"A PAIR OF SIXES"

PRESENTED BY

P. T. Club of Longfellow School.

The Biggest Comedy Of The Season.

At Holland High School

Thursday and Friday Nights

ADMISSION 35c. Tickets on sale at DeVries and Dornbos—P. S. Boter & Co.

PRINCIPAL OF SCHOOL IS WIFE OF ACTOR IN PLAY

BLONDE STENOGRAPHER NEARLY GETS THE WORST OF IT IN A "PAIR OF SIXES"

Miss Dora Strowenjans, principal of Longfellow school is married to Bill Vander Hart, that is, in the play, "Pair of Sixes."

Miss Strowenjans surely surprises her associates in the cast when her talent as an actress was soon apparent.

As a wife to Mr. Nettleton she holds up her end admirably, and when the others put up a job on Bill with an atomizer her portrayal of jealous rage, lest a pretty blonde should supplant her in her husband's affections knows no bounds.

Outraged womanhood comes well to the forefront and Miss Strowenjans work as the hostess in the Nettleton household is well interpreted.

Miss Sally Parker (Miss LaVerne Essenberg) a pretty little stenographer in the business is the object of much quarrelling between the two obstreperous partners. Both want to curry favor with her and the argument becomes so persistent that at one climax each partner grabs a dainty hand and were it not for the timely assistance of the blonde, Solomon's wise solution might have been fulfilled as was nearly accomplished when two mothers claimed one child.

We assure the patrons however, that Sally comes out of the play unscathed and prettier than ever.

DISCOUNT SYSTEM ADOPTED BY THE CITY OF HOLLAND

HOLLAND TO SAVE MONEY BY PAYING ITS BILLS VERY PROMPTLY

The city of Holland will after this take advantage of discounts for cash on all bills that carry such a provision, in the same way that any business concern takes a discount wherever possible.

Before city bills can be paid they have to go through quite a complicated system and the rule has been that no bills be paid until they have been formally passed upon by a vote of the common council. This system, which was started as a safeguard against loose financing, will be continued as before for the ordinary run of bills, the aldermen being given a chance to pass upon the work of the committee on claims and accounts at each meeting. But certain bills come in from time to time that have discount privileges, and Ald. Leappe declared that some system should be devised where by they can be paid immediately without waiting for the fortnightly meeting of the council, thus losing the chance to save the city some money. It was arranged that when such bills come in the city clerk shall confer with the committee on claims and accounts, get their o. k. on the bills and then have them paid, taking the discount.

TELLS OF PLANS FOR NEW BOAT LINE FOR HOLLAND

E. P. STEPHAN INFORMS ALDERMEN THAT SUBSTANTIAL CONCERN IS THINKING OF THIS

The vague talk that has been going the rounds for some months that Holland may get another boat line that will connect this city with Milwaukee and other ports was given a little more definiteness Wednesday evening at the meeting of the common council when Mayor Stephan informally announced to the aldermen that a few days ago some representatives of a substantial concern had approached him and had asked for information in regard to the establishment of such a line here.

There is as yet nothing definite about the plan, according to Mr. Stephan and he merely reported it to the council in connection with a proposal to clean up and improve the "slip" at the foot of Fifth street. This improvement was recommended by the mayor so that resorters would have a place to land their boats. The resorts mean a great deal to Holland, Mr. Stephan declared and Holland should do all in its power to make them welcome here and to make things pleasant for them. They should have a good landing place, he said, and so he recommended the fixing up of the "slip," which question was referred to the committee on streets and crosswalks with power to act.

Incidentally the mayor made the announcement about the proposed new boat line. It will not be a line that will run in opposition to the Graham & Morton Co., he said, but one that will run from Holland to Milwaukee and perhaps other northern Michigan ports. No definite plans have been made as yet and no council action was asked for. The boat line representatives came here merely to secure the moral support of the people of Holland. They have no stock to sell and no favors to ask. The people back of the concern are substantial, the mayor declared, and they mean business. If the plans are carried out, it may mean big things for Holland, and the lake is likely to become increasingly important to this city.

HOLDUP MAN CAUGHT WAS ONE WHO WORKED IN HOLLAND

The Clyde Bradley arrested at Cadillac a few days ago, is the same hold-up man who with Jimmy Lee, robbed the Company D armory over the Wolverine Garage and a revolver that played an important part in other holdups in Grand Rapids and elsewhere was stolen from the armory. The Pere Marquette freight depot and the mill office of the Holland Co-Operative were also robbed. The pair broke Kent county jail nearly a year ago, but Lee is still at large. Bradley was caught however, at Cadillac. The two were pals of a former Holland woman who was conducting a sort of rooming house in Grand Rapids.

HOLLAND CANNING COMPANY SAYS "FRUIT IS ALL RIGHT"

GETS UNDER WIRE WITH SUGAR BUY JUST IN TIME

Mr. Corey, manager of the Holland Canning Co. has proven to be a live wire up to this time, and has again demonstrated that he is a far-sighted business man.

When Mr. Corey took hold of the institution it was staggering under a terrible financial load. During the short year and a half, the new manager has unloaded some of this burden materially, and judging from developments within the last few months prospects for the Holland Canning Co. are again unusually bright this year.

Just before the raise in sugar, came, the Holland Canning Co. was loaded up on low price sugar and has more than two carloads stored away awaiting the canning season, so the company is all set and can compete with any one with their products.

Mr. Corey also got on the inside of a very advantageous coal buy, and loaded his bins with fuel.

The company has also contracted for all the strawberries they can take care of and are now slow for signing up any more contracts on this product.

Last year the company had 69 acres of strawberries contracted for, for which it had to solicit, but the treatment accorded the farmers by the rehabilitated company brought in 94½ acres of strawberries on contract, unsolicited.

More than a week has gone by since the frost and storm, which gave Mr. Corey plenty of time to ascertain from his field men what damage was done to fruit. It sometimes takes several days before damage to buds is made apparent.

When Mr. Corey was interviewed, M. A. Farley and George P. Curtis expert orchardists of Chicago who not only do business with the Holland Canning company, but also buy for the Chicago market, were in the local office and stated that immediately after the frost they came to this section to inspect trees in order to find out exactly, if any, what damage had been done. They found fruit trees of all varieties either loaded with open blossoms or buds ready to burst, and they state that after inspecting several orchards, they found no damage worthy of mention, and that even the cherries (or which a small crop was predicted, a very satisfactory yield is assured, unless of course an added freeze kills the buds later, which can hardly be expected so late in the season.

The fruit men predict a bumper crop of everything and this being the case fruit farmers will find Holland a good marketing place for their product through the avenue of the Holland Canning Company.

WAS ARRESTED FOR SPEARING BLACK BASS IN ALLEGAN CO.

While District Deputy Chris. Miltenbacher of Charlotte, and Deputy Glenn Bera of Nashville, of the state conservation department were reading a notice placed on a schoolhouse near the Barry-Allegan county line, they saw a light and were just in time to arrest John Runyan of Grand Rapids, who, they said, was spearing black bass in a small lake nearby, using an electrically lighted apparatus. Runyan was taken before Justice Brady at Allegan, who fined him \$25 and assessed costs of \$5.75. His fishing apparatus was confiscated and the fish were turned over to the John Robinson hospital of Allegan.

MERCHANTS OF HOLLAND ORGANIZE BASE BALL TEAM

TONIGHT TRY OUT AT WATERWORKS PARK AT SIX O'CLOCK

At a meeting held at the Corner Hardware it was decided to organize a base ball team. The meeting was an enthusiastic one and the temporary organization was chosen. Edward Brower was selected as manager of the team and Doc R. M. Waltz, captain.

Tonight at 6 o'clock will be try-out night, and all those candidates wishing to get into the game are requested to be on hand promptly.

Players who have already applied for tryout are as follows: Catcher—H. Venhuizen; fb., Peter Liveness, C. Van Lente; 2b. Ray Knoothuizen, Jas. Klomprens, Chester Van Tongeren; ss., Gus DeVries, Gerrit Smith; 3b., Doc Waltz, Fred Bos, Art Rooks; 1f., Arend Siersma, Bertal Slaght; center, Frank DeVries; rf., Ed Brower. Remember the tryout at 6 o'clock tonight at Water Works Park.

GRAND HAVEN COAST GUARDS ASSIST A BIG PILE DRIVER OUTFIT

The Grand Haven Coast Guards went to the assistance of a pile driver that was caught in the breakers off the State Park near Highland Park. The driver was putting in piling for the life lines at the swimming beach and when it attempted to leave, the propeller of the power boat that was towing it was caught with rope. The coast guard boat was launched and the pile driver was towed to its mooring at the foot of Howard St., Grand Haven. The pile driver and power boat are operated by Ray Swartz of Grand Haven.

Miss Clara Yntema who has been instructor in the preparatory department at Hope college, has resigned her position and will not be back next September. Miss Yntema has been an instructor of ability and judging from an article appearing in the Hope College Anchor, was greatly beloved and respected by the student body of the preparatory school.

The committee on ways and means of the common council has been given authority to sell a parcel of city property at the corner of First Ave. and 13th street, thus putting that parcel back on the tax roll.

ALDERMEN MAD BUT THEY MUST OBEY THE ORDINANCE

JOHN HOMFELD CANNOT ADD TO HIS STORE BECAUSE NEXT DOOR NEIGHBOR OBJECTS

John Homfeld, who runs a shoe repair shop on Central avenue near 13th street, is up against a city ordinance and although the mayor and practically every council member wants to give him the right to enlarge his place of business and many of them said so emphatically at the meeting of the common council Wednesday night, he cannot be allowed to add a story to his building and to build a piece onto it at the back. The ordinance expressly states that this cannot be done unless the next door neighbor agree, and Mr. Hop, a neighbor refuses to give his consent. Mr. Homfeld has convinced the council that his request is entirely reasonable and just and that he is prevented from making a living in his present cramped quarters by the arbitrary opposition of Mr. Hop, but all that makes no difference and the request again had to be denied Wednesday night because the council cannot violate a city ordinance any more than any citizen can.

A protest from a number of property owners farther along down that street against the proposed change was presented to the council thus strengthening the position of Mr. Hop.

The committee after investigating the matter ruled against re-opening the case. Some of the aldermen wanted to find a way of granting Mr. Homfeld's request but Mayor Stephan declared there was no such way: "It is unfortunate," he said, "that one man can put over a thing like this and can take an unfair advantage of an ordinance. My personal feeling is that rather than let one man get away with something of a flagrantly unfair thing, Mr. Homfeld is a laboring man who wants to make an honest living and he is not allowed to do so. I sympathize in a way with the protest of the other property owners and I do not favor erecting store buildings in residence sections; but the fact remains that there has been a store building on this corner for years and may remain there for years, and the addition to the Homfeld building would in no way hurt that section. If I had the authority I'd compel Mr. Hop to come off his high horse, but I haven't and the council hasn't under the present circumstances. The only way left is to amend the ordinance."

STORY OF FORDS COME TRUE

SERIOUS ACCIDENT OCCURS ON SEVENTEENTH STREET

So many Ford stories have been told that it is said that Henry Ford got out a Ford joke book on his own "Lizzies."

One even tells where a man had trouble with the engine, threw it out and found that the car would still run.

But here is one in real life happening right in Holland. Mrs. Tien Marcus and little son Clifford, 27½ West 25th street, were in their Studebaker touring car met up with an enclosed Ford truck driven by a fruit vendor, Mr. Wetters of Benton Harbor.

At the intersection of 17th street and Van Rensselaer avenue, the smash came. The Marcus car had a damage of at least \$50 in axle, fender and running board.

However the peculiar thing about the Ford was that after the collision it whirled clear around, staggered along in the direction from which it came, and then turned turtle.

The Benton Harbor man had his wife with him, and the two were locked in the enclosed cab, but a bystander quickly came to their rescue and opened the door upside down and found the couple standing on their heads. They quickly crawled out.

However the most peculiar part of the accident was that the Ford engine kept running inverted and the owner of the car had to turn the switch in order to stop it.

The radiator of the Ford was demolished.

OVERISEL AND LAKE TOWN SCHOOL CHILDREN NEED CORRECTION

According to a report just made public by Miss Lena M. Laudie, public health nurse of Allegan county, schools were visited during the past month in the townships of Manlius, Saugatuck, Martin, Valley, Lee, Clyde, Overisel, and Laketown. In one two-room school in Laketown township 37 corrections of physical defects were noted. Another two-room school in the same township had 42 corrections since the last visit of the nurse a year ago. Many of the rural schools are making health posters to be exhibited in the nurse's booth at the county fair this fall.

Three crippled or afflicted children in the county were examined and given special attention to hospitals or clinics. Miss Laudie talked to many organizations on health matters and several meetings were held.

WEDDINGS OUTNUMBER DIVORCES FOUR TO ONE

With many divorce cases coming up at each term of court in Allegan county and most of them granted, many wonder if conditions of average matrimony is really becoming so turbid that the number of divorces is mounting up to the number of marriage licenses granted.

Figures at the office of the county clerk show that the number of marriage licenses issued in Allegan county outnumber the number of divorces granted by four to one. For the six month period beginning Oct. 1, 1922, a total of 122 marriage licenses were issued.

The committee on claims and accounts reported to the council Wednesday night that the claims against the city for the past two weeks have amounted to \$10,928.28, and the committee on poor reported that \$125 had been expended for temporary aid.

POOL ROOM MEN LOSE CHANCE FOR AN EXTRA HOUR

MANY CHURCHES SEND IN PROTESTS AGAINST EXTENDING THE TIME

The churches and Bible classes were successful in preventing the billiard parlor owners from keeping their places of business open an hour later at night than the ordinance now allows them to do. This question was the thing of greatest interest up before the common council Wednesday evening, and the committee on licenses brought in a report recommending that the request of the pool room men be denied. This report was adopted by a yeas and nay vote of the aldermen.

