CONTRACTS FOR NEW BUILDINGS ARE LET

Several Bids Exceed Appropriation; Additional Funds Available.

Contracts for the construction, plumbing, heating and wiring of the new library building, and for the construction, heating and plumbing of the two new residence halls were let yesterday by the state board of examiners at Helena.

The cost of constructing and fitting the buildings totals \$630,000, an increase of \$155,000 over the amount appropriated for the purpose.

The contract for the construction of the library was let to George Nelson of Butte, whose bid was \$165,242; for the heating and plumbing, to the Northern Plumbing and Heating company of Billings; for the wiring, to Baker & Walford, of Missoula. Figures for the last two-named contracts were unobtainable last night. Contract for the stacks and elevator was let to Snead & Co., of New Jersey.

Cost Exceeds Appropriation.

The cost of the library building, including \$16,524 for the foundation and first floor slab, \$4,288 for equipment, and \$4,000 for extras, totals \$270,000. The appropriation is \$250,000.

The Spokane Construction company was awarded the contract for the construction of the men's and women's residence halls. The total cost of the halls, including \$20,000 for the foundations, and \$38,674 for equipment and furniture, is \$360,000. The appropriation is \$225,000.

Contracts for the University gymnasium and the biology building at Bozeman, and for alterations on the women's residence hall at Dillon, were also let. It is announced that the cost of this work will exceed very little, if at all, the original appropriation.

It was announced yesterday that the unexpected cost of the buildings here will mean no delay in completing the buildings on which work has already started, though it may cause delay in erecting those on which no work has

(Continued on Page 4.)

INTER-FRATERNITY DANCE TO BE HELD NEXT FRIDAY

Plans are being made to make the annual Inter-Fraternity ball, that is going to be held in the Union hall next Friday, the best event of the year. The ball will be formal for both men and women. The stray Greeks on the campus will be guests. There will be seven fraternities represented this year, the seventh being the Karnack Klub, which makes its initial appearance at an inter-fraternity function.

The committee in charge said that the request that men send no flowers should be strictly adhered to. It is only fair that the men live up to this request.

The committees for the dance are, committee in charge, Jack Southwick and Neil Wilson; Harry Rooney is in charge of the finance, while Don Carnal is in charge of the decorations.

The patrons and patronesses for the dance will be Mrs. Sedman, President and Mrs. Clapp, Dean and Mrs. Jesse, Professor and Mrs. Schreiber and Alexander Dean.

STUDENTS PLEDGED BY ART FRATERNITY

The Beta chapter of Delta Phi Delta, national art fraternity, announced the pledging of six art students at an informal dinner party held in Simpkins hall last Saturday evening. The pledges of the fraternity were as follows: Mildred Dover, Billings; Leo Dwyer, Missoula, Laura Derr, Spokane, Washington; Aileen LaRue, Sidney; Mary Mushroom, Ovando; and Ruth Smith of Missoula.

Sixteen members of the organization were present including Professor and Mrs. Schwalm and Professor and Mrs. S. H. Cox, the latter being an honorary member of Delta Phi Delta. The local chapter was established at the University in May, 1919, and is a member of the American Federation of Art, an organization of artists and painters.

Following the dinner a social meeting was held in the art rooms in Main hall.

STONE TO LECTURE AT HIGH SCHOOL TONIGHT

Will Present First of a Series of Lectures Under Auspices of University.

Dean A. L. Stone of the school of journalism, will deliver a lecture on "The Wire," at the Missoula county high school auditorium tonight at 8 o'clock. Mr. Stone's lecture is the first of a series of 10 free community lectures which is being put on each Tuesday night by the University over a period of 10 weeks. A similar series was held last year.

The program for each lecture is as follows:

- January 17The Wire
Professor A. L. Stone.
- January 24Problems of Eugenics
Professor J. X. Neuman.
- January 31Recital
Reader, Mrs. Alice W. Mills.
Pianist, Professor W. G. Bateman.
- February 7
Professor J. E. Miller.
- February 14Unemployment
Professor S. J. Coon.
- February 21Recital
School of Music.
- February 28The Modern Ancients
Professor W. P. Clark.
- March 7
International Interdependence
Professor H. M. Colvin.
- March 14
Burma, Its People and Customs
Mr. Jerome H. Ramskill.
- March 21Shelley, the Democrat
Mr. Edmund L. Freeman.

