Operations Management

Fall Semester 2014

Professor: Dr. Jason Triche

E-mail: jason.triche@business.umt.edu (best way to reach me)

Office Phone: 243-6272 Office: GBB 314

Office Hours: T, Th 1:00 - 3:00 pm or by appointment

Course Information

Meeting Place GBB L26

Meeting Time 8:10 - 9:30am Section 3

9:40 - 11:00am Section 4

This course is a 3-credit hour, full-semester offering covering all aspects of Operations Management. There will be four exams, five homework/lab assignments, a supply chain simulation game, which will total 600 points. Additionally, you will be **required** to attend four of the SoBA Career Development activities held during the semester. Each activity is worth 5 points for a total of 20 points. Attendance will count as 30 points. Your final grade will be based on your relative point standing based on the **650 possible** points. Prereq: Junior Standing and completion of Lower Core

Textbook

The textbook for the class is **Operations Management: Sustainability and Supply Chain Management** by Jay Heizer and Barry Render published by Pearson Custom Publishing. ISBN-10: 1-269-89475-7

ISBN-13: 978-1-269-87475-3

There are four copies on 2-hour reserve in the Mansfield Library in addition to copies for sale in the UC Bookstore. You will also have access to MyOM Lab for homework and lab assignments.

Evaluation

<u>Criterion</u>	<u>Points</u>
4 Exams (100 Points each)	400
5 Homework/Lab Assignments (20 Points each)	100
Supply Chain Simulation/Paper	100
4 Career Development Activities (5 Points each)	20
Attendance	30
TOTAL	650

Letter grades will be based on the following scale:

- A 93% and above
- A- 90% to 92%
- B+ 87% to 89%
- B 83% to 86%
- B- 80% to 82%
- C+ 77% to 79%
- C 73% to 76%
- C- 70% to 72%
- D+ 67% to 69%
- D 63% to 66%
- D- 60% to 62%
- F Below 60%

Expected Learning Objectives and Assessment

Students will:

- Identify the activities along the supply chain that add value when transforming inputs into
 outputs both in the form of tangible (manufactured goods) and intangible (service) products.

 Assessment Tool: Exams, Supply Chain Simulation, Lab Assignments
- Explain why operations management drives the profitability of every organization and is
 therefore an extremely important educational building block for any business student.
 However, it is important for students to understand that profit gained through unethical
 behavior is, at best, a short term result which most often leads to disaster in the long
 run.

Assessment Tool: Exams, Lab Assignments

• Illustrate what is involved in the "design and development" from an operations management perspective of a product to include organizing a supply chain.

Assessment Tool: Exams, Lab Assignments

- Explain how **skills and intelligence** drive success in operations management through discussions of real-world experiences, current trends, and "people skills" type training tools. Assessment Tool: Class Discussion, Lab Assignments
- Utilize quantitative techniques and management science that impact operations
 management decision making (i.e., forecasting, statistical quality control, waiting line theory,
 and project scheduling and tracking tools) to illustrate how these tools provide a basis for
 monitoring personnel and organizational performance and ultimately are the basis for
 problem solving.

Assessment Tool: Exams, Lab Assignments

Policies

Attendance

Attendance is important, mandatory, and critical to the success of the class. With that being said, I understand that personal issues come up and making class is sometimes difficult. I will take attendance every class. A student can miss up to **4 (FOUR)** classes without any penalty for attendance points. The fifth absence will result in a loss of all 30 attendance points. University excused absences will be considered up until 24 hours after the class period has ended. Leaving the lecture early without permission is automatically an unexcused absence. Two late arrivals constitute an un-excused absence.

Academic Honesty

All students must practice academic honesty. Academic misconduct is subject to an academic penalty by the course instructor and/or a disciplinary sanction by the University. The University of Montana Student Conduct Code specifies definitions and adjudication processes for academic misconduct and states, "Students at the University of Montana are expected to practice academic honesty at all times." (Section V.A., available at

http://www.umt.edu/vpsa/policies/student_conduct.php). All students need to be familiar with the Student Conduct Code. It is the student's responsibility to be familiar the Student Conduct Code. SoBA Professional Conduct can be found at

http://www.business.umt.edu/Soba/SoBAEthics/CodeofProfessionalConduct.aspx

Late Policies

Homework assignments are due at the beginning of class on the due date as listed in MyOM Lab and as announced in class. Late homework assignments will receive a zero (0).

