

Red Cross Bloodmobile Will Be On Campus March 25-27

Sixth Engineering Fair Will Be Held April 4-5-6

Demonstrations And Displays Featured

Clemson's sixth biennial Engineers' and Architects' Fair will be held on April 4th, 5th, and 6th, according to an announcement made recently by Dr. James H. Sams, dean of the School of Engineering. Designed to show how engineering and architecture play an important role in daily life, the Fair will be open to the public.

The combined efforts of the faculty and students of each of the School's engineering departments, and the department of architecture, promise a variety of demonstrations and displays of interest to the engineer and layman alike.

In the past the Fair has been of great interest to high school students as well as the general public with many thousands of spectators in attendance. Started in the early 1930's the Fair was discontinued after 1940 because of World War II and then re-augmented in 1950.

Each department is assembling projects to show activities in its field in the most practical manner. All exhibits are being set up so that for every one, even the greenest layman, will be able to understand the basic principle being illustrated.

Demonstrations and displays will be featured in ceramic, chemical, civil, electrical, industrial, and mechanical engineering as well as architecture.

The Fair will be held in Riggs Hall, home of the School of Engineering, and in its surrounding shop buildings and laboratories. The exhibits will be open to the general public on Friday and Saturday, April 4 and 5, from 2-5 and 7-10 p. m. and on Sunday, April 6, from 2 until 5 p. m.

The only engineering departments which have released complete lists of the projects which they plan to demonstrate are the electrical and mechanical engineering departments.

Included in the list of electrical engineering projects are a tesla coil, a surge generator, a magnetic top, a display of induction or dielectric heating, smoke elimination precipitation, a relay network panel, a strength tester, a servo mechanism demonstration, a museum and reversing motor, and a capacity relay.

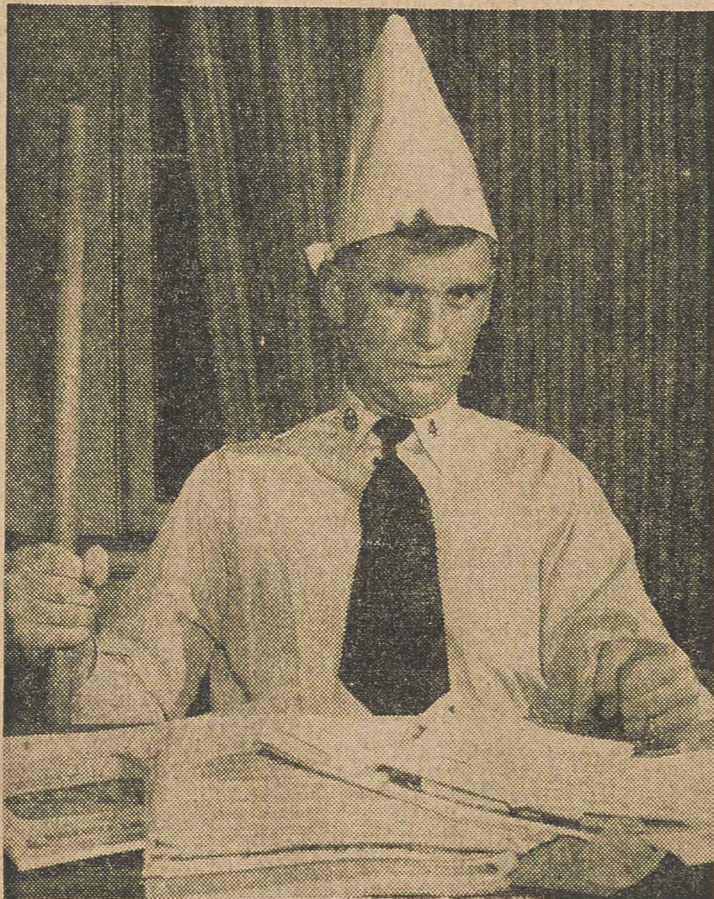

Also, a photo cell display, an automatic voltage regulator, spot welding, a stroboscope display, a magnetic amplifier, single phase motor testing, a cathode ray oscilloscope, a television display, photography display, a demonstration of the current carrying capacity of wire, and an electric train.

The mechanical engineers list their exhibits as follows: a wind tunnel, a pelton water wheel, a torque amplifier, magdeburg hemispheres, a turn table, a gravity acceleration demonstration, an oil testing display, an oscillating engine, water from space, an over-shot wheel, and uniflow engineering.

Also, a corliss engine, electrical dynamometer, some model engines, a gyroscope, an air bearing, ping pong balls in a jet, a rapid combustion demonstrator, a smoke tunnel, foreign and domestic aircraft engines, Fairbanks Morse engines, a Ford engine, a Dodge engine, a Cummins engine, CFR fuel testing unit, jet turbines, and foos.

Tiger Brotherhood Holds Special Meet

The Tiger Brotherhood will meet Tuesday night at 8:45 in the Brotherhood room. All members are urged to be present for the election of officers.

"Booby King" Ladson F. Owens

Owens Wins Booby King Contest, Stephens 2nd

When the final tabulations were made last week at the end of the Booby King election, sponsored by the junior class to raise funds for the Junior-Senior, Ladson F. Owens was declared the winner. Owens, who is company commander of Band Company, is an arts and sciences senior from Sumter.

In the contest, which netted the junior class over eighty dollars at a penny per vote, Owens garnered \$24.35. He had been behind throughout the race, but a last minute spurge by the boys of Band Company vaulted him into the lead.

The runner-ups, in the order of their finish, were Louis M. Stephens with \$20.93, Bobby Cudd with \$13.57, and Forrest E. Cookson, Jr. with \$6.77.

Thomas Eskew, president of the junior class, wished to express his appreciation to all that helped to make the contest a success and especially to the members of Company C-2 who served as guards for the ballot "boxes" after a jar con-

taining approximately eight dollars was stolen.

He also wished to praise the good sportsmanship displayed by the winner and to emphasize the fact that being elected was no disgrace as it all was only a stunt to raise funds for the Junior-Senior.

Choir Will Sing At 'Y' Vespers

The Montreat College Choir will present a musical program at the Clemson YMCA Vespers on Sunday, March 23, at 6:10 p. m.

The devotional talk will be given by Earl Morris of Pickens. Mr. Morris is a member of the State Legislature, a graduate of Clemson, and past president of the Clemson College YMCA. While at Clemson he was an active member of the Blue Key, Tiger Brotherhood, and was state president of the Presbyterian Students Association of South Carolina.

1800 Pints Of Blood Needed To Win 'Bloodiest Campus' Title

Clemson students open their campaign for the title of "the bloodiest campus" in the country Tuesday, March 25 when the Asheville (N. C.) Bloodmobile Unit will set up their equipment in the basement of the Methodist Church.

Cinema Guild Will Show French Film

Clemson's newly-organized Cinema Guild will present *The Well Digger's Daughter*, a French film, Sunday, March 23, at 3 and 8 p. m. in the new chemistry auditorium.

The film replaces *Room Service* which had originally been scheduled for that date.

The French movie is the third in the Spring series of the Guild which is bringing to Clemson certain foreign and domestic films not readily accessible in this area.

For perhaps the last time, season tickets, priced at \$2.50, will be on sale at both performances. No single admissions may be sold.

The Well Digger's Daughter stars R. A. M. I., Fernandel, and Josette Day, three of France's best known humorists.

It is reputedly among the most popular French films in the United States. One review states that "this charming account of the strange events in the life of the well-digger and his daughter features notable performance, marked by an earthy Gallic humor not often matched elsewhere."

The remainder of schedule of the Blue Key-sponsored Guild this spring is as follows: April 6—*The Private Life of Henry VIII* (British); April 20—*Quarete* (British); May 4—*Distant Journey* (Czechoslovakian); and May 25—*Passport to Pimlico* (British).

O'Cain Has Poem Published In Methodist Magazine

Joe O'Cain, agricultural education sophomore from Orangeburg, is author of a short poem which appears in the current issue of *Motive*, the Methodist Student Movement publication.

O'Cain has written approximately 50 poems in the past nine years. He is the Clemson correspondent for the *Orangeburg Times* and *Democrat* and is a member of Gamma Alpha Mu, honorary English fraternity for writers.

In competition with the University of Idaho which claims the highest percent of student donations in the West, Clemson has set a goal of 1800 pints of blood to be given during two three-day periods—March 25, 26, and 27 and April 7, 8, and 9.

Tuesday the Bloodmobile will open at 9 a. m. and will close at 4 p. m. Wednesday and Thursday the unit will also be open from 9 a. m. 'til 4 p. m.

Members of the faculty and community who wish to donate have been asked to report to the Bloodmobile at either 11:40 a. m. or 4 p. m. Tuesday, Wednesday, or Thursday.

Mr. Frank Burtner, chairman of the American Red Cross Blood Donor Campaign, has asked that day cadets and veterans, married and single, who have not volunteered by signing to make a donation at a definite hour, appear at the Bloodmobile on March 25, 26, or 27 at 11:40 a. m. or 3:40 p. m.

Students making donations on Tuesday and Thursday afternoons will be excused from drill.

The student company with the highest percent of donations from those capable of giving blood will be excused from a Saturday morning inspection. The winning company will not be decided until after the second visit of the Bloodmobile.

Eligibility of persons to donate will be determined at the unit. Rejection by the doctor in charge of the Bloodmobile, parent's disapproval as indicated on the returned card, or participation in baseball or track will reduce the basis for figuring company percentage of donations.