Before the committee made the result of its deliberations known Chairman Wicking read a protest from the Bible classes and churches. The wording of nearly all these protests was identical, giving evidence of a concerted campaign against the plan of the pool room men. The protest set forth the fact that the later hour would keep the youth of the city away from home later and would be a detriment to their welfare.

Such documents were received from the following organizations: The Adult Bible Class of the 14th Street Christian Reformed church, Women's Bible class of Trinity Reformed church, Ladies Bible class of the 3rd Reformed church, Methodist Episcopal church, Women's class of Hope church, Maple Ave. Christian Reformed church, 69 signers from the First Reformed church, Woman's Christian Temperance Union, and the Men's Bible class of Hope church.

When a vote on the committee's recommendation came, a yeas and nay vote was asked for by one of the aldermen so that there would be a record of how each stood. The result was seven yeas and four nays, as follows: Yeas—Brive, Kammeraad, Leappe, Brinkman, Dykstra, Wicking, Vander Hill, nays—Kleis, Blue, Drinkwater and Peterson. Mayor Stephan, just to show what his sentiments were on the subject also voted "No" altho of course his vote was not recorded.

HOLLAND WELL ADVERTISED ON ROAD MAP

50,000 BOOKS DISTRIBUTED INTO BORDERING STATES

The Michigan Tourist and Resort association have just completed the task of mailing out automobile road maps in cities where these will do the most good, in those states surrounding Michigan and in those parts of the United States from where the most of our tourists come.

Hugh Gray, secretary and manager of the association, on a visit to Holland last year was called to task before the Merchants Association for practically ignoring Holland.

The fact is that Holland did not do much to finance the project. This year, however the Merchants' association came across with donations as well as some of the resort hotels, manufacturers, and others. The result is that Holland is thoroughly mentioned in a highly colored picture book and also in the road guide that accompanies it.

Holland, Black Lake, Ottawa Beach, and Macatawa Park are all on the map at least five times and that very conspicuously. On each map the Graham & Morton Transportation Company's route from the harbor to Chicago is plainly marked in red.

Holland is also mentioned in the list of names of recommended hotels, resorts, restaurants and garages.

In the list of golf links, the Holland Country club and the Ottawa Beach Country club are listed.

The Pere Marquette railroad and the Graham & Morton Transportation company are also mentioned as these relate to Holland, and all the Holland resort hotels, are alphabetically listed.

Mr. Gray surely did not forget Holland this time which makes up in a measure for the omission of the name, Holland, Michigan even on the Michigan map two years ago.

The road guide gives a short form of the Michigan fishing and hunting laws, the open and closed season for game of all kinds, and the amount of license money that an outsider must pay to fish or hunt in Michigan.

It also gives a list of the free state and other parks in Michigan and those cities having tourists camps are designated on the map by a small white tent on a black background.

A great deal of highway information is also given telling in one instance that Holland is on M-11, in other words the West Michigan Pike. The map also tells of the speed limit of 35 miles an hour in the country, according to the state law and also lists such towns and villages where local ordinances and laws govern the auto traffic.

It even has Holland listed as having fast time, and strange to say, of all the cities listed, standard time wins out at least two to one.

While Hotel Ottawa at Ottawa Beach is conducted on fast time, according to the guide, Macatawa Park hotel is regulated by Standard time.

The Michigan railway also figures in the book, and the fruit belt in which we live too comes in for favorable mention.

The guide is embellished with half tone cuts of resort scenes in Michigan, besides a fascinating bathing scene where beautiful Michigan "peaches" are disporting on the bathing beach, which goes to show that the recent storms and frosts did not kill old varieties.

Surely, Mr. Gray, of the Michigan Tourist and Resort Association made good his promise given to the Merchants association two years ago.

Louis Padnos, the junk man, had to leave his junk truck in Muskegon yesterday and is going back today to bring it home. The heavy rain had so munched up the road on the outskirts of the city of Muskegon that the loaded truck was hopelessly mired and his force has gone back today to dig it out.

FISH OF MANY NAMES PROTECTED UNTIL JUNE 16

A calico bass by any other name is still a calico bass, and Deputy Game Warden Frank Salisbury declares all those who persist in catching them out of season are going to be punished for it. Mr. Salisbury was in Holland Saturday and he gave the warning at that time that the season on calico will not open until June 16.

"People seem to be confused on this subject," said Mr. Salisbury. "They call the fish by all kinds of names, speckled bass, croppies, calico bass and so on. But they are all calico bass, and they are being caught here by local fishermen who do not seem to know that the season on them is still closed.

FORMER EDITOR OF "DE GRONDWET" DIES

Word was received in Holland on Monday announcing the death Saturday of Rev. A. J. VanLummel, pastor of the Seventh Reformed church of Grand Rapids. Rev. VanLummel's death came as the result of a stroke of apoplexy and was very sudden.

Death came to Rev. VanLummel when he was about to affix his signature to the certificate uniting two of the younger members of his parish in marriage and the pastor succumbed to a heart attack before the ceremony could be completed.

As the pastor finished filling in the form and was about to sign his name he stopped suddenly, saying that he felt ill. He asked to be excused for a moment and went to the kitchen for a glass of water. He then returned and sat in a large chair. There, suddenly and almost without warning he expired.

Rev. VanLummel was editor of "De Grondwet" for about two years some 23 years ago. Then he went to Grand Rapids where he was connected with a Dutch newspaper called "Onz Vandaag." Later he became a student at Western Theological Seminary and entered the gospel ministry. He served churches in Sioux County, Ia., in New Jersey, and other states.

ZWEMER BOOK IS TRANSLATED INTO FRENCH

The well known book by Dr. S. M. Zwemer, "Islam, a Challenge of Faith," has been translated into French and is attracting considerable attention in Europe. Dr. A. L. Warnery, who is stationed in London, wrote a letter about the translation to Dr. Zwemer which was published in last week's issue of the Christian Intelligence. The letter follows:

"While in Lausanne last week in conference with the two missionary societies that have headquarters there I discovered a bit of news which you may have heard from other sources, but which I will repeat, for I want to make sure that you know about it.

"You know, of course, how Miss Warnery's translation into French of your book, 'Islam, a Challenge of Faith,' has been under way for five or six years. The Swiss churches have been doing comparatively little or nothing in the way of missions to Moslems, and this book was planned that it might increase their interest in the wider field of missions.

"The translation was finally published just two weeks before the opening of the peace conference in Lausanne, last December. The French title is 'L'Islam, Son Passe, Son Present, et Son Avenir.' The book was exhibited at once in the book stalls of the city, and immediately attracted attention. Before the Conference was over, practically the whole edition had been sold out. It was known that even members of the Turkish delegation purchased copies. Providentially, therefore, this book in its French translation has gone to responsible people in all countries that are concerned with the settlement of peace with Turkey. As there was a great deal of interest in Switzerland at that time on the subject, the book was also purchased by Swiss people, and for some time it was a principal topic of conversation in circles that otherwise would not have been very much interested in missions."

FORD SEDAN IS HIT BY A FREIGHT TRAIN

William Hop driving a Ford sedan figured in an accident about 2:30 between Sunday night and Monday morning when his car was hit by a Pere Marquette freight train at the crossing on East Eighth street. One side of the Ford was quite badly dented in but Hop escaped without injury, except for a few scratches.

GRAND HAVEN TO GET A \$1,000,000.00 CONCERN

The Construction Materials Co. of Chicago, thru its president, J. R. Sensibar and John Walsma of Grand Haven, manager for the materials company announced Saturday that every detail has now been closed for establishing on Grand Haven, at Grand Haven and Ferrysburg its terminal plant for rehandling sand and gravel, also its repair plant and general distribution facilities for this entire region of the Great Lakes.

This will mean doubling the tonnage which come in that harbor; it will mean an investment of upwards of \$200,000 by the rehandling alone being designed to cost over \$50,000. This company, after its present developments are completed will be a \$1,000,000 concern with no liabilities. This is felt to be the biggest thing which has occurred in Grand Haven in more than a decade. The tonnage increase for the local harbor will be at least 300,000 tons a year. The company's fleet of small boats and its three large lake boats will be wintered and repaired in Grand Haven.

MRS. WINTER WINS FEDERATION FIGHT ON WORLD COURT PLAN

Atlanta, Ga., May 12.—The resolution indorsing adjudication by orderly judicial procedure of international controversies was adopted Friday by the General Federation of Women's clubs, in mid-biennial council session here without opposition.

The convention by this action carried out the wishes of Mrs. Thomas G. Winter, the federation president, and other leaders, and avoided mentioning any specific proposal for the American adherence of an international court of justice.

CUTS THROAT IN COUNTY JAIL WITH DULL KNIFE

Nikita Naumchik, the temporarily crazed Russian who walked to Grand Haven on last Tuesday clad only in undergarments, committed suicide by cutting his throat in the county jail on Friday night. He had been lodged at the jail until he could be taken to Chicago to join his uncle, Simon Sidoieck of that city. He was to have left on the Goodrich liner Alabama and was fully dressed ready to take his departure when he took a blunt jack-knife with a two inch blade and cut his windpipe and jugular vein.

It was thought that Naumchik, was temporarily crazed as he was when he started out on his trip from Muskegon Heights to Ferrysburg. He had gone to Muskegon Heights to be employed in the foundry of the Campbell, Wyant and Cannon company. He had not yet gone to work but on the evening of May 8 with the severe snow storm taking place, he made the journey mentioned.

He was taken to the county jail where officers gave him needed medical attention and notified the Chief of Police at Muskegon Heights who located his rooming house, got his grip with clothing in it and brot it to Grand Haven. Naumchik had apparently regained his senses and his behavior was perfectly rational.

No charge was lodged against the man but he was kept at the jail until his clothing should arrive. When it came he was allowed to have it and given the padded cell in the jail to make the change in, after which Undersheriff Spangler was to take care of him and to take him to the Goodrich dock to see him safely off for Chicago. His limited command of English made it hard for him to get along and of the officers none but Undersheriff could understand him at all.

At first it was thought that his name was Mike Longgevitich, this name being given by him. He gave his age as 36 and Coroner Boer said Saturday that this was undoubtedly correct.

After dressing in his best clothes at about 9 o'clock Friday night just before he was supposed to depart for the boat, he slit his throat with a jack knife which was evidently in one of the pockets. Sheriff Portney and Undersheriff Spangler were in the office at the time.

Sheriff Portney heard the gurgling accompanying the first cut and rushed to the cell. Naumchik made a pass at the sheriff with the knife but missed and the sheriff managed to take the weapon away from him, but it was too late. The cell was covered with blood which spurted from the wound of the dying man.

The dead man is survived by two relatives as far as known. His grip, opened by officers later, contained private papers and two life insurance policies in the Travelers Insurance Co. for \$500 each. One was made out to Annie Naumchik, his wife and the other to Simon Sidoieck, an uncle, both living in Chicago. Coroner Boer has attempted to get in touch with both people.

The body is still in the morgue. His clothing, suitcase and the knife with which he took his life are all being kept by the coroner.

HOLLANDERS, HE SAYS, ARE HEAVY MILK DRINKERS

Hollanders are the champion milk drinkers of the state, according to T. C. Broughton, director of dairying in the state department of agriculture in Lansing. The records show that Ann Arbor drinks more milk per capita than any city in the state, and this is explained by the fact that Ann Arbor has 11,000 students who are taught in school that milk is the best and cheapest food for grownups as well as for children. Ann Arbor's record is 1.1 pints per capita per day. Grand Rapids comes next with .94 per capita pints per day. Muskegon is third with .84, and Holland fourth with .77.

It is explained by Mr. Broughton that Grand Rapids, Muskegon and Holland have many citizens of Dutch descent and that the great value of milk has always been a tradition among Hollanders and people of Dutch tradition.

While Simon Heemstra of Hope College has finished his work in contest oratory, his duties in the field are just beginning to approach him. He has several invitations to speak before various gatherings before school closes. Thursday the local speaker addressed the high school students at Grandville. His preliminary remarks were along the lines of what constitutes modern oratory. He also spoke on behalf of the college and told the students of the advantages Hope offers people today.

Heemstra may have to disappoint several in view of his bad tonsils which he intends to have removed in the near future. He desires to take a brief rest from the platform so as to be prepared to assist in Chautauque work during the summer vacation.

HOLLAND GIRL INJURED WHEN HORSE SLIPS, FALLS

Miss Hazel Donnelly, living on the Sixteenth street road east, was severely injured when her horse which she was riding slipped and fell. Miss Donnelly suffered a broken collar bone and was painfully bruised. Internal injuries are also feared. Miss Donnelly was taken to the Butterworth hospital at Grand Rapids.

A map of Ottawa county giving lime requirements on different areas of the county's soils has recently been published by the soils section of the Michigan Agricultural College.

"Lime is the keystone to the production of clovers and alfalfa on our sour soils" says Dr. M. M. McCool, head of the college soils department, in commenting on the new map. "Thousands of acres of Michigan soil are either non-productive or are not producing profitably, because, through lack of lime, the above legumes cannot be grown. The soil surveys, coupled up with lime and fertilizer experimental work should accomplish a great purpose in aiding to make the agriculture of Ottawa county more profitable.

"The county lime map which is based on work of the recently completed survey divides the county's soil types into three groups according to their lime requirements. While the map is necessarily generalized it should prove of great benefit as a general guide for farmers of the county who plan to make lime applications."

The "Lime of Ottawa County Soils" pamphlet may be had free on application to the M. A. C. soils department, East Lansing, for Circular Bulletin No. 59.

BIG \$3,500.00 FIRE NORTH OF CITY

Sunday night at 9:30 o'clock fire was discovered in the large barn of Gerrit Ter Beek, dairyman on the Waverly road north of the city.

