Crowds Leave Saugatuck Area

SAUGATUCK — A tranquil air hovered over Saugatuck Monday soothing residents in the wake of a Fourth of July weekend which drew not only the usual, large college crowd but also the even larger group of others who swung through for a pop concert at nearby Pottawatomie Beach.

Law enforcement officials estimated some 15,000 persons tramped through the resort area making nothing more than a "hectic" scene and leaving a trail of litter.

Allegan county sheriff's deputies made about 150 arrests. The majority of charges involved drunkenness and minors in possession. Others were arrested for fleeing from a police officer and indecent exposure.

Two youths were arrested for possessing narcotics. Some residents in the Pottawatomie Beach area were reportedly up in arms over the unruly crowd that strayed the area leased by agents from Bill Manifold and Bruce Nichols of Saugatuck for the rock concert that featured some 17 bands.

At least six persons were injured when a dune schooner reportedly overturned as the driver swerved to avoid hitting a "hippie-type" character who was blocking the schooner track three miles north of Saugatuck, according to Allegan deputies.

Schooner driver John Lawrence Damborski, 32, of route 1, Holland, was listed in satisfactory condition at Grand Rapids Butterworth Hospital Monday. He is being treated for a fractured jaw.

Three others were admitted to Holland Hospital for multiple injuries. Hugh Melvin, 21, of Dearborn was reported satisfactory Monday. David Chaklos, 20, of St. Claire Shores, was listed in good condition and Charliou Steele, 20, of Saugatuck was listed in fair condition with a broken pelvis and arm and leg injuries.

Deputies said three others were released from Community Hospital in Douglas after treatment.

Laverne Vander Ploeg, 37, of 40 West 30th St., involved in a two-car collision on Ninth St. just west of River Ave. at 10:28 a.m. Monday was cited by Holland police for failure to yield the right of way and not for driving while under the influence of intoxicants as erroneously reported to The Sentinel.

SEA WALL WALLOPED — Sentinel files showed this Macatawa cottage toppled over when undermined by erosion. Macatawa residents on Lake Michigan may face the same problem today as erosion approaches the peak of its 14-year cycle. Residents built a sea wall in 1914 to arrest the erosion. It took three years to build the sea wall, but

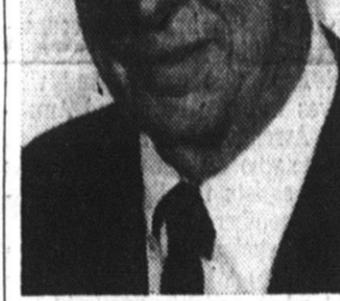

only one year for it to be washed out by high waters. Today, Macatawa residents are again erecting a sea wall in reply to a similar threat; however, fifty years of modern engineering and technological advances support a firm trust in the new sea wall.

'Li'l Abner' and Cronies Alive, Well at Red Barn

Li'l Abner and Daisy Mae chased each other all over the stage at the Red Barn Theatre Tuesday night in the opening performance of the first musical of the season, "Li'l Abner," based on the characters created by Al Capp. Newcomers to the cast, Kenneth Bridges in the lead role of Li'l Abner and Carolyn Chrisman as Daisy Mae, proved every word of their advanced billing. Bridges looked every bit the part and had a marvelous voice. Miss Chrisman is a delightful Daisy Mae with a lovely clear voice. She appears especially in "Namely You."

Norman Dean, the musical director at the Red Barn this season skillfully leads the chorus and soloists through the musical numbers and really plays that piano with gusto. His able assistant is Mary Lou Smith, a familiar figure at the Red Barn. Geoffrey Fishburn and his staff have created an effective setting for the Dogpatch bunch to frolic in. Carrying much of the action in song and motion is Frederick N. Brown, as the mammoth Marmy Sam. Also a delightful newcomer is Laurie Hutchinson as a talented and funny Mammy Yokum. Bruce Hall as Pappy Yokum has a ball in his role, as he always does. Director Jim Dyas couldn't have selected a more appropriate General Bullmoose than Don Bonevich with his fierce eyes and handlebar mustache. Bill Camp is an energetic and typical Senator Jack S. Phogbound. Sheila Douglas as Moonbeam McSwine carries in a real live little piglet that squeals effectively. The ballet numbers choreographed by Florence Cassell Bishop were well received. Kathy Dyas, in addition to her hip-swinging role as Stupefy Jones, handles the Dogpatchian costumes.