Failure of a parent to return a card will not reduce the basis for figuring company percentage.

All-Church Choir Elects Officers

The Clemson All-Church Choir, planning a presentation of Maunder's Olivet to Calvary on April 9 at Clemson as their first concert, has elected a panel of officers to serve during the coming year.

Dr. O. B. Garrison, professor in Clemson's department of horticulture, has been named president of the organization. Mrs. Howard L. Hunter, wife of the dean of chemistry at the College, will serve as vice-president.

Mrs. R. E. Ware, wife of an entomology department professor, has been named secretary, and Mr. Trescott Hinton, employed in the Treasurer's office of the College, will serve as business manager.

Robert Lovett, musical director for the College who will direct the All-Church Choir presentation, has announced the appointment of Professor R. E. Ware as assistant director. Mr. Ware has been active in the Clemson Little Theater and will be in charge of stage management for the community choir.

The program slated for April 9 will be the largest in scope ever attempted at Clemson. Officials expect four thousand visitors for the presentation.

Math Professors To Attend Math Society Meeting

Several Clemson mathematics professors are planning to attend the meeting of the Southeastern Section of the Mathematics Society of America to be held at Agnes Scott College in Decatur, Georgia, on March 21 and 22.

Representing Clemson at the annual meeting will be Dr. D. C. Sheldon, Head of the Mathematics Department; Dr. W. G. Miller, professor of mathematics; M. C. Bell, associate professor; J. W. LaGrone, J. W. Brown, P. L. Armstrong, E. L. Stanley, L. H. Potter, and C. M. Stuart, assistant professors of mathematics.

Military Ball Set For Weekend; General Here

Clemson's annual Military Ball, sponsored jointly by the Central Dance Association and Scabbard and Blade, national honorary military fraternity, will be held in the Field House on March 21 and 22. The admission price for the formal dance on Friday night will be \$2.00 and the price for the informal, Saturday dance will be \$2.50. Music for the two dances is to be furnished by the Clemson Jungaleers.

J. M. Eleazer To Be Honored By Friends

James M. Eleazer, nationally known newspaper columnist on rural themes and author of the recently published book, "A Dutch Fork Farm Boy," will be honored by the people of the Clemson campus and his fellow workers in the college at an autograph tea to be held in the Browsing Room of the Library on Friday from 4 to 6 p. m.

The tea is being sponsored by the Greater Publicity Committee of the college of which Mr. Eleazer is a member. The ladies of the campus will be in charge of refreshments and entertainment for the affair.

Information specialist with the Extension Service at Clemson College since 1941, Mr. Eleazer has twice been named the outstanding agricultural columnist in the United States.

His weekly columns, "Seen Along the Roadside" and "Farms and Folks," have become favorites with countless readers, both rural and urban. He is also a regular contributor to magazines such as *The Country Gentleman*, *The Progressive Farmer*, and other well-known periodicals.

"The Dutch Fork Farm Boy," released this month by the University of South Carolina Press, is a collection of reminiscences of the author's boyhood days in the Dutch Fork section of the state, that angle between the Broad and Saluda Rivers in parts of Lexington, Richland, and Newberry Counties.

The original sketches appeared in Mr. Eleazer's columns under the title "Boys Are That Way."

All interested persons, especially Mr. Eleazer's readers, are in-

Shortly before intermission on Friday night, the Executive Sergeants of the Cadet Corps will present a saber drill. This demonstration of precision movements is a new feature of the dances at Clemson. Following the saber drill will come the Grand March, when the dates of all the cadet officers will parade before the judges in the choosing of the honorary cadet colonel to reign over the Corps of Cadets on Mother's Day.

The final choice will be made at the intermission party at the Clemson House. The judges who are to choose the honorary cadet colonel are Capt. Brown, of the Air Force at Clemson; Major Hamlin, of the Ground Forces at Clemson; Mr. Frank Burtner, professor of sociology; Dr. Hunter, dean of chemistry; and General Herren, visiting officer who is also to be the guest speaker at the banquet at the Clemson House before the dance.

Major General Thomas W. Herren was born at Dadeville, Alabama, on August 9, 1895. He was graduated from the University of Alabama in 1917 with the degree of bachelor of arts. He was commissioned a second lieutenant in the Field Artillery Reserve on August 15, 1917, and on October 26, 1917, he transferred in the same grade to the Cavalry Regular Army.

His first service was with the 13th Field Artillery at Fort Bliss, Texas, until December, 1917, when he joined the 78th Field Artillery at Houston, Texas, and later Fort Sill, Oklahoma. He went to France with that unit in July, 1918, and served with it at Le Vadaillon and Liffel le Grande, France. He returned to the United States in June, 1919, with the 78th Field Artillery, and was stationed at Camp Grant, Illinois, until September, 1920. He then was transferred to the 3rd cavalry at Fort Ethan Alan, Vermont. In June, 1922, he was appointed Recruiting Officer for the District of Springfield, Massachusetts, and remained on that duty for four years.

On November 26, 1945, he was assigned to Headquarters, Fourth Army, Fort Sam Houston, Texas, as Acting Chief of Staff, G-3.

On July 30, 1946, he was assigned to Headquarters, U. S. Army Forces, Pacific, as Chief of Staff, XXIV Corps. In April, 1949, he was appointed assistant commander of the First Cavalry Division in the Far East.

He returned to the United States in August, 1949, to become Chief of Special Services for the U. S. Army, with station at Washington, D. C. The following March he assumed command of the Military District of Washington, D. C.

General Herren has been awarded the Legion of Merit with one Oak Leaf Cluster.

He and his wife, Mrs. Lillian C. Herren, have two sons, Thomas W. Herren, Jr. and John D. Herren.

Newsbriefs FROM EVERYWHERE

Caps And Gowns

Orders for caps and gowns will be taken April 1, 2, 3, and 4, from 7:00 to 9:30 p. m. in the Blue Key room. They must be paid for when ordered.

Clemson Cow Tested

Clemson Lucky Agile 201372, a registered Brown Swiss cow owned by Clemson Agricultural College, has recently completed a 305 day lactation record on Herd Test of 10020.7 milk 4.16 per cent 416.64 fat on two-times-a-day milking, according to Fred S. Idtse, secretary of The Brown Swiss Cattle Breeders' Association, Beloit, Wisconsin, at two years, four months.

Benedict College Octet

The Benedict College Octet which was scheduled to give a program of sacred music at the Clemson Baptist Church Sunday night, has been postponed until a later date. Announcement of the time of the program will be made later.

Wesley Foundation

Mr. Jim Spangenburg, Minister of Students of the Wesley Baptist Church, discussed the Baptist beliefs at the meeting of the Wesley Foundation held in the fellowship hall of the Methodist Church.

This was the third in a series of discussions on the beliefs of other denominations.

Methodist Deputation

A deputation from the Wesley Foundation presented the Sunday morning program at the Winthrop Wesley Foundation this week-end.

Those attending were: Jim Callahan, Lenord Butler, Marion Jones, LeVerne McCaskill, Edward Nolley, Reuben Bellamy, Allen Fine, Tommy Green, David Clyburn, William Byrd, and Morris North.

Baptist Student Union

On Wednesday, March 26, the program for the Baptist Student Union will be Judaism. The program is being planned by Professor Koloman Lehotsky and the Hillel-Brandeis Club. A Rabbi will speak and lead the discussion for the program.

Air ROTC Graduates

It has been announced by the Department of Air Science that all students who receive their degrees before June 30, 1952, and who receive commissions in the Air Force Reserve will be called to active duty within 120 days. Delays in reporting will be given to students who have been accepted for graduate study in certain technical fields needed by the Air Force. At present, there are no plans to call students with prior military service.

At Clemson, it has been announced by Colonel Dice that approximately 30 Seniors will receive commissions in the Air Force Reserve.

Oconee Precinct Meet

There will be a short meeting of Oconee County citizens voting in the Old Stone Church precinct in the Browsing Room of the Library on Saturday, March 22, at 2 p. m. for the purpose of electing officers.

The announcement was recently made by Bruce D. Cloaninger, executive committeeman.

Converse Delegation

A delegation from Converse College was in charge of the program at the Fort Hill Presbyterian Church on Wednesday night. After the program a social was held in the Club Room for the visitors and the Presbyterian students at Clemson.

Bible Story Hour

A children's Bible story hour has been established by the Presbyterian Church. The lessons are held on the second and fourth Sundays of every month at 3:00 p. m. in the Club Room. At the meetings, which are open to all children of school age, Bible stories are told the children and occasionally a play depicting the action of the story is presented.

Lt. Col. Woodman

Visiting on the Clemson College campus next Wednesday, March 26, will be Lieutenant Colonel Charles M. Woodman, who is from the Office of the Chief Signal Officer, Department of the Army.

TALK OF TOWN

Many Deep Thinkers Are Tricked By Three Dots

By "DOC" BAKER

GUESS AGAIN

Last week this column carried a problem which was not based on mathematics, for the supposedly deep thinkers. Several came up with an answer which had two red dots and one black speck; however, if one will recall, a raised left hand indicated a blackened forehead. Each contestant held up his right hand; consequently, all three dots were red.

Now that you who only skimmed the surface are straightened out, GUESS AGAIN! I assure you, there is a simple, logical solution; based entirely on reasoning.