How the fire started not even the owner had any conception of. There was no fire in the barn at any time and no one had been in the place for hours.

At 9:30 it was noticed the barn was one mass of flames and the owner had just time to release nine cows and several horses.

The rest of the contents of the barn was destroyed, including hay, straw, feed, farm implements and milk pedler's wagons.

No effort was made to save the barn with a bucket brigade as the flames had gotten beyond that stage and within a half hour the entire structure was burned to the ground.

Mr. Ter Beek estimates his loss at \$3,500, partially covered by insurance. It was the largest barn anywhere around that neighborhood and the blaze was easily seen in Holland.

Mr. Ter Beek intends to rebuild immediately. The man is a milk pedler in Holland and if Holland customers were not properly supplied Monday morning they now know the unavoidable reason.

Another fire was reported near Rusk, Michigan, when the large Vandenberg barn was burned, when not only the barn was destroyed, including all the cows, several pigs, a large consignment of chickens in a henry nearby, but also a granary in the immediate neighborhood.

MAY 23 ZEELAND CHURCH TO BE DEDICATED

On May 23 the Third Christian Reformed church of Zeeland, Michigan, will be dedicated with five divines being present to carry out the program.

The program will be featured with special music and addresses by Rev. M. Van Vessum, Rev. John VanPeursem, Rev. H. Ostendorp and Rev. W. McKenney, pastors of Zeeland. Rev. D. R. Drukker, who has been pastor of the church for about five years will preside.

The church is of brick construction and was built at a cost approximating \$40,000. The interior, finished in oak has a seating capacity of more than 700. The church was organized in 1914 and has experienced a healthy growth. The total number of families has reached 105.

DIES AFTER ILLNESS OF TWO WEEKS

Mrs. Elbertus Westbroek, aged 39 years, died Friday evening at her home in Holland township on E. 8th street after an illness of about two weeks. The deceased has lived in Holland township for many years. She is survived by her husband, two sons, John and Cornelius, her father, Cornelius Klaasen, two sisters, Mrs. Henry Kragt and Mrs. Martin Deur of Fremont, and one brother, Peter Klaasen, also of Fremont.

The funeral was held Monday forenoon at 11:30 fast time, at the Holland township town hall. Rev. B. H. Elinkink officiated.

ALLEGAN STILL MORE MIXED ON TIME THAN MOST TOWNS

Allegan county supervisors want slow time, the citizens of Allegan want fast time. The Board of supervisors is boss of the court house, ordered the court house clock turned back to Central Time to satisfy the farmers. A petition of 300 factory employees induced the common council of Allegan to put in the day light saving. Now Allegan is torn up as to what time it will follow. Some of the merchants want to please the farmers, others want to please the city folks. Same have two kinds of time. Parents are getting mixed up with school time and city time. The postoffice opens up at 6:30 a. m. and closes at 6:30 p. m. Eastern Standard time, and consequently some of the late mails are not delivered. The common council is sitting tight however for daylight savings.

HOLLAND MAN IN COAST GUARDS IS RETIRED

Harry Vanden Berg, formerly a resident of Holland and now living on Harbor avenue, Grand Haven, has been retired from the coast guard service upon completion of twenty years of service. Vanden Berg received an honorable discharge and was commended by officials for faithful discharge of duty during his entire period of service. He is 44 years of age and is retired on pension.

Vanden Berg entered the coast guards twenty-three years ago and since then has risen to the rank of first class bos'n's mate. Vanden Berg has seen service at the Grand Haven, Manistee, Holland and Louisville stations. He entered the service at Manistee in 1900. During the incapacity of the officer in charge of the Louisville station several years ago, Vanden Berg had entire charge of it for a year.

Harry Vanden Berg is the oldest son of Mr. and Mrs. John Vanden Berg and a brother of "Vaudie," Ben and Wm. Vanden Berg, prominent business men here.

JOHN BOONE ATTENDS SADDLE HORSE SHOW BRINGS BACK SEVEN

Horseback riding is becoming a favorite sport in Holland as in other places and in order to accommodate the public John Boone went to Chicago to attend the saddle horse show. There were some thousands of horses on display, some of them valued as high as \$1500 and many others were sold for \$500. Thousands ride horse back in Chicago for recreation, Mr. Boone declared on his return.

He bought seven fine gaited saddle horses at the show. They have not yet arrived but will reach here soon.

SAUGATUCK BUYS LA FRANCE FIRE TRUCK

The Saugatuck Village board has authorized the purchase of a chemical fire extinguisher mounted on a 1-ton truck. The contract with the manufacturers has been signed and prompt delivery is expected. The unit is known as the American La France Fire equipment, and one charge has an extinguishing capacity equal to that of 12,000 gallons of water. It will also carry the department's regular water hose. The machine is available at a distance of several miles, and its efficiency is not dependent on water pressure.

YOUR OWN IDEAS

Should Make You a Charming Home

There is nothing easier to live with than your own ideals put into practical form. And there is no longer any reason why one should not definitely plan to build around one's individual desires and requirements.

It is our special business to help people put a lot more of themselves into the homes they are to live in. And this planning service - this bringing out of personal ideas and making them workable - actually costs our customers not one cent.

All of our operations-except house planning-are wholesale. We select the lumber and other materials from our own yards. The cutting and finishing is done in our own mills - saving an immense amount of labor. Our own men erect the house - saving time in every move, and making possible our absolute guarantee of the home completely built.

Under this plan it costs no more to express your own ideas in the house you build than to buy a stock house shown in some catalogue.

Make home-building a genuine pleasure. Going over the matter with our Drafting Department puts no obligation on anybody.

LINCOLN SERVICE

Lincoln owners know that Lincoln cars in ordinary usage demand little attention other than the replenishment of gasoline, oil and water. That is because the service requirements of motor cars are in inverse ratio to the quality and character built into them by the manufacturers.

Periodic inspection, proper lubrication and minor adjustments, when necessary, are essential to the proper and prolonged functioning of any piece of machinery. With quality as a prime factor, it is the secret of economical and dependable transportation.

To insure the operation of Lincoln cars as a source of uninterrupted satisfaction and enjoyment, through the medium of adequate and convenient service facilities, it is the purpose of the Ford Motor Company that its entire dealer organization be equipped to render efficient and intelligent service to Lincoln owners.

Thousands of Ford Dealers in the United States are being equipped with specially trained Lincoln men, competent to make minor adjustments and of providing for ordinary service requirements.

Under this arrangement, a Lincoln owner, whether touring a continent or crossing his own city, may with confidence enter a Ford Dealer's place of business and be assured of prompt, courteous and intelligent treatment by an organization with a personal interest in his welfare.

It is not intended, or necessary, that all Ford Dealers be equipped to do major repair work or overhauling on Lincoln cars. Adequate provision is made, however, whereby such work will be done in each territory, when necessary, by dealers who are especially equipped to render high grade service in keeping with the character of the product.

We believe that the Lincoln will run farther and require less mechanical attention than any other car in the world. It is significant and a matter of utmost importance to prospective owners of quality cars that the incomparable, world-wide facilities of the Ford Motor Company should make the ownership of a Lincoln even more desirable than ever before.

News concerning the dredging job on Saugatuck harbor is most indefinite and not promising for an early start. The war department has set aside the sum of \$6000 for this work and will undoubtedly have it done in plenty of time for the opening of the regular boat season. But in the meantime the North American and South American would like to come in and are reported ready to leave Detroit at any time. The government dredge General Meade, it was understood, was to be sent to Saugatuck when certain work at Grand Haven and Holland had been completed. It is now learned that the Meade has been ordered to Kenosha on a job which will require three weeks, working 24 hours a day. No definite promise could be obtained to send the Meade to Saugatuck at the end of that time, as other east shore harbors are clamoring for immediate service.

A class of 33 will be graduated from the preparatory school at Hope during commencement week in June. The prospective graduates are: Harry H. Bales, Sutton, Mass.; Clarence Berkompas, Rudyard; Adrian C. Daane, Dick F. Elzinga, Herman M. Janssen, Gladys Moeke, Dorothy Schermer, Zeeland; Helen H. De Groot, Gerald Elenbaas, Theodore J. Gieblink, Alice C. Ihrman, Elmer Jekel, Harry J. Kleinheksel, Harvey W. Kollen, Theodore W. Luidens, Wm. J. Meengs, Cornelia A. Nettinga, Helen Olgers, Fred Schuurman, Doland J. Van Alsbury, Myrtle Voss, Silas C. Wiersema, Holland; Ruth Graney, Coal City, Ill.; Theodore Harmsen, Janet Tams, Seneca H. Topp, Mary K. Weaver, Hamilton; Adolph W. Helmes, Douglass, N. Y.; Richard P. Mallory, Selkirk, N. Y.; James Postema, New Era; Mary A. Waldron, Yonkers, N. Y.; Owen White, Winnebago, Neb.; F. E. Workman, Fulton, Ill.

Mrs. Arthur Heuer was a Grand Rapids visitor Friday.

TO SPEAK IN ZEELAND ON DIET OF CHRIST

People of both Holland and Zeeland are cordially invited to attend a meeting to be given in the First Reformed church in Zeeland at which Hon. G. J. Diekema will be the speaker. "The Diet of Christ" will be the subject of the address. This address is an examination of the evidence of the diet of Jesus on such testimony as might be presented in court. The address has been delivered in Holland and attracted a good deal of attention. It is being looked forward to by the people of Zeeland and a large audience is expected.

The meeting will be given under the auspices of the Men's Bible class of the First Reformed church next Wednesday evening at 8 o'clock. The choir of the church will furnish the music.

FORMER HOLLAND WOMAN ENTERTAINED WITH HOLLAND WOMEN ATTENDING

Mrs. C. E. Ripley, formerly of Holland, now residing at Grand Haven, entertained the members of her bridge club on Wednesday afternoon at her home on Howard street. A lovely array of spring flowers was used on each bridge table, around which were seated: Mesdames Floyd Sherer, Murray Fuller, T. J. Kiehl, R. Van Toll, C. W. Cotton, John Bryce, A. C. Campbell, John DeGlopper, John B. Borne of Holland, James Oakes, Mrs. Herman S. Nyland. The prizes were won by Mrs. John D. Gloppe of Holland and Mrs. Cotton of Grand Haven.

NEW YEAR STARTS WELL FOR THE LOCAL SEMINARY

That the Western Theological Seminary that closed its year's work Wednesday night with the graduation of six new ministers faces another successful year is shown by the fact that five of the members of the present year's graduation class of Hope College have already been admitted to the seminary for the coming year. These five were examined for entrance requirements this week because the board of superintendents was in session in connection with the close of the work of the seminary and the Hope graduates took advantage of the opportunity to get the entrance requirements passed upon.

That does not mean of course that the new class in the seminary next year will have only five members. It is likely that other members of the Hope graduating class will enter the seminary, taking their examination next fall when the board meets again. Usually also some men enter from other schools. It is likely that the membership of the new class will be considerably larger than of the one that has just graduated and in which there were six members.

Next year's graduation class will also be larger than this year's, its membership being composed of ten men. The present year's junior class just promoted to the middle class by the graduation of the seniors, is still larger, having a membership of four teen men.

The local seminary has been coming into its own during the past few years and judging from reports in some church publications it is at present more successful in attracting students than the New Brunswick Theological Seminary, the other institution of the Reformed church. The "Christian Intelligencer" has from time to time in the past few months printed articles about that institution indicating that it is not attracting as many students as seems desirable.

FORMER HOLLAND FIRE FIGHTER PASSES AWAY

Adrian Glerum, aged 56 years, died Thursday afternoon at his home at 75 East 8th street after an illness of about two weeks. Before he was compelled to be confined to his bed he had been ailing for a long time. Mr. Glerum was well known. For many years he was connected with the Holland Fire department, starting with them when the department was organized. He was a volunteer fire fighter for a long time and he also for many years drove the team for the department. He was the city's first driver when horses were acquired many years ago.

Soon after the Michigan Tea Rusk company was organized Mr. Glerum became connected with that institution and he was employed there until death.

He is survived by his wife, two sons, John of Holland and Edward of Grand Rapids, and two daughters Mrs. L. Stevens of Holland and Miss Cornelia Glerum of Holland.

The funeral will be held Monday afternoon at 2:30 at the home, Rev. James M. Martin officiating.

FIRE DRILL WORKS REAL FIRE

The discipline of the repeated fire drills in the schools had its reward Thursday forenoon when a blaze started on the roof of the Longfellow school. The usual fire signal was given and the pupils responded splendidly marching out of the school in good order and vacating the building in less than one minute.

The fire started from sparks from the chimney and burned a few square feet of roof. Physical Director Wm. Slater and the janitor reached it with chemicals and had it under control before the fire dept. arrived. The damage is about \$50.

The training of the pupils showed up well in every particular. Some of them turned in the alarm without loss of time one remaining at the box to guide the firemen. The larger boys being absent the larger girls held the doors open for the pupils. An automobile was parked near the school, and the pupils moved it out of the way so that it would not interfere with the firemen. They did everything that should be done and it was a fine object lesson of what training will do.

The last regular meeting of the Elizabeth Schuyler Hamilton Chapter of the D. A. R. was held on Thursday afternoon at the home of Mrs. C. M. McLean. Mrs. Jeanette Hughes Kramer sang two of her own compositions, "Spring is Here" and "Tis May," and Mrs. D. B. Yntema gave reports of the National D. A. R. convention recently held in Washington, D. C. After the program the annual election of officers was held.

HOME BUILDING BOOM ON NOW IN HOLLAND

If the announcement were to be made in the local newspapers that a new institution were to be built in this city costing more than \$200,000, the story would be in most of the newspapers of the state tomorrow. Any such announcement is always a big newspaper story and usually before the time of letting the contract comes, many columns of space have been devoted to it.

