ONLY courses numbered 500 through 596 may be elected. No graduate course may be elected under any conditions if the total academic credit hours are more than 16. If any course is taken for graduate credit, student load restrictions in the graduate course load section apply (see General Information).

GENERAL INFORMATION

Academic Probation

If you are down honor points, you may not register for Group IV Education classes or elect Pass/Fail. If you have registered for education classes and subsequently placed on probation, your education classes will automatically be dropped.

Address Change

Whenever you change your address; local, home or billing; it is necessary that the University be notified by completing a Change of Address form found at the back of this booklet.

Audit

Courses may be audited subject to approval of the head of the department offering the course. Audit applications may be obtained at the Registration Office, Briggs Hall. No credit is awarded for a class audit. Tuition and fees for auditing are the same as for enrollment in courses where credit is elected. Check the University Calendars for deadlines concerning audits.

Cancellation of Registration/Complete Withdrawal

Once you have verified your registration and classes begin, failure to attend class or to complete payment of tuition does not change enrollment status or absolve you from financial or academic responsibilities. You should withdraw from the University as quickly as possible to avoid receiving failing grades. Complete withdrawal from the University is made at the Registration Office, Briggs Hall, by completing the form found on the inside back cover of this booklet or submitting a letter to the Registration Office.

Certificate Of Registration

Upon payment of your tuition and registration fee, your Student Identification picture will be validated for the semester/session. Either a course confirmation or student ID card is required for program adjustment.

GENERAL INFORMATION (Continued)

Course Confirmations

Course confirmations are mailed to the student's local address. You are responsible for the classes as listed. Check them carefully. Adjustments must be made in person at the Registration Office, Briggs Hall. Bring your course confirmation or validated student ID for program adjustment during the prescribed program adjustment period (see University Calendars).

Course Fees—Special Assessments

All students accepted for private music lessons will be assessed an applied music fee. This fee is assessed at the close of the program adjustment period and is non-refundable after the first lesson. Additionally, fees are assessed at the close of the program adjustment period to cover extra costs and materials involved with certain courses. At present, these courses carry special fee assessments:

Fine Arts	Multi-Media, Printmaking, Ceramics, Textiles, Jewelry, Sculpture, 3-D Design
Speech & Dramatic Arts	Fundamentals of Film Production
HPER&D	Snow Skiing, Trap & Skeet Shooting, Bowling, Recreational Shooting, Scuba Diving
Business Education	Typing Classes, Calculator Applications

Course Load

Undergraduate

During the Fall and Winter semesters, the recommended maximum full-time load is 16 hours (15 hours with Student Teaching) plus any activity hours elected. No student on academic probation may take more than a full load and no first semester student may take more than a full load without special permission from the Academic Services Center.

During the Spring and Summer sessions, a load of 8 hours, or 6 hours in the six-week session, including Pass/Fail courses, is the maximum. No student on academic probation may take more than a full load of 8 hours (6 hours in the six-week session) and no first semester student may take more than a full load without the special permission of the Academic Services Center.

GENERAL INFORMATION (Continued)

Course Load (Continued)

Graduate

During the Fall and Winter semesters, the recommended load for students employed full-time is 6 hours or two courses. Students not employed full-time may elect 12 hours. The course load for Spring and Summer sessions is 8 hours, or 6 hours in the six-week session.

Credit/No Credit

A credit/no credit option is utilized by departments in courses for which the standard letter grades do not seem appropriate. Such courses will be designated as ****CR/NC**** in the class schedule. All students taking such courses will receive either "CR" or "NC" in place of the letter grade. Neither "CR" nor "NC" will have any effect on the student's grade point average. Courses for which "CR" is received will count towards graduation requirements, and there is no limit to the number of such courses which may be taken by the individual student. The "CR/NC" courses elected by students does not count on the number of Pass/Fail courses that can be elected.

Graduation-Certification-Application

Students who anticipate completing graduation requirements must file a graduation application at the beginning of the semester in which they plan to graduate. A non-refundable application fee is charged: Undergraduate Degree - \$10.00; Masters and Specialist Degree - \$15.00. Undergraduate Degree applications are obtained from the Office of Academic Records and Teacher Certification. An application for Masters/Specialist Degree is included in this booklet (see Table of Contents).

Holds Placed on Registration

Eastern Michigan University makes use of a "hold card" procedure whereby a card is substituted for a student's registration cards to insure that the student is not allowed to complete registration until specific conditions which caused the use of the card are met.

GENERAL INFORMATION (Continued)

Holdings Placed on Registration (Continued)

Hold cards are used for the following general purposes:

Financial Hold Cards - A properly authorized agency of the University may place a hold card against a student who has not met a legitimate financial obligation to the University when due.

Judicial Hold Cards - A properly authorized administrative officer may place a hold against a student who has been suspended through due process procedures.