After you have mastered last week's, give this new one a fling. "A great detective died. After his journey to the Pearly Gates, he requested entrance. Somewhat doubtful of the sleuth's methods, the attendant decided to put the applicant to the acid test. He escorted the visitor to the men's section and directed that the sleuth find Adam without any interrogation. Our under-cover man went about his task and presently pointed to one of the residents; sure enough it was the world's first man.

The same procedure took place in the women's division with the detective looking for Eve. Again, he was successful.

Now, all you have to do is imagine you're a "gum shoe" in heaven and tell how Adam and Eve could be detected by observation alone.

INFLATION'S HERE

"Hey, Bub," she yelled, "Plank down another nickel, the price has gone up." It was the lady behind the counter in the dairy department's retail shop, wanting more money for an ice cream cone I had just bought.

Instead of the old ten cents for two dips, it's now fifteen cents (plus one for education) for the same amount; a dime gets one scoop. The milk shakes increased their value, as did milk and butter.

Needless to say, these increased prices make it more difficult for the students to enjoy the delicious refreshments they have been accustomed to. If customers aren't entirely lost, their volume of business, in most cases, will greatly decline. Can't you ice cream people find some way to restore the old rates? We like your goodies, but we don't have too much money.

CHEAP SHOTS

Down town, over the bank specifically, there is a clinic sponsored by the Pickens County Health Department. This clinic is divided into several parts: namely, pre and

post natal, immunization and mid-wives divisions. The first two are held on Thursday afternoon and the latter on Friday evenings. A registered nurse is in charge.

Sometimes, she has nothing to do but gaze out the window at the entangled masses of traffic jams in downtown Clemson. This is a shame; there is much derivable benefit if people only came in. There is no professional charge; only the cost of the drugs. For example, ordinary immunizations cost about twenty-five cents. Most physicians request two dollars for the same thing; few, if any, perform the service for less than one dollar.

By now, some of you are probably wondering what the dickens this has to do with Clemson students. This is what! There are roughly 250 married students attending school here. Many of these have children, quite a few even have tots in school or very near the first-grade age. Furthermore, the student can visit the college infirmary without cost, but his wife or other relatives can not.

To those of you in this situation, there is money to be saved in the clinic above the bank.

GOOD STUDENTS, RUDE VISITORS

Ever so often, someone will praise or criticize cadets' behavior at the concerts. They claim it is a direct reflection on the general character and manners of the school in general. It is very possible that this is true; however, there is one situation the scholars can't avoid. Yet, in all likelihood, they will shoulder the blame.

Tuesday night I made it a point to observe the troops' manners. I don't see how anyone could have had anything other than the highest praise for their gentlemanly comportment.

Throughout the second part of the presentation, I sat near the back of the auditorium (?) among some grown-appearing individuals. Imagine my surprise when I heard a male voice singing during Wagner's "Overture to Tannhaeuser"; his female companion formed a one-woman audience making comments.

After the applause I turned around to see who the imbecile was. I did not know him. If he was a student, he's spent some time at his profession—he was about fifty years old. His companion, she wasn't a day over forty-five. One thing is certain, I've never attended classes with the young man.

Since there were students in the vicinity, a listener could easily mistake such shenanigans for school-boy misdemeanors.

Perhaps the student body should be more critical of certain people visiting campus activities.

Gags From Other College Rags

Rembert Stokes
Despite the preachings of the women's dean, This distressing condition survives: A coed will happily date a cad—Especially if that's what he drives.

Term paper dilemma, Fountain pen leaks; "Out, damned spot! Out I say!" Macbeth.

Then there was the pooch in the K9 corps who asked for a tree-day pass.

Pessimist . . . A person who feels bad but feels good about it.

The excited voice of a young girl came over the phone: "Two boys are trying to break into my room through the windows!" "Listen, lady, this isn't police headquarters; this is the fire department."

"I know," she answered, "but my room is on the second floor and they need a ladder."

He: "Your eyes are so soft; I can see dew in them." She: "Look again! What you see are 'don't's'."

No matter how dull they are, all girls have bride ideas.

She: "Let's sit in the parlor." He: "I'm too tired. Let's go skiing."

She: "Hey! Who do you think you are, Santa Claus?" He: "No, why?" She: "Then leave my stockings alone."

First Coed: "Gonna be busy tonight!" Second Coed: "Dunno. It's my first date with him."

Moe: "Man am I scared. I just got a card from a veteran telling me he'll kill me if I don't stay away from his wife."

Sam: "Well, why don't you?"

Moe: "He didn't sign his name."

"You say you're going to marry a woman who makes \$10,000 a year and then you try to tell me it's a love match."

"Yeah! I love money."

Mrs. X was granted a divorce when she testified that her husband spoke to her only three times since their marriage. She was

awarded the custody of the three children.

Marriage is love parsonified.

The new mother of triplets was

gushing, "And just think, it only happens once in 135,875 times!"

"That's pretty wonderful, but I don't see how you find time to do the housework."

that from what he (Oscar) hears, Ray Bell is going to be the first person pooled by the Senior Platoon initiates.

that he (Oscar) hopes that "Little Rat" Huggins turns out to be as good a party boy as his brother "Skinner" Huggins.

that "Ole Mule" can really empty the bottles and not even know it. (We don't mean Pepsi Cola, either.)

Hey, Worth, where did you get that "head" that you had at the concert?

that he hears that the Block C initiates don't care for marshmallows anymore. Didn't get any on you, did you, boys?

that Ray Bell tries to be one of the boys, but just can't make the grade.

that "Moon" Mason just can't understand why he didn't get any more rank than first lieutenant this year. Well, "Moon", if you don't know, he (Oscar) isn't going to tell.

that, "Sambo" says that not every company clerk can have a wife and a baby.

that company clerk Salley's answer to that is, "We'll see about that."

that "Lee Roy" Doar's best friend is "Lee Roy" Doar.

that the Mess Hall crew (Simpson and Herring) shouldn't be on the team for Saturday's competition. They don't know their left from their right.

that Jim Johnson has the manners of a Missouri plow mule.

that he (Oscar) will be looking for you at the dance this weekend. So you better be good little boys or Oscar will get you.

PREFAB LIFE

Dentist Call It 'Simple Caries' But It Is Still A Pain In The Neck

By "Doc" Baker

They call it simple caries, but it felt like toothache to me.

For two weeks I had been moping around Milky Way complaining of a pain in the region of my lower jaw. The "old lady" had tried to persuade me to see a dentist, but I kept parrying the issue. Finally, it got to the point I had to see a tooth man or get out of the area. Even the neighbors were complaining of my unsociable, grouchy attitude. Still, I refused to go either way.

I had some vague idea my wife was plotting a conspiracy. When I saw her coming down the street with four husky students, who lived nearby, and about fifteen feet of sash cord, the vagueness left the idea. I was certain.

My lower mandible ached too much to run, and you should try to find a hiding place in one of those prefabs. Nevertheless, I found a place, feeling confident they would never locate me. I must admit they went through the joint, I mean house, as if they were government men looking for "white lightning", but Doc just wasn't too be found. That is until "man's best friend" began whining and wagging his tail while smelling behind the refrigerator. I guess my goose was cooked, well done, too.

I talked the Klan-like mob out of trussing me up and promised by little ball of fury I would go immediately to see a molar specialist. I felt like reneging the promise, but the excitement favored the pain.

I went to a nearby town having several dentists, of the painless variety, sat in one's office for three hours in utter misery waiting to see him. I became adjusted to the drab walls and moaning patients. In fact, I was almost into the world of fantasy, watching his pretty nurse cut cute figures in and out of the room. She spoiled my dreams by giving a toothy smile and saying, "The doctor will see you now."

"Thank you," I mumbled while stumbling in the third-degree room and reluctantly sitting in the chair. The man in the white coat was washing his hands, I could not see his face. Finished, he came over and just like an irritated general said, "Open your mouth." After peering inside, tapping all my healthy incisors, and half choking me, he said, "Uh huh, you have simple caries."

"Doc, I looked in there and I could have sworn it was a cavity," I countered when he took his ten fingers away from my masticators.

"Well, yes, it is commonly called a cavity. Actually it's a decalcification of tooth substance," he mused.

"You mean something that hurts like this can be classified as common," I retorted.

To which he replied, "No, not exactly. It's what you might call a layman's terminology."

Somewhat puzzled, I finally gulped, "Well, what is the best treatment?"

He was back at the chair now and said, "That's a pretty bad tooth you have there, son, but I may be able to save it for you."

"Oh, the rat stopped coming when I was nine," I shot back.

He laughed at this and explained, "I mean that we may not have to pull it." All the time I was thinking that this half of "we" wouldn't be much for pulling it anyway. He got out some little grindstones, pick axes, rotary saws and various other tools, then said, "Open wide!"

"D-d-d-don't you think you'd better put in something to ease the pain?" To this he replied that he didn't think it would be necessary. It would be hard to get that much anyway.

"Wait one minute, then," I yelled, "a man around the corner has it in pints and fifths. Besides, I'm scared; not of you but of all those tools and instruments."

Taken back by this outburst, the bewildered man heaved a sigh and began a pacifying oration. "Son, there's really nothing to be afraid of. Why, in my hands these instruments won't hurt but just a little."

Replying to this, I shouted, "Yeah, but what you professional men call 'mild discomfort' hurts like hell to me."

