Information Items

Dr. Walker, Interim Provost and Vice President for Academic Affairs, reported on additional new faculty hires for the 2015-2016 academic year. These are:

Dr. Sarah Boehle, Business Administration
Ms. Kristina Darnell, Allied Health (Radiology)
Dr. Jodi Dunham, Teacher Education
Mr. Sean Forster, Nursing
Ms. Mariah Woodward, Allied Health (Dental)
Mr. Bryan Edwards, Rehabilitation & Sport Professions (effective 1/11/16)

For the 2015-2016 academic year, there are 150 full time faculty, with 75 in the College of Arts and Sciences, 71 in the College of Professional Studies, and 4 in University College. Of these, there are 37 Professors, 38 Associate Professors, 45 Assistant Professors, 17 Senior Instructors, 2 Instructors, and 11 Visiting Faculty. Additionally, there are 4 One Semester Temps.

Dr. Walker reported that in accordance with the SEA CBA, the annual Faculty Professional Day was held on Friday, August 28, with approximately 150 present, including faculty and a few administrators and staff. Faculty were recognized for promotions, advanced degrees, and service. General academic information was shared. The 7th annual Adjunct Dinner was held on August 18, to share academic information with those faculty and give them an opportunity to sign their contracts. Approximately 120 attended this event. The New Faculty Welcome Breakfast was held on August 20, to welcome and orient our new faculty to campus. Eighteen new faculty attended, along with approximately 30 support staff, department chairs and administrators.

Mr. Trusz reported on the 2015 Student Orientations. Orientation attendance was down slightly with 1,181 attending for the current year and 1,279 attending in 2014. Orientation dates are set for spring semester: Thursday, December 17 and Tuesday, January 5.

Mr. Trusz presented the Felony Report detailing trends. This information is tracked by Ms. Marcie Simms, Dean of Students, and Mr. Richard Schisler, Judicial Hearing Officer. During Fall

semester, there were 31 registered student felons. Most common convictions have been possession/distribution of drugs and theft.

Mr. Trusz presented an update on the Fall Student Housing Occupancy. There are 884 students living in housing, down slightly from 922 residents in Fall, 2014.

Ms. Cassandra Mullins, President, Student Programming Board, reported on SPB activities. More than 550 new students participated in the carnival sponsored by the SPB during the Weekend of Welcome "WOW" event. The SBP also sponsored several events during the first week of classes including Green Screen Photos with Shawn E. Bear, Craft and Laugh, Bingo, and 4th Friday Movies. The SPB has nine student chairpersons for programing events in the following areas: Special Events, Diversity, Advertising, Gaming, Historian and Late Night Thursdays.

Mr. Mark Moore, Registrar, presented the 15th Day Enrollment Report for Fall Semester 2015 and the Five Year Comparison Report. Total fall 2015 headcount is 3881, down 349 student from 2014. This is an FTE of 3376 for 2015, down 254 from 2014.

President's Report

President Kurtz welcomed newly appointed Board member, Mr. Scott Evans, and said he appreciated and thanked him for accepting this challenging position.

He said that today was Ms. Joyce Moore, Secretary in the President's Office, and Dr. Alan Walker's last day with SSU. He said Ms. Moore was retiring and Dr. Walker had accepted a presidency with another university. President Kurtz said that Dr. Jeff Bauer had agreed to serve as Interim Provost while the University conducted a nationwide search.

President Kurtz then handed out a reminder to Board members concerning the upcoming Trustee Conference to be held in November in Columbus.

President Kurtz spoke to the Board regarding the budget and strategic plan and the role of the Board in regard to the strategic plan that was outlined at the retreat held in July.

President Kurtz added that a number of action teams have been formed within the university to address specific functional areas of need and interest, such as enrollment and student services, and technology. Chairman Howarth asked how the engagement of a consultant for strategic planning aligned with our plan to spend from the university reserve only for critical needs in the budget deficit. President Kurtz suggested that there are several programs with the potential for significant growth, but that the university needs to define a clear and concise mission, vision and set of values that will act as guiding principles to drive that growth forward. The investment in strategic planning will do just that.