Bill Tost, Red Barn regular, is aptly cast as a befuddled Dr. Finsdale. Jim White, doing a bit part as Hairless Joe is only seen, not heard. Several of the talented Red Barn group take dual roles including Jeff Ulman, Jim Woodard, John Schneider, Mason Palmer and Jeff Mapps. Others in the cast are Bruce Cameron as a ferocious Earthquake McGoon; Alan Causey as Available Jones, Donna Dilley as Passionata Von Climax and Mike Peel as Lonesome Polecat. Dogpatchers are Hunter Balduz, Doug Hutchinson, Vaughn Rickert, Dennis Roberts with their wives portrayed by Helen Curtis, Lindsay Gambini, Sara Gould and Becky Smucker. The children are Virginia Boyce, Benjamin, Lisa and Norman Dean Jr. and Susan Fenner. Abner's cronies include Douglas Hutchinson, Jeff Mapps, Dennis Roberts, Bill Tost; secretaries in the government scene are Nancy Allen, Lindsay Gambini, Lydia Lazar and Georgeann Ratko. The muscle men are Frank Kelly, Mike Miller, Louis Schakel, Andy Thomas, Steve Wessels and Chuck Wissmiller. The play with curtain time at 8:30 p.m. and Wednesday matinees at 2:30 p.m. continues through July 19.

Upward Bound Aids High School Pupils

Creativity and college—that's what the Upward Bound program at Hope College is all about, lighting a fire in the dormant abilities of 15 high school students to spark them into wanting and working toward a college education. The federally funded program in connection with the government's war on poverty has brought together 15 students who will be high school seniors in the fall, who have abilities they are not using, and whose family incomes meet poverty guidelines. The students were considered under-performing in high school, but capable of college work if they would use their own abilities, according to Hope's assistant chaplain and director of the program, the Rev. Sam Williams. Young people participating in the program this year are Lee Harris and Linda Hill, both of West Ottawa High School; Nancy Mars, Guillermo (Willie) Martinez, Lupe Posada, Norflia Ramirez, Maria Rodriguez, Noemi Saenz, all of Fenwille High School; Mary Puente, Albert Serrano, Jerry Van Voorst, all of Holland High School; Michael St. Amour and Melva Thompson, both of Muskegon; Robert McDonald and Rick West, both of Akron, Ohio. The program which is in its first year at Hope, began a group sessions June 23 and will continue them until Aug. 2. After that the students will go to their respective high schools and the program will follow their work and keep in touch with them to aid them should they falter. The object is to get these students into college and, if funds are available next summer, Rev. Williams hopes for a second program to help them bridge the gulf between high school and college life. While the group is meeting this summer, the students are studying three classes — English, reading improvement and humanities. These courses are all directed at improving their use and appreciation of new methods of expression. Mrs. Margaret Van Wyk, a Holland area reading improvement teacher is instructing the students in her field. A junior high school English instructor, Jerry Harris of Muskegon Heights, is in charge of the English class. Mr. and Mrs. Donald Finn are in charge of the course in filming. This is a college course regularly offered during the school year. Assisting them is Richard Angstadt. Mr. Finn is an instructor at Hope. Mrs. Finn teaches drama at Douglas Elementary School. (One of her pupils, Eddie Betancourt, recently had a film featured on a Bill Cosby special.) This phase of the program instructs the students in filming and creative thought and expression through many methods including photography

and movies. The group has two counselors: Will Jackson, a graduate of Hope this past spring who lives with the boys, and Amanda Arrendo, a sophomore at Hope who resides with the girls and assists the Spanish speaking members. The students are living on the campus and getting a good idea of what college life will be like. The girls are living with other summer school girls in Gilmore Dormitory. The boys are in Kollen Hall. English instructor Jerry Harris says the basic purpose of the program is to "...to foster creative ideas in the students... to give them an opportunity to see what college life is like and to instill in them the desire to continue their education beyond the high school level."

ALLEGAN BATHHOUSE—Pictured above is the new changing room which has been installed at Dumont Lake Park this year. The new bathhouses are made of attractive timber-faced concrete.

ALLEGAN RESTROOMS—Modernizing sanitary facilities became one of the first tasks for the Allegan Park Commission. New restrooms follow the same attractive design pictured above in Allegan's three county parks.

Allegan Plans Program For Park Development

ALLEGAN — In four years, the Allegan County Park Commission has managed to move the county's admittedly inadequate parks system into the 20th century. . . now commission members are thinking about the 21st.

The commission was established in the fall of 1965 by the board of supervisors and held its organizational meeting in January of 1966. Since then, thanks to substantial appropriations from the board of supervisors, the commission has come a long way in upgrading the county's three parks which are located at Gun Lake, in the eastern part of the county; Dumont Lake, near Allegan, and on Lak Michigan, in Ganges township, the county's western boundary.

Now the commission is looking ahead to the county's recreational needs for the years to come.

Commission Chairman Victor Fleser said "we hope to acquire land for at least to more county parks as soon as funds are available." Fleser indicated lake property, was preferred, but the commission might settle for land on a stream.

Anyone knowing of land suitable for park use in the county is urged to contact the commission and members have dropped a hint or two to the effect that they would not be adverse to establishing a few memorial parks, named in honor of the donors.

Expansion of the three present parks is no longer considered feasible. Both Gun and Dumont Lake are "overloaded" with private development and property is not available for expansion of the Lake Michigan park.