Y. W. WILL HOLD SERVICE FOR NEW MEMBERS SUNDAY

Invitations Have Been Sent to Eighty Girls.

The University Y. W. C. A. will hold a reception service for new members next Sunday in convocation hall at 4 o'clock. The service will be followed by a supper at the Tavern.

Such a service is an innovation here, having been tried for the first time last year. It is modeled after a form adopted by the Y. W. of the University of Washington. It met with great approval last year, according to statements made by new members. It made them feel that the Y. W. C. A. stood for more than the gathering together of a small group of girls on the campus. It seemed to afford affiliation with all the University associations. Invitations have been sent out to about 80 girls.

MINERS DEFEATED IN FAST CONTEST

Grizzlies Win First Game of State Series; Score 24-14.

Displaying a flash of real form in the first half, the Grizzly basketball team won from the State School of Mines quintet here Saturday by the score of 24-14.

The teamwork of the varsity during the first part of the encounter was entirely beyond the power of the opponents to solve and the wearers of the maroon jerseys accumulated 21 points to the visitors' 6, before the timer's pistol sounded the end of the first period.

Shortly after the beginning of the second half the entire varsity line-up was changed by Coach Bierman. This was made necessary by the reversal of form shown by the regulars during the time they held the floor in the final period. The substitution of the second string brought no better results and the first string men were reinstated.

Badgley, with four field goals, and McDonnell with two field goals and three free throws out of as many tries, lead the varsity in scoring.

Baird and Sullivan at their respective guard positions were the most consistent performers for the Grizzlies and kept the Miners exceedingly busy trying to get the ball within scoring distance. The majority of the attempts for goals made by the Miners were started near the center of the floor.

The determination and fight shown by the visitors, however, is worthy of mention, with Landwehr and Ladae leading in the offense.

The game was, for the most part, fast and rough and was closer than the score would seem to indicate.

The summary:
State University (24) Miners (14)
McDonnell Thompson
Left Forward.
Badgley Walsh
Right Forward.
Ahern Landwehr
Center.
Sullivan Ladae
Left Guard.
Baird Slavey
Right Guard.

Field goals—Badgley 4, McDonnell 2, Ahern 2, Baird, Porter, Thompson 2, Havey 2, Ladae, Landwehr.

Free throws—McDonnell, 3 out of 3; Ahern, 1 out of 3; Elliott, 0 out of 2; Joy, 0 out of 1; Landwehr, 2 out of 6; Havey, 0 out of 2; Walsh, 0 out of 1.

Substitutions—Joy for Badgley, Porter for McDonnell, Straw for Ahern, Tanner for Baird, Elliott for Sullivan; White for Ladae, Guilio for Walsh, Walsh for Thompson.

Referee—J. B. Varner, Missoula.

Monthly Statement to be Published by Store

William J. Hoskins, assistant state accountant, has been in Missoula the past week putting the University students' store on a firm accounting basis. Hereafter a monthly statement will be published, showing the business for that period.

An inventory of the store has been taken, and a trade statement compiled. The net profit, as shown by the trade statement, for the past seven months is \$1,634.96. It is believed that the profits for next year will be somewhat larger.

ALUMNI OF WESTERN INSTITUTIONS MEET

The alumni of the University of Montana, Washington, Idaho and other western universities and colleges will meet for tea at the Marseilles hotel, New York city, on Sunday afternoon, January 22, at 3:30. This tea is a preliminary to a dance to be given on the eve of Washington's birthday, and will give the alumni living in New York an opportunity of getting better acquainted.

The notice was sent by Mrs. Carol O'Donnell Getz, a former student at the University. Carl H. Getz was formerly assistant professor in journalism here, and is now employed by an advertising agency in New York.

PROMINENT SPEAKERS TO ADDRESS BANKERS

Short Course Will Afford Opportunity of Hearing Authorities on Banking.

The students of the University will have an opportunity during the Bankers' Short Course, which will be given here January 23 to 27, to hear lectures by some of the nation's prominent authorities on banking subjects.

Curtis L. Mosher, Assistant Federal Reserve Agent of Minneapolis, Minnesota, will deliver two lectures. The first will be on "The degree of power which the Federal Reserve System has to control credit, influence price trends, and exert a determining influence upon American financial affairs." This lecture will be delivered in the Auditorium of the Science hall at 3 o'clock, Tuesday, January 24. His second lecture will be, "Is the Federal Reserve Moving Towards the Development of Private Banking or Is the System Becoming More Governmental Than Private?"

