BIBLIOGRAPHY

This bibliography is not restricted simply to the study of popular music. There is an extensive literature on the history of popular music. It is intended rather, in conjunction with the references for the paper, to give a feel for the development of a critical musicology which it was argued was necessary for the successful teaching of popular music in the university.

Journals

- International Review of the Aesthetics and Sociology of Music**, published from the Institute of Musicology, Zagreb, Yugoslavia and edited by Ivo Supicic.
- Popular Music**, published by the Cambridge University Press and edited by Richard Middleton and David Horn.
