Bringing Real Life to the Classroom

Susan Danial-Azer, RN, MSN, CDE, Northampton Community College | Tiffany Epting, MSN, RN, Lehigh Valley Health Network
Mariellen Hittner, RN, BSN, Northampton Community College

It's practice without risk! Live actors expose participants to a variety of simulation-based scenarios, allowing them to respond without fear of harming a real patient. Knowledge and skills performance are evaluated confidentially, so participants benefit from direct, constructive feedback in real time!

c b i

““

It gave us wider understanding of all that's taught in the classroom and on the unit.

““

The realistic approach to the experiences we'll deal with every day on the job.

96% of our students agree:
Simulation cases improve
job performance and productivity!