Mr. Mosher is considered one of the best authorities in the country on the Federal Banking system, its aims and accomplishments. In a recent letter to Shirley J. Coon, dean of the school of business administration, Mr. Mosher said, in part, "I am intensely interested in this kind of work at this time, because I feel that the most critical period in the history of the Federal Reserve System is the present. So many false theories are abroad and the desire to radically modify the act persists so strongly, that those of us who have been watching the situation, believe that it is very urgently necessary that the believers in the system rally to its support and keep it free from political control and from influences that would seek to direct it from its original purpose." Dean Coon recommends highly Mr. Mosher's lectures to all business administration students.

UNIVERSITY CLUB DANCE HELD FRIDAY A SUCCESS

Program of Songs and Mandolin Solos Features of Evening.

Members of the University club gave their first dance Friday night in the Elks' hall. All alumni of the University were invited.

During the course of the evening a program was given which consisted of a solo dance by Miss Gertrude Harvey of New York City. Scotch songs and mandolin solos by Mr. Thomas Fergus, and a solo by Neil McKain accompanied by Miss Mildred Lore.

According to William Jameson, secretary of the club, there will be several more dances held this year.

SHORT COURSE OPENS FOR SUPERINTENDENTS

President Clapp and Dr. Dunn Address School Heads At First Session.

Fifty county school superintendents, representing counties from every corner of the state, were present at the first meeting of the fifth annual training course for superintendents, when the course was opened yesterday morning by Miss May Trumper, state superintendent of public instruction.

President C. H. Clapp gave the address of welcome, which was followed by the main address of the session, a talk on "The Status, Potentialities and Limitations of the One-Teacher Schools," given by Miss Fannie W. Dunn of the Teachers' College of the University of Columbia, New York.

Dr. Dunn offered consolidation of rural schools as the solution of many of the problems arising in the one-teacher school, saying that "there is no reason why the rural school should have less equipment, poorer grade of teachers, poorer housing facilities, less funds, or shorter term than the city schools."

The afternoon program included a short talk by Dr. Dunn on Standard Tests, a discussion by Miss Trumper on "Certificates," and a lecture on "Grading Papers and Training Teachers How to Grade," by Miss Adelaide M. Ayer, of the State Department.

Miss Ayer emphasized the lack of standards that exists in our public school systems. She pointed out the need of educating teachers, and parents in order to create a standard that would eradicate the evils arising from the present system.

The program for the remainder of the week is as follows:

- Tuesday.**
- 9:00-11:00—Program. Seat Work Equipment—Dr. Dunn.
- 11:00-11:15—Intermission.
- 11:15-12:30—Placing, Training and Tenure of Teachers—Miss Trumper.
- 1:30-2:30—Standard Tests—Dr. Dunn.
- 2:30-3:15—Circular Letters—Miss Knobel.
- 3:15-3:25—Intermission.
- 3:25-4:00—Community and Trustees' Meetings—Miss Ayer.

- Wednesday.**
- 9:00-11:00—Program. Seat Work. Equipment—Dr. Dunn.

(Continued on Page 4.)

LIBRARY ORDERS FEW OLD EUROPEAN BOOKS

As a result of sufficient money in the library fund, many important books have been ordered to fill in sets in reference work in English, history, and economics. Some of these books are valuable as current material and the others are books that have long been out of print and cannot be replaced.

Most of these old books come from private libraries in Europe, but due to the severe economic conditions following the war, they have been thrown upon the market and thus made available to the public. Miss Buckhous, librarian, in discussing the situation, said: "We have been looking for some of these books for ten years, but due to lack of funds and the books being tied up in private libraries, we could not secure them."

SENIORS PLEASE NOTE.

According to the Sentinel photographer, less than half of the members of the senior class have reported to the studio to have their pictures taken for the annual.

Those in charge of publishing the Sentinel have arranged for class photographs to be taken on the campus at a charge of just one-half less than in previous years. This eliminates the bother of missing a quarter of a day waiting for your turn in a down-town studio.

The indifference shown by the majority of the senior class can only be attributed to carelessness or to a lamentable lack of interest in the welfare of certain school activities, of which the Sentinel is obviously outstanding in importance. Certainly it is one in which the members of the outgoing class should make a special effort to be well represented.