Apparently, he was an old hand at these things because he launched into a line of psychology to overcome my panic.

"My dear boy," he gurgled, "that's an absolutely natural attitude you have. Let me show you how well you are acquainted with these devices. This little thing is called a burr. I'll use it to clean out your tooth. It won't hurt. There's not a nerve it will touch. And this familiar-looking instrument is a probe. See, it looks very much like a metal tooth pick. All I'll use it for is to test the tooth's remaining walls—much the same as a builder tests a brick wall for soundness."

You've seen many of these spatulas. It's built on the same order as a putty knife. I'll use it to place the filling material in your tooth. Then, I'll take this miniature hammer and pack it slightly, not hard, just firmly."

He gave me a drink of water and continued, "I'm not going to put a permanent filling in your tooth. I'm going to put in a temporary one—made of calcium oxide and eugenol. That will prevent its hurting and we'll tell later whether or not a permanent filling would be worthwhile."

All that psychological training meant naught to me. I was convinced more than ever that dentists, every last one of them, were no more than highly specialized carpenters. Regarding that temporary filling, it's as solid and as permanent as the rock of Gibraltar as far as I'm concerned. I ain't going back!

Glve Your Blood

Americans are dying in Korea!

This is not an especially profound statement. They have been dying for over 20 months—almost two years. But what are we doing about it? We, or our parents, pay our taxes, and we are being trained to some day take our places in guarding our country's freedom and heritage.

But there is something we can do individually. We can make a direct contribution to those who are now fighting and dying. We can give our blood.

Three important days are approaching. Next Tuesday, Wednesday, and Thursday the Red Cross Bloodmobile will be on the campus. They will be prepared to receive our blood to help the Armed Forces. Let's not let our friends in Korea down.

During this drive there are two added incentives to the one already implied. They are (1) a competition among companies and (2) a competition with the University of Idaho. Let's get behind our companies. And let's earn for Clemson the title of "the bloodiest campus" in the country.

Just a pint! Yes, just a pint of blood from each of us, capable of donating, would provide our Armed Forces with over 2,000 pints with which to fight disease and death. That's not too much to ask. Let's all donate!

Campus Improvements

Two student organizations are to be commended for recent projects to improve the Clemson campus.

The Block 'C' Club took as their project the painting of the water tanks behind the Clemson House. The new paint job, covering detracting painted numerals on the tanks, improves the appearance of the campus by removing one eyesore.

The gravel placed in front of the Post Office was a project of The Tiger Brotherhood. The unpaved area was turned into a "sea of mud" when the rains came. Now one can walk to the YMCA parking lot without wading through the water and mud. Although the work was done by the Service Division and the Highway Department, the necessary funds were supplied by The Tiger Brotherhood.

These two projects are examples of the desire of organizations and individual students to make a better Clemson.

Quirks and Comments---

A big mystery at the University of California is who stole 50 beer mugs from a women's dormitory. But the biggest mystery is how did 50 beer mugs get in a women's dormitory in the first place?

From the Arizona Kitt-Kat comes this bit of poet's philosophy:

Despite the preachings of the
Women's dean,
This distressing condition
Survives:
A coed will happily date a
Cad—
Especially if that's what he
Drives.

At the University of Princeton a student finished his exam in 45 minutes, sauntered out with it to the corner saloon, had a few beers, watched a television program, ambled back to his dormitory room for awhile, finally handed in the exam. His grade? One of the highest in the class!

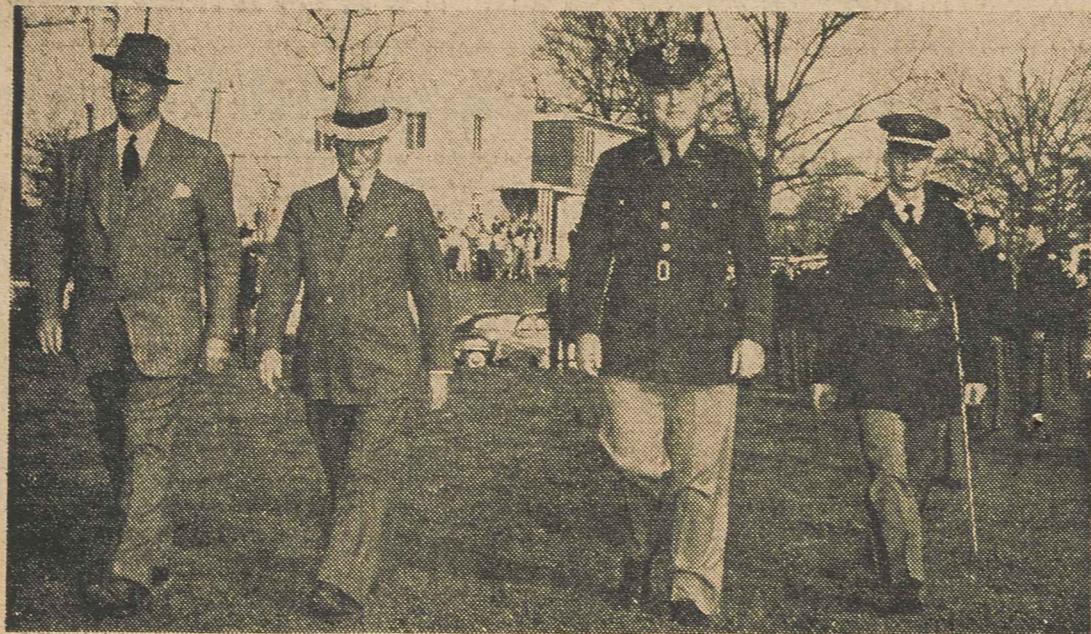

At Oregon State College 10 girls from Kappa Kappa Gamma had a confusing date problem. Seems a fellow named Don Fletcher had called them all asking them for a date on the same night. Five of them had accepted.

Fletcher never showed up; in fact, he never even called. The whole affair was carried out as joke by some of Fletcher's "friends".

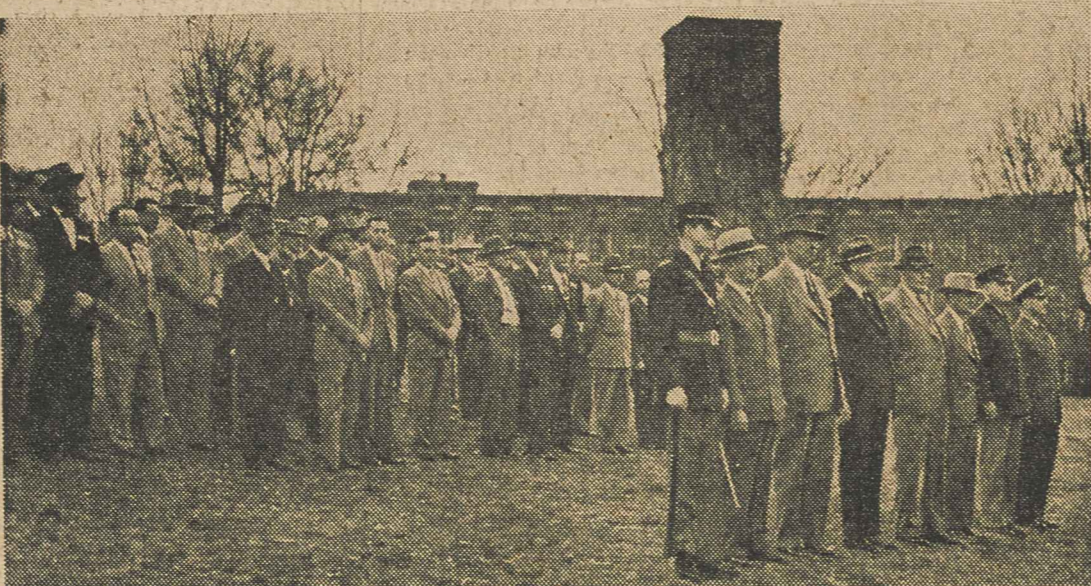

WE WOULDN'T BE SURPRISED . . .

Headline in the Akron Buchtelite, University of Okron, Ohio: "College Affects Few Students."

Highlights Of Legislators' Visit

Governor James F. Byrnes (second from left) inspects the Clemson Band and Honor Guard in a special ceremony Thursday afternoon upon his arrival on the campus for a two-day tour of Anderson and Oconee County industry. Others in the picture include Clemson President, Dr. R. F. Poole (extreme left); Colonel F. E. Cookson, Commandant (second from right); and Cadet Captain P. L. Kesler, commander of the Honor Guard. The ceremony took place on the south lawn of the Clemson House. (TIGER Staff photo by Jack Trimmer.)

Honor guests at Clemson last Thursday and Friday watch as Clemson's Corps of Cadets passes in review. (TIGER Staff Photo by Jack Trimmer.)

March 19, 1952

To Members of the Clemson Student Body:

I wish to take this opportunity to thank you for your splendid help and cooperation while members of the General Assembly and officers of South Carolina were on the campus last week. The large faculty and administrative committee made splendid arrangements and I believe the occasion was well managed in every respect.

Some of our visitors had not seen Clemson before and they were greatly impressed with the student body and the college. You in turn had the rare privilege of being able to entertain members of the Legislature from your county and I am sure you played your part well and the college will benefit thereby.

