Don't Shoot Ogoopogo!

A recent news item in The Courier caused concern to many people. The item recounted that a group of young men had taken a couple of shots at Ogoopogo with a .22 rifle. One can understand the action but if the young men had given further thought to their attempt to kill our lake friend, The Courier is sure that the shots would have never been fired.

Suppose the shots had killed Ogoopogo? What good would that have done? True, it would have ended the mystery. We would have known just what has been exciting the interest of the people of this Valley since before the white man's time. We would have known what manner of fish or animal comes up from the depths of the lake every summer.

But a successful shot would have ended Ogoopogo's career. Only a thoughtless person would want to do that. Who would argue that a solved mystery but a dead something would be better than a delightful unsolved mystery but a live Ogoopogo? Few, we think. And who would like to assume the responsibility of putting a definite finis to the Okanagan's happy legend of the Ogoopogo? It would mean a figurative finger of scorn would be pointed in his direction the rest of his life. "There," the whisper would go, "is the chap who killed our Ogoopogo; ended our mystery; destroyed our fantasy; ruined our publicity."

Let's keep Ogoopogo alive. After all, he has been alive at least a hundred years and is much too valuable an asset to destroy with a thoughtless rifle bullet. Some day the mystery will be solved, but let it be solved by nature or a camera. Shoot him with the camera lens by all means, but lay aside the guns.

There is no record of Ogoopogo having done harm to any beast or man since the white man came to the Okanagan. Why then kill him? Rather he should be considered as a friend, encouraged and pampered.

The man who wilfully destroys Ogoopogo will deserve no accolades; will receive no praise. He will be the subject of much interest, it is true, but it will be denunciatory, not complimentary, interest.

Deserve Credit

Kelowna has reason to be a little proud of the showing made by its junior tennis players in the provincial junior championships at the Coast last week. None of the youngsters did win, it is true, but they showed well. It is no disgrace to reach the semi-finals and the finals and be defeated. Rather, indeed, it is an achievement of which one and one's friends may well be proud.

The showing made in the provincial junior championships gives cause to hope that Kelowna may now be on the way to regaining its former glory in the provincial tennis world. There was a time when Kelowna competition meant competition of high calibre. Unfortunately tennis in Kelowna faded away except for a few hardy souls who carried the game on their shoulders for many years. Now, it would seem, their efforts are about to be rewarded.

At the moment tennis in Kelowna consists of a number of older persons who play it solely for the love of the game and to keep it alive, and a growing number of youngsters who are learning the fundamentals of the game. There are few players of the "in-between" age—from the middle twenties to the forties—reflecting, of course, that period when tennis was in the doldrums here because of the war and other reasons.

The improved facilities the sport now enjoys here should prove to be a definite stimulant. Indeed, that this is so is already indicated by the performances of the Kelowna youngsters in Vancouver last week. For Kelowna youngsters to reach the final and semi-final bracket in provincial competition must give satisfaction to the old guard, indicating as it must that tennis is once again on the way to becoming one of the major sports in Kelowna.

Tourist Business Complaints

According to a recent news story in The Courier the tourist camp operators are not too happy this year in the Okanagan. Apparently they have not enjoyed the delightful privilege of consistently turning away guests. Like most other businesses the tourist camp operators are finding the "honeymoon is over." They should have been prepared for this situation as tourist authorities across the country gave ample warning that this situation was developing. While it is generally conceded that the tourist business in this area is well up to that of the previous years, as far as the resort operators are concerned, the situation has been aggravated by the construction of several new camps during the past two years. This simply means that Kelowna and other Interior resort owners must start to dig a little for their business.

In this area, and we presume most other B.C. areas, in recent years resort owners have been rather complacent about their businesses. Certain it is that they, generally speaking, have not been enthusiastically behind such organizations as the board of trade which have endeavored to promote the tourist business. Indeed, more than one board of trade has found its efforts so poorly received by the businesses which would directly benefit that they have been inclined to drop their efforts.

One is prompted to wonder how many of the local tourist camps are active members of the Kelowna Board of Trade? And how many of them are members of the Okanagan-Cariboo-Alaska Highway Association?

The odds are that few belong to these groups. And yet the local Board of Trade maintains an information office and distributes publicity that is of inestimable value to each of these camps.

The potentialities of the Okanagan-Cariboo group for bringing tourists in this Valley is enormous. The organization functions—or tries to—from Wenatchee on the south to Kamloops on the north. The southern group is an active one but the Canadian section, which has most to gain, seems to be faltering from want of active support.

Through a really active organization such as this, the Can-

NUMBER 96

Proposed Senior Citizens' Home

PROPOSED NEW DAVID LLOYD-JONES HOME
KELOWNA, B.C.
JAN. HARRISON
ARCHITECT, KAMLOOPS, B.C.

The above picture shows the artist's conception of the proposed senior citizens' home which would replace the David Lloyd-Jones home at the corner of Bernard Avenue and Ethel Street. The structure would cost in the neighborhood of \$45,000, and the provincial government will pay for one-third of the cost. The city would pay for one-third and it is hoped the balance would be raised through selling the present senior citizens' home and sub-dividing adjacent property at the corner of Ethel and Bernard and also land facing Lawson Avenue behind the present structure. By-law for \$15,000 may be submitted to ratepayers within the near future, and, if approved, tenders would be called.

The home, which will accommodate a total of twenty-four people, will be modern in every respect. The City of Kelowna is one of the few cities in the province that has accommodation for senior citizens unable to look after themselves.

It is understood building plans have already been drafted, and they will be submitted to Council within the next week or so.

Air Show Plans Near Completion

Stunt Flying, Bands, and Official Opening of Airport Takes Place August 1

GALA CEREMONY
Caravan of Cars and Trucks Will Leave Trade Board Office Prior to Opening

Stunt flying, free plane rides, bands and a ribbon-cutting ceremony will all be part of the official opening of Kelowna's new civic airport at Ellison on Monday, August 1.

Kelowna Board of Trade, charged with the gala opening ceremonies, is shifting into high gear this week with the last-minute details. To date nearly a score of planes are expected from outside points to take part in the air show.

Arrangements have been made to accommodate at least 28 people, including the pilots, who will come to Kelowna for the airport opening. Heading the list are two well-known Vancouver stunt flyers—Roly Barrett and Jack Leggett.

Present plans call for a caravan of cars and trucks to leave the Board of Trade office on Bernard Avenue at 6:15 p.m. for the extra-Turn to Page 16, Story 1

TRADE BOARDS SUPPORT NEW SCHOOL SIGNS

Kelowna Board of Trade executive Tuesday evening decided to support a resolution from the Falkland-Westworld boards requesting the provincial government to legalize use of school signs, depicting life-size children, on highway school zones. Such signs this year are being tried out in Kelowna.

Public Works Head Will Inspect Hope-Princeton Highway Next Wednesday

HON. E. C. CARSON, minister of public works, accompanied by a group of newspapermen, will make a first-hand inspection of the Hope-Princeton highway on July 27. Recent reports indicate there is little hope of the highway being open for public travel by Labor Day, as was originally scheduled, but Mr. Carson is expected to set a definite date following his inspection tour next week.

The party will meet at Princeton at 9 a.m. next Wednesday, and will arrive at Hope the same evening.

Although no official statement has been issued from Victoria, it was stated in well-informed circles that traffic will be kept off the road until October when the engineers can turn over a completed job.

Department engineers believe it would be inadvisable to open the road before it has been completely paved and they intimate it will take until early October to finish the hard surfacing. There is no official announcement regarding the opening ceremonies planned for Labor Day, but there is a possibility that the official ceremonies will take place as originally scheduled. The highway would then be closed again until completion.

Heavy Traffic
The policy of keeping the road closed until the entire highway is completed, has met with the approval of boards of trade throughout the valley. If some sections of the road were not hard-surfaced, the anticipated heavy traffic over the Labor Day holiday would play

432,954,000 Cherries

Ever try to estimate the number of cherries on a tree?

Almost impossible, yes, but it's comparatively easy to estimate the number of cherries shipped to Canadian markets once the fruit is harvested.

Up to Tuesday night, for instance, a total of 432,954,000 cherries found their way to retail stores throughout the Dominion.

Calculation is easy, once you know the number of carload shipments marketed by B.C. Tree Fruits Ltd.

Total of 381 carloads of cherries have left the Valley to date, and based on an average of nine tons to a car, and 63 cherries (average) to a pound, a little rapid calculation will reveal that close to half a billion luscious cherries found their way to retail outlets. This, of course, does not include tons of cherries that were destined for canneries for the processing of canned fruit, jams and jellies.

A record cherry crop was harvested this year. Final pool figures will not be available for some time, but officials state the crop will probably run 20 per cent over estimates.

B.C. Interior Kennel Club To Hold Annual Dog Show Here Aug. 16, 17

CRAMPED quarters will be no problem this year when the B.C. Interior Kennel Club stages its annual championship all breed dog show.

Dates chosen this year are August 16 and 17, on the roomy, maple floor of Kelowna and District Memorial Arena. The ample space this year will give dog lovers an opportunity to see all the show dogs while benched as well as during the judging.

Two internationally-known judges will pick out the winners from among blue-blooded entries expected from several centres in Western Canada and the United States. Applications to enter the show already have been received from California and Chicago.

Handling applications for entry is the show secretary, O. Balshaw, 8510 Heather Street, Vancouver, B.C.

Other officials of the BCIC and next month's dog show are: Mayor W. B. Hughes-Games, honorary vice-president; J. Horn, honorary second vice-president; Mrs. Purves Ritchie, president; Maj.-Gen. R. P. Keller, first vice-president; T. Hughes, second vice-president; Mrs. Christine McKenzie, secretary-treasurer.

O. Balshaw, Vancouver, show secretary; Mrs. P. Randall, Saskatoon, show superintendent; Mrs. O. Balshaw, Vancouver, chief ring steward; Hugh Barrett, Okanagan Mission, and D. Whitman, Kelowna, ring stewards; Mrs. R. Haug, Kelowna, in charge of trophies; E. P. Ritchie, Okanagan Mission, publicity; C. Harris, Kelowna, benching; Mrs. K. Tallyour and Mrs. Dorothy Barlee, both of Okanagan Mission, in charge of arm bands; Drs. P. Talbot and C. W. Newby, veterinarians.

Showing and judging goes on from 10 a.m. to 10 p.m. both days.

NO SHORTAGE FARM LABOR ANTICIPATED

No shortage of farm labor is foreseen here this fall, H. C. S. Collett, Dominion-Provincial Farm Labor Service, reported this morning.

"There is ample labor at present and the prospects are good for the future," he said. With cherry picking over, there is a slack period now until peaches and apples are ready.

Orchard workers this year are getting the same hourly pay as last year. Men are getting from 60 to 65 cents an hour and women from 50 to 55 cents.

TEN DAYS FOR DRIVER
Sentence of 10 days imprisonment was handed down by Stipendiary Magistrate G. A. McKay in district police court July 14 on Alex. Eli. Westbank, for drunken driving.

FLAGS, LIGHTS WILL BE UP FOR REGATTA

City of Kelowna will be gaily decorated during Regatta week. City Council Monday night sanctioned the erection of colored lights on the main street and also at the entrance to The City Park.

All available flags will also be erected on the light standards on Bernard Avenue.

City fathers also sanctioned the using of The City Park oval for Satan's Hell Drivers who will put on two performances during the two days of the Regatta.

TWO VALLEY MEN ESCAPE FROM BEARS

Discretion is often the better part of valor, especially in the case of being chased by a grizzly-bear, so two local men recently discovered. Gordon Finch, of Kelowna and Justin McCarthy, Winfield, returning to their car while camping for some time as there was always three grizzly-bears in a huckleberry patch. Stopping dead in their tracks at the sight of the animals, one of which was dark, while the other were perfect silver streak specimens, the grizzlies seemed to disappear from sight.

Without waiting to investigate, McCarthy and Finch retraced their steps as fast as possible. McCarthy was about 20 feet ahead of Gordon, and when the latter looked behind, he saw one of the silver streak bears overtaking him.

"Just as the bear was almost upon me, I jumped into a windbreak at the side of the trail and swung myself around a small Jack Pine," Finch recalled.

A bad fire several years ago had destroyed the timber, and there were no large trees for the couple to climb.

When McCarthy heard me dive into the bush, he started yelling and called to me to do the same," Gordon stated. "Evidently it was the only thing that saved us, as the bear, confused by the noise, dropped to all fours and ambled back down the trail. He took one swipe at me, but fortunately missed. Brother, that was too close for comfort!"

SIX YEAR OLD GIRL STRUCK BY VEHICLE

A six-year-old Kelowna girl is in Kelowna General Hospital recovering from internal injuries after she was struck by a light truck, driven, police said, by C. S. Butcher, Vernon.

Condition of Louise Brew, daughter of Mr. and Mrs. L. B. Brew, 1377 Ellis Street, this morning was described as "improved and fair."

Details of the accident that occurred yesterday at 10:30 a.m., in front of the Brews' home, are sketchy. It wasn't definitely known if the girl was squeezed against the curb or if the truck wheel passed over her body.

Police, called to the scene, said the accident happened as the driver climbed into the vehicle and pulled away from the curb. The girl was said to have been in front of the truck, looking for a coin she dropped.

The driver had no indication he had struck the child until another motorist caught up with him and told him. The girl was treated at home by a physician and then taken to hospital in the doctor's car.

ASK RETAILERS DECORATE STORES

All Kelowna retail merchants have been asked to decorate their stores in time for the Regatta, George Rannard, chairman of the Retail Merchants Bureau, told the executive of the Kelowna Board of Trade at the Tuesday meeting.

Move Made to Form Fire Protection Area Outside City limits

Representatives from Districts Surrounding Kelowna Appoint Committee to study matter—Recent fires in Rural Areas Alarm Residents—Fire Protection District Would Cover Radius of Eight Miles from Local Fire Department—Additional Fire Truck and Three more Fire Fighters would be Necessary

Fires Still Being Probed

PLANS to form a fire protection district, embracing an area within a radius of eight miles from the Kelowna Fire Department, were made here Tuesday night when representatives from rural areas conferred with the local fire chief.

At present there is no fire protection in outlying areas and there is insufficient fire equipment to send out to these districts without endangering the city area.

Series of recent fires which police say were of incendiary origin, prompted steps leading to the formation of an organized fire district. Several months ago schools at Mission Creek and Okanagan Mission were gutted by fire, and cause of these blazes has never been determined. A few weeks ago five fires were started within 35 minutes in Glenmore and Benvoulin areas. These are still under investigation.

Alarmed over the serious situation, rural residents asked for fire protection, and they were informed the Kelowna fire department could give protection if the rural areas shared the expense. It will be necessary to purchase another fire truck and engage three additional firemen. Expense of the vehicle and wages for two of the three men would fall on rural areas, while the city of Kelowna would pay for the third man.

The proposal met with the approval of three of the five districts, but Benvoulin and Okanagan Mission did not receive notice of the proposals in time to contact residents. Meetings will be called early next week.

Meanwhile a committee has been formed under the chairmanship of Allister Cameron. Members are Fred Tutt, representing Five Bridges, Woodlawn and South Pender; J. D. Young, Okanagan Mission; P. C. McCallum, Glenmore and Benvoulin; B. M. Selich, Mission Road north, and Fred Chamberlain, Benvoulin. In the event Okanagan Mission and Benvoulin districts do not want to enter the fire protection district, the two representatives will be dropped from the committee.

Fire Chief Fred Gore said the fire truck would cost about \$8,000. This would carry a 500 gallon tank; two hose lines, and a pump mounted on the front which could pump water from sloughs or creeks. Wages of two men for the first year would be around \$4,000, making a total of \$12,000 to be raised in the five districts.

The first year would be the most expensive, Mr. Gore stated. However, spread over a period of ten years, for example, he said it would cost approximately \$8,000 a year. As this protection would reduce insurance rates by approximately \$2 a thousand he did not think the cost would be too much of a burden on the communities.

Elementary Training
Suggestion was also made that groups of young men in the various districts be sent to the fire hall for elementary training under Fire Chief Gore, so that a volunteer force would always be ready in case of emergency. Mr. Gore said he had been in the idea for some time as there was always need for men on the spot to direct fire equipment to the right place and assist in saving other buildings.

Suggestion was also made to extend an invitation to East and

During the next few weeks, the committee will lay the groundwork for setting up a district for rural fire protection, and a date will be made of the areas. Representatives of the two doubtful areas will meanwhile hold meetings to ascertain the wishes of residents, and a full report will be made by the committee at a future meeting.

Mayor W. B. Hughes-Games accepted the chair.

Driver Escapes After Truck Forced Off Road and Topples Down Hill

Larry White "Lucky to Be Alive" After Accident Near Trepanier

A Kelowna bakery truck driver had a narrow escape from serious injury and possible death when the truck left the Okanagan highway near Trepanier, Crest and rolled 100 feet down the hillside.

Given medical treatment for bruises and shock was driver Larry White. A spokesman for Hall and Hankey Bakery, owners of the truck, said White was "lucky to be alive."

According to the spokesman, White was returning to Kelowna Tuesday afternoon with the empty truck when he was forced to the side of the road by a speeding American car proceeding downhill in the opposite direction. The wheels caught in the soft shoulder, toppling the truck over the embankment.

Driver of the American-licensed car did not get out of the truck. The truck was heavy, B.C. Police, at Summerland are investigating.

Ferry Traffic Figures Vary on Number of Cars Now Being Left Behind

SURVEY of week-end ferry traffic was conducted by the Kelowna Board of Trade and another is expected to be held shortly.

The board executive, at Tuesday's weekly meeting, learned figures for the first survey were not conclusive due to the inclement weather cutting down motor travel. Number of cars left behind was small, but again the board's figures varied with those of the public works department, it was stated.

This is all part of the board's attempt to prove that the present two ferry boats are insufficient to move handle traffic expeditiously. A specific mention of a west side road was made when the Hope-Princeton highway opens this fall.

In this connection, the board executive declined Tuesday to support a joint resolution of the Westbank and Armstrong boards seeking extra ferry accommodation and development of the road along the west side of Okanagan Lake.

When the resolution comes up before the Okanagan-Mainline As-

Okanagan Valley crops are approximately a week ahead of last year. This was indicated today in the number of carload shipments of fruits and vegetables released by A. K. Loyd, president and general manager, B.C. Tree Fruits Ltd.

