- B. Evaluation of fundamental aspects of playing
 - 1. Tone, technique, articulation, intonation, and warm-up exercises
- C. Etudes
- D. Solo literature/Chamber music literature
- E. Orchestra Excerpts
- F. Reeds

V. Grading

- A. Each lesson is graded as to:
 - 1. preparation of assigned materials
 - 2. improvement
 - 3. attitude
 - 4. punctuality
 - 5. attendance
- B. The semester grade is determined by the above criteria and jury grade. The jury grade cannot affect the lesson grade by more than one letter.
- C. Grading criteria:

Regardless of your degree program, each lesson should demonstrate careful preparation of assigned materials. Based on a student's ability

level, degree program, and practice time for each level, each lesson should reflect progressive improvement in technical ability and level of difficulty as established by me for each student. Each student is expected to be warmed-up and mentally prepared before each lesson, so the lesson time may be used in the most efficient and productive way.

A = HIGHEST LEVEL OF ACHIEVEMENT. The student has consistently prepared for each lesson, has displayed professionalism, and has made superior progress in all aspects of technique, musicality, and creativity. The student has completed the amount of material the teacher feels is necessary for substantial progress.

B = EXCELLENT ACHIEVEMENT. The student has displayed very high levels of preparations and progress, and has completed an acceptable amount of literature.

C = IMPROVEMENT IS RECOMMENDED. The student is making some progress, but given reasonable expectations, the student is not working completely to his or her potential.

D = POOR. Although a D is considered passing in some areas of study at The University of Montana, it is not considered adequate for a student with professional aspirations in the music field. Much more practice is recommended and the grade must be brought up in order to remain in the program. Probationary status in the clarinet studio will be in effect until progress is made.

F = FAILING. A student receiving the grade of "F" will not be permitted to remain in the clarinet studio and a change of Major will be advised.

VI. Recital Requirements

- A. All music majors and music minors are required to perform an Upper Division Recital Performance (UDRP) during their sophomore year. This recital will be performed during an Afternoon Recital Time (2:10pm on Tuesdays and Thursdays throughout the year). It will consist of at least two contrasting works. Performance majors must memorize one of the works. The UDRP should be approximately 15-20 minutes in length.
- B. Junior recital: required of all performance majors (30 minutes of music per student); this recital is shared by another student.
- C. Senior recital: required of all performance majors; full recital of at least one hour of music.
- D. Student recital: any music major or minor may give a recital in their senior year. **Most music education majors perform a half (shared) or full recital. It is not a degree requirement, but is an extremely important part of your own music education.** It is difficult to call yourself a musician if you have not culminated your undergraduate years of clarinet study with a recital performance!

VII. Juries

- A. Juries are held at the end of each semester. This is an opportunity for you to perform for the woodwind faculty for comments. The jury is graded and the semester grade may be affected by the jury grade by one letter. The jury is required for all enrolled in the 195-551 series.
 - 1. Juries consist of scales, a prepared selection and sight reading

Academic Misconduct and the Student Conduct Code

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or disciplinary sanction by the University. All students need to be familiar with the Student Conduct Code. The Code is available for review online at