Governor James F. Byrnes, Senator Edgar A. Brown, Chairman of the Finance Committee, Representative Solomon Blatt, Speaker of the House, Representative Charles Verner, Chairman of the Ways and Means Committee, Senator Marion Abrams, Chairman of the Agriculture Committee, Senator Lawrence Marion Gressette, Chairman of the Education Committee and father of our football player, and many other notables were here.

In addition to Governor Byrnes, Senator Brown and Representative Verner, Mr. Jeff B. Bates and Mr. E. C. Rhodes of the Budget and Control Board were here. Messrs. Cooper, Douthitt, Barnette, Leppard and Daniel of the Clemson Board of Trustees were present also.

All in all it was a splendid occasion, our visitors were cordially received, and I think your week-end privilege was deserved.

Signed: R. F. POOLE, President.

V.B. Higgins Establishes Scholarship Fund Here

Mr. Victor B. Higgins of Greensboro, North Carolina, who graduated from Clemson in 1940 with a degree in civil engineering, has established a fund to be used by the school of engineering to assist worthy needy students of high scholastic standing. To carry out the wishes of Mr. Higgins, an undergraduate scholarship will be awarded to some needy student in engineering in an amount not exceeding \$300 per year.

Also a graduate fellowship not exceeding \$300 per year will be awarded to a graduating student or to a member of the engineering faculty to pursue graduate work at Clemson or at some other approved educational institution. Anyone wishing to apply for the scholarship or fellowship should do so through his department head, to the Higgins Scholarship Committee.

These applications should meet the conditions outlined below:

Applicants for benefits of the V. B. Higgins Engineering Fund are required to submit a complete personnel record, together with a written request for the scholarship. The request should include the following information:

(1) The reason for requesting

Scholarship Offered To College Sophomore Studying To Teach

The National Association of Manufacturers has announced establishment of the NAM's President's Scholarship Award, which will be given annually to a sophomore student who is preparing to be a teacher. The scholarship will provide \$1,200 during the student's junior and senior year.

Earl Bunting, NAM managing director, said wide geographical distribution of the scholarships was assured by a proviso that each year's award go to a student in the NAM region which includes the home state of that year's NAM president.

To inaugurate the program, two scholarships will be awarded this year—one honoring the recently retired president, William H. Ruffin, Durham, N. C., and the other named for the 1952 president, William J. Grede, Milwaukee, Wis. Students in Alabama, Florida, Georgia, Kentucky, North and South Carolina, Tennessee and Virginia are eligible for the Ruffin scholarship and those in Minnesota, Wisconsin, North and South Dakota can qualify for the Grede award.

The association's purpose in offering the scholarship, Mr. Bunting said, was "to stimulate our 17,000 members and businessmen generally to set up many more scholarships for deserving young people."

Women and men are equally eligible and the only requirements

the scholarship or fellowship;

(2) The financial condition of the applicant and any other parties financially responsible to the applicant;

(3) References that can attest to the character, scholastic ability, and capability of applicant as an employee.

Applications should be submitted by April 1 to some member of the committee, which includes S. R. Rhodes, chairman, D. D. Curtis, J. D. Glenn, and J. C. Cook.

Plans Underway For Marching Musical Group

Robert E. Lovett, director of music, has announced plans for the formation of a new, unique musical group at Clemson, which would fall along the same lines as the concert band, the marching band, the glee club, and the various drill organizations.

This versatile group of singing, as well as marching, men is to be called "The Singing Cadets," the nucleus of which will be drawn from present members of the Glee Club. The ability to read music will not be a requirement for admission to the group.

The organization, which is expected to number about one hundred and ten cadets, will perform at parades, football games, and other special functions. Tentative plans call for the first appearance of the group at the Presbyterian football game next fall. Four rehearsals are to be held this year for next fall. "The Singing Cadets" will not be completely organized until May after the Glee Club has completed its annual spring tour.

Only those students who will be at Clemson next year are eligible for the group. All equipment is to be furnished by the College, including a megaphone and a pair of white gloves. All interested cadets should contact J. K. Alexander or W. D. Schwartz.

are that candidates be American citizens who plan to enter the teaching profession, are doing satisfactory work as second-year students in institutions offering bachelor's degrees in education, and will return to the same schools for their junior and senior years. Nominations are to be made by college presidents before April 1 and winners will be announced soon after May 1. Full details have been mailed to presidents of all institutions offering B. A. or B. S. degrees in education.

Scholarship winners will be invited to the association's annual Congress of American Industry in New York each year, at which they will receive official recognition.

Part-Time Jobs Are Offered By Anderson Sears-Roebuck Co.

Sears-Roebuck and Company in Anderson has openings for part-time employees during the spring session if available by 1:00 or 1:30 p. m. on Monday through Saturday.

During the summer months Sears will also have available a few jobs for men to sell lawn-mowers and window fans. This merchandise must be demonstrated in order to be sold and any interested persons will be very well paid.

Students interested in part-time employment with Sears should contact Mr. R. R. Yeager, manager of the Anderson store.

Presbyterians Elect Deacons

Five deacons were elected at a congregational meeting of the Clemson Presbyterian Church on Sunday, March 9.

Deacons to serve the next four years are: Dr. E. D. Bolinger, Mr. E. S. Olson, and Dr. D. C. Shlodon. Mr. W. E. Mueller will fill the unexpired term of Dr. W. H. Peterson for three years. Dr. F. B. Schirmer will serve for one year to complete the unexpired term of Mr. P. D. Seabrook.

Six Are Elected Into Fellowship Club, Local Civic Group

The Clemson Fellowship Club, a local civic club composed of members of the faculty and business men of Clemson recently voted in six new members. These new members were formally recognized at a dinner at Calhoun-Clemson High School on Tuesday, March 18. The new members are: Dr. Albert Meiburg, local druggist; Mr. Kenneth Vickery, Assistant Registrar; Mr. Henry Hill, Director of Housing; Rev. M. C. Allen, pastor of the Clemson Baptist Church; Rev. E. D. Stockman, pastor of the Clemson Lutheran Church; and Father R. J. Murphy, pastor of the St. Andrews Catholic Church.

Daniel Tells Legislators College Needs \$20 Million

Charles E. Daniel told the members of the South Carolina General Assembly, who were guests of Clemson College last week, that the College needs at least twenty million dollars to meet immediate and future needs.

Mr. Daniel, who heads Daniel Construction Company and who is a member of the Clemson Board of Trustees, delivered his appeal when he spoke briefly at a supper given the legislators by the Clemson cadet corps in the college mess hall.

In citing Clemson's needs, Mr. Daniel outlined them as follows: Development of a master plan for the future Clemson; an administration building; an architectural building; a wood processing building; mechanical engineering and hydraulics laboratory; library and equipment; research building and laboratory for engineering and textiles.

Also, classroom buildings for arts and sciences; a ceramics building; a student recreation center; a hospital, fifty beds;

armory and auditorium; new dormitories; faculty houses and president's home; extension to Clemson House; women's dormitory; laundry; utilities, power, water, and sewer; replacing antiquated equipment and buying supplemental equipment needed for all divisions of college.

Also, maintenance and repairs to existing buildings; a soil testing laboratory, granary seed certification and feed improvement; bull barns and dairy barns; agricultural extension building; poultry science building, botany, forest, and horticulture; greenhouses and landscaping; research building and processing plant for poultry, fruits, vegetables, and meats; animal science building, poultry, dairy, beef cattle, and hogs.

Campus Interviews on Cigarette Tests

No. 37...THE SWORDFISH

They crossed swords with the wrong man when they engaged this swashbuckling senior in combat! At first, he was foiled by the tricky, "one-puff" . . . "one-sniff" cigarette mildness tests. But he parried their thrusts with this gleaming sword of logic: The only way you can judge mildness is by steady smoking. That's the true test of cigarette mildness!

It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke, on a day-after-day, pack-after-pack basis. No snap judgments! Once you've tried Camels for 30 days in your "T-Zone" (T for Throat, T for Taste), you'll see why . . .

After all the Mildness Tests . . .

Camel leads all other brands by billions

Tank number 2 fires a salute to Governor James F. Byrnes as he arrives on the campus for his tour of local industries. Commanded by Lt. R. W. Gardner, the tanks fired a 19-gun salute in honor of the State's first citizen. (TIGER Staff Photo by Jack Trimmer.)

Early arrivals for the two-day, two-county visit of new industries were carried on tour of the college Thursday afternoon. Here members of the South Carolina Legislature inspect modern machinery in the school of Textiles. (TIGER Staff Photo by Jack Trimmer.)

Tigers Open Baseball Season Here Next Monday

Clemson Begins Baseball Season With Two Game Stand With Michigan State

Clemson's Tiger baseball squad will unveil its 1952 prospects here next Monday afternoon at 3 o'clock when they play host to a strong Michigan State team. The Tiger's new baseball coach, Bob Smith, greeted over one hundred hopefuls in the first week of practice and he and his assistant, Dick Hendley, former baseball star here at Clemson have been working constantly in trying to weed out the players.

Bad weather has hampered baseball drills considerably and Coach Smith stated that he has not had the time he would like in order to prepare for the first game.

Graduation left many holes in last year's State Championship team and competition has been keen with boys trying to gain a starting berth. Only two regulars are remaining on this year's squad from the team last season. Roby Crouch and Knobby Knobles. Those two boys are going to be counted on heavily for their leadership as well as their good offensive and defensive play.