The seniors have opportunity to enter wholeheartedly into the plans of the class of '23 for publishing a year-book worthy of their best efforts. They are offered their final chance to co-operate with the Sentinel staff in a University activity the results of which are a record of all other activities and proportionately prominent.

FOR YOU TO READ.

The tragedy of a student inspired with the desire to gain a real education and unable to do so because, through no lack of effort on his part, he cannot get living necessities, is new to the American. The popular American idea of a college student is a dapper youth possessing a letter in athletics and a capacity for beer. To call to the mind the picture of thousands of earnest students who after making all possible sacrifice, must stop their education is almost an impossible feat.

Yet that is the case in many old world countries. In many of them stopping an education virtually means just that. They have not the possibilities open for individual study that we have.

World civilization cannot advance without assimilation of what has gone before. Unless the teachings of the past reach a considerable number of people, humanity is not materially benefited by its wisdom. The university is the best means for this.

A campaign is being waged on the campus this week called the Student Friendship Fund drive for the help of students in Asia-Minor, Austria, Cehcho-Slovakia, Esthonia, Grance, Germany, Hungary, Poland, Latvia, Turkey and Russia. A more fitting name could not be selected for the drive. It is among the students who can appreciate the hunger for learning that this drive should find its strongest support.

Because of the bond that exists between you and them, because of the promise of world betterment, and in the sake of humanity, YOU help fill the universities' quota of \$1,000.

EXCHANGE

The third annual High School Boys' Vocational conference held last week at Montana State college was attended by 468 boys from all parts of the state and from adjoining states. About 100 of the boys were furnished sleeping quarters by the Milwaukee railroad which routed two sleeping cars from Seattle for the purpose. The Northern Pacific railroad contributed \$500 to bring about 50 boys to the conference who could not otherwise have attended. The number attending the conference was the largest ever present at such a meeting in the United States, according to college officials. Professional and business men appeared on the program, speaking on various phases of their work.

The Outing club of Williams college has extended invitations to Dartmouth college, Amherst college, Colgate university, McGill university, Middlebury college and the University of Vermont to take part in a winter carnival to be held in Williamstown in February. A special feature of the meet will be demonstrations by an expert in the use of skis.

The Whitman College Glee club will give 28 concerts in Washington, Oregon and Idaho on its spring trip. Programs at the Washington and Idaho state penitentiaries and the Washington reform school will be included.

The University of Washington Glee club took a five-concert tour in western Washington and to Portland during the holidays, and this week are on a six-concert tour of northern Washington.

Alpha Beta, men's local honorary education fraternity at Washington State college, has been granted a charter in Phi Delta Kappa, national education fraternity. The new chapter will start with 29 members.

The first number of the Intercollegiate Magazine, an independent publication containing the best work from the literary magazines of Wellesley college, Princeton university, Radcliffe college, Oberlin college and Harvard university, has been recently issued by the Princeton university press.

The R. O. T. C. of Cornell university has received 19 ponies from the war department to use in playing polo. Cornell will compete in a tournament with the University of Pennsylvania, Yale university and Harvard university.

Four men's dormitories and one women's dormitory are under construction at the University of Mississippi. A new gymnasium has recently been completed.

Mrs. Mary A. Church, a grandmother, and her sons, 18 and 19 years old, are registered at William Jewell college, Liberty, Missouri, as freshmen.

Mrs. Caroline Steindler, aged 70, is registered this year as a freshman in the State University of Iowa. She was educated in Prague, Bohemia, and taught in the Prague public schools for several years. Two years ago she came to Iowa City from Vienna. Her son, Professor Arthur Steindler, is head of the department of orthopedics at the children's hospital established in connection with the university.

SKELS AND SPAULDING ARE CALLED TO HELENA

Dean Skeels and Assistant Professor Spaulding are in Helena, at the request of the state board of equalization to assist in the discussion of the advisability of changing from the present method of taxing timber and timberlands in the state. The board favors a constructive method of taxation.

Dean Skeels and Mr. Spaulding will remain in Helena until today, before returning to the University.

The Grist

"The mills of the gods turn slowly, but they grind exceeding fine."

Gob Sez.

If the three sisters hadn't labored so hard attempting to become beautiful they would still bat 1000 in the basketball tournament.

BEAUTY.