Makeup Exams

Makeup Exams must be approved prior to missing the exam. No makeup exams will be allowed if the absence is not pre-approved.

E-mail Policy

According to university policy for e-mail correspondence, you must use either your umontana or your grizmail email account and you must send your e-mail to my e-mail address shown above. (Do not send email through Moodle.) Please include Section number in the subject line of your email. Recently, business professionals, professors, and instructors have expressed concerns about student writing skills. It is easy to get out of the habit of using proper language skills and manners when e-mailing or text messaging. Please be cognizant of proper email etiquette when emailing me. Do not use slang or acronyms when sending me an email. It is good practice for when you start working in industry. I will not take off any points for non-professional emails, but I reserve the right to correct or ignore the e-mail.

Disability Services for Students

The University of Montana assures equal access to instruction through collaboration between students with disabilities, instructors, and Disability Services for Students. If you think you may have a disability adversely affecting your academic performance, and you have not already registered with Disability Services, please contact Disability Services in Lommason Center 154 or 406.243.2243. I will work with you and Disability Services to provide an appropriate modification.

Mission Statements and Assurance of Learning

The University of Montana's School of Business Administration enhances lives and benefits society by providing a world-class business education in a supportive, collegial environment.

We accomplish this mission by acting on our shared core values of creating significant experiences, building relationships, teaching and researching relevant topics, behaving ethically, and inspiring individuals to thrive.

As part of our assessment process and assurance-of-learning standards, the School of Business Administration has adopted the following learning goals for our undergraduate students:

Learning Goal 1: SoBA graduates will possess fundamental business knowledge.

Learning Goal 2: SoBA graduates will be able to integrate business knowledge.

Learning Goal 3: SoBA graduates will be effective communicators.

Learning Goal 4: SoBA graduates will possess problem solving skills.

Learning Goal 5: SoBA graduates will have an ethical awareness.

Learning Goal 6: SoBA graduates will be proficient users of technology.

Learning Goal 7: SoBA graduates will understand the global business environment in which they operate.

Schedule (Subject to Change)

August 26	Chapter 1: Introduction to Course, Operations and	Productivity
August 28	Module A: Decision-Making Tools	•
Sept 2	Chapter 2: Project Management	
Sept 4	Chapter 2: Project Management	
Sept 9	Chapter 2: Project Management	
Sept 11	Chapter 4: Forecasting	Homework/Lab 1 Due
Sept 16	Chapter 4: Forecasting	
Sept 18	Exam 1	Homework/Lab 2 Due
Sept 23	Chapter 6: Managing Quality	
Sept 25	Chapter 6: Managing Quality	
Sept 30	Supplement 6: Statistical Process Control	
Oct 2	Chapter 7: Process Strategy	
Oct 7	Module B: Linear Programming	
Oct 9	Module B: Linear Programming	
Oct 14	Exam 2	Homework/Lab 3 Due
Oct 16	Chapter 11: Supply Chain Management	
Oct 21	Chapter 11: Supply Chain Management	
Oct 23	Supplement 11: Supply Chain Analytics	
Oct 28	Supply Chain Simulation	
Oct 30	Module D: Waiting-Line Models	
Nov 4	Holiday	Supply Chain Paper Due
Nov 6	Module D: Waiting-Line Models	
Nov 11	Holiday	
Nov 13	Exam 3	Homework/Lab 4 Due
Nov 18	Chapter 12: Inventory Management	
Nov 20	Chapter 12: Inventory Management	
Nov 25	Chapter 16: JIT, TPS, and Lean Operations	
Nov 27	Holiday	
Dec 2	Module F: Simulation	Homework/Lab 5 Due
Dec 4	Module F: Simulation	
Dec 9	Section 3 (10:10am – 12:10pm) Exam 4	
Dec 11	Section 4 (10:10am – 12:10pm) Exam 4	

Homework: Several problems and computer exercises will be assigned that are similar to the problems that will be on the exams. Homework and labs must be completed prior to each exam and must be handed in on the day listed on the syllabus. I will announce all changes to the schedule in class and on Moodle.