The probable starting lineup for Monday's game will find Roby Crouch at his regular first base position. At the keystone will be John Simpson, a converted third baseman or Coker. Wyman Morris will probably get the starting nod at the hot corner. Morris was a catcher on last year's freshman squad. At shortstop will be freshman Benny Speares who has been looking very good in practice thus far or Jimmy Evans. Behind the plate will be C. D. McLaurin.

The starting pitcher is still undecided but the pitching chores in the games Monday and Tuesday will probably be divided up between Roger Baker, Robby Saylor, Billy O'Dell, Ben Crosland, and Charlie Hall. Baker is the

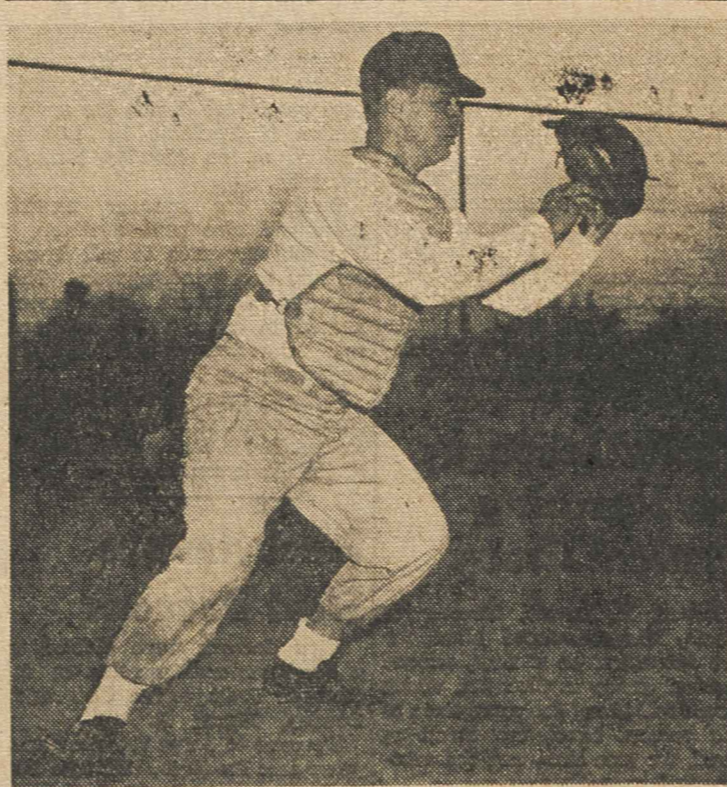

only regular pitcher returning. Robby Saylor, up from last year's freshman squad, will be counted on heavily to add depth to the pitching staff.

If the three freshman hurlers, O'Dell, Crosland, and Hall, come around as hoped, the Tigers will have a young ball club which should be able to dish out plenty of trouble to opponents this season.

Billy O'Dell, one of the most sought after high school prospects in South Carolina last season, is expected to be one of the Tigers' most relied on pitchers. O'Dell hails from Newberry, S. C. Another freshman hurler is Ben Crosland, former Greenville High stand-out, and a member of this year's freshman football and basketball teams. Charlie Hall, a freshman from Greenwood, S. C., is another of Coach Smith's hopefuls who has looked good in practice but is yet to be tried in college baseball.

The outfield will have Knobby Knobels in left, Roger Gaines, up from last season's freshman team and noted for his long-ball hitting, will be in center field, and Bob Hines or "Hit" Long will be in right.

After meeting Michigan State here Monday and Tuesday, the Tigers will play host to the Duke Blue Devils here again on Friday and Saturday.

C. D. McLaurin is shown as he stops the offerings of a hurler in a practice session this week. McLaurin will probably get the starting nod at the backstop position against Michigan State next Monday.

Harlem Globetrotters To Head List Of Hardwood Entertainment

Basketball fans from Clemson and nearby section will get their chance to see one of the biggest basketball extravaganzas ever to appear here at Clemson come Thursday night when the fabulous Harlem Globetrotters meet the

Hawaiian Surf Club Ambassadors in one game of the agenda. The Hawaiian team is composed of an All-Star aggregation from Honolulu.

Another attraction that is to appear on the same program with the Trotters is a game between the House of David and the Boston Whirlwinds. Between game acts featuring hula girls, gymnastics experts, and Ray Wilbert, world-renowned Master juggler will top off the big agenda.

The "Magicians of Basketball", as the Trotters are nationally known, traveled as estimated 125,000 miles last season and are expected to travel much over that figure this year. Besides touring the United States, the Trotters have visited Canada, Mexico, Hawaiian Islands, Alaska, Cuba, Central America, eight more countries of South America and 14 countries of Europe and North Africa.

The first game is expected to get under way at 7:30. The Clemson College Fieldhouse is expected to be filled to capacity to witness one of the biggest evenings of sports entertainment ever brought to Clemson.

Automotive Engineers Make Field Trip To Atlanta G. M. Plant

Last Tuesday, eighteen members of the Clemson Society of Automotive Engineers made a field trip to the General Motors assembly plant near Atlanta, Georgia. The General Motors plant assembles Pontiac, Oldsmobile, and Buick automobiles on an assembly line basis. The individual stampings are turned out on the large presses in Detroit and sent by rail to the Georgia plant where they are seam welded, spot welded, and bolted into complete bodies. The chassis frame arrives at the plant already welded and the springs, motors, and wheels are added.

Near the end of the operation, both frame and body lines converge in a production control process. After being assembled, the cars go through a preliminary check, including a power test on a dynamometer. The car's lights, horn, gears, springs, shock absorbers, and numerous other parts are checked in short order by the test drivers while they are jockeying the cars, amid much screeching and scratching of tires, into position for the dynamometer and other tests.

Tennis Team Will Open 14 Match Slate With Georgia

Shown above is Roby Crouch who is showing the fine points of playing first base to outfielder Knobby Knobels. Crouch and Knobby are the only regulars returning from last year's squad.

The Clemson tennis team will open a 14 match schedule tentatively March 26 against the University of Georgia in Athens, according to a schedule recently released by Coach Hoke Sloan.

The courts behind the field house which have been set aside for the varsity have been worked into shape and the racketmen have practiced extensively for the last two weeks.

A match between the varsity and the faculty Sunday afternoon has also been arranged.

The schedule:
March 26—Georgia at Athens (tentative)
March 32—Sewanee at Clemson
April 2—Furman at Greenville
April 4—Erskine at Due West
April 7—South Carolina at Columbia
April 15—College of Charleston at Clemson
April 18—Erskine at Clemson
April 21—South Carolina at Clemson
April 22—Furman at Clemson
April 24—Wofford at Clemson
April 25—Citadel at Clemson
May 2—Citadel at Charleston
May 3—College of Charleston at Charleston
May 8—Wofford at Spartanburg.

Camera Club Welcomes New Members

The Clemson Camera Club held their regular meeting Tuesday, March 18 at 7:30 p. m. A short business meeting was held first, discussing dues and a new background for the club's studio.

A short discussion on the three most common errors in taking pictures was also handled at this time.

The president, Ben Nettles, then gave a demonstration on lighting and posing of models for indoor pictures. After the demonstration, the club members tried their luck at posing models and lighting effects.

Two local girls, Dorothy Ann Mixon and Shirley Morgan, served as models. The meeting adjourned about 9:30 p. m.

Clemson Riflemen Lose Match To North Ga. Musketsmen 3216-3199

The Clemson ROTC rifle team was edged in a match with North Georgia College last Friday by a score of 3216-3199. This brought their season's record to five wins against five losses. High scorer for the Clemson team was Earl with 364 points, while Hall of Georgia was high for the match with 373 points. Also tied with Earl was Kelley and Lawrence of Georgia.

The individual scoring is as follows:

NORTH GEORGIA (3216)					
Team Names	Prone	Sitting	Kneeling	Standing	T.P.
Breedlove	96	95	92	78	361
Houk	96	95	87	83	361
Hill	97	96	97	83	373
Hawk	96	87	82	86	351
Kelley	98	94	92	81	365

Be Happy-Go LUCKY!

In a cigarette, taste makes the difference — and Luckies taste better!

The difference between "just smoking" and really enjoying your smoke is the taste of a cigarette. You can taste the difference in the smoother, mellower, more enjoyable taste of a Lucky ... for two important reasons. First, L.S./M.F.T.—Lucky Strike means fine tobacco ... fine, mild tobacco that tastes better. Second, Luckies are made to taste better ... proved best-made of all five principal brands. So reach for a Lucky. Enjoy the cigarette that tastes better! Be Happy-Go Lucky! Buy a carton today!

L.S./M.F.T.-Lucky Strike Means Fine Tobacco

When politicians rave and rant, I just sit back and gloat, For better-tasting Lucky Strike Will always get my vote!

SPRING SPORTS TO BE IN FULL SWING NEXT WEEK

Tigertown is experiencing the calm before the storm, so to speak. But next week the storm will hit the sports world with ever increasing vigor. Golf, tennis, and baseball will all share the spotlight.

The baseball squad will play four games next week, meeting Michigan State on Monday and Tuesday and then playing host to Duke Friday and Saturday.

The college linksters who went into action this week will take on the Furman golfers here next Thursday afternoon.

Not to be outdone the tennis team has a tentative match scheduled with the University of Georgia in Athens on Wednesday.

It should be quite an eventful week.

Coach Rock Norman's track squad will have a little longer to think about their first engagement. Their first meet is not until April 5 against South Carolina.