Oscar Zimmerman, who has served on the commission since its beginning, is one who would like to see development of facilities for family camping. Zimmerman feels the county is especially deficient in this area.

Expensive lake frontage is not essential to camping areas, Zimmerman, said, "we could develop excellent facilities along a stream or small river."

As far as location and natural resources are concerned, Allegan county enjoys a mixed blessing. With more than 100 lakes, the 40,000-acre Allegan State Game area, plus numerous streams and some 30 miles of Lake Michigan shoreline, there would seem to be playground aplenty for the county's 60,000 residents. But these same resources are also a magnet for visitors from other parts of the state and other states as well.

On a recent holiday weekend, Allegan's Chamber of Commerce surveyed cars parked in the business district and reported that 56 per cent were from outside Allegan county.

The economic importance of the tourist is not lost on the county board of supervisors. Board members had long supported the concept of a park commission entirely separate from the road commission. Under an old state law, however, counties with less than 100,000 population were required to combine road and park responsibilities in the road commission.

In the early 60's Allegan supervisors urged the legislature to pass a new law which would allow smaller counties to separate these functions. When the legislature passed Public Act 26 of 1965, Allegan was among the first counties in the state to establish a separate parks commission.

The commission organized January 10, 1966, naming the late Bernard Miller, of Monterey, as chairman. Miller served in this post until his death.

For the initial year, the county board appropriated \$35,000—a far cry from the \$1500 which had been allocated for park purposes for many years—with instructions to upgrade the three parks, with emphasis on modern sanitary facilities. The Dumont Lake park was the first to receive new rest rooms, the facilities being completed in August of 1966.

Ground conditions at the Lake Michigan park made a septic tank system unfeasible so the commission purchased 28 acres east of the park for construction of a waste water lagoon. This project was completed in July of 1967.

Work on facilities for the Gun Lake park was started in the fall of 1967 and completed before the start of the 1968 vacation season. In the same year, additional land was purchased for expansion of the parking area at Gun Lake.

This year, emphasis has shifted back to the Dumont Lake park. Twelve acres have been added to the area to provide space for more beach, playground and parking. Work on a new bathhouse also has been completed. All three parks have received new playground equipment this year.

The board of supervisors has not lost its original interest in the work of the parks commission. Annual appropriations for new construction and maintenance have been in line with the commission's recommendations. This year's budget totals \$21,500.

In addition to helping to provide for the purely recreational needs of the county, the commission also has expressed an interest in setting aside areas of historical or natural significance. Under law, the commission can receive such areas by gift or purchase and maintain, develop or preserve them in the public interest.

At present the commission is made up of Victor Fleser, Moline, chairman; Al Hogue, Fennville, vice-chairman; Nick Leep, artist; Eugene Huyser, Holland; Al Workman, Otsego; Phillip Quade, Saugatuck; Oscar Zimmerman, Hopkins; Dale Morris, Allegan township; Jacob Van Pelen, Salem, and Walter Morris, Cheshire.

Dale Morris, road commission chairman, Walter Morris, county drain commissioner, and Hogue, as chairman of the county planning commission, serve as statutory members of the parks commission. Other members are appointed by the board of supervisors.

Rotarians Hear Safety Program By Hardenberg

Marty Hardenberg, Special Education Officer of the Holland Police Department, spoke to Holland Rotary Club Thursday noon and gave members a good example of his unusual gifts for working with children.

Hardenberg's special province is youngsters in the elementary schools. He visits them regularly during the school year and instructs them primarily in safety going to and from school.

Obeying the school "safeties," respecting traffic signals and signs, and refusing rides and gifts from strangers are safety lessons Hardenberg works at with a variety of teaching techniques, including magic tricks and group singing. Older youngsters also receive instruction in resuscitation and other first aid measures.

A new teaching device, a miniature town called Safetyville, will be added to his teaching equipment next year, he said. This will enable youngsters to practice traffic safety in street and sidewalk situations, with candy and coloring books given as rewards for doing right.

Hardenberg is also considering the addition of a demonstration apparatus designed to instruct children in safe handling of guns, he said. This has been developed by one of the air rifle manufacturers.

Funds for all such special safety instruction devices are provided through contributions by personal friends and business, Hardenberg said.

Program chairman for the meetings, which was held at Maacatawa Bay Yacht Club, was Larry Wade.

 God Chooses a People
 Genesis 12:1-3, 7; 17:1-8; 21:1-3
 By C. P. Dame

Some of the events recorded in the Bible are more important than others. This lesson tells us of God's call to Abraham. This was highly important for it had to do with God's redemptive program which culminated in Jesus Christ. God chooses people in order that they may bless others.