But few people realize that the equivalent of the erection of a \$200,000 building is going on right now in Holland in what is becoming one of the greatest building booms the city has experienced for many years. In this building boom such buildings as the new Junior High the Masonic Temple and other institutions of a big kind are not included. Merely the erection of ordinary buildings such as houses, garages, stores, alterations, additions—the ordinary "Chicken-feed" of building that is going on more or less all the time.

During the first four months of 1923 building permits were issued in the office of the city clerk amounting to an estimated cost for new buildings of \$202,722. Although it was known in a general way that a good deal of building was going on few people perhaps realized that the figure reached that total. The highest figure for any single building is \$18,000, while most of the items are for houses of moderate price, and a large number of the permits were for garages. The prices given are not necessarily the actual figures when the building is completed; they are the estimates of the price when the building permit was taken out.

Following is a detailed list of the building permits granted during the four months from January first to May first.

They expect to reach the homes of relatives at Forest Grove the latter part of this month.—G. R. Press.

"Casey" Jones of Van Dyke has rescued his Ford which went through the ice of Black lake last January and he is now running the machine, holding that its rest on the bottom of the lake did it no particular harm. The story does not say but it is presumed that the engine was running as usual when the car was pulled from the lake, while some of his friends, who understood a bit more about the machine, maintained that it was filled with fish.—Muskegon Chronicle.

Attorney Ray Visscher and Henry Winter who made a motoring trip to Flint the earlier part of the week experienced the buffeting of several snow drifts upon their return. One unusually large one was encountered in order to avoid hitting a truck. The two tall boys had to walk nearly a mile for snow shovels before they could proceed to shovel themselves out. It is stated that the next trip will be made in July and they will provide themselves with snow shovels before they leave Holland.

It is time to swat the fly. Any and all means of extermination are legitimate, and every fly that is caught on fly paper, or swatted with a swatter, or poisoned or gassed, will prevent the propagation of several millions of the pests before snow flies again. Flies carry disease and are a source of constant danger, so swat 'em with perseverance and persistence.

The Maple avenue Church Ladies Bible Class entertained the men's class and the teachers and librarians of the Sunday school Wednesday night in the church parlors. A miscellaneous program was given by the ladies and a talk was given by Rev. D. R. Drukker of Zeeland about the Kentucky Mountaineers. Refreshments were served and a social hour enjoyed.

Henry Boss and Richard Martin of Holland were among those upon the degrees were conferred Thursday in Grand Rapids at the DeWitt Clinton Consistory ceremonies.

Mrs. William Zylman, aged 45, died Tuesday evening at her home at 153 West 8th street. She is survived by a husband and four children.

Miss Martha Wheeler, aged 67, died Tuesday at her home in Saugatuck. The funeral will be held Friday at the home.

Mrs. James Kenman, 72, died Tuesday night at John Robinson hospital. She suffered a fractured skull, hip and arm when a wheel came off an automobile in which she was riding May 6. The driver and five children were in the car when it rolled over but the aged lady was the only one injured. Her husband survives.

There are four mailmen and one postal clerk in the cast of "A Pair of Sixes." The play surely ought to deliver the goods Thursday and Friday nights.

The Grand Haven Baking Co., operated by C. J. Pfaff and the Ideal Baking Co., operated by J. VanderMeer, have been merged. Special equipment will be installed.

Nikita Naumchik, the Russian who took his own life in the Grand Haven county jail Friday evening was buried in Lake Forest Tuesday. His relatives and friends could not be located.

The sale of the Ladies' Aid society of the Graafschap Christian Reformed church that was to have been held on Thursday of this week has been postponed for one week on account of the death of John Mulder of that place.

Hope is booked for two games abroad this week. Friday Hope plays St. Mary's college at Pontiac and Saturday M. A. C. at East Lansing. The team is showing up well and Coach Schouten expects at least an even break on the trip.

Simon C. Heemstra has been elected president of the Hope orchestra for next year. Other officers are: Secretary-treasurer, Raymond Fieldhouse; librarian, Gerrit Heemstra. The orchestra is directed by Snerman Tuiler of Grand Rapids.

Dr. U. F. DeVries, Austin Harrington, Everett P. Dick and Carl A. Elisse motored to Saugatuck in Knights Templar uniform to act as pallbearers at the funeral of Wm. McVea. Mr. McVea was a large boat owner at Saugatuck and sailed the steamer the "Charles McVea", that was some 25 years when one of the boats was running between Holland and Chicago on the Holland line. For a score of years the "Charles McVea" did a passenger and fruit carrying business between Chicago and Saugatuck.

Mr. and Mrs. Arthur White, Mrs. Iva White, Mrs. G. A. Lacey and Mrs. A. M. Galentine attended the White Shrine meeting at Pontiac Thursday night.

HOLLAND COUPLE

MARRY TUESDAY

The following telegram received by this paper Wednesday is self-explanatory:

"St. Joseph, Michigan, May 15, 1923—Miss Mary Steffens a n d Dr. R. C. De Vries were married at noon today by Dr. Henry Hospers at the bride's home. They have left for trip thru the south and west. R. C. De Vries."

Miss Mary Steffens is the daughter of the late Dr. N. M. Steffens, formerly of the Western Theological Seminary, and a sister of Dr. Cornell Steffens, head of a large educational institution of Des Moines Iowa.

Dr. De Vries is well known in this city as a local dentist with offices over the Meyer Music House.

The wife was received after the couple had made the first lap of their wedding tour to St. Joseph.

The marriage took place at the home of the bride, 139 East 14th St. at one o'clock Tuesday in the presence of a few select friends, and was performed by Dr. Henry Hospers, an intimate friend of the Steffens family.

CHANGED LICENSE

PLATE AND WAS A

"ROAD HOG"

Donald Devine, a motorist from Chicago, was given a good dose in the court of Justice Van Schevel when he not only tried to put one over on the automobile license law of Michigan but when in addition to that he became a "road hog". Devine was arrested by Deputy Vander West on the charge of changing a truck license plate and using it illegally. For this offense he was fined \$25 in court.

On the same day he was nabbed by Deputy Vander West on the charge of speeding and hogging the highway. When brought into court on this count he was assessed \$10 more.

SEMINARY MAKES

NEW PLAN FOR THE

NEXT COMMENCEMENT

The next commencement of the Western Theological seminary will be held in Zeeland, according to a report of the committee of the board of superintendents. An invitation was extended by Rev. J. Van Peursem to hold the commencement exercises in one of the Zeeland churches and this was accepted, a large audience being assured. It was pointed out by the committee that it might be well to make this a precedent and to hold the commencement exercises of the seminary in various churches outside of Holland in coming years to "add to the commencement the importance, dignity, interest and enthusiasm not locally manifested."

The graduating class of the seminary will leave as a memorial an artistic and greatly needed fence between Semelink hall and the dormitory, as many citizens have been making this a thoroughfare.

FALL ON CELLAR STEPS

IS FATAL TO AN AGED

MUSKEGON RESIDENT

Falling down the cellar stairs, Mrs. Cornelius Huizenga, 72, of Muskegon, well known in Holland, struck on a cement ledge and died instantly. She was born in the Netherlands and had lived in Muskegon township for 36 years. She leaves her husband, 4 daughters, Mrs. Henry Van Dornel, Mary Huizenga, Mrs. Herman Zuidema and Mrs. Leonard Fisher, all of Muskegon; two sons John and Cornelius Huizenga of Muskegon and 20 grandchildren. The funeral was held Tuesday at the Third Christian Reformed church at Muskegon.

PLAN ASSESSMENT ON

ON GROWERS AND CANNERS

TO ADVERTISE CHERRY

A definite plan for advertising Michigan canned cherries in connection with those of Wisconsin and New York, the principal cherry-producing states, will be reached after a meeting of New York canners on June 7, according to A. R. Todd of Grand Rapids, secretary of the Michigan Canners' Association.

The proposal which cannot be put into effect before 1924, would provide for an assessment of one-eighth of a cent per pound each against both the grower and canner to provide funds for the campaign. On the basis of 30,000 pounds of cherries produced in Michigan last year, one-fourth of a cent per pound would provide about \$75,000.

Although growers have evinced little enthusiasm for the assessment, Hal Tennant head of the Michigan State Farm Bureau is in favor of it, and may obtain the bureau's endorsement, it was said. Should New York decline to co-operate Michigan and Wisconsin will proceed with the campaign.

MAYOR STEPHAN NAMES JAIL BIRD AGAIN C. OF C. COMMITTEES TRIES TO FLEE COOP

Monday night Mayor Stephan called a meeting of the newly elected board of directors of the Chamber of Commerce, and brought before them his committee appointments comprising a list of 54 members of the organization.

The membership is a strong one and most of the men are especially fitted in the places they have been appointed to, on these respective committees. Considerable discussion arose over the question of a paid secretary. It was the consensus of opinion that a full paid secretary be hired rather than a part paid.

A part paid secretary divides his time as a rule with other interest and also as a rule the chamber suffers. A full paid secretary must devote his entire time to the interests of a chamber of commerce, fostering those things that such an organization stands for.

It was the universal opinion of the other chambers of commerce that a full paid secretary was the best bet with an influential home man preferable.

It was decided that the chamber of commerce invite Secretary Blerce of the Grand Rapids chamber of commerce, and Secretary Beukema of Muskegon to come to Holland in the near future and give the members an idea of how a chamber of commerce should be conducted and incidentally give their personal experiences with such civic bodies.

A great many have the idea that a chamber of commerce stands for industrial projects alone. The fact of the matter is, the getting of factories is only one of the multitudinous duties that such an organization must foster.

Here in Holland alone, besides keeping an eye open for new industries, the chamber has the housing proposition on its hands.

If Governor Groesbeck forgets his veto and allows us to have an armory for which the money has already been appropriated, then this project must be taken care of.

A new hotel, resort developments, good roads, harbor, public streets, Holland beautiful, the moral welfare of this city, in fact an endless lot of proposals will occupy the time and minds of the Holland Chamber of commerce.

The chamber of commerce is not for personal advancement, but means unselfish service for the city of Holland, and its resorts, and that means all of us.

Until such a time as a secretary shall be appointed, Roy Champion, superintendent of the board of public works, has offered his services gratis, and Mr. Champion for the time being will act in the capacity of secretary.

The committee appointments made by Mayor Stephan follow below:

Advisory—Otto P. Kramer, Jacob Lokker, Henry Winter, Milo DeVries, Henry Luidens, Jacob Fris.

Transportation—Arthur A. Visscher, C. L. Beach, F. T. Whelan, C. Kirchen, F. Bolhuis, D. B. K. Van Raalte.

Membership—Wm. C. Vandenberg, Andrew Klompars, Alex VanZanten, Joseph Koolker, Albert DeWeerd, Arnd Sierama.

Harbor—A. Harrington, J. A. Vanderveen, George Pelgrim, James De Pree, John J. Good, J. A. Johnson.

Resorts—Edgar G. Landwehr, Chas. Karr, W. J. Olive, Ed Leuw, Alex Van Zanten, G. E. Gischwind.

Ways and Means—G. J. Diekema, A. H. Landwehr, Con De Pree, C. M. McLean, W. H. Beach, W. C. Walsh.

Publicity and Statistics—John J. Vandenberg, Jr., Roy Champion, B. A. Mulder, C. E. Drew, John Arendshorst, J. J. Rutgers, Jr.

Public Improvements—Cecil Huntley, Ray E. Nies, Wm. Deur, H. Wilson, George VanderRiet, Alfred Van Duren.

Legislation—C. H. Mc Bride, T. N. Robinson, Daniel Ten Cate, J. A. Kelley, Ray Visscher, James DeYoung.

It happened just after the heavy snowfall that one of our local men got stuck somehow with his machine right on a bridge. The wheels just spun around in the muddy rut.

side of the bridge. Immediately our one man party starts prying up the machine with a fence rail. He standing on the edge of the bridge with full force applied his avoirdupois to the end of the rail. "Crack," said rail and with one kerplunk, and a huge splash he went down to the very bottom of the swimming hole. Clean under went he, hat, overcoat and all.

Not exactly a swim dive but sort of an inverted jack-knife dive. When he came up he had pollywogs in the dip of his hat. A kind-hearted farmer pulled his car and its drenched driver out of the mud. He found it hard to keep his early swim quiet. The story just naturally leaked out—on the auto seat, on the clothes line, and then some more leaked out when Dr. A. J. Brouwer brot a horribly soiled suit and overcoat to the tailor shop.

SPECIAL CAR BRINGS RAIL OFFICIALS TO FUNERAL

Adam McNabb, living at 203 East 8th street died Sunday morning at the age of 69 years after an illness of several months.

Mr. McNabb entered the employ of the Flint-Pere Marquette R'y in 1873 and was identified with the local road for upwards of 49 years, and would have rounded out a half century during the coming summer.

He has been superintendent of the bridge building for the railroad for many years and intended to retire after he had rounded out fifty years of service.

He and Mrs. McNabb had even planned a trip to Scotland where "Mac" so-called by his host of acquaintances, was born.

The veteran railroad man had even routed out his trip, but sickness forestalled his plans.

Late last fall one of his feet became affected and gangrene set in. Two operations were necessary, but still the progress of the disease was not stayed, and death was the inevitable result.

Mr. McNabb and other Holland men were the founders of the first electric light plant in this city doing commercial lighting. The plant was located on West 7th street, where the I. X. L. is now located. This plant was put out of business by a vote of the people when Holland started its municipal plant in 1894.

The funeral of Mr. McNabb took place on Tuesday afternoon at 2:30 o'clock from the home, Rev. G. B. Fleming, pastor of the M. E. church officiating. The funeral was under the auspices of Unity Lodge F. & A. M. of Holland, the deceased having been a member for a number of years. Interment was in Pilgrim Home cemetery.