Early to bed in the evening
Crawl out in the early morn.
Race around the hall ways
And our caesthenics perform.
Weight drops off by ounces
And we have much to lose,
Beauty steals on in the night time
So we snooze, snooze, snooze.

The Royal Order of Kerosene Burners.
He registered in the typewriting school as a listener.

Considering the weather and the approaching fraternity initiations how about having the various pledges close the Hell Gate.

Us guys that ain't got dress suits should inaugurate a dance for common people the night of the Inter-Fraternity ball.

Fraternity firesides will be howling success, if the brothers can find a stray bird dog to provide the entertainment. This has been tried out.

Our Girl.

She got a letter from Sears Roebuck today and lo' 'twas her new dress-up clothes for the Inter-Fraternity.

The co-eds are glad to see the snow falling. Cement walks are such cold, uncompromising things to fall for.

Some people I know could learn a lot if they would let the story section alone and read the tooth paste advertisements.

Just a bitter parting,
Just a spiteful pooh,
Just a tiny naughty word
Just a flower bill due.
Just another ring to take
Unto my friend the Jew.
That is what it is to be
Rejected, Miss, by you.

A certain well known party is so tight that if he got wet and swelled a little he might serve as wadding for a shot gun shell.

Stolen Thunder.

Ike—"See any change in me?"
Mike—"No. Why?"
Ike—"Just swallowed a cent."
—Siren.

"Bass Horn Latest Band Aquisition"—head in Friday's Kaimin. From aqua, water, and posito, place. Hence the origin of those liquid, mellifluous tones emanating from the practice room in these latter days.

SIGMA UPSILON INITIATES PROFESSOR SIDNEY H. COX

Professor Sidney Hayes Cox became an honorary member of Ye Mermaid Inn chapter of Sigma Upsilon last night at its meeting at Sam's cafe. The initiation followed a banquet of Chinese and American delicacies, and a discussion of Floyd Dell and Shakespeare. The fraternity plans to stage regular programs at Sam's Chinese chow-house every other Thursday night, and promises to dismiss in time to allow the altissimi frontails among the members to attend the second Pan show.

Kappa Kappa Gamma announces the pledging of Mabelle Gunn of Helena.

Scribes Offer Play if Actors are Protected

You can't tell a bootlegger by his boots, the county attorney recently proved that. Neither can you tell a "Booklegger" by his books. Tom Wade will prove that Wednesday night at the first clash of the scribes since last quarter. Wade, in league with a number of English butchers, will endeavor to offer an intellectual play before the Press club, providing some protection for the actors can be arranged. As a preliminary to the main event Buck Stowe will go several rounds with one of the best known humorous soliloquies. After the main event, under present plans, such donations as are offered during the play will be collected and served by a committee on refreshments. A business meeting and an election scheduled to rival anything the followers of Bill Dunn ever staged. The vice president's chair has been vacated through the promotion of Thomas Wade to the chair formerly held down by Lloyd Thompson, with the result that at present there are already so many self-made nominees that the committee is at a loss to find some one left to vote.

A report that ohn Smith, who was cast as a cynic in the one-reel skit, is suffering from too much practice, and is ill, resulted in a slight change in the bill of fare. Gerald Reed has been lifted out of the role of "Perry" and re-entered under the title of "Jerry.". The part of "Perry" will be taken by Milton Randolf.

No admission will be charged but it has been customary to expect the occasional payment of dues from members and satellites and same will be collected to the extent of seventy-five cents apiece during and before the entertainment.

Come one, come all, is the good word passed out to the Scribes and their friends and help the "Noms" through a difficult work of art.

Finances for Publishing Sentinel Are Excellent

"As far as finances are concerned, the prospects for the Sentinel are very bright," said Harry Rooney, business manager. "We expect to put it out at a profit"

Walter Holkesvig has been appointed assistant business manager, and the number of advertisements is rapidly increasing. Of the cities visited by Rooney, Butte made the best showing, with \$400, Missoula second, and Helena third, with \$60.

The contract for printing the Sentinel was made with The Missoulian Publishing company Saturday.

MEMBERS OF R. O. T. C. WILL PUBLISH EDITION OF KAIMIN

The members of the R. O. T. C. will publish an edition of The Kaimin February 17. The edition will be non-razz and will contain a large amount of R. O. T. C. news. It is planned to have an eight page paper. The staff is as follows: Editor, Thomas Wade; associate editors, Ralph Stowe and Oakley Coffee.