I. God chooses and calls. Genesis contains fifty chapters. The first eleven chapters tell how God dealt with the whole human race during a period of about 2,000 years and the rest of the book, from chapters 12 to 50, deals with Abraham and his descendants, covering a period of 350 years. The second part is very important because it teaches how God began His redemptive mission in Abraham whom He called from paganism.

God told Abraham to exercise faith when He told him to leave his own country and go to another which He would show him. This involved cutting ties. Abraham left Ur and travelled to Haran where he remained until his father Terah died and from there he went to Canaan. Why did God call Abraham to be a spiritual pioneer? Every call of God is prompted by grace. This is also true of God's call to salvation.

God made a three-in-one promise to Abraham. The heart of the promise is, "In thee and in thy seed shall all families of the earth be blessed." This promise God made not only to Abraham but also to Isaac and Jacob. Note the three specific things included in the promise. God would make Abraham a great nation, give him and to his descendants the land of Canaan and make him a great blessing to all nations. Abraham came with Lot, who was ever a burden to him, to Canaan where Abraham built altars for God.

II. God made a covenant with Abraham and his descendants. A covenant is more important than a promise for it is more binding and it involves two parties. God promised Abraham to do something and Abraham agreed to his part, to obey God. Genesis 15:9-18 tells how God sealed the covenant and chapter 17 records how Abraham signed it and sealed it by circumcising himself and the male members of his household. Chapter 17 is a key chapter in Abraham's life.

God made himself known to Abraham as the Almighty, thus informing him that He is able to do all things. God told Abraham to walk before Him and to be blameless. The name Abram means "Father of nations" the new name, Abraham, means "The exalted father." In time Abraham did become the father of many nations—the Arabic nations as well as the Jews trace their ancestry to Abraham. Three religions, Judaism, Christianity and Mohammedanism honor him. Most important of all is the fact that Abraham is the father of all believers.

III. God keeps His promises. In due time Isaac was born—Abraham was 100 years old, Sarah was 90. This was indeed a miracle. The name Isaac means laughter. Abraham and Sarah both laughed. In the birth of Isaac God made himself known as the Almighty. Years ago a preacher stated in a sermon that every Christian is in a certain sense an Isaac for every believer is a supernatural creation by virtue of the second birth.

Grandstanding Denny and Mick Tops

By Leo Martonosi
 The Detroit Tigers' top two pitchers, Denny McLain and Mickey Lolich, are perhaps the best one-two punch in the major leagues. At least their records indicate just that. Presently, McLain is 13-5 and is the top winner in the American League. Lolich is not far behind at 11-2.

Both players are somewhat similar off the field. McLain is an outspoken player who says what he feels like at anytime. Besides being a fine organ player he is now considered a full time pilot. Lolich does not fly planes but he does drive motorcycles which General Manager Jim Campbell does not think kindly of.

Their combined won-lost record is the best in the major leagues. Not even undefeated Dave McNally of Baltimore and his counter-part Jim Palmer can top that. They have won 21 games compared to the Tigers' two, 24. The closest to McLain and Lolich are Phil Niekro and George Stone of Atlanta. They have won 23 and lost seven times.

You can bet your bottom dollar that Mayo Smith, who will be managing the American League All-Stars, will surely pick Lolich and McLain for the game. In fact, it wouldn't surprise us if he started one of them. It depends on what pitcher has the most rest before the contest.

Besides Lolich and McLain, the only likely Tiger to start in the tilt will be Bill Freehan behind the plate. Even though Norm Cash is off to one of his better starts, it's unlikely that he will be able to draw more votes than Boog Powell of the

Orioles who is currently hitting at a .309 clip. Just Sunday he blasted one of McLain's pitches out of Tiger Stadium. From here it looks like Rod Carew of Minnesota will get the nod at second base. He has been leading the league in batting almost the entire season. Rico Petrocelli should have the edge at shortstop with Harmon Killebrew from Minnesota at third base. Even Brooks Robinson, who is having a poor season, cannot be overlooked at third.

The outfield positions will be the hardest to pick with such standouts as Frank Howard of Washington, Reggie Jackson of Oakland, Carl Yastrzemski of Boston, Bobby Mercer of New York, Reggie Smith of Boston, Frank Robinson and Paul Blair of Baltimore, Tony Oliva of Minnesota and Detroit's own premier all-star, Al Kaline.

We are going out on the limb and predicting that Howard, Oliva and Robinson will be in the starting lineup barring injuries come July 22. It's hard to leave off Jackson who is having a tremendous year hitting home runs but so are the three starters that we have listed and they are proven major leaguers and this is why we feel the players will vote just that way.

We expect Mayo to pick Kaline as one of the extra outfielders. That's the way it looks from here but come game time things could be different but we are even going farther by predicting that Smith's magic that won the Tigers the World Series will work once more and that the American League will defeat the favored National League in this year's battle.

Sea Wall to Combat Erosion Menace

By Leonard Sowers
 Lake Michigan to most people means swimming, boating and a wide variety of water sports.

