

INDEX OF ABSTRACTS

SA HEART CONGRESS 2012

- Pump dysfunction in hypertensive hypertrophy: Impact of severity of blood pressure elevation in patients of African ancestry
[Haroon-ur-Rasheed Abbasi](#), [Elena Libhaber](#), [Gavin Norton](#), [Angela Woodiwiss](#) and [Mohammed R. Essop](#) 168
-
- Clinical and echocardiographic follow-up of the isolated left ventricular non-compaction (ILVNC) cohort at Chris Hani Baragwanath Hospital
[Francois Botha](#), [Ferande Peters](#) and [Mohammed R. Essop](#) 168
-
- First Melody® valve implantation in Africa
[D.G. Buys](#) and [S.C. Brown](#) 169
-
- Untreated aortic stenosis (AS): guidelines for a tertiary setting
[Malcolm Dalrymple-Hay](#), [Ian Cox](#), [Sam Melhuish](#), [Tania Riches](#) and [Clinton Lloyd](#) 169
-
- Anomalous origin of the right pulmonary artery from the aorta: case reports and discussion
[H. Dama](#) 170
-
- Protean manifestations of cardiac hydatidosis
[Riaz Suleman Dawood](#), [Ahmed R. Essop](#), [Robert W. Girdwood](#), [Martin J. Sussman](#) and [Mohammed R. Essop](#) 170
-
- Defensive coping and subclinical vascular disease risk – associations with autonomic exhaustion in Africans and Caucasians: the sympathetic activity and ambulatory blood pressure in Africans (SABPA) study
[Andrea de Kock](#), [Leoné Malan](#), [Mark Hamer](#) and [N.T. Malan](#) 171
-
- Glucose and insulin: emerging metabolic therapy against acute heart failure (AHF)
[Gaurang Deshpande](#), [Sandrine Lecour](#) and [Lionel H. Opie](#) 171
-
- Williams-Beuren syndrome and Ebstein's anomaly variant: a rare association
[Adele Dippenaar](#), [Lungile Pepeta](#) and [Samina Mahmud Yakoob](#) 172
-
- Sutureless aortic valve replacement: catheter-based transapical versus direct transaortic implantation
[Mirko Doss](#) 172
-
- Review of truncus arteriosus cases seen at Chris Hani Baragwanath Academic Hospital: a "vanishing syndrome"
[G. Dumani](#), [B. Fourie](#), [P.A. Adams](#) and [A.M. Cilliers](#) 173

| | |
|---|-----|
| The road to a Fontan and beyond - often a bumpy one: a complicated case of tricuspid atresia with a lot of diagnostic and treatment dilemmas B. Fourie, A.M. Cilliers, P.E. Adams and G.C. Dumani | 173 |
| The effects of acute ethanolamine administration on isoprenaline-induced myocardial infarction in adult Wistar rats Christie Garson, Asfree Gwanyanya, Kishor Bugarith and Roisin Kelly-Laubscher | 174 |
| The effects of magnesium administration on isoprenaline-induced acute myocardial infarction in adult Wistar rats Christie Garson, Roisin Kelly-Laubscher, Kishor Bugarith and Asfree Gwanyanya | 174 |
| Overcoming the limitations of current echocardiographic criteria used in the diagnosis of subclinical rheumatic heart disease Philip G. Herbst, Zaheera Cassimjee, Alfonso J.K. Pecoraro and Anton F. Doubell | 175 |
| Cardioprotective and anti-hypertensive effects of <i>Prosopis glandulosa</i> in a rat model of pre-diabetes Barbara Huisamen, Cindy George, Daneel Dietrich and Amanda Lochner | 175 |
| Racial variability in telomere length and risk of coronary artery disease Sajidah Khan, Anil Chuturgoon, Devapragasen Moodley and Alisa Phulukdaree | 176 |
| Feline hypertrophic cardiomyopathy associated with the A31P mutation in MYBPC3, is caused by production of mutated protein C with reduced affinity between the MyBP-C COC1 domain and actin Craig Kinnear, Mia Godiksen, Tina Nielsen, Peter Højrup, Sara Granström, Inga A. Laursen, Jørgen Koch, William J. McKenna and Michael Christiansen | 177 |
| Two week proanthocyanidin treatment prevents heart failure in a rat model Maritza Kruger, Sandrine Lecour and Neil Davies | 177 |
| Role of Toll-like receptor 4 in melatonin-induced cardioprotection K.T. Lamont, L.H. Opie and S. Lecour | 178 |
| Impact of inappropriate versus absolute or indexed left ventricular mass on on-treatment changes and community variations in ejection fraction Carlos David Libhaber, Angela J. Woodiwiss, Muzi J. Maseko, Olebogeng H.I. Majane, Aletta Esterhuyse, Richard Brooksbank, Elena Libhaber, Pinhas Sareli and Gavin R. Norton | 179 |
| Potential mechanisms that account for obesity-related decreases in left ventricular diastolic function Carlos David Libhaber, Gavin R. Norton, Olebogeng H.I. Majane, Muzi J. Maseko, Elena N. Libhaber, Mohammed R. Essop, Pinhas Sareli and Angela J. Woodiwiss | 179 |

