Yeltsin Receives Vote Of Confidence

BY MARK LEISER
Of The Grizzly

Voters across Russia gave a firm vote of confidence to President Boris Yeltsin in the highly-anticipated referendum on the country's future.

Russians turned out in large numbers and rallied behind Yeltsin. At the same time, they demanded new elections to the Congress of People's Deputies, which in the past has caused problems for Yeltsin's economic proposals and nearly ousted him from office last month.

The first question of the referendum, dealing with confidence in the President, showed 60 percent of the voters in favor of Mr. Yeltsin. Question #2

on the ballot showed 55 percent of the Russian public in favor of his present economic program.

After the votes were tallied, opponents of Mr. Yeltsin moved quickly to discredit the results. They talked of the minority saying there can be no talk of "overall support" and those that voted against the referendum are also Russian citizens.

Two days after the referendum, Yeltsin called regional leaders to Moscow to receive a draft of a new constitution that would strengthen the presidency. Yeltsin asked the 88 regional leaders to each name two representatives to a constituent assembly. This assembly would aid in the writing of the new constitution that would be along the lines of the present French system.

Snakes, Crocs, and Turtles... Reptile World Comes To Ursinus

BY TYREE KOZLOWSKI
Of The Grizzly

Last week, Wismer Lower Lounge was host to some very unusual guests; among them a snapping turtle, a crocodile, and several poisonous snakes. Welcome to Reptile World!

Sponsored by CAB, Reptile World was an informative, hands-on lecture starring some of the most exotic reptiles found outside of a zoo.

The lecturer was Bruce Schwedick, a reptile expert from Maryland, who gave an informative lecture on his scaly friends.

Throughout the presentation, Schwedick helped dispel many of the popular myths about reptiles. In most instances, the worst enemy these animals have is man. Food for thought considering most people are deathly afraid of these reptiles.

Schwedick started the lecture with a very angry and weak-bladdered (you had to be there) snapping turtle. He then proceeded to bring out an iguana as well as a young alligator and crocodile. Pretty interesting, right?

If that wasn't enough, he also had several poisonous snakes, among them a copperhead as well as two rattlesnakes. By far the most interesting and active of his snakes

was a six-foot Egyptian cobra. The cobra came complete with wicker basket and the broad head, conjuring up images of Indian snake charmers.

The lecture ended with Alpha, a 14 foot-440 pound Burmese python. We were informed that when fully grown, Alpha may be 25 feet long and weigh 300 pounds!

After the lecture, Schwedick encouraged students to come up to the table and get a closer look at this huge constrictor. He was also more than happy to answer any and all questions about reptiles.

Reptile World was an entertaining and informative lecture, and Ursinus hopes to have him back soon.

Bernie Bernie Headflap Plays Wismer Lower Lounge

BY MATT CORDES
Special to The Grizzly

Front man Alan McCabe shaded in a few minutes late, sipping a Pepsi while his bandmates gave the sound rig a final once-over and worked out their pre-gig jitters to the Chili Peppers. McCabe had a few words with drummer Chris Wirtalla, and Bernie Bernie Headflap was ready to take the stage for their gratis show in the lower lounge last Tuesday night.

The opening tune, Annihilation, found the groove early and stuck there in true Pixies fashion. McCabe's choppy (on purpose) vocals growled over Wirtalla and bassist Jim "Moses" Crowder's solid rhythm work, while guitarist Matt Hicks strummed the hell out of a handful of minor triads.

The band didn't seem to care when Moses's E string came

unwound midway through the first chorus; each member was immersed in his respective part. Bernie Bernie Headflap had arrived.

Taking every chance they could to plug their newly-recorded collection of originals, Demo on Wheat, the 'Flap also encouraged interested parties to pick up one of their T-shirts: "\$8.00 for the good ones, \$6.00 for the ones we ----ed up," McCabe promised.

As soon as Moses had "replaced" his E string, Bernie Bernie Headflap plunged back into their set list, offering up such hook-laden tunes as "A Different Song" and "Caramia", while random video footage of penguins, saltshakers, The Beastie Boys and Barbara Bush kept the audience amused. Rather than rip off their favorite bands, Bernie Bernie Headflap prefers to play originals: songs with chunky-chorded riffs and rhythm parts you

could build a house on.