To Macatawa Park residents it means the plague of erosion. An attempt is being made, however, by the Macatawa Cottage Association — cottage owners of the area — to save the beach.

The effort is led by Simon Den Uyl who has contracted a local construction company to engineer the project: an experimental sea wall.

Cost of the sea wall is \$40 a foot. The projected length of this new sea wall is to be approximately 700 feet. A total of 200 feet of the wall already has been erected.

The first hundred feet of the wall were built over a month ago. The second hundred feet of the construction has just recently been completed.

The remainder of the new dyke's construction is slated for this winter. The logic behind winter construction is that it's easier to arrest wave-action and keep the water out. Then will begin the backfilling with sand along with reinforcement with steel. The wall will have a general concave shape and will rest on wood pilings approximately sixteen feet deep. It will be the pilings' top 18 inches, however, which will do the actual "holding" of the wall.

At \$40 a foot, the wall is clearly not a project to be financed by one person solely. Den Uyl, as a result, has sent out letters

Ambulance Service to Be Continued

GRAND HAVEN — Thanks to the cooperation of the board of the North Ottawa Community Hospital Authority, several officials from the tri-cities and the generosity of the Loutit Foundation and the Tri-Cities United Fund, the area has an adequate ambulance service.

Directors of funeral homes notified officials in Northwest Ottawa Jan. 1 they would drop all ambulance service July 1, and many problems were met by a committee from the area attempting to provide much-needed ambulance facilities.

Many meetings were held and two weeks ago it appeared that the only possible solution was through the hospital authority, which includes seven governmental units — the cities of Grand Haven and Ferrysburg, Spring Lake Village and Township and the Townships of Crockery, Robinson and Grand Haven.

All seven area local government units are supporting the contract, which will be signed with the NOCHA Tuesday. Two ambulances will serve the area and the area will be defined more clearly as the need arises.

The project was given a big boost Saturday when it was reported that the Tri-Cities United Fund will appropriate \$8,000, matched by \$8,000 from the Loutit Foundation of Grand Haven and Spring Lake, to purchase a new 4-place ambulance and a used ambulance from one of the local undertakers, Kink-

ema-Bartels. The used ambulance is in good condition and will accommodate two patients. The \$16,000 will also cover equipment.

A temporary committee of three men has been named to meet with a committee from the hospital board to work out final details. The area committee includes Leo Brown of Nunica, Jack Olthof of Ferrysburg and Councilman David Pushaw of Grand Haven. Operation of the service has been guaranteed completely as a self-supporting project by the seven units of government and this is included in the contract. The service will not effect the hospital operation rates and will be financed completely by cash receipts from patients and subsidies by the governmental units.

Subsidies to be paid by the various units have been figured according to 1970 estimated population and the per capita cost is \$1.48, much less than the estimated per capita cost as proposed in a recent offer by a private ambulance service from Kent County.

The first quarterly payment will be 40 per cent of the operation costs and this figure is high to cover beginning expenses.

Civil defense, fire, police and funeral homes will cooperate in the operation of the ambulances until eight orderlies and drivers are hired and trained. Applications for the seven or eight jobs are now being taken. Two orderlies will be on duty around the clock, seven days a week, and the ambulances will be based at the hospital.

The committee lauded the work of Thomas Reinema, NOCHA attorney, City Manager Daryl Tammem of Grand

Haven and Hospital Administrator Don Andrews for their work in drawing up the program.

The population of the area is estimated at 32,129 and the total subsidy per year has been set at \$47,348.

The following are the population figures and the shares for each unit of government:

Gov. Unit	Population	Share
Grand Haven City	12,349	\$18,277
Ferrysburg City	2,025	2,997
Spring Lake Village	3,656	5,411
Spring Lake Township	4,790	7,089
Grand Haven Township	4,497	6,656
Robinson	1,932	2,859
Crockery	2,880	4,262

BIG EVENT OF WEEK — The big event of the week for the various recreation department play schools in Holland was fourth of July parades. Shown here is Holland Heights' children's parade held Thursday. Debbie Spoor was the leader. (Sentinel photo)

Parades Mark First Week of Play School

Holland Heights School had 114 children registered for the first week of play school. A softball team was organized in the mornings. Archery lessons were provided the first two days. Jim Terpstra won first and Greg Cook won second, and they will compete in the all school archery tournament.

The big event of the week was the fourth of July parade. Debbie Spoor led the parade. Linda, Tommy, and Laurie Hulst, Julie Merval, Jilayne Komeman and Janna made a colorful fourth of

July Maypole. Carol Veneklasen, Amy Sasamota and Kim Hulst won ribbons for the finest decorated bikes.