John Mahan, a vocational student in law, is seriously ill at his home on South Fifth street east. Mr. Mahan was stricken with an attack of heart trouble while taking part in the investigation of the Veterans' Welfare Bureau in Helena. He was one of the three members appointed by Governor Dixon to conduct the investigation into the charges of inefficiency and squandering of money.

If Mr. Mahan follows the advice of his physician he will spend the next few months in a hospital.

FEBRUARY 10 IS DATE SET FOR CO-ED FORMAL

February 10 has been announced as the date for the Co-Ed Formal this year. Marie Dion has been appointed chairman of the committee for the dance. The dance will be given at the Elite hall, Sheridan's orchestra furnishing the music.

Chairmen for the following committees have been appointed: Decoration Colette Doherty; program, Marie Hennigan. Chairmen for the other committees have not yet been appointed.

The Co-Ed Formal has been one of the big dances of the year for many years, and every effort is being made by the committee in charge to make this dance a big success.

MEMORY OF FORMER MEMBER IS HONORED

The following resolutions upon the death of Mayme Carney, who died in a hospital in Butte, January 5, after having undergone an operation, were adopted by the Mathematics club in its last meeting:

Whereas, in the death of Mayme Carney, on January 5th, we, the Mathematics club of the State University, feel that this organization has suffered a distinct loss; that the family has lost a kind and affectionate daughter and sister; and the state a worthy citizen; and,

Whereas, in her life and character there were manifested attributes of courtesy, loyalty, honor and a devotion to those high ideals which make for a life worthy of emulation;

Therefore, Be It Resolved, That in the death of Mayme Carney, the Mathematics club of the State University has lost a loyal member, one to whom it owes much, and that the State University has lost a student who was untiring in her efforts exerted for its welfare, one who ranked high in scholarship as well as in laudable extra-curricular activities, and one of whose record the University might well be proud.

And, Be It Further Resolved, That a copy of these resolutions be spread in full on the minutes of the Mathematics club of the State University, and that a copy be sent to The Kaimin for publication.

And, Be It Further Resolved, That a copy be sent to the family of our deceased friend and fellow student.

Kitchenette and Library Added to Art Department

A kitchenette and library have been installed in the offices of the art department for the students' use. The kitchenette is equipped with an oil stove and the necessary dishes for making and serving of impromptu "feeds" such as coffee, fudge and other things relished by the artists.

The library contains many practical books and magazines of art, advertising and designing. Steps have been taken to make the students as well as the visitors feel as much at home as possible.

MEETING OF MORTAR BOARD HELD AND PLANS ADOPTED

The Mortar Board held a meeting in the parlor of Craig hall, at five o'clock on Friday afternoon, with Miss Hilda Benson presiding.

Meetings will be held on the second Friday of every month at five o'clock in the Craig hall parlor. A fee of 50 cents per member was decided upon as the amount to be collected by a committee appointed by the president, with Miss Ethel Brockway, chairman.

FRESHMEN WIN FROM STEVENSVILLE FIVE

"Tiny" Cahoon Proves Himself Superior to Bitter Root Guards.

The basketball game between the Freshmen and Stevensville high school teams Friday night in the gym, resolved itself, toward the end of the first half, into a question of whether Tiny Cahoon or the high school team would score the larger number of points. And Tiny won, 14 to 12. The final score of the teams was 22 to 12.

The first half was close enough to suit the wildest fan. Johnson made a goal, Cahoon made three, besides two free throws, while Griffin for the scouastics made one and Sullivan three. Drew adding a point with a free throw, making the score 9 to 10. The second half turned out to be a melee, with the Frosh smothering the high school quintet. Cahoon again began making himself obnoxious to the Bitter Root rooters by making two baskets in rapid succession, one of them a spectacular one-handed throw. Johnson tossed one through the net, Cahoon made the next goal, and Burks and Rathmell, who replaced Guthrie, made four more points with pretty throws from the center of the floor. The three points scored by Stevensville were made by Dawson.

The summary:

Freshmen.	Stevensville
Guthrie	Davis
Lelt Forward	
Cahoon	Dawson
Right Forward	
Johnson	Griffin
Center	
Dahlberg	Sullivan
Left Guard.	
Burks	Drew
Right Guard.	