Conditions-of-Enrollment Cards - A properly authorized agency of the University may place a hold against a student who has demonstrated not to have fulfilled a duly established condition of enrollment.

Honors Courses

For eligibility to enroll for an honors section, consult the appropriate department.

Independent Study & Other "Arranged" Courses

Students registering for courses needing department permission or special assignment, such as Student Teaching, Applied Music, Independent Study and some Honors Courses must get the class card or written permission at the appropriate office before registering and submit it with the course requests. Without this authorization, such course requests cannot be accommodated. Students may register late without adjustment fee for Independent Study courses when approved by the Department Head.

Instructor Assignments

The University reserves the right to make necessary changes in instructor assignments as listed in this class schedule.

Off-Campus Classes

Eligible students (see Registration Procedures) may register for off-campus (Continuing Education) classes at the same time on-campus registration is completed either by mail or in-person.

GENERAL INFORMATION (Continued)

Pass/Fail Option

A Pass/Fail option is available to any regularly enrolled junior or senior in good standing (not on probation). The number of courses elected per semester is at the discretion of the student; however, only a maximum of six courses will apply toward graduation. Courses are restricted to free elective courses (those not on a major, minor, curriculum or the basic studies requirements for the particular student). No graduate courses may be elected for Pass/Fail credit.

The grade of pass, designated as "S" on the grade report counts as credit toward graduation and is issued to students earning grades of A, B, C or D. A "U" shall be issued to students earning a grade of "E". Neither a pass nor a fail shall be used in any way toward the calculation of the grade point average, but the pass credit hours count toward the total necessary for graduation.

A student who qualifies and wishes to elect this option should fill out a Pass/Fail form and submit it to the Academic Services Center, 229 Pierce, and allow at least one working day for processing the application. If approval is granted, the student takes the approval form to the Registration Office, Briggs Hall. No requests will be approved on the spot. The option may be cancelled up to the last day of classes before the official University scheduled final examinations. It may be applied to a course for which a student is currently registered up to the end of the University's "Drop" period. Consult the University Calendar for actual dates.

Program Adjustment

(Prior To The Withdrawal Period)

Students wishing to adjust their schedule (add, drop or change classes) may do so at the Registration Office, Briggs Hall. Consult the University Calendars for exact dates concerning adjustment periods, tuition credits/refunds, etc.

Repeat of Courses

To record a course as a repeat, you should notify the checkout clerk at the time of registration. A student may elect to repeat any course, regardless of the grade received, with the following provisions:

GENERAL INFORMATION (Continued)

13

Repeat of Courses (Continued)

1. No course may be taken more than three times, except by permission of the head of the department in which the course is offered.
2. No student may repeat more than ten different courses in the process of completing a baccalaureate degree, except by permission of the Academic Standards Committee.
3. All grades earned by a student will be retained on the permanent record.
4. Only the grade received the last time the course is taken will be used in compiling graduation credits and in determining the cumulative grade point average, regardless of where the course was taken originally or where it was repeated.

To assure that the grades for repeated courses have been re-calculated for the correct grade point average and academic status, students may check with the Academic Records Office, Room 5, Pierce Hall.

Withdrawals From Class (After the 50% Tuition Credit Period)

Undergraduates withdraw from individual classes at the Academic Services Center, 229 Pierce.

Graduates withdraw at the Registration Office, Briggs Hall, through the automatic withdrawal period (see University Calendars). After this time, individual withdrawals are made at the Graduate School, 116 Pierce.

WORKSHOPS, MINI-COURSES, ETC.

Courses Commencing at Start of Session

Applied Music lessons are provided for undergraduate and graduate music majors only as resources permit. Instruction for general students is not available during Spring session.

Courses of study are offered in: Applied Brass, Applied Keyboard, Applied Strings, Applied Voice and Applied Woodwinds.

REGISTRATION PROCEDURE

New Students: Music Audition and Theory Placement Required

Enrollment in curriculum in music and placement in Applied Music lessons and basic music courses are determined by the results of instrumental or vocal auditions and placement examinations in musicianship. New students may audition on February 12 or March 27, 1981. Audition applications must be postmarked at least 10 days prior to selected audition date. To arrange these tests, all new students should write to Robert Quayle, Music Department, EMU.

All Applied Music Students:

To register for Applied Music: a) obtain written authorization from secretary in Alexander Music Office (N101) and b) present authorization to Registration Office when registering for classes. Students who are not properly registered will be removed from the Applied Music lists.

Applied Music assignments are posted in Alexander Music building early in the first week of classes. The student is responsible for contacting the assigned instructor and arranging for a lesson during the first week of classes.

