PRIVATE SUPPORT FOR UMAINE

possibilities

# p o s s i b i l i t i e s

Possibilities are about setting the environment for maximizing potential.

When we talk about the private support that benefits the University of Maine, we are really talking about the people at the University of Maine. The scholarship that enables the financially burdened student to remain in school; the money necessary to send the band to a tournament game; the laboratory which sparks new ideas and collaborations; the simple \$100 needed by a student to cover an unexpected emergency; the fellowship which allows a student to study in another country; the professorship which allows UMaine to reward a world-class faculty member are all the bridges that lead to the world of possibilities for students, faculty and staff at the University of Maine.

This year's annual report illustrates some of the many POSSIBILITIES created through private support.

# A message from the Board Chair & Foundation President

We cannot say  
it enough—  
your gifts  
make a difference  
for the  
University of Maine.

Kurt R. Marston '74, '79G  
*Chair of the Board*

Jeffery N. Mills '82, Ph.D.  
*President/CEO*

Thanks to you, 2015-16 philanthropic support of the University of Maine exceeded expectations at \$19,849,613 in gifts received. The Foundation holds 1,578 endowment funds and assets totaling \$208,441,203. The total endowment, including endowment funds held at the Foundation, the University of Maine System, the University of Maine Pulp & Paper Foundation and Maine 4-H Foundation is \$274,888,435.

The Foundation managed UMaine's Annual Fund in FY16 and we are happy to report that it is up by 21%.

This has been a challenging time for foundation endowments across the country, and our investment returns are not where we would like them to be. Due to market conditions, investment returns could be muted for some time to come, but we are taking the steps necessary to ensure that we can continue to most effectively support the University over the long term.

The contents of this report have changed. All philanthropic support of the University of Maine is now included. This change reflects a growth in our scope of work. The University of Maine has so much faith in services provided by the Foundation that we have been entrusted with the responsibility of merging the fundraising services of the University's development office into the Foundation as of July 1, 2016. This means that we have increased our capacity to serve you in a more streamlined and cost-effective way while still maintaining our independent 501(c)(3) status. We are honored to accept this additional responsibility and look forward to the new opportunities it represents in our ongoing cooperative relationship with the *College of Our Hearts, Always*.

On behalf of those of us who serve you from the Foundation staff and the people at UMaine whose experiences are enhanced by your continued generosity, we are truly grateful for your support.

# A message from the President of the University of Maine

Susan J. Hunter, Ph.D. '50H  
*President*

Thank you for all that  
you do for the  
University of Maine.

Through the years, private support has changed the face of the University of Maine. As the flagship campus of the University of Maine System, the expectations of what we do and how we do it are high—and we deliver, thanks to the generosity of our dedicated alumni and friends like you.

As a member of the UMaine community for over 30 years, I have witnessed many significant transformations as a result of private giving. As we meet new students and their families at our Maine Hello welcome each fall, we know that what has been delivered to them in scholarship support, and what they will encounter in our labs, classrooms, and arts and athletics venues is enhanced by private support. Because of you, we offer them endless possibilities.

Since 1934, the University of Maine Foundation has been a tremendous partner in our ongoing philanthropic outreach. We are happy to move them to the lead role in this effort and look forward to expanding our relationships with you, our generous donors.

# Spending Policy

The Foundation's objective in managing endowments is to provide stable and sustainable support to the University in perpetuity by seeking to achieve long-term investment for the benefit of current and future University students and programs. In pursuit of this objective, the Foundation manages its General Endowment Fund on a total return basis, which focuses on the overall return of the investment portfolio, including dividends, interest, and realized and unrealized capital gains and losses. Under a total-return method, an endowment spending rate of the invested assets is established.

The net return of the General Endowment for the year ended June 30, 2016 was a disappointing -3.7%. We were hurt particularly in the first half of the fiscal year by exposure to natural resources (energy) and international equity holdings which reported negative returns the last half of 2015. These trends have begun to reverse in 2016, particularly with natural resources and emerging markets equities rebounding, as evidenced by our General Endowment Fund posting a net return of 5.4% for the calendar year 2016 through August 31. The investment committee, working with our consultants at Cambridge Associates, has conducted an extensive review of our portfolio allocation in an effort to assure long-term growth of our endowed assets.