1.0 PURPOSE

Shawnee State University (SSU) has an obligation to ensure that housing policies and programs exist that will maximize the educational potential of the residential life of the University.

2.0 RESIDENCE LIFE AS AN EDUCATIONAL EXPERIENCE

2.1 In addition to the other forms of education it practices, Shawnee State University endorses and supports the particular value of higher education as provided by a residential campus community. Residential settings offer students unparalleled opportunities to gain from social interactions and other life experiences that characterize on-campus housing and dining.

2.2 When residential living is part of an organized program, the educational and personal gains from simple access and participation can be substantial. For these reasons, SSU develops and maintains programs that ensure the residential experience contributes in significant ways to the total education of students.

3.0 UNIVERSITY HOUSING REQUIREMENTS, RESTRICTIONS AND PROHIBITIONS

3.1 As a condition of admission and continued enrollment, all freshmen students in their first year of attendance who live more than twenty-five (25) miles from campus are required to live in University housing, to the extent that space is available, and to take their meals in dining facilities as provided in meal plans

Certified as True and Correct

Secretary, SSU Board of Trustees Date 12-1-15

approved by the University. Under this policy a freshmen is defined as a student who has not earned college credit beyond high school graduation.

3.2 Exceptions to the on-campus housing requirement for freshmen include the following: married students, single parents, veterans, and students over the age of 23, transfer students, students living with their parents, and other extraordinary circumstances as determined by the Vice President for Student Affairs.

3.3 Individuals Prohibited From Student Housing

3.3.1 Felons and convicted sex offenders are prohibited from living in and/or visiting University-owned or managed residential facilities.

3.3.2 The University may exclude other individuals from University housing based upon health, safety and/or conduct reasons in accordance with procedures and/or guidelines approved by the President.

4.0 TERMS AND CONDITIONS FOR STUDENT RESIDENTS

As a condition to living in student housing, students will be required to agree to requirements established by the University, which may be in the form of a housing contract. Failure to fully and accurately complete the contract may be a reason to exclude a student from University housing. The housing contract form shall be approved by the Vice President for Finance and Administration.

5.0 The board of trustees will retain authority for establishing rates for residential housing and meal plans.

6.0 GUIDELINES

The University will have a guideline for student housing and residence life that may be produced in electronic form. Such guideline will be approved by the President.

“WOW” -Weekend of Welcome 2015

From Friday, August 21st through Sunday, August 23rd, SSU offered the opportunity to new and transfer students to become fully immersed in the SSU community through a variety of activities, educational sessions, and service. Student Affairs sponsored WOW once again and added new activities such as a 5K and a blood drive. Both housing and commuter students had the chance to meet professors, deans, administrators, and fellow students during WOW. Approximately 550 students earned “WOW Bucks”, won prizes by attending events, and received their first SSU T-shirt at Bear Beginnings.

Looking Forward

1. Continuing our traditions each month
 - a. Bingo and \$4 Friday are very successful events that
2. Expanding on events that went well last year
 - a. Color War
 - b. Karaoke
 - c. Game shows (e.g. *Are You Smarter than the Faculty?*)
3. Trying new things
 - a. Revamping our Gaming events-*Yu-Gi-Oh* tournaments, keeping SPB up to date with current trends, reaching out to wider audiences to meet the needs of the student body
 - b. Fall Festival
 - c. Fear Factor
4. Collaboration
 - a. Looking forward to working with the Office of the President and the Office of

RESOLUTION F24-15

APPROVAL OF FY2016 OPERATING BUDGET

WHEREAS, the University has been operating under FY2015 continuing spending authority as provided by Resolution F21-15 (copy attached); and

WHEREAS, the University has received a projected state share of instruction (SSI) allocation for FY16 and revenue projections have been developed based on this projection, state supplement, Board-approved tuition and other fees, and enrollment projections for the upcoming academic year; and

WHEREAS, planned expenditures have been estimated anticipating operational, personnel, and programmatic needs of the University that include known and estimated inflationary factors; and

WHEREAS, the President of the University recommends adoption of the proposed budget;

THEREFORE BE IT RESOLVED that the Board of Trustees of Shawnee State University approves the proposed operating budget for fiscal year 2016 as summarized in the accompanying exhibits.