Up to last night, a total of 721 cars of fruit and vegetables have left the valley, compared with only 266 at the same date last year. In 1947, shipments for the corresponding period totalled 684 cars.

Of the 721 cars shipped to coastal can did not go to the other Canadian markets, total of 386 cars were cherry shipments.

RED CAPS TAKE ONE GAME LEAD IN SEMI-FINAL

Other Semi-Final Opener
Rained Out But Set to Go at
Winfield Tonight

RUTLAND—Rutland Red Caps
moved a game closer to the Twi-
ght Baseball League finals by
blanking the Winfield Cubs 3-0 at
Winfield Tuesday night, in the first
game of the best of three semi-
finals.

Second game will be played at
Rutland tonight. Red Caps, who
ended the league schedule tied for
third place with the Oyama Green
Caps, garnered the third spot play-
off berth last week by trouncing
the Green Caps 20-3 in a sawdust
fixture.

First game between second and
fourth teams—Winfield Aces and
the Green Caps—was set for Mon-
day night, but was rained out. First
action in this semi-final now is
set for Winfield tonight.

Winners of the two semi-final
series will meet in a best of three
final for the league bumble.

TRY COURIER CLASSIFIEDS

r.p.m.'s column

I was thoroughly annoyed the
other day when I heard a wise-
cracker say: "Well, now that the
election is over, I see the govern-
ment is slowing down on the Hope-
Princeton highway and delaying
the opening."

During the election campaign
The Courier carried a story which
stated that there had been unex-
pected delays and very bad weath-
er which resulted in the loss of
six weeks work. Moreover that
story did suggest that the road
might not be ready for the open-
ing on Labor Day.

While this column has criticized
the department of public works on
more than one occasion, in the case
of the Hope-Princeton, it feels that
sympathy rather than criticism is
deserved. It believes that the min-
ister, Hon. E. C. Carson, is as anx-
ious to see that road open as are
the people of the Interior. Prob-
ably more so.

Last fall, this column knows, the
department felt that it might be
embarrassed because the road
would be ready in August but not
opened. At that time it was hoped
that work would be completed and
that certain "cleaning up" but non-
essential work would have to be
done to provide an excuse for keep-
ing the road closed until Labor
Day.

Labor Day was considered a safe
date. But the best laid plans of
mice and men, etc., etc. The
department did not figure there
would be a six-inch snowfall on
Allison Pass in June, for instance.

The department right from the
start was faced with a tough de-
cision. Whether the road should
be opened before it was completely
paved. Some of the southern in-
terior towns wanted the road open-
ed as soon as it could be travelled
on. The Kelowna Board of Trade
—and The Courier—argued that
this would be a mistake as it would
discourage tourists and give the
road a bad name right from the
start. That point of view prevail-
ed. Rightly we think. Better wait
another year and have the road
completed and something of which
to be proud.

Whether the road will be opened

on Labor Day or not has not yet
been decided—at least as this is
written. The Minister is to make
an inspection trip in the next few
days. The opening may be held
as scheduled and then use of the
road delayed for a couple or three
weeks till paving is completed.

But the road will be in use this
fall and just as early as is feasible.
We are satisfied as to that.

While talking of government ac-
tivities, there was another instance
last week which deserves some
comment. Orchids should go to
Premier Byron Johnson for his
forthright stand on that US propo-
sition about the PGE Johnson is quite
determined that the provincial
railway and provincial natural re-
sources will not become a prom-
otional football for US stock promo-
tation. He made that plain in his
statement which was just about a
repetition of the remarks he made
in Kelowna during the election
campaign.

Some men might have seen in the
suggestion a good "out" for the pro-
vince as far as the railway is con-
cerned. Such an offer can be wrap-
ped up in a most attractive pack-
age. Johnson, however, chose to
fear the wrappings off first and he
did not like what he found. And
he said so.

His attitude suggests that he is
not looking for the easy way out of
his problems but that he is trying
to solve them in the best interests
of the people of British Columbia.
Orchids for Premier Johnson, boy!

Kelowna In Bygone Days

From the Files of The Kelowna Courier

TEN YEARS AGO

Thursday, July 20, 1939

A Kelowna resolution seeking
daylight saving time, be adopted
province wide has been adopted by
the Okanagan Municipal Associa-
tion.

The new Rutland swimming pool
was officially opened on Friday,
July 14.

Taxpayers will vote on the \$65-
000 hospital by-law on Friday, Aug-
ust 4. Towards the proposed \$140-
000 unit, the government is grant-
ing \$50,000, the Kelowna Hospital
Society has collected \$15,000 and is
borrowing another \$10,000, and the
city hopes to provide \$65,000.

City council is making applica-
tion to Supreme Court to remove
the Nychuk building on Bernard
Avenue. In June the court ruled
that William and Annie Nychuk
would have to remove the building
erected without the city's permis-
sion, by July 15. The Nychuks have
made no move to carry out the
court order.

To date 300 cars of fruit and
vegetables have left the Okanagan
through the new single selling
agency, B.C. Tree Fruits Ltd.

City council is considering es-
tablishing a rose garden in the
park.

Home of A. Rowe, Bertram
Street, was completely destroyed
by fire Tuesday night.

A minor epidemic of whooping
cough was the only serious out-
break during the school year in
Kelowna, the term closing medical
report showed.

TWENTY YEARS AGO

Thursday, July 18, 1919

A Canadian Club for Kelowna
has been organized successfully
and it entered upon its career on
Tuesday evening in the board of
trade rooms. F. M. Black was cho-
sen the first president with H. F.
Rees vice-president and E. W. Bar-
ton secretary-treasurer. D. W.
Sutherland, T. C. Norris, J. Ball,
H. V. Craig and N. D. McTavish
are the committee members.

What would have been a serious
forest fire was extinguished this
week through the efforts of Bill
Goldsmith at Okanagan Mission.
The blaze started on C. B. Wind-
sor's lakeshore property.

Five young Kelowna athletes—
Harold Johnston, Rudolph Guidi,
Gordon Melkie and David Garbutt
—will go to the first junior Olym-
pics at Vancouver this summer.

Mosquito-destroying fish, named
Gambusia, have been brought to
Kelowna to eat mosquito larvae.

The Kelowna school board has
petitioned the city council for
sewer connections to their build-
ings.

Since the cherry pack this year

SUMMERLAND SCHOOL PLANS BEING PROBED

SUMMERLAND—C. J. Bleasdale,
chairman of School District No. 77
(Summerland) has gone to Victoria
to obtain permission of the depart-
ment of education to proceed with
the school board plans to institute
a new junior-senior high school unit
located on the former W. C. Kel-
ley orchard property, facing Gran-
ville, Rosedale and Kelley streets
in West Summerland.

If the department okays the rough
plans and specifications, then the
school board will approach the
council to present a by-law to the
ratepayers to raise by debenture
issue the sum necessary to proceed
with the work.

No definite figures have been an-
nounced as to the total cost of the
structure and equipment, but it is
known that the expenditure will
be in the neighborhood of
\$400,000.

Mr. Bleasdale informed the
school board meeting last week
that he had expected to have the
estimated costs from the architect
for that season, but Architect Wil-
liam K. Noppe had been called out
on other construction work and
had not submitted the estimates.

Fifty percent of the estimated
cost of the new construction, plus
a considerable portion of the equip-
ment will be provided by the de-
partment of education.

The other fifty percent, and in
some cases the entire cost of equip-
ment will have to be met by the
school district.

In School District No. 77 the ru-
ral portion will pay 6.16 percent
leaving the municipality to raise
93.84 percent, according to latest
figures from the provincial assess-
or's department as supplied by
Inspector Burnett.

Division of Costs

Thus, if the total cost of the
school is estimated at \$400,000, the
B.C. Government would submit
\$200,000 and the school district
\$200,000. The rural portion would
raise \$12,320 and the Municipality
of Summerland would be called
upon to produce \$178,680.

However, the definite estimates
are not known here yet, it has been
stressed.

Although the school will be mod-
ern in every respect to meet the
present trends in education, no
frills have been included in the
plans, the trustees have stressed
throughout their negotiations with
the architect.

The main units will consist of ten
classrooms, a library, principal's
office and general office, science la-
boratory, home economics, indus-
trial arts including workshop and
drafting rooms, a gymnasium and a
combined cafeteria-auditorium.

There are provision for students'
counsellors' rooms, and offices for
the school board and secretary.

HEALTH HEAD PRAISES CITY AUTO COURTS

Four samples of water taken at
the city intake pipe showed a com-
plete absence of bacteria, Dr. Helen
Zeman, local medical health officer,
informed City Council Monday
night.

Giving a detailed account of
health conditions, Dr. Zeman said
milk tests have been made and
these were satisfactory. Tourist
camps had been inspected, and the
health officer stated the "high stan-
dard of sanitation is most gratify-
ing."

One black spot marred the re-
port, however. Dr. Zeman said
that while the majority of restau-
rant owners are co-operating with
the public health department, there
are one or two establishments that
will require constant inspection. It
is doubtful whether some cafes will
ever become proficient, Dr. Zeman
said.

THIRTY YEARS AGO

Thursday, July 17, 1919

According to information receiv-
ed from Hon. Martin Burrell at Ot-
tawa, Kelowna will have no chance
in the next 12 months of obtaining
a new post office building. A letter
from Hon. F. B. Carvell, minister of
public works, stated "no public
buildings will be erected during the
coming year in the smaller towns
and cities in Canada." The board
of trade found considerable cause
for comment in the fact that the
current estimates showed an ex-
penditure for a public building at
Kamloops.

Plans have been perfected in
most centres throughout the Dom-
inion to welcome the Prince of
Wales.

Sergeant Charles Kirkby has re-
turned from overseas and has re-
sumed his old work and duties in
the store of McKenzie Co. Ltd.

Discontent at the manner in
which the roads to the Kelowna
district are being kept was ex-
pressed by a number of persons at
the board of trade meeting, led by
S. T. Elliott and M. Heron. Dis-
satisfaction was also voiced that
the minister of public works had vis-
ited this section a short time ago
without bothering to contact the
board of trade as he had been re-
quested to do many times.

In the advertising columns, Sun-
day hours for the ferry leaving
Kelowna were posted as 9 a.m.; 11
a.m.; 3:30 p.m. and 7 p.m. only,
from June 15 to September 28

FORTY YEARS AGO

Thursday, July 15, 1909

The Kelowna Canning Co. ex-
pects to open its season next week
and continue until the fall. String
beans will be canned first.

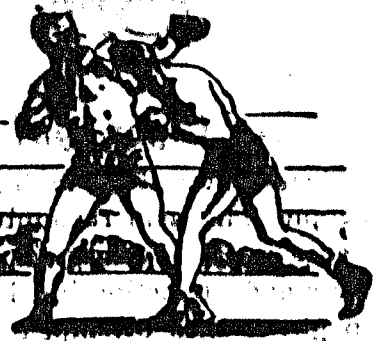

H. W. Rayer was awarded the
contract for the new school build-
ing. It will represent an invest-
ment of \$20,000 but because of lack
of funds the board will not com-
plete all the work this year.

Chief Haddon has been taken to
the hospital suffering from typhoid
fever in Vancouver. He was mar-
ried there only last week.

As details of costs and other data
had not been worked out fully,
first prize in the competition for
the best plans for improvements to
the newly-acquired city park has
not been awarded. Second prize
of \$50 went to R. H. Parkinson and
an honorarium of \$20 granted to
Dr. J. W. N. Shepherd.

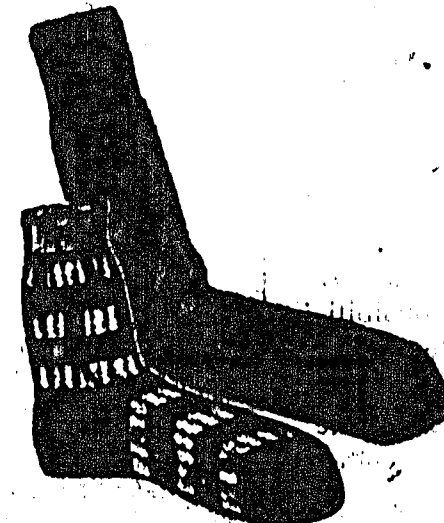

After a lengthy discussion side-
walk construction under local im-
provement by-laws, the city coun-
cil decided on Monday to eliminate
the city's share and to assess front-
age property 70 percent and prop-
erty across the street 30 percent.

Attention Growers of the Okanagan Valley

There is a situation existing in the Valley at the
present time, which we as workers in this industry and
as members of an organization which has strived to bring
about amicable and harmonious relations in the Valley,
believe you should know.

During negotiations, one year ago, for a working
agreement for the year 1948, the employers member on
a Conciliation Board suggested that attempts should be
made to discover a Wage Formula to govern wages in
this industry for ensuing years. This was agreed to by
both parties.

During the past eight months, a Joint Committee
composed of three members of the Industry Labour Ne-
gotiating Committee, and three members of our Organi-
zation, under the distinguished Chairmanship of Dean
F. M. Clement, Dean of Agriculture at the University of
British Columbia, and one of Canada's foremost authori-
ties on agricultural matters, has been working in a con-
scientious endeavor to reach a workable formula. After
untiring efforts, in many meetings, and at great cost to
the Provincial and Federal Governments, the Industry
and our Unions, a workable Formula was arrived at, and
accepted by your B.C.F.G.A. and our Organization.

In our negotiations this year, for a 1949 Agreement
Dean Clement was appointed by the Labour Relations
Board for British Columbia to act as Special Conciliator
and to conclude the Industry Wide Agreement. After
several meetings were held, Dean Clement suggested a
twelve (12) point pattern for settlement of the Agree-
ment. This pattern included amongst other things a mod-
ified form of Union Security, (not "closed shop" or
"union shop" as some people would lead you to believe).
Our organization accepted this pattern, believing it
would bring Industrial peace to this Valley for many
years to come. The Okanagan Federated Shippers turned
it down.

Following the attempt by Dean Clement to bring
about a settlement, the Government appointed a Con-
ciliation Board to deal with the dispute under the Chair-
manship of Mr. W. R. McIntyre of Victoria, B.C., with
Mr. E. J. Chambers, of Penticton, B.C., as employers'
member and Mr. F. Valair of Vernon, B.C., as the em-
ployees' member. This Board, after conducting hearings

in Kelowna, finally brought down an unanimous award,
which included amongst other things a still lesser more
modified form of Union Security than Dean Clement had
suggested. The Okanagan Federated Shippers again
turned this down.

During the hearing the employees' representatives
asked the Board to demand that the Growers' position
on this matter be stated. The employees' representatives
stated that if a strike took place in this Valley it would
not be the Federated Shippers who would suffer but the
Growers. The request to have the Growers' position placed
before the Board was bitterly opposed by Mr. W.
Owens, K.C., of Vancouver, B.C., Counsel for the Feder-
ated Shippers.

We believe the time has now arrived that you as a
Grower should demand that meetings of your B.C.F.G.A.
Locals be called and have your members on the Industry
Labour Negotiating Committee explain the present situa-
tion to you. There are a few questions which we believe
should be answered at this time.

1. Why does the Federated Shippers indirectly
spend your money to hire high-priced lawyers from Van-
couver to discuss with a group of Valley workers the
conditions under which they are going to work?
(These high-priced lawyers would be out of a job if a
permanent solution was found.)

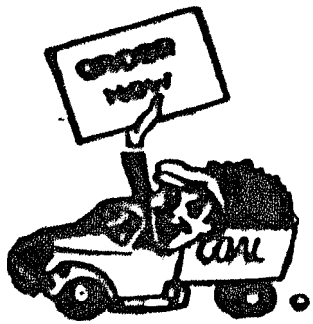

2. Why did the Federated Shippers Counsel bitterly
oppose having the official position of the B.C.F.G.A.
on the dispute presented to the Board?

3. Why are not the Directors of the various pack-
inghouses informed of the situation as it exists today?

4. Would someone connected with this matter have
some other interest to serve, which is not in the best
interest of the Industry as a whole?

We as workers of this Valley urge you as Growers
to take action now before it is too late. We believe the
time has come in this industry when it is possible for
Employers and Employees to travel the road in harmony
and leave the world better than they found it; or travel
the road in discord and leave an untidy litter to be clean-
ed up by future generations.

HUME & RUMBLE LIMITED

WESTERN CANADA'S LEADING ELECTRICAL CONTRACTORS

Boyd Drive-In Theatre On Vernon Highway Will Officially Open Tonight

SOMETHING new in entertainment has come to the Central Okanagan. It is the Boyd Drive-In Theatre located four and one-half miles north on the Kelowna-Vernon Highway. Operated by Cozart and Boyd Shows Limited—William Cozart, president, and W. C. "Bill" Boyd, manager—the grand opening is this evening with the first show starting "when the sun goes over the mountain."

Drive-In Theatres have long been a success in the United States, Eastern Canada and in Vancouver.

The opening picture this evening is "Laff-Time", a hilarious comedy that exercises one's sense of humor to the fullest extent. It's the kind of picture that pleases everyone, puts people in a happy mood and is good entertainment. "Laff-Time" is in color. There will also be short comedies in color and news—showing Thursday, Friday and Saturday of this week.

There will be a change of pictures twice weekly, that is, Monday, Tuesday, Wednesday, and a new picture on Thursday, Friday and Saturday. Coming attractions are listed in the grand opening ad in today's issue of The Kelowna Courier.

The advantages offered by a drive-in theatre are numerous. One can take the whole family in the car. It serves as a comfortable private auditorium, and eliminates baby sitting problems. One can smoke, visit, talk, enjoy a snack and even come in bedroom slippers. There is no need to dress up. And of course it's healthy. A modern snack bar provides either hot or cold refreshments, and it is open for service one hour and a half before the show starts and remains open after the show. There will be two shows each night, "rain or shine."

Single feature, first run pictures will be featured at the Boyd Drive-In Theatre. There will be a large percentage of Technicolor films and colored cartoons.

While a drive-in theatre caters mostly to motorists, the management has not forgotten pedestrians and cyclists. Good covered seating accommodation has been provided for those who wheel and those who walk.

With admission charges being in keeping with other similar attractions, a special feature is the fact that children under ten years of age are admitted free when accompanied by their parents. A small charge is made for students and children not accompanied by their parents.