The Foundation's general endowment spending rate, as established by its Board of Directors, is 4.5% of a twenty-quarter (five-year) average of the market value of the endowment investment pool as of December 31 of each year. The Board may apply a lesser prudent spending amount for funds with insufficient earnings to support the general spending rate—unless such expenditure

is prohibited by the gift instrument. To provide for the accumulation of earnings, only endowments held at least one year are eligible for spending. In addition to the general endowment spending rate, an administrative fee of 1.25%, which is reviewed annually by the Board of Directors, is charged to the General Endowment Fund to support the operations of the Foundation.

The accompanying endowment funds list in this year's annual report also includes endowments at the University of Maine System, University of Maine Pulp & Paper Foundation, and the Maine 4-H Foundation, which support the University of Maine. These endowments are managed under the investment objectives and policies of the respective organizations.

## UMaine Honors: Engaging Alumni and Enhancing the Student Experience

Photo: BDN

### ***The University of Maine has one of the oldest and most respected Honors programs in the country.***

The Honors College is associated with legendary professors, traditions such as the Honors Read, and the renovation of historic buildings including Colvin, Balentine and Estabrooke Halls. Dedicated and generous alumni, and highly talented students have also contributed to the growth and reputation of the Honors College, which was recently named one of UMaine's signature programs.

Dr. David Bronson '69 is an excellent example of an Honors College alumnus who is "giving back" to his alma mater, according to Dean François Amar. "He and his wife (Kathleen Franco, MD, FACP) have supported the Honors College Fund, the Honors Research and Travel Fund, and the Barbara Ouellette Honors Fellowship," says Amar. He adds that Bronson, like many Honors alumni, is motivated by the opportunity to make a difference in the experience of undergraduate students who wish to travel, conduct research, undertake a creative project, and/or engage in community service as part of their Honors education. Bronson and Franco are members of UMaine's President's Club and Stillwater Society.

"We are always delighted when our alumni have an opportunity to see how their investment makes a difference...when they want to interact with our students, and share personal and professional insights," says Amar. "We were thrilled when Dr. Bronson came to Orono in 2013 to deliver our Distinguished Honors Graduate lecture on the topic of healthcare reform. Such visits typically include in- and out-of-class conversations with members

of the Honors community as well as other interested students and faculty. Everyone benefits and in this case, I was especially delighted for our students who were considering careers in medicine or public policy."

Bronson received his B.A. in chemistry from UMaine and his medical training from the University of Vermont. He has been a professor of medicine at the prestigious Cleveland Clinic since 1992 and has held several leadership positions there and with the Joint Commission, the American Medical Group Association, the American Medical Association, and the American College of Physicians, among other organizations. His many professional achievements will be recognized later this year when he receives the 2016 Alumni Career Award from the University of Maine Alumni Association.

Like many of UMaine's most accomplished alumni, Bronson is humble about his achievements, yet firm in his commitment to others. "The Honors program at UMaine made a huge difference in my life," he says. "It contributed to my ability to think critically and to work with others who may have different viewpoints or different areas of expertise. I'm sure that the Honors education will be as valuable to today's students as it has been to me and many others."

"It is exciting to be in a position to give back to my alma mater, and to consider all the possibilities that await today's students. They will be leaving their mark in a world that is full of challenges, but also full of opportunities."

*Dr. David Bronson '69*

## Areas of Support

## Annual Fund Report

**Gifts to the Annual Fund help create endless possibilities at the University of Maine.**

**Every gift to the Annual Fund matters and makes a difference, especially to the students who turn to UMaine for an outstanding, yet affordable education in the land-grant tradition.**

With gifts to the Annual Fund comes special donor recognition based upon the amount and frequency of their annual gifts. Annual giving donor recognition is based upon the University's fiscal year, which extends from July 1 to June 30. Donors who give for two or more consecutive years are eligible for membership in UMaine's Loyal M Society. Donors who give \$1000+ may join the prestigious President's Club.

Thousands of donors including alumni, friends, parents, athletics fans, arts patrons, students, faculty, staff and others participate in the UMaine Annual Fund. Some direct their gift to a specific area or areas, while others choose to leave their gift unrestricted so that it can be used where and when it is needed most in the University. Many donors make their first gift to UMaine through the Annual Fund, and choose to continue to support the Annual Fund every year, while expanding their philanthropy to include major and planned gifts in areas of interest.