Children at the Washington School Playground Centers have been actively interested in softball, puppetry, games of all sorts, and making new friends. Our Junior Leaders, Frances Puente, Sue Brady, Rexanne Resseguie, Lucy Puente, Ken Benjamin, Trisha Duffy, Andy Bradham, Jeff Bullers, Joe Puente, Diane Brady, Rachel

Puente, Bruce Payne, Ken Bliss, and Jeff Payne, have been aiding the Director and Assistants; Miss Rose Krumm, Tom Dykema, Miss Rita Fouts, and Miss Mary Duffy, in carrying out the activities with the more than a hundred children attending daily.

Our special event last week was a fourth of July parade for which the children decorated their bikes and wagons—and even themselves—in red, white, and blue crepe paper. This week's special event will be Carnival Day on Friday.

At Apple Avenue Recreation Center this week we have enjoyed working in leathercraft.

The early elementary children made paper loop animals while the later elementary made pressed nature collages. We lost our first baseball game to Holland Heights on Wednesday. We had lots of spirit and tried hard. We have two boys from Florida that will be with us for two weeks. They are Ron and Joe Busscher from Lake City.

Upon registration for summer playschool at Montello Park the children received name tags in order that they might get to know each other better. Tuesday stories were read and several games started. Leathercraft was done during the first week, along with other art projects. Softball teams were formed and archery facilities were available. The week concluded with a fourth of July parade in which all the children dressed in red, white, and blue clothes; then later in the day a pantomime of the "Rumpelstiltskin" story was presented by two high school students. Up and coming events that the children have to look forward to are Junior Olympics, July 18, and a Bike Rodeo on Saturday of the following week. Newsletters are given out to the children each week giving more details of the activities of each week.

The Jefferson Recreation Center had a fast week of preparation for their July 4 celebration. Wednesday morning everyone was busy making hats to wear in their parade on Thursday. Before the parade started everyone decorated their bicycles or strollers. Jeff Gargano led the parade dressed as George Washington. He was followed by Jeff Japinga who was Thomas Jefferson, Jon

Knoll & Benjamin Franklin and Jim Brown as Paul Revere.

Also this week Jefferson was busy with leathercraft. One big event which happened was Jefferson's softball game against Van Raalte School. Jefferson won with a score of 6 to 3. Bob Lievense was Jefferson's pitcher. Two of the game's highlights were the triple hit by Jon Knoll in the third inning and the six consecutive plays Jeff Gargano made during the first two innings stopping Van Raalte's attempts to score.

The Maplewood Recreation Center opened on Monday with registration and formation of their softball team. Opening week included various craft activities, games, songs and story hours. On Wednesday the children skated and jumped rope to music and Thursday was parade day. The boys and girls made paper hats and marched with their decorated bicycles, tricycles and wagons to celebrate the fourth of July.

Maplewood softball team opened its season with a nine to three victory over Longfellow. The victory was made possible by fielding by Russ Boeve, Roger Tanis, and Keith Frens, and the hitting of Tim Boeve, Russ Boeve, and Roger Tanis. Kurt Bobeldyke was pitcher.

On Thursday the softball team was again victorious. It was a 13 to one victory over Apple Avenue. Star hitters were Keith Frens, Tim Boeve, Dave Tuls, Dave Brower and Dennis Scholten. There was exceptional fielding on the part of Roger Tanis and Russ Boeve.

The junior leaders for the morning are Kim Gaisuiske and Hope Gaisuiske and for the

afternoon are Melissa Hoesli and Melinda Hoesli at Lakeview.

Fourth of July day featured a 15 foot flag made and painted by Ann Brink, Diane Gouloaze, Nita Miller, Beth Heirenton, Tim Dykema, Mike Anderson, Mitch Van Putten, Mike Pursel, Andy Heidema and Sue Dykema. Parade was led by Wayne Punsenoy on a unicycle, followed by 20 decorated bicycles, baton twirlers, drummers, dogs and children.

Leathercraft was enjoyed by all and mothers received numerous coin purses.

Lakeview ball team defeated Montello Park 9 to two with a home run by Kurt Vander Sluys. Kurt Boeve collected three hits while Dave Dykema, Jo DeVette, Frank Miller and Mike Albers each had two.

Among the highlights of the first week at Van Raalte center was the formation of the softball team. The team consists of Dan Ekman, Jerry Strabbing, Tom Ter Haar, Dave Paate, Bruce Bigard, Jeana Bigard, Danny McAlister, Rich Versendaal, Joel Vogelzang, Doug Vogelzang, Tim Vogelzang. Unfortunately the team gave up its first game to Jefferson with the score of 6-3. Thursday, July 3 the fourth of July was celebrated by first decorating bikes, trikes, wagons and carts in red, white, and blue and then parading around the school grounds and surrounding area.