(September 11, 2015)

RESOLUTION F21-15

CONTINUING UNIVERSITY SPENDING AUTHORITY

WHEREAS, the state of Ohio has not determined higher education funding support or established tuition and fee increase parameters for the fiscal 2016 -2017 biennium; and

WHEREAS, other external factors including ambiguity related to the State's SSI allocation are resulting in an extraordinarily uncertain budgetary planning environment; and

WHEREAS, due to these conditions and timing constraints, it is necessary to take steps to continue to meet University financial obligations, including payment of salaries and the reallocation of resources for identified needs prior to the time that the FY16 operating budget will be finalized and approved; and

THEREFORE BE IT RESOLVED, effective July 1, 2015 the SSU Board of Trustees approves continuing University Spending Authority consistent with the level of resources as approved for fiscal year 2015 until such time in FY16 that state funding levels of support have been determined and the FY16 operating budget is approved by the Board.

FY16 Budget Highlights

GENERAL FUND REVENUE

STATE FUNDING

Capital Component – A scheduled payout of funds remaining from previous State of Ohio capital bills, this amount remains steady for FY16, but will decline to zero by FY19.

State Share of Instruction (SSI) – The amount SSU is projected to receive through the performance-based funding formula for Ohio higher education, which rewards course and degree completion. This figure will be adjusted mid-year, once final course completion counts and degrees granted are known for all fourteen Ohio public universities. The direction and magnitude of that adjustment is unpredictable, because it redistributes the state funding pool among all fourteen schools based on their relative performance. During FY15, the mid-year adjustment increased SSU's allocation by \$276,201.

State Share of Instruction (Access Challenge) – An amount set aside for six institutions that serve an access mission in their communities. SSU's allocation has remained steady since FY09, but will be cut by one-third in FY16, decrease by the same amount in FY17, and decline to zero in FY18.

Student Support Services (Disabilities) – A pool of funds designated to assist campuses that spend more than the statewide average per student on support for students with disabilities. This allocation is calculated in the spring, and distributed once per year, with the May or June SSI payment. SSU's disability spending per student full-time equivalent (FTE) exceeded the state average in both FY14 and FY15.

Supplement – A line item in the state operating budget originally created to support SSU's transition from a community college to a university. The amount will remain steady for FY16 and FY17, but must be expended in alignment with the supplement plan submitted during the FY14-FY15 biennium. The goals of that plan were to improve course completion, increase the number of degrees conferred, and further SSU's mission of service to the Appalachian region.

TUITION & STUDENT FEES

Revenue from student tuition and fees is expected to decrease in FY16, as a result of lower undergraduate enrollment. Budgeted amounts are based on the first day of Fall 2015 enrollment, which indicates a 7.9% decrease in billable undergraduate hours, and a 14.3% increase in billable graduate hours relative to FY15. Course and Miscellaneous Fees, the University Center Bond Fee, and undergraduate General, Instructional, and Technology Fees remain unchanged for FY16. Graduate Instructional, General, and Technology Fees, as well as the undergraduate and graduate Non-Resident Surcharges, increased by 2.73% for Fall semester 2015.

OTHER INCOME

Indirect Cost Recovery will decline because some Federal grants have ended. Miscellaneous Income, which includes ticket sales, facilities rentals, vending income, and camp fees, is budgeted just under the three-year average for FY16.