Some donors contribute to the Annual Fund as a result of an appeal letter; others make a gift after hearing from a student caller through the phonathon. The University of Maine's secure and convenient online giving site—[umainefoundation.org/give](http://umainefoundation.org/give)—is yet another option for Annual Fund donors. There are a number of ways in which donors can maximize their annual gifts, such as corporate matches and recurring gifts.

## Maine Day of Giving Opens a Special Door for First-Time and Recurring Gifts

This year the Annual Fund office launched a new tradition—Maine Day of Giving. Maine Day of Giving is a 24-hour, online fundraising event that coincides with Maine Day, the traditional day of service at the University of Maine.

Making a gift to honor this longstanding UMaine tradition allows everyone to participate, whether on campus or around the world.

The next Maine Day of Giving will be held on May 3, 2017. Maine Day of Giving is searchable on social media with the hashtag [#mainedayofgiving](#). More information about the event can be found at the University of Maine Foundation's website.

“Younger donors, like me, find that we can contribute more if we spread out our monthly payments, rather than giving a big, lump sum all at once.”

*Meghan Gray '08*

Meghan Gray '08 of Hallowell made her first gift to her alma mater during the inaugural Maine Day of Giving on May 4, 2016. By making a gift on May 4, alumni and friends of the University were able to participate in one of UMaine's most popular traditions. “I received an email about the Maine Day of Giving,” explains Meghan. “I went online and looked for the opportunity to make a recurring (monthly) gift using a credit card. My time at UMaine was wonderful. I enjoy receiving updates and invitations to events (via email) and am reminded of many great experiences, including cheering and working for the school newspaper and television station.” Meghan notes that her journalism major still informs her professional life. She is especially grateful for Professor Michael Socolow and his ethics class. “He taught me to be thoughtful — to take the time to think carefully about what I'm doing, and to consider the consequences of my choices.” The impetus for philanthropy is obvious to Meghan. “Alumni need to think back, and find the moment that was really significant to them. Without a doubt, many alumni made that moment possible and it's up to us, as newer donors, to make similar experiences possible for future students.” Meghan notes that taking the first step is important. “Every gift makes an impact... that first \$25, \$50, or \$100 will really make a difference for a UMaine student.”

University of Maine Executive Director of the Collins Center for the Arts Danny Williams and University of Maine Foundation President Jeff Mills accepted a check from cousins George Predaris of Rye, NH, and John Rozos of Poland Spring, ME who settled their Aunt Helen Skoufis' estate with the presentation of her final gift to benefit the Helen M. and Peter J. Skoufis Scholarship, established in 1996 at the Foundation.

## Ways of Giving

Charitable giving often carries significant tax benefits for donors. All gifts to UMaine and its fundraising partners are tax-deductible to the extent allowed by law. If you have questions regarding the tax implications of your giving, consult your attorney or financial adviser. The type of gift that is best for you depends upon many factors, including your age, health, family and employment situation, assets and lifestyle choices. Many companies will match your gift to UMaine, maximizing the impact of your personal philanthropy.

### Cash

Gifts of cash can maximize your charitable deduction and deliver immediate benefits to the University of Maine. Many donors choose to make their cash gifts with a credit card, check or wire transfer. We invite donors to consider our secure online giving site, [umainefoundation.org/give](http://umainefoundation.org/give).

### Payroll Deduction

UMaine employees may make a gift through payroll deduction. Contact the University of Maine Foundation for a payroll deduction form or visit [umainefoundation.org/donate-now](http://umainefoundation.org/donate-now) to download the form.

### Bequests

A provision for the University of Maine Foundation in your will allows for a substantial contribution without diminishing assets during your lifetime.

Donors who let us know about plans for bequests or deferred gifts are eligible for membership in the Charles F. Allen Legacy Society.

#### Sample bequest language:

*"I give and bequeath to the UNIVERSITY OF MAINE FOUNDATION for the benefit of the University of Maine, Orono, Maine*

*(possible choices follow):*

- *the sum of \$ \_\_\_\_\_; OR*
- *\_\_\_\_\_ percent of my estate; OR*
- *the property described herein.*

*To establish the \_\_\_\_\_ Fund.*

*The principal is to be endowed and only the income, as established by the University of Maine Foundation Board of Directors, shall be used for \_\_\_\_\_."*

## Appreciated Securities

A gift of long-term appreciated securities often has at least two advantages: it can provide an income tax deduction equal to the fair market value of the securities and may reduce capital gains. It is possible to make a gift using shares of mutual funds, but such gifts typically require more advanced planning, as the transfers take longer.