The Boyd Drive-In Theatre represents another milestone in the steady progress of Kelowna and district and is further evidence that the Okanagan is going ahead. The management is to be congratulated for such enterprise and will undoubtedly receive the support of residents and tourists alike.

OYAMA

OYAMA—Mr. and Mrs. Fred White and family, of Williams Lake, have taken up residence in Oyama again.

Mrs. Jim Gibb Sr. has been staying with her father, Mr. D. B. Johnson.

Harold Purdy is spending three weeks in Chilliwack with a friend.

The Sahara Desert, covering 3,500,000 square miles, is larger than the continental United States.

OKANAGAN MISSION

OKANAGAN MISSION—Picking of cherries in the Mission district has been completed.

Girl Guides of the 1st Okanagan mission Company entertained East Kelowna Guides at a beach party at Cedar Creek where a very enjoyable time was had by all present.

Mr. A. P. Bennett had as his guest for the past two weeks, his brother-in-law and sister, Mr. and Mrs. R. O. G. Bennett, of Montreal. Mr. Bennett entertained several times during their visit in honor of his company.

Mrs. Andy Bystrom and daughter, Glenda, are spending the summer with her husband at Marwayne, Alta.

Mr. John Barratt is expected to join Mrs. Barratt and daughter, Linda, at the home of Mrs. Barratt's parents, Mr. and Mrs. M. L. Knipers, this week.

Mr. and Mrs. Bill Hay and Mr. and Mrs. Peter Mallam attended the Calgary Stampede.

Mr. and Mrs. A. Raymer Jr., accompanied by Beverly Raymer and Miss Alice Fanel, have returned from a short holiday in the United States.

Mr. and Mrs. Morris Jensen and family, of Port Mann, left for their home this week after visiting friends in the Mission.

Mrs. Herb Bailey is visiting relatives in Roblin, Man.

Miss Kaye Sealy is again conducting Red Cross swimming classes on Mr. Hawkins beach at Okanagan Auto Court. There is a large class of the young members. A few more of the senior swimmers are necessary to hold a class of the Royal Life Saving Society. These swim classes were much appreciated last year and received high praise from the adjudicators.

Mr. and Mrs. G. F. Hilliard have as their guest for the summer, their daughter, Mrs. J. A. Flynn and little son from Santa Tecla, Salvador, South America. Their son, Sub Lieutenant Geoff Hilliard, R.C.N., also took the opportunity to visit with his family for a week before continuing to Toronto.

Mrs. R. Archer-Hublon returned this week from the coast after an absence of three months.

Mrs. Arthur Raymer Sr. left by plane recently for a trip to Vancouver.

Mrs. Favel, Sr., mother of Mrs. Bill Barber, is a patient in Kelowna General Hospital where she underwent an eye operation.

Mrs. Wilbur Thomson returned this week from Vancouver.

Mrs. Tom Craft Sr. returned on Tuesday from a three week visit with her daughter (Lila) Mrs. John Johnson, of Vancouver. Her visit was marred by the fact that her grand-daughter, Betty Duggan, has been seriously ill in the Vancouver General Hospital for the past five weeks after an appendectomy. Betty has many friends here having grown up and spent her school-days in Kelowna.

Mrs. Fred Ostroff left on Friday for Vancouver where she will bring back their furniture, having secured a house in Kelowna. Mrs. George Swardy accompanied her for a short holiday.

Miss Kay Sealy has returned from nearly a year spent at the Burrill Clinic, Kamloops, and is on the staff at the Kelowna General Hospital.

Mrs. Ann McLymont has as her guest, Mrs. Clare Kelly, of Vancouver.

Mr. and Mrs. Joe Ivens and Mr. and Mrs. Johnnie Ivens and son, Randy, were recent visitors to Kamloops where they were the guests of the former's son and family, Constable and Mrs. Russell Ivens. On their return they were accompanied by the former's grand-daughter, Penny Ivens, who will spend the summer holidays at the Mission.

Miss Violet Matte returned from a short holiday at Banff, Alta.

Mrs. Greening left unexpectedly for her former home at Edam, Sask., after receiving word of the death of a very close friend. Mrs. Greening has been staying with her sister-in-law, Mrs. E. Farris, of Bellevue Hotel.

Mrs. Purvis Ritchie was a recent visitor to the coast.

Mr. and Mrs. Caputo, of Trail, with their daughter, Patty Lou, are spending a holiday at Mrs. Caputo's parents, Mr. and Mrs. Joe Ivens.

YOUNG LIBERALS TROUNCE TIGERS TWICE IN A ROW

(Special to The Kelowna Courier)

Mr. and Mrs. Holmes Boyd visited Salmon Arm last week where they combined business and pleasure for four days, visiting Mr. and Mrs. Hornsberger, of Silver Creek, during their stay.

Mr. and Mrs. A. D. F. Thomson and family, of Vernon, are spending their summer at their lakeshore home at the Mission.

TRY COURIER CLASSIFIED ADS.

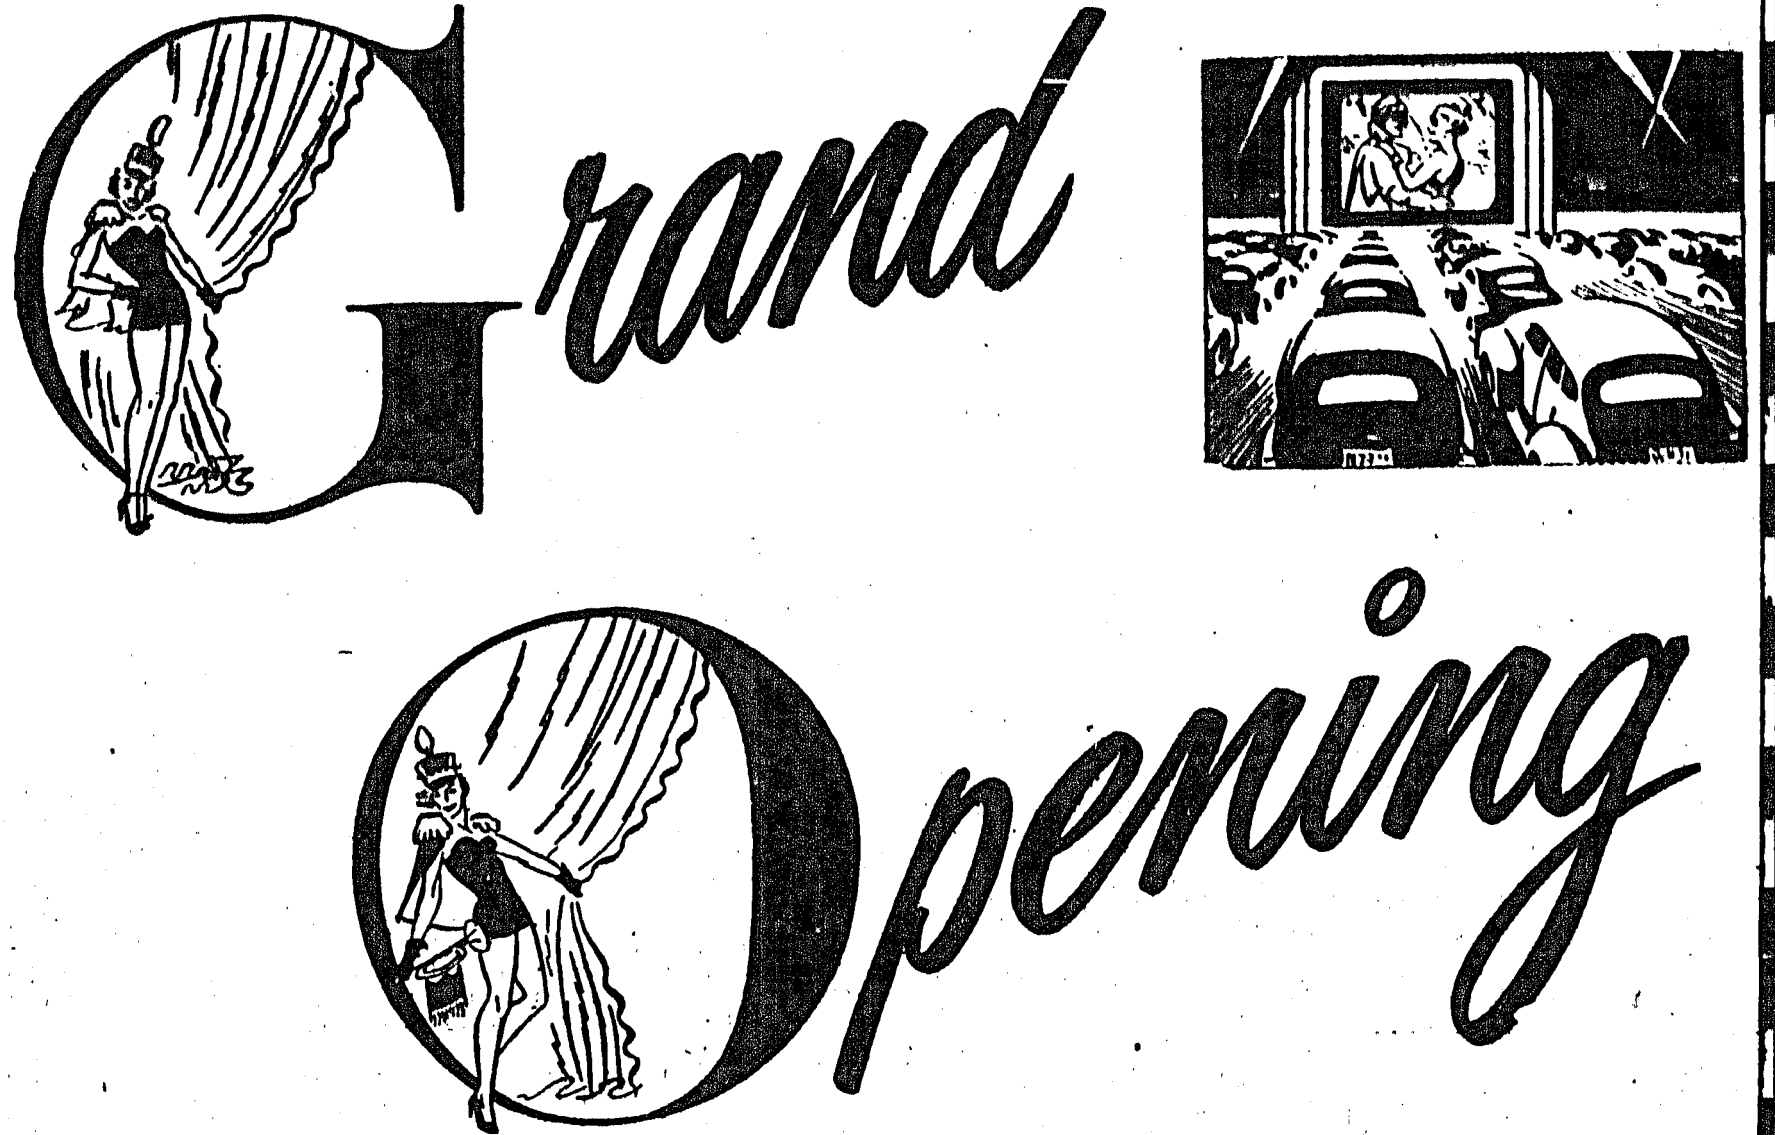

to score three more goals to take their second consecutive win over the Vernon Tigers by a score of 8-5 in an Interior Lacrosse League tilt played in Memorial Arena here Saturday night.

Vernon carried the play in the opening canto by taking a 4-1 lead but Kamloops reversed the play in the second to notch four goals to the Tigers' singleton.

Scheduled appearance of Kelowna Bruins at Salmon Arm Saturday night in an interior boxia loop feature was called off due to rain.

Vernon Tigers had an opportunity to pull ahead of the Bruins, but it at Kamloops Saturday night, downing the Sarge Sammartino-less Tigers 8-5.

The Duke of Edinburgh likes his clothes comfortable, and to the consternation of London tailors, refuses to follow their dictates and be a clothes horse.

EAST KELOWNA DANCE PROVES SUCCESSFUL

EAST KELOWNA—The dance held in the Community Hall on Friday last brought a good crowd. With music by the "Corn Huskers" Orchestra, modern, old time and the popular square dances were enjoyed.

Mr. and Mrs. H. A. Porter with Miss Grace Porter have returned from their holidays, spent in Banff and the States.

Mr. F. D. Price arrived home from Winnipeg during the week. Mr. and Mrs. H. Evans, who have been spending a fortnight's holiday at the home of Mr. and Mrs. D. Evans have returned to their home in Edmonton.

Mr. and Mrs. A. M. Thompson, accompanied by their daughter, have returned from a holiday spent in the States.

Mrs. F. D. Prince who is a patient in the Kelowna General Hospital, is reported to be progressing satisfactorily.

Mr. W. Affleck, who recently arrived from England, is a guest at the home of Mr. and Mrs. T. R. Carter.

H. R. Perry accompanied by Clifford and Leonard, motored to Kamloops over the week-end.

Miss Monica Perry is spending a few days at the home of Mr. and Mrs. J. H. Horn, Okanagan Mission.

Mr. and Mrs. L. Lunan have as their guest, Mr. and Mrs. Herb Beale, of Victoria.

Mrs. L. E. Elvedahl, who has been a patient in the Kelowna General Hospital for some weeks, is now recuperating at home.

UNGRADED APPLES

At Trenton, Ont., June 22, L. E. Rielly, R.R. 4, Frankford, Ont., was fined \$10 and costs for offering for sale ungraded apples.

This action was taken under the provision of the Farm Products Grades and Sales Act by an inspector of the Dominion Department of Agriculture, acting on behalf of the Ontario Department of Agriculture.

BY-LAWS HIT ANOTHER SNAG AT PENTICTON

City's Legal Borrowing Power Limit Prevents Hospital and Arena By-Law

COMPLICATED

\$150,000 Has Already Been Ear-Marked for New Memorial Arena

PENTICTON—Hopes for early action on a new hospital for Penticton are at a complex stage.

For many months hospital authorities have been working on plans for a 120-bed, \$780,000 hospital. Their biggest hurdle has been to find an acceptable way of raising the city's one-third share of the cost.

Submission of a by-law to cover that share has been complicated by the fact that the city's legal borrowing limit for this year, \$347,000, the sum of \$150,000 has been pigeon-holed for a memorial arena. The balance of \$197,000 is not sufficient to cover the city's full share for the hospital, and to overcome this, proposals have been made that electors be asked to vote \$197,000 this year with the balance to follow in a subsequent by-law next year.

Negotiations had reached the point where council agreed to prepare the \$197,000 by-law immediately.

Since then, however, it is understood a telegram received from B. C. Bracewell, deputy minister of municipal affairs, that his department will not approve any by-law that does not represent the city's full commitment.

Nor will approval be given to any scheme of financing which directly or indirectly involves using the city's future borrowing power, the deputy minister also made clear.

Last week, council and hospital board spokesmen wrestled with two problems: arriving at just exactly what the city's share would be, and finding means to finance it. Decision to prepare a by-law authorizing the \$197,000 was the compromise outcome.

It was following this meeting, at which the only thing that was clear was that a great deal of misunderstanding has existed over just how much the city would be asked to put up, that the Penticton Herald wired Mr. Bracewell.

Specific Question The deputy minister was asked his department's position in the matter and the specific question whether approval would be given a by-law that did not represent a completed project.

His reply was: "Position of this department is, first, that no decision can be reached until the municipality requests approval to a by-law. Second, any proposal must be of necessity neither directly nor indirectly involve using future borrowing power, therefore any proposal advanced for assent of electors must be complete. It follows that the answer to your specific question is in the negative."

When the contents of this telegram were communicated to Mayor Robert Lyon, His Worship replied that it would appear to serve no useful purpose to go through the formality of preparing, reading and submitting a by-law that was doomed to disapproval.

"The only thing to do is to tell the hospital that the proposed by-law won't succeed," he commented.

His Worship was referring to the specific \$197,000 by-law as recently suggested.

Obviously this cannot succeed if the memorial arena by-law appropriation still stands.

Under such a circumstance the hospital would have to leave its full plan over until next year when, with increased borrowing power, the city could put the whole by-law.

Or, if the hospital were to proceed with the \$197,000 by-law in the present year, that sum would have to represent the full third. In other words, the hospital could proceed through lowering its overall objective.

There has been no indication that the hospital board is willing to countenance a reduction in its proposal.

One way out would be for the arena appropriation of \$150,000 to be the part stood aside in the current year. This could be proceeded with next year. Under this arrangement, the hospital could then plan for its full by-law at once.

CANADIAN HEADS WORLD LIONS

Walter C. Fisher of Queenston, Ont., has been elected president of Lions International at the annual convention in New York attended by 25,000 delegates representing the 365,000 members in 24 countries. Mr. Fisher is the first Canadian to hold the international presidency in 25 years. Fisher, 42-year-old fruit grower, joined the St. Catharines, Ont., Lions club 15 years ago. He took over the presidency on Canada Night, July 18, in New York.

Financing New House Straight Business Deal

(This is the fifth in a series of articles written in the interest of readers who are contemplating building or buying a house.)

FINANCING the construction or purchase of a new house through a mortgage loan is a straight business deal and the borrower who seeks his financing in a business-like manner, investigating all sources of mortgage funds and weighing the advantages of each, will save himself dollars and avoid many of the difficulties experienced by hasty home-owners. Corporate and private finance constitute one of the largest sources of mortgage loans in Canada. A knowledge of these sources and the terms they offer will enable the prospective home-owner to select the most desirable type of mortgage.

Chartered banks in Canada are not permitted to make mortgage loans to finance the construction of houses. Yet they play a most important part in the country's building activity, mainly through inter-bank financing for builders who require additional working capital until mortgage advances are forthcoming. Under the authority of The National Housing Act, 1944, banks may make loans for home extension purposes where one or more self-contained units are to be added to an existing building. Similarly, under the authority of the Farm Improvement Loans Guarantee Act, 1944, banks make loans to assist in the construction of new houses on farms. In both instances the loans are partially guaranteed by the Government of Canada.

Mortgage loans in Canada are provided mainly by life insurance companies, trust companies, loan companies, fraternal societies, fire insurance companies, credit unions, and individuals, with life insurance companies playing the major role.