SUPPORT TRANSFERS FROM OTHER FUNDS

This budget eliminates reliance on fund balances (prior year surpluses) in the Agency and Auxiliary funds to support the General Fund. Support from current-year income in the Auxiliary fund continues to defray the cost of custodial and maintenance services to auxiliary operations, as well as psychological counseling for students.

GENERAL FUND EXPENSES & TRANSFERS

COMPENSATION

The salaries budget assumes that only critical vacancies will be filled during FY16, while other vacant positions will be restructured or frozen. A 2% pool is included in this line to cover contractual increases and other adjustments. The benefits line reflects adjusted expense rates for unemployment and workers' compensation benefits, and estimated health care claims.

NON-COMPENSATION

Most categories reflect minor adjustments relative to FY15. Equipment, Buildings, and Property costs vary each year with the size and timing of particular projects. FY15 was the first full fiscal year for External Professional Services as a separate category. The accuracy of projections for this line will improve with another year of performance data.

SUPPORT TRANSFERS TO OTHER FUNDS

Support transfers remain steady to the Agency Fund, which includes student organizations such as Intramural Sports, the Silhouette literary and arts magazine, Student Government Association, Student Programming Board, and University Chronicle student newspaper. Transfers to Auxiliary are increased to replace operating funding that was drawn from Auxiliary fund balances in FY15. Transfers to the Plant Fund are reduced because less revenue is expected from the University Center Bond Fee. 100% of the proceeds from that fee are transferred to the Plant Fund for debt service on the U.C. bond.

GENERAL FUND OPERATING DEFICIT

A use of \$2,418,990 from general fund balances is proposed. While the university made progress in recent years toward reducing its operating deficit, the Fall 2015 enrollment decline exceeded expectations. SSU will work to gradually reduce this deficit over time, by focusing on revenue generation, as well as cost containment. The university's strategy is five-fold:

- 1) Marketing – evaluate and implement innovative strategies.
- 2) Enrollment Management and Student Success – improve effectiveness in student recruitment, enrollment, retention, and graduation.
- 3) Grants – pursue funding to support and enhance programming.
- 4) Advancement – cultivate new partners; build mutually beneficial relationships.
- 5) Events and Conferences – increase the use of campus facilities, particularly in the summer.

AUXILIARY FUND

While the FY16 budget eliminates the use of Auxiliary fund balances to support other funds, \$18,000 from previous years' General Fees, which are dedicated to student services, will be used within the Auxiliary accounts to continue expanded hours for psychiatry support in Counseling & Health Services.

AGENCY FUND

Annual operating support for these student organizations remains unchanged. As indicated by the surplus/deficit pattern for the last few years, several of these organizations will save funds in one year to spend more on an expensive event the following year. Student leaders must plan carefully for this alternating pattern.

PLANT FUND

While support from the Student Bond Fee will decrease in FY16, this is offset by an increased support transfer from Housing Operations in the Auxiliary Fund. As planned, payments on the capital lease will require some use of Plant Fund balances in each year of the payment schedule.

- 1.0 It is important at Shawnee State University to provide all employees with an opportunity to resolve concerns they may have about their roles, working conditions, application of University policies, and other matters. The University encourages open communication between employees and supervisors.
- 2.0 This policy applies to Administrative Staff (Administrators / ATSS) only. Matters such as discrimination and harassment will be addressed through other university policies. Administrative employees may have their concerns addressed through both informal and formal processes described in the related procedure. Administrators with supervisory responsibility at all levels of the University will make reasonable efforts to resolve the concern in a timely manner.
- 3.0 Administrative employees have the right to disagree with a University process or decision, but that does not automatically mean the process or decision is unreasonable, unfair, or discriminatory; disagreement also may not change the decision or the process.
- 4.0 No employee will be retaliated against for using the University's concern resolution process in good faith.