## Real Estate and Tangible Personal Property

Make a gift that benefits UMaine and often carries tax advantages. A residence, forestland, or other real estate property may be given to the Foundation as an outright gift, or you may prefer to donate your property to the Foundation and retain the right to occupy the property for life.

## Life Insurance

You may make a gift of life insurance in support of the University of Maine or one of its fundraising partners by naming it as owner and irrevocable beneficiary of a policy. The gift may be a paid policy, an existing policy with cash value or a new policy.

## Retirement Plans

Congress recently passed legislation making the charitable IRA (Individual Retirement Account) rollover permanent. There may be tax advantages to making your gift with this option. Consult your financial advisor if you think this might apply to you.

## Trusts

There are a variety of ways to create trusts that benefit you and your loved ones as well as UMaine. Choosing the right trust or other planned giving vehicle depends on your age, assets and many other factors.

## Charitable Gift Annuity

Through a simple contract, you agree to donate cash, stocks or other assets to the University of Maine Foundation—for the benefit of the University of Maine. In return, you and someone else, if you choose, receive a fixed amount each year for the rest of your lives.

## Increasing the Impact of Your Gift to UMaine

### Honorary/Memorial Gift

You can make a gift supporting any area of the University of Maine in memory or honor of a professor, coach, student, relative or friend. Honorary and memorial gifts are a special way to celebrate a birthday or anniversary, or the graduation of a child, grandchild or other loved one.

Memorial gifts are a thoughtful way to recognize a person's influence and accomplishments while advancing the mission of the University of Maine and helping the students we serve. When you make an honorary or memorial gift, we will (if requested) notify the honoree or next of kin and will administer the gift as you direct.

### Corporate Partnerships

Companies, large and small, are choosing to partner with the University of Maine in ways that are mutually beneficial. Corporate partnerships can involve internships and assistance with recruitment. The naming of laboratories and other facilities brings visibility for the company, and also provides an important source of funding for equipment, scholarships, student travel and other needs.

### Recurring Gift

Many donors choose to make an automatic monthly gift to benefit UMaine using their credit card or another type of electronic fund transfer. This is convenient for donors, can help reduce printing and mailing costs, and can now be set up online at [umainefoundation.org/give](http://umainefoundation.org/give).

### Pledge Gift

A commitment over time allows you to make a significant gift in multiple payments. This can be completed directly through our giving staff or on our online giving form.

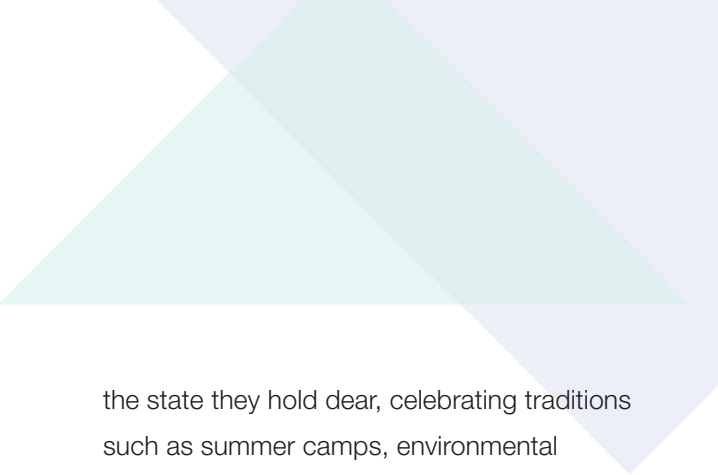

## New Funds Reflect

## Possibilities

Over the years, generous donors have set up more than 1500 funds at the University of Maine Foundation. An additional 522 funds for the benefit of UMaine are held and managed by the University of Maine System. Each fund serves an important and distinct purpose that reflects the intersection of a donor's wishes and the needs of the institution and those it serves.