"Chris is a really excellent drummer," said sophomore Toby Blanck. Indeed, Wirtalla--one of the hardest-working drummers on campus--beat his Tamas mercilessly and even did vocal work on some of the songs.

Freshman Jim Shoemaker tweaked the knobs on the soundboard.

"Shoemaker was really instrumental," Hicks said. "This was the second time we've worked with him, and things are really starting to mesh."

Hicks, a competent soundman himself, summed up the show with a chuckle and added, "We weren't loud enough."

Anyone interested in picking up a copy of *Demo on Wheat* should contact Alan McCabe in Sprankle Hall.

\$10,000 Scholarship Awarded to Ursinus Sophomore

BY HARLEY DAVID RUBIN
Sports Editor

Jennifer "Skye" Laidlaw, a sophomore chemistry major at Ursinus, has won a \$10,000 scholarship from the St. Andrew's Society of Philadelphia to spend her junior year at the University of Glasgow.

Laidlaw, from North Plainfield, N.J., is the 18th student from Ursinus to win a St. Andrew's scholarship, and the first Ursinus woman ever to win the honor. She is one of only five students from the Philadelphia area who will be spending the 1993-94 academic year in Scotland on St. Andrew's Society grants, and the first ever to attend the University of Glasgow under the program. Additionally, she is the third member of her family to study at the University of Glasgow.

Students considered for St. Andrew's Scholarships must be juniors in the year they receive the grants, be "held in high regard by their peers," have high grade point averages and be active in extra-curricular activities.

When asked about spending the year abroad, Laidlaw said "it's going to be a wonderful experience. I'm a little nervous, because there will be 13,000 students. But I hope to represent Ursinus very well."

At Ursinus, Laidlaw ("Skye" to her many friends) is a member of the women's track and field team, for which she is a weight thrower (shot put and discus) and runs hurdles and the 4 x 100. In 1991-92, she was named the team's most valuable player. She also is a member of the Brownback-Anders Pre-Medical Society and the Beardwood Chemical Society.

Global Perspectives

BY MARK LEISER
Of The Grizzly

International

--Western Europe continued their hesitation over the Balkan war as they backed off from supporting a proposal to approve air strikes against Serbs in Bosnia and Herzegovina. They felt that only air strikes against select targets would put pressure on the Serbs to halt their offensive against Muslims in the former Yugoslav republic.

--The peace talks in the Middle East have resumed, with the United States urging negotiators to focus on substance. Secretary of State Warren Christopher held meetings last week with Arab and Israeli negotiators asking them to set aside procedural discussions and get to the heart of their 46-year dispute.

--In an effort to help pay for fire damage at Windsor Castle, the Queen has announced the opening of Buckingham Palace to tourists. The public will be charged \$12.50 apiece to tour her state apartments and art gallery.

National

--Hundreds of thousands of gay and lesbian Americans and their supporters rallied in Washington D.C. last week in a continuing effort to free themselves from discrimination. Several speakers, including Massachusetts Senator Edward Kennedy, compared the rally to the 1963 civil rights march on Washington.

--The sparring between President Bill Clinton and former candidate H. Ross Perot is continuing. Just days before Clinton paid a visit to the United States Naval Academy in Annapolis, officials ordered the removal of two pictures of Perot from an alumni display. Clinton accused Perot of "rumor mongering," but continually states that he does not want to start arguments.

Local

--Benjamin Terry, convicted of the 1979 beating death of a Graterford State Prison guard, can now be put to death, according to Montgomery County District Attorney Michael Marino. Mr. Marino has sent a letter to Governor Robert P. Casey advising that the state Supreme Court refused to hear Terry's final appeal on February 22.

Roving Reporter

BY AUDRA BOETTCHER & DENISE MORETZ
Of The Grizzly

Seniors, What's your best memory at Ursinus?

Beth Buckenmeyer - My 20th birthday party when everyone brought Andrea and I alcohol and we were sick by 11 p.m. and passed out by 11:15 p.m. My fondest memories are also the friends that I've made...They're the best - roar!

Brent Baldasare - As I ponder on my most memorable moments at Ursinus, the thought of watching through the window as my roommate hooked up comes to mind.

Lindsey Heiser - The most memorable memory is one that I've already forgotten. Long live the Ursinus tradition of Milwaukee's Beast!

Jodi Fosbenner - Last Saturday, playing behind Reimert with all sorts of people; having a shaving cream fight, playing pinnacle, throwing shoes, drinking beer...that's what college is all about.

