

## MASTER CLASS AT WCCI 2017 FIRST ANNOUNCEMENT

"Management of A patient with NSTEMI-ACS and multivessel coronary artery disease"

**DATE:** 5<sup>th</sup> April 2017

**LOCATION:** RUBINSTEIN ROOM (second floor of the Hotel Conference Centre)

**LANGUAGE:** English

FROM 09:30 to 17:00

**TARGET ATTENDEES:**

Interventionists aiming at improving their knowledge and skills in undertaking complex procedures in their daily practice. We wait for young doctors from Central/Eastern European countries, interested to be a part of this exciting seminar with the step-by-step review of highly selected PCR live-in-a-box cases, learning PCI techniques and adjunctive pharmacology, showing and discussing with facilitators and colleagues also their own complex/problematic cases (**please bring them with you!**). Be a part of LIVE Learning @ Master Class!

*We appreciate very much your presence at this PCR@WCCI seminar and we do hope you will stay with us through the whole seminar. Please note that the number of participants is limited.*

**COURSE TRAINERS/FACILITATORS:**

Jacek Legutko (Krakow)

Jerzy Pręgowski (Warsaw)

William Wijns (Galway)

**Learning objectives**

At the end of the PCR Seminar the participants will:

understand the current knowledge and the optimal management strategy for a patient presenting with NSTEMI-ACS and multivessel coronary artery disease  
learn about the optimal treatment strategy considering the individual clinical situation, differences in infrastructure and the best available evidence.

**The programme will include:**

Interactive discussions using "Live in-a-box<sup>®</sup> cases" and videos of complex cases

Debates and different views between participants and experts.

Step by step reasoning approach

Workshop on how to analyze and reflect on a study

All Master Class attendees will be given **free entrance** to the next 2 days of WCCI (Thursday 6 April and Friday 7 April)