SUBJECT:	CONCERN RESOLUTION FOR EMPLOYEES NOT INVOLVING CONTRACTUAL MATTERS	APPROVED BY:	

1.0 PROCEDURE

- 1.1 By means of the procedures that follow, Shawnee State University guarantees an opportunity for all employees to express a concern. The resolution of certain concerns (such as sexual harassment, discrimination, etc.) may be addressed through other policies, which can be identified by the Personnel Department.
- 1.2 Friendly discussion of the problem with the supervisor is encouraged. Such problems should be resolved at the earliest stage of discussion. The supervisor should notify the next level of management that a concern has been filed.

2.0 PROCESS

- 2.1 **Informal open meeting with immediate supervisor.** This should be a friendly discussion of the situation at hand. After this meeting, should the employee wish to start the formal concern resolution procedure, he/she will need to get the proper paperwork from the Personnel Department. If the staff member does not take the concern to the next step within two weeks, the matter shall be considered resolved. If a supervisor does not respond in a timely manner (typically within two weeks), the concern can be taken to the next step of the formal procedure. The supervisor at each level will send the original copy of their decision to Personnel with a copy to the next level supervisor.
- 2.2 **Formal meeting with immediate supervisor.** This meeting should typically take place within seven (7) working days from the date of filing the formal paperwork. The supervisor and the employee shall make every effort to resolve the problem. The supervisor will typically respond within seven (7) working days to inform the staff member, the Personnel Department, and the next level supervisor of the decision in writing.
- 2.3 **Meet with next level supervisor.** If the concern is not resolved in 2.2, the employee will submit in writing, after receiving the written decision from their immediate supervisor and within the time frame established in 2.2, a request for a meeting with the next level supervisor. This meeting will include the employee, the employee's immediate supervisor, and the next level supervisor. The next level supervisor will typically have seven (7) working days to inform the employee, the employee's immediate supervisor, and the Personnel Department of the decision in writing. If the supervisor at this level is the Divisional V.P., the matter automatically skips this step and proceeds to 2.4.
- 2.4 **Meet with Divisional V.P.** If the concern is not settled to the employee's satisfaction after the meeting in 2.3, the employee may submit in writing a request to meet with the Divisional V.P. The V.P. shall meet with the employee typically within seven (7) working days after receiving written notice from the employee. The employee or the V.P. may

request an open meeting with all parties involved. The V.P. will submit in writing his/her findings to all involved parties.

- 2.5 **Meet with the President.** If the decision is still not satisfactory to the employee, he/she may request in writing a meeting with the President. The President will review, request any additional information needed, and then meet with the employee and Divisional V.P. within the typical time frame. The President shall reply to all parties involved, in writing. The President's decision will be final.
- 2.6 **Filing of forms.** The original copies of all forms must be filed with the Personnel Department. If needed, copies may be requested by contacting the Personnel Department. These forms will not be placed in the employee's personnel file.

1.0 STEP 1 – INFORMAL MEETING WITH IMMEDIATE SUPERVISOR

A meeting should be scheduled for a collegial conversation about the concern between the employee and immediate supervisor. In many cases, the concern can be resolved during the meeting. If it cannot be resolved at that meeting, or if more a more complex series of actions are required, a plan to address should be developed within two weeks of the informal meeting. It is expected that this informal meeting process can be followed to resolution.

2.0 STEP 2 – FORMAL MEETING WITH THE IMMEDIATE SUPERVISOR

2.1 If no discernable action has taken place after two weeks have passed, the employee has the opportunity to move to the next step of the process – a formal meeting with the immediate supervisor. This step is initiated by the employee through a Concern Resolution Form. The employee will complete the form and submit copies of the form to the immediate supervisor and the Director of HR (or Associate Director of HR if Director is unavailable)

2.2 Normally within seven days of submitting the form, there will be a formal meeting between the employee and supervisor. An HR representative may be in attendance if invited by either the employee or supervisor. Records of the discussion and outcome will be generated. Within seven working days after the formal meeting, the supervisor will inform the employee of his / her response in writing, with a copy to the HR Director or designee.