Mr. McNabb was a member of the Masonic lodge for 46 years, becoming a life member six years ago.

Tuesday noon the beautiful special car of Mr. Alfred, president of the Pere Marquette road, rolled into Holland, filled with officials of the Pere Marquette R'y, who came from Detroit, Grand Rapids, Saginaw and Grand Ledge to pay tribute to the death of a fellow official, Mr. Adam McNabb of Holland, who for a half century had been one of the officials of the bridge building department. The train was filled with floral tributes, one coming from Detroit together with a message from President Alfred of the Pere Marquette road, to Mrs. McNabb, widow of the deceased.

From the train the officials marched in a body to the house of mourning where they were met by a column of marching men, consisting of local Masons and Knights of Pythias.

Mr. McNabb was not only a life member of the Masonic Order of this city, but also a member of Castle Lodge K. of P., organized 30 years ago at which time he became one of the members of the order.

The active pallbearers were all Holland men, consisting of Austin Harrington, Dr. M. J. Cook, E. B. Rich, William Murphy, Charles Silline and Arthur Goodrich. Mr. Rich and Mr. Goodrich have been fellow employees of the Pere Marquette for a score of years. The honorary pall bearers were also connected with the Pere Marquette railroad. They were: J. Tutnill, C. A. Sheldon, J. Robinson, J. Black, G. Hanks, G. Whitney, B. Christianson, C. Markham.

Those who attended the funeral from abroad and came on the special car were the following:

Grand Rapids—H. W. Piotraschka, Train Master; P. K. Pierce, Road Foreman of Engines; A. Larson, Road Master; Wm. Madden, Div. Engineer; H. J. Bogardus, Asst. Engineer; Robt. Ross, Supt. HOLLAND GIRL BECOMES THE BRIDE OF JACKSON MAN

At a quiet home wedding Tuesday afternoon at 5 o'clock, Miss Margaret Muller of this city became the bride of Clarence E. Chamberlin of Jackson, Michigan.

The ceremony was performed by Rev. C. Muller, of Grand Rapids, brother of the bride, assisted by Rev. James M. Martin, pastor of the Third Reformed church.

The troth of the couple was plighted before an altar of palms and ferns underneath a canopy of apple blossoms.

The bride wore a beautiful gown of white Georgette and a veil of tulle and orange blossoms. She carried a bouquet of bride's roses with a shower of swansonia.

The ring bearer was little Virginia Ruth Muller of Grand Rapids who was dressed in pink Georgette and carried a basket of sweet peas. Miss Tilda Muller, sister of the bride, played Lohengrin's Wedding March. Mrs. C. Muller very sweetly rendered "O Perfect Love."

Dinner was served to 27 guests, the dining room being decorated with roses and apple blossoms.

The out-of-town guests were: Mrs. Chappell, Mrs. M. S. Rose, and Mrs. J. R. Mount of Jackson, Rev. and Mrs. C. Muller, Mr. and Mrs. J. E. Muller and daughter Virginia Ruth of Grand Rapids.

Mr. and Mrs. Chamberlin left Tuesday night on a wedding trip. They will make their home in Princeton, Ky.

358 TREATED DURING YEAR AT THE HOSPITAL

What Holland Hospital has meant to this city during the past year is shown in a concise report of the year's work made by Superintendent Mabel B. Miller to Mayor E. P. Stephan.

At the close of the fiscal year last year there were 14 patients in the institution. During the year 358 patients were admitted and 348 were dismissed. There were 12 deaths in the hospital during the year, and at the close of the period there were 12 patients in the institution. The daily average number of patients for the year was 10.37.

The fees collected amounted to a total of \$16,538.76. Accounts were due to the amount of \$318 and the disbursements during the year were \$18,716.28. This gives an idea of how nearly the hospital is self-sustaining in its running expenses, all the more so since there were some unusual expenses during the year in the nature of permanent improvements. It cost the people of Holland \$3,500 in taxes for the hospital during the year, that amount having been carried in the appropriation bill which provided the money for city expenses for the fiscal year that closed recently. But of this amount the sum of \$722.62 was left at the end of the period, so that the net cost in taxes for the hospital for the year was \$2,777.38.

While the institution is small and entirely inadequate for the needs of Holland, it is filling a need in the city's life. The statistics give but a very inadequate idea of the work of the hospital. The lives saved or brightened at the institution in the course of a year's time can be imagined more readily than described in an annual report.

During April the number of patients admitted was 36 and the number dismissed 35, deaths 1, number present at close of month 12, daily average 11.8, fees collected \$14,193.31, accounts due \$247.90, bills paid during the month \$1574.66.

FORD MOTOR COMPANY, DETROIT, MICHIGAN

DETROIT, Mich., May 17—The general prosperity now existing throughout the country is strikingly reflected in the demand for Ford cars and trucks.

Dealer requirements for May, just announced at the office of the Ford Motor Company, call for 300,000 cars and trucks, and orders making up this great total come from every section of the nation.

The company's huge manufacturing facilities are being utilized to the utmost in an endeavor to increase the daily output so that dealers orders may be filled as quickly as possible.

The proportion of increase in the demand for Ford products is about equally divided between commercial centers and rural communities, reflecting not only better conditions in cities, but likewise a growth of prosperity among the farmers.

A feature of the dealer requirements is the large number of Ford 1-ton trucks. Sales of Ford trucks have been mounting every month this year, establishing new high marks and May promises to bring another record-breaker. While business concerns everywhere are daily turning to the use of the Ford truck in increasing numbers, the sales records also show that farmers are availing themselves of the advantages and economy of motor truck transportation to a greater extent than ever before.

COMMON COUNCIL

Holland, Mich., May 7, 1923.

The Common Council met pursuant to adjournment and pursuant to the provisions of the City Charter to fill the several appointed offices, and was called to order by the Mayor.

Present: Mayor Stephan, Aids Blue, Kleis, Drinkwater, Brivia, Laepple, Kammeraad, Brinkman, Peterson, Wierkerink, Dykstra and Vander Hill, and the Clerk.

The reading of minutes and the regular order of business was suspended. Clerk presented a contract together with bond of J. Glover & Son, as principal, with the American Surety Co. of New York as sureties in connection with their paying contract.

Approved.

On motion of Aid, Blue, the Clerk was authorized to return the certified check which accompanied the paying bid of H. J. Glover & Son.

Health Officer, B. B. Giffey recommended to the Common Council the reappointment of Henry S. Bosch at City Inspector, stating that he had found him reliable, willing to work and to listen to instruction and advice and that he had not failed in the discharge of any duty to the people or the Board of Health.

On motion of Aid, Kammeraad, the estimates of amounts due the Willits Road Construction Co. on the 7th St. and the 17th St. Paying contracts, as submitted by the Engineer at a meeting of the Council held May 2, 1923, were taken from the table.

On motion of Aid, Kammeraad, Resolved that the bill of the Willits Road Construction Co. on the 7th St. Paying contract in the sum of \$6929.33 be paid, less \$260.00, being the claim of Holleman-De Weerd & Co. for plate glass broken, and that a warrant be ordered issued on the City Treasurer

BOARD OF EDUCATION HAS ADDED ANOTHER INSTRUCTOR

The board of education at a meeting held Monday evening decided to engage the services of Professor Robert Evans to instruct the pupils who desire to take a course in the art of printing.

About six months ago the board installed a small printing press and a consignment of type and Mr. Evans has been giving some of his spare time to teaching the pupils the printer's trade.

Many of the students have taken a liking to this new department and the board feels that this vocation is indeed very educational which it cannot help but be.

For the past four years Mr. Evans has been an instructor in the department of physics in Hope College, and has made a fine record at the local institution.

Before taking this position Mr. Evans was foreman of the Holland City News printer.

He will take up his new position when school opens this fall and his entire time will be taken up in the line.

TIME FOR MEMORIAL DAY EXERCISES IS CHANGED

A comparatively large gathering came together at G. A. R. hall Monday night to discuss ways and means of conducting Memorial Day in Holland on Wednesday, May 30.

Mayor Stephan presided over the meeting and B. A. Mulder was secretary.

The Memorial Day exercises will be held in the morning as usual, but instead of 9 o'clock the time has been advanced to 8:30, when exercises will begin in Centennial Park.

John Arendshorst, secretary of the Holland Community fair promised better seating capacity in the park having a large number of elevated seats that will surely serve the purpose better than bundles of shingles and rough boards.

A resolution was passed by those present asking the officials of all the school to make it possible to have the pupils participate in the other exercises.

The president of the day will be Mayor Stephan, the chaplain, Rev. P. P. Chen, the orator, Dr. Samuel M. Zwemer, the reader, Miss Harriet Heneveld, and Marshal of the day, Frank Rybarczyk, assistant, John Homfeld, Bugler, George Mooney.

The committees follow below:

Executive—C. H. Mc Bride, E. P. Davis, Mrs. G. J. Diekema, Jacob Lokker, J. J. Riemersma.

Finance—Henry Winter, Otto P. Kramer, Henry Luidens.

Invitation and Program—G. Van Schelven, Dr. A. Leenhouts, Mrs. J. B. Dykstra, B. A. Mulder, M. Vande Water, Raymond Visscher.

Parade—John Homfeld, Earnest Brooks, Miss Rose Slooter, Physical Director Slater, Carl Shaw, Frank Lieveense, Henry Goerds.

Flowers and Decorations—Harry R. Doesburg, Fred T. Miles, John Van Bragt, Mrs. Henry Winter, E. E. Fell, G. W. Kooyers, Henry VanLente, Fred Beuwinkes.

Grounds—Herman Woltman, Jack Knoll, Henry Woudstra, Eugene Gouda, John Arendshorst.

Music—John Van Vyven, Ed Stephan, Mrs. George Pelgrim, Willis A. Diekema, George Mooney, Arend Sierama.

Conveyance—John Boone, Andred Klomparsen, Abe Cappon, Peter Lieveense, S. L. Henkle, Sears McLean, John J. Cappon.

Was that a book you wished more people would read? Did it give you a new zest for living? Did it give you the relief of a change of mind? Did you, on finishing it, line it up with the rest on the shelf, which stand from year to year unread, useless?

By sending that book or those books to the G. A. R. room of the City Hall next Tuesday at any time during the day, you will fulfill that desire to let that book do some else the good it did you and will be providing entertainment for invalid ex-soldier lads at the Roosevelt Memorial-American Legion hospital. The boys confined to this hospital are those who thru service to our country have contracted tuberculosis and are putting up a brave fight to regain health and strength. Their treatment calls for physical rest and the one most acceptable form of entertainment is reading.

Members of the American Legion Auxiliary have appealed to some organizations in the city for books of the type that these men will enjoy. However, only a small fraction of the people willing and able to help in this drive have thus been reached and those who have will likely welcome a reminder.

Therefore, an urgent, general appeal is here made that anyone having any good discarded book or books bring them to the city hall, first floor of the G. A. R. Room where the Auxiliary women will very gratefully receive them and have them shipped promptly to the Roosevelt Hospital for further service.

ORIENTAL GODS CAN BE STUDIED AT LOCAL MUSEUM

Hope College Museum will be open to the public this week and next on Wednesday and Thursday afternoons only from 3-5 P. M. Children must be accompanied by parents or other adult relatives.

Come see the goddess "Kuan," popular in India and China only after the Crusades, and unheard of before. Popular legend is that she represents the Virgin Mary. Notice the Christ child which she holds in her arms, and the sacred lilies ornamenting her garments.

Get acquainted with the famous Chinese general "Kwan Kung" who was a friend of the Emperor "Lui Pei" of the first Han Dynasty. These two with a another general formed a trio bound together by ties stronger than those of ordinary friendship and sworn to live for and die for each other. "Kwan Kung" died first and was made a "God" and had a temple dedicated to him. The others fulfilled their vow.

Ask for "Wei To Ia" one of the four gods dedicated to Buddha, and examine the Buddha himself. Mr. Feng Chang Chiu, the Chinese student at Hope who is an authority on Chinese gods and other souvenirs, will tell you that the Buddha is not true to form; in short, he lacks the mole between the eyebrows, and bears a scroll in his hand, and has other errors in dress and ornamentation.

Finally visit "Tai-To-Kong," a municipal or local god, very popular in the vicinity of Amoy.

JAIL TO OPEN FOR DRUNKEN DRIVERS HERE

Clarence Olin, 19 East 19th street, paid one hundred dollars and costs in Justice Van Schelven's court Monday morning on the charge of having driven an automobile while under the influence of liquor. Olin was driving a Dodge car on the Grand Haven road Sunday night when near the fork of the road a short distance north of the Grand Haven bridge he swerved off the pavement and the car turned turtle. Olin and a companion came out of the accident almost without a scratch in spite of the fact that the car was badly damaged.

The arrest was made by Officer Swierenga and Deputy Sheriff Ed Vander West. The officers are on the lookout for persons who drive automobiles while under the influence of liquor. Such drivers are a menace not only to themselves but to all other drivers on the road, and the county sheriff's force is determined to make relentless war upon them so that they will be kept off the highways.

It was intimated Monday that if the system of one hundred dollars fine and costs does not do the business, the local justices will get into the game of tacking on straight jail sentences. Last week a Grand Rapids man was given the stiff fine and this week Mr. Olin was the victim. It is expected that these two examples will do the business, but if not, it is extremely likely that the next one who is taken into court on this charge will take a trip to the county jail at Grand Haven for awhile, without the alternative of a fine.

HOPE TEAM WINS AT FERRIS BUT LOSES TO NORMALS

Coach Schouten's baseball team got an even break in its games against Mt. Pleasant Normal and Ferris Institute at Big Rapids.

At Mt. Pleasant, Hope was defeated by a 7-4 score but at Big Rapids the local collegians ran off with a 16-6 victory. Popen pitched airtight ball against the Normal squad on Friday afternoon and up until the 5th inning Hope led 3-0. Then six costly errors, of which were committed by the outfielders, gave the Normals 7 runs.