Substitutions—Freshmen. Anderson for Cahoon, Rathmell for Guthrie, Conroy for Rathmell, Phillips for Burks, Boehm for Phillips.

Goals—Burks, Johnson 2, Rathmell 6, Dawson, Griffin, Sullivan 3. Free throws—Cahoon 2, Dawson, Drew. Personal fouls—Cahoon, Dahlberg, Burks, Drew, Sullivan, Carpenter, Griffin, Dawson 2, Davis 2, Plummer. Technical fouls—Burks, Sullivan. Referee—Lansing.

DOCTOR FANNIE W. DUNN ADDRESSES CONVOCATION

Dr. Fannie W. Dunn, who is in Missoula as the principal speaker at the conference of county superintendents, now in session at the State University, addressed the student body on the subject, "The Problems of American Education," this morning at the regular convocation hour.

Dr. Dunn emphasized the importance of the rural school system in its relation to American education, saying that there is need of standardized equipment, university-trained teachers and improved buildings in the rural schools as well as in the city schools.

Dr. Dunn is a member of the faculty of Teachers' College, at Columbia University.

THETAS AND CRAIG HALL ARE VICTORS

Craig hall repeated her string of victories by defeating Delta Sigma Chi, by a score of 44-4 yesterday afternoon, in a pepless contest. The one-sided score was due chiefly to the fact that three regular members of the losing team were not able to play, these being Irene Hatheway, Elsie Thompson and Margaret Keiley.

Bonna Pearsoll made most of Craig hall's points, while Rita Jahreiss at center and Pearl Deegenhart, playing running center, kept the ball in action all the time.

Doris Gaily, Ovidia Gudmosen and Odna Allard played good ball in spite of the strong opposition which they received.

The second game played by the Coeds was a surprise to everyone. Kappa Alpha Theta nosed Kappa Kappa Gamma out of a victory by a score of 21-14. Kappa up until this defeat has been running a race with Craig hall for championship honors.

Vivian Bruneau, Helen Streit and Rozalind Reynolds played stellar ball for the winners, although each member of the team did her part in bringing them the victory.

At the end of the first half Kappa led by 12-10, but in the last half Theta came back strong and led all the time. Florence Sanden, Helen Newman and Anna Beckwith played a good game for the losers, but in the last half were so closely guarded that they were unable to roll up the score to any extent.

TRACK MEN TO REPORT FOR WINTER PRACTICE

Track men will report Wednesday afternoon for winter practice, according to Harry Adams, who is to be in charge. The workouts will all take place in the gymnasium.

Work with the medicine ball, pulling on the weights and all other exercises necessary to put the men in condition will go to make up the program of the track men. After a time, the sprinters, distance men, hurdlers and weight men will each be given special exercises which will help them in their own line. This year the men will have an opportunity to have indoor practice in starting, on the new starting board which has just been installed in the gymnasium.

Several men have already been working out in the gym to keep in condition and a good number more are expected to report when the work starts Wednesday.

AGGIE FRESHMEN TO MEET GRIZZLY CUBS

University Yearlings to Leave for Bozeman February 3; Two Games.

Grizzly cubs and Bob-kittens will tangle at Bozeman February 3 and 4, in a two-game series of basketball, according to Coach Harry Adams. The following Saturday the Freshmen will play the Billings Polytechnic on the University gymnasium floor.

No other definite dates have been set but, according to Coach Adams the list of games for the Frosh during February will include the Alberton high quintet and a team from Fort Missoula.

The Frosh have steadied down to hard practice and have met the Varsity three times a week for the past month on the gymnasium floor. Adams has developed a new system of signals, that has proven effective in the practice games with the Varsity and will be used in the coming game with the Aggies.

Cahoon, the husky forward, listed with the Frosh this year has given the Varsity guards much cause for worry, his weight going over 200.

Guthrie who has been given regular workouts at forward, is showing up well and coupled with the teamwork of Johnson at center and Dahlberg and Burks at guards, present a formidable organization.

Little is known of the make-up of the Bob-kittens with the exception that weight will go against the Cubs. Coach Adams refuses to comment on the possible outcome of the game with the Farmers, but is giving much of his time to prepare the Frosh for the coming game.

Cahoon, who was slightly injured in practice last week, has been back in the regular lineup for the past two practices.

