# All Our Children

Premiers Wednesday, January 16  
at 8:00 pm on PBS

*America's youth in crisis and the people trying to help them, with Bill Moyers.*

America's ability to compete in the world is compromised. As many as 800,000 students a year drop out, fail to graduate, or finish school unprepared for further education. They face lives of alienation, dependency, and squandered potential.

In a powerful 90 minute documentary, Bill Moyers probes this national tragedy and examines what's being done to stem the tide.

*Michelle left home at 13, married at 14, and dropped out of school at 15. Jake has spent most of his teenage life in foster homes. He joined a satanic cult because he thought no one else would accept him. Marsha's parents brought her to Massachusetts from Jamaica and then left her to virtually fend for herself.*

*This is a special opportunity to see how all Americans can make a difference.*

*A General Motors Mark of Excellence Presentation.*

*Check local listings for time and PBS channel.*