It was a heart breaker for Popen to lose as the score book shows that the hits off him were limited and that he should have won his game easily. At Ferris Hope banded out 19 hits over Week, 3 home runs contributed by Riemersma, Outpoby and Doeksken helped in the scoring. ALbers was on the mound for Hope and he had little trouble with the opponents.

W. C. T. U. MEMBERS OBSERVE MOTHERS' DAY

The program of the W. C. T. U. of yesterday was arranged for "Mothers' Day." At the home of Mrs. R. B. Champion the members and guests responded to roll call by giving tributes to motherhood.

Mrs. Nettinga presented the passage from Proverbs on a virtuous woman, while Mrs. John Kooker rendered a vocal solo, "Just Wear a Flower That Day."

Miss Katherine rost told of woman's part in world activities, saying that present leaders in politics are few, their great strength being in leading groups of women in culture and philanthropy. She briefly sketched the careers of the leaders of several organizations. Miss Anna Gordon of the National W. C. T. U., Mrs. Winter of the G. F. W. C., Mrs. Speer of the Y. W. C. A.; Miss Lathrop of the children's Bureau; Mrs. Minor of the D. A. R.; Mrs. M. Carrie Thomas of the Board of Education; Mrs. Kate Waller Barrett of the Legion Auxiliary.

Mrs. H. Harrington told of prohibition sentiments in India and read several excerpts of magazine articles on their ideas and admiration for America.

Mrs. Witvliet and committee served light refreshments.

SUPRISSED THEIR FRIENDS BY MARRIAGE IN CHICAGO

Another Douglas boy took a Glenn girl for his bride when Claude Ellis McDonald and Adelaide Mellisse Hutchins were wed. The ceremony was performed in Chicago by Dr. Chas. M. Bartn assistant treasurer of the committee of conservation and advancement of the M. E. church by whom the bride has been employed the past year.

The groom has been in Chicago for some time where he is taking a three-year-course in commercial art at the Academy of Fine Arts.

The young couple will make their future home in Chicago where the groom will continue his work.

MAY IS TO BE A MONTH OF MUSIC IN HOLLAND

May is to be a month of music at Hope College. In many cities May Music Festivals are held, and Hope College will also specialize on musical events during the month. It will not be in the nature of a regular festival but programs will be given that will be representative of the musical organizations of the college.

The first of these will be Wednesday night when the Hope College Oratorio Society will give Mendelssohn's oratorio, "St. Paul." This will be the musical event of the season in Holland. One hundred voices form the chorus, among them the best singers in the city and in the Hope College School of Music. The chorus has been trained under the direction of Mr. Francis Campbell of Grand Rapids, with Mrs. Martha Robbins at the piano. The solo parts have been developed under the direction of Mrs. Fenton of the Hope College School of Music. The Oratorio will be given in Carnegie hall and the price of admission has been designedly made low so that all music lovers in the city will have an opportunity to attend.

The second May music event will be a recital of the Hope College School of Music to be given in Winants chapel on the evening of May 23. These recitals have become extremely popular and they always draw a large audience. The program will consist of piano duets, ladies' trios, quartets, semi-choruses and other numbers.

On the evening of May 28, another recital of the School of Music will be given, also in Winants Chapel. No admission will be asked for these recitals. They will be the gift of the Hope College School of Music to the local public and will represent that school's part in the May music festival.

BUSY MEN MAKE PLANS FOR THEIR OUTINGS

At a meeting of the Busy Men's organization Monday forenoon plans were made for the series of outings that are to be held throughout the summer on Monday evenings. Joe Kooker was elected general chairman of the organization for the summer, Milo De Vries, vice chairman, Ray Knoolhuisen, secretary and treasurer, Fred Bos general chairman of all athletic sports, Harry Prins and Peter Breen as eats committee, and Henry Venhuizen chairman of the transportation committee.

These men will constitute the executive committee, and chairman Kooker has called a meeting of that committee for Thursday forenoon when a definite program for the summer will be worked out.

It is planned to arrange things in such a way this year that everybody will be able to indulge in his favorite sport. To this end the teams will be carefully organized and the variety of games will be made as large as possible. One feature will be regular out-door baseball.

These games will be the real thing this year, not merely comedy stuff in which the score runs up to a hundred and thirty or so, but real contests between real teams. There will also be indoor base ball, and the usual number of other sports with which the members of the organization have become familiar.

Last year the number who took part in these Busy Men's gatherings was usually from 30 to 40. This year aim of the committee is to increase this number to 100. There is no reason, secretary Smith thinks, why that number could not be accommodated with recreation.

The first meeting is expected to be held next Monday night at Jensen Park. Those who have been in the habit of attending these meets are eagerly looking forward to it, and others are expected to join for the first time.

HIT IN EYE BY AUTO CRANK

Harry Martinus, 18 Michigan Ave. had an accident Saturday that may cost him his eyesight. While cranking his car in his garage the crank gave a back-kick and struck him in the left eye. Martinus was wearing glasses and the physician who attended him took five pieces of glass out of the eyeball. The sight in that eye was completely destroyed.

What makes the accident more serious is the fact that Mr. Martinus' right eye was always poor, and he feared that the accident to the left eye may completely take away his sight.

GIVES WARNING ABOUT DISEASES

Health Officer B. B. Godfrey Monday gave a warning to the public in regard to measles and scarlet fever. There are a number of cases of each disease in the city and the spread of both is due to some extent to carelessness on the part of parents and children, the health officer declares.

In the case of measles the greatest danger for the spread of the disease is before the measles appear, during the time when the first symptoms announce the presence of the disease and the time when the blotches make their appearance. Then is the time to watch out, the health officer warns. Scarlet fever also is spread because of carelessness. In both these diseases the after effects are sometimes very serious and every effort should be made to avoid them.

TWENTY-THREE MILK PED- DLERS FORGET LICENSES

Chief of Police Anthony Pippel of Grand Haven stated Monday that there were 23 milk dealers in that city who were operating without city licenses. Several drays were also operating minus their usual licenses.

The police department will be forced to take action, according to the chief unless those violating the city ordinance at once comply and take out licenses.

HOLLAND MAN TO GIVE ADDRESS AT NATIONAL MEET

Mr. and Mrs. Jacob Fris and son Dale have left for a week's visit to Detroit. Mr. Fris, who operates the Fris Book store, will attend the annual convention of the Booksellers' Association of America which is scheduled to be held for five days this week at Hotel Statler. Mr. Fris is on the program for a paper on the subject, "Book Selling in a Small City," in which he is expected to give his experience as a book salesman in Holland. Mr. Fris's name appears on the program for the Tuesday forenoon meeting.

The convention in Detroit is one of the most important gatherings of book sellers in America. Delegates attend it from all over the United States and usually a number of nationally known authors are present. This year Fannie Hurst and Irving Bachelor will be among the guests of the convention.

C. E. Ripley of Grand Haven, was in Holland Thursday.

Mr. and Mrs. Wm. Deur of Fremont returned home Friday after spending a week with their children and friends.

A Grand Rapids Furniture Factory Invites You To Share In Its Profits

JOHN THWAITES
President and general manager; 30 years' experience making reed and fiber furniture.

Founder, and for ten years head of the Ypsilanti Reed Furniture Co., which paid 15% semi-annually under his management.

The Thwaites Furniture Co. is the only manufacturer of fiber furniture in Grand Rapids, the world's furniture center. Last year its sales exceeded \$300,000. Orders now booked will run it through the present season. Much more business awaits if the factory can be enlarged.

To secure capital for expansion, it is selling a limited amount of \$10 par value common stock, owners of which will fully participate in earnings. There is no preferred stock. Last December it declared a 15% dividend.

In 1918 this company was started with \$100 capital. Within four years its paid in capital grew to \$75,000, all of which represented accumulated earnings put back into the business.

Let us send you full details about this conservatively managed company, its earnings and future, and the desirability of its common stock from an investment standpoint.

"Am I Heavier Since I had the 'Flue'?"

Health Talk No. 20
By
JOHN DE JONGE,
D. C. Ph. C.

"My feet are so heavy and it is so hard for me to get up without gump-tion, to move, that I just wonder sometimes if my body isn't heavier? I don't mean on the scales, I mean heavier to lift?"

"After the 'flu' the body is heavier -- to lift! The 'flu' to give it the current name steals most of the energy producing power of the body. The lungs, the heart and the kidneys have more than they can do to rid the body of the 'flu' poisons because, in the beginning they were subnormal or the disease would not have taken hold. By chiropractic spinal adjustments the natural vigor of the lungs, the heart and the kidneys is restored, and the waste poisons are rapidly eliminated.

By chiropractic we can prevent 'flu', by chiropractic we rid you of it, and by chiropractic you can overcome and get rid of that 'heavy' after feeling.

'FLU' AFTER EFFECTS GONE

"I was left in bad condition by an attack of influenza. I coughed much and felt all worn out all the time. As I am naturally active this condition troubled me. During my attack I had only medical attention. I was told my trouble was only the after weakness which so many 'flu' victims who had strength enough to recover under medical care had found unable to shake off after getting up. I was told it would wear off. But it didn't. And so I tried chiropractic and my cough and bronchial trouble disappeared, and best of all I felt like doing things once more. It is now several years since I recovered and I have had no return of it."—Thomas Carr, Chiropractic Research Bureau, Statement No. 1291F.

POULTRY MEN MUCH IMPRESSED WITH DANN'S TALK

More than one hundred enthusiastic poultry men gathered in the court room of the city hall Monday evening to hear Prof. A. B. Dann, formerly of Cornell College, one of the best poultry authorities in this nation today.

Those who heard Mr. Dann have stored away more valuable knowledge of how to handle their birds than they ever have received before. Such items as proper ventilation, proper wall construction, proper heat control, the movement of air, and the distribution of sunlight, all are component parts that have to do with the successful raising of poultry.

To give Mr. Dann's discourse in print is difficult for a layman to do, but the usage of air, the increase or reduction in heat, the increase or reduction of humidity have all been figured out to a nicety by Mr. Dann, so much of each per pound of bird, and in the compilation of figures which is hard for a newspaper man to understand, but which is plain to a man who understands hens, the poultry problem balances absolutely correct.

For instance Mr. Dann figures how many cubic feet the body heat of a bird will keep at proper temperature in which birds live, and what that heat of the bird will do to the humidity in the bird house.

He also has figured that a flock of a hundred birds would use 29 pounds of water, 12 pounds of scratch feed, 3 pounds of dry mash, 1 pound of grit and oyster shells and would consume 213 pounds of air per day.

His calculation also shows what proportion even of the air goes into body fat, so it can readily be seen, that Mr. Dann has figured down pat. He states that the object is to bring about an April, May and June condition in the hen houses in November, December, January and February. The former months are egg laying months when the price is low. The latter months should be made egg laying months, when the egg production can be made a very profitable one.

Care in handling and candling eggs and shipping them properly also adds considerably to the profits in poultry, and by following Mr. Dann's advice and using a little system, poultrymen cannot help but change a deficit on his poultry farm into a real asset that will be a money maker.

It simply means care, watchfulness and system.

PRIZES ARE ANNOUNCED IN THE ESSAY CONTEST

Under the auspices of the Woman's Christian Temperance Union a law enforcement essay contest has been held in Holland city schools last month, prizes being awarded by the local Union. The winners have just been announced.

For the sixth graders, whose subject was, "Protecting Health by Obeying Laws," the first prize of \$3 goes to Roselle Kuite of the Washington school; the second prize of \$2 to Bernice Van Spyker, of Longfellow school. The judges were Mrs. Dregman, Miss Beach and Mrs. DeMerell.

For the 7th and 8th grades the subject was, "What I Mean When I Pledge Allegiance to the Flag and the Republic for which it Stands." The first prize of \$5 goes to Grace Holkeboer, and the second of \$3 to John Louis Van Appledorn, both of the Christian School. The judges were Dr. Gilmore, Miss Anne Visscher and Dr. Leenhouts.

Seventeen essays from High school pupils were received. The judges were Miss Katherine Post, Mrs. S. M. Zwemer and Prof. Nykerk. The first prize of \$10 was awarded to Thelma Haas, and the second of \$5 to Jay Wabeke.

The Union expresses their appreciation of the work of the pupils and the judges.

GRAND HAVEN MAY HAVE ANOTHER PICTURE HOUSE

Grand Haven is shortly to have another big modern moving picture theater if plans now being worked thru carry without change. Hunter S. Robbins, owner and proprietor of the Robinson theater, one of the prettiest and most completely equipped moving picture theaters in Michigan, has taken an option on the Dr. A. Van der Veen property on Third street just north of Washington. The site is now occupied by a frame building, which was formerly used by Dr. Van der Veen as an office building. If the purchase is completed the structure will be razed and the fine new building erected in its stead.

Mr. Robbins stated that plans were being drawn for him for a new moving picture theater. The proposed building will have a seating capacity of 1000, twice as many as the Robinson will accommodate. It will be of fine design and will ornament the section of the business district in which it is located.

With the completion of the new theater, Grand Haven will have two modern houses. Both will be operated under the same management. The new theater will follow the designs and suggestions of the newest moving picture theaters, now being erected in the larger cities, to house the still growing form of entertainment. It will be a strictly picture house and its equipment will not be surpassed by any house of its size in the country. Mr. Robbins is a brother of Nathaniel Robbins of Holland.

GRAND RAPIDS TO STAGE GOLF MEET ON JULY 30

The Michigan State open and amateur golf tournaments will be held at Kent County club, Grand Rapids the week of July 30 to Aug. 4. It was definitely announced Friday by Tom Wany, new president of the State association. No doubt many members of the Holland Country club will attend.

