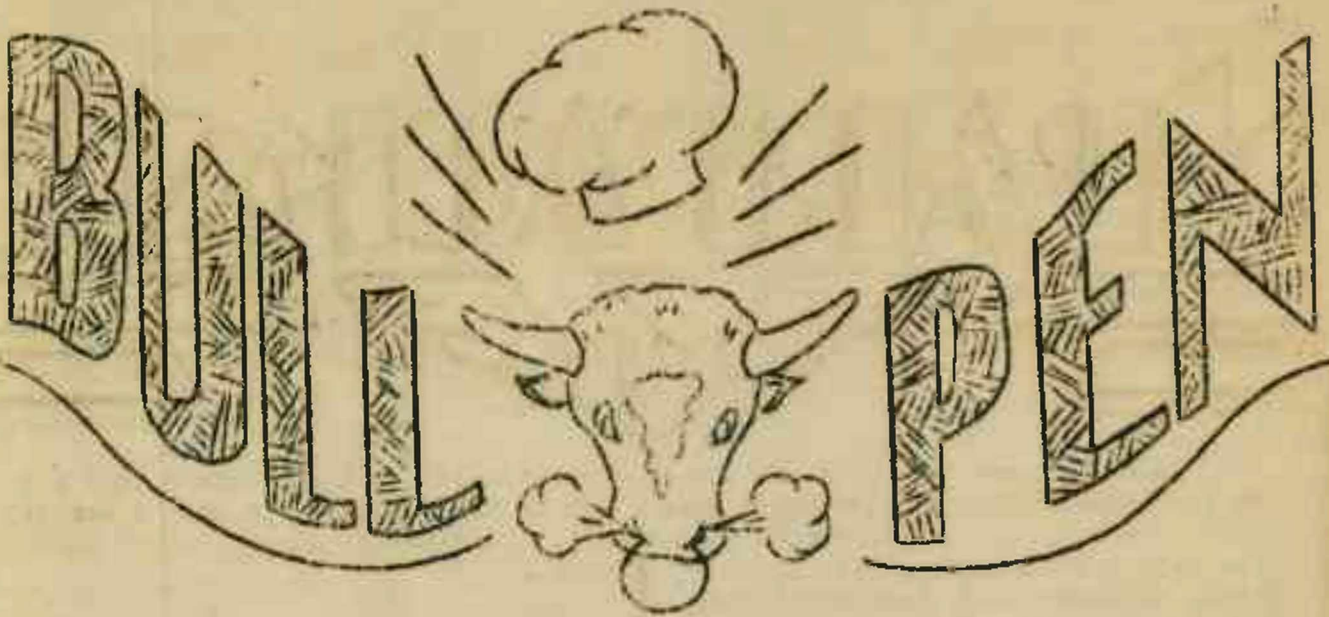

The boys will soon retire to their winter quarters. At least that's what the boys of St. Josephs Barracks are a general opinion.

Since Dickerson has been going to Keweenaw he's seen everything red. That is the trouble with red-heads Dick.

Hatches is out of the hospital. He must've swung the axe at the 7th floor.

McCinty haven't failed to get a political job is what Roosevelt was re-elected because he still has four years in which to recover from his signature defeat.

BULL PEN

George Rigby our former Mess Steward is now working in the woods. We don't blame you son, the kitchen must get on your nerves after a while.

Reed and Bard must like the camp atmosphere. They passed two whole days in camp without even going out to the highway.

McNally the poor boy, has finally gone to Fort Williams to become sick. We'll miss your squeeze box Mac. What say!

Bull Hebert the old trusty K.P. has finally landed a cooks job, which accounts for the burnt food we've been having lately. Spare the rod & spoil the broth. We don't want you to be spoiled Bull.

Pellotier, the K.P. with the stern appearance is really a darling. You should have seen him the other night.. He was all a twitter over a certain young damsel. He looked very meek indeed.

Sauce has decided to stop smoking that he might be able to go to Dezar Falls more often. He's very serious lately too. He must have grabbed a serious idea floating around somewhere.

We have two new additions in the Bull Pen and these are none other than the Philosopher Gray, and Mr. Racicot. Racicot is acting K.P. in the absence of McNally.

Lonny Reed one of our First Cooks is home on a short leave. He should be back Tuesday if he doesn't get snow-bound way up there in the wilds of Maine.

Were those your girl-friends up here last Sunday Bard? And why did they leave camp so suddenly? These are the questions.

Sauce "The Thinker" was on leave last week and guess where he went. Kezar Falls of all places. He'll probably be taking the fatal step pretty soon. It's too bad he made good do-nuts.