3.0 STEP 3 – FORMAL MEETING WITH THE NEXT LEVEL SUPERVISOR (IF ORGANIZATIONALLY APPROPRIATE)

If the concern cannot be resolved at Step 2, the employee can choose to request a meeting with the next level supervisor. An HR representative may be in attendance if invited by either the employee or next level supervisor. Records of the discussion and outcome will be generated. The next level supervisor should schedule a meeting within seven days of the request; the meeting may or may not occur within that seven day window. In this

meeting, the documentation from the previous steps will be reviewed, and the participants will explore the reasons why the concerns have not been resolved. Within seven working days, the next level supervisor will inform the employee, the immediate supervisor, and HR of the decision and any corresponding course of action to be taken.

4.0 STEP 4 – FORMAL MEETING WITH THE DIVISIONAL VICE PRESIDENT

If the concern cannot be resolved at Step 3, the employee can choose to request a meeting with the Divisional Vice President. An HR representative may be in attendance if invited by either the employee or Vice President. Records of the discussion and outcome will be generated. The Vice President should schedule a meeting within seven days of the request; the meeting may or may not occur within that seven day window. In this meeting, the documentation from the previous steps will be reviewed, and the participants (the employee and the last supervisor to review the concern) will explore the reasons why the concerns have not been resolved. Within seven working days, the Vice President will inform the employee, all involved supervisors, and HR of the decision and any corresponding course of action to be taken. The decision of the Vice President is final.

RESOLUTION F27-15

APPROVAL OF PLAN FOR STUDENT COST REDUCTION

WHEREAS, in accordance with HB64, Section 369.600, the board of trustees of each state institution of higher education is directed to develop and implement a plan to provide in-state, undergraduate students the opportunity to reduce the student cost of earning a degree by five percent; and

WHEREAS, not later than October 15, 2015, the board of trustees of each state institution of higher education shall submit the Plan required under this section to the Chancellor of Higher Education; and

WHEREAS, the President initiated a collaborative effort to identify and assess cost drivers that are applicable to in-state, undergraduate students, and a Plan that identifies current and potential cost-saving strategies has been developed;

THEREFORE BE IT RESOLVED, that the Board of Trustees of Shawnee State University hereby approves the attached Plan for Student Cost Reduction.

(September 11, 2015)

Name of Institution: Shawnee State University

Legislative Requirements

House Bill 64 Section 369.600 requires the board of trustees of each state institution of higher education to develop and implement a plan to provide all in-state, undergraduate students the opportunity to reduce the student cost of earning a degree by five per cent.

Plans are due to the Chancellor by October 15, 2015.

Total Cost of Attendance at Institution

Please provide a breakdown of average tuition, fees, room, board, textbooks, etc., for a full-time student, living on campus. (Add explanation as necessary)

Type of Cost	Average Cost (Dollar Amount)
Tuition/Fees	\$7,366
Room/Board	\$9,766
Books/Supplies	\$1,440
Transportation	\$ 920
Personal	\$2,760
Loan Fees	\$ 74
Total: \$22,326 / academic year	

Outline Options for reducing costs:

(1) Reducing the credit hours required to complete an associate or baccalaureate degree offered by the institution

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
While ensuring continued compliance with accreditation standards for SSU's health science programs, consider reducing the credit hours for specific clinical courses by changing the credit to clock hour ratio. For example, instead of receiving 4 hours of credit for 8 hours of a clinical experience (ratio of 1:2), a student would earn 2 hours of credit for 8 hours of a clinical experience (a ratio of 1:4), reducing the tuition cost for these courses by half. Ensure all clinical lab courses follow the same credit to clock hour ratio.	↓ 2hrs = \$613.68 X 6 courses = \$3,682.08	8.2% for associate degrees; 4.1% for baccalaureate degrees.
Examine all courses over 3 credit hours. Restructure and reduce hours where possible. 15.5% of SSU's courses are greater than 3 hours.	1hr = \$306.84; 2hr = \$613.68.	2.7-8.2% per term for students in affected majors.