BASEBALL TEAM IS INEXPERIENCED

Coach Bob Smith will have something of a job on his hands trying to mold a championship nine with only two returning regulars. The two starters from last year's team are Knobby Knoebel and Roby Crouch.

The rest of the team will be untried but in most cases quite promising. Coach Smith can only wait and see if the players fulfill his expectations.

Probably the biggest question mark on the team is the pitching. Roger Baker is the only hurler with any varsity experience. A sophomore and three freshmen will round out the staff. Bobby Saylor, a standout on last year's frosh squad, and the freshmen, Billy O'Dell, of Newberry, Ben Crosland, a former Greenville High star, and Charlie Hall, who hails from Greenwood, will share the starting assignments.

The outfield will be headed by Knobby Knoebel in left field slot with Roger Gaines, a frosh standout last year, and Bob Hines rounding out the starting places in the outer gardens.

The infield should improve as the season moves along but as of now it appears that it is not too strong. With the exception of Crouch, the others are virtual newcomers.

Crouch will be at the initial sack, John Simpson has the inside track at the second base position, and Wyman Morris is holding down the hot corner. Benny Speares, a definitely promising player, is taking over the short-stop slot. C. D. McLaurin is being groomed for backstop duties.

The team probably has too many "ifs" and "maybes" to have a great season but should the pitching staff and the other newcomers come through, the Tigers could move far in the state and Southern conference baseball picture.

TRACK TEAM LOOKS TO GOOD SEASON

The outlook for the track team is somewhat promising with a number of key men returning from last year's squad. The biggest blow to the team was the loss of Bob Hudson who personally accounted for 16 points in the State Meet last year.

But back this year are Ronny Richardson, who placed in the hurdles at the State Meet, C. R. Cason, who won the mile, Dreher Gaskins, who will probably be the top field man this year, H. L. Lewis, who copped the 880, and W. E. Ervin, a veteran two miler.

Also expected to be of great help to the team are Jack Slattery, a high jumper and hurdle man, Otto Freudenberger, W. B. Mullinax, M. L. Evans, and Buck George, all of whom are field men.

The Cindermen have a great chance of winning the State Meet this year and of furnishing plenty of trouble to opposition all the way.

GOLF TEAM TAKES OPENING MATCH

Coach Rock Norman Releases Track Team Roster Referees, Captains Pick All-Star Intramural Basketball Team

Coach Rock Norman's track team buckled down this week to their hardest two weeks of practice as Coach Norman begins to ready his thinclads for their first meet April 5 with South Carolina.

Coach Norman said that he felt that the team should pick up and improve during the next two weeks.

The team had time trials last Friday and while the results were not too good they were nevertheless far from discouraging.

The team members along with the events they are entered in are as follows:

100 and 220—W. A. Freret, Jimmy Wells, O. B. Sanders, Red Whitten, B. M. Joye, E. F. Moxley, W. L. Fabian, and Peter Cook.

440—George Buck, R. J. Lorelle, L. H. Doar, H. L. Lewis, C. S. Major, E. M. George, S. D. Shearer, and, L. A. Wallace.

880—R. E. Middleton, R. E. Cason, H. L. Lewis, R. S. Froelich, R. L. Pruitt, W. S. Bryson, and R. A. McMahon.

One mile—C. R. Cason, R. W. Shane, C. D. Smith, C. B. Simpson, and A. B. Allbrook.

Two-mile—W. E. Ervin, T. W. Counts, W. C. Nettles, and T. C. Sanders.

220 high hurdles—W. A. Radcliff, W. H. Revell, W. L. Towell, Ronny Richardson, and Pooley Hubert.

120 high hurdles—Ronny Richardson, Jack Slattery, S. B. Duffies, R. D. Towell, W. H. Revell, and Pooley Hubert.

Pole vault—M. Y. Folger, Ben Cochran, and C. C. Fabian.

Shot put—M. D. Gaskins, C. E. Kirby, M. L. Evans, and C. F. Radcliff.

Discus—M. D. Gaskins, M. L. Evans, H. M. Hodges, C. E. Kirby, C. F. Radcliff, and R. L. Hawes.

High jump—M. D. Gaskins, J. R. Tolbert, J. D. Slattery, J. A. Thomas, and A. T. Mitchell.

Broad jump—W. L. Fabian, R. H. Willingham, J. A. Thomas, W. L. Towell, S. D. Shearer, and Buck George.

Javelin—D. A. Twiddy, M. L. Evans, W. B. Mullinax, L. A. Odum, Buck George, and Otto Freudenberger.

The team managers are J. O. Scholar, senior manager, R. W. Powers, and C. L. Phillips.

'Cip' Jones Was Early Advocate Of Paved Roads

The late Cyril E. "Cip" Jones, 65, who died March 5 in an Orangeburg hospital, attended Clemson from 1903 to 1906. He was a brother of Mrs. D. W. Daniel of this community.

Mr. Jones was one of the early advocates of a statewide system of hard-surfaced roads and had much to do with the passage of the 1929 highway bond act under which the present state highway system was developed.

Of interest to Clemson residents is a telegram, dated August 19, 1926, and addressed to Dr. W. W. Daniel, retired dean of the School of Arts and Sciences:

"State Highway Commission today authorized paving from Seneca River through college grounds and appropriated sixty thousand dollars for this purpose."

Appointed a member of the Highway Commission in 1924, Mr. Jones became its chairman in 1927.

The concluding paragraph in a Columbia Record editorial states: "The South Carolina state highway system, praised now by citizens of the state and other alike, is his monument. His was the foresight and the planning, the hard work and the political finesse that made it possible."

The Columbia State editorialized as follows: "As Mr. Jones is laid to rest, it should be recorded that his contribution in the cause of fine roads is an everlasting monument to his memory. As we ride in comfort today we

Block C's Dreher Gaskins Gets Most Votes In Team Selection

Dreher Gaskins, tall Block C team center, lead the voting in the All-Star intramural basketball squad which was picked bed by team captains and referees.

Seniors May Obtain Copies Of 'Career' In Registrar's Office

The Registrar's Office has announced that the 1952 edition of *Career, The Annual Guide to Business Opportunities* is ready for distribution at no charge in the Registrar's Office to all seniors requesting it.

This book is paid for by the industrial subscribers listed within it and gives a brief outline of business opportunities available with these companies.

Students are urged to get their copy as soon as possible.

should pay tribute to him for his vision, and to those who throughout the years have executed the program."

The Greenville News concluded its editorial with this tribute: "Cip Jones has a unique monument—ribbons of pavement running in all directions throughout the state. He saw the need more than twenty years ago. He lived to see the bitterness that surrounded him disappear. And when he died on Wednesday his vision of good roads in his native state had become a reality."

As a student, Mr. Jones served as a member of the editorial staff of the *Chronical*, literary magazine published by the Clemson students of his day, and to which he contributed many stories and articles. He also participated in oratorical contests and many other activities of the college.

Aviation Cadet Program Offers Special Opportunities for Collegians Now Preparing for Military Service

Here is a real man-size opportunity! You can choose—immediately—between being a Pilot or Aircraft Observer in America's swiftly-expanding Air Force. The Air Force encourages candidates to stay in school and graduate. However, seniors and students with two years or more of college who anticipate early entrance into military service can insure their future and serve their country best by applying for Aviation Cadet Training today. You receive the finest training and experience when you fly with the U. S. Air Force—experience that pays off in later years.

WHO MAY APPLY

AGE—Between 19 and 26½ years.
EDUCATION—At least two years of college.
MARITAL STATUS—Single.
PHYSICAL CONDITION—Good, especially eyes, ears, heart, and teeth.

HOW TO QUALIFY

1. Take transcript of college credits and copy of birth certificate to your nearest Air Force Base or Recruiting Station.

2. Appear for physical examination at your nearest Air Force Base or Government expense.

3. Accomplish Flying Aptitude Tests and enlist for two years only!

4. The Selective Service Act awards you a four-month deferment while awaiting class assignment.

5. Immediate assignment to Aviation Cadet Training Classes starting May 27, July 19, August 19 and October 2, 1952.

6. Attend Aviation Cadet Training School for one year—either as Pilot or Aircraft Observer. Get \$105 monthly plus food, housing, uniforms, and other benefits.

7. Graduate and win your wings! Commissioned as a second lieutenant, you begin earning \$5,000 a year. In addition, you receive \$250 uniform allowance and a 30-day leave with pay.

WHERE To Get More Details

Visit your nearest U. S. Air Force Base or U. S. Army—U. S. Air Force Recruiting Station or write direct to Aviation Cadet Headquarters, U. S. Air Force, Washington 25, D. C.

Student Gov't Clinic Will Be Held March 26

A Student Government Clinic will be held Wednesday, March 26, at 2 p. m., according to Harry Lightsey, Clemson student body president. As yet, the location of the clinic has not been determined.

Members of the student assembly, the senior council, and class officers will receive authorized class cuts to attend the clinic.

Wednesday afternoon Dr. R. F. Poole, Clemson President, will address the meeting. His subject will be "The Relationship Between Student Government and the College Administration." Colonel F. E. Cookson, Commandant of the Cadets, will speak on "The Relationship Between Student Government and the Military."