There are now 100 children registered at Lincoln School Recreation Center. Bean bag toss, hockey, kala, aggravation, toss

ball, frisbee, tether ball, horseshoes and cards are played and a story hour is held. In the morning there is organized baseball. Children have made kites, fancy hats, and pictures. Billfolds, change purses, sunglass cases, knife holders and scissor holders have been made in leather craft by the older children while many of the younger have strung beads. A fourth of July parade was held and included bikes, dolls, stuffed animals, place signs, hats and other things the children had made. Special events coming up include archery on July 9 and 10, and a carnival. Lora Muyskink helps as Junior Leader. Leather craft is held at 10:00 a.m. and 2 p.m. and story hour is 1:30 p.m.

Attendance at Longfellow School is good this year. Jan Miller and Brian McAlpine were this year's bean bag champions. On Wednesday we held a pet show and the ribbon winners were as follows: Mark Kooyers, trickiest dog; Martha Overholt, cutest puppy; Mary Hofmeyer, longest tail; Jan Miller and Mary DeBoer, cutest twins kittens; Debbie and David Hafer, best rabbits; Beth and John VanArk, shaggiest dog; Konda Vanden Bosch, largest dog; Sue Hill, longest ears; Mark Hofmeyer, sleepest; Jane Hofmeyer, softest hair. Also Julie Klouw, furriest dog; Jane and Nancy Dirkse, largest family; Terry Stienstra, biggest eyes; Emily Wong, most fragile; Irene Wong, most foreign; Dan Miller, floppiest ears; Kristi Bouman, most loved; Mary Jo Knoll, longest; and Tracy Nichols, best turtle. Our baseball team lost to Maplewood Wednesday by a score of 9-3. Thursday we decorated

our bikes for a big fourth of July parade. Friday no school was held.

DISCOVERED IN WALL—A few of the items found by Mr. and Mrs. Buryl Bradham Jr. between the walls of their home at 110 East 13th St. are a Jas. A. Brouwer calendar for 1900, an old shoe, the Grand Rapids Herald

Curious Items Found Sealed Up in Walls

Mr. and Mrs. Buryl Bradham Jr. were in for a surprise recently when they began tearing down portions of the walls of their home at 110 West 13th St. in preparation for remodeling.

Bradham, an employe of H. E. Morse Co., and his wife Marie became curious about what else might be hidden behind the walls after they discovered bits of torn and yellowed paper and a few other assorted items which dated back to the late 19th and early 20th centuries.

All told, the Bradhams recovered some 45 items from the walls of the room in the north-west corner of the first floor of their home. Included in the findings were:

- several perfume bottles
- an 1893 mop head and handle and a child's broom
- several empty candy boxes
- a Fox Typewriter Co. advertisement
- a Jas. A. Brouwer calendar for the year 1900
- The Grand Rapids Sunday Herald for July 21, 1907, telling of a train wreck near Salem in which 32 persons were killed and 100 injured
- a number of magazines dating from 1898 to 1902 and including "The Delineator," "McClure's," "The Standard Designer" and "Vanity Fair"
- several newspaper cartoon cutouts
- a Graham S. Morton Line train schedule
- a postcard to a Dr. Lorr (?), Tuttle or Tulle in Holland, from Merritts Health Comforts, a quilt filling firm, mailed from Indianapolis for one cent in 1902.

Particularly interesting was a section of a Hearst newspaper dated 1900 and containing a two-page spread headed "The First Time Science Has Really Produced Life Artificially in a Chemical Laboratory."

The article reviewed experiments performed by Professor Jacques Loeb of the University of Chicago, in which sea urchins were said to have been developed from unfertilized eggs by adding chloride of magnesium and other chemicals to sea water.

The two pages contained photographs as well as Loeb's own report and comments on his experiments by other scientists.

The editorial introduction asked the question, "Is it possible to create life by chemical means?" and then pointed out that if it were possible, many more questions would have to be asked as a result.

The Bradhams are not sure how this collection came to be assembled behind the walls of their home, but they guess that the items may have fallen to the first floor from the upper

Four Injured In Explosion Aboard Boat

GRAND HAVEN — A boat explosion at 7:35 p.m. Friday sent a family of four to the North Ottawa Community Hospital for treatment of burns.

The accident occurred at Stall's Bayou at the north end of Spring Lake near Jerusalem Bayou where four boats were anchored for a picnic on the water.

The other three boats had left when Dale Lee Butler, 28, of Wyoming, started his boat and backed it up while his wife Carole, 29, pulled up the anchor and stowed it in the hatch. As the boat was shifted forward, the engine compartment exploded and began burning.

Butler pushed his family overboard and put out the fire with two extinguishers. Two dogs aboard the boat were not injured.

Butler received second and third degree burns on his arms, legs and hands, and his wife had second and third degree burns, on her arms, legs, hands and body. Cynthia Ann, 8, and Tenia Louise, 7, both suffered second and third degree burns on the arms and legs.

No report has been made as to the damage to the craft which was a 23-foot inboard-outboard boat. The accident is under investigation by the marine division of the Ottawa county sheriff's department.