DIES AT THE AGE OF SEVENTY-THREE

Mrs. J. H. Eppink, aged 73 years, died Tuesday morning at her home at 63 West 12th street. Mrs. Eppink is survived by two daughters, Mrs. W. Taylor, of Huntington, W. Va., and Mrs. Mary Lamb of Battle Creek, one son John B. Eppink of Chicago; also by a brother, Mr. Nottier, and the following half-brothers, J. Lokker, C. J. Lokker, and H. Boven of Graafschap, and a half sister, Mrs. J. Van Anrooy of Grand Haven. The funeral was held Thursday afternoon at 1:30 at the Nibbelink-Nottier chapel, Rev. James M. Martini officiating.

LOCAL PASTOR HAS SERVED CHURCH FOR TWENTY-FIVE YEARS

Rev. J. F. Heemstra of the Fourth Reformed church is attending the annual meeting of the board of superintendents of the Theological Seminary at New Brunswick, N. J. Rev. Heemstra graduated from the institution 25 years ago the 19th of May. In these twenty-five years since he graduated he has served with success churches in South Dakota, Iowa, Michigan and Illinois. For four years he was principal of the Northwestern Classical Academy at Orange City, Ia. From there in 1910 he accepted the call of the Seventh Reformed church, Grand Rapids. Later he served First Reformed church of Roseland, Chicago, the largest church in the Reformed denomination.

Having labored in this strenuous field for six years, he felt compelled to take a smaller charge. Receiving then a call from the Fourth Reformed church of Holland, he gladly accepted what is now his present field of labor. Soon after starting his work here he found it necessary to introduce English preaching in the evening as a third service.

For the last thirteen years Rev. Mr. Heemstra, besides all the various other duties of pastoral work, has preached three sermons every Sunday. With the exception of a short period of illness, during his pastorate at Sioux Center, Ia., Rev. Heemstra has hardly ever passed a Sunday that he did not occupy a pulpit. He was born and reared in Orange City, Ia., and is a graduate of the Northwestern Academy and Hope College.

RIFLE CLUB TO HOLD FIRST SHOOT SATURDAY

The Holland Rifle club, which is affiliated with the National Rifle Association of America, will start their regular shoot on Saturday, May 19. The range is located one mile north of the Grand Haven bridge and is just opposite the fox farm. The membership fee is \$1; all else is free, furnished by the war department for the promotion of rifle practice among civilians. For further information inquire at the Corner Hardware where cars will be on hand at 2 P. M. to take shooters to the range.

GRAAFSCHAP MERCHANT DIES AT ANN ARBOR

John Mulder, a prominent merchant of Graafschap, one of the members of the firm of Mulder & Son in that place, died Monday afternoon at about 3 o'clock at the hospital at Ann Arbor where he had submitted to an operation. Mr. Mulder was born in this country and had lived at Graafschap most of his life. He was 65 years old.

He is survived by his wife, three daughters, Mrs. J. Brat, Mrs. Lewis Mulder, Miss Martha Mulder; four sons, William of Ludington, Abraham of Holland, Clarence of Graafschap, and John of Grand Haven.

The funeral was held Thursday afternoon at 1:30 Standard Time at the home in Graafschap and at two o'clock at the Graafschap church.

SURPRISED BY FRIENDS AND NEIGHBORS ON 83RD BIRTHDAY

A surprise party was held Monday evening at the home of Mrs. A. Teerman, 135 W. 17th street, in honor of the 83rd birthday of Mrs. Teerman. Although she has reached this advanced age, Mrs. Teerman is still in good health and she enjoyed the evening's entertainment thoroughly. She was the recipient of some beautiful gifts. Mrs. J. Arnold making the presentation speech. The neighbors and friends who were present were: Mrs. S. Schierenga, Mrs. J. Arndt, Mrs. E. Bieleveld, Mrs. W. V. Vander Meulen, Mrs. M. Cook, Mrs. S. Gallen, Mrs. L. Jacobusse, Mrs. H. Stykstra, and Mrs. H. Taalsma.

GRAND HAVEN TO HEAR HON. G. J. DIEKEMA MEMORIAL DAY

The Grand Haven Tribune has the following about Hon. G. J. Diekema of Holland:

"Hon. Gerrit J. Diekema of Holland has accepted the invitation to give the Memorial Day oration here on May 30th as a part of the observance of the day. When approached on the subject by Grand Haven men of the committee, Mr. Diekema signified his willingness to give the address."

"Mr. Diekema is Ottawa county's foremost orator and speaker, being without a doubt one of the best to be secured. He is very well liked not only in his own city but in all sections of the state where he is known."

"A leader in political affairs, congressman from the district and a member of the state legislature many years ago, Mr. Diekema has served his country in many ways."

"He will without a doubt have a message of vital importance for citizens when he delivers his lecture on Memorial day. General approval is indicated at the choice of the speaker."

"The Memorial day oration for the past two years has been delivered, following the centenary ceremonies for the unknown soldiers at Central Park. Prior to this the oration was delivered at the cemetery. The parade is formed on Franklin street and wends its way up to Central park where the ceremonies take place."

SELLS PLUMS, DRUG ON MARKET, AT PREMIUM

Fennville—While other fruit growers and exchanges were selling the Damson plums at 25 to 30 cents per bushel last summer, the Fennville Fruit exchange was selling at \$1.25 a bushel. J. A. Barron, local manager has been selling plums for so long that no matter how much of a drug this fruit may be on the market he can usually pull down a premium for his well graded Damsons.

HUDSON COACH BREAKS THROUGH FENCE; NO DAMAGE

Lester Brusse, driving a new Hudson coach, broke through the fence on the Zealand road near the Vandenberg oil station Monday night when he was approaching Holland. He was met by another automobile whose bright lights blinded him. He put on the brakes to play safe and that caused the car to swing sharply to the side and dash through the fence. It went down the embankment and dug its nose into the mud without turning over. No one was injured, but the car had to be abandoned and was dragged out of its uncomfortable position Tuesday.

Miss Eva Shurr, Ottawa county Home Demonstration agent, will be at the Maple Avenue Christian Reformed church Tuesday, May 22.

HOLLAND HIGH SCHOOL HOLDS ANNUAL CAUCUS

There was a time when if a teacher stepped out of the assembly room of the Holland High school it was a signal for many things including disorder. As in other schools the absence of the instructor meant relaxation, the hurrying of paper wads over the room and other school misdeemeanors.

But that time has passed in Holland High school. More than ten years ago the high school pupils laid out plans for selfgovernment, and our local educational institution can point with pride to the most model form of selfgovernment in this nation today. In fact Holland high has attracted attention, and the national and state press besides educational magazines have commented favorably on it and have discussed Holland's school selfgovernment at length with editorial comments.

The annual school caucus and election attracts almost as much attention as a city election. Official ballots are prepared and printed and the caucus candidates are chosen for each of the leading offices to be placed on a ballot and at a regular election gone through in the same manner as an official election in Holland with booths, election inspectors, indelible pencils in everything, the winning candidates are chosen.

The Holland high school is even ahead of Holland city government as its aldermanic staff is chosen from the city at large and not from the respective wards in which the candidates live.

Friday afternoon was caucus day at the high school with the following results: For Mayor—John Mulder and Cecil Hill; For Clerk, Hazel Albers and Clarissa Poppert; For Treasurer, Raymond Smith, and Eugene Damstra; Chief of Police, Charles Dulyea and Herman Windemuller.

There were many nominations in the ward caucus, and the candidates named follow below: First Ward—Philip Van Hartesveldt, Theresa Mool, Carl Dawson, Lawrence Kramer, Edna Cook; Second Ward—Glenn Severance, Leon Kleis, Junnia Mulder, Ted Tazelaar; Third Ward—Marion Ingham, Mildred Vande Water, Innis Prins, Harold Johnson, Joe St. John, Russell Brink; Fourth Ward—Luberta Van Doesburg, Beesie Kraker, Jas. Ten Brink; Fifth Ward—Paul Nettinga, Ethel Heneveld, Marion Brummer, Esther Brink, Evelyn Hilarides, Earl Vandeyke; Sixth Ward—Tom Van Zanten, Allen Abbot, Frieda Boone, Sarah Lacey, Dale Cook, Bernard Hill, Frank Mosier, Henry Mas-selink.

MANY NEW GARAGES ARE BEING BUILT IN HOLLAND

That Holland is getting its share of owners of automobiles who go in for cars for the first time is shown by the fact that during the first four months of 1923 building permits were taken out for 34 new garages in Holland. Some of these garages replaced the buildings that housed a car before, but a large number of them were built by people who are being introduced to the ownership of an automobile for the first time this spring.

The estimated cost of these garages as given in the building permits totals up to \$7,445. The garages run all the way from simple buildings that are hardly more than pine shacks to keep the weather off the car to elaborate structures costing several hundred dollars.

HOPE SENIORS ARE ENTERTAINED BY JUNIORS

The Junior class of Hope College entertained the senior class Monday night at a banquet at Macatawa hotel. A Junior-Senior banquet is an annual affair and generally considered one of the big events for the two upper classes. The banquet this year was very elaborate and up to class.

At seven o'clock the guests entered the beautifully decorated banquet hall as the orchestra played its harmonious melodies. After all found their places well chosen for the occasion, Mr. Jack Prins, president of the Y. M. C. A. asked a blessing. Then the halls resounded with music by the orchestra, while Juniors and Seniors alike enjoyed a sumptuous feast.

After the Brazilian Bevo was passed, John Ver Meulen, president of the Junior class and toastmaster for the evening, introduced the program and spoke the welcoming words to the Seniors. In the course of program the following classmen responded to toasts: Miss Helen Moser, Harvey De Weerd, Miss Anne Vinyard, Miss Margaret Trompen, Simon Heemstra and John Elbers, president of the Senior class. The toasts were interspersed with vocal and piano music rendered by a trio, a vocal duet, and a piano solo by Miss Helen Van Kersen.

THIRTY YEARS AGO THAT FIRE SWEEP SPRING LAKE

It was thirty years ago Friday that a gerater portion of the resident district of Spring Lake was wiped out in the most destructive fire in the history of the village.

The fire started in a sawdust heap on Grand River between Jackson and Division streets and swept from the river, clearing out Summit, Exchange Liberty and Mason streets. Everything on Buchanan and Meridian was also consumed by the terrible fire.

The Spring Lake school was the first important town building to burn, followed by the engine house, the Baptist and Methodist churches.

Nearly the entire business section also lay in ruins.

OFFICERS ELECTED BY PARLIAMENTARY LAW CLASS

The annual election of officers of the Benjamin class in Parliamentary Usage was held on May 11th, at Mrs. R. B. Champion's residence. Mrs. R. M. De Merell was named president; Mrs. H. W. Smith, secretary for the coming year.

The next meeting of the class will be held with Mrs. John Dykema, 98 E. 14th street on Thursday, May 17 from 2:30 to 5 o'clock. The lesson will be all of Book No. 3.

GRAND TRUNK TO BUILD A BIG COAL DOCK

It is reported that the Grand Trunk R'y line will construct a huge coal dock in the near future at Grand Haven. The dock will be built near the round house and will have special equipment for coaling up both the car ferries and locomotives.

Special cranes of huge capacity will be used to transfer the coal into locomotive tenders and cars of special design will be a part of the equipment for coaling the carferries. In coaling up a ferry in the past, a hopper car coal is run onto the car deck over the coal bunkers from which hatches are removed and the coal is allowed to pour down into the bunker. If it is wet or frozen it will not pour and it does pour, the hoppers are so wide that several tons find lodgment on the dock.

It is stated that the special cars, each capable of holding 50 tons, will eliminate all of the past nuisance and will allow the recently loaded coal to pour into the bunker freely without any loss of time. The cars will be loaded from the dock just before the ferry is coaled up.

The dock will hold 250 tons of coal and will be of modern and the latest construction, built along the lines of those in large rail and boat centers.

Construction of the new coal dock at the country seat as well as the recent completion of added facilities for the Grand Trunk seem to belie the statement that the line was considering a transfer to Muskegon. Altho Muskegon is capable of giving them a great amount of business and the change would without doubt have advantage, still the reassurance from the Grand Trunk officials received recently coupled with the construction program will set all rumors of departure in the near future at rest.

Chautauqua dates for the Mutual Morgan Chautauqua course to be put on at Grand Haven have been announced, the Mutual Morgan people giving that city the dates of July 12, 13, 14 and 15. Last year the Chautauqua proved decidedly popular and almost immediately afterward the business men who had fostered the one last year made arrangements for the same company to send another company the next year. This is the same company that visited Holland and at that time it was understood that the company would also appear in this city again.

OTHER TOWNS ARE STUNG WITH NEAR BEER STUNTS

The Chicago American in its issue of Thursday evening also has a near-beer story of Holland. However the number stung according to the Chicago paper is multiplied by ten and the "suckers" as that paper put it numbers 350. No doubt the number is overdrawn.

Anyway this is the article appearing on the front page of the American:

350 Suckers Pay \$40 Per

Bbl. for Beer: Get Near.
"Holland, Mich., May 10.—About 350 local men were duped by a clever salesman who agreed to provide them with excellent beer at \$40 a barrel upon payment of \$6 a barrel down. The beer arrived and a grand get-together was planned by the suckers. They had a good time on \$40 a barrel near beer instead of real beer."

The Chicago Tribune of Wednesday also tells of a similar scheme worked in other towns in Indiana and Illinois where smooth solicitors worked the "barrel of real beer" stunt. \$12 dollars down balance C. O. D. \$9 Holland hasn't the only crowd that P. T. Barnum spoke about

YOU GET WHAT YOU PAY FOR!

Experienced buyers the world over, have long realized that when they investigate carefully before buying, they get just what they pay for. The great middle class to which most of us belong, does not make a practice of paying extraordinary prices for fancy things. Neither do sensible people pay a trifle and expect a great deal. They take the "middle of the road." They pay fair prices and meet fair terms. In return, they do not only expect, but get good goods and good service.