Basic Terms

Anyone considering application for a mortgage loan will need a clear understanding of a few terms which are basic. The person borrowing the money is the mortgagor and the person or company lending the money is the mortgagee. As a borrower you may obtain a mortgage loan by giving a mortgage which is the pledging or conveyance of property to secure the repayment of the loan. The amount borrowed under a mortgage loan is the principal and the amount which the lender charges for use of the money borrowed is the interest.

Amortization is the process of discharging a debt by periodical payments. It is customary for the mortgagor to make payments on the loan to be made coincident with the repayment of principal. Formerly, mortgage loans were generally on a quarterly or semi-annual repayment basis, but modern trends are towards monthly payment loans. Mortgage loans may be obtained to assist in the construction of new houses, to purchase existing houses or to secure cash in emergencies or other circumstances. Generally, where there is an existing mortgage on a house and the house is changing ownership, the new purchaser makes a down payment to the lender and assumes the existing mortgage.

Under the existing National Housing Act, the interest rate on N.H.A. loans can not exceed 4 1/2 per cent. For ordinary mortgage loans not under the Act, the current rate is around 5 per cent, but this rate will fluctuate from time to time according to the interest rates demanded by mortgage investors. Mortgage loans obtained from lending institutions or private individuals may be on such terms and conditions as agreed to by the contracting parties, and the interest rate will be a matter for discussion at the time that the loan is made.

Although National Housing Act loans are generally made for a minimum term of 20 years, ordinary private loans are usually made for five years. They may be renewed at the option of the lender at the end of such period, but the interest rate might be subject to adjustment.

Gasoline Mileage. While it has long been known that a car's best gasoline mileage is attained at steady speeds of between 20 and 40 miles an hour, it is interesting to note results of recent tests by automotive firms. They show a car that gets 21 miles per gallon at such speeds generally gets only 16 miles per gallon at 60 miles per hour and 9 miles at 80 per hour. Moreover they prove that fast acceleration and erratic speeds can cut gasoline mileage as much as 50 percent below that attained by steady driving and moderate acceleration. The figures, apparently, are for U.S. gallons.

My roof leaked like a sieve

**DUROID fixed it like this...*

First—to aid in determining the required quantity—we checked our roof for size.

Then—my wife and I visited our local Sidney Dealer and viewed DUROID samples for color. She chose red. I picked green. That's right—the roof is red.

Easy-to-follow directions for application were contained in every bundle. So in no time at all we had finished the job. Bright DUROID Shingles were applied right over the old roof.

It was amazing—our home was new again! No more leaks—no more patching or painting. Our colorful DUROID roof provided a permanent end to expensive repair bills and seasonal upkeep.

***SOMETHING TO REMEMBER!**
Genuine DUROID Shingles are made only by Sidney Roofing and Paper Co. Ltd. See your Sidney dealer today.

CHINESE REFUGEES REFUSED SANCTUARY IN PHILIPPINES

Illegal immigrants from Amoy, China, who were captured in the Philippine mountains by constabulary and guerrillas, are pictured at the U.S. public health service in Manila being vaccinated after capture. The

Chinese told investigators they had come to the Philippines to escape the red advance in China. Two hundred and twenty-six immigrants have been ordered deported to Amoy, China.

Penticton City Clerk Appointed Co-ordinator of All Departments

RUTLAND

PENTICTON—City council moved last week to consolidate all civic departments and to place responsibility for the carrying out of council instructions on the shoulders of one man.

Named to correlate all city activities was City Clerk H. G. Andrew.

Mr. Andrew will be held solely responsible by council and he will report to council on behalf of all departments.

This move is in line with suggestions made a week ago when aldermen voiced their favor of a system that would, in effect, mean the naming of a supervisor for the city. The actual motion by which the appointment was made reads as follows: "That all city departments be accountable to the clerk and the clerk report direct to council."

Immediately following the adoption of this motion, council named John Davies, assistant city engineer, to the post of acting superintendent of works.

These appointments virtually abolish for the time being, the office of city engineer as it has been known in the past. Mr. Davies was informed that the "acting" factor in his appointment will remain until the end of the year in order to give the new system a trial.

All heads of civic departments have since been called into a meeting and the new arrangement explained to them by Mayor Robert Lyon. The main factor in thus placing responsibility on Mr. Andrew's shoulders is that of greater coordination within all civic departments, the mayor told the meeting. "We have to have centralized authority, and that authority is now centralized in Mr. Andrew," he said.

Superintendent Davies and electrical superintendent P. J. Murphy will continue to have control over the carrying out of the actual technical details of the work in their departments.

But in contrast to former years, council's instructions, no matter which department they involve, will be given directly to Mr. Andrew, who now has the authority to follow them through to conclusion. Mr. Andrew will be the funnel through which civic affairs will pass to and from the council.

The city clerk already has financial control over the spending of funds previously allocated by council to various departments and projects.

When the question was discussed there was free and open debate on its workability.

Mr. Davies, particularly, asked that his position be made very clear and the extent and limitations of his authority and responsibility defined.

Small Plane Puts On A Big Show—Central Press Canadian

On what is called the world's smallest aircraft carrier, St. Comdr. Richard A. Schram, U.S. naval reserve pilot, lands his light plane successfully in a unique demonstration at Chicago's lakefront airport. Schram is approaching the 17-foot deck built atop a truck for a landing. It will take off from truck, too.

MANY KELOWNA PEOPLE ATTEND CHURCH PARLEY

Delegates Sign Pledge to Serve as Foreign Missionaries if Called Upon

Pastor A. G. Streifling and Bob Large, both of Kelowna, and Clara Howes of Rutland, officially represented the Seventh-day Adventist churches of this district as delegates at the three-day youth congress held by the denomination on the campus of Canadian Union College, near Lacombe, Alta.

Approximately ten other members of the local churches were among the peak crowd of 2,000 who represented churches in Western Canada. The congress, first to be held for the Adventist young people of Western Canada, was under the direction of G. Eric Jones, youth leader for all of Canada and the youth directors from every province.

"Share your faith," the congress theme, was given special emphasis in daily workshops, when the young people studied methods of bringing their friends and neighbors to Christ, and in interview programs, in which the delegates shared their experiences in soul-winning.

Foreign Mission Services. Shifting the emphasis from service in home communities, one session struck a note of appeal to foreign mission service. Missionaries from India, the Near East, British West Indies, Burma, Inter-America and elsewhere participated in a missions pageant. Scores of delegates responded by signing a pledge, to accept, if called, to foreign service.

More than 300 new missionary appointees sent by the Adventist church to all parts of the world each year are drawn from the ranks of its youth organization, who receive training for Christian service in the denomination's 15 North American colleges.

Guest Speakers. The congress is one of 75 held by the church in North America, Europe, Inter-America and the Far East, which are spurring a great wave of evangelism by Adventist youth for their fellow youth. Theodore E. Lucas of Washington, D.C., leader of the church's world youth organization, told the delegates.

Other guest speakers were H. L. Rudy, president of the Canadian Union Conference of Seventh-day Adventists, L. E. Froom, E. B. Hare and D. A. McAdams from the world headquarters of Seventh-day Adventists at Washington, D.C. A similar convention was held June 29 to July 2 for the eastern provinces at Oshawa, Ont.

left on Wednesday for Revelstoke.

Mr. and Mrs. Ralph Wallace of Pennant, Sask., have been visiting Mr. Wallace's cousin, Bruce Petch and Wm. Petch of this district.

Graham White of Vancouver is a visitor at the home of Mr. and Mrs. W. R. Craig. Rutland Locker Ltd., is now open for business and the lockers are being taken up rapidly. The new venture is a welcome one to housewives of the district.

NO HANDS, WRITES CHEQUES THAT BOUNCE

Armless 22 years, Los Angeles truck driver Carl C. Moody, 35, demonstrates how he writes cheques holding pen between his teeth. What makes this news is fact that work has been scarce and he wrote a bad one, to get groceries for his wife and 14-year-old daughter, he said. He's serving 30 days. Moody holds a non-restricted chauffeur's license, drives standard-type trucks.

WANT JOINT POST OFFICE AT SUMMERLAND

SUMMERLAND — Executive of the Summerland Board of Trade has called a special meeting of its membership to discuss a subject which is expected to arouse a great deal of discussion. General membership of the board will be asked to sanction a suggestion to the postal authorities that the name West Summerland be eliminated in favor of the two post offices being named just Summerland.

The board executive has gone on record as favoring this plan and members of the council also signified their intention of supporting it. Reeve Reid A. Johnston was not present when this council support was obtained.

In brief, the plan would ask the postal department to have all incoming mail delivered to one post office. From the coast, this would mean that the mail would be taken off the eastbound train at the present West Summerland station, delivered to the present West Summerland post office, where it would be sorted into groups.

By having the one sorting office for incoming mail, the name West Summerland could be eliminated and all mail coming here could be directed to Summerland, thus eliminating the confusion between the two post offices, Summerland and West Summerland, operating within one municipality.

With the mail being taken off the eastbound train at the West Summerland station, there would be no delay in mail delivery in the lower town, as it could be shuttled just as quickly, those who favor the scheme declare.

Now, the coast mail is delivered through to Penticton where it is

FIGHT STRIKE TO FINISH—ATLEE

R.A.F. crew have been called by the government to aid these troops unloading supplies from ships in London. Prime Minister Attlee has announced the government will fight the strike to a finish, in spite of the fact that it is spreading to other unions who refuse to touch shipments handled by the troops.

IMPORTANT MEETING

Kelowna and District

Liberal Association

TUTT'S TAILOR SHOP

FRIDAY, JULY 22 AT 8 P.M.

For the purpose of choosing delegates to attend the meeting of the Yale Liberal Association at Vernon—to be held July 25th.

Specially Written for The Courier By GEORGE FOSTER

OTTAWA—(CP)—Everybody in Ottawa was thinking about trade last week.

The plain, hard facts of dollars and cents stared the capital in the face everywhere it turned. And this was the situation:

Canada's trade is at record levels. But it's getting tougher all the time. And a big percentage of the Canadian people depend on foreign trade for their jobs.

Just as retail merchants all across the country find it harder to sell consumer goods now than they did two years ago, the Dominion is finding it harder to sell its products abroad.

Practically all of the produce that's available for export is being sold. But the sales problem, government trade experts say, isn't getting any easier.

It's basically a result of the trade dislocation started by the war that resulted in a king-sized currency problem. Canada extends big debts to the United Kingdom so she can sell her farm products to her traditional market—the U.K., but from practically every other country Canada wants cash—in United States dollars or gold.

And a shortage of U.S. dollars faces every country in the world. Here's what happened on the trade front during the week:

1. Sir Stafford Cripps, British chancellor of the exchequer, announced in London that Britain's growing shortage of gold and U.S. dollars forced her to slash imports from dollar areas—including Canada—by 25 per cent this year. The Anglo-Canadian food contracts—worth nearly \$400,000,000 to the Dominion this year—wouldn't be affected. But Canadian exports of base metals and wood products would.

2. Trade Minister Howe told a press conference Canada's foreign trade is booming. The only "disturbing" aspects in the unfavorable balance of trade with the U.S. Canada buys more there than she sells.

3. To meet the shortage of U.S. dollars, Canada will wage an extensive campaign to sell more to the U.S. and buy less.

4. The Dominion Bureau of Statistics reported 1948 broke all peacetime records for trade.

How? It indicated the government plans to bring some items—steel and later on, oil—under import controls and reimpose controls that were relaxed during the last 10 months. Controls originally were imposed in 1947 when the Dominion's shortage of gold and U.S. dollars sunk to less than \$500,000,000. Reserves now are less than \$1,000,000,000.

Canada has run up a deficit of more than \$600,000,000 on trade with the U.S. in the first five months of 1949.

Gloomy Crop Picture The capital looked, too, at a gloomy western crop picture. The Dominion Bureau of Statistics report on crop conditions showed that the western grain crop was only 72 per cent of normal at the end of June. Last year at the same time the wheat crop was rated as 95 per cent of normal.

Alberta and Saskatchewan were hardest hit and the poorer condition of the crop was blamed on widespread drought.

Rye was in worse shape than wheat. It was rated at 54 per cent of normal.

The bureau emphasized that its condition report didn't necessarily indicate the final yield. But crop reports all year long have not been optimistic about the chances of a big crop in many western areas.

Large sections of central Alberta and southwestern Saskatchewan expect wheat yields of 10 bushels to the acre or less.

Employment Up

If the crop picture was gloomy, the employment picture was good. The employment index of the statistics bureau stood on May 1 at 188.6—the highest ever recorded in Canadian history for that time of year. The index is based on 1926 employment equalling 100.

And wages were higher than ever. Last week wages for the week of May 1 in 20,204 leading firms averaged \$43.16 per person. They were \$39.70 in the same week last year.

Other reports coming from the bureau indicated Canada is a long way from a depression. Production on such basic commodities as iron and steel and hydro-electric power, for example, is running ahead of last year's production.

And in 1948 fishermen sold the biggest number of animals for the highest average prices on record.

Northern Manoeuvres Early next month the Canadian Army and R.C.A.F. will stage the Dominion's biggest peacetime land-air defence exercises.

More than 1,000 permanent and reserve force troops will be thrown into the manoeuvres in a test of northern defences.

It will also be the first test of the Princess Patricia's Canadian Light Infantry since it became an airborne battalion, the first of Canada's three regular force infantry battalions to complete paratroop and glider training to fit them for a place in the Dominion's proposed airborne brigade.

Six R.C.A.F. squadrons—fighters, bombers and transport planes—will participate.

Base for the exercise will be Grande Prairie, Alta., 250 air miles northwest of Edmonton. It will embrace a clash for air superiority between attacking and defending R.C.A.F. aircraft, an airborne assault on Fort St. John, B.C., a glider attack on the Peace River bridge—between Fort St. John and Dawson Creek, B.C.—and airborne capture of Dawson Creek.

The exercise will run for three days, starting Aug. 4.

Busy Legislators Canada's 21st parliament—elected June 27—is expected to meet for

the first time in September—probably starting Sept. 15. Indications are that it will be busy.

Lois of legislation work was left over last spring when parliament was dissolved for the election. And some legislation probably will arise from election promises made during the campaign by government leaders.

First of all there's the budget to pass. The budget was introduced and its tax cuts now are in force, but it still hasn't been approved by parliament. The Commons voted the government enough money to carry on until the fall.

Then there probably will be a bill to abolish appeals to the judicial committee of the Privy Council and make the Supreme Court of Canada the final tribunal. The Privy Council has ruled parliament has the authority.

WIN FOR SOX WILL SET NEW LEAGUE MARK

Murraymen Can Make it Eight Straight With Victory Over Omak Here Sunday

Can Kelowna Red Sox set a new record in league play this year by winning eight in a row?

This question will be settled Sunday when the Elks-sponsored Sox take their current seven-straight slugging into battle against the powerful Omak crew, now tied

with Kamloops Legion for third place, just one full game down from the second-place Sox.

Seven straight victories have been taken by two squads so far this year—Kamloops Legion and Kelowna Red Sox. Coach Dick Murray is confident his boys can set a new mark this Sunday at the

League Standings

Grand Coulee	10	3	769
KELOWNA	9	4	692
Kamloops	8	5	615
Omak	8	5	615
Oliver	7	6	538
Brewster	6	7	461
Tonasket	5	8	385
Penticton	5	8	385
Oroville	0	13	000

expense of the Washingtonians.

In their only other league meeting, Sox pulled out of Omak with a 4-1 triumph. That was July 10. Game time this Sunday is 2:30 p.m.

The Murraymen have a little chance of improving their position in the standings. They have pulled up from near the cellar to second place in the last two months, coming out in front nine times in their last 10 games.

But this Sunday, Grand Coulee, holding down the top slot by one full game over the locals, are ceded an excellent chance of downing the winless Oroville nine. Oroville has yet to taste victory in the 13 league tries this year. This game will be played at the dam.

In other league games this Sunday Penticton goes to Kamloops, Oliver travels to Tonasket and Brewster will take on Bridgeport.

TRY COURIER CLASSIFIED ADS.

TRAPMEN MEET

Dr. L. A. Day, Summerland, president of the Okanagan Valley Trap Shooting Association, has called a general meeting in Kel-

owna for July 28. Trophies for the yearly tournament will be among the topics for discussion. Operating a motor vehicle at night with only one headlight burning cost J. J. Popoff \$5 and costs in city police court July 13.

Summer Vacation

Teachers' Holiday Activities Are Varied, Recent Survey Discloses

Summer activities of school pupils are fairly common knowledge, but just what teachers do with their long-awaited vacations has always been somewhat of a mystery.

Actually on closer inspection, their summer occupations are more diverse than they are mysterious. A principal's life is not an easy one during the vacations and Jim Logie, head of the local high school is no exception.

Following the close of the school at the end of June, Mr. Logie undertook the position of secretary of the Regatta committee, working at top speed and high pressure on Regatta activities throughout the month of July. Following the water show on August 2 and 3, Mr. Logie and his family are taking a well-earned holiday at the coast.

On his return to this city, however, towards the end of August, he will plunge into the task of making out time-tables replacing supplies and wondering where he is going to put the expected registration of 450 high school students and 625 junior high school pupils. So far most of the teaching staff for next year is already lined up.

At present the majority of local teachers are studying at the summer school in Victoria, working for their degrees at the University of British Columbia summer session or simply holidaying.

Re-Issue Text Books
Added to his other problems is the necessity for an almost complete re-issue of text books. Under a new scheme introduced by the provincial government, text-books will be rented for the year at a cost of \$3.50 and \$4.00 per student for the junior and senior high schools respectively.

Students have been asked to donate all their books to get the project rolling. This plan was designed to take some of the financial burden of buying text books off the parents.

Another busy school principal is Fred Marriage, principal of the Kelowna Elementary Schools.

With the close of the school at the end of June, Mr. Marriage spent over a week sorting out departmental forms and finishing up term-end work. Since then he has been supervising the remodelling of his offices, dropping down to the school every few days to see how the work is coming along.

At the beginning of August, he intends taking a two week vacation with his family but on his return expects to be knee-deep in organizing the school year. He has 29 classes to organize and allot teachers to take care of 1,200 students. At present he has to wait until the school by-law has been passed before he can go ahead with the organizational work. In the meanwhile he is busy ordering supplies for the next term and lining up a teaching staff.