COLLEGE OF BUSINESS

A MEMO FROM THE DEAN

TO: All Business Majors, and Prospective
Business Majors

FROM: Joe Kent Kirby, Dean
College of Business

SUBJECT: Appropriate Course Sequencing

1. Appropriate course sequencing is essential to program integrity. Aside from the fact that AACSB accreditation requires that students take courses in the prescribed order, students get full benefit from their educational experience only when they take "tool" courses prior to taking courses in which the "tools" are to be applied. It is expected that faculty in the College of Business will routinely include problems, test questions, projects and readings in our upper level courses that require background provided in basic studies and our lower-level core courses.
2. Prior to taking any 300-level business courses or above, students must have achieved Junior standing, having successfully completed a minimum of 55 semester hours of university level work. Registration attempts for courses numbered 300 and above by ineligible students will be rejected by the computer.

- I. All students shall present for graduation two semester hours of physical education activity credit.
- II. This requirement may be met in the following ways:
 - A. Veterans with at least one year of active duty may substitute their military service credit in lieu of activity courses.
 - B. Any two semester hours of credit received for Military Science courses may, at the option of the student, be applied to fulfill the activity requirement.
 - C. Students who elect neither of the above options shall complete two semester hours in physical education activity courses. This requirement may be modified or waived if, for reason of age or physical disability, the student is unable to participate in physical education activity courses. Physical disability shall be determined by the Health Service and, in conference with representatives of the Department of Health, Physical Education, Recreation and Dance, a decision as to appropriate modification or waiver of the requirement will be made to ensure maximum benefit to the student.
- III. Any student may, on an elective basis, apply up to eight hours of credit for physical education activity courses to the minimum 124 credit hours required for graduation. Students majoring in Physical Education, Recreation, or Dance may apply to the minimum 124 credit hours the minimum number of hours in activity courses required for their respective majors. All grades received in physical education activity courses, including those which exceed the credit hour limits prescribed above, are used in computing the student's grade point average.

Applied Music lessons are provided for undergraduate and graduate music majors only as resources permit. Instruction for general students is not available during Summer Session.

Courses of study are offered in: Applied Brass, Applied Keyboard, Applied Strings, Applied Voice and Applied Woodwinds.

REGISTRATION PROCEDURE

New Students: Music Audition and Theory Placement Required

Enrollment in curriculum in music and placement in Applied Music lessons and basic music courses are determined by the results of instrumental or vocal auditions and placement examinations in musicianship. New students may audition on March 27 or June 17, 1981. Audition applications must be postmarked at least 10 days prior to selected audition date. To arrange these tests, all new students should write to Robert Quayle, Music Department, EMU.

All Applied Music Students:

To register for Applied Music: a) obtain written authorization from secretary in Alexander Music Office (N101) and b) present authorization to Registration Office when registering for classes. Students who are not properly registered will be removed from the Applied Music lists.

Applied Music assignments are posted in Alexander Music building early in the first week of classes. The student is responsible for contacting the assigned instructor and arranging for a lesson during the first week of classes.

NOTES: STUDENTS ENROLLING IN APPLIED MUSIC INSTRUCTION MUST FOLLOW THE PROCEDURES OUTLINED ABOVE. STUDENTS WILL NOT BE ALLOWED TO REGISTER FOR APPLIED MUSIC AT THE REGISTRATION OFFICE IN BRIGGS HALL WITHOUT AUTHORIZATION FROM THE MUSIC DEPARTMENT.

COLLEGE OF BUSINESS

A MEMO FROM THE DEAN

TO: All Business Majors, and Prospective Business Majors

FROM: Joe Kent Kirby, Dean
College of Business

SUBJECT: Appropriate Course Sequencing

1. Appropriate course sequencing is essential to program integrity. Aside from the fact that AACSB accreditation requires that students take courses in the prescribed order, students get full benefit from their educational experience only when they take "tool" courses prior to taking courses in which the "tools" are to be applied. It is expected that faculty in the College of Business will routinely include problems, test questions, projects and readings in our upper level courses that require background provided in basic studies and our lower-level core courses.
2. Prior to taking any 300-level business courses or above, students must have achieved Junior standing, having successfully completed a minimum of 55 semester hours of university level work. Registration attempts for courses numbered 300 and above by ineligible students will be rejected by the computer.
3. Prior to taking any 300-level business courses or above, students should complete all basic studies courses; the following courses must be completed.

a. English Composition	e. Econ 201 and 202
b. Speech	f. American Government
c. Language elective	g. Philosophy or Religion (PHI 130 strongly recommended)
d. Math 118 and 119 (or Math 120 and 122)	

Students are strongly advised to take the other basic studies courses, specified on pages 37-38 of the 1980-81 Undergraduate Catalog, to make up the 55 hour requirement for enrolling in 300-level courses or above.