Many funds help UMaine to offer generous scholarships. These make education more affordable for those in need and allow UMaine to attract the highest caliber of students. Other endowments help faculty, coaches, and other staff foster an environment that nurtures athletic, creative, and intellectual talent. Endowed funds are also a valuable means of enhancing the university's buildings and grounds, instilling pride in students, alumni, employees, and visitors alike.

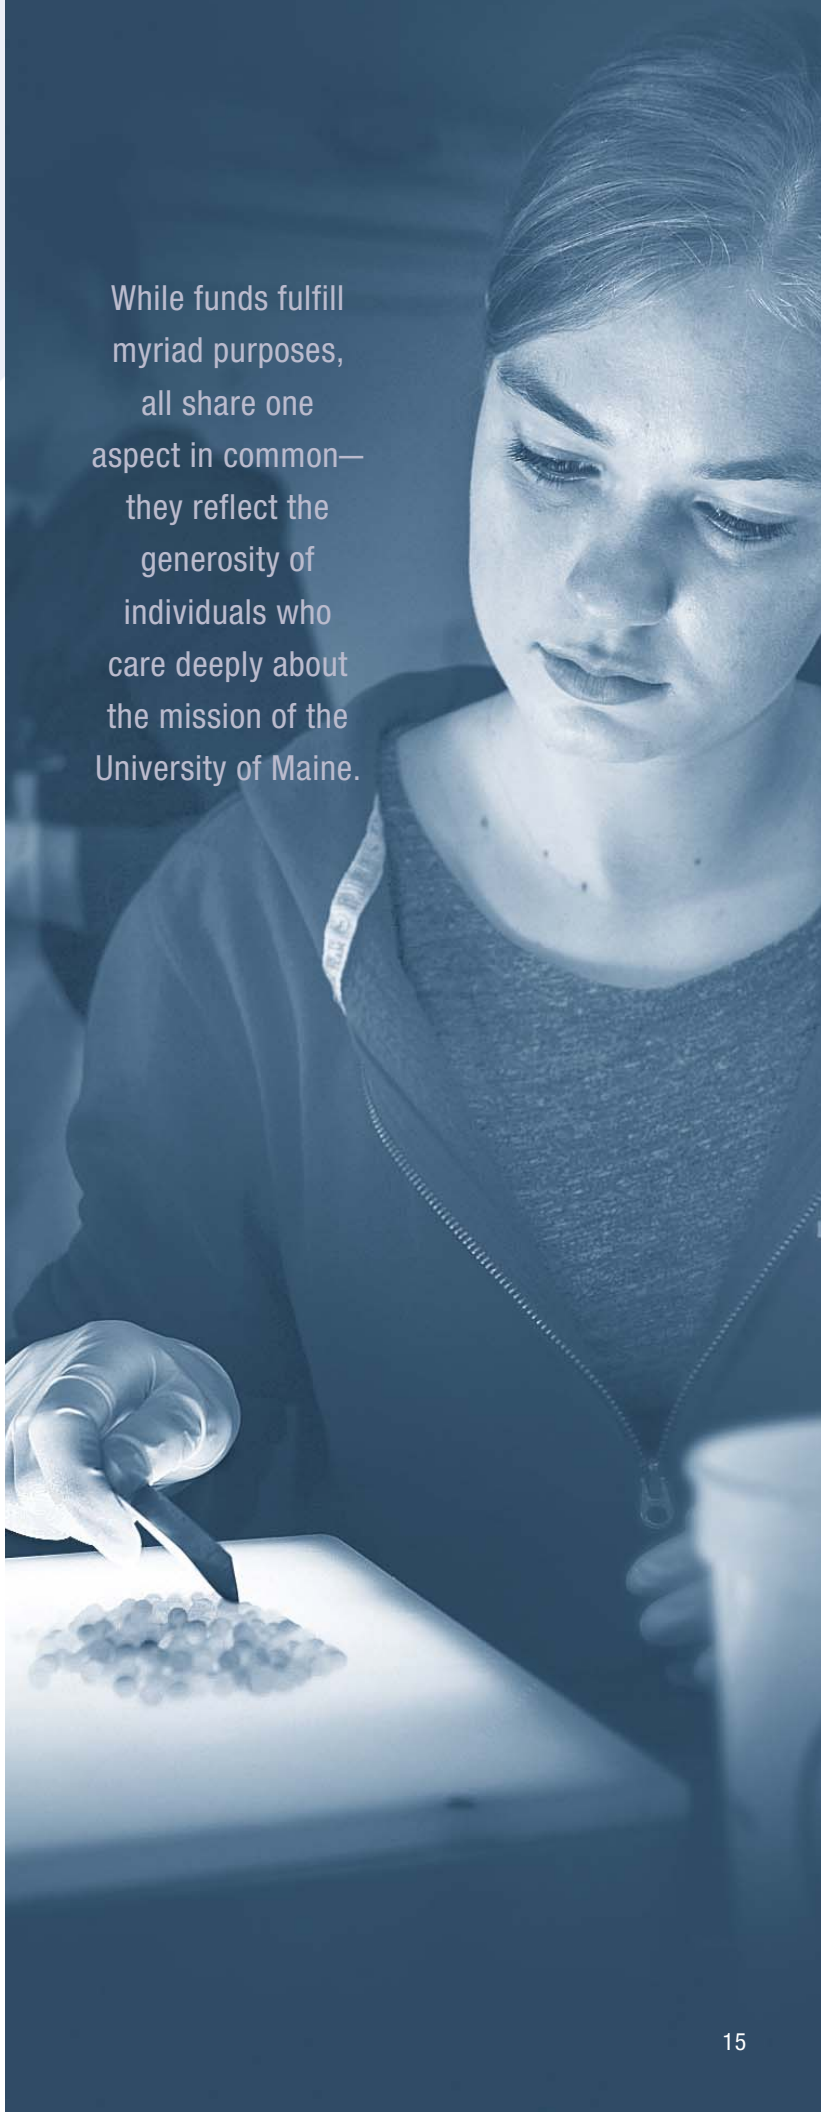

While funds fulfill myriad purposes, all share one aspect in common—they reflect the generosity of individuals who care deeply about the mission of the University of Maine. Alumni and entire classes establish funds as a means of “giving back” to their alma mater while keeping cherished memories alive. Companies set up funds to meet recruitment and research needs. Families and friends create and donate to funds as a way of honoring those they love and respect, including coaches, faculty, and classmates. Maine citizens launch funds to strengthen

the state they hold dear, celebrating traditions such as summer camps, environmental conservation, Division I athletics, farming and fisheries, as well as cultural identity. Regardless of the unique impetus behind each fund, certain words and phrases emerge repeatedly to illuminate the intentions of our donors: service, leadership, hard work, overcoming adversity, and community engagement, to name a few.