On the whole, a principal's and even a teacher's summer vacation is no bed of roses with swimming, sunbathing, and all the happy-go-lucky and carefree activities summer brings to the pupils not in their summer agenda.

COLLISION INSURANCE RATES UP

25 Per Cent Boost Goes Into Effect Immediately on New Business

Local insurance companies confirmed the fact that there will be a 25 percent increase in collision insurance, effective immediately on new business, and September 1 on renewals.

Board companies have already decided on the boost, while non-board companies are meeting in Vancouver Monday. A similar boost is indicated.

It was pointed out a dent fender on many new cars would necessitate replacing the whole side of the vehicle. Auto mechanics' wages are also up, and material costs generally higher.

Company figures show 42 percent increase in collision loss during 1948, and records show 50 percent of motorists carry collision insurance. Collision insurance is a separate clause in the all-embracing "five-point" coverage carried by many drivers. The premium is listed separately and the boost applies only to this premium.

Under B.C.'s safety responsibility or "pink slip" law, collision insurance is not compulsory. The compulsory coverage includes only public liability and property damage.

Insurance men term collision insurance as "exposure."

On other words, exposure to damage in a 1949 Ford at around \$2,500 would be greater than a 1939 car valued at \$200 and the driver of the new car would pay a higher premium.

POULTRY MEN SAID TO FAVOR MARKET SCHEME

Chicken Ranchers Now Voting on Plan Similar to B.C. Tree Fruits

Control of poultry products similar to Tree Fruits and vegetable marketing schemes now being voted on by poultry men in the Okanagan, Lower Mainland and Vancouver Island.

All who have 100 birds or more over six months of age are eligible to apply for an outline of the marketing plan. Ballots were mailed recently and must be returned to Fabian Hugh, of Cloverdale, returning officer, by noon July 27.

Everyone who received ballots also received an outline of the scheme as laid down after months of study and consultation by prominent poultrymen. For months controlled marketing has been a controversial question among poultry raisers themselves. Majority of Kelowna and district chicken ranchers are understood to be in favor of the marketing scheme.

Should the proposal receive sufficient endorsement the scheme will go to the Provincial Government for final authorization. Endorsement will be followed by appointment of a marketing board.

The petition touched off a brief debate, and Alderman Dick Parkinson commended the department for the good job it is doing under difficult circumstances. However, he said that some people had a legitimate "kick," and he suggested that as a last resort, a water guard should be used to lay the dust.

It was pointed out that during the recent warm spell of weather, the dust would be just as bad with-in two hours after a road had been dampened down.

Mayor W. B. Hughes-Games referred to the terrific expense the

"Where Cash Beats Credit"

city had been put to as a result of roads breaking up during the severe winter, and added that if they stand up between now and next spring, the road building program would be continued next year.

Alderman Jack Ladd thought speed of vehicles should be curtailed during the hot weather.

Alderman Keller said many of the roads which have been completely resurfaced this year, are now dust proof and they are standing up well.

WILL PROVIDE LIFE-GUARD IN NORTH END

A life-guard will be provided at Sutherland Park, in the north end of the city, and Lawrence Almas, proprietor of the Bay coffee shop has undertaken to collect money from nearby residents to help defray the expense.

When the matter came up at last Monday night's council meeting, it touched off a lively discussion as to the question of providing life-guards for all public swimming spots.

It was indicated provision may be made in next year's budget to pay life-guard salaries.

Alderman R. F. L. Keller, head of the Red Cross swimming and water safety program, outlined what steps the organization had taken in promoting water safety this year. Alderman Dick Parkinson said safety stakes had been put in at the four-foot water level at the picnic grounds, and Sutherland and Strathcona parks.

Mr. Parkinson expressed the opinion that children swimming in areas not patrolled, should be accompanied by adults.

"At the Aquatic club we have supervised swimming free of charge for all children under 14 years of age," Mr. Parkinson said.

C. KAMINSKI PASSES AWAY

Resident of Vernon for a quarter-century and of Kelowna for the past five years, Crist Kaminski died at his home, 1359 Bertram Street, of age. Funeral, in charge of Day's Funeral Service, will be announced later.

Native of Valeangran, Russia, Mr. Kaminski came to Canada in 1905 and to B.C. in 1919 where he settled in Vernon. Prior to that he

CIACCIA ISSUES WARNING OVER WATER RIGHTS

Paul Ciaccia advised City Council Monday night that he will not tolerate interference with water rights on Crowley Slough, in the north end of the city.

Part of Crowley Slough is located in the new industrial section, and for some time the city has been endeavoring to make some kind of a deal with Mr. Ciaccia, in order that the industrial area may be developed. Mr. Ciaccia has water rights on the slough.

Recently the parks department has been filling in some city-owned property at Recreation Park, and it is believed this action was the cause of Mr. Ciaccia's letter to council.

"There's nothing to stop the city filling in its own property," one of the aldermen commented.

CLUB 13 FACES ELIMINATION FROM PLAYOFFS

Porco's Club 13 will have their backs to the wall Sunday afternoon, as they fight to remain in the B.C. Amateur Softball Association playoffs.

The Clubmen have to win after dropping the first game of the best of three semi-final for the Okanagan-Central Interior zone championship at Penticton 74 last night.

The hometown Merchants capitalized on weak Club 13 fielding in the early stages to take a 7-1 lead into the ninth inning.

Second game in the series to decide a winner to meet Kamloops Centrals in the zone final will be at Athletic Oval at 2 p.m. Sunday.

A third game, either playoff or exhibition, is booked for 6:30 p.m. Sunday.

LOCAL RADIO STATION HEAD COMMENDED

Trade Board Expresses Opinion Regarding Independent Radio Stations

High commendation for community service and civic-mindedness of radio station CKOV and its manager J. W. B. Browne was given by the Kelowna Board of Trade executive at the Tuesday evening meeting.

This followed a request for an expression of opinion made by Dorwin Baird, CJOH Vancouver, one of a committee of three sound-ing out feeling for or against independent radio stations on behalf of the B.C. Association of Broadcasters.

Mr. Baird explained to the board executive that a royal commission will be set up to review radio.

The BCAB, in conjunction with its parent body, the Canadian Association of Broadcasters, was preparing its case in the fight against "rigid" control by the Canadian Broadcasting Corporation.

"It's a problem of free enterprise in radio against almost socialistic control now in effect," said Mr. Baird. He added that Canadian independent stations realized some control was needed but were in favor of a neutral board, fashioned after the Board of Transport Commissioners.

C. G. Beeston, executive member, said the main objection of Kelowna radio listeners was the "quality of reception" present through the valley. He deplored the fact that the majority of radio receivers could pick up only Kelowna and Vernon stations during the day-time.

Mr. Sheller reviewed the activities of the local organization during the past year, and also heard plans for the 1949 season.

Speaking at the Tuesday luncheon, Governor Sheller reported on the recent Rotary convention held in New York which was attended by 16,800 members, representing 64 countries. He also referred to the governors' assembly meeting held at Lake Placid attended by 187 delegates, who represented every country in the world.

In conclusion, Mr. Sheller outlined the objects of Rotary. These are based on development of acquaintance of an opportunity for service; high ethical standards in business and professions; the recognition of the worthiness of all useful occupations; the dignifying by each Rotarian of his occupation as an opportunity to serve society; the application of the ideal of service by every Rotarian to his personal business and community life; the advancement of international understanding, goodwill, and peace through a world fellowship of business and professional men united in the ideal of service.

CLEARING SKIES ARE PREDICTED

One of the heaviest rainfalls during any 24-hour period this year came Tuesday night when nearly a third of an inch fell in Kelowna. A fifth of an inch fell on Monday. Forecast is mostly clear, warmer and light winds.

" 16	76	52	
" 17	77	53	
" 18	70	54	.205
" 19	74	52	.320
" 20	66	48	.030

TIPPING THE BALANCE

A happy home life during childhood often tips the balance in favor of a mentally stable, well balanced adult life. Children need to be loved and wanted if they are to develop normal, happy mental attitudes. But a child need to be able to investigate, to discover for himself. Over-protection is a common cause of mental ill-adjustment.

"Master" Kreshna Venta, left, and Fran de Norde, a follower of Venta in his religious cult in the hills near Chatsworth, Calif., are shown as they helped to carry one of the victims of the airliner crash on the Santa Susana mountain.

TRIAL OF TWO YOUTHS MAY START FRIDAY

Vancouver Criminal Lawyer Here to Defend Senger and Harrington

Trial of two Vancouver youths—Edward E. Senger, 21, and William Harrington, 20—is expected to start before Acting Police Magistrate G. A. McKay in police court tomorrow on a charge of breaking and entering Summerland Groceries last August.

After a plea of not guilty, Senger and Harrington elected for speedy trial when they appeared before Magistrate McKay this morning.

FISHING IN VALLEY LAKES AND STREAMS

(This information is published weekly by The Kelowna Courier as an aid to anglers. It is prepared by Jim Treadgold from week-end reports.)

OKANAGAN LAKE—Fair. . . . Deep trolling with plugs and wobblers producing results. . . . JACK WILSON reports that some nice fish have been taken south of PEACHLAND. . . . M. J. McCUAIG

has been doing well in the BEAR CREEK area on a golf-tee spoon. . . . BRUCE GORDON reports having the hooks on his plug straightened out by a "big one".

BEAVER LAKE—Good. . . . Most reports this past week indicate that fishing is much improved here over the early part of the season. . . . JACK HITCH and party landed 12 on Sunday and said the small willow leaf trout was the best lure. . . . PAUL JENSEN landed nine on Saturday evening on a small silver plug. Paul said it was the best fishing he had seen here, as the fish averaged two pounds. . . . CHESTER DILLON reports that a lot of fish are being taken on a silver flatfish.

OVAMA LAKE—Reported off during the hot weather. . . . DAMER VERITY reported some nice fish taken a week ago on the fly. . . . DEE LAKE CHAIN—Fair. . . . Fishing has dropped off during the hot spell and thunder storms. . . . No large catches have been reported, though most fishermen are getting a few. . . . Some large fish coming out of DORENE LAKE.

MCCULLOCH LAKES—ISLAND and FISH lakes have been poor. . . . HAINES is fair. . . . DAVE HEWTER reports taking a three-pound trout out of Haines. . . . Also that he and FRED DAY got a nice catch in LYNX lake. . . . Lots of small fish in CARIBOU lake. . . . BEAR LAKE—Fair. . . . This lake has been on and off the past week. . . . Most fly fishermen report fair success.

CHANNON LAKE—Perch fishing good. . . . BELGO DAM—Good. . . . Fair catches have been reported from here on a spinner and worms combination. . . . WOODS LAKE—No reports this week but deep fishing for Kokanee should be fair. . . . POSTILL LAKE—Good. . . . Limited catches have been reported on the fly. . . . Fish are on the small side. . . . No reports from SOUTH lake. . . . A few large ones have been landed at TWIN lakes. . . . MISSION, MILL CREEKS—Lots of brook trout were taken on Sunday, with many parties up the creek on picnics. . . . A few black bear were reported seen in the JOE RICH area.

SHUSWAP—Poor. . . . LITTLE RIVER has been reported off, and fish are reported from the Shuswap chain this past week. . . . KETTLE RIVER — The writer fished the west fork on Sunday afternoon and found there are lots of brook trout here, all on the small size. . . . Dozens of fish hooked around six or seven inches, but few over the eight-inch limit. . . . It was reported that DAN HILL had "bear fever" on this trip. . . . Anyway the bear went over the hill after being showered with rocks kicked up by the impact of a 300 shell at 50 feet. Dan says he just wanted to scare the bear. . . . He did.

ARLINGTON LAKES—No reports. . . . GREYSTOKE LAKES—No reports. . . . Road reported fair by W. SMITH of the forestry department.

Bruins Hand Tigers Year's Worst Defeat Before Near Record Crowd

VERNON TIGERS 8; KELOWNA BRUINS 21

EVERYTHING Kelowna Bruins and their faithful supporters ever dreamed about doing to their bitter rivals, the Vernon Tigers—in a legal manner, that is—came true in Memorial Arena Tuesday night. And in the hopes of seeing the Bruins buff the Tigers again tonight, scores of local fans are making the trip to Vernon for another Interior Lacrosse League fixture in the Civic Arena.

The injury-riddled and short-handed but game Vernonites absorbed their worst beating of the 1949 season before 1,100 screaming fans Tuesday night at the couldn't-do-anything-wrong Bruins rode to a 21-8 victory and took over sole possession of first place in the standings. Kelowna could move two full games ahead of the second-place Tigers with a win at Vernon tonight.

Struggling along with only 11 players, and with youngsters plugging holes in the line-up left by Sarge and Rolfe Sammartino, Stan Mills, Bob Monahan and Dick McCluskey, the Tigers shot their bolt in the first quarter, outshooting Kelowna 11-9 but having to be happy with a 3-3 score at the end of the first 15 minutes. From then on Boonie Sammartino's clansmen were like lambs in the slaughter.

Terrific Trio—With the first stringers—Vernon Ardiel, Reg Martin and Ernie Biance—giving dazzling performances of speed, deception and deadly shooting, Bruins vaulted into a 10-5 lead at half-time.

Like Joe Louis readying for the kill, Bruins kept pouring it on and had the tiring Tigers staggering badly at the bell.

While Fred Ostrikoff's first string garnered 27 points in the rout, the reserves packed a lusty scoring wallop too. Harold Person and Don Fleming both notched three goals apiece, while John Sugars picked up a pair. Everyone in the Kelowna line-up shared in the landslide count but the two Weddells, Jackie and Phil.

Though only three minor penalties—two to the Bruins—were doled out, neither sextet pulled punches in their solid checking. But the heavier, fresher homesters had the edge over the lagging, inexperienced visitors in the body smashing.

Only Injury—Boonie Sammartino, who with Gordie Bush and Ben Douglas saw more than 40 minutes of action, had to retire near the end of the game when his head was cut by a "folly low through" in front of the Vernon cage. Bush and Sammartino accounted for most of Vernon's punch with three and two tallies respectively.

Tuesday night's crowd was about 200 short of the record set in the opening game here May 24, but had "bear fever" on this trip. . . . Anyway the bear went over the hill after being showered with rocks kicked up by the impact of a 300 shell at 50 feet. Dan says he just wanted to scare the bear. . . . He did.

ARLINGTON LAKES—No reports. . . . GREYSTOKE LAKES—No reports. . . . Road reported fair by W. SMITH of the forestry department.

What's Doing?

TONIGHT

Men's League Softball—Rutland Rovers vs. C.Y.O., Athletic Oval, 6:30.

Exhibition Baseball—California Mohawks vs. Kelowna Red Sox, Elks Stadium, 6:30.

Aquatic-KART Aquacade—Kelowna Aquatic Association pool, 7:30.

SATURDAY

Provincial Teen Town Track Meet—Athletic Oval.

Professional Wrestling—Memorial Arena, 8:30 p.m.

SUNDAY

International League Baseball—Omak vs. Kelowna, Elks Stadium, 2:30 p.m.

TEEN TOWNERS

HOLD BIG MEET.

HERE SATURDAY

Top track and field stars in Teen Towns all over B.C. are expected to converge here Saturday for the provincial Teen Town track and field championships. This is the first time a meet of this size has been attempted by Teen Towns.

Thirty-two events are expected to be run off during the afternoon on a point basis. Teen Town winning the most points will be awarded a cup donated for annual competition.

Local Teen Towners will be hosts at a social celebration Saturday night, billet the performers here Friday and Saturday nights and take care of the track details.

Two bus loads—comprising about 60 persons altogether—are looked for from the coast, including runners and jumpers from Vancouver Island and the Lower Mainland.

MOHAWKS BACK

AGAIN TONIGHT

Barnstorming ballmen from cologne in California make a return appearance here tonight when the Mohawks test the much-improved Kelowna Red Sox at Elks Stadium, starting at 6:30. In their early June showing here, Mohawks had to come from behind at the last minute to earn a smart 7-5 victory.

KART WHEELS

By ANONYMOUS SPOKE

(NOTE—This is the second of two monthly columns to be carried by The Kelowna Courier. It is intended to keep the hundreds of sportsmen and sportswomen in Kelowna and district conversant with KART's activities and give them an insight into the work being done by the Kelowna Athletic Round Table.

WORTH WORKING FOR

It's been a hectic time since the first KART WHEELS appeared in print. But it's been worth it. Hard work's okay when you have something to show for it.

Most of you know by now that FRED TURNER couldn't quite make the grade in his stab at the British Empire Games trials at Vancouver early this month. But he's not disheartened; neither are his sponsors (KART). That boy's going places yet. He's the Okanagan's crack miller now and if he doesn't pace the B.C. runners by this year, it won't be his fault, or that of his coach, JOHNNY GOWANS, either.

KART's weekly track meets in The City Park are achieving their purpose. They're providing active competition for our athletes—both boys and girls—and helping to make our good people more conscious of the potentialities among our runners and jumpers. How about dropping around to the one next Wednesday evening?

Our joint efforts with the Aquatic League proved popular on Tuesday evenings. There again the aquacade is providing the kind of competition that makes swimmers, rowers, paddlers, divers and stunters better. We predict a better show by Kelowna aquatic stars in this year's Regatta than in the last 10 years.

ROWERS PAY UP

Remember KART's float in last year's Regatta parade? Well . . . that'll be just an "also ran" compared to the dilly we've rigged up this year. DAVE HAYWARD, in charge of the committee, even will see that there are two in the parade, if he can get more help from the membership.

Two schemes to keep sports-minded citizens and visitors posted

on the goings-on in Kelowna are now in operation. Chairman JIM PANTON keeps a bulletin board on Pendero Street up to date and the new sports calendars have been distributed to hotels and auto camps.

Week-end action on KART's two volleyball courts near the Aquatic saw the KELOWNA ROWING CLUB humbled again by a round table pick-up team, sparked by Pantan and the CAPOZZI brothers—Herb and Joe. In a huddle later, the victors agreed the rowers could become a gold mine if they continued to put up a buck for every game they play.

SPOKES IN THE WHEEL

FLASH—KART'S ANNUAL DRIVE FOR FUNDS PROGRESSING FAVORABLY, SAYS PANTON. Yes friends, according to our active, zealous chairman, our appeal is not falling on deaf ears. But it would help a lot if those intending to donate would do so when the canvasser first calls. With all canvassing voluntary and only a limited time at the disposal of the workers, it is impossible to keep calling back.