4. Students must take:
 - Psychology 101 or 102
 - Legal Environment in Business - ADS293 (formerly 303)
 - Principles of Accounting - ACC240 and 241
 - Computers in Business - ORI215
 - Business Communications - MGT202 (formerly 302)
 - Business Statistics I - ORI265 (formerly 365)

prior to taking any 300-level course or above.
5. In their Junior year (at least 55 semester hours) students must take the following business core courses:
 - a. Principles of Finance - FIN350
 - b. Principles of Marketing - MKT360
 - c. Introduction to Management - MGT382

In no case will a student be allowed to take Business Policy - MGT490 - prior to or concurrent with any of the other core courses.
6. Business Policy - MGT490 - is a capstone, senior-level course which must be taken in the Senior year (at least 85 semester hours).
7. If students are required to drop a class by the College of Business as a result of the aforementioned criteria not being met, the tuition credit for course load reduction in effect at the time of the drop will be enforced.

Activity Courses

- I. All students shall present for graduation two semester hours of physical education activity credit.
- II. This requirement may be met in the following ways:
 - A. Veterans with at least one year of active duty may substitute their military service credit in lieu of activity courses.
 - B. Any two semester hours of credit received for Military Science courses may, at the option of the student, be applied to fulfill the activity requirement.
 - C. Students who elect neither of the above options shall complete two semester hours in physical education activity courses. This requirement may be modified or waived if, for reason of age or physical disability, the student is unable to participate in physical education activity courses. Physical disability shall be determined by the Health Service and, in conference with representatives of the Department of Health, Physical Education, Recreation and Dance, a decision as to appropriate modification or waiver of the requirement will be made to ensure maximum benefit to the student.
- III. Any student may, on an elective basis, apply up to eight hours of credit for physical education activity courses to the minimum 124 credit hours required for graduation. Students majoring in Physical Education, Recreation, or Dance may apply to the minimum 124 credit hours the minimum number of hours in activity courses required for their respective majors. All grades received in physical education activity courses, including those which exceed the credit hour limits prescribed above, are used in computing the student's grade point average.

Application for Graduation

Candidates for graduate degrees must submit an Application for Graduation at the time of registration for the semester/session in which they plan to complete degree requirements. The completed Application for Graduation, together with the \$15 graduation fee, should be turned in at the Cashier's Office in Briggs Hall. The Cashier's Office in turn will validate payment of the fee and forward the application to the Graduate School Office.

Graduation Requirements

Policies and procedures related to graduation are detailed in the Graduate Catalog. Especially note the following requirements:

- Grade Averages:** No student will be recommended and approved for the master's or specialist's degree unless the student has achieved a grade average of B or B+ in the respective degree programs. This grade average requirement applies to 1) all graduate credit earned at Eastern Michigan University; and 2) all graduate credit included in the area of specialization.
- Residency:** For a master's degree, at least six hours of graduate credit used on a degree program must be earned on campus in Ypsilanti. For the specialist's degree, at least 16 hours must be earned on campus.
- Time Limitation:** All requirements for an advanced degree must be completed within six calendar years from the time of the first enrollment in the degree program.

Graduate Record Updates

Course work accrued previous to the graduation semester/session must be completed, documented/validated as requisite, and as a matter of record no later than one month prior to the expected degree award date.

- "I" (Incomplete) Grades:** Required course components must be completed, and "I" grade converted to letter grade. (A completed thesis must be documented by filing two unbound copies in the Graduate Office no later than the last day of classes.)
- Transfer Credit:** Filing of official transcript(s) in Graduate Office is required for documentation of transfer credit. Students currently enrolled in transfer credit courses should not expect to receive their degree until one semester following that in which course work is completed because of time factor involved in transacting official transcript and completion of graduation check-out. Letters from professors or grade reports are not acceptable substitutions for transcripts.
- Out-of-Date Credit:** Validation by examination as approved by department and Graduate School must be satisfactorily completed no later than month prior to graduation.

Inability to meet the deadline for these graduate record updates will defer the applicant's graduation to the next semester/session.

Teacher Certification

Applicants for a graduate degree in the College of Education must hold or have satisfied the requirements for a Teaching Certificate (unless waived in writing by the coordinator of advising in the area of concentration) before they are eligible for a graduate degree. Applications for a Teaching Certificate should be made in the Office of Academic Records and Teacher Certification, Room 5, Pierce Hall (487-4111).

Degree Recommendation/Verification

Records of each graduate degree applicant are checked out in the Graduate Office to determine eligibility for graduation and are forwarded to the appropriate academic department for review and recommendation. Upon recommendation by the department, student is notified by letter of his/her clearance for graduation. Degree verification letters will be sent automatically to all students who have successfully completed all degree requirements. This verification letter will be sent approximately two to four weeks after the close of the semester. Diplomas will be mailed about ten weeks later.

Graduate Office cannot accommodate special requests for advanced degree verification. The degree recommendation/clearance form documents the University's degree verification process and can be used to inform any employer of the date when degree verification can be expected.