Forums to be held Wednesday afternoon include the following: Parliamentary Procedure, led by Mr. Carl Epting; The Structure and Functioning of Student Government; What Students Can Do to Improve Student-Faculty Relations, led by Mr. John D. Lane, professor of English, and Mr. Frank A. Burner, associate professor of sociology; Student Government and the Military, led by Colonel F. E. Cookson; and Student Government and the Administration, led by Mr. G. E. Metz, registrar, and Mr. B. E. Goodale, professor of dairying.

Dinner will be held in the Clemson Mess Hall at 6:15 p. m.

An open meeting is scheduled for 7 p. m. Wednesday evening, with Harry Lightsey presiding.

Golf Team Lowers Wofford, 17-13, In Initial Match

In their first match of the season the Clemson golf team edged by the the Wofford linksters, 17-13, Tuesday afternoon in Spartanburg.

Joe Box and Vernon Harwell of the Wofford squad tied for medalists honors with 75's.

Results:
Box (W) defeated James, 2 1-2 and 1-2.

Beeler (W) defeated Gibson, 2 1-2 and 1-2.

Harwell (W) defeated Allison, 2 to 1.

Box and Beeler (W) defeated James and Gibson, 2 to 1.

Johnson (C) defeated Thurston, 2 1-2 and 1-2.

Harwell and Thurston defeated Allison and Johnson, 2 to 1.

Lawson (C) defeated Kennedy, 3 and 0.

Thornhill (C) defeat Whotey, 2 1-2 and 1-2.

Lawson and Thornhill (C) defeated Kennedy and Whotey, 3 to 0.

Steadman (C) defeated Perry, 2 and 1.

Dr. Milledge Rankin Will Lead Missions Meet At Baptist Church

Fifty-five honorary and student members of the Tiger Brotherhood, honorary leadership and service fraternity for all classes, attended a faculty-student night meeting in the Clemson House lounge Tuesday night. Speakers were, left to right, B. E. Goodall, W. T. Cox, W. C. Denson, Frank Burnier, W. E. Monroe, W. S. Shuler, Bobby Huguley, and Harold Witt. (TIGER staff photo by Jack Trimmer.)

Dr. Milledge T. Rankin, executive secretary of the Foreign Mission Board of the Southern Baptist Convention, will lead the Missions Conference sponsored by the Clemson Baptist Student Union Friday and Saturday, March 21 and 22.

Dr. Rankin is the first foreign missionary ever to be elected to the position of executive secretary, and took office on January 1, 1945.

He was born at Newberry in 1894. He attended Furman University one year and was graduated from Wake Forest College. The year he was graduated from Southern Baptist Theological Seminary, he was appointed missionary to China.

After a term of service in the Orient, Rankin spent his furlough at the seminary and earned his doctor of philosophy degree. He now holds honorary doctorates

from the University of Chicago, 1936; Jewell College, 1944; Baylor University, 1946; Wake Forest College, 1946; and Oklahoma Baptist University, 1948.

In 1935 the Board elected Dr. Rankin secretary for the Orient, supervising Southern Baptist mission work in China and Japan. When World War II was declared by the United States, Dr. Rankin was captured by the Japanese in Hong Kong and interned for six months at Stanley Enternment Camp. He was repatriated in September, 1942, and is now a resident of Richmond, Virginia.

The theme of the Mission Conference will be "Christians in a Non-Christian World."

At the first session of the conference, which will be held on Friday at 7:00 p. m., Dr. Rankin will speak on "Human Hungers and World Revolution." At the Saturday afternoon session beginning at 2:00 p. m., "The Communist Plan of Salvation" will be the topic. "The Christian Plan of Salvation" will be the title of the Saturday evening

Tiger Brotherhood Holds Faculty-Student Meeting

The Tiger Brotherhood, honorary leadership and service fraternity for all classes, held a faculty-student night meeting Tuesday at 8:45 in the lounge of the Clemson House. The purpose of the meeting was to better faculty-student relations, which was one of the original objectives of The Tiger Brotherhood.

Bobby L. Huguley, education senior of McCormick was chairman of the night.

William C. Denson, mechanical engineering senior of Orlando, Fla., president of the Brotherhood, explained the purpose of the faculty-student night.

Following the statement of the purpose, faculty-student relations were discussed by Frank A. Burnier, associate professor of sociology, from the faculty viewpoint, and William E. Monroe, arts and sciences senior of Clemson, from the student viewpoint.

Walter T. Cox, assistant to the president, spoke on "Administrative Policies"; Ben E. Goodale on "Improving Clemson"; and William S. Shuler on "Tiger Brotherhood's Role". The meeting was then opened for group discussion, following which refreshments were served.

tional, as well as cultural features. This is the home of The Ringling Museum of Art, The Ringling School of Art, Ringling Brothers Circus, Sarasota Jungle Gardens, Reptile Farm, and Lido Beach, the show place of Florida's west coast.

In addition to the above, they have in the immediate area tennis courts, badminton, table tennis, a golf driving range, and baseball batting range. Meals are also available on the airport.

CENTERPOISE POWER

Vibration and power impulses are "screened out" as engine is centered and rubber-cushioned between new high-side mountings.

LARGEST BRAKES

Big 11-inch brake drums apply more leverage for more stopping power. Stops are smoother, safer, with less effort.

WIDEST COLOR CHOICE

26 rich new colors and two-tone combinations—widest choice in Chevrolet's field. New De Luxe interiors are color-matched.

BODY BY FISHER

Fisher Body sets the standard—for styling, for craftsmanship, for comfort! Fisher Uni-steel construction is extra strong.

UNITIZED KNEE-ACTION RIDE

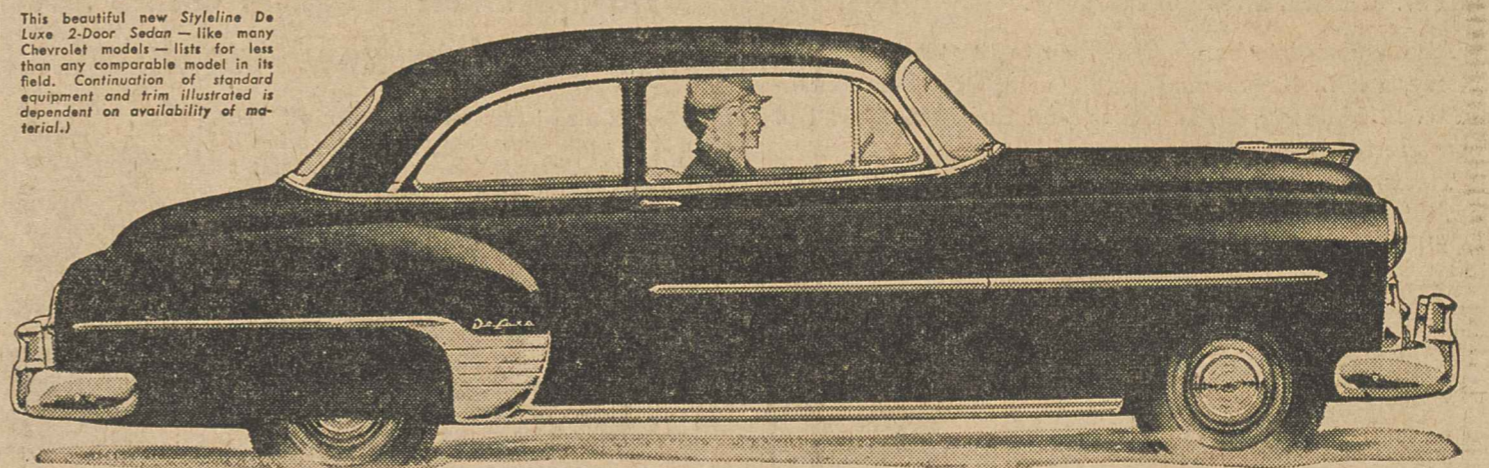

Chevrolet's famous Knee-Action ride is now even softer, smoother. New shock absorbers give even finer ride control.

WIDEST TREAD

Chevrolet measures 58 3/4 inches between centers of rear wheels—a broader base to give you more stability, less sway!

Lowest priced in its field!

This beautiful new Styleline De Luxe 2-Door Sedan—like many Chevrolet models—lists for less than any comparable model in its field. Continuation of standard equipment and trim illustrated is dependent on availability of material.

4-WAY ENGINE LUBRICATION

Chevrolet's exclusive engine lubricating system supplies exactly the right kind and amount of lubrication to each moving part.

CAST IRON ALLOY PISTONS

The same material as the cylinder block, pistons expand and contract at same rate. This reduces wear, lowers oil consumption.

SAFETY PLATE GLASS ALL AROUND

Chevrolet alone in its field gives you safety plate glass in windshield and all windows, for a clearer, truer all-round view.

POWERGLIDE AUTOMATIC TRANSMISSION

Simpler with fewer parts to wear. Smoother—no complicated intermediate gears. Optional on De Luxe models at extra cost.

MOST POWERFUL VALVE-IN-HEAD ENGINE

Teamed with Powerglide is the most powerful valve-in-head engine in its field and an outstanding performer in any field!

The Only Fine Cars PRICED SO LOW!

No other car in Chevrolet's field offers you a single one of these features. Yet you'll find many of them in America's most costly cars. Here's proof that you're value ahead with Chevrolet... again in 1952 the lowest-priced line in its field! Come in and look it over. MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

SEE YOUR CHEVROLET DEALER FOR ALL YOUR AUTOMOTIVE NEEDS!