From now until Regatta time, we hope everyone will join the "One Thousand Club." The fee to become a booster is only nominal and the proceeds might help YOUR boy or girl to bring athletic renown to you and your city.

Let the following take a bow for the work they've done so far in our drive: our chairman, Jim Pantan, our vivacious secretary and member of the Stagers, MABEL HALL, and directors ERIC WALDRON, ARTHUR LLOYD-JONES, HAROLD CAPOZZI, BILL TREADGOLD, FRANCIS (NICK) NICKLIN and Dave Hayward.

A paring note for tennis players who use the public courts in the park. Leave your names with Jim Pantan at the Recreation Office, 236 Bernard, and if sufficient show interest, KART will organize a tournament. Donations to KART can also be left at that address, or mailed.

Yours for "Cooperation in Recreation,"

AOS

TRUITT WINDS UP SEASON AT 405

RUPLAND — Maurice, Truitt wound up the Interior Baseball League season with an enviable 405, to top the Rutland Adanacs, ousted from the playoffs last Sunday by the Summerland Merchants.

Other batting leaders for the Adanacs were: Egan Rausser 375; Tony Brummet 367; Aubrey Wanless 313; Glen Auch 308 and Roy Mallach 300.

ACES GO TO VERNON

Kelowna Junior Aces, last year's open junior girls provincial softball champions, on Sunday will go to Vernon to meet the Vernon Teen Town girls in the first game for the Okanagan Teen Town girls championship.

Are you constipated due to lack of bulk in the diet? You may get grand relief by eating an ounce of tasty ALL-BRAN, drinking plenty of water daily. If not helped after using one box, send empty carton to Kellogg's, London, Ont. Double your money back!

WENATCHEE TURNS TENNIS BODY TABLES ON LOCAL SOFTBALL SQUADS

Wills and Wade, last year's senior B men's softball champions of Washington State, Sunday returned the honors by playing hosts at Wenatchee to Rutland Rovers and Porco's Club 13.

Though they treated the Canadian softballers royally off the field, they were not so hospitable on the diamond, blanking the Rovers 3-0 and taking the Thirteneers into camp in a doubleheader 10-1 and 10-2. The second game was played under lights.

When Wenatchee played here on July 4, 1948, they earned a 2-2 tie and Club 13 downed the Washingtonians 4-3.

The Great Pyramid of Giza covers 13 acres and is 450 feet high.

TENNIS BODY SENDING NET INSTRUCTOR

In line with the Canadian and B.C. Lawn Tennis Association's aim to foster junior players in the hopes that soon Canada can have top notch competition in Davis Cup play, the B.C. body is sending a Vancouver instructor on a tour of the Okanagan.

Oscar Roels will spend all this week giving instruction at Vernon, Okanagan Centre, Kelowna and East Kelowna. He is the pro at the B.C. Electric Tennis club.

The Vancouver pro will be at East Kelowna on Friday and will start instructions at the Kelowna Lawn Tennis Club late Saturday. Roels will give free instruction to junior members—boys and girls—of the local tennis club until Tuesday when he leaves for Summerland.

During their stay at the B.C. junior titles in Vancouver last week, the four Kelowna junior players reported they received valuable tips from Jimmy Bardsley, one of the province's top-seeded players. (Story on junior championship play appears elsewhere in this issue.)

KAMLOOPS WINS

RUTLAND—Rutland Junior Cubs lost an interesting game here Sunday to the visiting Kamloops CYO Juniors by a score of 4-4. The Kamloops nine is on top of the interior junior league and Rutland Junior Cubs are runners-up.

The interest being shown by the local youngsters in baseball is an encouraging sign. Several junior teams have been in operation this year, while in previous years the youngsters played softball only.

SPORTS SPHERE

SUMMERLANDERS CHASE ADANACS FROM PLAYOFFS

RUTLAND—Rutland Adanacs lost a hard-fought game at Summerland 9-7 on Sunday when these two teams battled to break a tie for second place, and the right to meet Princeton in the finals.

Rutland started off with a bang when Bullock poled a long hit out to left field for a home run on the first pitch, and two more runs came in before the first half of the initial inning was over. Summerland came back in the second with another homer, a long distance clout to center field by Taylor.

The same batter got Summerland's second run with another homer in the fourth. The next batter, Thompson, drove a liner straight at pitcher Johnny Lingor, hitting him on the temple and knocking him out temporarily.

Brummett shined at baseball, softball, soccer, basketball—to name a few—also has a fair for writing. He was on the staff of the Rutland High School paper and contributed regular articles to The Kelowna Courier on Rutland school activities.

Brummett was signed up to go to California next spring to training camp, all expenses paid. He was promised a contract to play in the Browns' baseball school at Kamloops.

Brummett shined at baseball, softball, soccer, basketball—to name a few—also has a fair for writing. He was on the staff of the Rutland High School paper and contributed regular articles to The Kelowna Courier on Rutland school activities.

Brummet Catches on With Browns, To Go South For Spring Training

RUTLAND—Tony Brummet, big 18-year-old Rutland athlete and catcher for the Rutland Adanacs, made good at the recent St. Louis Browns' baseball school at Kamloops.

Brummett was signed up to go to California next spring to training camp, all expenses paid. He was promised a contract to play in the Browns' baseball school at Kamloops.

Brummett shined at baseball, softball, soccer, basketball—to name a few—also has a fair for writing. He was on the staff of the Rutland High School paper and contributed regular articles to The Kelowna Courier on Rutland school activities.

REXALLS OUST REK RAINBOWS, MEET ALL-STARS

Penticton Rexalls won the right to meet Vernon All-Stars in the finals for the Okanagan-Central Interior zone senior B women's championship by defeating Rutland-East Kelowna Rainbows 4-3 at Penticton Sunday.

Rexalls took the semi-final series in two straight, having beaten Rainbows here last Wednesday 12-2.

Late last week, Vernon All-Stars clinched a berth in the women's final by downing Armstrong 9-1 and 12-0. First game of the Vernon-Penticton final will be played in Penticton next Sunday, with the second game slated for Vernon the following Sunday.

Should a third game be necessary in the best of three series, it will be played in Kelowna, according to Dud Fraser, president of the Okanagan-Central Interior zone of the B.C. Amateur Softball Association.

Centrals In the senior B men's playoffs, Kamloops Centrals reached the final by trimming Vernon All-Stars 13-8 Sunday to take the series in two straight. Centrals now will meet the winner of the Porco's Club 13-Penticton Merchants series for the zone final.

First game in the two-out-of-three south semi-final between

TAKE A TIP FROM Experienced BUILDERS

Choose MOISTURE-PROOFED WINDOWS AND DOORS

Because the experienced builder knows these are the finer points of house building—the points where appearance, ease of operation and durability are absolutely essential. And he chooses MP Brand windows and doors because they fill ALL THREE requirements.

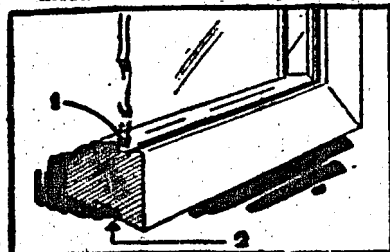

MP Brand windows and doors are designed to lend a pleasing personality to your home and the maximum of practical durability. Each MP window is scientifically MOISTURE PROOFED, making it shrink, warp, rot, stain and weather-proof, as well as easy to open!

The MP stamp on every door, window and frame is your assurance of the finest quality available in both workmanship and material.

If you are planning to build or remodel, take this friendly tip—see your local MP dealer today!

Two-square precision built MP frames mean that windows fit perfectly.

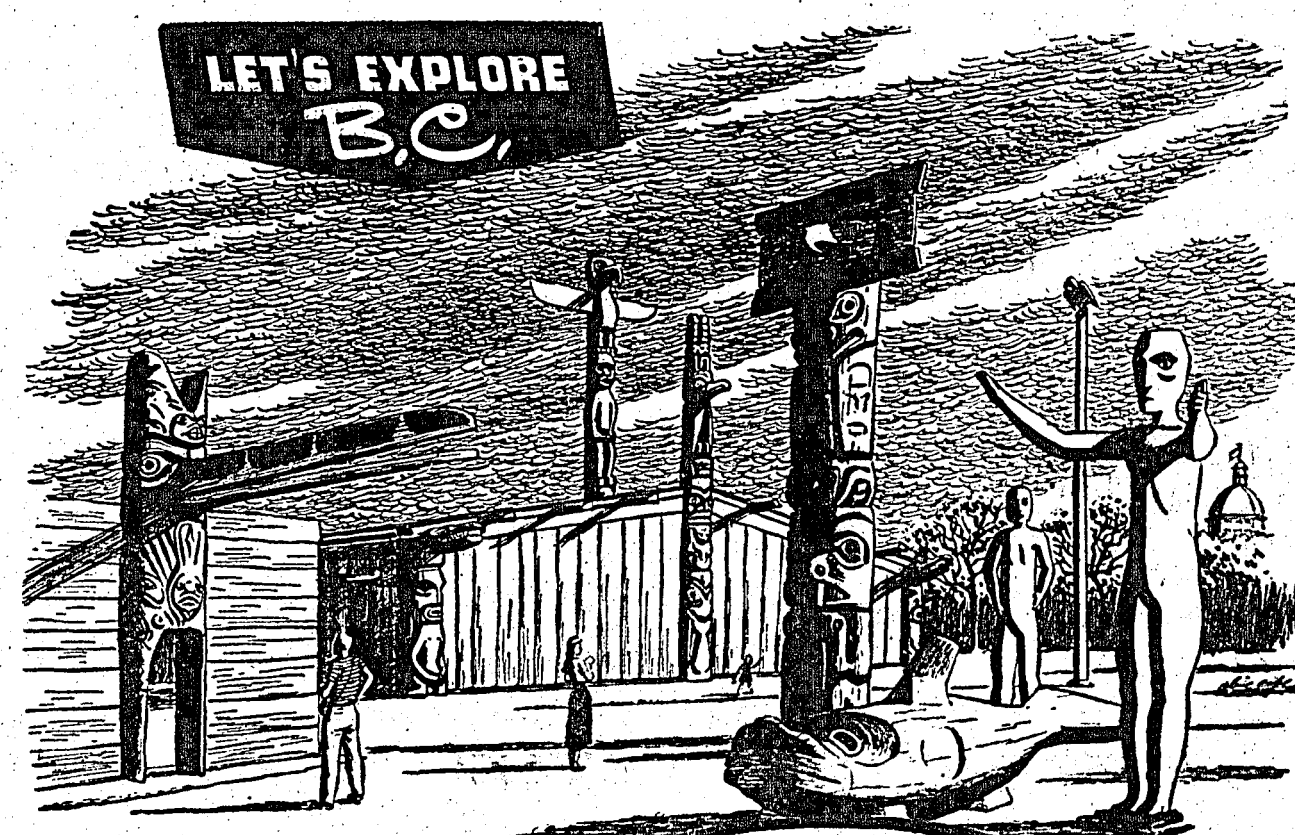

1. Putty lock—helps putty firmly in place indefinitely.
2. Weather check prevents water creeping under window sill to inside wall.

BEFORE THE FATAL CRASH

Members of the party of 14 U.S. journalists aboard the Royal Dutch Constellation which crashed near Bombay, India, killing all 44 persons aboard, are shown during stops on the trip. At top, in Bangkok, Indonesia, they interview President Soekarno. Shown (left to right) are Soekarno, George Moorad, S. Burton Heath, John Wexley and H. R. Knickerbocker. At bottom, in Jogjakarta (left to right) are Charles Gratke, the Sultan, John Wexley, George Moorad, Nat Barrows.

75,000-mile tires? A forecast that tires will be developed in the near future that will last the average motorist eight years or 75,000 miles was made at the annual meeting of the American Chemical Association.

Single Cylinder Car. Preparations have been completed by a California company for placing in production a single cylinder engine automobile. It is designed as an auxiliary to the standard passenger car. Named the Imp, the new car is designed to tap the teen-age market. It has a 63-inch wheel-base, weighs 475 pounds and a maximum speed of 35 miles per hour.

Eleven states have enacted bills this year to prevent distribution of anti-freeze products harmful to automobile cooling systems.

N.H.A. DESIGN-OF-THE-MONTH

The appearance of this four-bedroom house strikes a pleasing and unconventional note in new Canadian house design. Suitable for construction anywhere in Canada, it offers the advantages of both a bungalow and two-story dwelling with the added feature of a large roof deck. There is a partial basement.

Entrance, across the four-foot front porch, is through a vestibule which gives direct access to the large living-dining room. A large corner window is an attraction of the living-dining room and allows plenty of wall space for tasteful furniture arrangement. The U-shaped design of the kitchen enhances its efficiency. A window over the sink and another window on the side wall provides cross-ventilation.

Two of the four bedrooms are located on the ground floor and are arranged to achieve a maximum amount of privacy. All bedrooms have good closet space and large window areas. The bathroom is situated on the first floor.

The area of the house for estimating purposes is 1,279 square feet. Outside dimensions are 32 feet by 28 feet. While the construction drawings indicate brick finish for the ground floor exterior walls and vertical siding on the upper part, the Ottawa owner of the house illustrated has substituted horizontal siding on the second storey.

Complete working drawings for the house, known as Plan 49-65, are available from Central Mortgage and Housing Corporation at minimum cost.

Premier Byron Johnson issued a statement explaining why the provincial government has taken no action on the proposals of Willis T. Batcheller, Seattle engineer, advocating the incorporation of the provincially-owned railway into a scheme to construct a rail link to Alaska.

The premier said: "There is nothing new of any account in the proposals made by Mr. Batcheller before the Vancouver meeting of businessmen."

"I would refer the public to the statement I made to the legislature on February 11 of this year. I had seen Mr. Batcheller and had his credentials examined as well as his claims to financial backing. The statement I made to the legislature during the course of my policy speech deals in full with this matter. I secured permission from a high-ranking official of an eastern bank with whom Mr. Batcheller stated he had an undertaking to provide the finances for his proposed scheme, to quote part of a confidential letter to me so that the public could be fully apprised of the situation and the reason why the government refused to consider any of Mr. Batcheller's proposals," the premier continued.

"Since then I have received a number of communications from Mr. Batcheller which are still of a vague and nebulous character and all of which involve the alienation of the people's resources. I have yet to receive in writing a bona fide offer based on sound business practices and devoid of promotional characteristics," the premier asserted.

"I wish at this time to assure the public at large that the government of this province is endeavouring to protect its interests to the full. The government is proceeding with the development of the Pacific Great Eastern Railway on sound business lines as outlined in the government's manifesto placed before the people in the last general election."

"I may say that the development does not involve the alienation of our natural resources. I wish to repeat now what I stated to the legislature so that the memories of the people may be refreshed in connection with Mr. Batcheller's activities. I said on February 11: 'I want to say now, so that there will be no misunderstanding that the government of this province does not intend that its resources shall be squandered away in providing promotional background for any railway deal.'"

B.C. Power Commission
Premier Byron I. Johnson announced the release of the British Columbia Power Commission annual report and showed that during the fiscal year ended on March 31 they sold nearly 131 million kilowatt hours of electrical energy to 31,619 consumers for \$2,550,000.

There was a marked increase in the commission's business for the previous fiscal year and although the average charge to consumers dropped from 4.5 to 4 cents a kilowatt hour, the government power authority showed a surplus after payment of all charges of \$37,000.

Surveys have been completed at Clowhorn Falls at the head of Salmon Arm. Sechelt Inlet, which discloses that these falls are capable of producing nearly 12,000 horsepower for the Sechelt Peninsula.

At the Watson Lake project the 12,500 foot tunnel, which was one-third completed at March 31st, work has been speeded up this summer. Excavation for the powerhouse was 90% complete at the end of the fiscal year and 1.5 mile road to the tunnel intake has been completed.

On the John Hart project at Campbell River work on the Ladore Falls storage dam was being expedited after a severe winter forced a shutdown and it is expected the diversion tunnel will be

closed this summer.

The report discloses the commission received more than \$25,000,000 in advances from the provincial government and has paid into the government sinking fund \$507,395 and in addition, has accumulated reserves and surplus funds totalling \$1,785,000.

During the year, the 63,000 volt line between Kamloops and Vernon was nearly completed and clearing operations were started on the right-of-way for the 138,000 volt line between the Whistler Development and Vernon.

The number of power districts in the province was increased by one to nineteen, seven additional generating units were put into operation, bringing the total to 58 and the mileage of primary distribution circuits was increased from 1,131 to 1,389.

At March 31st, thirteen of the nineteen power districts, covering 10,000 consumers, were enjoying promotional rates which vary from seven to twelve cents per kilowatt hour for the first twenty, and from two to two and one-half cents for the next 60 kilowatt hours but are fixed at eight-tenths of a cent per kilowatt hour for all additional consumption each month.

B.C. Apple Crop
According to a statement issued by Hon. Frank Putnam, minister of agriculture, British Columbia's apple crop this year will be higher than last year.

In 1948 British Columbia orchards produced 7,272,192 boxes of apples whereas this year's harvest is expected to exceed that figure by some 300,000 boxes.

Increase in Imports
Figures released by Hon. L. H. Eyres, minister of trade and industry, disclose that there was an increase in imports through British Columbia customs ports for the period January 1 to April 30, 1949. Imports for this period were valued at \$69,917,092 as compared with \$63,367,135 for the same period in 1948.

Increase in Old-Age Pensions
Hon. George S. Pearson, minister

SPECIAL CARE MUST BE TAKEN FREEZING FOOD

Garden-Fresh Fruits and Vegetables in Mid-Winter Possible Through Freezing

Freezing fruits and vegetables is becoming an increasingly popular method of preserving. It is labour-saving, and foods preserved in this way retain much of their original colour and flavour and their original food value.

Some vegetables freeze better than others. Asparagus, beans peas, spinach and whole kernel corn are particularly good. The vegetables usually eaten raw; celery, tomatoes, lettuce and cucumber should not be frozen. Root vegetables are easily stored and should not take up valuable locker space.

Among fruits, berries, sour cherries and rhubarb freeze well. Peaches require special treatment to prevent discoloration. Pears are not satisfactory when frozen.