Steve Eck - I don't remember - the first three years were a blur.

Kelly Savage - My fondest memory was freshman year coming back from a rush party and tripping over a large cement block, and proceeding to laugh hysterically for over half an hour. I wasn't able to escape and took most of the skin off of my knee leaving me with a large scar which I'll always remember the experience by.

Jen O'Connor - 200's window games and pushing Kelly into the cement block.

Paul Madson / Pete Staz - Freshman year, watching Blair Zartman thoroughly enjoy his first roommate up at 942 - Michael (Mickie the Pickle). And yes, we think they did "hook up."

Amy Bollenbacher - My fondest memories at Ursinus were freshman year living in Clamer. My friends waited on top of the roof for me and when I walked up the path they all bombarded me with water balloons. Then there were the shaving cream fights and cod liver oil on toothbrushes; turning the power box off; and losing my RA's paper; dancing on the roof and getting called in by security; the stripper for my birthday; and stealing Laurie's towel when she was in the shower.

Lynn Cunnane - Watching Meg Wade walk naked through 308.

Don Carter - The party after I finished pledging.

Betsy Laskowski - My best memory is hanging out with the basketball team over Christmas break these four years.

Sherrod Jones - My suncatcher.

Colette/Tanya - My best memory is breaking into President Richter's office and stealing his BVD's.

1992-93 Grizzly Staff

I aligned myself with *The Grizzly* in the hopes of meeting the best that Ursinus, as an upper-echelon educational institution, had to offer. I was not disappointed. In my life, I have met few individuals who [sic?] I would be glad to call my friends and teammates. I am proud to include you. To all of you swell cats--Thank You. Please understand how important your contributions have been--both to me and to the campus. If there is any question in your mind, let me assure you--we have done a good thing here. Let's be proud.

Sincerely and With Pride,

Thomas R. Wilusz

GOOD LUCK!!

U.S.G.A. Minutes

The meeting was called to order by President Janene Paist ('94) at 7:30 p.m. in the U.S.G.A. office located on the ground floor of Wismer Center.

Treasurer Eric James ('94) reported the U.S.G.A.'s balance is \$2219.41. The U.S.G.A. will use some of that money to buy a DeskJet printer and a software program to make flyers. All activity groups will be allowed to use these items for their announcements. He also reported that at a meeting of A.F.A.C., the Activities Fee Allocation Committee, U.S.G.A. was allocated \$1200.00 for next year.

Treasurer James, a member of A.F.A.C., also gave their financial report. Their balance stands at \$5246.00. (Their pool for the 1992-93 academic year was \$118,175 - the total amount of total activity fees paid by all students). Money is available from A.F.A.C. to any group on campus with a constitution recognized by U.S.G.A. The group must also have a faculty adviser. Groups may ask for money by submitting a request to the committee. Money remaining at the end of the year may be used to buy a new Stairmaster for the fitness room or pay for equipment repair costs for WVOU, the campus radio station. A.F.A.C. meets in Wismer 103 every Wednesday at noon. Anyone interested in requesting money or just observing are welcome to attend.

Next, the U.S.G.A. reviewed a constitution for a new club called the Xenophile Society. The club is for people who are interested in science fiction/fantasy literature. The club will organize so that people interested in this genre can discuss works, share and borrow books, make suggestions for the Myrin Library collection, and sponsor related events such as on-campus events and trips. Pending a spelling correction and revision of Article III, part one, which relates to membership of non-campus members, President Paist asked the U.S.G.A. members for a motion to pass their constitution. Kate Polgar ('96) made a motion to pass the club, and Jenn Helverson ('96) seconded the notion. Treasurer James abstained from the vote since he proposed the group. The group was passed with a 9-0 hand vote.

The next topic discussed was the U.S.G.A. initiated leadership award to be called the Teresa L. Urban Leadership Award. It will be an annual award given to the senior who has exemplified the greatest leadership in the eyes of his/her classmates. The seniors would nominate their choices and a panel of juniors would help decide on a finalist. It was proposed that the winner be given an award valued at 1% of tuition for that year. A book relating to the student's major plus a monetary award (award+book=1% of tuition) will be the prize. This would be the first award given to students by students. There has been progress made to have the award recognized by the Award Committee and have it included in the Commencement programs (which in the past have only included endowments.)