Many donors choose to start their own funds while they are still living; in this way, they can see how their giving makes a difference. Donors have the opportunity to meet scholarship recipients, enjoy a museum exhibition or student performance, tour a renovated laboratory, or congratulate a faculty member who is stepping into a new chair or professorship. Some choose to make a planned gift, such as a bequest. By doing so, they leave behind a highly personalized legacy that will forever impact the University of Maine. Some donors are looking back upon decades of memories; others are just starting their lives and making their first philanthropic commitments. Some donors live in Orono, others live across the country or even abroad.

Regardless of a donor's age, interests, address, or profession, every gift behind every fund reflects the quiet confidence that future generations will be able to take advantage of the possibilities that may, now, simply tug at our imaginations. New funds created in this fiscal year suggest a wide scope of possibilities.

While funds fulfill myriad purposes, all share one aspect in common—they reflect the generosity of individuals who care deeply about the mission of the University of Maine.

“I am so excited to be able to do my undergrad work at the University of Maine. It has been such a blessing so far and this scholarship really means a lot to me. I am looking forward to seeing what the future holds and where my career goes after UMaine. I am very thankful to the Ward family for this support.”

*Patricia Donovan '17*

## Making it possible to maintain a family farm legacy.

***Patricia Donovan has interacted with cattle on a daily basis for the majority of her life while growing up on her family's beef and sheep farm in Blaine, ME.***

Now, as a fourth-year student at the University of Maine, Patricia enhances her family farm experience and advances her studies in animal sciences while working with the cattle at UMaine.