Bull Hebert claims a record for love affairs. He has only been out with a girl once since his stay in Bridgton. Is there any fellow in camp that has beat this record, if so just step up.

"Red" Wetherington had a seven day leave the first of the month.

BARRACKS

Those who have been on leave since the last publication of this paper are: Phillip Rush, Oneil Gagnon, Warren Stewart, George Brown, Ralph and Malvin Irish, Wayland Chase, Leon Littlejohn, and Frank Brown who was on sick leave.

* * * * *

Our former beloved Mess Steward George Rigby has moved into this barracks.

* * * * *

Congratulations to Phillip Rush who bagged a nice buck deer while he was home on his leave.

* * * * *

Ralph Irish became homesick while he was home and had to come back to camp for supper Thursday night.

* * * * *

Will some barracks please take pity on us and adopt either Littlejohn or Mulkern before there is a murder.

* * * * *

Did you fellows notice how peaceful the barracks was while Littlejohn was on leave?

* * * * *

What made Able Coyne so happy the other night when he came dancing into the barracks, grabbed his comforter, and fled?---Where to--Oh! Oh! You guess.

* * * * *

"Cutie" Eable must have lost his art of hand-shaking because he was A.T.O.I. the other morning. Better make up Blank.

* * * * *

"Tarzan" Bernier must intend to go to town. He has just received another suit from home. Don't get too many femmes "Tarzan" they cost you a lot.

* * * * *

We take great pleasure in complimenting Russell Mack on receiving a letter of commendation from Colonel Burt for having the best bunk in camp during the month of October. Keep up the good work Mack.

* * * * *

McDonough and Colechia are having a contest to see which one can get a certain "Red-head in South Paris." Don't count your chickens before they become an egg boys. Or rather until they are hatched.

* * * * *

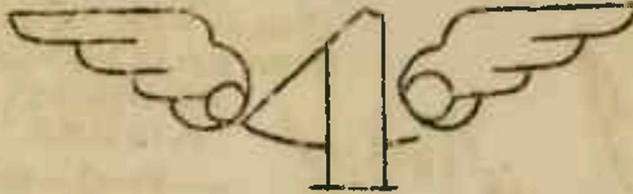

The Rookies took their spite out on this Barracks by doing their dirty work in the form of a paint job. They let nothing interfere with their work, nothing at all. And how!--

* * * * *

We guys in No. 3 had better take "Hardrock" Howard under our wing before he does something very rash.

* * * * *

THE BARRACKS

Barracks & claims to have his own
"Van Tackle" in the form of John
Larrabee who sleeps during most times
too.

The boys of this Barracks are sorry
that Tossant has left them as he was
a lot of fun, and one of the good "Tros"
of the camp.

We also have a man called by the name
of Hest. He can always find clothes
enough to dress up in every night.

The "Cold-Block" is back with us
once again from the hospital, but he ex-
pects to be back in there as soon as the
weather is a little colder.

The Loan and Security Co. Inc. of
J. Larrabee has made his new headquarters
in the Infirmary, so when in the heat of
his office hours are 9 to 12 P.M.

Was it really a grade fight that
Marine and Merchant were engaged in the
other night in the Rec?

Are all your men from Hamilton like
McVally and "Loud speaker" Hobbs, if
they are why do they join the C.C.'s?

The boys were glad to hear that
"Red" Black, at his leave, "Red" is the
most popular man in the Barracks.

is Duprey really sick these days
or is it that the si.-kick Hicks has
to work nights?

Does Carlton "Old" really come from
Jonesport, if so it must be a quiet
little town.

Yes boys, we have no luck, Mac
Callum is back in camp.

has Audibort really got a wooden
leg, is he tough, or was the ax dull?

"Slob Pull" Hyslop claims that his
home is in Portland which does not make
him any more popular with the boys.

"Wind-Pipe" Forster claims that he
hasn't any home. Have you a country
"Wind-Pipe"?

Who is the mystery man from Fort
Kent that goes by the name of Marquis?

This Barracks really looked clean
last week, was it because MacCallum &
Ouellette were home on their leaves?

Murillo Stevens,
our melodious
Maestro, has a
new dance band.
Oh yeh! Everything's
O.K. in Denmark
now!!

The Army Supply Room
doesn't seem to have
white uniforms big
enough for Slim
Wentworth.

Hi-ya Toots!

We have
a new
soap box
orator. The
name is
Ricker.

Those
two cigar
store Indians,
Davis, are in
wow again.

Dick &
a pow

"Hardrock" Howard,
The well-groomed
man, is going to town
these days - "Pumpkin
Valley," I meant
to say ^{cuckoo}
