PROCEDURES

It is urged that all students plan their original registration carefully since only a very limited amount of time is scheduled for Program Adjustment. All program adjustments must be done in Briggs Hall, in-person. Course Confirmations must be presented before a student may obtain an adjustment form. Please follow steps listed below:

1. Present course confirmation card and you will be given an adjustment plan or program adjustment card at the Registration Office, Briggs Hall.
2. Next, secure your adviser's approval for adjustments involving additions or election of different courses, unless the course was approved on your original enrollment plan.
3. All materials must be returned to the Registration Office during published scheduled hours for final processing.

UNDERGRADUATE REGISTRATION PROCEDURES

I. AUTHORIZATION

In order to register, all undergraduate students must present:

1. An advising card or permit to register, and
2. A list of approved courses with alternate courses, signed by an authorized adviser.

The name and office of each undergraduate adviser is listed by number and advising area in the back of this class schedule booklet. Currently enrolled undergraduate students obtain their advising cards from their advisers.

Permit to register is issued to: a) New students by the Admissions Office, and b) Re-enrolling students by the Dean of Records Office.

A. ADVISING CARD

Each undergraduate enrolling in the Fall Semester, 1972, must obtain his advising card from his adviser (or his designee). Arrange a personal interview at his office. (DO NOT TELEPHONE unless he requests you do so!) Check notices your adviser may post outside his office or see the department secretary for his advising hours. All Business students should check department bulletin boards on the fifth floor of Pray-Harrold.

Some departments and/or advisers set up definite time schedules for advising. It is important that you check with your adviser for his particular schedule. If you do not meet with him at his scheduled times, you may have to wait until after all freshmen have registered to be advised and register. Some departments will set specific days preceding the BEGINNING of senior registrations as the only time for seniors, with similar times for juniors, sophomores, and freshmen--all within ample time before registration for that class begins. If you haven't checked already do it now, and see your adviser or leave him a note if legitimate unusual problems arise.

B. PERMIT TO REGISTER

Permit to register is issued to: a) New students by the Admissions Office, and b) Re-enrolling students by the Dean of Records Office.

II. ENROLLMENT RESTRICTIONS

- ACADEMIC PROBATION:** If you are down honor points, you may not register for Group IV Education classes or elect Pass-Fail Option. Next semester, if you go on probation, you must immediately drop any Education class and drop any Pass-Fail option for which you are registered. NO EXCEPTIONS. Neither your instructor nor your adviser can give you permission to take or continue attending these classes.
- IRREGULAR PROGRAM:** To carry over 16 academic hours (15 academic hours with student teaching), submit your approved Enrollment Plan & Irregular Program Request to the Academic Advising Office, 229 Pierce Hall. The approval of a request will not be available until at least one full work day after the request is submitted. No requests will be approved "on the spot." As an alternative in any request that does not include Student Teaching, the student may submit his request for an overload of up to 18 hours for approval by the Department Head in his major field, who can also sign the overload approval on the Advising Card. After the Advising Office or the Department Head has signed the approval on the Advising Card, the student may then register. No Graduate classes are permitted on an overload.

III. SPECIAL PERMISSION COURSES

Students registering for courses needing department permission or special assignment, such as Student Teaching, Applied Music, Independent Study, some Honors Courses, and Evening Classes, must get permission at the appropriate office BEFORE registering and submit these with their course requests. Without this permission, such course requests will be rejected.

IV. SPECIAL TYPES OF COURSES ENROLLMENT

A. AUDIT OF COURSES

Regular students may audit courses subject to the approval of their adviser and the Dean of the College offering the course or Director of Academic Advising. Class audit permits may be obtained in the Registration Office in Briggs Hall. No credit is awarded for a class audit. For further information see the Catalog.

B. GRADUATE COURSES

Seniors requesting graduate courses (those with 85 or more credits completed by August, 1972, and a 2.5 GPA) must obtain approval from the Graduate School after obtaining adviser's approval of such work and before trying to register. ONLY courses numbered 500 through 596 may be elected. No 597, 598, 599 or 600 level courses are permitted. No graduate class may be elected under any conditions if the total academic credit hours are more than 16. If any course is taken for graduate credit, student load restrictions in the graduate registration section apply.

C. PASS-FAIL OPTION

A pass-fail option, open to full-time (12 academic hours) juniors and seniors in good standing (not on probation) was initiated in Fall Semester, 1969. The pass-fail option is designed to allow students broader exploration in their course elections. For example, it can encourage students to enroll in courses of interest to them but for which their background is weak, or to take a desired and perhaps demanding related course during an already difficult semester of required courses, such as an advanced science student might have. One undergraduate course per semester may be elected, with a maximum of four courses applying toward graduation. Courses are restricted to free elective courses (those courses not a major, minor, curriculum, or basic studies requirements for the particular student). No graduate course may be elected for pass-fail credit.

The student electing a course either for pass-fail or regular credit must do so at the time of registration. This decision is binding by the end of the time for adding or changing classes or sections at program adjustment.

A semester load of 16 hours, including the Pass-Fail courses, is the maximum regular semester load (15 during Student Teaching). Anything over 16 hours must be approved by the Office of Academic Advising, as indicated above for Irregular Programs.

The grade of pass, designated as "Cr" on grade reports, shall be issued to students earning grades of A, B, C, or D in the course and this grade shall count as credit toward graduation. A fail shall be issued to students earning a grade of E. Neither a pass nor a fail shall be used in any way toward the calculation of the grade point average, but the "pass" credit hours count toward the total necessary for graduation.

A student who qualifies and wishes to elect this option in a course should fill out and submit a Pass-Fail Course Application to the Academic Advising Office, 229 Pierce Hall, and allow at least one full work day for processing the application. If approval is obtained, the student takes the approval form to Registration. No requests will be approved "on the spot".

D. REPEAT OF COURSES

At the time of registration, a form must be filled out in the Registration Office, Briggs Hall, in order to repeat a course in which the student received a D or E grade (certain Music courses may be repeated for additional academic credit).

GRADUATE REGISTRATION PROCEDURES

To arrange these tests, all new students should write to Dr. Ed Dittmore, Music Department, EMU.

Remaining auditions and tests for the Fall Semester are scheduled for 8:00 a. m. on March 6 and April 5, 1972.