On Monday, May 10th, during exams, the U.S.G.A. will sponsor Exam snacks in the Wismer cafeteria from 9pm-10pm. The exam snacks will be extra fun because they will be SERVED BY FACULTY AND STAFF! Everyone is invited to attend and members of U.S.G.A. are asked to help out in cleaning up (it will take about 15 minutes).

Members discussed Disability Awareness Week. Due to the end of the year "madness and mayhem" that everyone experiences come April, the awareness week did not take off as well as anticipated. Improvements are being planned

for next year. One purpose of Disability Awareness Week is to promote interest in volunteering for Medieval Fest, a wonderful annual Ursinus event for handicapped individuals.

Next discussed was the U.S.G.A. newsletter. The association wants EVERYONE to know what's going on on campus, both for business and pleasure. The Ursinus Student Government Association is the perfect way to get involved. If anything, the group wants to make sure everyone is more aware of what's going on so that the group functions better as a whole. Starting now, the minutes will be printed in the Grizzly and in a new publication, the U.S.G.A. newsletter. Keep your eyes open for it and feel free to at any time discuss concerns with the members in attendance or the executive board.

Class council members for the classes of 1994, 1995, and 1996 were in attendance. No specific business was announced but there was discussion of increasing the influence of class councils by adding "class representatives" for the classes of '94 and '95. There will be elections for class reps next year on Wednesday, September 22, 1993. This will also serve as the date for Freshman Class elections. President Paist brought to the attention of class officers the need for updated constitutions. Brian Riordan, President of the Class of '95 recommended that class councils also outline some goals for their respective classes. A suggestion was also made to consider a "class fee."

The U.S.G.A. Book Sale will be held on the first two days of classes next semester. It is a great way to maximize your payback on the books for which we all pay so much. Resist the temptation to sell them back for measly change this semester. Hold on to them and sell them next year. The sale will be held in the Parent's Lounge. You can name your prices and you can buy books for less than the Book Store sell them. If they do not sell, you can still take them to the Book Store and get a reimbursement there.

At 8:10 pm, President Paist asked people who were interested in looking at the Wismer renovation plans to stay. The plans are incredible. Plans include changing the cafeteria into a modernized dining room much like the ones at Lafayette and Muhlenberg colleges. There are plans for a 24 hr. student union, a convenience store, a bookstore (like the ones at other colleges) in the building, an off-hours restaurant, a mail center, a commuter's lounge, and student activities offices. These plans will begin to take effect in phases as early as next summer. It is a 6 million dollar project and so far the school has received 3 million in endowments to do the job. It will be an exciting change. EVERYONE IS INVITED TO LOOK AT THE PLANS AND GIVE THEIR INPUT.

ATTENDANCE FOR THIS MEETING: Eric James, Alina Morawski, Janene Paist, John Correll, Lauren Jeffris, Jenn Helverson, Jen Stone, Kate Polgar, Robin Baker, Vic Gil, Brian Riordan and Sue Koester.

President Paist adjourned the meeting at 9:05 pm.

Respectfully submitted,

Alina Morawski ('95)
Recording Secretary

Olin
Auditorium,
TODAY, May 4.

Student Art Awards Given

To the editor:

The Annual Student Exhibition 1993 is currently on display in the Upper Gallery of the Berman Museum of Art. This year's installation is one of the finest we have had and I encourage the campus community to take some time to view the terrific accomplishments of our student artists. The exhibition will be on view through May 5. (TOMORROW)

At the opening reception on

Tuesday April 20 several awards were presented. I take this opportunity to announce these awards and extend our congratulations to all of the artists who contributed their work to this exhibition.

The awards are:

Popular Choice (voted by those attending the opening): Steve

The Grizzly

Jen Diamond - EDITOR IN CHIEF

Erika Compton - NEWS EDITOR

Melissa Chido - ASSISTANT NEWS EDITOR

Tom Epler - OPINIONS EDITOR

Harley David Rubin - SPORTS EDITOR

Tom Mastrangelo - ASSISTANT SPORTS EDITOR

Rebecca Heyl - STAFF PHOTOGRAPHER

Gar Donecker - TYPIST

Mrs. Jane Agostinelli - FACULTY ADVISER

STAFF MEMBERS:

Mark Leiser, Robin Loiacono, Audra Boettcher, Denise Moretz