Barbara Fordham Wed To David W. Lubbers

Mrs. David Wayne Lubbers officiated at the wedding ceremony Saturday at Peace Memorial Church, Chicago, united Miss Barbara Lynne Fordham and David Wayne Lubbers in marriage.

The Rev. LaVerne R. Joseph officiated as the daughter of Mr. and Mrs. Sheldon L. Fordham of Evergreen Park, Ill., and the son of Mr. and Mrs. Henry Lubbers, 980 Columbia Ave., Holland, exchanged vows. Patricia Ann Spencer was organist and Bruce Perryman was soloist.

The bride was escorted to the altar by her father. She chose an ivory, floor-length gown of traditional styling with fitted bodice of peau d'ange and belled skirt of organza hemmed in lace. The long sleeves and high neckline of lace lent a victorian appearance to the gown with full chapel-length train of organza which was swept from a large organza bow at the waistline. A cluster of ivory alencon lace motifs, touched with pearl and crystal, held her three tier, full-length veil of silk illusion and she carried a colonial bouquet of pink and white sweetheart roses, carnations, babies' breath and stephanotis.

Maid of honor, Miss Diane Chamberlin, wore a floor-length sleeveless, A-line gown of azalea pink karate with fitted bodice. The raised waistline was accented with a belt of matching Venice lace finished with a fabric bow in front. A diorbow headpiece of azalea Venice karate completed her ensemble and she carried a nosegay of pink sweetheart roses, carnations and white daisies.

Identically attired were bridesmaids Miss Janet Stangl and Miss Susan Stangl and flowergirl Lori Lee Lubbers.

Attending the groom was best man Kenneth Kolenbrander with ushers Vaughn Lubbers, James Rynbrandt and Wayne Meerman.

The dinner reception which followed the wedding was held at the Dorchester Inn, Dolton, Ill.

Following their wedding trip to northern Michigan, Mr. and Mrs. Lubbers will make their home in Kentwood. Both are graduates of Hope College and Mrs. Lubbers is presently a management trainee at Old Kent Bank, Grand Rapids.

Holland Youngsters Compete in Olympics

KALAMAZOO—Several Holland area youngsters returned from an exciting weekend at Western Michigan University; these children were participating in the Michigan Special Olympics for handicapped children. Recently a group of 17 enthusiastic children and four chaperones boarded a school bus headed for Kalamazoo.

Upon their arrival at Western they were greeted by high school and college volunteers who helped them get started in their rooms at Stinson Hall. After a nourishing supper at the "training table," they were entertained by a magician. Other activities during the evening included a band that provided music for dancing and the ever popular pizza party.

Early on Saturday morning the chaperones were awakened by the sounds of running water, creaking beds, giggling girls and noisy boys preparing for the big day. The group was finished with their breakfast by 7:15 a.m. and on their way to the 7:30 Olympic events, only to have their spirits dampened by rain. Fortunately, the 8:30 swimming events were held inside and by the time the colorful Olympic Opening Ceremonies were finished in the field-house, the rain had stopped and they marched outside to Waldo Stadium where most of the day was spent.

The children competed in field events including the 50 yard dash, 300 yard run, the softball throw and the standing board jump. While they were waiting to compete, they could participate in various clinics dealing with different

sports events. Most popular with the children were the basketball, trampoline, ice-skating and bicycle clinics.

All the children had about five weeks of training before competing. During noon hours, bus driver John Brinkman, teachers Marcia Vanderwel and Harold Knoll, and Barb Huizings, a student teacher, worked with the children in exercising and training them for the field events.

Special help was given by Scott Moeller, Bob Wolbrink and Paul Den Uyl, all members of the Holland High track squad. Don Piersma of the high school athletic department allowed the children to use Holland High warm-up shirts and a banner.

The value of exercises for the retarded child is that they prepare him for an area where he can achieve success. He can begin to build a positive self-concept as well as developing physically.

In Kalamazoo the children found that, although every child cannot be first, they can be included in athletic competition and find the thrill of participation.

Medal winners from Holland were: Becky Box, second in the 50 yard dash; Peggy Van Reken, first in the 50 yard sprint; Ray Lopez, first in the 50 yard swim; Carlos Nava, first in softball throw, third in 50 yard dash; and Peter Philippus, second in 25 yard swim.

Others participating from the Holland area were: Tim Brinkman, Orville Carroll, David Centeno, Christine Green, Jim Groenhof, Dean Haveman, Laurel Ihrman, Jesse Lara, Joe Mason, Andy Philippus and Jack Tuls. The children were chaperoned by Mr. and Mrs. Brinkman, Mrs. Vanderwel and Mr. Knoll.

The late Gertrude Berg, known for her portrayal of "Molly Goldberg," a typical Jewish mother in radio and television serials, began writing the series for radio in 1929.

Wayne Boyd, 4351 152nd Ave., addition to storage shed, \$275; self, contractor.

George Hamer, 3911 148th Ave., enclose porch, \$300; self, contractor.
