BAPTIST TABERNACLE,
Chattanooga, Tenn.

Seeing from the daily papers that the University of Tennessee has refused to re-elect one of its professors because of his advocacy of the Darwinian hypothesis of Evolution, and believing that the first Chapter of Genesis are the inspired words of God, in ~~which~~ the Author states nine times over (a three-fold emphasis multiplied by three) that living creatures were commanded to reproduce each "after his kind"; and, moreover, believing that science nowhere proves the contrary;

BE IT RESOLVED,

That we, members of the Baptist Tabernacle of Chattanooga, Tenn., and tax payers of this commonwealth, heartily commend President H.A.Morgan for his firm stand in this matter.

Done by order of the Church, this 27th day of May 1923.

T.W.Callaway, Moderator.

K.J.Harris, Church Clerk.