This year, Patricia is the recipient of support from the Gerald M. Ward Scholarship. Gerald “Wardie” Ward’s family established the Gerald M. Ward Scholarship in 1999 in Gerald’s memory. Gerald was born in Thorndike, Maine,

and he received his bachelor’s degree in dairy science from UMaine in 1947. He went on to complete a Ph.D. in animal science from Washington State University in 1951. He had a distinguished teaching and research career at Colorado State University.

Patricia is also a member of the UMADCOWS—the student-run dairy program on campus, a member of the UMaine Dairy Challenge team and an officer in the Maine Animal Club. During the Bangor State Fair, one can find Patricia representing the University of Maine in the cattle tent, showing the University’s best cows.

“It is satisfying to me to be able to arrange for my employer to help me pay the University back for some of the great learning opportunities I had here. Participating in the matching gift program of an employer or a former employer is a wonderful, wicked good idea.”

*Roger Gould '52*

## A “Wicked Good Idea” to maximize your University of Maine gifts.

***Roger Gould '52 has been a loyal donor for a long time.***

His gifts have provided support for numerous areas at the University of Maine, including the College of Engineering, the Alumni Association, and the Class of 1952 Scholarship, to name a few. In 2009, Roger established the Roger D. Gould '52 Senior Design Project Innovation Fund to honor the spirit and creativity of his three children.

While a student studying electrical engineering at UMaine, Roger was involved in a number of campus groups and

activities including Maine Masque, the skiing club, Sigma Phi Epsilon Fraternity, and academic honor societies Tau Beta Pi (engineering) and Phi Kappa Phi.

Most of Roger’s career was spent with GTE Government Systems in California (now part of Verizon) working as an engineer, program manager and strategic planning manager. One of the benefits of working for this company was the matching gift program. Many of Roger’s gifts to UMaine were matched with funds provided by GTE.

# Giving Societies

Every gift we receive from our generous donors advances the mission of the University of Maine, and every donor makes a difference.

## The Stillwater Society

was created in 2000 to celebrate donors who have given at least \$25,000 to the University of Maine over the course of their lifetimes. Donors are eligible for the society based on their cumulative outright gifts and irrevocable planned gifts. Some friends and alumni are members of the Stillwater Society as the result of a single gift; others are members as the result of faithful, longtime support. New members are inducted at a formal recognition dinner and presented with a pin symbolic of their respective Stillwater Society level.

(S will appear after donor name)

## The Katahdin Society

(the highest level of the Stillwater Society) honors alumni and friends who have given \$1 million or more to benefit the University of Maine. Such exceptional generosity helped ensure UMaine's success for the first 150 years, and will be even more important in the years to come, as costs for a college education continue to rise and the need for exceptional teaching, research and outreach escalates in an increasingly complex and competitive world.

## The Charles F. Allen Legacy Society

named for the University of Maine's first president, was established in 1995 to recognize and honor alumni and friends who intend to remember the University of Maine or its affiliated organizations by making a bequest or other form of planned or deferred gift. Such gifts will benefit the university in the years ahead without necessarily requiring that the donor fund the gift at the present time. While the gift is deferred, the benefits of membership in the society begin immediately. If you let us know that you have provided for the University of Maine or its affiliated organizations in your will, trust, pooled life income fund, life insurance policy, gift annuity or retirement fund, you immediately become a full member of the society. Charles F. Allen Legacy Society members receive a membership certificate recognizing their intentions and a lapel pin. Members also are honored at a special event on campus.

(L will appear after donor name)

## The President's Club

is UMaine's front door to special donor recognition. Members of the President's Club give at least \$1,000 a year to UMaine.\* President's Club gifts are often made as monthly recurring gifts or annual pledges paid in installments. Gifts can be unrestricted or designated for a particular need or priority; they may be used for current operations or directed toward an endowment. President's Club members range from recent graduates to Senior Alumni, represent virtually every major, are scattered across the country and share a common commitment to improving the lives of others. President's Club members receive a pin and are invited to a special brunch during Homecoming Weekend.

(P will appear after donor name)

\*President's Club recognition is based on annual giving to UMaine for the period of July 1, 2015–June 30, 2016.

## The Triple Crown of Support

This report includes the names of alumni and friends who are truly shaping the future of the University of Maine as members of the Stillwater Society, Charles F. Allen Legacy Society and President's Club. The Triple Crown is a realistic goal for many donors who make philanthropy a priority, plan ahead and thoughtfully consider the many ways of giving. There is no ideal way to make a gift; the timing and nature of your gifts will depend on your unique circumstances. We encourage you to work closely with your legal and financial advisers, as well as our fundraising professionals, to determine a path that is mutually beneficial for you, your loved ones and the University of Maine.