(2) Offering a tuition discount or rebate to any student that completes a full load of coursework, as determined by the board of trustees. ("Tuition" means the instructional and general fees charged by a state institution of higher education.)

 Certified as True and Correct
 Secretary, SSU Board of Trustees Date **12.1.15**

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
SSU's undergraduate tuition is the second lowest among the 13 university main campuses, so we need to develop a tuition discount or rebate with caution. We will explore reallocating existing university scholarship dollars to incentivize retention, persistence, and the completion of full course loads.	To be determined	To be determined

(3) Offering a tuition discount or rebate or reduced tuition option to students enrolling in a summer semester or quarter ("Tuition" means the instructional and general fees charged by a state institution of higher education.)

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
Investigate offering a 10-20% tuition discount for summer term if a student completes a full load (30 semester hours) during the regular academic year.	\$92-\$736, depending on summer course load and amount of discount.	Up to 1.6% for associate degrees; up to 2.5% for baccalaureate degrees.

(4) Offering online courses or degrees

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
Work with the faculty to develop online offerings to satisfy the majority of SSU's General Education Program requirements. Because 34 hours of each baccalaureate degree are GEP requirements, this would avoid up to two semesters' transportation costs.	\$920	2.1% for associate degrees; 1.0% for baccalaureate degrees.
Bachelor of Science in Nursing major requirements are offered online; student can avoid transportation costs for up to 4 semesters.	\$1,840	2.1% of degree cost.

(5) Reducing the cost of textbooks using cost-saving measures identified and implemented by the board of trustees

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
Build on the success of our existing textbook rental program by encouraging faculty to adopt course materials earlier. Rentals save students up to 80% off the new price.	\$400,000 total savings for SSU students achieved during AY14-15.	Up to 5.2%.
Encourage the adoption and purchase of digital textbook options. Currently, 31% of SSU's titles are offered digitally, but we have a penetration rate of only 1.3%.	To be determined	To be determined

Explore the adoption and delivery of open educational resources. Our bookstore partner is implementing a software solution to support the selection and delivery of these materials, beginning with the fall 2016 term.	To be determined	To be determined
Explore including the cost of course materials in the fees for certain courses, which may allow negotiation of lower purchase prices for those materials with the publishers.	To be determined	To be determined
Developmental Math has adopted one textbook with appropriate software for use in all DE math courses, allowing students to use the same materials for up to four sequential courses, including college-level statistics.	Up to \$450 for students needing multiple courses in the sequence.	Up to 1.0%.
Faculty have adopted an open source e-text for Calculus courses, which can be downloaded at no cost to students.	\$150	1.3% for the term.
A popular General Education science course for non-science majors has moved from a textbook to faculty-authored handouts.	\$100	0.9% for the term.
SSU has paid faculty members \$2,000 - \$4,000 to develop lab manuals that are used in all sections of the following courses: General Chemistry 1, General Biology 1 and 2, Physics 1, and Calculus-Based Physics 1. An additional manual for Intro to Organic Chemistry and Organic Chemistry 1 will be ready for Spring semester 2016. In most cases, the student savings from these alternative materials will exceed the university's investment within one academic year. SSU will explore other subjects in which this may be a feasible model.	\$43-191 per student, per course (some students take up to four of the affected courses).	Up to 0.5% of the cost of a Natural Sciences or pre-med baccalaureate degree.
Faculty in the Computer Aided Drafting & Design and Digital Simulation & Gaming majors have compiled and adopted open source software, notes and lab exercises, resulting in cost savings for students.	\$100-\$150 per traditional textbook not used.	Up to 3.0% for majors.

(6) Incorporation of remediation in the coursework and curriculum of credit-bearing courses

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
The University College and Math Department are piloting a co-requisite math course during Fall 2015. Students will be enrolled simultaneously in developmental math and college level math with support from the Math lab and tutoring. Successful students will reduce the time required to complete their math sequence by one semester.	\$920.52 (and prevent the need for an additional semester of enrollment).	2.0% for associate degree; 1.0% for baccalaureate degree.