Seven men will be sent on the trip east and will be accompanied by either Adams or Bierman. The regular lineup and list of men who will be taken on the trip will be announced in February.

Marion Coates, a major in the department of fine arts, has been compelled to discontinue her studies this quarter on account of illness.

UNIVERSITY GIRLS AID NEAR EAST RELIEF FUND CAMPAIGN

University girls living in town and senior girls from the Missoula high school assisted Mr. G. A. Ketcham, principal of the high school, in a drive for funds for the Near East Relief Saturday.

A booth in front of a downtown store formed a sort of base of supplies for the girls who worked by shifts of three hours each.

VARSITY VODVIL ON FEBRUARY 11

First Tryouts on February 1;
Bill Hughes to Be
Show Manager.

The first tryouts for Varsity Vodvil will be held on February 1, according to Bill Hughes, who was made manager of the show this year, at the regular meeting of the central board last Friday. The show itself will be held at the Liberty theater on February 11.

The work for the annual show has already been started, stated Mr. Hughes, and several posters advertising it will be ready soon. The acts this year for the tryouts must be made out in full and not sketched. It is announced that two cups, one for a down stage and one for a full stage act, will be awarded. All organizations who are going to put on acts must give notification by January 28.

The board also elected Bill Hughes as temporary yell king until an election can be held. The regular election for the office will be on Wednesday, January 25. All petitions must be in by Friday, January 20. The board authorized the ordering of a new sweater for the yell leader.

The Student Friendship Fund campaign was also discussed at the meeting of the board. The campaign started yesterday and the plans for it were presented at convocation today.

BUILDING CONTRACTS LET BY STATE BOARD

(Continued from Page 1.)

been done. It is estimated that the library and the residence halls will be completed by October 1.

Necessary additional funds will be appropriated from the money remaining from the bond issue. To accomplish this it is necessary for the state board of education to recommend additional appropriation to the state board of examiners whose authorization must be obtained.

"Letting of the contracts to big contracting firms avoids delay in getting materials and means that buildings will be rushed to completion," said President Clapp yesterday.

75 Bids Submitted.

A total of 75 bids were presented. They were opened Saturday. It is thought that bids for work on the new forestry building and the gymnasium will exceed the appropriation by very little and that no permanent curtailment of the building program will be made necessary. Bids for this work will be opened January 21.

The library building will be 150 feet long by 80 wide. Rest rooms, store rooms, and work rooms for the library will occupy the basement. The first floor will comprise class rooms, and offices, probably for the English, history and economics departments. The second floor will be for the library proper. There will be a reading room 150 feet by 40 feet, librarian's office and stacks, which will extend up into the third floor. The building be finished with faced brick, similar to that of the New Science building.

The women's dormitory will be 40 feet by 210 feet. It will be a three-story building with a full basement. It will accommodate 90 women. The men's dormitory will be similar, but will accommodate 100 students.

Work on the foundations for the residence halls will be resumed as soon as weather permits, probably some time next month.

HOBO CLUB DANCE HAS SELECT CROWD

Kendall Dexter and 29 other hoboes took their girls to the Hobo club dance at Schreiber's jungle Friday night, where they had a helluva time. The raggy ones did double time toddles to one of Sheridan's orchestras until one of the most respected traditions of the W. S. G. A. interfered with the course of events at midnight.

The old time custom of attending the Hobo club annual dressed in raggy apparel was not respected Friday night by over half of those in attendance. However, a few of them did dress like bums and they all say they had a bum time so we guess it was a bum dance after all.

MISSING LINK MARS STUDENT'S THROAT

Half an apple is better than none, according to Charles Nickolas, who has returned to classes minus half of his thyroid cartilage after an X-ray examination, which revealed that half of his Adam's Apple was resting four inches below its natural position, due to an injury sustained while practicing basketball in the gymnasium during Christmas vacation.

The missing half caused Nickolas two weeks' confinement to St. Patrick's hospital, while doctors were endeavoring to replace it. After the X-ray, it was decided to postpone an operation pending the effect of the position of the misplaced cartilage on Nickolas' voice.

DR. UNDERWOOD RETURNS FROM EXECUTIVE MEETING

Doctor J. H. Underwood returned from Bozeman yesterday where he attended a meeting of the executive committee of the State Teachers' association. The work of the committee consisted in making preliminary arrangements for organizing district and local branches of the state association, which will be taken up at the convention of the association next fall.