(Crown will appear after donor name)

## The Loyal M Society

recognizes UMaine's most faithful philanthropists. Membership is open to donors who have made gifts to benefit UMaine over at least two consecutive fiscal years, regardless of the gift amount, type or purpose. Recurring monthly gifts, set up with a credit card or electronic fund transfer from a checking account, are a convenient way to secure ongoing membership in the Loyal M Society. Membership is noted with the years of consecutive support in parentheses, e.g., (15) denotes that a donor has made gifts to UMaine for 15 consecutive years, including FY16.

( ) consecutive years of support after donor name (Actual years of consecutive giving may be greater; the count extends back to when the Office of University Development transitioned from paper records to a fundraising database.)

## Kepware Technologies Partnership Benefits UMaine Electrical and Computer Engineering

***In recent years, corporate partners have chosen to invest in the College of Engineering by creating endowed funds to renovate, equip, and maintain state-of-the-art laboratories.***

The most recent of these endowed funds, held by the University of Maine Foundation, resulted in the Kepware Digital Systems and Robotics Laboratory. Located in Barrows Hall, the laboratory provides hardware and software

**“The Kepware Lab endowment represents our commitment to the university and to the students who deserve access to state-of-the-art working environments.”**

***Tony Paine '96***

development tools that enable electrical and computer engineering students to actively design and interface with real-world devices. In addition, Kepware has invested in scholarships and internships for UMaine electrical and computer engineering students, and donated software to the college.

The Kepware Digital Systems & Robotics Laboratory, and similar investments in learning environments, fosters an atmosphere of excellence that is important to recruiting top engineering students in and beyond Maine. “This laboratory demonstrates Kepware’s commitment to educating the next generation of engineers and to the state of Maine,” notes Dana Humphrey, UMaine Dean of Engineering. “In this lab,

students will put automation design into practice—a critical part of an electrical and computer engineer’s education. We are very grateful for this partnership with Kepware.” Humphrey adds, “We’re also proud that Kepware Platform President Tony Paine ‘96 is a graduate of our Electrical and Computer Engineering Department and serves on the College of Engineering’s Advisory Board.”

“UMaine’s College of Engineering continues to excel at preparing students for their engineering careers,” says Paine. “As a company that has benefited from recruiting some of its best employees from this talent pool, Kepware continues to invest and give back to this program.” “At Kepware, we believe that a vibrant, transparent and functional work space inspires forward-thinking, curious, creative and engaged employees,” said Brett Austin, Kepware Senior Vice President. “The new lab at Barrows Hall is a reflection of the beautiful work space and culture Kepware has built in Portland. We’re honored that UMaine has allowed us to share this vision with its students—and grateful to have an innovative university in Maine that recognizes the impact of design on student’s ability to learn and collaborate with one another.”

Tony Paine and his wife, Cindy, have also made provisions for a generous estate gift to benefit the UMaine College of Engineering and its Department of Electrical and Computer Engineering. Two flexible “excellence funds” will help meet needs related to undergraduate and graduate education, research, travel, laboratory equipment, publications, capstone experiences, and more.

**\*FY2016/Deceased**

**The Honorable  
Darryl N. Brown '66, '69G**

Sadly we announce the passing of our Board Treasurer, the Honorable Darryl N. Brown '66, '69G. Darryl was an outstanding leader who knew the important role philanthropy has in the future of the University of Maine. He was a vocal advocate for UMaine and the value and opportunities it offers our state and Maine residents. Darryl was a dedicated and effective board leader, one widely admired throughout the area.

Darryl served the Foundation and the University in many capacities over the years, and was the only Foundation Board chair to serve three times: 1998-1999, 2008-2009 and 2012-2013. He was the Foundation Board's treasurer at the time of his passing, and had previously served as its secretary.

Gifts from many friends, colleagues and family members were made in Darryl's memory to the Darryl and Penny Brown Scholarship held at the University of Maine Foundation.

We are always ready  
to listen to you  
in order to plan the gift  
that meets your specific  
philanthropic goals.