Like everything else, there are a few "tricks of the trade" in freezing, and these are explained fully in the revised printing of "Freezing Fruits and Vegetables", a publication prepared by the Consumer Section of the Dominion Department of Agriculture. It may be obtained from the Dominion Department of Agriculture, Ottawa. Ask for publication No. 773.

For those who are eligible the retroactive payment of the boost for the months of May and June will be issued a special cheque of \$20 during August.

HOW TO CASH WAR SAVINGS CERTIFICATES

B OF M CAN SAVE YOU TIME AND TROUBLE

Cashing War Savings Certificates yourself involves sorting your Certificates every month, endorsing and posting each one to Ottawa when it matures, and then cashing or depositing the cheque for it. Why not cash them the easy way?

You can skip this monthly bother by simply bringing all your Certificates to the Bank of Montreal. As each one falls due, the B of M will cash and credit it to your account. Cost of the service is trifling. Many people find this B of M service helpful in saving toward better things, points out Walter Hotson, manager at Kelowna. They're less inclined to spend the money, because it goes straight into their savings accounts without passing through their hands first.

Put your Certificates into B of M safekeeping tomorrow, and arrange for their credit upon maturity to an account in your name. You'll be cutting out a chore and at the same time looking after funds that will speed the day when you can buy those things you want most.

GETS NO VETO FROM GARDEN

Where do diplomats go in between arguments? U.S. Secretary of State Dean Acheson works in his garden, cares for his prize work horses, putters with all sorts of machinery. He's an expert with this cultivator on his Maryland farm as he is with affairs of state.

Penticton Hopes To Get Star For Peach Festival

PENTICTON — All roads will lead to Penticton August 17, 19, and 20, when it is anticipated that a record crowd of visitors will flock to this city to take part in the celebrations planned for the second annual Penticton and District Peach Festival.

Long months of preparation have gone into the development of this year's program, with consideration being given to every detail which would ensure the success of the festival.

Festival manager Neil McKerracher reports that details covering the trip of the Penticton Peach Special to Vancouver on the weekend of July 29, have been completed and that tickets for this event are already moving.

The train will leave Penticton Friday night of July 29, and the return trip will leave Vancouver Sunday to arrive back here shortly after 8 p.m., Sunday night.

Highlight of the Vancouver trip will be a special parade of the Penticton visitors into the Capilano stadium, Sixth and Granville, at 7 p.m., preceding the baseball game between the Vancouver Capilano and the Salem Senators, and topping the gala week-end will be the appearance of the three candidates of the office of Peach Festival Queen, at the stadium.

Negotiations are still underway to secure the services of a prominent Hollywood star to appear at the festival. A number of leading figures of the radio and theatre world have been contacted, but no final decision has been reached.

Last year's star was Miss Alexis Smith, a native of Penticton, who reached the stellar heights in the movie world of Hollywood.

In addition to the appearance of the Hollywood personality, a stellar line-up of internationally known artists will add color and zest to the program.

Special morning attraction on the last three days of the festival will be the famous Salina Hill Drive-in show each morning from 10:30 a.m. until 12:30 p.m. Their act will include head-on collisions at 40 miles an hour, together with other spine chilling events.

Another star who will provide a multitude of thrills will be "Rob-ero," young aerialist from Richmond, Cal., who performs his thrilling acrobatic feats on a high, slender steel pole 80 feet above the ground.

He uses only one set of guy wires set at 40 feet above the ground, which causes the pole to sway dangerously while Romero is performing at its top. He uses no safety net throughout his entire act and provides a thrilling climax when he plummets head-first from the top of the pole to the bottom.

Another star who will return for a repeat performance is the hilarious rodeo clown Slim Pickens, accompanied by his mule Jenny.

Trick riders and fancy rope artists Pauline and Dick Pickard, who are considered among the greatest performers in the field, have also been signed to contracts.

Another leading attraction at the rodeo will be the horse "Snake," one of the Joe Kelsey string of bucking horses. Snake has never been successfully ridden in two years of competition throughout Canada and the United States.

Large Sign
 The Three D's, a trio of feminine horizontal bar experts, who have established an enviable record for their skillful performances on the bars, are among the top-flight group of artists whose services have been obtained for the festival.

PROBE WATER SHORTAGE AT PENTICTON

Penticton Orchardists Worried Over Shortage Caused by Spell

PENTICTON — Concern over a shortage of water is growing among Penticton orchardists.

The continued dry weather, and the fact that floor water is already nearly used up, with demands upon storage water likely to be made much earlier than usual, have brought requests from the North Bench Ratepayers' Association that steps be taken to remove the danger of drought.

They ask the immediate imposition of sprinkler regulations for the downtown area and the raising of this fall of the core of the Mac-Cleave dam to provide the additional 300 acre feet of storage.

Presenting their views to council was A. G. Pearson, new association president, and former city engineer.

Mr. Pearson stated that D. K. Penfold, of the Water Rights Branch, would give his approval to raising the dam and that little preliminary work would be required. Council was most sympathetic with the growers' position and readily agreed to do all it could.

"No further engineering is required to raise that dam," commented Mayor Robert Lyon. "We had intended to do the job last year, but the weather was against us. There was still water in the dams at the end of the season."

There was not a dissenting voice among the aldermen that something should be done this year, but as Alderman J. W. Johnson put it, "We might have to scratch some to find the money this year."

It was finally agreed that the city will communicate with Mr. Penfold to clear the way for action this year if the funds can be found from some other civic department.

The fact that there has been so little rain added somewhat to the problem created during the past month by the breakage of a section of concrete pipe on the Stocks-Shaw irrigation line.

HE'S LIFE SIZE IF YOU BELIEVE THE TALL STORIES

—Central Press Canadian
 Paul Bunyan, legendary north woods hero and spinner of tall tales, is one of the exhibits at a Chicago fair, Carol Ann Macy, four, of Chicago, looks up in awe at this two-story height. He is world's largest animated man, with a head 11 feet in circumference—or almost as big as anybody's "morning after."

ST. JOHN'S, Nfld.—(CP)—For the first time Newfoundland Boy Scouts will be represented at the National Scout Jamboree in Ottawa from July 10-24.

I SUFFERED AGONIZING
NEURITIS
 until I discovered wonderful, fast acting VAND Neuritis Capsules. Excellent too for pain relief of Sciatica, Neuralgia, Lumbago and Rheumatism. At all drug stores.

Sunshine is wonderful for babies and nothing looks better than a youngster with a good, healthy tan. But an infant's delicate skin requires special care in sunbathing. It is dangerous and painful sunburn is to be avoided. Check up with your family doctor about your baby's sunbaths. Make sure your child's eyes are protected from the direct light of the sun. He may be unable to move out of the glare by himself.

GUARD THOSE TEETH

The baby's teeth need special care if he is to grow up with a well shaped mouth and straight, even permanent teeth. The teeth should be carefully brushed immediately after every meal and the child should visit a dentist at least twice a year. In some cases the dentist may consider it wise to make a topical application of fluoride solution to protect the teeth.

Hither and Yon

In honor of her eighth birthday Judith Nicholson, young daughter of Mr. and Mrs. W. Nicholson, entertained ten little friends last Saturday afternoon at the home of her parents.

Mrs. Alex Smith left last week for Vancouver where she will visit her son-in-law and daughter, Mr. and Mrs. Harold Menzies, (the former Irene Smith) who recently were proud parents of a baby daughter born June 28.

Mrs. J. L. Wilson returned on Friday last from a month's holiday in Alberta. She was accompanied by her son-in-law and daughter, Mr. and Mrs. Roy Trusler, who will visit a son in Lumbly before returning home.

Miss Mary Carter is the guest of her sister, Mrs. Hope Marshall, Pendol street, for the summer.

Mrs. Albert Beyer entertained several friends at the tea hour a week ago Wednesday afternoon, July 6, at her lakeshore home. Presiding at the urns was Mrs. Allan Beyer. While servitors included Miss Helen Burkholder and Miss Muriel Beyer.

Formal engagement is announced of Margaret Lillian, youngest daughter of Mrs. Mary Gordon, 418 Filling street, Victoria, and the late Mr. Andrew Gordon, to the Rev. Alexander Orr, M.A., of Victoria, son of Mr. and Mrs. J. Orr, of Toronto. The wedding will take place on Saturday evening, August 8, at 7:30 o'clock in St. Paul's Presbyterian Church, Victoria.

Travelling thousands of miles from the Atlantic seaboard, Mr. and Mrs. Harry Burns, of Lake Luzerne, New York, were week-end visitors in this city, guests of Mr. and Mrs. W. R. Goudie, Royal avenue.

Mr. and Mrs. Doug Hubbard and two children have arrived in Kelowna this week to spend their summer vacation with the former's parents, Mr. and Mrs. Charles Hubbard.

Miss Lorraine Goodfellow of Calgary arrived last Friday in this city to holiday with her uncle and aunt, Mr. and Mrs. G. T. Derry at the Red Top Tourist Camp.

Well-known Vancouver amateur violinist, Mr. VETAZ, Mr. John Sweeton, is spending a short holiday at Ellis Lodge recuperating after a long illness.

Dr. A. S. Fumerton, of Lethbridge, arrived last Monday for a visit in this city at the home of his parents, Mr. and Mrs. J. Fumerton.

SHOWER HONORS BRIDE-ELECT OF THIS WEEK

Honoring bride-elect of this week, Miss Mavis Snowsall, a miscellaneous shower was recently held at the Bay Avenue home of Mrs. Robert Sutherland.

A corsage of pink and white snapdragons and pink roses was presented to the bride-elect, while red snapdragons and blue cornflowers formed the corsage given to the brides' mother. Numerous gifts were showered on the bride from a pale mauve and pastel decorated waiting can.

Friends of the bride-elect present at the shower included Mrs. H. Snowsall, mother of the bride, Mrs. Ed Kynnersley, of Vancouver; Mrs. Frank Snowsall, Mrs. William Marshall, Mrs. Lloyd Robertson, Mrs. V. C. C. Mrs. Florence Franks, Mrs. Ed Hunt, Miss Maureen Marshall, Miss Anna Marty, Miss Beulah Sordy, Miss Audrey

Delicate Summer Sweet Peas Form Backdrop for Wedding

Delicate summer sweet peas in fragile pastels formed an exquisite backdrop to the wedding of Frances, daughter of Mr. and Mrs. Joseph Smith, to Henri Francis, son of Mr. and Mrs. Henri B. de Montreuil, of Okanagan Mission, Wednesday morning, July 13, at 10 o'clock in the Church of Immaculate Conception, the Very Rev. W. B. McKenzie officiating.

Radiant in traditional white satin, the bride was given away by her father. Her gown of creamy satin featured a net yolk with off the shoulder pleating highlighting the fitted bodice. Her full skirt draped to the sides with insertions of delicate lace falling in soft folds to the floor, from a pointed waistline. Her floor-length embroidered veil was fastened by a wreath of orange blossoms. Yellow roses and blue bachelor buttons formed the colonial bouquet. Gifts of the groom, the bride wore a strand of pearls and a gold wrist watch as her only ornaments.

Supporting the groom as best man was his brother, Mr. John de Montreuil, while Mr. Albert Daniel and Mr. John Greig ushered. Miss Mary Mercer soloed during the ceremony.

Following the lovely mid-morning ceremony a banquet was held at the Royal Anne Hotel for more intimate friends and members of the families. After the banquet, Mr. and Mrs. de Montreuil, parents of the groom held open house for approximately fifty guests.

Mothers of the two principals received the guests, with Mrs. de Montreuil gowned in soft pink eyelet jersey with a matching corsage of carnations. Mrs. Smith chose yellow eyelet with a carnation corsage highlighting her gown.

Rev. W. B. McKenzie proposed the toast to the bride. A massive wedding cake flanked by bouquets of sweet peas centred the bride's table.

For travelling the bride chose a

'Round the Town

By JOAN GRIMMETT

Provincial Teen Town track meet will be held at the Kelowna City Park this coming Saturday with visiting stars from the five teen town associations in the province arriving by bus to take part in the day's events.

Following the track meet in the afternoon, members of the Kelowna Teen Town organization will play hosts to the visitors, entertaining them at a cold-supper banquet followed by a Saturday evening dance in their honor at the Teen Town Hall.

So far word has been received from only two of the provincial Teen Town associations stating they will be present at the meet, Vancouver Association is definitely sending the top track stars up by bus to compete in the events, while members of the Okanagan association will also be present.

Teen Town officials here are confident that representatives from the Kootenay and Fraser Valley Associations will come and feel the delay in reply is probably due to making arrangements to have the stars arrive in time for the contest. However, they are doubtful as to what the Vancouver Island association plans to do about the provincial track meet.

At present local teen towners are scurrying around trying to find sufficient billets for the visiting teenage boys and girls who will come to represent their associations. Elimination heats have already been run off in the various districts to determine who should represent their association at the meet.

Last Saturday evening, the extremely active Teen Town in this city held a beauty contest at their club house in the rear of the weekly Saturday evening dance to determine "Teen Town's representative" in the Lady-of-The-Lake contest at the 43rd annual Regatta.

Emile Gutfreund won out over her five opponents to win the privilege of being a contestant in the colorful Lady-of-The-Lake pageant.

Members of the Kelowna Teen Town are also busy getting the Teen Town headquarters in ship condition in time for the provincial track meet. Artistic members have been wielding paint brushes to make the lounge sport and span in soft grey and cream shades.

Now that the paint has pretty well dried, they are attempting to straighten out the main dance hall.

Unfortunately, members have not as much time at their disposal as necessary to keep up the grounds around their headquarters. In many have to help in orchards and farms or in the gardens at home during the warm growing season.

Teen Towners hope to do something about the exterior of their club house in the near future. Plans are now underway to paint the exterior of the building a smart silver grey with spanking bright green trim.

At present, however, members are still somewhat perplexed as to what to do about the weed situation around the club house. Lank grass and ragged weeds overrun what once must have been rather a pretty garden, but with the necessity of help at home outweighing this more secondary matter, members cannot do the job themselves.

A Colorado university special degree, P.H.T., is now given to wives of graduating veterans. (The letters mean "Putting Husbands Through.")

Maguire and Mrs. Robert Sutherland.

agers' estimation of a good time. Many bring portable radios or old wind-up gramophones and acads of records to provide musical entertainment, while hamburgers, hot dogs, toasted marshmallows, lots of mustard and relishes fill the refreshment requirements.

Swimming has also become a popular feature at these parties, with girls and boys gleefully plunging into the cold waters only to rush out to warm themselves by the blazing, sparkling beach fire. Teen agers who recently entertained at such a party were John and Robert Kyle. Hamburgers grilled over a sizzling outdoor barbecue in the garden of their lakeshore home were a popular highlight of the evening.

Ken Turk and Pat Carew are contemplating holding a beach party in the near future.

A lakeshore home isn't the sole requirement for staging a successful barbecue party, however. A simple out-of-door barbecue can easily be built in any back garden by placing a few fire bricks in a hollowed out space in any garden and surrounding the back and sides with fire-proof cement or bricks.

By getting an ample stock of soft drinks, hamburgers, buns, relishes, marshmallows and all other necessary edibles, a portable radio or gramophone to provide music, and by stringing a few Japanese lanterns around the garden, any teenager may have an entirely successful party with the minimum of work and clearing up to help fill up those wonderful long summer evenings.

With the warm temperatures and clear skies, beach parties have become just about tops in the teen-

IT'S A GREAT DAY—DUZ is here!

Now you can get Procter & Gamble's famous soap that does Everything in your wash!

DUZ does Everything IN THE FAMILY WASH!

To make JAMS and JELLIES like an Expert Take your Choice of CERTO or "CERTO" Crystals

50% MORE Jam
or Jelly from your Fruit
IN ONE-THIRD OF THE TIME

EVEN BEGINNERS make jam and jelly like experts with the help of Certo Fruit Pectin or "Certo" Crystals. It's the efficient and truly natural way... because both Certo and "Certo" Crystals are nothing but fruit pectin—the natural substance in fruit that makes jams "jam" and jellies "jelly", extracted and concentrated for easier, quicker, BETTER jam and jelly-making.

It doesn't matter whether you choose the liquid or the crystals. Both end guesswork and tedious long-boiling. Both will give SURE results if you follow the instructions exactly.

SAVE TIME and WORK

Just a ONE-MINUTE full rolling boil for both jams and jellies. That's all you need when you use Certo or "Certo" Crystals. It's so quick and easy.

INCREASED YIELD

Since very little juice has time to boil away, you get an average yield of 50% more jam or jelly from the same amount of fruit.

FRESH-FRUIT TASTE... COLOUR

Cooking time is so short it does not spoil the fresh-fruit taste or dull the lovely natural colour. They stay right in your jam or jelly.

JAMS AND JELLIES TURN OUT RIGHT

Follow exactly the kitchen-tested recipes you get under the label of every bottle of Certo or in every package of "Certo" Crystals and you'll always make delicious, sparkling jams and jellies.

Certo is a trade-mark owned by General Foods, Limited

Your grocer has CERTO or "CERTO" Crystals ready for you... take your choice

Hither and Yon

Spending several weeks in this city, Mrs. George Bell, of Vancouver, is the guest of her daughter, Mrs. R. H. Wilson.

Accompanied by her three daughters, Toni, Brenda and Sheri, Mrs. A. D. Carr-Hilton left today for the coast and Vancouver Island to spend a month's holiday there. During their absence, their home at 419 Cadder Avenue will be occupied by Mr. and Mrs. Glasgow and three children.

Mr. and Mrs. D. Kerr and small son Jimmy are holidaying at the coast.

Holidaying at the coast, Dr. and Mrs. J. A. Cruise are spending a short time in Victoria.

In honor of the much feted coast visitor, Mrs. C. King of Vancouver, Mrs. R. Stewart entertained yesterday morning at a coffee party at her Harvey Avenue home.

Returning from a visit to the Lake-of-the-Woods area in Ontario, Mr. and Mrs. T. McLaughlin and their son David are expected home this week-end.

Mr. and Mrs. R. F. Sutton, accompanied by their son, John, left Tuesday morning for Calgary where they will spend a two week holiday.

Aquatic Club Continues To Attract Many Dancers

Cooler weather discouraged many Aquatic Club dancers Saturday night, but nevertheless many came out to pleasantly fill the brightly decorated dance hall.