The excellent reputation of the Holland Furnace is due largely to the Company's policy of holding to the "middle of the road." The Holland Furnace is not fancy; neither is it cheap. It is built for the utmost in heating service. It is manufactured efficiently and sold at prices and terms that are right. Every buyer of a Holland Furnace is fully protected by the Holland Bond. BIBLE TO BE REVISED 'IN LIGHT OF SCIENCE'

Present day scientific, ethical and philosophical theories will be employed in rewriting the Bible "in the light of the Twentieth century," it was announced Tuesday by the Tyson Lectureship foundation, Inc., which was organized Monday at a meeting of clergymen, scholars and laity in the library of J. P. Morgan's home in New York City.

The modern interpretation will be carried to all parts of the country by Rev. Stuart L. Tyson, honorary vicar of the Cathedral of St. John the Divine.

A statement issued by the new organization declaring the conception of the bible as a single inerrant volume to be "an unfortunate inheritance from medieval Europe." The statement added "the old order has passed away and with it much of the traditional theology."

The foundation was declared to have been incorporated "to make accessible to men and women in general the results of the research of modern scholars into the origins of the Christian religion and its interpretation, and particularly in regard to the Bible."

"Its conception as a single inerrant volume equally inspired by the spirit of God and altogether consistent and harmonious with every other portion is an unfortunate inheritance from medieval Europe which makes it impossible for a great many people to understand it at all but modern critical and historical research has given us back our Bible."

"It is no longer an impossible book full of moral and intellectual stumbling blocks." "Man is as incurably religious as in former days and is eagerly asking for a faith which shall be at once consonant with reason and verifiable in experience."

PROTEST IS MADE AGAINST SUCH VANDALISM

CARL T. BOWEN SAYS THAT THERE IS MUCH DAMAGE DONE ON THE HOLLAND ROAD

The Ottawa County Road Commission has issued a protest and also a warning in regard to those drivers who indulge in the practice of driving heavily loaded vehicles along the newly made "shoulders" of Ottawa county roads.

Carl T. Bowen, county engineer, stated today that he couldn't imagine any motor car driver, who would hold the interests of the county roads so lightly that he would deliberately wreck the shoulders of the roads as has apparently been done.

The shoulders were built up by the dint of much hard work and expense and finally the top soil was hauled for the top of the shoulders so that the growing grass would be encouraged. In many cases the tops were sodded. All of this work costs no small sum but adds greatly to the durability and beauty of the roads.

Most of the vandalism is shown on the road between Holland and Grand Haven where deep ruts, obviously caused by truck wheels sinking deep into the shoulders, illustrate what has been done. However this is not confined to one spot but is very general. The most flagrant examples of this form of disregard for public property have occurred on the Holland road as stated. Action will undoubtedly be taken against those who drive along the shoulders if the practice is not stopped.

RAINS FOR TWENTY-FOUR HOURS STRAIGHT

Altho the calendar claims that today is the 17th of May, the weather conditions are doing their best to create the impression that it is mid-April. The season is exactly four weeks behind hand by estimated reckoning in all branches.

The crops are making quite a bit of progress and other growth is beginning to green, giving the countryside a distinctly springy appearance, especially since the rain. For some time during the forepart of the month things were very dry and the weather warmed up well during this period. It looked as if winter was over but a week ago last Tuesday evening, a fine snow storm, the heaviest recorded during the winter, hit this vicinity and sent the season backward.

The weather made slow gains again following the storm and some fair days were had but Tuesday the rain again set in in earnest and April has apparently returned. Rain followed by chill weather and more rain seemed to be the formula for the past day and a half, the precipitation being almost of the equinoctial variety. In fact the downpour lasted 24 hours without a lull. The weather man predicts warm weather from now on. Let us hope so.

PROTEST REMOVAL OF SAND HILL FOR INDUSTRY

Some time ago it was announced that the Baker Sand Co., of Benton Harbor would take sand from the big pile of sand known as Rosy Mound located four miles south of Grand Haven.

While some have hailed this as an additional development there are others who see far into the future when the hill will be leveled and irreparable damage done to the huge sand hill. This will also have an effect on the surrounding territory which will be far from desired.

Since the announcement came out in regard to the proposed operations of the company, many people in this territory have entered protests against the proposal in that it would damage the territory about the hill. As soon as the sand was removed to any extent, a sand blow would be started which could not readily be controlled and which would send showers of sand down on the surrounding land. This would be a far from desired object.

Mrs. M. V. Garnsey, owner of the Sunset Sea which one of the most beautiful lake shore homes in that vicinity, has been called repeatedly by parties who urge action in connection with the proposed sand removal. Mrs. Garnsey has always been a leader in connection with affairs which deal with the conservation of Ottawa county beauty spots for some years ago she was closely connected with the Lake Shore Improvement Association, an organization which was just forming to promote a systematic plan for the protection of the beauty of the Michigan lake shore line.

Inasmuch as the shore line of Lake Michigan is one of the state's greatest assets when the attraction of tourists and the summer resorting is considered it should behoove those interested in the welfare of Michigan as a resort state or as the "Nation's Playground," as it has been named, to see that its beauty is not done away with. This is the contention of those who oppose the proposal to take sand from Rosy Mound.

In order to combat this proposal, they would revive the old Lake Shore Improvement association in order that the work may be accomplished by the concerted action of influential people.

Michigan's primary school interest fund will be boosted this year about \$230,000 according to the final assessment roll for the railroads and other corporations paying this specific tax and which was issued by the state tax commission Friday afternoon.

In 1922, tax payable in June of that year totals \$8,921,693. Last year it amounted to \$8,639,226. All of this tax except the small amount of about \$20,000 for each year paid by the sleeping car companies, goes into the primary school interest fund, which is apportioned to the counties in August of each year.

Railroad companies valuations are increased by the tax commission about \$6,700,000 over last year. For 1921 the total valuations of all these companies was \$255,635,000 and for 1922, the valuations just published by the commission, the total is \$262,325,000. Sleeping car companies are again fixed at the same total, \$700,000. Express companies remain at \$1,600,000, or loading companies are included from \$2,853,500 to \$3,303,200. Telephone companies are included from \$40,177,650 to \$45,169,555.

While the total assessed valuations as finally fixed by the commission approximate an increase of \$12,200,000 over the previous year the average state tax rate, on which this specific tax is computed was somewhat less for 1922 than for 1921. In 1921 it was .0288, plus, while for 1921 it was only .0284, plus.

Fifty Years Ago To date

The Methodist Episcopal church was dedicated last Thursday. Quite a large number of clergymen were present, and an amount of money sufficiently large to clear the church from indebtedness was subscribed. To the Methodist church belongs the credit of being the first church to rebuild after the fire of '71 and Rev. W. A. Brouser is deserving of much of this credit. A great deal of struggling to remain on an even footing since the big fire was the lot of this church.

In the afternoon Rev. Dr. A. Seffens delivered a sermon in English and in the evening Rev. L. L. John of Graafschap preached in the German language.

The council is at present enjoying a "dead lock" on the question as to what to pay the city marshal. The opinions differ the least being \$200 a year and the highest \$600 a year. It seems that a happy medium will be struck and \$300 a year will be the amount decided upon.

Thirty Years Ago.

There is considerable discussion among the residents of Fish Street, whether the Street will be called College Ave. in the future or remain Fish. A large number demanded that the common council do not change the name. Note—The alderman acted very wisely and called Cedar Street, College Ave., and Fish Street, Columbia Ave. We are sure that today the residents would not turn back to Fish and Cedar.

MAKING A PRESIDENT

The next President of the United States will be Dr. John Grier Hibben, president of Princeton University—because he sat at the right of Prof. William Lyon Phelps at the annual Phi Beta Kappa dinner in New Haven. As toastmaster of the gathering Prof. Phelps pointed out:

"In 1907, when I was toastmaster at Phi Beta Kappa banquet, William Howard Taft, then secretary of war, sat at my right. When Tracey Peck made the speech in Latin, he predicted Taft would be the next president. From that moment Taft's chances became good."

"In 1908 I was again toastmaster, and Woodrow Wilson sat at my right. He became president. Dr. Hibben is at my right tonight. There is but one conclusion."

HOLLAND TO PLAY NUNICA SATURDAY

The Independents are taking Saturday's game with Nunica very seriously as their experiences with the small town stuff has taught them a lesson and they are working diligently to be in the best of trim. Nunica is always represented by a real base ball team and again this year has collected a fine bunch of players. They take much pride in boasting of their star pitcher Reynolds. He is an old timer and a former star of the Michigan State League. Most of the Holland players have at some time or other played with this same Reynolds.

Woldring and Shaw played with Reynolds on the old Manistee State League team while Spriggs served as his battery mate in a few games at Ludington. Unless Reynolds has slowed up considerably his shoots. The rest of the Nunica team is fully as highly rated.

Saturday's game is bound to be a dandy and the unexpected things may happen. Games starts at 3:15 sharp. Holland intends to import another flinger for this contest whose name will be announced by Friday.

DICK BOTER IS SNAPPY SALESMAN IN P-T PLAY

LOCAL FIRMS TO DRESS UP CHARACTERS IN "PAIR OF SIXES"

The greatest scream in the way of plays that has ever come to Holland is this "Pair of Sixes" that is to be staged next Thursday and Friday at the high school auditorium.

In this play Dick Boter comes out as a snappy salesman, Tom Robinson as an attorney, and just think of it, Will Vander Hart and Dick Van Kolken play poker right on the stage.

Besides, Bill's wife is going to get a divorce that is, in the story. They say it's the most side splitting production that has ever been staged in this city, and the actors are all veterans in amateur theatricals.

The story goes something like this. Two partners whose names are already given in the cast are having a great deal of trouble in business. The two partners in real life are Bill Vander Hart and Dick Van Kolken.

Relatives and friends take sides, an attorney is called in, namely Tom Robinson and he endeavors in every way to straighten out the business tangle. No way the attorney might suggest is satisfactory. Each has laughable reasons for not wanting to withdraw. At last a game of poker is played in order to see who will be the ruling spirit of the business.

Bill Vander Hart wins and Dick Van Kolken must be his butler. In this game of chance a pair of sixes holds the winning hand.

After that vexing situation is straightened out, things become even

more complex.

Potash and Pearlmatter aren't in it when it comes to laughable situations. Dick Boter is out as a snappy salesman, and believe us, he's got some snap. They've got a regular Leslie Barry as an office boy, and he has even a Printer's Devil beaten for sly tricks.

Bill Vander Hart gets his foot in it when a little blonde perfumes him in order to get him in bad with his wife. Bill can't explain about the perfume and the blonde hair on his coat and the lawyer is asked to start divorce proceedings immediately.

But in some way everyone becomes perfumed and this brings the divorce suit into a hopeless mixup in which the attorney gets in bad on every turn.

Finally every one kisses and makes up and soothe their ruffled feelings by jumping on the attorney Thos. N. Robinson whose name in the play is Thomas Vander Holt.

A representative of this paper saw the dress rehearsal and claims that the production is a scream. The "Pair of Sixes" ran more than a year in New York and Chicago on the legitimate stage.

Holland is surely going to the "Pair of Sixes" Thursday and Friday nights, since they realize what the production really is. "Pair of Sixes" is really the most laughable farce comedy that has ever been attempted in Holland. It's really worth while to alone see Dick Boter dressed up in one of his smartest and loudest suits. "Snappy salesman" they call him, always nosing in around the edges, looking for business.

It's worth 35c to alone see Tom Robinson put his arms around Miss Florence Cole, who in the play is Miss Barbara and who Mr. Vander Holt, the attorney has fallen desperately in love with. His persistent love making finally brings a smashing rebuke.

However Will Vander Hart and Dick Van Kolken, the two quarrelling business partners surely are a pair to draw to. But say—Toddies, the Swedish maid in the cast, in the person of Miss Mattie Nelson, instructor in Longfellow's school, is surely a "card."

That young lady might have been a sister of Jan Jansen the great Scandinavian artist in the play of that name.

The ladies and gentlemen as well are going to be all dolled up for this play. John Van Tatenhoven of the French Cloak store is kindly furnishing the gowns. The Heffron Millinery have prepared the headgear, and De Vries & Dornbos are furnishing the beautiful furniture.

Who is donating the stack of poker chips, the deck of cards, and the cocktail with the wonderful glassware is hard to conjecture. We believe however the kick is in the show and not in the contents of the cocktail glass.

The show is to be given under the auspices of the Longfellow P-T club at the high school auditorium Thursday and Friday of this week.

The cast of characters: George B. Nettleton, Wm. E. Vander Hart; T. Boggs John, Dick Van Kolken; Kroon, their bookkeeper, Clifford Hopkins; Miss Sally Parker, their stenographer; LaVerne Essenberg; Thomas J. Holt, their lawyer, Thos. N. Robinson; Tony Toler, Dick Boter; Mr. Applegate, Frank Lievense; office boy, Benj. Vanden Bos; shipping clerk, Edward Morelock; Mrs. G. B. Nettleton, Dora Strowenans; Miss Florence Cole, Ruth E. Barber; Coddies, Swedish maid of all work, Nathalie Nelson. Mrs. Nina Dougherty is the director and Mr. "Sip" Houtman stage manager.

Tickets are on sale at Geo. H. Huizenga & Co., P. S. Boter & Co., and De Vries & Dornbos.

By mistake two overcoats were exchanged at the Graafschap Reformed church after service about three weeks ago. H. Bouws has one of the coats, but the other gentleman having the other coat is requested to correspond with Mr. Bouws so that each man can get the proper coat. Mr. Bouws claims to have received the best of the bargain but that is aside from the question. He wants to return to the man who owns the coat his rightful property.
