Which session(s) did you enjoy the most, or benefit from the most, and why?

Were any sessions disappointing to you? Which and why?

What topics or information would you like to see covered at future Data User Conferences?

Lunch - Did you attend a lunch discussion forum (poverty, crime/criminal justice, LUCA, 2020 Census partnerships)? Which one and what thoughts/opinions did you have on it or spending lunchtime in a group discussion?

How beneficial is networking and meeting other professionals at the conference? What ideas do you have that could increase or improve networking opportunities?

About how many miles did you travel to attend today's conference? _____ From 1 (very low) to 10 (very high), how likely would you be to use a webcast option if it was offered, to view select sessions (one per time slot) of the conference remotely, rather than attending in person? _____

What two or three things did you like about this year's Data Users Conference?

What two or three things would you like to see changed for next year? How would you change them?

Please list other suggestions or comments (good and bad) on anything, but examples might be food, materials, facilities, timing, schedule, cost, the registration process, etc. **THANK YOU!!**