Saturday evening is the established night for celebrating, entertaining friends and visitors or merely relaxing and having fun. Celebrating a birthday, Mr. and Mrs. Donald Bruce and their party, including Mr. and Mrs. Charles Bruce and Mr. and Mrs. B. Clark, were among those attending the dance.

Mr. and Mrs. Glenn Weyenberg, Mr. and Mrs. Ernie Winter and Mr. and Mrs. R. P. Walrod were joyfully celebrating Mr. Walrod's return from an extended business trip to New York and other eastern points.

Probably due to their youthful vitality and exuberance, members of the younger crowd danced the Saturday evening dance. Spotted among the gay whiff of dancers were Betty Ball and her escort Gib Wade, Yvonne Mutch and Trevor Jones, Elaine Jantz and Brian Weddell. Grouped on the veranda, dance dance numbers Nancy Ladd and Len Snowsall, Mabel Sutherland and Bob Wall, animatedly discussed latest developments in rowing club activities.

Recently returned from their honeymoon, the last of the June bride couples, Mr. and Mrs. Geoffrey Agassiz, were among the gay galaxy of dancers.

A group of visitors from Penticton stuck pretty well together, in spite of efforts of the newly established welcoming committee. The committee is a recent innovation to make sure that new members of the Aquatic Club and out-of-town visitors soon get to know everyone at the dance and thus have a much better time than if they wandered in not knowing anyone.

Other local residents thoroughly enjoying the highly successful dance were Bobby Meyers and Ken Bostock, Mabel Summerville and Lawrence Wall, Jean Ross and Bill Stewart, Muriel Beyer and Bob deMara, Joyce Reinhold and John Kison, Alma Lansdowne and Fred Turner.

Wandering into the dance midway through the evening Andie

McCormick and Hugo Cookson joined in with the merry throng of dancers.

Others also arriving later on in the evening included Mr. and Mrs. Robert Emile, Mr. and Mrs. Dennis Cook, Mr. and Mrs. V. Cummings, Mr. and Mrs. George Ennis, Mr. and Mrs. Gerry Elliot and Miss Dot Cowie and Arthur Schmidt. On the whole, in spite of cool weather and cloudy skies, the evening was entirely successful both from the viewpoint of the participants as well as from members of the Aquatic Association.

Aquatic Ripples

Regatta days are sneaking up on us and so much yet to do! If you haven't seen some of your best friends lately it is probably because they are on Kay Buckland's billowing committee and are glued to the telephone. There are a hundred and fifty swimmers to billet and with fifty tea days to go, things are getting desperate. If you have a spare bed or camp cot and could put up one or more of these young people, we would surely appreciate it. The number to phone is 588-R. We also could do with a few paid billets.

We hear there are some excellent shows planned for this year's Regatta. Don't put off reserving your seats too long. Incidentally, the electric kitchen tickets are your admission to the City Park only and not to the Aquatic Pavilion. The kids under fourteen don't need them but don't leave yours at home or you won't be allowed in the park on Regatta days.

The square dancing classes are getting larger every week and everyone has a grand time. It is a funny thing how each we see people down there who laughed at us when we thought it would be a good idea.

Mr. and Mrs. Lon Chaney, Jr., of Hollywood, were down and looked over our Aquatic and took in a Wednesday night supper dance. They thoroughly enjoyed themselves and thought Kelowna was very fortunate having such an active Aquatic Club.

Coming home from Penticton last Saturday, noticed how gay the Aquatic looked from the ferry with all the colored lights and the dancers waiting past the ballroom windows. It was quite a picture.

The Thursday night shows are also becoming more and more popular. The apple box derby had all the ear-marks of Hastings Park or Lansdowne. There is another good program planned for tonight including a demonstration of the teaching methods used in the swimming classes and various novelty races.

There's quite a clean-up campaign. See you next week!

LOBSTER QUEEN, KING SIZE SPECIMEN

—Central Press Canadian
 Lobster Queen of Shediac, N.B., is Miss Shirley McLellan, left down with Miss Betty Jean Ferguson, Miss Canada, shortly after Miss Ferguson had crowned the new queen at the Lobster Festival held in the New Brunswick seaside resort. The lobster on her lap weighs 12 pounds and was largest of those on display during the festival.

MANY PEOPLE VISIT LOCAL HOTELS

In the heart of Kelowna's shopping district, the Royal Anne Hotel with its charming English atmosphere attracts many visitors coming to this city. Guests include Mr. and Mrs. H. E. Miller, Victoria; Mr. and Mrs. Shiller, Saanichton; Mrs. H. Whyte, Vancouver; Dr. McCauley, Winnipeg; Miss Marple, Calgary; Mrs. Armstrong, Victoria; Mr. and Mrs. Mahon, Calgary; Mrs. and Miss Hunt, Victoria; H. E. Giltson, Montreal.

Surrounded by lovely old trees giving the hotel its name, the Willow Inn guests include: G. Boyd, Vancouver; Mr. and Mrs. Walter Dazar, Edmonton; Mr. and Mrs. Robert T. Anderson, Portland, Ore.; W. E. Kembell, Vancouver; Miss Brown and Mrs. Nettleton, Calgary; Mrs. H. Whyte, Vancouver; Dr. McCauley, Winnipeg; Miss Marple, Calgary; Mrs. Armstrong, Victoria; Mr. and Mrs. Mahon, Calgary; Mrs. and Miss Hunt, Victoria; H. E. Giltson, Montreal.

Centrally located cool, air-conditioned Ellis Lodge is a popular resort for many visitors coming to this city. Guests at the Ellis Lodge Hotel include Robert Turner and Richard Galloway, Chilliwack; Mr. and Mrs. Joe Armstrong, Winnipeg; Mr. and Mrs. Joseph Fendler, Astoria, Ore.; George Rebagliati, Lytton; Mr. and Mrs. James B. Burr, Grindrod; J. B. Brockhurst, Grindrod; W. Humphrey, Penticton; L. R. Clark, Vancouver; W. Bonest, Penticton; B. M. Lambert, Penticton; A. J. Fraser, Kelowna; Sydney Baukal, Calgary; F. Hasell, Oyma; R. Warrington, Penticton; H. McFadden, White Rock; G. Siostrom, Vancouver; B. O. LeBlond, Vernon; C. O.

paigh on at the Aquatic now... the towers are being repaired, new diving boards put up, the barge has been pumped out and repaired and is in good condition. In the near future there will be a water chute put up for the little kiddies who miss out on the fun the older ones have with the diving boards.

There are swimming and diving teams representing Kelowna, going to Spokane on August 11 and 12 to take part in the Inland Empire Amateur Athletic Union competitions. The war canoe and swimming clubs, as well as members of the rowing club are going to Penticton on July 27 to do their stuff at the water competitions held there that day. Best of luck to all of them.

The first issue of the "Aquatic Splash" was sent out last week to Aquatic members. If you didn't get your copy please check your address at the Aquatic. We had considerable difficulty finding addresses and so many have been changed lately. We don't want you to miss the next issue so please check next time you are down.

Laban, Vernon; I. Bjork, Vancouver; J. Maxwell, Vancouver; Jay Johnston, Penticton; J. Hutch, Victoria; Jack Stevens, Vancouver.

Eldorado Arms nestled on the shores of the Okanagan Lake and recently receiving a four star rating from the government travel bureau attracts visitors from all over the continent. Guests at the Eldorado Arms include Mr. and Mrs. Ken Sulley, Vancouver; Mr. and Mrs. R. B. Lamb, Vancouver; Miss Anne DuMoulin, Mrs. Leonard DuMoulin and Michael DuMoulin all of Vancouver; Mr. and Mrs. Cecil Poston and family, Spokane; Mr. Larry Henderson, Victoria; Dr. and Mrs. J. P. Wellwood and family, New Westminster; Mrs. Bruce Calkins, Sheila and Michael, Vancouver; Mr. and Mrs. Paul Friday, Portland, Ore.; Mr. and Mrs. D. T. Braidwood and daughter, Vancouver; Miss M. Duncan, Vancouver; and Mr. and Mrs. Adam, Kelowna.

OKANAGAN MISSION

OKANAGAN MISSION—Many motorists coming to the Mission are attracted by the attractive Blue Bird auto camp situated on the lakeshore. Recent guests at the Blue Bird Auto Camp have been Mr. and Mrs. G. E. Thornburne, Wenatchee; Mr. and Mrs. George Wambach, High River, Alta.; Mr. and Mrs. T. Pickering, Kelowna; Mr. and Mrs. R. Wint and Pat, New Westminster; Mrs. Margaret F. Whitlesey and party, Tacoma; Mr. and Mrs. J. A. Stewart, Calgary; Mr. and Mrs. H. R. Row and family, Calgary; Mr. and Mrs. C. H. Jeffares and party, Trail; Mr. and Mrs. W. W. Miller and Mr. and Mrs. Buck Goline, Okanoke; Mr. and Mrs. M. T. Porter, Victoria; Mr. and Mrs. M. H. Peake and family, Vancouver; Mr. and Mrs. R. Engstad and family, Burns Lake; Mr. and Mrs. Bryce McCrick, North Vancouver; Col. and Mrs. H. J. B. Warren, Pincher Creek, Alta.

Mr. and Mrs. R. Foot and family, Vancouver; Mr. and Mrs. R. Fulton, New Westminster; Mr. and Mrs. J. T. Gawthrop, Victoria; Mrs. M. Cox and Mrs. H. Touche, Edmonton; Mr. and Mrs. R. E. Lang and family, Vancouver; Mr. C. F. Naylor, Calgary; Mr. and Mrs. J. S. Horne, Sheila and Jessie, Calgary; Mr. and Mrs. R. W. Claw, Picture Butte, Alta.; Mr. and Mrs. T. K. Milne and family, West Vancouver; Miss Isobel MacKenzie, and Mrs. Doris M. Bower, Vancouver.

Mr. and Mrs. Kurt Rein, Richard and Jacqueline, Vancouver; Mr. and Mrs. S. L. Corbett and party, Edmonton; Mr. and Mrs. W. E. Jones and sons, Vancouver; Mr. and Mrs. W. L. Foss and sons, Lethbridge; Mr. and Mrs. T. R. Peffree and daughter, Vancouver; Mr. and Mrs. L. A. Williams and little daughter, also Mrs. Williams Sr., of Vancouver; Mr. and Mrs. H. G. LeNeveu and son, Vancouver; Mr. and Mrs. C. G. Pikey and daughter, Toronto; Mr. and Mrs. S. Simons, Fred and Norman, Calgary.

Mr. and Mrs. Wm. Wright and daughter, Calgary; Mr. and Mrs. C. A. Prowse and children, Vancouver; Mr. and Mrs. A. J. Quesnell and son, recently of Williams Lake, prior to making their home in Kelowna; Mr. and Mrs. Laurie Scott and Mr. and Mrs. J. C. Bennett and families of Kelowna; Mr. and Mrs. Larry Preston, Rutland; Mr. and Mrs. Fred Smith, Digby Island; Prince Rupert; Mr. and Mrs. L. B. Leask, and daughter, Maureen, Vancouver; Mr. and Mrs. W. B. Francis and family, Saskatoon; Miss Marie Hagen and Miss Nina Magee, Vancouver; Mr. and Mrs. E. M. Cummings, Vancouver.

Mrs. Minnie J. Little of Seattle, connected with the mobile travelling work book library, spent her holidays at the Blue Bird Auto Camp.

Mrs. Roger Wilson with Colla

and Rosemary-Jo, of Vancouver, are spending a month holiday at the Blue Bird Auto Camp. They will be joined by Dr. Wilson for the last two weeks of their vacation.

Mrs. Nora Ness and sons, Wayne and Colin of Medicine Hat, are once again vacationing at the Blue Bird Auto Camp, renewing old acquaintances in Kelowna. Mrs. Ness is the daughter of Mr. and Mrs. E. M. Carruthers and a former resident of the city.

Mr. and Mrs. Trusler, of Ardley, were visitors at the home of Mr. Trusler's brother and sister-in-law, Mr. and Mrs. Earl Wilson, while touring through the Okanagan on holidays recently.

Leaving yesterday for a three day visit to the coast, Mr. and Mrs. R. P. MacLean will return to the city on Sunday.

EDITORIALS — Continued from Page 1 —

adrian Okanagan could tap the very vast tourist potential at Coulee Dam—where more tourists visit each year than anywhere else in the western United States. Moreover, there is a very active tourist group, the Highway 97 Association, functioning as far north as Yakima working to funnel travellers from California north through the Interior rather than the coast. There is no reason why the northern group, the Okanagan-Cariboo Association, could not link up with that association and bring its tourists north through this territory.

United States tourist authorities readily admit that this Canadian country has much more to offer than the country immediately south of the border. They are enthusiastic and willing to co-operate with us. But we seem to lack the imagination and the energy to make any attempt to help ourselves.

If we can—and who can't—use more tourist business in the Okanagan, it behooves us to bestir our stumps and get busy to do something about it. It just won't come; it must be developed. Tourist camp operators, businessmen and the Board of Trade might be well advised to inject some life into the Canadian section of the Okanagan-Cariboo Association. The United States section is ready and willing to help. The tools are there if we have the energy to pick them up.

City Traffic Conditions Becoming Major Problem, Says Police Chief

Number of People Facing Motor Vehicle Charges Steadily Increasing

Traffic conditions in the City of Kelowna continue to be somewhat of a problem and speeding charges are steadily increasing. Police Chief R. B. McKay stated in his monthly report submitted to City Council Monday night.
Referring to the recent outbreak of fires, the chief stated these were of suspicious origin, and although the fires were outside the city, additional patrols have been maintained inside and outside the city boundaries.

During the month of June, fines and costs paid to the city clerk amounted to \$492.75. Value of property stolen amounted to \$400.75, while value of stolen property recovered totalled \$65. This is exclusive of bicycles and motor vehicles.

Number of motorists warned regarding minor infractions, reached an all-time high last month when 1,039 car owners were checked up.

This week, Police Chief McKay told The Courier that number of motor vehicle charges being brought before the magistrate are steadily increasing. He reiterated a previous statement adding that driving conditions in the city are deteriorating and warned action will be taken against offending motorists.

During the course of patrols and other duties, the following items were noticed and checked by police:

Petty complaints received and investigated, 24; transients attracting attention and checked, 67; business premises found insecure at night, 18; street lights out of order and reported, 20; children lost and found, 1; traffic accidents, 7; persons injured in traffic accidents, 3; damage sustained as result of traffic accidents, \$595; cyclists warned regarding minor infractions, 1,039; bicycles reported stolen or lost, 21; bicycles recovered and restored to owners, 18.

Charged in city police court July 51 with exceeding the 30 miles an hour speed limit in the city, S. E. Johns and J. Shiosaki each were fined \$10 and costs.

Fine of \$10 and costs was imposed in district police court July 16 on Eustice Bowers when he appeared on a charge of speeding on a restricted zone in the district.

Pierre Labelle, the "Body Beautiful" in Pacific Coast squirm circles, will make his second appearance this year in the Memorial Arena padded ring when he teams up with Sugi Hayamaka in a tag match against Leo "Mad Russian" Karlenko and Tarzan Potvin Saturday night.

Jack Kiser, popular Portlander, will start off the Saturday grunt bill in the opener with Billy Hunter of Vancouver.

Parisian Labelle, Hunter and Hayamaka, American-born wrestler of Japanese descent, are all newcomers to the local scene. Saturday's card starts at 8:30 p.m.

2 CROPS ABOUT

From Page 1, Column 8
—an all-time record. Last week cars were moving out at the average of 20 per day, with a high of 27 cars being shipped the middle of last week.

Cherry growers throughout the Okanagan are breathing easier today after winning the gamble with weather elements. Had the heavy rains which have fallen during the past few days come a week earlier, the cherry crop would have been ruined.

In the Kootenays, where the season is a little later than in the Okanagan, things are being cleaned up and picking of Lamberts is now getting underway. However, recent rains have caused a certain amount of splitting.

Apricots Moving
Apricots are now starting to move in volume in the Oliver and Osoyoos districts where picking is now general. Market is holding firm, with the demand good.

Early peaches are in good demand, and harvesting of Rochester will be in full swing during the first two weeks in August. A few plums are moving to coastal markets, with the demand fair to good.

Demand for tomatoes is good, but supplies are light. There is practically no market for unripened, green tomatoes.

Market for cucumbers is exceedingly slow, with the supplies exceeding the demand. Potatoes, onions and carrots are moving, although the market is somewhat slow.

Honoring Mr. and Mrs. C. King, of Vancouver, Dr. and Mrs. A. S. Underhill entertained Tuesday evening at their lakeshore home. Mr. and Mrs. Charles Gaddes also chose the same evening to entertain Mr. and Mrs. King.

MAN ESCAPES AFTER BURIED OVER AN HOUR

PENTICTON — A Penticton laborer was buried alive for over an hour this week—and lived to tell about it.

Covered over completely by wet, soggy earth eight feet below ground level in a sewer ditch in which he was working, Jonah Hill was brought to the surface after an hour of frantic rescue work by fellow workers.

Speeding and operating a motor vehicle without a driver's license cost L. R. Gault \$10 and \$5 fines respectively in district police court July 19.

Failure to stop at a stop sign cost A. Lucknowsky \$5 and costs in district police court July 18.

"WHAT'S THIS PRESCRIPTION FOR?"

When you ask your pharmacist to tell you, on the basis of your prescription, what your illness is, you ask him a question to which you should not expect an answer.

Many important drugs prove useful in a variety of diseases. The use of a certain drug in your prescription may not serve, therefore, as an exact clue to the nature of your illness. Quinine, for example—long known for its qualities in combating malaria—has frequently been prescribed in treating other conditions. Then, too, some drugs are known to counteract specific symptoms only, while the same symptoms may be observed in more than one type of illness. The doctor who examined you and diagnosed your condition will have given you all the necessary information. It is not within the pharmacist's province to diagnose illness. His is the task of preparing the prescribed medication in a manner that will be the most effective. His scientific training enables him to overcome chemical or physical incompatibilities that may prevent themselves in a mixture of various ingredients.

Your pharmacist's skill makes sure that each dose of the finished product will contain the exact amount of the drugs your doctor intends you to have.—Reprinted from a copyrighted advertisement published by Parke, Davis & Company.