(7) Offering a fixed rate of instructional and general fees for any additional credits taken by students above a full course load, as determined by the board of trustees

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
A flat overload rate that applies to a wide range of overload hours may discourage reasonable levels of overload for some students, and encourage unrealistic loads for others. SSU will explore discounted overload rates for enrollment in 18-21 semester hours, but a higher rate for 22+ credit hours, as many students are not prepared to handle excessive overload hours. (8) Offering fast-track degree completion programs

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
Explore 3+2 offerings to complete an undergraduate and graduate degree simultaneously.	Up to one year of undergraduate enrollment (\$22,326).	Up to 25%.
Academic program reviews are currently underway, which will address the possibilities for reducing the time-to-degree.	Up to one term of enrollment (\$11,163).	Up to 12.5%.

(9) Eliminating, reducing or freezing auxiliary fees ("Auxiliary fees" mean charges assessed by a state institution of higher education to a student for various educational expenses including, but not limited to, course-related fees, laboratory fees, books and supplies, room and board, transportation, enrollment application fees, and other miscellaneous charges. "Auxiliary fees" do not include instructional or general fees uniformly assessed to all students.)

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
All course, application, and miscellaneous fees, except housing and meal plans were frozen for AY15-16.	\$25-\$300 per student.	Up to 1.3%.
For two years, SSU has not passed along the full contractual meal plan rate to students. This saved the average resident \$41 in AY15, and \$84 in AY16. SSU will continue this cost-sharing approach to maintain the affordability of its meal plan options.	\$84 per residential student.	0.4% for affected students.

(10) Increased participation in the college credit plus program

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
Apply to ODHE for permission to charge the College Credit Plus default rates to students who are enrolled in high schools with which SSU has a	One year of undergraduate enrollment (\$22,326) for each 30 semester hours	Up to 50% of an associate degree; 25% of a baccalaureate.

Offer various plans to complete 30 semester hours/academic year within the College Credit Plus program.	One year of undergraduate enrollment (\$22,326).	Up to 50% of an associate degree; 25% of a baccalaureate.

(11) Offering programs to reduce or eliminate the need for remediation coursework

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
Partnering with our largest feeder high school (University College developmental Math instructor working directly with the high school Math department and students) to provide information on college ready placement and expectations for math coursework. The goal is fewer developmental math placements.	\$920.52 for each developmental course avoided.	2.1% for associate degree; 1.0% for baccalaureate degree.
SSU is piloting a program to offer students an opportunity to participate for free in the Math ALEKS Summer Bridge Program. The actual cost of the ALEKS is currently \$38 per student (subscriptions are paid by a local business partner). Students work over the summer on math skills and prepare for an assessment and new math course placement. In the pilot, students have advanced from one to four courses in their math placement sequence. Continuation of the program will hinge on the software cost, and the acceptance of ALEKS (as opposed to the ACT) as a placement instrument by the state of Ohio.	Up to \$3,682.08 and 4 terms (2 years) of time in the sequence.	8.2% for associate degree; 4.1 for baccalaureate degree.
Refer students with a Math ACT score below 13 to the Adult Basic Education program for remediation. There is no cost to the student for these services.	\$920.52 for each developmental course avoided.	2.1% for associate degree; 1.0% for baccalaureate.

(12) Other options offered by the institution

Option offered by the institution	Cost savings to student (Dollar Amount)	Percentage of total cost of attendance
Identify avenues to prevent charging course-by-arrangement fees to students, when the course is necessary for timely degree completion.	\$150 per credit hour.	Up to 4.0% per term for affected students.
Study the possibility of implementing a guaranteed cohort tuition rate, to stabilize financial planning for students and encourage timely degree completion.	To be determined	To be determined