| | |
|--|-----|
| Improved survival and quality of life after TAVI Clinton Lloyd, Ian Cox, Rashmi Birla, Sam Melhuish, Tania Riches and Malcolm Dalrymple-Hay | 180 |
| Isolated left ventricular non-compaction (ILVNC): the Chris Hani Baragwanath experience Nirvarthi Maharaj, Ferande Peters, Farouk Mamdoo, Claudia dos Santos, Hiral Matioda, Elena Libhaber and Mohammed R. Essop | 180 |
| Left ventricular twist abnormalities in isolated left ventricular non-compaction (ILVNC) Nirvarthi Maharaj, Ferande Peters, Elena Libhaber, Claudia dos Santos, Hiral Matioda and Mohammed R. Essop | 181 |
| Twist mechanics in African hypertension patients with systolic dysfunction: an analysis using speckle tracking echocardiography Nirvarthi Maharaj, Ferande Peters, Elena Libhaber and Mohammed R. Essop | 182 |
| Defensive active coping (AC) facilitates time-domain HRV and sub-clinical vascular disease: the sympathetic activity and ambulatory blood pressure in Africans (SABPA) study Leoné Malan, Mark Hamer, Markus Schlaich, Gavin Lambert, Manja Reimann, Nancy Frasure-Smith, Lisa Uys, Andrea de Kock and Nico Malan | 182 |
| The utility of transoesophageal echocardiography in young stroke patients: insights from TORCH Farouk Mamdoo, Ferande Peters, Anupa Patel, Hiral Matioda, Samantha Govender and Mohammed R. Essop | 183 |
| Coronary artery disease prevalence amongst patients undergoing valve replacement surgery Ruchika Meel, Ahmed R. Essop, Anthony Becker, Chris Zambakides, Anthony Yip, Richard Nethononda and Mohammed R. Essop | 184 |
| Cardiological family screening in isolated left ventricular non-compaction (ILVNC) Michael Thamaga Mogogane, Ferande Peters, Claudia dos Santos, Hiral Matioda, Richard Nethononda and Rafique Essop | 184 |
| Mortality associated with infective endocarditis (IE) Jameel Moosa, Ngoba Tsabedze, Ahmed Vachiat, Rohan Ramjee, Thomas Kalk, Keir McCutcheon, Lance Mkhwanazi, Riaz Garda and Pravin Manga | 185 |
| Invasive haemodynamic evaluation of category 1 pulmonary arterial hypertension (PAH) Muhammad Zaid Moosa, Paul Williams, Ahmed R. Essop and Mohammed R. Essop | 185 |
| The distribution of conventional pulsed wave-tissue Doppler imaging measurements of the right ventricle by age and sex in a healthy Black South African population Muhammad Zaid Moosa, Ferande Peters, Nirthi Maharaj and Mohammed R. Essop | 186 |
| Non-ST elevation myocardial infarction (NSTEMI) in 3 hospital settings in South Africa. Does level of care influence management and outcome? A retrospective cohort study J. Moses, A.F. Doubell, P.G. Herbst, K.J.C. Klusmann and H.S.V.H. Weich | 186 |

