Academic Program Review

EPC underwent Academic Program Review (APR) March 2-4. The APR was mandated through the UTK Provost's Office and meant to be a self-study assessing both strengths and weaknesses.

The review team's impressions were that EPC has faculty who make important contributions to education and publish widely, are student-centered and committed to training and collaborating with students to make sure they are well prepared for future careers, and the department hosts centers that provide valuable services to the community while simultaneously offering real-life learning opportunities and internships to graduate students.

EPC is also beginning a strategic planning process to examine recommendations for improvement from the review team and to create a plan for the future of the department.

Gary J. Skolits was the APR Coordinator for EPC. Special thanks to him, and the many people - faculty, staff, students - who helped!

Accreditations

Five of our programs have recently undergone accreditation reviews.

School Psychology (PhD) has been granted approval until 2021 by the American Psychological Association.

Clinical Mental Health Counseling (MS), School Counseling (MS), and Counselor Education (PhD) have been granted approval until

2020 by the Council for Accreditation of Counseling and Related Educational Programs.

Rehabilitation Counseling (MS) has received their report from the Council on Rehabilitation Education and is developing their response.

Communications

The university is in the final stages of rolling out the new Power T logo. EPC is currently using the new logo on our website and Facebook page. As other materials are created, the new logo will be transitioned in.

The university is also going to be launching a new web template. The design focus from Creative Communications has been a "mobile first" mentality - meaning that all sites and navigation tools are responsive and mobile friendly.

The new templates are projected to become available this June.

Message from Interim Head

The past year has been an exciting time with many accomplishments and transitions.

Ralph G. Brockett, PhD
Interim Dept Head

During the spring semester, EPC underwent its ten-year Academic Program Review. We received a good review with several constructive comments from our reviewers, which will serve as a foundation for a strategic planning process over the next few months. In this newsletter, you will also read about recent program accreditations. Overall, our students and faculty have continued to make valuable contributions to scholarship in their fields.

The past semester has also been a time of transition. Our five new faculty members from last August have been settling in; this coming August, we will welcome three new faculty colleagues. At the same time, three colleagues have recently announced their retirements: Marianne Woodside, Mary Ziegler, and Jeannine Studer represent a combined total of nearly seventy years of service to UT and will be greatly missed. I would like to thank them for their service and wish them all good things in retirement.

It has been an honor to serve as Interim Department Head for the past year. My door is always open; I look forward to the chance to meet you. Finally, don't forget to visit the EPC website and Facebook page to get the latest news about what our students and faculty are doing.

I hope you have a great summer and look forward to seeing you in the fall.