| | |
|--|-----|
| The role of novel protein-protein interactions in the function and mechanism of the sarcomeric protein, myosin binding protein H (MyBPH) <i>Jacoba Martina Mouton, Johanna C. Moolman-Smook and Craig J. Kinnear</i> | 187 |
| Assessing the effect of a hypertrophic cardiomyopathy causing mutation in cardiac Troponin I on the binding affinity of two known interactors of cardiac Troponin I <i>Annika Neethling, Jacoba Martina Mouton and Craig Kinnear</i> | 188 |
| The role of the novel biomarker ST2 as a marker of left ventricular remodelling in a native African Hypertensive Cohort <i>Dike Ojji, L. Lacerda, S. Lecour, M. Adeyemi Billyrose and K. Sliwa</i> | 188 |
| Persistence of escape rhythm in chronically paced patients with permanent complete heart block <i>Andrzej Okreglicki and Luzaan Papenfus</i> | 189 |
| Evaluation of inflammatory markers in hypertensive patients vs normotensive <i>E. Paraskevopoulou, M. Skoura, B. Geladaki, E. Kastrinelli, A. Xanthopoulos, S. Patsilnakos and P. Paraskevopoulou</i> | 189 |
| Red blood cell distribution width (RDW) as a new biological marker of heart failure - correlation with brain natriuretic peptide (BNP) <i>E. Paraskevopoulou, A. Xanthopoulos, I. Stergiou, E. Kastrinelli, M. Skoura, H. Theofanakis, P. Paraskevopoulou and S. Patsilnakos</i> | 190 |
| Mitral regurgitation in congenital submitral aneurysm (SMA): a clinical and echocardiographic perspective <i>Anupa Patel, Ferande Peters, Hiral Matioda, Elena Libhaber, Farouk Mamdoo and Mohammed R. Essop</i> | 190 |
| Morphologic assessment of the rheumatic mitral valve <i>Alfonso Pecoraro, Zaheera Cassimjee, Philip Herbst and Anton Doubell</i> | 191 |
| HDL/Sphingosine-1-phosphate protects SAFELY: a potential role of the mitochondria in conferring cardioprotection <i>Sarah Pedretti, Damian Hacking, Miguel A. Frias, Richard W. James and Sandrine Lecour</i> | 192 |
| GST polymorphisms and the risk of early onset coronary artery disease in young South African Indians <i>Alisa Phulukdaree, Sajidah Khan, Devapregasen Moodley and Anil Chuturgoon</i> | 192 |
| The interaction of common polymorphisms of the lipoprotein lipase and PON1 genes with cardiovascular risk factors in the Phoenix community <i>Rosaley Prakashandra, Michelle Gordon and D.P. Naidoo</i> | 193 |
| The proper delivery pressure for cardioplegic solution in neonatal cardiac surgery: an investigation of biomechanical and structural properties of neonatal coronary arteries <i>Normunds Sikora, Aris Lacis, Vladimir Kasyanov, Elina Ligere, Valts Ozolins and Lauris Smits</i> | 193 |

| | |
|--|-----|
| <p>Proteomic characterisation of cardiac endothelial cell responses to TNF-Alpha and asymmetric dimethylarginine (ADMA) stimulation <i>Hans Strijdom, Salome Smit, Corli Westcott, Mashudu Mudau and Amanda Genis</i></p> | 194 |
| <p>Novel sarcomeric hypertrophy modifier proteins that interact with titin in hypertrophic cardiomyopathy <i>Carol Todd, Jacoba M. Mouton, Johanna C. Moolman-Smook and Craig J. Kinnear</i></p> | 194 |
| <p>Baroreceptor sensitivity, cardiovascular responses and ECG left ventricular hypertrophy in men: the SABPA study <i>Lisa Uys, Leoné Malan, Johannes van Rooyen, Faans Steyn, Tjalf Ziemssen and Manja Reiman</i></p> | 195 |
| <p>Cardiac presentations of HIV positive patients at Charlotte Maxeke Johannesburg Academic Hospital <i>Ahmed Ismail Vachiat, Riaz Garda, Lance Mkhwanzi, Keir McCutcheon, Thomas Kalk, Rohan Ramjee and Pravin Manga</i></p> | 196 |
| <p>Myocardial twist characteristics in an African chronic kidney disease population on haemodialysis before and after dialysis as measured by speckle tracking echocardiography <i>Anthony Yip, Saraladevi Naicker, Ferande Peters, Mduduzi Mashabane, Elena Libhaber, Nirthi Maharaj, Samantha Govender, Hiral Matioda and Mohammed R. Essop</i></p> | 196 |
